Beatrice: The Boom Years (1872-1893)

Beatrice grew from a village of just over 600 to the third largest city in Nebraska, the "Queen City of the Blue," during the last quarter of the 19th century. People and events of that time created the community we have today, and this period continues to influence our lives more than 100 years later. This overview of the most dynamic era in Beatrice history will cover how it "boomed" and why this exciting period came to an end.

This is number two in a series of Beatrice history classes with Lauren Riedesel.
