

Abuse & Neglect Prevention for Nursing Assistants

In order to be placed on the Nebraska Nurse Aide Registry, the state of Nebraska may require some nursing assistants to complete this one-hour course.

The online course includes watching a video and reading material on patient rights, dignity, respect, and quality of life. Discussion is held on how to report suspected abuse to the proper authorities, both in a facility and in the community. A quiz is given over the material and the video. When you have completed the one-hour online in-service, the state is notified by email (within 7-10 business days) that you have completed the course.

NOTE: For successful completion, you must spend an hour online and get 100% on the quiz. You can take the quiz as many times as needed.

This course is offered online. You can register at any time to take this course.
