

Top 5 Wound Care Challenges & Solutions

with Joan Junkin

Join Joan as she explores practical means of solving the top problems most nurses encounter when preventing pressure ulcers and caring for difficult wounds. Joan will provide research-based best practice information on prevention of infection in wounds, enemy #1 especially for diabetic foot ulcers.

Presentation from webcasts and on-site demonstrations on how to utilize the various repositioning devices, compression products and negative pressure wound therapy devices will be part of the workshop. Practicing application of a disposable NPWT device and application of various compression devices also will be included.

Presenter: Joan Junkin, RN, MSN, is a wound consultant and International speaker on wound care. She has varied experience in her 40+ years in nursing, including Med/Surg, ICU, ED, and house supervisor. In 1997 Joan became board certified and she has specialized in wound care for the past 20+ years.

Junkin has a passion for improving the quality of wound care, though she is realistic about shrinking budgets providers have to work with. She presents practical information that can be used in any setting and adds a healthy dose of humor to make the day enjoyable.

6.0 contact hours awarded to nurses. For other health care professionals, check with your licensing agencies to verify that this workshop will count as continuing education in your field. Participants must attend the entire workshop to receive credit.

Southeast Community College Continuing Education Division is an approved provider of continuing nursing education by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
