EVOLVE → ENGAGE → EMPOWER

Leadership is a covenant between those who seek to lead and those who choose to follow that allows both to achieve goals neither could realize on their own. For leaders to earn the trust and respect of followers that's needed to create and maintain this covenant, leaders must develop into the most competent, honest, caring, and dependable versions of them, i.e., they must "evolve."

Leaders need followers. Once a leader has the capacity to earn and keep the trust and respect of followers by evolving over time into the "best" versions of themselves, leaders need to gain and keep the willing cooperation of followers to achieve a mutually-beneficial goal. This is accomplished by involving followers in efforts that lead to desirable outcomes.

Ultimately, leaders are only as effective as their followers. Consequently, leaders invest heavily in helping followers maximize their strengths and managing their weaknesses.

CREDIT CLASSES OFFERED AT ALL LEARNING CENTERS

Are you thinking of starting or continuing college?

Credit classes are delivered via technology to the Learning Center classrooms. Students can participate in the class like any student in the originating classroom. Each class offered at the Learning Centers meets the requirement at SCC for general education classes for an Associate degree and/or a prerequisite class for a Health program. Check with your academic advisor on your degree plan.

Do you want to take a credit class that isn't scheduled for your Learning Center?

SCC received a USDA rural development grant which included robots. The robots enable students in the Learning Center service area to attend class on one of the SCC campuses via robot. The robot is operated by the student via a computer using a few keys. Contact your Learning Center staff if you would like to register to take a class by robot.

Students who do not have a Social Security number or Tax Identification Number are eligible to take classes and be admitted to a Program of Study; however, students should be aware that they may not be able to complete specific courses.

A student's Social Security number information constitutes an "educational record" under FERPA. The rights accorded students shall apply to all students 18 years of age or older, or no longer dependent upon their parents; students in a postsecondary education program, regardless of their age; and parents of eligible dependent students. All requests for student records and information must be in writing and directed to the campus Student Services Office. Questions relating to the release of records and information should be directed to the campus Student Services Office.

CANCELLATION/ REFUND POLICY

SCC reserves the right to cancel any credit/ non-credit classes that do not have sufficient enrollment. A full refund will be processed and you are not required to submit a drop form.

The student is entitled to a 100% refund for any non-credit class if the class is dropped the day before class begins. If a student drops a class the day class begins or after, there will be no refund.

For Credit Classes cancellation/refund policy, visit southeast.edu/withdrawal-refunds-returns.

Failure to attend classes does not constitute a drop or withdrawal. "No Show" students will be billed and held responsible for full payment of the tuition and fees for the classes they are registered for because the "no show" student did not drop the class online using Web Advisor or with an "Official Drop/Add Form For Classes" within the designated refund period.
