

SURGICAL TECHNOLOGY PROGRAM SELF-ADVISING SHEET

All general study courses in the Surgical Technology Program must be completed with a satisfactory grade of C (2.0) or better in preparation for the (SURT) classes.

Transferring Required - General Education Credit Hours

Credit hours transferred must meet the required hours for the Surgical Technology curriculum.

Specific Program Requirements

A current CPR card for Health Care Provider is required before starting the Core (SURT) Surgical Technology Courses and a current TB test completed (they are good for one year). **A Criminal Background Check will be done before the fourth quarter of the program.**
