

Academic Transfer: Associate of Arts

Quarter to Semester Advising Guide

Start Here. Succeed Here. Succeed Anywhere.

The Academic Transfer program enables students to obtain an Associate of Arts or Associate of Science degree to complete up to 60 semester hours/90 quarter hours of general education credit, or to take a few specific courses that transfer to your intended major at a four-year institution.

As the college moves toward a semester calendar in Fall 2019, be assured that you will be able to continue your path to your Associate's degree and/or transfer to a 4-year institution in a timely manner. A 4.5 quarter credit class is equivalent to a 3-credit semester class. Even if you have taken some SCC courses on a quarter calendar and some you will take on a semester calendar, the quarter credits convert easily to semester credits.

We encourage you to make an appointment with an advisor to review your academic plan and ensure you are on track. And remember, • Representatives from several four-year institutions regularly visit the Lincoln Campus to visit with students about their college/university, majors offered, admissions requirements, the transfer process, and more!

Email AcademicTransfer@southeast.edu to make an advising appointment or find out more about the schedule of representatives on campus. Also visit www.southeast.edu/AcademicTransfer for transfer guides, contact information, and tons of other useful transfer resources.

If you are intending to complete your Associate of Arts Degree, use this worksheet to track your progress toward your degree.

Associate of Arts Degree Requirements

Course Required	Quarter Hours	Completed	Semester Hours	Completed	Grad Requirement Met
Written Communication ENGL1010-English Composition I (4.5) AND One additional Written Communication (4.5)	2 classes 9 credit hours		2 classes 6 credit hours
