

# Institutional Learning Outcomes

---

As a result of their learning experiences at Southeast Community College, students will be able to demonstrate:

## Career & Professional Readiness

Students will develop the skills needed for today's workforce and beyond: technical expertise and knowledge, information literacy skills, a commitment to standards of professionalism, and a dedication to lifelong learning.

## Innovative & Critical Thinking

Students will think critically to evaluate problems from multiple perspectives, seeking informed, fair-minded and well-reasoned solutions.

## Effective Communication

Students will utilize effective strategies for listening, speaking, reading, writing, and other forms of communication.

## Community Engagement & Social Responsibility

Students will participate in an active and ethical civic life; cultivating inclusivity and engaging respectfully with others in our diverse, global society.

## Wellness & Resiliency

SCC students will pursue a path of personal growth, strengthening compassion and emotional intelligence skills for healthy relationships and resiliency.
