July-Sept. 2019

Digital Photography 101

Students will learn the basic functions of a digital camera. Class covers types of digital cameras, megapixels, optical versus digital zoom, digital storage media, battery types, cost/value comparisons, memory management, red-eye reduction, and application presets. Beginning photographers interested in digital cameras and how to use them will enjoy this class.

Students are encouraged to bring their digital cameras/software and docking station to class if they have them for one-on-one time to understand the specific functions of their particular camera and software. Keyword: Photography
