

## EMT National Registry Monthly Education for 2022

Here's a great opportunity for your volunteer department! Gather your members together for a two-hour monthly training over 10 months while satisfying all NREMT required topics and continuing education hours. Your entire fire department can register for \$500 for the complete series!

**All sessions are held via Zoom on the third Tuesday from 7-9 p.m. Each participant must attend all 10 sessions to receive a completion certificate.**

Register to attend in advance to receive the Zoom link for each monthly session.

Attending all 10 sessions will complete the National NREMT and Nebraska requirements to renew the EMT certification/license.

Registrations will need to be submitted by the EMS captain or training coordinator to receive certificates for hours.
