Basic Precision Machining
A practical approach to basic machining, including proper speed, feed rates and machine setups of lathes, mills, and grinders.
(2.4 CEUs) Participants must bring their own safety glasses, calculator and materials for taking notes. No shorts or open-toed shoes allowed. No outside projects are used in class. Each student will make the designated task. To ensure student success and ability to observe safety protocol, ESL Level 8 or higher is recommended. If English is not your first language, please visit with the PMA program director. Caution: Improper operations of industrial duty equipment may result in personal injury, harm to others, or damage machine components.
Course sessions are three hours each. Gap Tuition Assistance is available for those who qualify. Visit www.southeast.edu/ce/finassist for assistance.
Prerequisite: Students must be currently enrolled in or have graduated from the SCC Precision Machining and Automation program. All others must get permission from the PMA program director before enrolling.
A machine shop class designed to enhance individual skills. Students work on their own projects brought from home. Projects can also be supplied by the College to further help development. There are no project completion requirements. Instructor assistance is available.
