Graduation Months of SCC Programs... inside back cover	

A message from the President

Dear Friend of Southeast Community College,

On behalf of the Board of Governors, the alumni, faculty, staff, and students of this excellent institution, I am pleased to present Southeast Community College's Graduate Employment & Transfer Report. The report includes graduation and employment statistics associated with 2014-15 graduates from all of our applied technology and transfer programs.

The report includes the total number of graduates, the number employed within the training-related field, the number continuing their education, the percent employed within Nebraska, and the average salary for SCC graduates. The graduation and employment data are captured via surveys and phone interviews conducted by SCC placement staff. For the 2014-15 graduates, 1,613 of the 1,657 graduates completed the graduate survey, yielding a response rate of 97%. The surveys are distributed just before the date of graduation. Follow-up interviews and surveys are conducted throughout the year to ensure the highest possible response rate. In addition to graduation and employment statistics, the report includes employers and transfer colleges and universities associated with each of SCC's programs. The report also includes a sampling of personal experiences of graduates and employers in relation to the impact of SCC's programs.

This report represents one of our many efforts to evaluate the success of our programs and the degree to which we are accomplishing our mission. Seventy-two percent (72%) of graduates from SCC's applied technology programs reported that they had secured employment within their training field. Ninety-two percent (92%) of these graduates reported that they were either employed or continuing their education. Eighty-one percent (81%) of graduates from SCC's Academic Transfer program reported that they were continuing their education.

SCC is committed to its mission of providing the highest quality applied technology and academic education opportunities to its 15-county service area. SCC has a long history of ensuring that employers have access to qualified graduates who have the skills needed for successful and productive employment. SCC continually seeks to align its programs with the specific needs and requirements of employers and transfer institutions. We are committed to meeting the educational needs of our students, employers and the community.

Sincerely,

Paul Illich, President, Southeast Community College

Limitations of Information

This publication should not be considered a contract between SCC and any prospective student. SCC's Board of Governors reserves the right to make changes in this publication during the life of the publication and without notice.

SCC Board of Governors

Kathy Boellstorff, Johnson; James J. Garver, Lincoln; Helen E. Griffin, Lincoln; Ruth M. Johnson, Lincoln; Dale Kruse, Beatrice; Terrence L. Kubicek, Lincoln; Steven Ottmann, Dorchester; Edward C. Price, Lincoln; Donald Reiman, Virginia; Nancy A. Seim, Lincoln; Lynn Schluckebier, Seward; Pat Galtz, Faculty Representative, Lincoln (July 22, 2015)

Equal Opportunity/NonDiscrimination Policy

It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu.

Declaración de política sobre equidad/antidiscriminación

La política pública de Southeast Community College es de proveer equidad, y prohíbe discriminación, en todos asuntos referentes a la admisión, participación, y empleo contra toda persona por motivo de raza, color, religión, sexo, edad, estado civil, origen nacional, etnia, condición de veterano, orientación sexual, incapacidad, u otros factores prohibidos por ley o política del Colegio. Preguntas relacionadas a la política sobre equidad/antidiscriminación de Southeast Community College deben dirigirse a: Vice President for Access/Equity/Diversity, SCC Area Office, 301 S 68 Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, o jsoto@southeast.edu.

The SCC Mission...

The mission of Southeast Community College is to empower and transform its students and the diverse communities it serves. The College provides accessible, dynamic, and responsive pathways to career and technical, academic transfer, and continuing education programs. Student success and completion is maximized through collegiate excellence, exemplary instruction, comprehensive student support services, enrichment programs, and student-centered processes. SCC is committed to a proactive and evidence-based approach that continually assesses and responds to student, community, and employer demand for higher education.

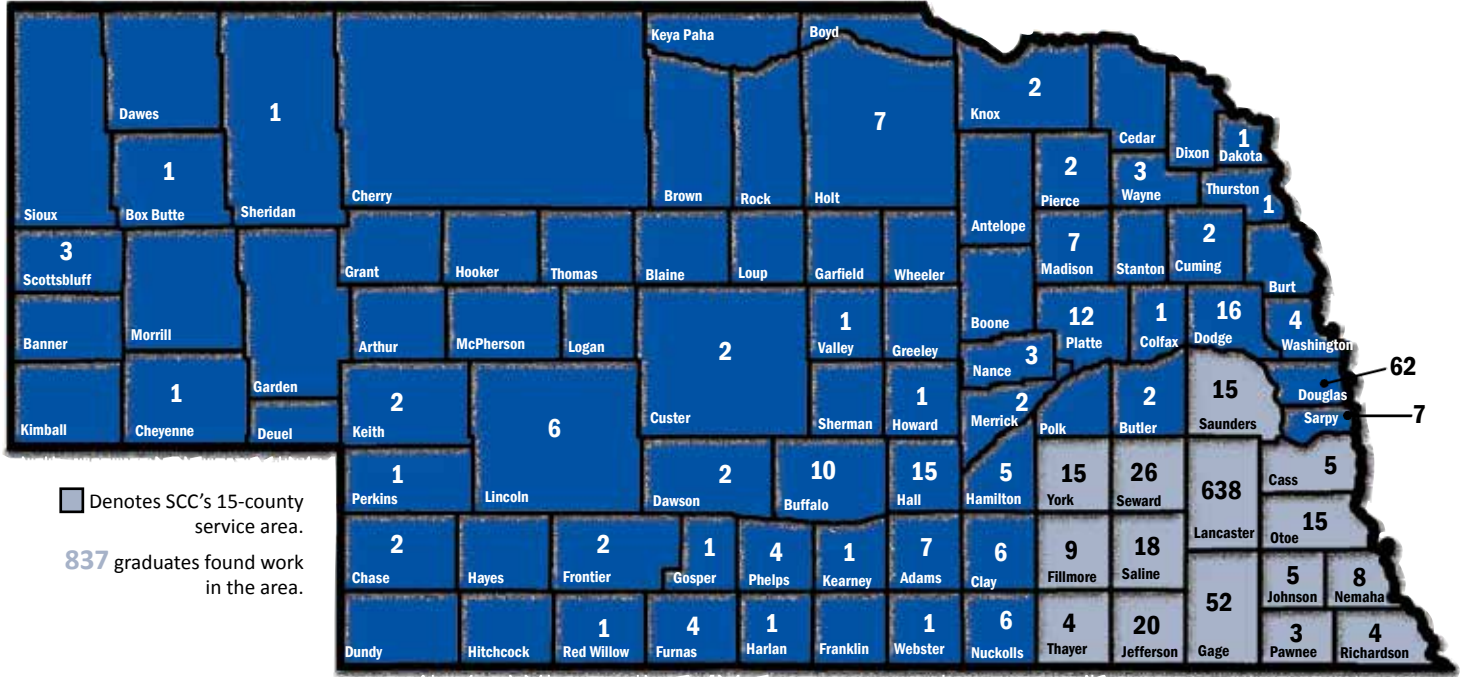

Core Values

Southeast Community College adheres to a set of core values that drive the decisions and actions of the institution.

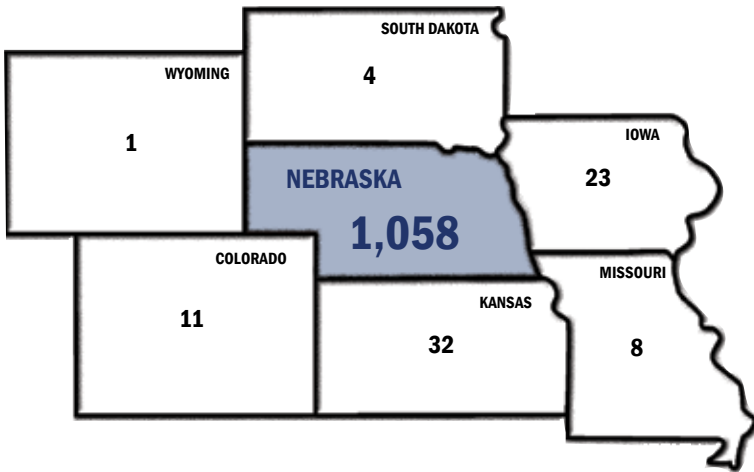

1. Excellence – Commitment to the highest level of performance in all facets of the College's programs, services, and operations through effective investment and support of all assets.
2. Integrity – Continuous pursuit of fulfillment of mission and goals through transparency and ethical practices in all College operations.
3. Innovation – Commitment to inquiry and the respectful challenging of assumptions to promote creativity, alternative points of view, and opportunities for ongoing discovery.
4. Inclusion – Promotion of opportunities and advancement for a diverse and dynamic student, faculty/staff, and community population through the creation of a positive, compassionate, and reflective culture.
5. Stewardship and Accountability – Commitment to investment in appropriate resources in fulfillment of College's mission and goals and reliance on responsible management of human, physical, and financial resources.

“The instructors at SCC did a great job providing me with the correct initial training I needed for my industry. They do a great job keeping up-to-date with the latest in repair technology for an always-changing field. Being able to have SCC on my resume for my education was a definite plus for me in advancing in my chosen career field. SCC has a great reputation for putting qualified individuals into the work place who will be great assets to any company.”

What Employers Say About SCC Graduates

"I am proud of where I came from and do take the opportunity to express my appreciation of the school, the EM program, and the staff. Any institution is a result of its people, and the instructors in EL/EM are an example of this."

This year 3M Valley was rated the #1 3M plant in the world (we have over 200+ locations worldwide.) Valley is known for its strong maintenance support personnel, with the majority being SCC graduates. I'm very proud of our maintenance technicians and the daily impact they have on our operations. Keep up the good work. We do see the results!"

"My experience at SCC was more than an education, it was an enhancement. In addition to learning about energy generation and distribution, I also gained knowledge about processes and systems that are found in many other industries. This has given me a diverse background of understanding that can be readily tailored to meet the local training requirements of potential employers for not only operator positions, but some other technical fields as well. While I was going to school, I was serving in the Nebraska Air National Guard as an Aerospace Ground Equipment Mechanic, and it was amazing how much I could apply what I was learning at SCC to my career field."

Eric Miksch

“Just ask anybody in the manufacturing world, it is practically impossible for any college to teach you absolutely everything there is to know about today’s modern manufacturing. What’s great about SCC is that they actually know this. They design their programs to give you a wide variety of the basics and the core practices that you need to know. SCC also gives you the tools and the goal-setting skills to become successful after college.

As students graduate and leave SCC, they’re ready to hit the ground running, and because of the way SCC designed its programs, these students know just enough to be dangerous in our industry. There is not one day that goes by where I don’t learn something new. As long as you’re willing to learn and better yourself, you will be able to build a tower of knowledge on that strong foundation that SCC helped you build.”

What Employers Say About SCC Graduates

“At Parker Hannifin in Fort Worth, TX, we have hired SCC graduates from the NDT program for more than 10 years. We hire SCC graduates because we know that the training they have received at SCC exceeds most other NDT training programs. The instructors are very knowledgeable in the various NDT methods, the equipment used for training is top of the line and up-to-date with the latest technology. We look forward to many more years of a successful partnership with SCC.”

“SCC has been instrumental in my start to a great nursing career. I’ve taken all of my general education there. I have experienced faculty at both the Lincoln and Beatrice campuses, and they’ve all been fantastic. I got the sense that all faculty were working together to better each and every student. That fostered my growth as a student and kept me moving forward from quarter to quarter. It helped me to feel a part of something, which is pretty cool. The nursing program here is on par with the most prestigious nursing programs in the state and at a much lower price. I recommend SCC to anyone looking to better themselves and gain skills to start down a rewarding career path.”

What Employers Say About SCC Graduates

“As a graduate from SCC in 1991 from the PN program, I feel I received an excellent education and the skill set needed to begin my nursing career. Now that I am Director of Acute Services at Beatrice Community Hospital and involved in recruiting, interviewing and hiring nurses who, I absolutely look to hire LPNs from SCC, knowing that the curriculum and clinical experience they receive is excellent. The nurses that graduate from SCC are well prepared and ready to become part of the healthcare team. I appreciate my time at SCC in the nursing program and the relationships I developed with the instructors and fellow students and found it to be an invaluable experience for where my future has taken me.”

Tammy Baumann, Director of Acute Services, Beatrice Community Hospital and Health Center, Beatrice, NE
