Introductory Classes

One-on-One Computer Training: 3 Hours
This learning opportunity is designed for any person who wants one-on-one attention from a computer applications subject matter expert. Registration gives you up to three hours of personalized attention on the computer topic that meets your specific need.

Training topics may include:

- Windows or Apple/Mac Operating System
- MS Office
- Word
- Excel
- Access
- Outlook
- Evernote
- Basic Computer Assistance
- Social Media
- QuickBooks
- Social Media

Students need to have computer access to practice outside of class. Training is scheduled at a time convenient for the student and instructor. Training is held at an SCC facility.

Computer Repair 101
Learn to clean and replace parts to upgrade your computer. What works and what doesn't? Why buy new? Learn to clean malware and viruses that slow your computer.

Freeware will be provided to each person to use on their own computer.

Online Registration Keyword: Computer

Jan. 23   Th   6:30-8:30 p.m.   $19   Beatrice, KEN, 334   McLellan   BBBX-1177-BESA

How Do You “Back Up” a Computer?
Learn the basics of backing up a computer, including a simple data backup to a total "restore" of the Operating System. Learn the different avenues and the advantages of each, i.e., disk, flash drive, external hard drive, and the web. Learn through our discussion how to do it on your desktop at home or you may bring your own computer to follow along step by step.

If you bring your own computer, please bring along a 32 GB flash drive or an external hard drive (120 GB or larger). Basic computer knowledge and skills are needed to be successful.

Feb. 1   S   9-11 a.m.   $29   NE City, NCLC, 102   McKinney   AREA-0888-NCSA

Classes for Seniors
These classes provide time for in-class hands-on practice and one-on-one assistance from the instructor to ensure you acquire basic computer skills.

Introduction to Personal Computers for the Senior Citizen I
This class is for the senior citizen who wants to learn to use a computer. Topics include components of a computer (keyboard, monitor, mouse, etc.); basic elements of the Windows 10 operating system; how to identify software loaded on your computer; a brief introduction on how to use the computer for letter writing; and the basic elements of the World Wide Web and email.

While taught on a Windows 10 operating system, the skills learned in these classes are easily transferred to other Windows environments. It is strongly recommended that participants have a computer at home. This class provides time for in-class hands-on practice and one-on-one assistance from the instructor.

Classes for Seniors

Introduction to Personal Computers for the Senior Citizen II

Prerequisite: Introduction to Personal Computers for the Senior Citizen I (OFFT-3503) or equivalent experience.

We will expand on the topics of safely navigating the World Wide Web, find helpful information/locations on the Web and save/download items to your hard drive. We will organize email and gain confidence with attachments, explore the help categories on your hard drive, protect and save your information to various removable storage devices, customize your desktop, start menu and taskbar to make your computer quick and easy to use.

While taught on a Windows 10 operating system, the skills learned in these classes are easily transferred to other Windows environments. It is strongly recommended that participants have a computer at home. This class provides time for in-class hands-on practice and one-on-one assistance from the instructor.

Microsoft Office Classes

Office 365 Basic

An introduction to Office 365 for users who have traditionally used standalone versions of Microsoft Office on their PC or laptop. As businesses turn to subscription-based software, Microsoft has catered to this by offering Office 365, which contains the favorites, such as Excel, PowerPoint and Word but includes new or updated apps to work, communicate and collaborate with colleagues, wherever you are. You will become familiar with the Office 365 interface and the applications within the plan including OneDrive, SharePoint, MS Office Products & Other Apps, Sway, Forms, OneNote, and Outlook.

30-minute lunch is on your own, or you may bring a sack lunch/drink. All sections are live-streamed from Nebraska City. Online Registration Keyword: Office

Word Processing Software

Word 2016: Basic
Prerequisite: Basic Computer Class (OFFT-3502) or equivalent experience

After an introduction to Word’s window components, participants will learn how to use the Help system and navigate documents. They will enter and edit text, create and save documents, and learn how to enhance the appearance of a document by using various formatting options. They will also create tables, insert headers and footers, proof and print documents, and insert graphics.

Lincoln Section: Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

Beatrice, Falls City and Nebraska City Sections: Book provided for in-class use only. You may purchase your own copy from the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

Lunch is on your own. Online Registration Keyword: Word

Spreadsheet Software

Excel 2016: Basic

Prerequisite: Basic Computer Class (OFFT-3502) or equivalent experience

After an introduction to spreadsheet terminology and Excel’s window components, participants will learn how to use the Help system and navigate worksheets and workbooks. Then they will enter and edit text, values, formulas, and pictures, and they will save workbooks in various formats. Students will also move and copy data, learn about absolute and relative references, and work with ranges, rows, and columns. We will cover simple functions, basic formatting techniques, and printing. Finally, students will create and modify charts, and learn how to manage large workbooks.

**Lincoln Sections:** Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

**Beatrice, Falls City, Nebraska City, Plattsmouth, and York Sections:** Book provided for in-class use only. You may purchase your own copy from the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

Lunch is on your own for full day classes. **Online Registration Keyword: Excel**

Excel 2016: Intermediate

Prerequisite: Excel Basic or equivalent experience

This ILT Series course will teach students how to work with large worksheets in Microsoft Excel 2016, and use multiple worksheets and workbooks efficiently. It will introduce them to more advanced formatting techniques, such as applying special number formats, and using workbook styles and themes. In addition, students will learn how to create outlines and subtotals, and how to create and apply cell names. They will sort and filter data, and create and format tables. They will learn how to save workbooks as Web pages, how to insert and edit hyperlinks, and how to share workbooks via email. Students will learn how to audit worksheets for errors, how to protect worksheets, how to share and merge workbooks, and track changes in a workbook. Finally, students will customize the Excel environment, and create and modify custom templates.

Lincoln Sections: Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

Beatrice and Plattsmouth Sections: Book provided for in-class use only. You may purchase your own copy from the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

Excel 2016: Advanced

Prerequisite: Excel Intermediate or equivalent experience

In this ILT Series course, students will further build on the skills acquired in the Microsoft Excel 2016 Basic and Intermediate courses. They will work with advanced functions and formulas, as well as lookup functions such as VLOOKUP, MATCH, and INDEX. In addition, students will learn about data validation, and will use advanced data filtering. They will apply advanced chart formatting options, and create more complex charts. They will work with PivotTables and PivotCharts, export and import data, and query external databases. Students will learn about the analytical features of Excel, such as Goal Seek, and how to create scenarios. Finally, they will run and record macros, and explore VBA code.

Lincoln Section: Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

Plattsmouth Section: Book provided for in-class use only. You may purchase your own copy from the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

Microsoft Office Classes

Excel 2016 Macros: Basic

Prerequisite: Excel Advanced or equivalent experience

This class is for users with or without a programming background. It introduces students to the capabilities of Excel's Visual Basic for Applications. You will learn how to automate repetitive spreadsheet tasks, read and edit code generated in Excel's Visual Basic Editor, write decision-making code using IF statements and Loops, as well as create interactive message and input boxes which prompt the user for more information. You also will learn how to make macros easily available via keyboard shortcuts, buttons, or by assigning them to Excel's menus or toolbars.

Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com. Lunch is on your own. **Online Registration Keyword: Excel**

Database Software

Access 2016: Basic

Prerequisite: Basic Computer Class (OFFT-3502) or equivalent experience

After an introduction to database concepts and the Access environment and Help systems, students will learn how to design and create databases. Then they will work with tables, fields and records; sort and filter data; and set field properties and data-entry rules. Students will then learn to create queries, forms and reports.

Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com. The same book is used for all three levels. Lunch on your own. **Online Registration Keyword: Access**

Microsoft Office Classes

Email Software

Outlook 2016: Basic
Prerequisite: Basic Computer Class (OFFT-3502) or equivalent experience

Class covers Outlook 2016 Mail, Calendars, People, and Tasks. Manage incoming and outgoing email messages, work with attachments, and create folders. Customize and sort messages, create signatures and stationery, and manage junk mail. Schedule and edit appointments, events and meetings. Customize and print calendar views. Create and manage contact information and contact groups. Create and manage tasks, To-Do lists, and Notes.

Required course notes are available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com. Note: Students must log in to their SCC-issued user account before class. Bring log-in information (user ID and Password) to class to access in the computer lab. Instructor will not have access to this information. Online Registration Keyword: Outlook

NEW! Outlook Tips & Tricks
Prerequisite: Basic Computer class and must have Outlook account

Outlook is an essential tool to help you manage contact information. Whether looking to enhance on your basic skills with Outlook or learn new ones, this hands on “tips and tricks” class is ideal. This class will cover and expand on the basics functions, such as email, calendar, and tasks. Time will be available to ask any questions not covered in the class.

Falls City section is live-streamed from Hebron. Online Registration Keyword: Outlook

NEW! Business Writing
Prerequisite: Basic Computer class and must have Outlook account

Focus on the creative process of writing and creating the “down draft.” You will explore ways to engage readers to accomplish our goals (including using the principles of “plain language”) and focus on revision rather than drafting. Essential email elements and reader-focused strategies for the most effective email communication will be discussed. Enjoy playing with “dental drafts” to learn and review basic writing mechanics. Learn the 20 most common writing errors that can kill our credibility.

A certificate of professional development and 0.8 CEUs will be awarded for successfully completing this class. Registration deadline March 6. NOTE: York section is live-streamed from Lincoln. Online Registration Keyword: Business

Macintosh Classes

**Mac for Beginners**

This introductory course is for those with little or no previous computer experience and teaches skills to get students up and running. You will become familiar with the basic operation of the Apple Macintosh operating system. Subjects covered include introducing the Mac interface, using and navigating with the mouse (click, double-click, and click and drag), using the keyboard, creating folders, organizing files, and introducing menus and buttons.

Each class is customized to the students’ needs. No book required. Plattsmouth section is live-streamed from Nebraska City. **Online Registration Keyword: Mac**

Windows to Mac Transition

This course is designed for the PC user who has just switched to the Mac either at work or home, and wants to find out how to adapt old working habits to the Macintosh Operating System. Topics include navigating the Mac interface, translating from Windows to Mac (“Alt” = “Option” for example), setting preferences, and other tasks. This course is for an experienced computer user who wants to gain familiarity and hands-on experience with the Mac OS.

*No book required. Online Registration Keyword: Mac*

| Feb. 26 |  W | 6-9 p.m. | $79 | Lincoln, CEC, 404 | Kunce | OFFT-6561-CESA |

Web Technologies

Building a Website Level I

*Prerequisite: Basic Computer (OFFT-3502) or equivalent experience*

This class introduces basic concepts needed to create a website. It begins with an introduction to Web technologies and then provides a comprehensive overview of HTML5. In-class exercises focus on basic webpage layout, HTML5 syntax, text formatting, graphics, hyperlinks, and tables.

**Lincoln Sections:** Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com. Prior to class, read pages 1-10 in workbook.

**Falls City, Hebron, NE City, and Plattsmouth Sections:** Book provided for in-class use only. You may purchase your own copy from the SCC Campus Store, 8800 O St., Lincoln, or at www.sccbookstore.com.

February class is live-streamed from Lincoln. June class is live-streamed from Nebraska City.

Shutterfly Photo Book Memories
Learn how to master the free Internet website Shutterfly to design and create your own photo books and/or albums. Shutterfly has all the tools with easy options for editing, colors, backgrounds, and fonts for the beginner or creatively challenged. You will start a photo book and design in the first class and gain knowledge to work on your project outside of class. The final class will be spent getting one-on-one help and ordering your finished product.

Students need to log on and set up a Shutterfly account prior to first class. Bring to class: Shutterfly account username and password and 12-15 pictures on a flash drive. Basic computer knowledge and Internet skills are needed to be successful. Cost does not include the cost of your finished product. **Online Registration Keyword: Shutterfly**

Computer Networking & Maintenance

CompTIA A+ (IT Technician): Core 1 & Core 2
The A+ course prepares an individual for both of the A+ certification exams. The exams are designed to certify the competency of entry-level service technicians, and the A+ certification signifies that the certified individual possesses the knowledge, skills and customer relations attributes necessary to be a successful computer technician. The A+ course covers a broad range of hardware and software technologies (not related to any vendor-specific products). Core 1 covers material for exam 220-1001. Core 2 covers material for exam 220-1002.

Required books are available at the SCC Campus Store, 8800 O St., Lincoln, or www.sccbookstore.com. This class is taught from the official CompTIA A+ Training study material and is taught by certified instructors. If the student decides to take the certified A+ exams at the conclusion of the course, two exams are required: (1) Essentials 220-1001 and (2) Practical Application 220-1002. Cost for these certified exams are separate. Payment plans available! Contact the Business Office at 402-437-2558 for details. **Gap Tuition Assistance available to those who qualify.** See page 27 or visit www.southeast.edu/cefinaid for assistance options. **Online Registration Keyword: Technician**

CompTIA Network+
The N+ course prepares you for the N+ certification exam. The intermediate level certification is designed to certify the knowledge of networking technicians with at least nine months of experience in the IT industry. The course covers a wide range of vendor and product-neutral networking technologies, including network cables and devices; networking operations systems; and network design, implementation, and maintenance.

This class is taught from official CompTIA material by certified instructors. Required book is available at the SCC Campus Store. Cost for the certification exam (N10-006) is separate and exam can be scheduled through the testing center. **Gap Tuition Assistance is available for those who qualify.** See page 27 or visit www.southeast.edu/cefinaid for assistance options. Payment plans for this class are available! Contact the Business Office at 402-437-2558 for details. **Online Registration Keyword: CompTIA**

CompTIA Security+
CompTIA Security+ is for those whose job responsibilities include securing network services, devices and traffic. This course will prepare students for the CompTIA Security+ certification exam (SY0-501). Topics include knowledge of and professional experience with security fundamentals, networks and organizational security as well as skills required to implement basic security services on any time of computer network.

CCNA 1-2: Introduction to Networks, Routing & Switching Essentials

This course introduces network architecture, functions, protocols and devices and sets the framework for networking. Network models are used to identify and detail the functionality within a network. Routing and switching operation and protocols are examined, as well as the programming of routers and switches. Network addressing with IPv4 and IPv6, and routing protocols also are examined. This course enables one to build, test and troubleshoot networks involving routing and switching. Protocols examined include STP, RIP, EIGRP, and OSPF as well as others. These concepts will be reinforced with the hands-on portion of the course.

(10.4 CEUs) **Gap Tuition Assistance available to those who qualify.** See page 27 or visit www.southeast.edu/cefinassist for assistance options.

Jan. 7-May 7  T,Th  5:30-8:30 p.m.  $1,889  Lincoln, LNK, N-11  Aalberg  ELEC-6891-LNSA

CCNA 3-4: Scaling Networks & WAN Technologies

**Prerequisite: CCNA 1-2 (ELEC-6891)**

This course builds on the routing and switching knowledge gained in the CCNA 1-2 course. Students examine advanced concepts utilized in larger and more robust networks and expand on the operation of routing and switching protocols used to scale networks and make them more fault tolerant. Various WAN technologies are discussed, including WAN connection types and VPNs. Students gain the knowledge needed to operate and maintain a complex network design.

(10.4 CEUs) This course, paired with the CCNA 1-2 course, will prepare students to sit for the CCNA Routing and Switching exam (200-120). **Gap Tuition Assistance available to those who qualify.** See page 27 or visit www.southeast.edu/cefinassist for assistance options.

*Class will be offered in Fall 2020.*

15th Annual Nebraska Cyber Security Conference

Tuesday, Oct. 20
8 a.m.-4 p.m.
Southeast Community College, 8800 O St., Lincoln

We are all “virtual neighbors” in cyberspace, and what we do, or don't do, can affect many others. The Nebraska Cyber Security Conference will assist in raising our awareness of cyber security and help in protecting all of us in cyberspace. If we each do our part, we can collectively have a positive impact on Nebraska’s secure resources.

Watch www.southeast.edu/ncsc for updates.
Smart Devices

One-on-One Smart Device Training
This learning opportunity is for the person who wants one-on-one instruction on using a smartphone or smart device. Subject-matter experts will work with you at a comfortable learning pace. Instruction is available for beginning users and troubleshooting with iPhone, iPad and Android devices.

Registration gives you up to one hour of personalized attention on the smart device that meets your specific need. After registration, a college representative will contact you.

NEW! Certificate in Structured Query Language (SQL)
Structured Query Language (SQL) is the industry standard database programming language. It is one of the most in demand skills in occupations that require interaction with data and analyzing data. Through your knowledge of Structured Query Language, you will become more marketable in computer-related career fields that pertain to database administration. Learning SQL also can lead to a job that is specific to analyzing data such as a data analyst, a quality assurance analyst, or a business analyst. This certificate will enhance your competitiveness in the field of database administration and data analyst jobs.

\[\text{Instructor: Cecilia Allison} \]
\[\text{\$595 for full certificate}\]

Introduction to SQL
Offerings start monthly, February-September; Single Course \$245

Intermediate SQL
Offerings start monthly, March-October (not available as single course)

Advanced SQL
Offerings start monthly, April-November (not available as single course)

Data Analysis Certificate
Data analysis is quickly becoming one of the most sought-after skills in the workplace. Add a whole new skill set to your portfolio, and make a big difference in the success of your organization by acquiring data analysis skills.

Project Management Certificate
Project management provides visibility of project health to the business and the customer. Through continuous monitoring, early detection of variations to plan, schedule, and budget can be communicated to stakeholders for quick resolution, including project cancelation.

Social Media for Business Certificate
Get in on this exciting and growing way to communicate, market and serve your customers and clients. For businesses, nonprofits, government, and other organizations. From Facebook® to Twitter, blogging, YouTube, LinkedIn, and more, discover the new principles of communication that apply across all networks and how these specific social networks work and the possible uses for your organization.
Customized Talent Development

Designed with you in mind!

Our courses can be delivered exclusively to your organization and can be customized to support your specific computer and technology needs. We also can partner with you to tailor learning solutions unique to your organization’s initiatives. Our goal is to provide the highest quality learning and development solutions that yield real results to help build your high-performance workforce.

Please contact Marguerite or Lora to discuss how Training Solutions can help you reach your goals by developing your No. 1 asset—your people!

**Annual Income is subject to change.

Coverage
You may receive full or partial assistance with direct training costs, including tuition, books and required fees and equipment. Funding is only available for one training program of study*.

Training Programs of Study
Gap Tuition Assistance covers short-term training in the following in-demand job fields:

- Leadership Certificate
- Business/Information Technology
- Manufacturing/Industrial Technology
- Computer Programming & Networking
- Lean/Six Sigma
- Welding
- Fiber Optics
- Health Care

Support
Meet with us to explore what career options are best for you. We will connect you with local resources and get the eligibility process started.

**NOTE:** Beginning Fall 2019 Gap Tuition Assistance program will be able to cover specific credit courses. Please contact Heather for more information!

For more information, contact:

**Heather Bloomquist**
402-323-3394
hbloomquist@southeast.edu

OR visit [www.southeast.edu/cefinassist](http://www.southeast.edu/cefinassist)

* Programs of study can be found at the web address above, and can be bundled.
Registrations will be accepted up to the day of the workshop or the deadline specified in the course description, providing space is available. Enroll early as class size is limited. Enrollments are accepted on a first-come, first-served basis. Cash, check and credit card (Mastercard, American Express, Discover, and Visa) payments are accepted.

Make a COPY of the completed form, or record the information for your reference.

Report to the workshop/course unless you are notified that the workshop/course is full or has been cancelled. CONFIRMATIONS ARE NOT MAILED.

SCC reserves the right to cancel workshops/courses that do not have sufficient enrollment. Refund checks are mailed to the student’s current address and will usually be received within three to four weeks.

Questions about registration or space availability, contact:
Continuing Education • 402-437-2700 or 800-828-0072

SCC Non-credit Refund/Drop Policy
You must call the Continuing Education office at 402-437-2700 or 800-828-0072 the day before the class begins to receive 100% refund. If you call the day of the class or after it has started, no refund will be issued. If a class is cancelled or student drops (according to the refund policy), refunds will be issued to the student, unless a third party has been formally billed by SCC Business Office.

Submission of this form indicates that I understand: 1) that my registration is complete and that I am accountable for the tuition and fees and subject to a grade in the courses listed; 2) that if I officially drop, cancel, or withdraw, any refund in tuition will be determined by the date I submit my request to Continuing Education; 3) that failure to attend a course does not constitute an official drop (withdrawal), and I accept the personal information contained herein is correct as shown, and 3) any changes in SSN, legal name, address, residency, etc. must follow the College procedures in the Student Handbook and College Catalog. It is the policy of SCC to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ancestry, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of SCC’s policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th St. Place, Lincoln, NE 68510, or jsoto@southeast.edu.
