MEDICAL LABORATORY TECHNOLOGY
Information Sheet

Entry into the Medical Laboratory Technology program (MLT) will be determined on a first come, first served basis. When the application process is complete, the student will receive an acceptance letter with their start date. Some courses may be taken ahead of the start date and some may transfer in if the course objectives have been met. For questions regarding the MLT program, please contact Janis Bible, Program Chair at 402-437-2760 or jbible@southeast.edu

The following must be completed prior to acceptance into the Medical Laboratory Technology program:

1. Application for admission to the Medical Laboratory Technology program.
2. High School/GED transcripts and College transcripts (if applicable)
3. Placement test of math, reading and writing (COMPASS, ACT, SAT or ASSET)

Special Program Requirements:

1. A completed Health Statement will be required of each student in this program. The program will request this from you.

2. A 2-Step Tuberculosis skin test/s and/or a chest x-ray are required prior to Clinical Education I. Flu immunization may be required.

3. A criminal background check (CBC)will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of $45 will be assessed for this CBC.

4. Minimum cumulative GPA of 2.5 is required to graduate from the program.

5. A minimum grade of C+ (75%) or higher is required in all MEDT courses in order to progress in the program. MEDT technical education courses must be taken in sequence and only by students admitted to the MLT Program or with permission by the Program Chair.

6. A current American Heart Association Healthcare Provider CPR card (contact Program Chair for specific requirements) prior to Clinical Education I.

7. Students may be requested by clinical affiliates to submit to and pass drug testing and/or fingerprinting. The student is responsible for the cost associated with drug testing and/or fingerprinting.

Advanced Placement:

Students with previous college credit may apply for advanced placement pending evaluation of transcripts and availability of class space. Contact Janis Bible regarding Advanced Placement.

General Education courses may be taken at SCC or at any accredited college or university and must meet SCC requirements for course transfer. If you have taken ANY of the required courses at another college, you must submit an official copy of your transcript. The transcript should be sent to SCC-Admissions Office, 8800 O St, Lincoln, NE 68520.

MEDICAL LABORATORY TECHNOLOGY
Information Sheet

COURSE	Course Number	Quarter Credits	GRADE	Quarter & Year Taken/to be taken
FIRST QUARTER (Summer)				
Survey of Chemistry & Lab*	MEDT1424/1425	4.0		
General Biology & Lab	BIOS1010/1010L	6.0		
College Algebra (or higher math)	MATH1150	4.5		
Medical Laboratory Procedures & Lab	MEDT1101	2.5		
Computer Elective*		1.5-4.5		
SECOND QUARTER (Fall)				
Medical Microbiology I & Lab	MEDT1213/1213L	4.0		
Composition I	ENGL1010	4.5		
Analytical Chemistry for Technicians I & Lab	MEDT1121/1131	4.5		
Procedures in Phlebotomy	MEDT1100	3.0		
Medical Laboratory Measurements	MEDT1201	2.0		
THIRD QUARTER (Winter)				
Human Physiology & Lab	BIOS2130/2130L	6.0		
Medical Microbiology II & Lab	MEDT1313/1313L	4.0		
Hematology I & Lab	MEDT1332/1332L	4.0		
FOURTH QUARTER (Spring)				
Instrumental Analytical Chemistry & Lab	MEDT2125/2135	4.0		
Medical Microbiology III & Lab	MEDT1413/1413L	4.0		
Hematology II & Lab	MEDT1432/1432L	4.0		
Communications/Speech Course*		4.5		
FIFTH QUARTER (Summer)				
Urinalysis & Lab	MEDT2512/2512L	2.0		
Immunohematology I & Lab	MEDT2532/2532L	2.0		
Medical Laboratory Chemistry I & Labs	MEDT2552/2552L	4.5		
Immunology	MEDT2561	2.0		
Hemostasis	MEDT2581	1.0		
Immunology & Hemostasis Lab	MEDT2582	2.0		
SIXTH QUARTER (Fall)				
Immunohematology II & Lab	MEDT2632/2632L	2.0		
Medical Laboratory Chemistry II & Lab	MEDT2652/2652L	4.5		
Preclinical Orientation I	MEDT2681	2.5		
Clinical Education I	MEDT2690	2.0		
Social Science Elective*		4.5		
SEVENTH QUARTER (Winter)				
Clinical Education II	MEDT2701	10.0		
Seminar I	MEDT2702	2.0		
Preclinical Orientation II	MEDT2703	4.0		
EIGHT QUARTER (Spring)				
Clinical Education III	MEDT2801	10.0		
Seminar II	MEDT2802	2.0		

**See next page for a list of alternate course options*

***Alternate course options:**

Course	Alternate course options
Survey of Chemistry and Lab	General Chemistry I w/ Lab (CHEM1090)
Computer Elective	Computer Literacy (INFO1010) **or** Microsoft Windows and Office Suite (INFO1117) **or** Microsoft Word & PowerPoint (INFO1121) **or** Microsoft Excel (INFO1131) **or** Computer Fundamentals (INFO1151) **or** Microsoft Access (INFO1211) **or** Microsoft Applications (BSAD1010)
Oral Communications Elective	Fundamentals of Human Communication (SPCH1090) **or** Public Speaking (SPCH1110) **or** Business & Professional Communication (SPCH2810)
Social Science Elective	Interpersonal Relations (PSYC1250) **or** Intro to Sociology (SOCI1010) **or** Introduction to Psychology (PSYC1810) **or** Diversity in Society (SOCI1020)
