

E-3a          POLICY          Continuing Employment

Southeast Community College will provide a supportive work environment where job requirements and performance standards are clear, where supervision emphasizes improvement and growth, where staff development and training opportunities are provided, and where employee concerns are addressed according to College policy in a timely manner. It will be the goal of Southeast Community College to promote positive employee relations. When necessary and appropriate, disciplinary measures will be administered according to College policy. Southeast Community College will endeavor to maintain a competitive employee compensation and benefit program.
