

HORTICULTURE

Wild Plants of the Prairie

Explore fact, fiction and folklore. Discover prairie plants and the stories behind them. This presentation allows you to take a guided walk through the prairie across the seasons without leaving your seat.

Box lunch will be provided.

Course Number: LLLX-0762		Tuition: \$25				
Sec	Start	End	Day	Time	Room	Inst
CEUA	July 20	July 20	T	11 am-1 pm	CEC,401	Kottas

Go Native (Landscaping)

Go native in your landscape! Whether you prefer formal or informal design, native plants can enhance your landscape, attract butterflies and birds and provide beauty and interest all year long. Learn which plants to use, where to find them and get design ideas for fall planting.

Kay Kottas from Prairie Legacy is the instructor for this class.

Course Number: LLLX-0761		Tuition: \$19				
Sec	Start	End	Day	Time	Room	Inst
CEUA	July 27	July 27	T	6:30-8:30 pm	CEC,403	Kottas

DIY Landscape Care

Don't let your landscape escape. Now is the time to take control. What you learn this summer and do this fall will make your landscape care a breeze next year. In two hours discover what you need to know to care for your home landscape from perennials to shrubs, small tree and turf, pruning, fertilizing and mulching. Students will leave with a lawn care calendar (conventional and organic) specific to their turf type.

Kay Kottas from Prairie Legacy is the instructor for this class.

Sec	Start	End	Day	Time	Room	Inst
OCUA	Aug 7	Aug 7	S	9 am-Noon	2334 S 18	Loop

Hardy Bulbs for Nebraska Gardens

Hardy bulbs are ideal plants for the rigors of our Nebraska climate. From the earliest winter bloomers to the last autumn-flowering treasures, these no-fuss plants offer our area gardens dependable beauty and color year after year. Discover the best performers and learn how to integrate them artistically into the garden. Good companion plants and naturalizing bulbs in lawns will be discussed.

Course Number: LLLX-0398		Tuition: \$18				
Sec	Start	End	Day	Time	Room	Inst
OCUA	Sept 18	Sept 18	S	9 am-Noon	2334 S 18	Loop

Make Your Own Compost

Improve your garden soil with compost at no cost! Discover the benefits of compost, and how best to incorporate it into your gardens and landscapes. Studies have shown that home composting can divert an average of 700 lbs of material per household per year from the waste stream. Join Community CROPS staff for an information-packed class on the ins and outs of composting. Topics include what to use in your compost pile, growing your own compost ingredients, quick or slow method: is one better than the other?, amendments and Vermicomposting (using worms for indoor composting).

Dress for being in the garden and meet at the CROPS Antelope Community Garden at 3465 Normal Blvd. (Garden is behind the Antelope Church of the Brethren.)

Course Number: LLLX-0220		Tuition: \$8				
Sec	Start	End	Day	Time	Room	Inst
OCUA	July 24	July 24	S	9-10:30 am	See Desc	Kirst
