

## **Use of Restricted Parking Spaces at Southeast Community College Locations Administrative Guidelines and Procedures – Effective 7/1/00**

**General Purpose** - Pursuant to legal mandates, SCC has designated restricted/accessible-parking spaces at each campus location for the exclusive use of individuals with disabilities who have specific limitations. These administrative guidelines and procedures are intended to:

- Inform college officials, staff and students on each campus as to the appropriate/legal use of restricted parking spaces,
- Clarify the process for responding to requests from SCC students or employees for temporary permits to use restricted parking spaces,
- Establish a procedure for requesting and issuing temporary permits, and
- Inform college officials, staff and students of the penalties for unauthorized or inappropriate use of restricted parking spaces on campus.

**Use of Restricted Parking Spaces** - Each campus has designated restricted/accessible-parking spaces at each campus location. These restricted parking spaces are identifiable by the blue signs bearing the International Symbol of Accessibility (wheelchair) immediately adjacent to and visible from such stall. It should be clearly and conspicuously noted that these restricted parking areas are designated as a “tow-in” zone.

Use of these designated parking areas is restricted to and provided exclusively for use by persons with disabilities or persons with temporary disabilities, or motor vehicles used for the transportation of those persons. Use of these spaces is appropriate and authorized only when:

1. The person with a disability has properly obtained and appropriately displays in the vehicle a valid state-issued restricted disability parking permit or license plate, or
2. The person with a disability has properly obtained and appropriately displays a valid SCC-issued temporary permit to use restricted parking as authorized by the Plant Superintendent of the campus, **and**

For the purpose of monitoring the appropriate use of restricted parking spaces on campus, the College may, as deemed appropriate and necessary by the Plant Superintendent, the Campus Administrator, or the Vice President for AA/Equity/Diversity, contact the Nebraska Department of Motor Vehicles for information from their registry of the names, addresses, and license numbers of persons who obtain special license plates and all persons who obtain a disabled parking permit from the state.
