Summer 2022

Digital Photography

Designed to provide you with the fundamentals of digital photography as you practice with your own personal camera. You will gain greater proficiency in your photography and camera use as we review the basic principles of photography, along with more sophisticated digital operations, hardware options and software.

Equipment recommended: digital SLR camera with or without interchangeable lenses, however it must have adjustable shutter speeds, apertures and ISO.

Digitizing Memories

Do you have envelopes full of negatives and slides or boxes of photos? Discover how to preserve these in a more organized form by scanning them. We will look at scanning techniques and some of the devices to make scanning easy. Discussion will involve the software necessary to scan your negatives, slides and photos and look at the software "VueScan."
