Digital Photography 201

It is suggested that students take Digital Photography 101 first. Digital Photography 201 covers the actual applications of digital photography, including how to choose each function for a particular use; which resolution to use when; improving camera performance; how to avoid accidental erasure or degradation of your photos; when, why and how to turn the flash on (or off); and problem solving to get predictable results.

Digital Photography 301

It is suggested that students take Digital Photography 201. A study of various lighting techniques and contrast ratios, filters, special effects, and how to get those way-cool photographs of portraits, landscapes, night scenes, fireworks, time-exposures and more. This class is for those who want to go beyond “automatic” mode and learn how to get those really cool shots!

Digital Photography

Gain greater proficiency in digital photography while using an advanced amateur camera (adjustable), mirrorless interchangeable lens camera (MILC) or digital single-lens reflex (DSLR) camera. We will provide you with the fundamentals as you practice with your own camera. Basic principles of photography will be reviewed and the more sophisticated digital camera operations along with hardware options and software will be discussed.

A camera with adjustable shutter speeds, apertures and ISO is necessary for this class (e.g. DSLR, mirrorless interchangeable lens camera and/or advanced amateur digital camera).

Shutterfly Photo Book Memories

Prerequisite: Basic computer knowledge and internet skills are needed to be successful

Learn how to master the free internet website Shutterfly to design and create your own photo books and/or albums. Shutterfly has all the tools with easy options for editing, colors, backgrounds, and fonts for the beginner or creatively challenged. You will start a photo book and design in the first class and gain knowledge to work on your project outside of class. The final class will be spent getting one-on-one help and ordering your finished product.

Students need to log on and set up a Shutterfly account prior to first class. Bring to class: Shutterfly account username and password and 12-15 pictures on a flash drive. Cost does not include the cost of your finished product.
