

# Fall 2020 Semester Credit Classes

**Are you thinking of starting college?**

**Are you needing to complete General Education classes for an SCC program or at another college?**

Credit classes are delivered via technology to the Learning Center classrooms. Students are able to participate in the class like any student in the originating classroom. Each class offered at the Learning Centers meets the requirement at SCC for general education classes for an Associate degree and/or a prerequisite class for a Health program. Check with your academic advisor on your degree plan.

**Are you needing to complete pre-requisite classes to be admitted to a program in the SCC Health division?**

**Are you a high school student who would like to complete college General Education credit classes?**

**Do you want to take a credit class that isn't scheduled for your Learning Center?**

SCC received a USDA rural development grant which included robots. The robots enable students in the Learning Center service area to attend class on one of the SCC campuses via robot. The student would initially be in the Learning Center to operate the robot, which would be driven from its campus home to the class. The robot is operated by the student via a computer using a few keys. The robots being used are from Double Robot.
