What Are Non-Credit Courses?

These are designed to enhance your current workforce skills, upgrade your job skills, or for personal pleasure. Each quarter, new specialty classes appear, and new academic and technical courses are added. Classes are small, and instructors understand the needs of adult learners.

What Are Credit Courses?

Program credit courses may be taken without being admitted to an SCC degree program. If you would like to pursue a particular Program of Study and earn a college degree, contact the Admissions Office. You can request program information by calling 402-437-2600 or visiting www.southeast.edu.

At SCC, you can take classes for non-credit or credit.

Class Refund/Drop Policy

The student is entitled to a 100% refund for any non-credit class if the class is dropped the day before class begins. If a student drops a class the day class begins or after, there will be no refund.

Credit Classes

must be dropped using WebAdvisor or must have written notice to drop. The drop date will be the date the student provides the College's Registration and Records Office with an official WRITTEN request to drop/withdraw.

SCC reserves the right to cancel any credit/non-credit classes that do not have sufficient enrollment. A full refund of tuition and fees will be processed.

Limitations of Schedule

This schedule should not be considered a contract between Southeast Community College and any prospective student. SCC's Board of Governors reserves the right to make changes in graduation requirements, costs, curriculum, course structure and content, and the calendar of operation during the life of the schedule and without notice.

For more information, see the index for registration and policy information.

NEW! Managing Remote & Virtual Teams

Since early 2020, the business community’s response to the Coronavirus Pandemic has driven the dramatic shift to remote and virtual teams (hereafter referred to as RVTs). Will this transition be temporary or permanent? Only time will tell. Meanwhile anecdotal evidence suggests that many traditional management approaches are proving ineffective in sustaining remote team effectiveness. This program draws from an emerging body of best practices. It offers fresh perspectives and techniques that will allow leaders to retain the control needed to hold remote and virtual teams accountable while giving them the flexibility needed to get their jobs done. Ideal for managers supervising workers on different shifts as well as in remote locations.

A certificate of professional development and 0.7 CEUs will be awarded for successfully completing this class.

Leadership Communication Essentials

Effective communication is essential in today’s organizations. Individual contributors, team members and supervisors all must be able to successfully send and receive information using a variety of different tools. They also must be able to create understanding despite barriers to communication.

Participants will learn communication skills such as listening and creating clear messages, as well as the best uses for common communication modes.

A certificate of professional development and 0.4 CEUs will be awarded for successfully completing this class.

Leadership Communication Boot Camp

As a supervisor or manager, you invest at least a third of your day communicating, so it’s no wonder that 40% or more of your overall success is determined by your communication skills. This workshop helps guarantee your long-term success by developing this critical skill.

You will recognize and demolish the 21 barriers to successful communication, internalize a practical model of effective communication, learn and practice a listening process that captures the whole message and prevents embarrassing and costly misunderstandings, employ “positive language” to enlighten, engage and influence anyone, and pull it all together to create and leverage rapport and credibility.

This workshop is designed for leaders in both new supervisor/manager positions as well as seasoned leaders.

A certificate of professional development and 0.7 CEUs will be awarded for successfully completing this class.

Team Building Basics

Whether the focus is on improving service, quality, or value, teams are now the building blocks of successful organizations. As a result, your effectiveness as a manager or supervisor is becoming increasingly dependent upon your ability to bring members of an ever more diverse workforce together and forge them into a team that gets results.

This program is designed to help you do just that by presenting the knowledge and techniques needed to assemble a team, create enthusiasm in its members for a common goal, as well as instill in them a spirit of pride, cooperation, and mutual accountability.

A certificate of professional development and 0.4 CEUs will be awarded for successfully completing this class.

Leadership & Execution

Leading Through Influence

The ability to influence without authority is the hallmark of a leader. Successful influencers maximize outcomes by building consensus and gaining cooperation. They exhibit personal authority that is not dependent solely on their position, enabling them to lead others in good times or in times of turmoil. In this interactive program, participants learn key skills used to influence others and apply them to various scenarios.

A certificate of professional development and 0.4 CEUs will be awarded for successfully completing this class.

Introduction to Business Acumen

Are you “in” a business, but don’t quite “get” all the parts of the business? When leaders talk about the numbers, do you tune out or get lost? Not surprising.

One study illustrated that the majority of workers don’t understand the inner workings of “the business.” This course will help you understand the business side of business. You’ll learn to appreciate the big picture of your organization, without losing the details of what you do each day.

If you can learn to understand the holistic business, you are able to break down silos in your company, better understand financial statements and the key metrics “management” is focused on.

Key topics include corporate lifecycles; revenue, cost and margin; and measures and financial statements.

A certificate of professional development and 0.6 CEUs will be awarded for successfully completing this class.

Innovative Leadership

The quality of leadership can determine the culture, success and overall fate of an organization. Effective leadership is one of the most valuable training topics for those in a management role.

In this interactive workshop we will focus on the role of trust and transparency in creating high-performing teams that manage organizational changes effectively, four primary communication styles and how to master communicating with each style, coaching using a proven framework for providing feedback that motivates people to change, and investing in your team’s professional development and what employees want out of their development programs.

A certificate of professional development and 0.4 CEUs will be awarded for successfully completing this class.

Almost Painless: Change Management

New technologies and the globalization of markets and competition are creating more business opportunities, and hazards, than ever before. In response, firms large and small (perhaps yours among them) have labored mightily to transform themselves into better competitors by fundamentally changing the way they do business. Sadly, to date, 70% of these change initiatives have failed! As a manager, you’re expected to plan and drive the change needed to ensure your organization’s long-term survival. This fast-paced, interactive, one-day workshop has been designed to help you hone the knowledge, skills and attitudes you’ll need to meet this responsibility.

A certificate of professional development and 0.7 CEUs will be awarded for successfully completing this class.

**NEW! Ethics in Today’s Workplace**

This course explores “What is right?” within the context of today’s workplace. No, we’re not going to tell you what is “right.” Instead we will examine the impact ethics has on individual, group and organizational performance and explore perspectives and processes leaders and others use to make ethical choices and promote ethical behavior. Join us as we challenge and build on our own moral frameworks, prioritize our ethical principles, confront ethical dilemmas, and both clarify and assess our personal moral systems in terms of logic, priorities and consistency.

Critical Thinking in Today’s Workplace

Because the quality of our thinking affects the quality of our lives, critical thinking is integral to all that we do. In today’s workplace, critical thinking (the power to comprehend, analyze and evaluate) makes all the difference. This course will examine the role and challenges of critical thinking at work, spotlight wicked obstacles to our thinking and fallacies that can derail you and identify actions to develop your own and others’ critical thinking to help you: spot flaws in arguments that others accept without question; find creative, workable solutions where others see only problems; clearly articulate your position; make quicker informed decisions; and take a confident stand for yourself. Some key topics include: role of critical thinking at work; obstacles to critical thinking; identifying flaws in thinking; using critical thinking to take informed action; skills, tools and strategies for critical thinking; and fostering critical thinking at work.

A certificate of professional development and 0.6 CEUs will be awarded for successfully completing this class. Class is live-streamed from Lincoln.

Lean Process Excellence (Lean Manufacturing)

Lean is NOT just for Manufacturing! Surprisingly some of the biggest opportunities and most powerful results in a Lean Flow implementation come from health, financial or service industries. Lean Transactional will focus on customer-valued “transactions” or deliverables to understand process capability and optimization. Through classroom training and hands-on demonstrations, attendees will see how data is gathered to describe the process. The class will then learn tools and techniques to re-engineer the process by identifying and eliminating as much of value killing waste as possible. The focus will then be on delivering the desired results in the most efficient manner.

(1.5 CEUs) Certification requires the successful completion of a project that includes a meeting with the company champion and the training consultant.

Core Tools Training

The course will cover the five AIAG core tools manuals (including linkage to IATF 16949 quality system requirements and the recent VDA-FMEA integrated standard, aligning AIAG FMEA with European Automotive (VDA).

A certificate of professional development and 1.8 CEUs will be awarded for successfully completing this class.

Fiber Optics

Certified Fiber Optics Boot Camp (CFOT, CFOS/S, CFOS/T)
This five-day boot camp includes three certified fiber optic courses (Certified Fiber Optics Technician, Certified Fiber Optics Specialist/Splicing, and Certified Fiber Optics Specialist/Testing & Maintenance).

Certified Fiber Optics Technician (CFOT)
Prerequisite: Able to see, identify and manipulate small items.
This is an introductory course designed for anyone interested in becoming a Certified Fiber Optics Technician. Coursework combines theory and 85% hands-on activities, preparing the students for the CFOT (Certified Fiber Optics Technician) test that is sanctioned by the FOA (Fiber Optics Association). The CFOT test is taken and graded the final class day. Students also will be introduced to industry standards governing fiber to the desk, the home, and distribution cabling.
Course offers advanced training to anyone involved with the testing and maintenance of fiber optics networks. Involves 85% hands-on training both in fusion and mechanical splicing of either single or multimode fiber optics cables.

Certified Fiber Optics Specialist/Testing & Maintenance (CFOS/T)
Prerequisite: FOA CFOT course. Students must have successfully passed the basic CFOT course within the preceding 12 months of the date of this class or have renewed their FOA membership within that time frame prior to attending the course.
Course offers advanced training to anyone involved with the testing and maintenance of fiber optics networks. Involves 85% hands-on exploring the overall spectrum of testing and maintenance of single mode fiber optics networks and provides a detailed overview and demonstration of various pieces of equipment used in testing and maintenance.
Cost includes study materials, exam fees and textbooks for all three courses. Gap Assistance program is available to those who qualify. See page 6 or visit www.southeast.edu/gap for assistance options. SCC staff tuition waiver does not apply.

**EMS Instructor Course**

The 48-hour EMS Instructor Course focuses on various methodologies of instructional preparation, presentation and evaluation in the classroom. Upon completion of this course, the student will be able to develop a topic for presentation in the classroom using proven educational methods and tools.

To become a Nebraska State licensed EMS instructor, it is required to have a valid EMT license or higher (for a minimum of three years) and possess an American Heart Association BLS or ACLS Instructor certification at the time of licensure application.

Watch for a new EMS Instructor Academy, which is designed to bring valuable and useful continuing education for instructors. This Academy will have sessions offered regularly throughout the year in various parts of our region. These sessions will not only provide excellent topics and information to increase effectiveness in the classroom, but also will meet the Nebraska requirements to renew your EMS Instructor License. **This class is scheduled based on community needs.** For more information, contact Jennifer Keitges at jkeitges@southeast.edu or 402-437-2706.

**EMS Additional Skills Courses**

**EMR Courses:** Aspirin administration course, epinephrine auto-injector course, application of immobilization devices course, and patient transport course.

**EMT Courses:** Non-visualized advanced airway management course, continuous positive airway pressure course, glucometer course, intravenous fluid monitoring only course, peripheral intravenous access and monitoring course, and albuterol nebulizer and epinephrine auto-injector administration course.

**These courses are scheduled based on community needs.** For more information, contact Jennifer Keitges at jkeitges@southeast.edu or 402-437-2706.
Intravenous Therapy: Current Standards of Practice 1 & 2
ATTENTION LPNs: There are new state licensure regulations that affect you. Every LPN who graduated before May 2016 or has not successfully completed the LPNC course must complete an approved eight-hour didactic course on IV therapy by August 2022. AND, if you wish to practice IV therapy, you must take both an approved eight-hour didactic IV therapy course and an approved IV therapy skills course. RNs also are welcome to take these classes.

Intravenous Therapy: Current Standards of Practice 1 (Online Course)
This eight-hour course meets the didactic portion of the new requirement for all LPNs with a well-rounded review of IV therapy. Topics covered will be legal aspects of IV therapy, peripheral IVs and central lines. You can work at your own pace and at times which fit into your schedule.

(0.8 CEUs) You will have several weeks to finish this class. You must have access to a computer and the internet. Certificates will be mailed to all who have successfully completed the course after the last day of class.

March 27-May 1 Online $79 NURS-3187-WBSA

Intravenous Therapy: Current Standards of Practice 2 Skills (Hybrid Course)
Prerequisite: You must take SCC's Intravenous Therapy: Current Standards of Practice 1 course before or at the same time as this course or provide proof of completion of a similar course.
This eight-hour course includes both online and face-to-face components. Successful completion of this course will meet the IV therapy skills course requirement for LPNs who wish to practice IV therapy.

(0.8 CEUs) You must have access to a computer and the internet. The hands-on skills portion of this course will occur on select Saturdays listed below. To successfully complete this course, you must complete the online component and attend a four-hour lab session. Certificates will be mailed to all who have successfully completed the course after the last day of class.

Trauma Nursing Core Course
Trauma nursing, as a discipline, refers to the process and content of the various roles nurses have in the care of the trauma patient. The purpose of TNCC is to present knowledge, refine skills and build a firm foundation in trauma nursing.

This course, developed by the Emergency Nurses Association, is designed for registered nurses who have at least six months of clinical nursing experience in an emergency care setting. Other health care professionals may audit the course.
Successful completion of the course requires 80% or greater on the multiple choice exam and 70% or greater on the skill station evaluation. RN candidates with successful completion will receive the ENA TNCC four-year provider verification card. All attendees will be awarded a contact hour certificate with appropriate contact hours. 17.65 contact hours are awarded for course completion. The TNCC Seventh Edition represents ENA's continued commitment to uphold its belief statements and provide quality, evidence-based trauma education for nurses worldwide. The Emergency Nurses Association is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Register by March 1 (No refunds after March 1)
Textbook will be mailed out the week of March 8.

Abuse & Neglect Prevention for Nursing Assistants
In order to be placed on the Nebraska Nurse Aide Registry, the state of Nebraska may require some nursing assistants to complete this one-hour course. The online course includes watching a video and reading material on patient rights, dignity, respect, and quality of life. Discussion is held on how to report suspected abuse to the proper authorities, both in a facility and in the community. RNs also are welcome to take this class.

(1.0 CEU) A quiz is given over the material and the video. When you have completed the one-hour online in-service, the state is notified by fax (within two business days) that you have completed the course. NOTE: For successful completion, you must spend an hour online and get 100% on the quiz. You can take the quiz as many times as needed. You can register at any time to take this course. If you prefer to take this course in a classroom setting, email continuinged@southeast.edu. To register and pay, go to http://bit.ly/RegisterCE. Keyword: Abuse

Introduction to Personal Computers for the Senior Citizen II
Prerequisite: Introduction to Personal Computers for the Senior Citizen I (OFFT-3503) or equivalent experience
We will expand on the topics of safely navigating the World Wide Web, find helpful information/locations on the Web and save/download items to your hard drive. We will organize email and gain confidence with attachments, explore the help categories on your hard drive, protect and save your information to various removable storage devices, customize your desktop, start menu and taskbar to make your computer quick and easy to use.
While taught on a Windows 10 operating system, the skills learned in these classes are easily transferred to other Windows environments. It is strongly recommended that participants have a computer at home. This class provides time for in-class hands-on practice and one-on-one assistance from the instructor.

Macintosh Basics
Prerequisite: Mac for the Beginner (GDMA-3612) or equivalent experience
This class is for the occasional user who wants to increase knowledge and skill on the Apple Macintosh operating system. Topics include creating and organizing folders and documents; organizing emails; customizing the dock; and setting preferences; efficiently navigating the internet and organizing bookmarks; connecting accessories; creating data backups; troubleshooting basic problems; and discovering self-help features such as search and find, online videos, help files, tutorials, and much more.
Each class session is customized to the students’ needs. No book required.

Intermediate Mac
Prerequisite: Macintosh Basics (GDMA-3575) or equivalent experience
This course will expand your basic Macintosh skills. Topics include basic maintenance, troubleshooting, backup strategies, disk repair and other tools to get the most out of your Mac. Learn tips and techniques to expand your computing skills. You also will learn how to increase the efficiency and security of your computer.
Each class session is customized to the students’ needs. No book required.

Windows to Mac Transition
This course is designed for the PC user who has just switched to the Mac either at work or home, and wants to find out how to adapt old working habits to the Macintosh Operating System. Topics include navigating the Mac interface, translating from Windows to Mac (“Alt” = “Option” for example), setting preferences, and other tasks. This course is for an experienced computer user (preferably purchased within the last two years and your device is fully charged). NEW! CCNA 1: Introduction to Networks
No prerequisites required
Begin preparing for a networking career with this introduction to how networks operate. This first course in the three-course CCNA series introduces architectures, models, protocols, and networking elements, functions needed to support the operations and priorities of Fortune 500 companies to small innovative retailers. You'll even get the chance to build simple local area networks (LANs) yourself. You'll have a working knowledge of IP addressing schemes, foundational network security, and be able to perform basic configurations for routers and switches.

This course will be offered in Fall 2021.

NEW! CCNA 2: Switching, Routing & Wireless Essentials
Prerequisite: CCNA 1: Introduction to Networks or equivalent knowledge
Delve further into the world of networking with the second CCNA course in a three-course series. This course focuses on switching technologies and router operations that support small-to-medium business networks, including wireless local area networks (WLAN) and security concepts. You'll perform basic network configuration and troubleshooting, identify and mitigate LAN security threats, and configure and secure a basic WLAN.

This course will be offered in Summer 2021.

NEW! CCNA 3: Enterprise, Networking Security & Automation
Prerequisite: CCNA 2: Switching, Routing & Wireless Essentials or possessing equivalent knowledge
Large enterprises depend heavily on the smooth operation of their network infrastructures. This is why networking professionals are vital to every organization, and those with networking skills can land a great job and set their sights on a rewarding career! This third course in the three-course CCNA series describes the architectures and considerations related to designing, securing, operating, and troubleshooting enterprise networks. It covers wide area network (WAN) technologies and quality of service (QoS) mechanisms used for secure remote access, along with the introduction of software-defined networking, virtualization and automation concepts that support the digitalization of networks.

This course will be offered in Fall 2021.

Welcome to Medicare
Medicare can be a complicated topic. Worst yet, there is a lot of misinformation that can lead to decisions that may result in penalty and a delay of benefits. In order to avoid mistakes you are invited to learn about the basics of Medicare and what you need to consider when you are approaching Medicare eligibility.

Welcome to Medicare will provide you with comprehensive information about Medicare and addresses these questions: What does Medicare cost and cover? When should I enroll in Medicare and what rules do I need to know? What is the difference between Medicare with a supplement versus Medicare Advantage?

You are invited to attend Welcome to Medicare to learn the answers to these questions and more. Welcome to Medicare is provided by Nebraska SHIP a member of the national SHIP Network and a division of the Nebraska Department of Insurance.

Nebraska SHIP will cover the cost.

Forest Bathing
Forest Bathing, or Shinrin-yoku, is the practice of engaging our senses in the restorative forest environment for mental and physical health benefits. The practice began in Japan and has grown in its use throughout the world. It has been shown to mitigate stress, reduce anxiety, anger, depression and sleeplessness. Components of plants and the natural environment have been found to stimulate positive immune system responses. Join us at the Prairie Pines Nature Preserve to participate in gently guided activities that engage your senses in connecting you to the energy and restoration of the natural world. The goal is to encourage personal practice as an ongoing free health intervention.

Performing Arts

Introduction to Stage Acting

If you have always wanted to be an actor but thought it was too late or wasn’t sure how to start, this class is for you. You will cover basic acting ideas through a scene study, actor warm ups, a few audition techniques, and basic theatre etiquette and knowledge. This course is perfect for anyone looking to get back in theatre, audition for the very first time or just wants to try something new.

Rachel Curtiss graduated with her Bachelor’s Fine Arts in Theatre Performance from Wichita State University in 2013. She studied in Chicago with Profiles Theatre, and performed in several productions with Edge of the Wood Theatre. She has been an active member of the Brownville Village Theatre since 2012 and is serving as Artistic Director alongside Mitchell Bean.

Mitchell Bean has his Bachelor’s in music and theatre from Central College in Pella, Iowa. He interned with the Coralville Center for the Arts in 2013. He recently moved to Omaha from Chicago and has been very active in the theatre scene in Brownville, with many off-season projects, and has been involved in the summer repertory season since 2012. He is an artistic director at the Brownville Village Theatre.

One-on-One Voice Lessons

Students will learn the basics of vocal technique, style, expression, artistry, performance, and audition preparation through one-on-one apprentice-style vocal instruction. All levels of music-lovers are welcome to come and improve their singing skills. Styles include classical, sacred, musical theater, and pop. Music reading skills will be offered, if needed, to help with the essentials of musicianship.

Repertoire selection will be made by student and instructor together. Dr. Jon Gruett has more than 35 years of experience as an instructor in academia and professional musical theater. After registration, a college representative will contact you to discuss your training needs. Training is scheduled at a time convenient for the student and instructor.

PHOTOGRAPHY

Digital Photography
Gain greater proficiency in digital photography while using an advanced amateur camera (adjustable), mirrorless interchangeable lens camera (MILC) or digital single-lens reflex (DSLR) camera. We will provide you with the fundamentals as you practice with your own camera. Basic principles of photography will be reviewed and the more sophisticated digital camera operations along with hardware options and software will be discussed.

A camera with adjustable shutter speeds, apertures and ISO is necessary for this class (e.g. DSLR, mirrorless interchangeable lens camera and/or advanced amateur digital camera).

Key: Photography

Digital Photography 101
It is suggested that students take Digital Photography 101 first. Digital Photography 201 covers the actual applications of digital photography, including how to choose each function for a particular use; which resolution to use when; improving camera performance; how to avoid accidental erasure or degradation of your photos; when, why and how to turn the flash on (or off); and problem solving to get predictable results.

Key: Photography

Digital Photography 301
It is suggested that students take Digital Photography 201. A study of various lighting techniques and contrast ratios, filters, special effects, and how to get those way-cool photographs of portraits, landscapes, night scenes, fireworks, time-exposures and more. This class is for those who want to go beyond “automatic” mode and learn how to get those really cool shots!

Key: Photography

Digital Photography Editing/Post Processing
This is an overview of editing digital images, both RAW and JPEG using the software you have on your laptop. You should have digital images with which to practice during the class. The recommend editing programs are: Photoshop CC, Affinity Photo, Luminar (up to Version 4) and DxO photolab. We will discuss noise reduction, sharpening, cropping and other techniques to enhance your masterworks.

**Intro to Fly Fishing**
Fly fishing is fun, relaxing and easy to learn. Our class is designed to introduce new flyfishers to the essential elements of fly fishing. You will learn to select and set-up the equipment, cast a fly rod, tie flies and land fish using traditional fly-fishing methods.

You will need to have a current Nebraska fishing license and park permit. All rods and other equipment are provided for use in class. There is a $10 supply fee payable at the first class. The fishing outings details will be discussed at the first class along with inclement weather dates. Your instructor Mark Forster has years of teaching fly fishing experience and brings a wealth of information to this class.

SCC is actively monitoring updates and making decisions based on recommendations from the Centers for Disease Control and Prevention, as well as local and state health authorities, concerning the outbreak of COVID-19 (Coronavirus). The health and safety of the College community is of high importance, and SCC plays an important role in slowing the spread of the virus. SCC Continuing Education is working on drive lab schedules that follow recommended safety practices. Details regarding requirements will be emailed to students at least two weeks in advance. Classes are subject to change, based on current local and state guidelines.

Credit Classes Offered at All Learning Centers

Are you thinking of starting college?
Are you needing to complete General Education classes for an SCC program or at another college?
Are you a high school student who would like to complete college General Education credit classes?

Credit classes are delivered via technology to the Learning Center classrooms. Students are able to participate in the class like any student in the originating classroom. Each class offered at the Learning Centers meets the requirement at SCC for general education classes for an Associate degree and/or a prerequisite class for a Health program. Check with your academic advisor on your degree plan.

Do you want to take a credit class that isn’t scheduled for your Learning Center?

SCC received a USDA rural development grant which included robots. The robots enable students in the Learning Center service area to attend class on one of the SCC campuses via robot. The student would initially be in the Learning Center to operate the robot, which would be driven from its campus home to the class. The robot is operated by the student via a computer using a few keys. The robots being used are from Double Robot. Contact your Learning Center staff if you would like to register to take a class by robot.

For Credit Class Schedule, visit www.southeast.edu/classschedules.

Placement Testing: ACCUPLACER®
ACCUPLACER® is one of the course placement tests utilized by SCC and other Nebraska community colleges. The test determines academic readiness for math and English courses.

- Each of the SCC campuses and Learning Centers provides the first ACCUPLACER® test to individuals at no cost. Anyone desiring to take the ACCUPLACER® again will be charged $15.

Proctor Tests
The Learning Center staff proctor tests set up by SCC faculty for students in their class for free. Proctoring tests for other colleges is $25 per test.

Contact the Testing Center on the Beatrice, Lincoln or Milford campuses or the Learning Centers at Falls City, Hebron, Nebraska City, Plattsmouth, Wahoo, or York for an appointment. Check the “How May We Assist You?” list on page 65 for contact information.

Transitions Lab
Do you feel overwhelmed by the thought of going to college? Would you like to return to college but don’t know where to start? Has it been awhile since you took a math class? Do you need help with computers and technology? Do you need to learn study skills? Do you have test anxiety? Would you like to review your reading, writing and math skills? The SCC Transitions Lab and advisors provide advising support and study resources to students.

Contact your Learning Center coordinator to schedule an appointment with a Transitions advisor or find out the next time one will be at your Learning Center.

Perk Up Thursdays
Jan. 7-March 25 • 10-11 a.m.
Join us Thursday mornings for relaxed networking and free coffee! Each week we feature a speaker who shares real stories about their business experiences and entrepreneurial journey. These stories include why an entrepreneur got started in their business, what they learned along the way, and what keeps them perked up and passionate about what they do.

Perk Up Thursday is held in the Focus Suites Commons (Third Floor, 285 S. 68th St. Place, Lincoln) or via Zoom. Location will be announced each week via email newsletter. Sign up for the newsletter at www.southeast.edu/entrepreneurship. Can’t attend a coffee? No worries. You can view them at your convenience on our YouTube Channel!

Focus Coaching is a customizable coaching experience designed to help entrepreneurs identify their strengths and vulnerabilities. Participants are introduced to tools for informed decision making. The first session is free so we can learn about your unique business situation, determine if Focus Coaching is a fit or if there is another resource we can recommend. See page 5 for more details.

To reserve the Suite Spot, schedule your free coaching appointment, or check out our spotlight speakers from Perk Up Thursday, visit www.southeast.edu/entrepreneurship or follow the Focus Suites on Facebook® and Twitter.

**Registration Information/Policies**

**Detailed Instructions for:**

**Paper Form for Mailing & Faxing**

1. Complete the registration form entirely. Name, SSN, Method of Payment, signature, and total amount due. Payment is due at the time of registration.
2. If your employer or government agency is paying for the course(s), attach a LETTER OF AUTHORIZATION on company letterhead from them, with tax exempt number or form if applicable, and we will bill. If charging books, three-business days advance notice is needed.

**Make a COPY of the completed form, or record the information for your reference.**

a. Registrations will be accepted through the first class meeting provided space is limited. Enrollments are accepted on a “first come-first served” basis.

b. Report to the first class session unless you are notified that the class is full or has been cancelled. Confirmations are not mailed.

c. If your class choice is filled and you have designated on your registration form an alternate course/selection which is available, you will be entered into the alternate class and notified by mail.

Payment differences if applicable also will be noted.

d. If your class choice is filled and you haven’t indicated an alternate, your payment will be mailed back promptly.

e. SCC reserves the right to cancel classes that do not have sufficient enrollment. A full refund of tuition and fees will be processed.

f. Cash, check, and charge card (Mastercard, American Express, Discover, and Visa) payments are accepted.

**Online**

**Login Help for Web Advisor**

User ID: Your User Id is your first initial + last initial + SCC ID number with no leading zeros. For example:

John Smith, SCC ID number 0123456: js123456

If you attempt to enter a User ID and it does not allow you to login, verify your User ID by following the steps under I’m New to Web Advisor.

**Don’t know your User ID or password?**

Go to the “I’m New to Web Advisor” link on the WebAdvisor page. It lists four steps to assist you in obtaining the information. When you click on OK, the system moves to a screen where you can obtain your User ID or password. Enter your last name, either your SSN or SCC ID number and click SUBMIT. If you are needing your User ID, the system will show your User ID on the screen. If you are changing your password, it will be emailed to you.

**THIS PASSWORD BECOMES YOUR NEW PASSWORD. WRITE IT DOWN SO YOU KNOW/REMEMBER IT!!** No one at the college can see your password. If you forget your password, it will need to be reset, which may take some time.

Online help is available to request that your password be reset and sent to an email address we have on file for you. You cannot change and/or add an additional email address when requesting your password.

You can change your password at any time through the Change Password link. The new passwords must contain an UPPERCASE letter, a lowercase letter, a number and a symbol.

**Why Can’t I Register Online?**

1. Do you owe the college money? (You must be free of any financial responsibility to the College in order to register)
2. Have you completed the prerequisite courses?
3. Have you filled out all the required information?
4. Does your information match what is on file?

**Confirations**

All registered students must report to the first class session unless you are notified by the College that the class is full or has been cancelled. Paper confirmations are not mailed. Online registration will generate a confirmation email.

**Drop/Withdraw From a Class**

**“No-Show” Students**

Failure to attend classes does not constitute a drop or withdrawal. “No Show” students will be billed and held responsible for full payment of the tuition and fees for the classes they are registered for because the “no show” student did not drop the class online using Web Advisor or with an “Official Drop/Add Form For Classes” within the designated refund period.

**Cancellation/Refund Policy**

SCC reserves the right to cancel any credit/non-credit classes that do not have sufficient enrollment. A full refund will be processed and you are not required to submit a drop form.

**Non-Credit Classes**

The student is entitled to a 100% refund for any non-credit class if the class is dropped the day before class begins. If a student drops a class the day class begins or after, there will be no refund.

**Credit Classes**

You are entitled to a 100% refund for any credit class officially dropped prior to 7.50% of the time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays, and weekdays.

“NO” refund is allowed after 7.51% of time has elapsed since the first day of the start of class, including Saturdays, Sundays, holidays, and weekdays. Your transcript will not show any registration data if you drop prior to 7.50% of the time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays, and weekdays. Specific drop dates for individual classes are published each term in the Credit Class Schedule.

For more information, go to The Hub at https://thehub.southeast.edu/stufinance/tuitrefund.

Please note that refunds are not automatic. To obtain a refund or adjustment on your account, you must drop the class online using WebAdvisor for Students or submit an “Official Drop/Add Form for Credit Classes” to the Campus Student Affairs Office prior to the deadline for dropping and receiving a refund. Refunds will not be granted after these deadlines.

**NOTE:** The language of instruction at SCC is English. Outside of foreign language classes, classes at SCC are conducted in English. All prospective students should be sufficiently proficient in English to a) complete any initial assessment requirements (e.g., COMPASS, ASSET, TOEFL); b) benefit from and fully participate in the instructional process; and c) understand any safety requirements/alerts/directives related to classroom participation and/or safe use of machinery/equipment related to the class.

El idioma de instrucción en SCC es el inglés. Fuera de las clases de idiomas extranjeros, las clases en SCC se imparten en inglés. Todos los estudiantes prospectivos deben ser suficientemente competentes en inglés para: a) completar cualquier requisito de evaluación inicial (por ejemplo, COMPASS, ASSET, TOEFL); b) beneficiarse y participar plenamente en el proceso de instrucción; y c) comprender cualquier requisito de seguridad/alertas/directivas relacionadas con la participación en el aula y/o el uso seguro de la maquinaria/ equipo relacionado con la clase.

Registration Information/Policies

General College Policies

Age Guidelines

SCC’s primary mission is to serve adults. However, youth are allowed to take classes under the following guidelines:

a. Individuals 16 years or older are eligible to enroll in courses, provided they meet any stated prerequisites.

b. Some courses are specifically designed for youth under 16 years of age, and/or for youth under 16 and adults in which both register and attend the class. Check course descriptions for details.

c. Children not enrolled in class may not accompany adults to class or wait in the building unsupervised.

Animals

Presence and Use of Animals - Bona fide service animals may accompany students, employees and visitors with disabilities to all SCC events, activities and locations. Local, state and federal laws regulate the use of service animals at SCC locations and/or events. Pets and Therapy Animals are generally not permitted in College facilities or at SCC events. Complete guidelines are available for review at the campus office, from the division deans, or in the Library Resource Center at your location.

ADA Reasonable Accommodations

SCC provides services and reasonable accommodations to allow persons with disabilities to participate in educational programs and other College activities. For information on requesting ADA reasonable accommodations, contact the SCC Area Access/Equity/Diversity Office.

Social Security Number

The College requests, but does not require, a student provide their Social Security number during the admissions process. Students who do not provide a Social Security number during the admissions process will be required to provide one for Federal Student Aid.

Students who do not have a Social Security number or Tax Identification Number are eligible to take classes and be admitted to a Program of Study; however, students should be aware that they may not be able to complete specific courses, clinical, cooperative experience, internship, or practicum experiences, receive continuing education units, or graduate from a program of study due to the inability to complete special course and program requirements including, but not limited to, background checks and non-SCC agency requirements. Students who do not have a Social Security Number also are not eligible to receive financial aid.

A student’s Social Security number information constitutes an "educational record" under FERPA. The College will be privileged to re-disclose that information only with the consent of the student or in those very limited circumstances when consent is not required by FERPA. Questions regarding Social Security or tax ID numbers should be directed to the campus Registration and Records Office.

FERPA

SCC has developed policies and procedures in compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974. The rights accorded students shall apply to all students 18 years of age or older, or no longer dependent upon their parents; students in a postsecondary education program, regardless of their age; and parents of eligible dependent students. All requests for student records and information must be in writing and directed to the campus Student Services Office. Questions relating to the release of records and information should be directed to the campus Student Services Office.

*Use of Photographs: Photographers employed or contracted by SCC regularly take photographs of people, either individually or in a group, to illustrate or describe various aspects of the College and campus life. These photographs will be taken at public venues such as athletic events and concerts. Or they may be taken in organized campus photo shoots where the subjects will have given verbal consent to be photographed. Individuals who are photographed while attending a public event or who verbally agree to participate in a photo shoot will be understood to have authorized SCC to use their likeness in print and electronic materials to promote the College. The College will retain the usage rights to the photographs in perpetuity. For more information, please see the College Catalog.
