- SQL
- RPG
- HTML/Java Script
- JSP & Servlets
- COBOL
- CICS

Students and graduates say:

Within 18 months I had a great job and immediately was able to use the skills that I learned. The student-to-teacher relationships and the hands-on experience is what made my time at SCC so rewarding.
Adam Scharp, Programmer/Analyst
Centrix Solutions Inc., Lincoln, NE
Graduation Date: June 2010

While attending SCC, the CPT instructors were very knowledgeable. SCC-Milford has a well-known reputation and a job placement rate that was instrumental in my career search.
Heather Wagner, Systems Analyst
Mid America Computer Corp., Blair, NE
Graduation date: June 2007

The most rewarding aspect of this program is the small class sizes. This allows for excellent support from the instructors during class and lab time. Also, the job placement rate is incredible.
Nathan Kimmel, Current Student
Hometown: Norfolk, NE
Expected Graduation Date: December 2011

As a non-traditional student, 20 years removed from school, I had several inhibitions about going back to school. The instructors and staff at SCC-Milford were great and gave me the guidance and tools to make my educational goals a reality.
Troy Perkins, State of Nebraska Office of the CIO
Internet Development Team, Lincoln, NE
Graduation Date: December 2008

Employers say:

The Computer Programming Technology program prepared me for professional success. I'm a software engineering manager for one of the largest financial technology companies in the world and I'm also a member of SCC's Computer Programming Technology Advisory Committee.
Scott Preister, Software Engineering Manager
Fiserv, Inc., Lincoln, NE
Computer Programming Technology graduate

The knowledge and skills have enabled me to climb the company ladder to my current position. One of my responsibilities is to hire new programmers whom I will supervise. Candidates who hold degrees from SCC tend to have more knowledge and skills than those who do not.
Steven W. Sloggett, Development Supervisor
Assurity Life Insurance Co., Lincoln, NE
Computer Programming Technology graduate

Equal Opportunity/ NonDiscrimination Policy

It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu.

This publication should not be considered a contract between SCC and any prospective student. SCC's Board of Governors reserves the right to make changes in this publication during the life of the publication and without notice. (04/11)
