Commencement Speaker

Governor Pete Ricketts

Governor Pete Ricketts was sworn in as Nebraska's 40th Governor on Jan. 8, 2015, and reelected to a second term in November 2018.

Over the past six years, Governor Ricketts has worked with the Legislature to deliver more than \$1.5 billion in direct property tax relief, dramatically reduce the rate of state spending growth, create new workforce development programming, cut unnecessary red tape to bolster Nebraska's business-friendly climate, and expand international markets for Nebraska's farmers and ranchers. Thanks in part to the Governor's leadership, Nebraska won the Governor's Cup for the most economic development projects per capita three years in a row from 2016 to 2018.

Former President Donald J. Trump has appointed Governor Ricketts to serve on the Council of Governors and the Advisory Committee for Trade Policy and Negotiations.

Born in Nebraska City and raised in Omaha, Ricketts is the son of an entrepreneur and a school teacher. Governor Ricketts and his wife, First Lady Susanne Shore, have been married for 23 years and live in Omaha. They have three children: Roscoe, Margot, and Eleanor.

Ricketts graduated from Westside High School before attending the University of Chicago where he earned his bachelor's degree in biology and an MBA in marketing and finance. After graduate school, Ricketts returned to Omaha and worked for Union Pacific before working as a customer services representative in his family's business, a company that would eventually become known as Ameritrade. He went on to hold leadership roles in the company, including Senior Vice President of Strategy and Business Development, Senior Vice President of Product Development, Senior Vice President of Marketing, President, and Chief Operating Officer (COO).

Prior to his election as governor, he worked to support Nebraska entrepreneurs and startup companies. Ricketts is the founder of Drakon, LLC that supports local entrepreneurs and startup companies. He also is a past board member of TD Ameritrade's Board of Directors and the Chicago Cubs baseball team.

Driven by a desire to give back to his community and create education and job opportunities, Governor Ricketts has taken on leadership roles in local and state associations and organizations. Currently, he serves on the board of the Mid-America Council of the Boy Scouts, as a director of the Nebraska Game and Parks Foundation, a member of the Board of Advisors of Opportunity Education Foundation, a member of the Archbishop's Committee for Development, a member of the Knights of Columbus, and a Knight of the Holy Sepulchre. Governor Ricketts and his family attend St. Margaret Mary's church.

National Anthem

Jon Gruett, Ph.D.

Dr. Jon Gruett is director of Southeast Community College's chorus, *After the Storm*, and also teaches individual voice lessons at both the Beatrice Campus and at the College's Education Square location in downtown Lincoln.

Dr. Gruett holds a doctor of musical arts degree from the University of Washington at Seattle, a master's degree from the University of Indiana and a bachelor's of music education degree from the University of Nebraska-Lincoln.

His performing credits include appearances with the opera companies of Bremen, Germany; Edinburgh, Scotland; Chicago, Los Angeles, San Diego, Cleveland, Boston, Seattle, and Milwaukee. He also has sung with the following orchestras: The Minnesota Orchestra, Chicago's Grant Park Symphony, the Milwaukee Symphony, and the Lansing Symphony. He has conducted and stage-directed more than 40 operas and musicals at the professional, university and high school levels and also has served as a guest director of opera at the Eastman School of Music.

A Letter from the President

Dr. Paul Illich

Dear Graduate,

Southeast Community College is committed to its mission of providing dynamic and responsive pathways to career and technical, academic transfer, and continuing education programs. SCC seeks to empower and transform the diverse learners and communities of southeast Nebraska. I congratulate you on successfully completing all requirements for graduation. One of our goals at SCC is to promote resiliency among our students by encouraging them to embrace the complexities and challenges associated with learning new and difficult concepts and skills. You have accomplished this goal of resiliency through diligent effort, commitment, and personal integrity.

This past year, each of you was given the unique challenge of navigating a pandemic while continuing to pursue your educational journey. I applaud you for your courage, persistence, and adaptability during this time. Your graduation from SCC during a pandemic will be a constant reminder throughout your life that you can achieve anything if you believe in yourself and embrace lifelong learning.

You began your journey at SCC as students and will leave as accomplished graduates prepared for employment in the workforce and/or transfer to a four-year college or university. This transformation could not have occurred without the tireless support of friends and family. The dedication and commitment of SCC's faculty and staff also played a key role in the accomplishments we celebrate this evening. Your graduation from SCC is the perfect thank you for their ongoing support.

Your time at SCC has transformed you in several ways. You are more confident by knowing new words, concepts, skills, and ideas about your particular field. According to neuroscience research, we know that studying and learning new information leads to changes in the brain. You now have additional neural connections as a result your decision to enroll at SCC. Depending on your particular field, different parts of your brain have likely changed over the past several months. The decision to enroll at SCC was not just a life-changing decision but, a brain-changing decision.

I congratulate you on the transformational decision to enroll in an SCC program. You have created the foundation for a new future for yourself. I encourage you to continue to make positive transformational decisions and to embrace adversity as an opportunity for personal growth and passionate resolve.

Paul Illich

The Academic Processional and Regalia

The academic processional that officially preludes the Commencement ceremonies on college and university campuses is one of the oldest and most colorful customs that link 21st century education with its early origins.

To signal the achievements of their students, American institutions of higher learning conduct a formal ceremony to award the appropriate degrees earned at the conclusion of prescribed study. The action of taking the degree — associate's, baccalaureate, master's or doctorate, as well as the designation of the day itself — is Commencement.

As cited in *Academic Heraldry in America* (Sheard, 1962), the academic regalia worn at Commencement is of medieval origin. Since the 11th century, when the rise of universities began, "learned clerks" robed themselves in gowns, caps and hoods, thus marking a difference between "town and gown." By this apparel they were recognized as belonging to the teaching guild, which was the Guild of the Master of Arts. In this organization, the bachelor was the apprentice of the master. This relationship was the forerunner of today's academic structure.

In the United States, professors continue to wear the gown and hood of the university from which they received their highest degree. The gown, in origin, may have been simply a type of overcoat to protect the teacher from the cold in unheated buildings; the cut or style seems to be derived from ecclesiastical attire. It has usually been black; however, in recent years some institutions have adopted a school color for their gowns. The gowns of bachelors and masters are usually without trimmings of any sort, whereas those of doctors are faced down the front with velvet and adorned with three velvet bars on the sleeves. The cap or "mortarboard" may have come from the squarish cap worn by the masons of the Middle Ages, or perhaps was suggested by the shape of the books that occupied so much of the scholar's time. Attached to a button atop the "mortarboard" is a tassel; bachelor's and master's tassels are black or color appropriate to the subject; doctors' tassels are black or golden. The tassel is worn on the left side by individuals receiving or have received a degree.

The hood, a triangular fold of cloth worn over the back of the gown, is faced with colors which denote the field of study represented by the wearer's degree; the colors of the lining are those of the college or university that granted the degree. The length of the hood is correspondingly longer with each higher degree. The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves and the borders of most hoods, are colored according to the scholarly field of the wearer.

Southeast Community College is a two-year institution of higher education governed by an 11-member Board of Governors elected from the College's 15-county service area in southeast Nebraska.

The College has campuses in Beatrice, Lincoln and Milford, as well as Learning Centers in Falls City, Hebron, Nebraska City, Plattsmouth, Wahoo, and York. SCC serves nearly 10,000 credit students through nearly 60 Programs of Study, including transfer and career/technical. Most can be completed in two years or less. The College also serves nearly 20,000 non-credit students enrolled in Continuing Education classes on the campuses and in communities throughout southeast Nebraska. Ninety-two percent of the students who graduated in 2020 found employment or continued their education.

SCC began operating in Lincoln in 1973 in various locations throughout the city. In 1979, the first building on the current Lincoln Campus at 8800 O St. was built. SCC obtained the Beatrice Campus, where the college's eight intercollegiate athletic programs reside, in the early 1970s. The Milford Campus, which originated in 1941 as Nebraska Technical College, also became part of SCC in the early 1970s.
