Apple ID, iCloud & Photo Management with Photos for Mac

Learn what options you have with your Apple ID including editing and sharing photos. Cloud services routinely back up their data so you should never lose your photos even if your own computer explodes. Discover how easy it is to manage your content and photos in the cloud.

Any iOS device, including iPad or iPhone, preferably purchased within the last two years and the OS (operating system) updated to the most recent release. NOTE: Not a photography class but a photo management class. Have your device fully charged.
