Dear Friend of Southeast Community College,

On behalf of the Board of Governors, the alumni, faculty, staff, and students of this excellent institution, I am pleased to present Southeast Community College’s placement report “Graduates 2013-2014: A Report on Employment/College Transfer Outcomes.” The report includes graduation and employment statistics associated with 2013-14 graduates from all of our applied technology and transfer programs.

The report includes the total number of graduates, the number employed within the training-related field, the number continuing their education, the percent employed within Nebraska, and the average salary for SCC graduates. The graduation and employment data are captured via surveys and phone interviews conducted by SCC placement staff. For the 2013-14 graduates, 1,640 of the 1,676 graduates completed the graduate survey, yielding a response rate of 98%. The surveys are distributed just before the date of graduation. Follow-up interviews and surveys are conducted throughout the year to ensure the highest possible response rate. In addition to graduation and employment statistics, the report includes employers and transfer colleges and universities associated with each of SCC’s programs. The report also includes a sampling of personal experiences of graduates and employers in relation to the impact of SCC’s programs.

This report represents one of our many efforts to evaluate the success of our programs and the degree to which we are accomplishing our mission. Seventy-four percent (74%) of graduates from SCC's applied technology programs reported that they had secured employment within their training field at the time of their graduation. Ninety-three percent (93%) of these graduates reported that they were either employed or continuing their education. Eighty-two percent (82%) of graduates from SCC’s academic transfer program reported that they were continuing their education.

SCC is committed to its mission of providing the highest quality applied technology and academic education opportunities to its 15-county service area. SCC has a long history of ensuring that employers have access to qualified graduates who have the skills needed for successful and productive employment. SCC continually seeks to align its programs with the specific needs and requirements of employers and transfer institutions. We are committed to meeting the educational needs of our students, employers and the community.

Sincerely,

Paul Illich, President, Southeast Community College

SCC Board of Governors
Chairperson: Kathy Boelklenoff, Johnson; Vice Chairperson: Dale Krause, Beatrice; Secretary: Nancy A. Stein, Lincoln; Treasurer: Helen E. Griffin, Lincoln; Robert J. Feit, Pickrell; Ed C. Heiden, Sterling; Ruth M. Johnson, Lincoln; Terrence L. Kubicek, Lincoln; Steven Ottmann, Dorthester; Edward C. Peterson, Lincoln; Lynn Schlaekehart, Seward; Bill Bitts, Faculty Representative, Milford. (Jan. 23, 2014)

Equal Opportunity/NonDiscrimination Policy
It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College’s policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu.

Declaración de política sobre equidad/ antidiscriminación
La política pública de Southeast Community College es de proveer equidad, y prohibir discriminación, en todos asuntos referentes a la admisión, participación, y empleo contra toda persona por motivo de raza, color, religión, sexo, edad, estado civil, origen nacional, etnia, condición de veterano, orientación sexual, incapacidad, u otros factores prohibidos por ley y política del Colegio. Preguntas relacionadas a la política sobre equidad/antidiscriminación de Southeast Community College deben dirigirse a: Vice President for Access/Equity/Diversity, SCC Area Office, 301 S 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, o jsoto@southeast.edu.

The SCC Mission...
Southeast Community College values the opportunity to provide quality applied technology and academic educational opportunities for the students, businesses and communities of our district. To achieve that purpose, SCC will:

• Continue to value local governance
• Value and support diversity
• Be affordable and accessible
• Develop and maintain partnerships
• Provide responsive delivery systems
• Respond to emerging technology
• Promote continuous improvement
• Promote student learning through the provision of quality instruction, curriculum and appropriate facilities
• Embrace lifelong learning
• Maximize and utilize resources efficiently
• Be accountable
• Encourage a positive environment
• Promote recruitment and retention
• Be communicative
• Be fiscally responsible

Limitations of Information
This publication should not be considered a contract between SCC and any prospective student. SCC’s Board of Governors reserves the right to make changes in this publication during the life of the publication and without notice.

AGRICULTURE BUSINESS & MANAGEMENT TECHNOLOGY

“With a small start in business during high school, I went on to SCC and enrolled in the horticulture program. The hands-on training and family-like environment accelerated my career by reiterating small-town values and relationships. The knowledge I retained about plants by being able to actually be in the field long outweighs just reading it in a book. I continue to visit the school and have contact with my instructors on a regular basis. They are always there and willing to help!”

Josh Graczyk, Owner
Graczyk Lawn and Landscape, Kearney, NE
2005 Agriculture Business & Management Technology Graduate

During his junior year in high school, Dylon Marshalek took a horticulture class and worked in landscape design after school. That is when he decided to pursue horticulture as a career. He learned about SCC’s program from a relative who talked about SCC’s program being hands-on and that was what he wanted. He interned at Friesen Landscaping and was offered full-time employment after graduation.

“I like building landscapes, retaining walls, landscape lighting, all new skills I learned during my internship. I would recommend this program to anyone who wants to actually do what they teach you in class. For me it was a great opportunity to learn new skills in the focus of Horticulture that I was going to follow.”

What Employers Say About SCC Graduates

“Thank you for helping us with the job posting on the Southeast Community College Placement Center Services website. We found our ideal employee in less than a month. He is well-qualified, very professional and fits perfectly into our company culture. We will definitely be looking to SCC for our future hires and will utilize your placement services as our preferred source for new employees.”

Justin Rediger, General Manager
Malibu Sunrooms LLC, Gretna, NE

Brittany Thomas, Office Manager
University of Nebraska-Lincoln, Pawnee County Extension Office, Pawnee City, NE
2013 Business Administration Graduate

“I currently work for the University of Nebraska-Lincoln at the Pawnee County Extension Office, as the office manager. One of the reasons I got this job is because I had an Associate Degree in Business Administration from SCC, and for that reason I was able to beat out some of my competitors. I get the pleasure of working with children of all ages, while putting my degree to work in the office. I also used some of my instructors as references on my application which helped me get this position. I am so proud that I had such amazing instructors at SCC because they have prepared me for my career! I speak so highly of SCC. Not only do they prepare their students for their futures, but you create lifelong relationships with the instructors, and that’s hard to find at any college. Thank you SCC!”

1989 Diesel Technology-Truck Graduate
“My Early Childhood Education degree has made me much more aware of children’s development and their needs. The three boys I care for, ages 2½, 5 and 7, have lots of energy so I plan several age-appropriate activities to fill our day. I consciously observe the boys and adapt my plans to their needs and interests. Some days are spent at home with quieter activities, and other days are field trips of our choice like the library, parks or museums. No two days are the same; I enjoy that flexibility. The connection I have made with my family is incomparable to anything I could do at a daycare center. I am so glad I made the decision to enroll in online classes after I moved to Newfoundland. It has made a difference in my success!”

"Being a part of the manufacturing industry can mean that you will see a wide variety of challenges in your daily routine. The Manufacturing Engineering Technology courses at Southeast Community College will provide you with the right set of skills to effectively take care of these problems. Your teachers, who were part of the manufacturing industry, have the ability not only to teach you from a book but most importantly, they can relate an issue to one you will see on a daily basis in the manufacturing industry. Getting the hands-on experience at Southeast Community College greatly improves the transition from school to the workplace."

Justin Denham, Service Technician  
Performance Chrysler Jeep Dodge, Lincoln, NE  
2014 MCAP Graduate
I have attended and received degrees from two well-known four-year colleges in the southeastern Nebraska area. I have also received two associate degrees from Southeast Community College. Without a doubt, I value my education from SCC above any other institution. Instructors at SCC thrive on challenging students with critical thinking skills, writing skills and problem solving skills, all of which are essential to real-world employment. Also, at Southeast Community College, students really do come first. Other colleges will tell you students come first but, from my experiences, SCC puts those words into action second to none. Every instructor, staff member and administrator is willing to help any student at a moment’s notice. I wouldn’t be where I am today with the income I have, where I live, and how happy I am, without my education from SCC. In my mind, an education from SCC is unbeatable.

William Latenser, Radiographic Testing Tech

**Out-of-State Companies**
- Windstar Lines Inc IA
- LongShot Trucking IL
- TransAm Trucking KS

**Positions**
- CDL Driver
- Grain Hauler
- OTR Flatbed Driver
- Over the Road Driver, Class A
- Professional Truck Driver
- School Bus Driver

**Did you know?**
Each graduating class has the opportunity to attend a Professional Truck Driver Training Job Fair hosted on campus. Students network with employers ready to hire Class A CDL drivers and many times have multiple job offers prior to graduation.

---

**RADIOLOGIC TECHNOLOGY**

**Companies in Nebraska**
- Community Medical Center
- Memorial Community Health Inc.
- North Platte Orthopaedic and Sports Medicine
- Perkins County Health Services
- Rock County Hospital
- Sidney Regional Medical Center
- Urgent Care Clinic of Lincoln

**Positions**
- Radiologic Technologist

**Did you know?**
Radiology is often considered part science and part art. Science because of the basic scientific principals involved in obtaining the radiographic image. Art because each patient and situation is unique and requires its own distinctive way of interaction. It is the variety in the work that makes radiology interesting.

Jessica Chittenden, Radiologic Technologist
Perkins County Health Services, Grant, NE
2013 Radiologic Technology graduate
RESPIRATORY CARE

Companies in Nebraska

What Employers Say About SCC Graduates
“Electronic Contracting has been a long-time supporter of the Southeast Community College Electronic Systems Technology curriculum and thus have employed most of our technicians from this program. Many of our technicians have moved into our engineering, sales, estimating, and upper-management departments. Electronic Contracting values the real world approach that SCC provides to students and the dedication to keep up with current trends in the industry.”
Matt Thorne, Engineering Manager
Electronic Contracting
