QUARTERLY NEWSLETTER FROM THE DUAL CREDIT TEAM

SENCAP Reaches 100% Participation in 15-County Region

The Southeast Nebraska Career Academy Partnership has 100% participation of high schools (public and private) in Southeast Community College's 15-county service area. College View Academy signed a Memorandum of Understanding in July, becoming the last school in the area to partner with SENCAP.

"We are beyond excited to have 100% participation in SENCAP in the 15-country area," said Dr. Brian Stark, associate dean of dual credit. "It is great that all public and private schools want to participate to support their high school students' goal of obtaining dual credit in high school to advance their college opportunities and get them a jump start in their workforce or future academic endeavors."

"We have an amazing SENCAP team delivering quality service to our school partners regularly, which helps us stand out from other dual-credit partners," Stark said. "Without this team, we could not be as successful as we are."

Team Member Spotlight

Adam Niederklein

Adam completed his 10th year as an SCC employee and after working as a coordinator for 20+ schools over that period, he recently became a SENCAP Facilitator. He has always enjoyed designing and implementing the curriculum for the SENCAP portfolio, which is now his main focus. Reflecting over the last decade, he feels gratitude for the opportunity to develop relationships with so many amazing people, including colleagues, students, and contacts at many of the high schools in SCC's 15-county service area.

Outside of work, he stays in shape by running in Lincoln's two half-marathons, captaining a Market-to-Market relay team, and attempting to keep up with his wife and two kids, Jameson (3) and Kate (2). He is looking forward to his 11th year helping students take advantage of the opportunities at SCC.
