

Radiologic Technology Program *Admission Criteria*

Admission into the SCC Radiologic Technology Program is competitive. A committee will review all submitted applications and assign points based on a pre-determined scoring rubric. This point system will be used to rank each applicant based on specific criteria (see below).

Applicants will receive points for the following items:

Admissions Criteria	Means of Scoring	Maximum Points Available
Academic Performance	Points are given based on GPA	2
Repeated Courses	No repetition of courses due to failure or withdrawal	2
Unsuccessful/ Failed Program(s) Attempts	No previous history of not completing other Health Science Division (HSD) program(s)	1
Professional Awareness	Radiology Video Certificate	1
Professional Resume	Points awarded to specific areas listed (see rubric)	4
	Total Points:	10

Academic Performance:

GPA and grades earned in prerequisite courses are considered. Minimum GPA requirements are a 2.75 in science courses (Descriptive Physics with lab, Anatomy with lab and Physiology with lab) and a 2.5 in the remaining prerequisite courses. (See admission checklist for detailed information regarding prerequisite courses.)

Repeated Courses:

Points are given based on NO repetition of courses. Withdrawals and failure to pass a course counts as repetition.

Unsuccessful Attempt/Withdrawal:

Withdrawing or not completing another Health Science Division (HSD) program will result in no points given in this category.

Professional Awareness:

Review of the video “Radiology – Is this the Career for you?” on program’s webpage. Submit printed certificate to the Health Sciences Office (Room B4).

Professional Resume:

A professional resume is required. Points may be given based on work experience and earned degrees. Healthcare experience, community and/or military service may be listed if greater than 6 months. Random audits may be performed so resume must list the institutions’ name, address, and phone number to receive point(s).

Applications Submitted Post-Deadline:

Completed applications received after the application deadline will be considered by the program review committee on a rolling basis as space is available.
