

A-18a PROCEDURE Information Technology

Privacy:

Southeast Community College supports a climate of trust and respect and does not customarily read, monitor, or screen electronic information resources. However, complete confidentiality or privacy of data, email or other information transmitted or stored cannot be guaranteed for several reasons including; the nature of the medium, the need for authorized staff to maintain the systems, and the College's accountability as a publicly funded institution.

When appropriate and needed, the College President may authorize access in various circumstances including, but not limited to,

- situations involving the health or safety of people or property;
 - possible violations of the Use of Information Technology policy or other College regulations or policies;
 - possible violations of state or federal laws;
 - subpoenas and court orders;
 - other legal responsibilities or obligations of the College;
 - when there is suspected activity that may be harmful to another user, to the campus systems and/or network, or,
 - The need to locate, review, or secure information related to College business.
- Students should be aware that certain aspects of their privacy relating to academic records are governed by the Family Educational Rights and Privacy Act (FERPA).
- Details of FERPA are available on the SCC website:
<https://www.southeast.edu/consumer-information/>
 - A synopsis can also be found on the Department of Education website: <https://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

User Responsibility and Account Ownership:

- Users shall not allow other individuals to access/share/use their SCC assigned network, email, or other College-based account information. Employees and students are individually responsible for the proper use of their assigned accounts, and are accountable for all activity associated with the account.
- Users are responsible for safeguarding their assigned accounts and are expected to take proper steps to ensure the integrity of their accounts. This includes, but is not limited to, setting up strong passwords, ensuring credentials are not saved or posted in a place accessible to others, making sure computers are properly locked or logged off when not in use, and by immediately reporting any notice of unauthorized access to the IT Helpdesk.
- Users are expected to support an educational environment free from harassment and discrimination as described in the Student Code of Conduct and the College Handbook.

A-18 PROCEDURE Information Technology

- Users are expected to utilize technology in a manner that will not impede the College mission or the daily business of the College.
- Users are expected to access information that is needed in the context of the performance of their normal duties and to exercise good judgment in the use of such information; particularly, In particular, confidential or demographic data, which pertains to students, employees, and/or College operations.
- Users are expected to be knowledgeable of, and to perform their duties in compliance with, federal, state, and local laws and College policies, including the provisions of the Family Educational Rights and Privacy Act (FERPA) designed to protect the confidentiality of data and the privacy of individuals.
- Employees who supervise students, control electronic equipment, or otherwise have occasion to observe student use of Information Technology equipment shall make reasonable efforts to monitor the use of this equipment to ensure that it conforms to the mission and goals of SCC.

Use of College Resources:

SCC's Information Technology resources, including the network, are intended for the audience noted above and are to be used in the course of official work, study, and/or research. From time to time, SCC will make determinations on whether specific uses of the network are consistent with the acceptable use practice. Acceptable and unacceptable uses of SCC's Information Technology resources include, but are not limited to, the items outlined below.

Acceptable Use:

- Use of the Internet should be in support of educational and operational objectives consistent with the mission and objectives of Southeast Community College.
- Users should follow proper codes of conduct in electronic communication, including exhibiting exemplary behavior on the network as a representative of our institution.
- Individual credentials are to be used only by the user they are assigned to for authorized purposes and shall not be shared with others.
- All hardware that connects to the SCC network must be installed by an IT staff member.
- Users accessing the SCC network from a remote computer are expected to adhere to the same policies and procedures that apply to use from within SCC facilities.
- SCC's Information Technology resources are intended to be used for College-related business. Occasional and prudent personal use is permitted so long as it does not compromise the functioning of College network and computing resources, interfere with College operations, conflict or interfere with an employee's performance, interfere with the rights or reasonable expectations of another person, involve additional cost or expense to the College, violate any other College policy.

A-18a PROCEDURE Information Technology

Unacceptable Use:

- SCC's network and resources shall not be used to threaten, harass, intimidate or degrade others. This includes, but is not limited to, electronically transmitting or reproducing materials that are slanderous, defamatory, or discriminatory in nature or that otherwise violate existing laws or Southeast Community College policies and mission.
- Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, neither should they share with nor allow other individuals to use their SCC-assigned network, email, or other College-based account information.
- SCC's network may not be used for commercial/for-profit purposes, product advertisement or political lobbying.
- Users shall not knowingly or carelessly perform an act that could interfere with the normal operation of computers, terminals, peripherals, or networks. This includes, but is not limited to, downloading excessive amounts, transferring excessive amounts across the network, propagating viruses or worms, using the campus network to gain unauthorized access to any computer system, or attempting to circumvent data protection schemes or uncover security loopholes.
- Users shall not install any software, including shareware and freeware, for use on SCC's computers without prior review and authorization from appropriate IT staff.
- SCC's network and resources may not be used for downloading entertainment software or other files not related to the mission and objectives of SCC for transfer to a user's home computer, personal computer, or other media. This prohibition pertains to freeware, shareware, copyrighted commercial and non-commercial software, exchanging digital copies of music files, and all other forms of software and files not directly related to the instructional and administrative purposes of SCC.

SCC's network and resources may not be used for downloading, copying, otherwise duplicating, and/or distributing copyrighted materials without the specific written permission of the copyright owner, except that duplication and/or distribution of materials for educational purposes is permitted when such duplication and/or distribution would fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC).

- Use of SCC's network for any unlawful purpose is prohibited including, but not limited to, gambling, pornography, sharing explicit sexual content, cyberbullying, or fraud.

A-18a PROCEDURE Information Technology

Additional Policies:

In addition to the guidelines listed in this document, Southeast Community College and its employees are required to comply with other laws, policies, procedures, and guidelines. The following are examples, but not a complete list, of some of the other relevant laws, agreements, and policies:

- Family Educational Rights and Privacy Act (FERPA)
- Payment Card Industry Data Security Standards (PCI-DSS)
- Health Information (HIPPA)
- Gramm-Leach-Bliley ACT
- Nebraska Data-Security Law
