On behalf of the Board of Governors, the administration, faculty and staff, welcome to Southeast Community College. We are excited that you have chosen SCC, and we will do everything we can to make your Southeast experience positive.

This catalog contains detailed information about our various

programs of study, including what courses you will be taking, the types of jobs you can expect after successful completion, and what skills you will use on the job. There also is a section on the many continuing education opportunities available throughout our service area. With so many options to choose from, we believe you will find a program or class that is perfect for you.

Southeast is a vibrant two-year public institution of higher education serving a primary area of 15 counties in southeast Nebraska. With multiple face-to-face locations and a growing online student population, SCC is well-positioned to meet the needs of students of all ages.

With a 90+ percent graduate placement rate and very affordable tuition and fees, SCC is a tremendous value. Our unique blend of career/technical programs will provide you with the skills necessary to compete in today's workforce. We also offer an academic transfer program for students who wish to complete the first two years of a four-year degree.

SCC also offers continuing education opportunities that include professional growth and customized training services for business and industry. The College's entrepreneurship center is one of only a few in the United States to hold the highest accreditation available.

Southeast takes great pride in putting students first. Our classes are small, creating a comfortable learning environment. And our award-winning faculty focuses on excellence in teaching and your success, whether it's getting you a job or preparing you to transfer to a four-year institution. Our staff of dedicated professionals will provide you with career counseling, financial aid information, career placement and many other support services.

We welcome students of all races and nationalities, women and men, people with disabilities and students of all ages in our programs and activities. SCC values diversity as an important part of the educational process and continues to seek students, faculty and staff who bring a variety of life experiences and viewpoints to the College.

Congratulations and best wishes. You have become part of a team dedicated to your success.

Architectural-Engineering Technology

☑ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Architectural technician
- Engineering technician
- Estimator
- Heating and plumbing layout and drafting
- Structural steel and wood detailer
- Building contractor

Graduates of this program are trained to be special members of a team that assist both the architect and engineer.

Architectural-Engineering graduates are working throughout the United States. SCC has placed graduates on both the East and West coasts, but the majority of the graduates are placed in Nebraska and surrounding states. Students work in companies of various sizes. Some graduates continue their education at a four-year college or university to earn a Bachelor's degree.

PROGRAM OVERVIEW

This program is available only on the Milford Campus. Students are admitted during the summer and winter quarters. Every 18 months, students are admitted during the spring and fall quarters. Call the Admissions Office for the next available entry times.

FOR MORE INFORMATION CONTACT:

Dean R. Roll, Program Chair
402-761-8269, 800-933-7223 x8269, droll@southeast.edu
or the College Admissions Office
Milford 402-761-8243, 800-933-7223 x8243

MILFORD CAMPUS

Prepares students for careers in architectural and engineering building technologies

Credit Hours Required for Graduation: 135.0

Following is a suggested guide for a full-time student to complete an A.A.S. degree in Architectural-Engineering Technology. Graduates of the program are trained to be a special member of an engineering or architectural team, assisting both the engineer and architect. Students may substitute academic transfer courses for vocational general education courses.

Please note: ALL Architectural classes must have a minimum grade of "C" or above for graduating from this program. Corequisite classes must be taken during the same quarter, as theory & lab information changes each quarter. All classes, ARCH1103 through ARCH2546 are prerequisites for acceptance into the 6th quarter.

Course list for General Education requirements on page 65.

ARCHITECTURAL-ENGINEERING TECHNOLOGY COURSES:

COURSE #	COURSE TITLE	CREDIT HRS
ARCH1103	Materials of Construction	3.0
ARCH1107	Heating & Air Conditioning Systems I	3.5
ARCH1115	Light Construction Principles	5.0
ARCH1150	Computer Aided Drafting I (CAD)	2.0

Associate Degree Nursing

☒ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Staff nurse in a variety of settings, including acute care, surgery centers, clinics, and long-term care facilities

Graduates are eligible to apply to sit for the National Council Licensure Examination (NCLEX-RN.) Graduates must pass the NCLEX-RN to obtain a license as a Registered Nurse.

Program graduates work in small and large facilities throughout Nebraska and the United States.

Many graduates have continued their education and are on the way to earning a Bachelor's or Master's degree.

PROGRAM OVERVIEW

This program provides instruction in basic nursing skills, medical/surgical nursing, maternal/child nursing, mental health, and gerontology. An intensive curriculum of math, chemistry, microbiology, anatomy, physiology and other related sciences gives students an essential academic foundation for 615 hours of clinical practice in various settings.

General Education courses may be taken at any SCC location or transferred from an accredited college or university.

The Associate Degree Nursing program is available only on the Lincoln Campus.

APPLICATION REQUIREMENTS

Students must fulfill special program requirements before they will be admitted into the program's core courses. Contact the Admissions Office for a self-advising sheet and more information.

FOR MORE INFORMATION CONTACT:

Virginia Hess, Program Chair
402-437-2730, 800-642-4075 x2730, vhess@southeast.edu

or the College Admissions Office
Lincoln 402-437-2600, 800-642-4075 x2600

LINCOLN CAMPUS

This program is accredited by the National League for Nursing Accrediting Commission, 61 Broadway Street, New York, NY 10006, 212-812-0390, www.nlnac.org; and approved by the Nebraska Board of Nursing.

Credit Hours Required for Graduation: 108.0

PROGRAM REQUIREMENTS:

All courses must be completed with a grade of C+ or better before enrolling in Associate Degree Nursing (NURS) core courses. The math and science courses must have been completed within the last 5 years.

Human Anatomy w/Lab	6.0
Biology of Microorganisms w/Lab	6.0
Human Physiology w/Lab	6.0
Chemistry & the Citizen w/Lab	6.0
Intro to Sociology	4.5
College Algebra (or higher)	4.5
33.0 hours	

General Education Requirements may be completed prior to enrolling in Associate Degree Nursing (NURS) core courses as well.

SPECIAL PROGRAM REQUIREMENT:

A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.

Please note: Misdemeanor or felony convictions may prevent a graduate from acquiring a state license. Contact the State Board of Nursing with questions.

SPECIAL PROGRAM REQUIREMENTS FOR ADMISSION TO ASSOCIATE DEGREE NURSING (NURS) CORE COURSES:

1. Complete an application for admission to the Associate Degree Nursing (ADN) program after 33 credit hours have been completed with a grade of C+ or better in the courses taken prior to enrollment in the Nursing (NURS) core courses.
2. Provide the Application for Admission, health statement, and self-advising sheet to the Admissions office.
3. Must have passed the "Basic Nursing Assistant" course and be on "Active Status" in the Nebraska registry before starting NURS 1206 (Introduction to Professional Nursing).
4. Current CPR card for Healthcare Providers is required before starting (NURS) Associate Degree Nursing courses.

Other courses to improve success:

- MEDA1101/1102 Medical Terminology I, II;
- INFO1010 or BSAD1010 Computer Literacy
- PSYC1250 Interpersonal Relations
- PSYC1810 Introduction to Psychology

Following is a list of required courses to complete an A.A.S. degree in the ADN program.

ASSOCIATE DEGREE NURSING CORE COURSES:

COURSE #	COURSE TITLE	CREDIT HRS
NURS1304	*Transition**	1.0
NURS1206	*Intro to Professional Nursing	2.0
NURS1207	*Intro to Nursing Pharmacology	2.0
NURS1305	*Nursing Concepts I	6.0

Auto Collision Repair Technology

☒ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Auto body repair technician
- Paint and prep technician
- Insurance appraiser/estimator
- Frame technician
- Sales representative
- Auto restoration technician
- Welder

Program graduates are working in small companies and Fortune 500 companies throughout Nebraska and the entire nation. Others have continued their education.

PROGRAM OVERVIEW

The Collision Repair Technology program is available only at the Milford Campus and admits students for the winter and summer quarters. This program is an introduction to the collision repair industry, including estimating, metal repair, welding, refinishing, and detailing. Tools are required as part of the program. For cost estimates, please request the program estimated expense form. Students also have the opportunity to work on their own vehicles, giving them real-world, on-the-job experiences. Upon completion of the program, students will qualify for one year of work experience required by ASE for technician certification.

MILFORD CAMPUS

This program is accredited by the National Automotive Technicians Educational Foundation (NATEF), 101 Blue Seal Drive, Suite 101, Leesburg, VA 20175, 703-669-6125, www.natef.org

Credit Hours Required for Graduation: 105.0-106.5

The Auto Collision Repair Technology program is ASE certified by the National Automotive Technicians Educational Foundation (NATEF), and was the first Auto Collision Repair program certified in the state of Nebraska. Students gain the entry-level basics of auto collision repair and master the skills required for today's structural and non-structural body components. This is the only Auto Collision Repair Technology Program in the state of Nebraska to offer I-CAR (Inter-Industry Conference on Auto Collision Repair) Welding Qualification Certification.

Course list for General Education requirements on page 65.

Automotive Technology

☒ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

• Diagnostic and repair of all areas of the vehicle, including all aspects of engine repair, transmissions, suspension systems and brakes, electrical/electronics, heating and air conditioning and diagnostics.

- Service writer
- Service dispatcher
- Service manager
- Warranty clerk
- Parts counter personnel
- Sales associate

Activities in this field include researching service information using manuals or computer-based programs, using an extensive array of hand tools and diagnostic equipment, writing, speaking, and basic math skills.

Program graduates are employed in dealerships, independent shops, fleet service facilities and owner/operator shops.

PROGRAM OVERVIEW

This program is available on the Milford and Lincoln campuses. Upon completion of the Associate of Applied Science degree, graduates will have earned one year toward the two-year ASE certification.

TYPES OF JOBS AVAILABLE:

- Concrete/masonry specialist
- Carpenter
- Cabinet maker
- Drafting/Estimating
- House construction

Many students focus on a career involving framing or trim, working for residential and light commercial construction contractors. Others may have opportunities in concrete and/or masonry construction with companies ranging in size from small to large.

Most employers are looking for aggressive, motivated and energetic employees who desire to excel and move forward with their career. Many choices exist that will allow students to grow in that company for a period of time to become responsible and, over time, to develop supervisory skills.

PROGRAM OVERVIEW

The Building Construction Technology program is available only at the Milford Campus. This program offers drafting and estimating skills, masonry/concrete and cabinet construction not offered at some construction schools.

Students have an opportunity to participate in the award-winning National Association of Home Builders student chapter or the Associated General Contractors student chapter. These affiliations provide an excellent chance to acquire more industry exposure and to help further develop the necessary leadership skills important for employment success.

Business Administration

☑ Associate of Applied Science Degree ☑ Diploma ☑ Certificate

TYPES OF JOBS AVAILABLE:

- Assistant manager
- Sales associate
- Executive director assistant
- Human resources assistant
- Customer service associate
- Insurance agent
- Self-employed
- Accounting clerk
- Accounts receivable manager
- Billing clerk
- Bookkeeper
- Office assistant
- Business analyst
- Long-Term Care administrator
- Assisted living manager

PROGRAM OVERVIEW

The program is available online and at all three campuses in Lincoln, Beatrice and Milford. Students may focus in General Business, Accounting, Marketing, Entrepreneurship, Information Systems, or Long-Term Care Administration. Students may pursue a basic course of study leading to a certificate, diploma or choose from focus areas, which lead to an associate of applied science degree.

As Business Administration graduates, students in marketing are trained to work in a retail environment, insurance company, or in non-profit organizations.

Students in the Information Systems Focus can work as a liaison with IT and business to design and implement computer systems to support the needs of business. This focus area is not available entirely online and requires some IT courses which are only available on the Lincoln and Milford campuses.

Students in the General Business Focus can hold positions in the marketing, accounting, and business management fields.

Students in the Long-Term Care Administration Focus hold positions as long-term care administrator and assisted living manager.

Program graduates are working in small and large companies throughout Nebraska and surrounding states. Other graduates are continuing their education.

SPECIAL PROGRAM REQUIREMENTS:

Students who wish to pursue their education in Business Administration must complete the regular College admission requirements and the following special requirements:

1. Students will need previous accounting work experience or course work in accounting, which can be validated from high school and/or college transcripts. Students who cannot validate competencies in accounting may take courses in this area at SCC or elsewhere; credit earned in the course listed below will not count towards graduation.
 - Office Accounting I (OFFT1310)
2. Students will need to demonstrate keyboarding skills of at least 30 words per minute minimum. Students who cannot validate competencies in keyboarding must take courses in this area at SCC or elsewhere; credit earned in the courses listed below will not count towards graduation.
 - Beginning Keyboarding I (OFFT1010)
 - Beginning Keyboarding II (OFFT1020)

ALL CAMPUSES

This program is accredited by the Association of Collegiate Business Schools & Programs. 7007 College Blvd, Suite 420, Overland Park, KS 66211, (913) 339-9356, www.acbsp.org

Credit Hours Required for Graduation:

• Certificate:	36.0
• Diploma:	51.0
• Associate of Applied Science Degree:	
Accounting Focus:	108.5
Entrepreneurship Focus:	110.0
General Business Focus:	109.5
Information Systems Focus (on-campus only)	109.5–112.0
Long-Term Care Administration Focus:	109.5
Marketing Focus:	110.0

All prerequisite courses must have a grade of "C" or better to continue through the program.

VPUB1110	Publishing Concepts	4.5
VPUB1111	Platform Manipulation	4.5
VPUB1112	Elements of Design	4.5
OFFT, VPUB or INFO adv. app. electives**		9.0

40.5 hours

**Other OFFT/VPUB/INFO classes may be taken but are not to exceed 9 hours, may not include previously taken classes, and may not include OFFT1010/ OFFT1020/ OFFT1310/ INFO1000/ INFO1005/ INFO1010. Refer to catalog for a complete listing.

INFORMATION SYSTEMS FOCUS:

(THIS FOCUS MUST BE COMPLETED ON-CAMPUS IN MILFORD OR LINCOLN.)

This business focus would prepare an individual to research, design and implement computer based or automated business systems. This person would be responsible for researching and gathering business requirements, designing and prototyping application interfaces, reports and documentation. Other job opportunities include: Business Systems Analyst, Software or Application Developer, System Application Specialist and Quality Assurance. Students will need to complete the following courses and then choose one option to complete an A.A.S Degree.

COURSE #	COURSE TITLE	CREDIT HRS
INFO1151	Computer Fundamentals	4.5
INFO1214	Program Design and Problem Solving	4.5
INFO1111	Logic and Design	5.0
INFO1217	Database Management	5.0

* Course has prerequisite.

LONG-TERM CARE ADMINISTRATION FOCUS:

This business focus area allows an individual to work toward licensure in Long-Term Care Administration. This person is responsible for planning, organizing, directing, and controlling the operation of a Long-Term Care facility, a home for the aged or infirm, or an integrated system. Other job opportunities include: Managing Assisted Living Facilities, Director of Senior Center, and Aging Services.

PLEASE NOTE: THIS FOCUS IS ALSO OFFERED THROUGH THE HUMAN SERVICES PROGRAM.

COURSE #	COURSE TITLE	CREDIT HRS
BSAD2370	Human Resources Management	4.5
BSAD2520	Principles of Marketing	4.5
ECON1200	Personal Finance	4.5
HMR2541	Social Services-Long-Term Care Facility	4.5
HMR2542	Financial Management for Long-Term Care	4.5
HMR2544	Patient Care and Services	4.5
HMR2547	Administration for Long-Term Care Facilities	4.5
HMR2549	Rules, Regulations, and Standards Relating to the Operation of a Health Care Facility	4.5
HMR2550	Introduction to Assisted Living	4.5
		40.5 hours

In addition to having an associate degree and the five core educational requirements for Long-Term Care administration, the student/candidate must complete a 640-hour administrator in training or mentoring program through and determined by the state of Nebraska. Lastly, the student/candidate will need to pass the National Association of Boards of Examiners for Long-Term Care Administration exam. There will be additional fees that will need to be paid to the state of Nebraska and NAB.

MARKETING FOCUS:

This business focus is designed to develop specific skills in business marketing. The following courses must be completed for an A.A.S. Degree.

COURSE #	COURSE TITLE	CREDIT HRS
BSAD2030	*Co-op Supervised Employment or	
BSAD2365	Leadership Practicum	5.0

Chrysler CAP - College Automotive Program

☒ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Entry level technician

This program is offered jointly by Chrysler and SCC, in cooperation with Chrysler dealers.

Students in the program are required to have a sponsoring Chrysler dealer.

PROGRAM OVERVIEW

This program runs seven quarters. During the first, third, fifth and seventh quarters, students are on campus studying electronics, engine repair, transmission repair, and heating and air conditioning. During the second, fourth and sixth quarters, students are at the dealership on co-op, gaining experience working with a mentor master technician, in the subjects they studied the previous quarter when they were on campus.

This earn-while-you-learn approach to mastering the different automotive systems has proven to be beneficial to both the students and dealers.

Please note: If a student's dealership-sponsored employment is terminated for reasons beyond the student's control, such as lack of work, the student may be allowed to seek a different sponsoring dealership to continue in the program. If a student's dealership-sponsored employment is terminated for inappropriate behavior, such as failure to follow policies, poor attendance, lack of cleanliness and/or dishonesty, the student will be deemed "less than competent to perform required tasks" and will not be allowed to continue in the program.

FOR MORE INFORMATION CONTACT:

Computer Aided Design Drafting

☑ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Within commercial architecture
- Within electronics
- Design engineering of consumer products

Computer aided design drafters are responsible for the dynamic new designs of most structures and consumer products available today. In engineering and architectural offices across the nation, designers have many responsibilities that will employ their abilities to think "outside the box" as they create solutions to today's design challenges.

Program graduates are employed by large and small businesses and by government agencies.

Design drafters are professional people involved in the process of creating solutions to technical engineering design problems. They work in a specialized environment as communicators and must exhibit good written and verbal skills, along with the use of high levels of math and physics to create new industrial, commercial and business products.

PROGRAM OVERVIEW

The program is available only on the Lincoln Campus and admits new students every quarter. Students must earn a minimum course grade of "C" or better in all prerequisite and program courses to continue to the next course.

FOR MORE INFORMATION CONTACT:

Dan Masters, Program Chair
402-437-2650, 800-642-4075 x2650, dmasters@southeast.edu
or the College Admissions Office
Lincoln 402-437-2600, 800-642-4075 x2600

LINCOLN CAMPUS

Credit Hours Required for Graduation: 120.0

Computer Aided Design Drafting is communication through the use of graphic representation and creation of 3-D designs. Students take courses that prepare them for employment in a variety of exciting and rewarding areas of computer aided design. Students take courses using computer-aided-drafting software in the first three quarters as a prerequisite for advanced computer aided drafting courses. Computer design labs are designed to give students hands-on training in an atmosphere commonly found in industry. With the use of 3-dimensional rapid prototyping plotters students produce solid ABS plastic parts. This simulates the activities Design Drafters would be involved in working with many companies. Please note: Students may substitute academic transfer courses for vocational general study courses. A minimum grade of "C" or 70% is required in all courses for graduation from this program.

Students must take an entry evaluation test for the Basic Computer Aided Drafting Course DRAF1120. Students must have a test score of B+ or better or take the DRAF1120 course for placement into the CADD program. Students may use Tech Prep credit from high school in-stead of taking the DRAF1120 course or the evaluation test.

CORE COURSES:

COURSE #	COURSE TITLE	CREDIT HRS
DRAF1110	Design Drafting Concepts	3.0

Computer Information Technology

☒ Associate of Applied Science Degree ☒ Certificate

TYPES OF JOBS AVAILABLE:

- Network manager

Graduates of this specialization set up, maintain and manage computer networks.

- Computer support specialist

Graduates of this specialization may work as the main computer resource technician in a company or may work as a member of a team providing help desk support.

- Programmer

This focus provides intensive training in computer languages such as Java and Visual Basic which are predominant in business and industry.

- Web applications programmer

This focus offers training for those programming behind the scenes of a Web site. Students learn programming languages along with Web development technologies, such as Javascript and PHP.

PROGRAM OVERVIEW

The program is offered both day and evening on the Lincoln Campus. Students in the program can complete an Associate of Applied Science degree. There are four areas of career emphasis: Network Manager, Computer Support Specialist, Programmer and Web Applications Programmer. A Certificate also is available for anyone wishing to add basic computer training to already existing skills.

TYPES OF JOBS AVAILABLE:

- Within the IBM computing platforms microcomputer (PC), mainframe (zSeries) and the mid-range (iSeries).

PC courses include Visual Basic, Java, HTML, JavaScript, Java Servlets, embedded SQL and JSPs as well as Microsoft Office products.

These courses will provide the programming skills needed to develop, implement and maintain Web-based applications.

The zSeries courses include JCL, TSO/ISPF, embedded DB2/SQL, COBOL and CICS. Students also are responsible for creating a working business system. Student groups interview area businesses, then design and code a business system. Students experience the project team environment common in business system development.

The iSeries curriculum focuses on the RPG IV programming language. Students create interactive applications that utilize sub-file processing. Students also will gain experience using Control Language, DDS, SEU, PDM, DFU, CLP and SDA.

Students will have hands-on experience on all three platforms and will develop an understanding of how these platforms work together in a multi-platform environment typically found in business and industry today.

The program will prepare students for attaining employment in a competitive IT market. Students will be able to choose companies based on their experience with a single platform or with a multi-platform environment.

PROGRAM OVERVIEW

Students will be able to complete the program in 18 months and will graduate with an Associate of Applied Science degree. Students not only have the option of employment, but they also may transfer credit to a four-year college or university to complete a Bachelor's degree. This program is available only at the Milford Campus.

'NLETC REQUIREMENTS':

NLETC Admissions and Physical Training: Students entering the Law Enforcement focus should be aware of the admission requirements for acceptance at the Nebraska Law Enforcement Training Center for the 12 credit hour internship to complete requirements for the Associate of Applied Science degree. Students must meet the 'NLETC Requirements' as part of the application process at the Training Center.

1. Take and pass the required Test of Adult Basic Education before the processing of any paperwork can be done
2. Be a citizen of the United States
3. Be 21 years of age or older
4. Be a high school graduate or provide GED
5. Possess a valid motor vehicle operator's or chauffeur's license
6. Have 20/20 vision or correctable to 20/30 in both eyes
7. Have normal hearing or corrected to normal hearing
8. Submit 4 fingerprint cards for criminal record search
9. Possess good character as determined by a thorough background check conducted by the Training Center
10. Have not used illegal drugs or narcotics in the past two years
11. Have not been convicted of DUI in the two years immediately preceding admission to the Training Center
12. Submit to a physical exam within one year prior to admission and provide medical history
13. Provide current photograph
14. Provide driving record (obtain from NE Department of Motor Vehicles)
15. Pay \$100 non-refundable processing fee
16. Plan to submit application to the Training Center six months prior to attending
17. Plan to interview at the Training Center as part of the admission process
18. Have CPR & First Aid Certification

Course list for General Education requirements on page 65.

Deere Construction & Forestry Equipment Tech

☒ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Servicing engines; power trains; hydraulic, electrical and electronic systems; air conditioning diagnosis and repair
- Field service worker

This program is offered jointly by Deere Construction & Forestry Equipment and SCC, in cooperation with Deere Construction & Forestry Equipment dealers.

Student in the program are required to have a sponsoring Deere Construction & Forestry Equipment dealer. Students are expected to continue employment at the dealership after graduation.

PROGRAM OVERVIEW

This program is offered on the Milford Campus. New students are admitted every two years. In addition to meeting general SCC requirements, students are tested to evaluate potential for success in the program.

Please note: If a student's dealership-sponsored employment is terminated for reasons beyond the student's control, such as lack of work, the student may be allowed to seek a different sponsoring dealership to continue in the program. If a student's dealership-sponsored employment is terminated for inappropriate behavior, such as failure to follow policies, poor attendance, lack of cleanliness and/or dishonesty, the student will be deemed "less than competent to perform required tasks" and will not be allowed to continue in the program.

FOR MORE INFORMATION CONTACT:

Milford 402-761-8243, 800-933-7223 x8243

MILFORD CAMPUS

Credit Hours Required for Graduation: 145.5-147.0

The program prepares students to be entry-level service technicians with Deere Construction & Forestry dealerships. Graduates typically continue employment with their sponsoring dealership. Each student spends five quarters on campus and two quarters working in a sponsoring Deere Construction & Forestry dealership. John Deere University Levels 1 & 2 Construction & Forestry Equipment classes must be successfully completed to qualify for graduation. These classes are assigned during the student's seventh quarter of training.

Course list for General Education requirements on page 65.

Deere Construction & Forestry Equipment Tech courses:
Course offerings and prerequisites will be determined by the program. A grade of "C" (2.0) or better in all JDCE classes is required to progress through the program.

Dental Assisting

☒ Diploma

TYPES OF JOBS AVAILABLE:

- Within clinics, dental offices and laboratories

Dental assistants work with dentists to provide treatment to patients and help patients be as comfortable as possible during the dental treatment. During the dental procedure, they keep the patient's mouth clean with suction devices and prepare materials for making impressions. They also assist with oral surgery and restorations, and they expose and process radiographs as directed by a dentist. Other skills used by dental assistants:

- coronal polishing of teeth
- sterilizing and disinfecting dental equipment and instruments
- preparing tray setups for dental procedures
- providing post-operative instructions and care to patients pertaining to oral health practices; and
- exposing and developing x-rays

In some offices, dental assistants may also manage the entire dental office, arrange and confirm appointments, greet patients, keep treatment records, send statements, receive payments, file insurance forms and order dental supplies and materials.

PROGRAM OVERVIEW

The program is offered only at the Lincoln Campus.

FOR MORE INFORMATION CONTACT:

Susan Asher, Program Chair
402-437-2740, 800-642-4075 x2740, sasher@southeast.edu

LINCOLN CAMPUS

This program is accredited by the Commission on Dental Accreditation (CODA), 211 East Chicago Avenue, Chicago, IL 60611, 312-440-2500, www.ada.org

Credit Hours Required for Graduation: 76.0

The Dental Assisting program provides opportunities to develop specialized skills in dental health education, chairside assisting, laboratory procedures, and business office operating procedures. The program provides clinical experiences at the University of Nebraska Medical Center-College of Dentistry, the Veterans Administration Dental Clinic, the Lincoln/Lancaster-County Dental Clinic, the People's Health Clinic and in private dental offices. Graduates of the program are eligible to take the chairside certification examination of the Dental Assisting National Board, Inc., www.danb.org.

All (DENT) courses must be passed with a 75% (C+) or above. All General Education courses must be passed at the 70% (C) or above.

SPECIAL PROGRAM REQUIREMENT:

A criminal background check (CBC) will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this background check.

	13.5
	22.5 hours

SPECIAL PROGRAM REQUIREMENTS:

In addition to the criminal background check, students who will be taking classes or practicums where they will be working directly with children or adults will be charged a nominal fee for insurance. Persons must be declared Early Childhood Education Program students in order to register for any lab, practicum or co-op course that requires First Aid/CPR certification. Upon enrolling in ECED1220 Pre-Practicum, students will be required to complete an "Authorization and Disclosure Form" and "Abuse Registry Form." Current CPR certification with infant and child skills, and First Aid certification are required before enrolling in specific labs, practicums or co-ops. See course descriptions.

Electrical & Electromechanical Technology

☒ Associate of Applied Science Degree ☒ Diploma

ELECTRICAL SYSTEMS FOCUS

TYPES OF JOBS AVAILABLE:

- Residential, commercial and industrial construction environments
- Designing, installing, maintaining and upgrading advanced electrical control circuits

PROGRAM OVERVIEW

Students are admitted in the summer and winter quarters. Approximately half of the training time will take place in a laboratory setting where students will apply their classroom theory.

ELECTROMECHANICAL SYSTEMS FOCUS

TYPES OF JOBS AVAILABLE:

- Designing, installing, maintaining and upgrading industrial automated systems
- Designs in the machining, welding, fabrication, wiring and installation of new and existing production equipment

PROGRAM OVERVIEW

Students focus on electrical principles, manufacturing processes, welding, electrical and mechanical repair of machinery, hydraulics, electric motors and generators, and many other components and processes directly related to electromechanical technology.

Electronic Systems Technology

☑ Associate of Applied Science Degree

ELECTRONIC SYSTEMS TECHNICIAN FOCUS

TYPES OF JOBS AVAILABLE:

- Car stereo installer/repairer
- Audio technician
- Video technician
- Home theater installer/repairer
- Radio/TV broadcast engineer
- Studio technician
- Two-way radio installer/repairer
- Telephone technician
- Avionics technician
- Security systems installer/repairer

Students focus on the installation, configuration and repair of commercial and consumer electronic products such as computer systems, video and audio systems, AM/FM broadcast, two-way radio communication systems, avionics, security systems and telephone systems.

ELECTRONIC SYSTEMS MILITARY FOCUS

This focus is for military personnel who have performed the repair and maintenance of various types of electronic equipment during duty. Using that prior military training as the core for this AAS degree, students can take additional educational requirements to prepare for entry and advanced level employment in a wide array of electronic careers.

COMPUTERS, AUTOMATION AND NETWORKING SYSTEMS FOCUS

TYPES OF JOBS AVAILABLE:

- Robotics technician
- Technical manager
- Engineering assistant
- Field service technician
- Industrial automation technician
- Network administrator
- Network technician
- PC support technician
- Electronic systems designer
- Telemetry technician

Classroom and laboratory activities also prepare technicians to install, configure and repair industrial control systems which include such devices as programmable logic controllers (PLCs), robotics, and vision systems.

PROGRAM OVERVIEW

Classes are offered on the Lincoln Campus during the day and night and on the Milford Campus during the day.

Emergency Medical Services/Paramedic

☒ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Ambulance services
- Hospital settings
- Health education instructor

Paramedics provide medical care, and their goal is to prevent and reduce mortality and morbidity due to illness and injury. Paramedics primarily provide care to emergency patients in an out-of-hospital setting.

As an advocate for patients, paramedics seek to be proactive in affecting long-term health care by working in conjunction with other provider agencies, networks and organizations. The emerging roles and responsibilities of the paramedic include public education, health promotion and participation in injury and illness prevention programs.

PROGRAM OVERVIEW:

The EMS/Paramedic program is a two-year program offered at the Lincoln Campus. EMS/Paramedic students will complete the coursework in classrooms and laboratories and gain hands-on training while working in hospitals and with ambulance services.

Graduates of the program receive an Associate of Applied Science degree and may take the National Registry certifying examination.

FOR MORE INFORMATION CONTACT:

Susan Noler, Dean of Health Occupations
402-437-2729, 800-642-4075, x2729, snoler@southeast.edu

30.0 hours

General Education Requirements may be completed prior to enrolling in the Associate Degree Emergency Medical Services/Paramedic core courses.

SPECIAL PROGRAM REQUIREMENTS:

- 1) A current Healthcare Provider CPR card or Professional Rescuer CPR card and a health Statement with record of required immunizations are required prior to admission to the Emergency Medical Services/Paramedic Program.
- 2) All EMTL courses, unless otherwise specified on the class syllabus, must be passed with a C+ (75-79%) in order to progress through the program. Minimum of C in other courses.
- 3) Must have passed Anatomy, Physiology, and Medical Terminology, EMT Basic I, and EMT Basic II and must hold a current EMT B license in the state of Nebraska before starting EMTL1321 (Introduction to Paramedicine)
- 4) A criminal background check will be required for each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.
- 5) Misdemeanor or felony convictions may prevent a graduate from acquiring National Registry certification or a state license. Contact the National Registry of Emergency Medical Technicians and the state of Nebraska EMS Program with questions.

Fire Protection Technology

☑ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- With fire departments
- State, federal fire agencies
- Ambulance services
- Fire protection equipment companies
- Insurance industry

Program graduates are working in small and large departments, agencies and companies throughout Nebraska and neighboring states. Other graduates are continuing their education.

Graduates are eligible to be certified as Nationally Registered Emergency Medical Technician Basic, Nebraska State Firefighter I & II, Nebraska State Fire Instructor I, and Nebraska Hazardous Materials First Responder Operations.

PROGRAM OVERVIEW

The program is available at the Lincoln Campus. Classes also are offered in Grand Island in cooperation with Central Community College.

SCIENCE or HUMANITIES	4.5
------------------------------	-----

22.5 hours

TYPES OF JOBS AVAILABLE:

- Culinary Arts graduates cook in clubs, hotels, retirement centers, fine dining restaurants or catering services
- Food Service Management graduates work in institution, family restaurants, fast food, health care and hotels performing supervision or entry level management.
- Dietetic Technician graduates usually work in health care or long-term care facilities doing either clinical or management duties under the supervision of a dietitian.
- Lodging graduates may be employed in hotels and motels as well as banquet-type businesses.
- Graduates of the Food Service Training Certificate courses usually work in many types of institutional food services and may be currently employed and updating their skills.

PROGRAM ENTRY AND AWARDS

The Food Service/Hospitality program is located on the Lincoln Campus and accepts new students each quarter. Part-time students are admitted on a space-available basis.

SPECIAL PROGRAM REQUIREMENTS

All Food Service/Hospitality students must obtain a Lincoln-Lancaster County Food Handlers permit.

Dietetic Technology students are required to complete a physical examination and earn a Cardiopulmonary Resuscitation card prior to entering the second quarter of the program. Students will be required to purchase a professional uniform and appropriate shoes, and provide their own transportation to off-campus practicum and co-op learning sites. A minimum grade of "C" is required for all required Food Service/Hospitality program courses. A minimum grade of "C" also is required for all courses which serve as prerequisites before students may advance to the next course in the sequence.

This program offers classes online!

Course list for General Education requirements on page 65.

This training program is offered jointly by Ford Motor Co. and SCC in cooperation with Ford, Lincoln-Mercury or Mazda dealers.

Students must secure a Ford, Lincoln-Mercury or Mazda dealer to sponsor them during training.

TYPES OF JOBS AVAILABLE:

- Entry level technician in a Ford, Lincoln-Mercury or Mazda dealership.

PROGRAM OVERVIEW

Ford ASSET is recognized as the premier program in the global automotive industry for the training and placement of new manufacture-specific service technicians.

This alliance was created so that a new generation of service technicians would be available. Ford Motor Co. provides current vehicles, components, state-of-the-art diagnostic equipment and instructional materials. Students gain knowledge of the entire operation of the vehicle and receive advanced diagnostic training to keep them current with industry progress.

Students spend four quarters as full-time students on the Milford Campus and three quarters working in a Ford, Lincoln-Mercury or Mazda dealership. Instructors follow a curriculum designed by an advisory committee comprised of representatives from SCC, Ford Motor Co. and Ford, Lincoln-Mercury or Mazda dealerships.

SPECIAL PROGRAM REQUIREMENTS

Students are required to provide or purchase a basic tool set during the first quarter. A required tool list and more information can be acquired by contacting the program.

Please note: If a student's dealership-sponsored employment is terminated for reasons beyond the student's control, such as lack of work, the student may be allowed to seek a different sponsoring dealership to continue in the program. If a student's dealership-sponsored employment is terminated for inappropriate behavior, such as failure to follow policies, poor attendance, lack of cleanliness and/or dishonesty, the student will be deemed "less than competent to perform required tasks" and will not be allowed to continue in the program.

General Motors ASEP

☒ Associate of Applied Science Degree

This educational program is offered jointly by General Motors and SCC in cooperation with GM dealers.

Students must secure a General Motors dealer to sponsor them during training.

TYPES OF JOBS AVAILABLE:

- Service technician, specialty technician or service writer in a GM dealership.

PROGRAM OVERVIEW

Students spend four quarters as a full-time student on the Milford Campus and the remaining three quarters working in a GM dealership.

Through a carefully constructed program of classroom and experience-based education, students gain knowledge of engine fundamentals, electrical and electronic principles, fuel systems, brakes, steering and suspension systems, body computer systems, transmissions, and heating and air conditioning systems. Students have access to new products and equipment necessary for proper and accurate diagnosis of current GM systems. They also receive regular updates on all new GM products to stay current with industry progress.

SPECIAL PROGRAM REQUIREMENTS

Students are required to provide or purchase a basic tool set during the first quarter. A required tool list and more information can be acquired by contacting the program.

Please note: If a student's dealership-sponsored employment is terminated for reasons beyond the student's control, such as lack of work, the student may be allowed to seek a different sponsoring dealership to continue in the program. If a student's dealership-sponsored employment is terminated for inappropriate behavior, such as failure to follow policies, poor attendance, lack of cleanliness and/or dishonesty, the student will be deemed "less than competent to perform required tasks" and will not be allowed to continue in the program.

Course list for General Education requirements on page 65.

Graphic design includes the process of combining words and pictures to communicate a message. Graphic designers are visual communication problem solvers.

TYPES OF JOBS AVAILABLE:

- Designer for print publications such as newspapers, magazines and catalogs
- Art director in an advertising agency
- Designer for printers
- Billboard/sign designer
- Package designer
- Web designer

SPECIAL PROGRAM REQUIREMENTS

Graphic Design is only offered on the Milford Campus. A group of 18 students is accepted into the program every 18 months. Students are selected on the basis of an assessment of skill, ability, interest, aptitude, test scores, grades, a workshop portfolio, and personal interview. Applicants must submit a portfolio of eight to 12 original recent works of art at the workshop.

Students learn the technical skills and fundamental conceptual theories and techniques needed to produce compelling visual communication messages. Students work in the graphic design lab, at individual work stations, and use Macintosh computers. Students will become proficient at using all the standard software common to the graphic design industry.

Most design work is executed with a computer. However, the thinking/visualization process is still done by drawing. Students will draw, research, study, and make oral and written presentations. They will work individually and in teams simulating a real-world business environment. Students will apply design skill and knowledge using typography, illustrations, photography, copywriting and other processes to create designs. Finished assignments become part of students' professional portfolios.

Graphic design classes will begin in January of 2010 and July of 2011.

Health Information Management Systems

☒ Diploma

HIMS professionals collect, maintain and analyze the data doctors, nurses and other health care decision makers rely on to deliver quality health care. They are experts in managing patient health information and medical records, administering computer information systems, and coding the diagnoses and procedures for health care services provided to patients. They also have a multitude of work settings from which to choose, including hospitals, physician offices and clinics, long-term care facilities, insurance companies, government agencies, and home care providers.

TYPES OF JOBS AVAILABLE:

- HIM systems manager
- Privacy officer
- HIM college instructor
- Health data analyst
- Records technician specialist
- Physician practice manager coordinator
- Data quality manager
- Information security officer
- Consultant
- Insurance claims analyst
- Clinical coding specialist
- Patient information

PROGRAM OVERVIEW

The program is a collaborative effort between SCC's Lincoln Campus and Central Community College's Hastings Campus. Students apply for admission at CCC. Students can take classroom-based courses at SCC Lincoln and Web-based courses from CCC.

Because of an agreement between the two schools, courses listed in this brochure will automatically transfer to CCC toward completing the Diploma or Associate's Degree.

FOR MORE INFORMATION CONTACT:

Linda Delgado, HIM Advisor/Instructor
402-437-2753, 800-642-4075, x2753, ldelgado@southeast.edu

Shawna Stump, Central Community College HIM Program Director
877-222-0780 x2514, sstump@cccneb.edu

or the College Admissions Office
Lincoln 402-437-2600, 800-642-4075 x2600

LINCOLN CAMPUS

The HIMS program at Central Community College is accredited by Commission on Accreditation of Health Informatics and Information Management Education, in cooperation with the Council on Accreditation of the American Health Information Management Association.

Credit Hours Required for Graduation:

Diploma: (granted through Southeast Community College)
(SCC-Lincoln) **47.0-Q** (quarter)
(CCC-Hastings) 13.0-S (semester)

Associate Degree in Health Information Technology:
(granted through Central Community College)
(SCC-Lincoln) **60.5-Q** (quarter)
(CCC-Hastings) 38.0-S (semester)

Certification: Associate of Applied Science degree graduates are eligible to take the national qualifying examination required for certification as a registered health information technician. This credential is an important step for graduates to gain employment on a professional level in a variety of settings.

SPECIAL PROGRAM REQUIREMENT:

A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.

Upon admission to the program, the following courses will be accepted in transfer from Southeast Community College to Central Community College in the Health Information Management Services program:

DIPLOMA

The diploma gives graduates the entry-level skills needed for employment as clinical coders in a variety of health care settings.

Human Services

☒ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Mental health, developmental disabilities, and alcohol and drug counseling areas
- Long-term care administration
- Assisted living manager
- Social services and activities worker
- Areas related to working with youth

PROGRAM OVERVIEW

This program is available only at the Lincoln Campus, though clinical placements for students are available in a variety of communities.

Total Electives: 9.0 hours		

SPECIAL PROGRAM REQUIREMENT:

A criminal background check (CBC) will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this background check.

FOR STUDENTS INTERESTED IN PURSUING ALCOHOL & DRUG (A & D) COUNSELING:

+Required for A & D licensure.

1. A minimum of 300 clinical hours of clinical performance with a LADAC counselor. (At least 10 hours in each of the 12 core competencies/functions.
2. Hours supervised at 1:10 ratio by supervisor.
- 3-9. HMRS1102, HMRS1357, PSYC2960 (not online), HMRS1402, HMRS1403, HMRS2517, and HMRS2518.

LONG-TERM CARE/ASSISTED LIVING COURSES

COURSE #	COURSE TITLE	CREDIT HRS
•HMRS2541	Social Services for Long-Term Care Facilities	4.5
•HMRS2542	Financial Management for Long-Term Care	4.5
•HMRS2544	Patient Care & Services	4.5
•HMRS2547	Administration for Long-Term Care Facilities	4.5
•HMRS2549	Rules, Regulations and Standards Relating to the Operation of a Health Care Facility	4.5
HMRS2550	Introduction to Assisted Living	4.5

(•=Approved Long-Term Care Administration licensure courses)

For students interested in pursuing Long-Term Care Administration and Assisted Living courses are also offered through the Business Administration program. Students would receive a degree in Business Administration with a focus in Long-Term Care Administration. After earning an Associate of Applied Science degree, students would need to pass and complete:

1. The five "•Approved Long-Term Care Administration licensure courses" in the Advisor Approved Electives listing
2. 640 hours of Administrator-in-Training (AIT) or another mentoring program (through and determined by the State of Nebraska.)
3. The NAB (National Association Boards of Examiners for Long-Term Care Administration) exam. Additional fees would be applicable for the NAB and the state of Nebraska.

Theresa Parker, LTC Advisor
402-437-2750, 800-642-4075 x2750, tparker@southeast.edu

John Deere Tech

☒ Associate of Applied Science Degree

The John Deere Tech program is offered jointly by John Deere and SCC in cooperation with John Deere dealers. This model program was the first of its kind in the United States.

Students in this program are required to have a sponsoring John Deere dealer. Students are expected to continue employment at the dealership after graduation.

TYPES OF JOBS AVAILABLE:

- John Deere dealership technician who works on engines, power trains, hydraulic systems, electrical & electronics, air conditioning diagnosis and repair, tillage, planting, spraying, and harvesting equipment.

PROGRAM OVERVIEW

This program is located on the Milford Campus. During training, students will work for two quarters at their sponsoring dealership. New students are admitted once a year. In addition to meeting general requirements of SCC, students are tested to evaluate potential for success in the John Deere Tech program. Selected applicants must secure a John Deere dealership sponsor for off-campus training.

Please note: If a student's dealership-sponsored employment is terminated for reasons beyond the student's control, such as lack of work, the student may be allowed to seek a different sponsoring dealership to continue in the program. If a student's dealership-sponsored employment is terminated for inappropriate behavior, such as failure to follow policies, poor attendance, lack of cleanliness and/or dishonesty, the student will be deemed "less than competent to perform required tasks" and will not be allowed to continue in the program.

Laboratory Science Technology

☑ Associate of Applied Science Degree ☑ Diploma

Students in the program obtain a science background for application to a variety of laboratory positions. Specific examples of materials tested include soil, biological samples, pharmaceutical formulations, water and wastewater.

TYPES OF JOBS AVAILABLE:

- Laboratory technician working in a variety of laboratories, including quality assurance, analytical chemistry, biochemistry, biotechnology, microbiology, water treatment, and wastewater treatment.

PROGRAM OVERVIEW

The program is highly regarded in the industry and has been approved by the American Chemical Society through its Chemical Technology Program Approval Service.

Graduates may earn a Diploma in four quarters of full-time study or an Associate's Degree in six quarters, full-time. Qualified students are able to enter the program during any quarter on either a full- or part-time basis.

(One class from each area below.)

ORAL COMMUNICATIONS	4.5
WRITTEN COMMUNICATIONS	4.5
MATHEMATICS	
MATH1150 College Algebra or higher	4.5
SCIENCE	
PHYS1150 Descriptive Physics	6.0
SOCIAL SCIENCE	4.5

24.0 hours

ADDITIONAL REQUIREMENTS:

In addition, students will need to complete 11 credit hours from the following courses. Please select the courses with a program advisor.

Microcomputer Electives	5.0
Biology Elective	3.0
Advisor Approved Elective	3.0

11.0 hours

*Core classes required for a diploma.

+Any four classes with this designation, including accompanying laboratory class if applicable, must be chosen to apply toward a diploma.

Please note: There are special academic performance requirements in the program above the minimum requirements for graduation. Students must attain a minimum 2.25 cumulative GPA in the core science courses. A list of these courses is available in the program chair's office. In addition, no more than two grades below "C" will be accepted in the core courses. Students may re-register for courses involved only once to remove the deficiencies.

Land Surveying/Civil Engineering

☑ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Land surveying technician that surveys the construction of streets, dams, bridges, highways, airports, and parks; survey boundary locations of sub-divisions, private property, and commercial property.
- Civil CAD drafter who draws computer drawings of plans for construction, boundaries, plats, maps for all planning, and conventional drawings for small projects.
- Construction materials inspector who tests construction materials and checks construction work.

Program graduates are working in small to large engineering consultant companies throughout Nebraska and neighboring states. Other graduates are continuing their education.

PROGRAM OVERVIEW

The program is available only at the Milford Campus and is the only land surveying school in the state of Nebraska. Students may seek employment in land surveying, civil CAD drafting, or construction materials inspection.

The purchase of a laptop computer, land development desktop software, and an iPAC are optional as part of the program. For cost estimates, please request the program estimated expense form. Upon completion of the program, students will qualify for a nine-month work experience toward obtaining their Registered Land Surveyor license.

Major Appliance Professional Technology

☒ Diploma

TYPES OF JOBS AVAILABLE:

- Professional repair technician
- Self-employed owner/technician

After a short period of time with an employer, many graduates will be assigned a service van to perform in-home service of major appliances. They will read wiring and system diagrams to diagnose malfunctions, repair major appliances in homes and provide in-person customer service.

PROGRAM OVERVIEW

The program is only available at the Milford Campus. Students use typical service tools and equipment to troubleshoot and repair major appliances in a laboratory designed to simulate working conditions in the industry.

FOR MORE INFORMATION CONTACT:

Glenn Pasho, Program Chair
402-761-8261, 800-933-7223 x8261, gpasho@southeast.edu
or the College Admissions Office

Manufacturing Engineering Technology

☑ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Product designer
- Operations manager
- Engineering coordinator
- Product research and development specialist
- Field engineer
- Direct manufacturing support specialist
- Quality control and assurance specialist
- Machine designer
- Lean manufacturing engineer
- Technical support engineer
- CNC programmer
- Tooling design and development specialist

SCC has a very active student chapter S218 of the Society of Manufacturing Engineers. This helps students make contacts with local industries and potential employers. Many graduates continue their education once they are on the job and have earned four-year degrees and beyond.

PROGRAM OVERVIEW

The program is only available at the Milford Campus. The program trains students to become members of an engineering team. Manufacturing engineering technologists are people who like to make things, especially making them better, faster and less expensive. They are "hands-on" people who also want to be part of the design process, and they enjoy working with people as part of a team or as its leader. Typical job responsibilities include acting as a liaison between design engineering and the manufacturing operation, or being deeply involved in manufacturing process development. SCC graduates apply their skills in companies across the United States.

Credit Hours Required for Graduation: 153.5

Students in the Manufacturing Engineering Technology program have the opportunity to take part in a wide variety of tours of manufacturing facilities along with taking part in Engineering Internships as they become available. Manufacturing Engineering Technology students use our Dimension three-dimensional rapid prototype printer to print a variety of design and proto-type projects. Students in the program are eligible in their fifth quarter to take the Certified Manufacturing Technologist exam offered by the Society of Manufacturing Engineers (www.sme.org)

Please note: A grade of "C" or better is required in all prerequisite courses.

GENERAL EDUCATION REQUIREMENTS:

Contact your program advisor to select general education course/s from each category which will meet your program's graduation requirements. See page 65 for complete list.

(One class from each area below.)

ORAL COMMUNICATIONS	4.5
SPCH1110 Public Speaking (recommended)	
WRITTEN COMMUNICATIONS	4.5
ENGL1000 Written Communications (recommended)	
MATHEMATICS	4.5
MATH1050 Thinking Mathematically (or higher)	
(Prerequisite for MFGT1333, 1413, 2549, 2672, & MACH1370.)	
SCIENCE	4.5
PHYS1017 Technical Physics or	
PHYS1150 Descriptive Physics (Prereq. for MFGT2566, 2668.)	
COMPUTER TECHNOLOGY	4.5
BSAD1010 Microsoft Applications I	
(Prerequisite for MFGT2670) or	
INFO1010 Computer Literacy	
22.5 hours	

To complete the AAS degree, students are also required to take:

OFFT1110 Business Communications	4.5
ECON1200 Personal Finance	4.5
ACFS2020 Career Development	2.5
BSAD2540 Principles of Management	4.5
16.0 hours	

Students wishing to take advanced level or alternate courses to meet the College's General Education Requirements should contact their program advisor to ensure that the course/s meet the program requirements.

Medical Assisting

☒ Diploma

TYPES OF JOBS AVAILABLE:

Graduates work in offices and clinics of physicians, podiatrists, chiropractors, optometrists and other specialties. They answer the telephone, schedule appointments, work with billing and insurance agencies, prepare patients for examination, and assist the physician. They perform various tasks such as drawing blood, changing dressings, checking vital signs, and administering medication.

Program graduates are working in clinics and physicians' offices throughout Nebraska or continuing their education.

PROGRAM OVERVIEW

This program is offered face-to-face on the Lincoln Campus, with some Web-based courses available. Students are admitted to the program in the spring and fall quarters. The program also is offered online with three visits to the Lincoln Campus for a skills check-off. The online program admits once a year in the spring quarter and is five quarters in length.

FOR MORE INFORMATION CONTACT:

Jeanette Goodwin, Program Chair
402-437-2756, 800-642-4075 x2756, jgoodwin@southeast.edu

or the College Admissions Office
Lincoln 402-437-2600, 800-642-4075 x2600

LINCOLN CAMPUS

The Medical Assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Medical Assisting Education Review Board. Commission on Accreditation of Allied Health Education Programs, 1361 Park Street, Clearwater, FL 33756, 727-210-2350.

Credit Hours Required for Graduation: 79.0

To complete a diploma in the Medical Assisting program, courses are generally taken in the following order.

MEDICAL ASSISTING COURSES

COURSE #	COURSE TITLE	CREDIT HRS
BIOS1000	Structure and Function of the Human Body (or higher)	6.0
MEDA1101	Medical Terminology I	2.0
MEDA1102	Administrative Medical Assisting	2.0
OFFT1710	Word Applications I	4.5
MEDA1204	First Aid	2.0
MEDA1201	Medical Terminology II	3.0
MEDA1202	Communication in Allied Health	4.5
MEDA1203	Medical Law, Ethics & Bioethics for the Medical Office Employee	3.0
MEDA1205	Exam Room I	2.5
MEDA1406	Basic Pharmacology	2.0
MEDA1407	Medical Calculations	1.0
MEDA1301	Exam Room II	7.5
MEDT1161	Basic Urinalysis & Microbiology for the Office Laboratory	1.0
MEDT1171	Basic Urinalysis & Microbiology Laboratory	1.0
MEDT1181	Basic Hematology for the Office Laboratory	1.0
MEDT1191	Basic Hematology Laboratory	1.0
OFFT2440	Medical Office Procedures	4.5
OFFT2650	Computerized Medical Management	3.0
MEDA1401	**Clinical Education	8.0

MEDA1402	Senior Clinical Seminar	3.0
MEDA1404	Medical Diseases	4.5
MEDA1405	Insurance for the Medical Office	3.0

70.0 hours

****Please note: Immediately prior to enrollment in MEDA1401, students must pass the following BLOCK OF CLASSES together. [MEDA1301, MEDT1161, MEDT1171, MEDT1181 & MEDT1191.]**

If a student has to repeat MEDA1401, the same block of classes must be repeated prior to enrollment. If any of the block classes need to be repeated, they must all be repeated in the same term prior to being placed in a medical office for Clinical experience.

GENERAL EDUCATION REQUIREMENTS:

Contact your program advisor to select general education course/s from each category which will meet your program's graduation requirements. See page 65 for complete list.

WRITTEN COMMUNICATIONS

ENGL1010 Composition I 4.5

COMPUTER TECHNOLOGY

BSAD1010 Microsoft Applications I 4.5

9.0 hours

PROGRAM PREREQUISITES:

Students entering the program must have keyboarding skills of 30 words per minute with three or fewer errors. Testing is available in the SCC Testing Center.

High school biology and other natural sciences are recommended prerequisites for Medical Assisting.

SPECIAL PROGRAM REQUIREMENTS:

1. A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.
2. Students must complete a health statement before acceptance into the Medical Assisting program.
3. Students may be requested by clinical sites to submit to and pass drug testing.
4. Students must pass all required courses for the program with a "C+" or better to continue through the program.
5. All students must have a current CPR card - Module C, prior to enrolling in fourth quarter classes.

Please note: Felony convictions may prevent a graduate from acquiring certification. Contact the American Association of Medical Assistants Certifying Board for more information.

HEALTH INFORMATION MANAGEMENT SYSTEMS

Southeast Community College, in cooperation with Central Community College, provides the opportunity for students to receive an associates degree in Health Information Technology or a diploma in Medical Coding.

If interested see the HIMs program or contact Linda Delgado at 402-437-2753, ldelgado@southeast.edu or the Admissions Office on the Lincoln Campus.

TYPES OF JOBS AVAILABLE:

- Medical laboratory technician performing general tests in various clinical laboratory settings, including blood banking, chemistry, hematology, immunology and microbiology. MLTs perform tests that aid in the diagnosis and treatment of disease.

Program graduates attain employment in a variety of settings, such as hospitals, clinics, physician offices, private and public health institutions, pharmaceutical laboratories, and animal clinics.

Graduates work in small and large facilities throughout Nebraska and neighboring states. Many continue their education and earn a Bachelor's degree in Clinical Laboratory Science/Medical Technology.

PROGRAM OVERVIEW

The program is available at the Lincoln Campus and includes principles and technical instruction in the areas of hematology, clinical chemistry, clinical microbiology, immunohematology (blood banking), immunology/serology, parasitology, urinalysis, and clinical microscopy. Students obtain additional laboratory experiences and learning opportunities within hospital and clinic laboratories.

Students are admitted into the program in the summer quarter. The program can be completed in eight full-time quarters. Students may also choose a three-year option in which to complete the program. Graduates are eligible to take national certification examinations offered by the American Society for Clinical Pathology and/or the National Credentialing Agency for Laboratory Personnel, and may also transfer these two years of credit to the University of Nebraska Medical Center's Division of Clinical Laboratory Sciences.

SPECIAL PROGRAM REQUIREMENTS:

- A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.
- A minimum grade of C is required in all courses. A health statement including a tuberculosis skin test and/or a chest x-ray, and immunizations, is required before acceptance into the program.
- A cardiopulmonary resuscitation (CPR) card and a repeat skin test for tuberculosis and/or a chest x-ray are required prior to Clinical Education I.
- Students may be requested by clinical sites to submit to and pass drug testing and/or fingerprinting. The student is responsible for the cost associated with drug testing and/or fingerprinting.

ADVANCED PLACEMENT:

Students with previous college credit may apply for advanced placement pending evaluation of transcripts and availability of class space. Please note: LBST1101/1111 and LBST1102/1112 may be substituted for LBST1421/1422.

Motorcycle, ATV and Personal Watercraft Technology

☒ Diploma

TYPES OF JOBS AVAILABLE:

- Repair technician who diagnoses and repairs all areas of the vehicle, including engines and transmissions, suspension and brake systems, and electrical/electronic systems.
- Parts counter person

Activities in this area include researching service information using manuals or computer based programs, using an extensive array of hand tools and diagnostic equipment, writing, speaking and basic math skills.

- Sales associate

Program graduates are employed in dealerships, independent shops and owner/operator shops.

PROGRAM OVERVIEW

This program is available on the Lincoln Campus with classes beginning in January and July.

Nondestructive Testing Technology

☑ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- NDT technician
- NDT inspector
- Sales and marketing specialist
- NDT engineer
- Research and development specialist
- Contractor
- Business owner

PROGRAM OVERVIEW

The program is located on the Milford Campus and is one of the few programs of its kind in the United States that offer an Associate of Applied Science degree. Developed in cooperation with the many industries it serves, the program trains technicians who are in high demand in a wide variety of industries, including aircraft and aerospace, power generation and utilities, chemical and petrochemical, defense and military (civilian and enlisted), general manufacturing, and transportation.

MILFORD CAMPUS

Credit Hours Required for Graduation:

Associate of Occupational Studies Degree	90.0
Diploma	48.0
Certificate	19.5-21.0

The Occupational Studies Associate, Diploma, or Certificate awards are associated with a partnership between Southeast Community College and business and industry. These awards allow the College to recognize industry training along with college support courses.

JOHN DEERE FOCUS:

This focus provides John Deere Dealership personnel the opportunity to combine John Deere University course work with Southeast Community College course work to obtain a certificate, diploma or a two-year associate's degree for Service Technicians, and Service Managers.

JOHN DEERE UNIVERSITY COURSES:

Course offerings listed below are determined by John Deere Company based on current industry needs.

BUSINESS AND GENERAL EDUCATION COURSES:

These course offerings are determined by Southeast Community College, students may be eligible to articulate course work from another institution to fulfill these requirements.

SERVICE TECHNICIAN CERTIFICATE

	CREDIT HOURS
John Deere corporate core classes	15.0
(As determined by JDU required credits for Service Tech-Advanced)	
General education	4.5
(A minimum of 1 written or 1 oral communication course selected from the approved general education listing)

- Administrative assistant
- Office manager
- General office clerk
- Medical transcriptionist
- Legal office assistant
- Medical office assistant
- Executive assistant
- Desktop publisher
- Customer service assistant
- Receptionist
- Computer operator

*This program offers
classes online!*

PROGRAM OVERVIEW

The program is available on the Lincoln and Beatrice campuses. Students may choose a Certificate focusing on general office or Microsoft Office skills, a Diploma focusing on general office or medical transcription skills, or an Associate of Applied Science degree focusing on administrative, legal or medical office skills.

Graduates are equipped with knowledge of cutting-edge technology and software, a professional attitude, and enhanced skills in the office environment.

You can expect to use traditional office skills on the job as well as new technology such as speech recognition and PDAs. Soft skills such as teaming, ethics, attitude and professional work habits and responsibilities also are covered.

Program graduates are working in small and large companies throughout southeast Nebraska and surrounding states. Other graduates are continuing their education.

BEATRICE AND LINCOLN CAMPUSES

Credit Hours Required for Graduation:

- Certificate:
 - General Office Focus: **39.0**
 - Microsoft Office Focus: **40.5**
- Diploma:
 - General Office Focus: **83.0**
 - Medical Transcription Focus: **83.5**
- Associate of Applied Science Degree:
 - Administrative Office Focus: **110.0**
 - Legal Office Focus: **113.0**
 - Medical Office Focus: **113.0**

This program offers students generalized training in office professions as well as course work in three focus areas: administrative, legal, and medical. With appropriate elective courses, students completing requirements for an associate of applied science degree in will be prepared to take the Certified Professional Secretary or Certified Administrative Professional examination awarded through the International Association of Administrative Professionals. All course prerequisites must be passed with a "C" or better to continue through the program.

SPECIAL PROGRAM REQUIREMENTS:

Students who wish to pursue their education in the Office Professional program must complete the college admissions requirements and the special program requirements:

1. Students will complete the pre-admission COMPASS test administered by SCC. This test will help determine the skills students currently have in math, writing, and reading comprehension. Scores from this test will be used to place students in appropriate math and writing courses as well as any developmental reading program that may be necessary. Developmental courses include the following:

ENGL0850	Reading Strategies I
ENGL0880	Reading Strategies II
ENGL0950	Writing Skills
ENGL0980	Basic Writing
MATH0900	Math Fundamentals
MATH0950	Beginning Algebra

Your advisor will assist you in interpreting placement scores and determining if you are required to take the prescribed developmental courses.

2. Students' high school or college transcripts must validate successful completion of an accounting course. Two semesters of high school accounting or one semester/quarter of college accounting must have been completed with a B average or better. Students who cannot validate previous accounting course work will be required to take OFFT1310 Office Accounting.
3. Prerequisite competencies required in the program include a typing/keyboarding skill of a minimum of 30 words per minute with three or fewer errors on a three-minute timing. Students who do not meet this requirement will complete Beginning Keyboarding I (OFFT1010) and/or Beginning Keyboarding II (OFFT1020).
4. If your advisor determines that you must take developmental or prerequisite courses, they will be taken during the first part of the program. The credit hours earned in these classes will not count toward graduation requirements.

PREREQUISITE COURSES OR EQUIVALENTS

Parts Marketing and Management

☒ Associate of Applied Science Degree ☒ Diploma

TYPES OF JOBS AVAILABLE:

- Parts manager
- Warranty manager
- Service manager
- Service writer
- General manager
- Self-employed
- Factory representative
- Counter sales person
- Merchandising representative
- Advertising representative
- Business office manager

Activities may include inventory control, computerized business systems and electronic cataloging, purchasing products, sales and marketing. The paid internship offers students opportunities to establish vital contacts with individuals in the field for full-time employment.

Graduates are working in careers in sales and service to customers in automotive, agriculture, aviation, industrial, construction, warehousing, or any other business that sells products. Many graduates continue their education in business, marketing and supervision.

PROGRAM OVERVIEW

The program is available only at the Milford Campus. Students focus in automotive, agriculture implement, industrial, trucking and retail business, and in district management.

FOR MORE INFORMATION CONTACT:

Dennis Medinger, Program Chair
402-761-8293, 800-933-7223 x8293, dmedinge@southeast.edu
or the College Admissions Office

Pharmacy Technician

☒ Diploma

TYPES OF JOBS AVAILABLE:

- Pharmacy technician

Duties can be quite varied depending on the work setting. Technicians may assist the licensed pharmacist in filling prescriptions by counting tablets, packaging, labeling, receiving prescriptions, ordering, inventory control, mixing IVs, completing insurance claims, and many other activities.

Technicians are employed anywhere a licensed pharmacist may work, such as an acute care hospital, long-term care, home health, mail order and retail pharmacy services.

PROGRAM OVERVIEW

This program is only available on the Beatrice Campus, but will be offered online in the future. The program is 12 months, or four quarters in length.

FOR MORE INFORMATION CONTACT:

Elina Pierce, Program Chair
402-228-8247, 800-233-5027 x1247, epierce@southeast.edu
or the College Admissions Office

BEATRICE CAMPUS

This program is pursuing accreditation through the American Society of Health-Systems Pharmacist, 7272 Wisconsin Ave., Bethesda MD 20814, 301-657-3000, www.ashp.org

Credit Hours Required for Graduation: 62.5

The Pharmacy Technician Program provides opportunities to learn skills to deliver direct pharmacy services to clients and to be introduced to the entire pharmacy industry. The program will provide hands on experience in the acute care, long-term care, and retail pharmacy settings. Graduates of the program are eligible to take the national certification exam for pharmacy technicians through the Pharmacy Technician Certification Board.

Students must be admitted into the Pharmacy Technician program to be able to take any PHRM classes.

All courses must be passed with 70% (C) or above.

WRITTEN COMMUNICATIONS	4.5
ENGL1010 recommended	

9.0 hours

SPECIAL PROGRAM REQUIREMENTS:

1. Students must have computer skills, health statement, current CPR- healthcare provider, hepatitis immunization.
2. A criminal background check and an Adult and Child Abuse check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.

Beginning September 1, 2007 the Nebraska Department of Health & Human Services implemented the following to register as a pharmacy technician in the state of Nebraska

TO WORK IN NEBRASKA A GRADUATE MUST:

- Be at least 18 years of age;
- Be a high school graduate or be officially recognized by the State Department of Education as possessing the equivalent degree of education;
- Have never been convicted of any non-alcohol, drug-related misdemeanor or felony;
- File an application with the Department; and
- Pay the applicable fee of approximately \$75

Other states may have different laws. Consult state statutes.

TYPES OF JOBS AVAILABLE:

- Physical therapist assistant working in a variety of settings, including outpatient clinics or offices; hospitals; inpatient rehabilitation facilities; skilled nursing, extended care, or sub-acute facilities; homes; education or research centers; schools; hospices; industrial, workplace or other occupational environments; fitness centers and sports training facilities.

PTAs provide physical therapy services under the direction and supervision of a physical therapist. PTAs help people of all ages who have medical problems, or other health-related conditions that limit their ability to move and perform functional activities in their daily lives. PTAs must complete a two-year Associate's degree and are licensed, certified, or registered in most states. Care provided by a PTA may include teaching patients/clients exercise for mobility, strength and coordination, training for activities such as walking with crutches, canes, or walkers, massage, and the use of physical agents and electrotherapy such as ultrasound and electrical stimulation.

PROGRAM OVERVIEW

This program is offered on the Lincoln campus.

Polysomnographic Technician

☒ Certificate

TYPES OF JOBS AVAILABLE:

Polysomnographic technicians monitor the activity of adults and pediatrics in sleep laboratories. They gather medical information, observe patients, collect data, and summarize information for the sleep physicians.

The Polysomnographic Technician can work in two areas of sleep medicine; diagnostics or research. The Polysomnographic technician can work in a hospital based sleep center or in an independent sleep center. Because most people sleep at night, the technician must enjoy working nights.

PROGRAM OVERVIEW

Individuals making application to the Polysomnographic Technology Program must be a graduate of an accredited Respiratory Care Program and/or accredited Registered Nursing program.

The Polysomnographic Technology Program is typically a two-quarter (6 months) program for a full-time students and includes classroom, lab and clinical through web-based instruction.

Students will complete a comprehensive program in patient assessment, equipment calibration, data acquisition, diagnostic evaluation, therapeutic modalities and follow-up care of patients.

LEARNING BY DOING – CLINICAL EXPERIENCE

Students are required to complete 150 contact hours of clinical education. Clinical and laboratory work will be completed in an approved local sleep center. Sleep centers approval and contracts will be complete on an individual bases.

Students complete 18 credit hours of didactic and clinical experience over two quarter terms. The program is offered online with clinical arranged in cooperation with a variety of healthcare facilities throughout the region. Students will be required to come to a SCC campus for final competency testing.

Upon completion of the program, students are eligible to take the national Comprehensive Registry Exam in Polysomnographic Technology.

FOR MORE INFORMATION CONTACT:

Charlotte Pasco, Program Chair
402-437-2781 or 800-643-4075, x2781, cpasco@southeast.edu

Or the College Admissions Office
Lincoln 402-437-2600, 800-642-4075, x2600

LINCOLN CAMPUS

This program is in the process of seeking accreditation by the Committee on Accreditation for Respiratory Care (CoArc)
1248 Harwood Road, Bedford, TX 76021-4244, (817) 283-2835
FAX: (817) 354-8519

Credit Hours Required for Graduation: 22.5

Graduates of an accredited Advanced Respiratory Care program or an accredited Associate Degree Nursing program or higher degree, may apply to become certified as a Polysomnographic Technician.

Technicians generally work in sleep labs where sleep studies are performed or may do portable studies in a variety of locations.

COURSE #	COURSE TITLE	CREDIT HRS

		18.0 hours

GENERAL EDUCATION REQUIREMENTS:

Contact your program advisor to select general education course/s from each category which will meet your program's graduation requirements. See page 65 for complete list.

WRITTEN COMMUNICATIONS **or**
ORAL COMMUNICATIONS

4.5 hours

Students may (submit a transcript to see if they can) receive credit by transfer for a Written or Oral Communications requirement. If the student credit will not transfer, the student is required to take one General Education course.

SPECIAL PROGRAM REQUIREMENTS:

1. Proof of a current state license.
2. Current BLS (Healthcare Provider).
3. Completed health statement.
4. A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.
5. Complete the online Southeast Community College school orientation.
6. A 75% (C+) must be maintained in all courses in order to progress through the program.

Current students are required to attend a two-day conference at Southeast Community College-Lincoln Campus. Students are responsible for travel and lodging for the two days.

TYPES OF JOBS AVAILABLE:

- Licensed practical nurse

Graduates are eligible to apply to take the National Council Licensure Examination and become licensed practical nurses by successfully passing the exam. After licensure, LPNs work in a variety of settings, including hospitals, long-term care, clinics, and home health care.

The Associate Degree Nursing program at SCC permits advanced admission for LPN graduates.

Please note: Misdemeanor or felony convictions may prevent a graduate from acquiring a state license. Contact the State Board of Nursing with questions.

PROGRAM OVERVIEW

This program is offered on the Beatrice and Lincoln campuses and teaches students the concepts, principles, skills and attitudes needed to become practical nurses who can work with patients throughout their life-span. Students will gain knowledge in medical-surgical, maternal-child, and geriatric nursing. Faculty facilitate clinical experience in area health care agencies.

PART-TIME TRACK

This program also is offered in Beatrice, Falls City, Geneva and Lincoln, Neb., on a part-time basis. Total time to complete the program is two years.

LEARNING BY DOING – CLINICAL EXPERIENCE

Students will have hands-on clinical experience in a variety of health care facilities. SCC instructors provide close supervision and guidance in the clinical settings.

Student clinical assignments will be based on facility availability. This requires some assignments to be performed at nearby towns AND some evening hours.

A non-refundable fee of \$45 will be assessed for this CBC.

Professional Truck Driver Training

☒ Certificate

TYPES OF JOBS AVAILABLE:

- Professional truck driver

As a professional truck driver, graduates of the program will be employed either as a long-distance over-the-road driver or a local driver. Most companies who employ graduates of the program are long-distance carriers. Some local positions are available, but tend to be seasonal.

Persons considering this occupation need to understand that long-distance driving is a dramatic lifestyle change. Drivers will sometimes be away from home for long periods of time.

Program graduates are working for trucking companies in southeast Nebraska and throughout the United States.

PROGRAM OVERVIEW

This program is available only at the Lincoln Campus. On-campus housing is not available. Graduates will obtain a Class A Commercial Drivers License.

Students perfect their driving skills on the private SCC backing range and perimeter road, before progressing to highway driving.

FOR MORE INFORMATION CONTACT:

David Grant, Program Chair
402-437-2695, 800-642-4075 x2695, dgrant@southeast.edu
or the College Admissions Office
Lincoln 402-437-2600, 800-642-4075 x2600

LINCOLN CAMPUS

Credit Hours Required for Graduation: 18.0

The Professional Truck Driver Training program prepares students for a career in over-the-road truck driving in both intrastate and interstate commerce.

This is a 10.5-week (one quarter) intensive truck driving course. Students learn to operate articulated vans and flat beds. Training includes driving on the city streets and rural roads, two-lane and interstate highways.

SCHEDULING:

First shift 7 a.m. to 1:30 p.m.
Second shift 15 days of: Classroom, 7 a.m. - 1:30 p.m.
36 days of: Driving, 1:30 - 8 p.m.

Students are assigned to either first or second shift by the program. Below is the guide for a student to complete an award in Professional Truck Driver Training.

COURSE #	COURSE TITLE	CREDIT HRS
TRUK1110	Professional Truck Driver Training I	7.0
TRUK1120	Professional Truck Driver Training II	11.0

SPECIAL REQUIREMENTS OF THIS PROGRAM PRIOR TO START OF CLASS:

1. Valid motor vehicle operator's license.
2. Copy of driving record for the past three years from the Department of Motor Vehicles.
3. Physically qualified under Department of Transportation regulations. Physician to complete a D.O.T. form.
4. Minimum age of 18 years.*
5. Drug screen required.
6. Acceptance into the program may be contingent on the quality of the driving record, results of the drug screen, and results of the D.O.T. physical.

All reviews will be made by the program.

*Employment opportunities require the applicant to be at least 21 years old to work in Interstate Commerce, and at least 23 years old for insurance requirements with some commercial carriers.

TYPES OF JOBS AVAILABLE:

- Radiologic technologists work in a variety of settings, including hospitals, clinics, doctors' offices, and private/governmental institutions. Graduates are eligible to work in any state in the nation once they have earned their board certification and attained necessary state licensure.

PROGRAM OVERVIEW

The program teaches the safe use of radiation to produce images of the human body for diagnostic purposes. Students will acquire the knowledge and skills required for critical thinking, problem solving, and effective communication in the radiologic technology field, and learn how to practice within the ethical, professional and legal boundaries required.

Program graduates can earn an Associate of Applied Science degree after eight quarters of full-time study, become eligible to take the national examination of the American Registry of Radiologic Technologists, and apply for state licensure. Individuals who have been convicted of, or plead guilty to, a felony or misdemeanor may not be eligible to sit for the ARRT exam and work as a medical radiographer. The student may file a pre-application with the ARRT in order to obtain a ruling on the impact of their eligibility for examination.

The Radiologic Technology program offers Lincoln classroom instruction and Web-based courses. The clinical courses are supervised and held at pre-approved accredited medical centers. Students are responsible for their own transportation and will rotate between rural and metropolitan hospitals, long-term care facilities, and various clinics.

This program offers classes online!

LINCOLN CAMPUS

This program is accredited by the Joint Review Committee on Education in Radiologic Technology, 20 North Wacker Drive, Suite 2850, Chicago, IL 60606, 312-704-5300, www.jrcert.org

Credit Hours Required for Graduation: 116.0

PROGRAM PREREQUISITES:

Program prerequisites and General Education requirements must be completed prior to entering the program (unless student meets Advanced Standing requirements – see section on Advanced Standing). Students must be accepted into the program before any RADT classes are taken.

The RADT program courses begin in the summer and winter quarters. All required Program Prerequisite courses must be completed with a minimum grade of C+ (75%) PRIOR to entry into the Program. All Radiography Program courses must also be completed with a minimum grade of C+ (75%). If a student receives less than a C+ in any Radiography Program course, the student is dismissed and may recycle into the program, within one year, if there is an opening in the program that term and they meet program recycle requirements.

All prerequisite or general education courses may be taken at SCC or at any accredited college or university and must meet SCC requirements for course transfer. Interested students must complete an application for admission to the program when beginning prerequisite courses.

PREREQUISITE COURSES: 46.0 HRS

- Human Anatomy and Human Physiology with a lab (two terms required)*
- Concept-based or technical physics with a lab
- Intermediate or College Algebra*
- Medical Terminology
- Concept-based or Technical Chemistry with lab
- Basic Pharmacology
- Diversity in society*
- Composition I*
- Job Shadow
- Oral Communications*
- Web site verification

*Meets the General Education Requirement.

RADIOLOGIC TECHNOLOGY COURSES:

Student must complete RADT courses in the following order:

COURSE #	COURSE TITLE	CREDIT HRS
RADT1100	Introduction to Diagnostic Imaging	2.0
RADT1111	Diagnostic Imaging Concepts	5.0
RADT1112	Radiographic Procedures I	4.5
RADT1119	Clinical Education I	5.0
RADT1123	Radiographic Procedures II	5.0
RADT1124	Diagnostic Imaging Theory	4.5
RADT1129	Clinical Education II	7.5
RADT1133	Radiographic Procedures III	5.0
RADT1134	Radiation Biology	3.0
RADT1139	Clinical Education III	7.5
RADT1143	Radiographic Procedures IV	5.0
RADT1147	Specialized Imaging	4.5
RADT1149	Clinical Education IV	7.5
RADT2253	CT Imaging	3.0
RADT2254	Advanced Patient Care Management	1.5
RADT2259	Clinical Education V	7.5
RADT2265	Pathophysiology	5.5
RADT2269	Clinical Education VI	7.5
RADT2276	Diagnostic Imaging Applications	5.5
RADT2279	Clinical Education VII	7.5
RADT2288	Senior Seminar	4.5
RADT2289	Clinical Education VIII	7.5
		116.0 hours

SPECIAL PROGRAM REQUIREMENTS:

1. CPR for Health Care Providers (or Professional Rescuer) certification is required prior to entrance into the program.
2. Health statement with required immunizations prior to entrance into the Program:
 - a. Tetanus
 - b. MMR (measles, mumps, rubella)
 - c. Hepatitis B (Hepatitis B) Series of 3.
 - d. Negative Tuberculosis Skin test (in the event a student has a positive TB skin test a negative TB chest x-ray is required).
3. A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.
4. Computer skills are necessary. It is highly suggested for students lacking in this area to enroll in Microsoft Office Applications.

ADVANCED STANDING

Advanced standing students may be one of the following:

- Possess a provisional or limited radiographer's license (or the equivalent of a license for states without licensure law) AND have worked as a limited or provisional radiographer for the past year.
- Have completed a Radiography Program in another country.
- Have completed a Radiography Program and have been unable to pass the ARRT exam.

Advanced standing students may have the Program prerequisites waived prior to program eligibility but are required to complete all general education courses according to college policy. These courses may be transferred from another accredited institution or they may be taken at SCC during the program; they must be completed by graduation from the Program. Note: Contact Bev Harvey for further clarification.

Renewable Energy Technology

☒ Certificate

TYPES OF JOBS AVAILABLE:

- Plant operator
- Lab technician
- Maintenance technician

PROGRAM OVERVIEW

The ethanol curriculum is a statewide offering by Nebraska community colleges. Some courses will be provided by SCC, and others will be provided by other community colleges in the state. Courses for this Certificate could be delivered in an onsite, online or hybrid combination because of the laboratory experience requirements.

FOR MORE INFORMATION CONTACT:

Earl Fosler, Division Dean
402-761-8266, 800-933-7223 x8266, efosler@southeast.edu
or the College Admissions Office,
402-761-8243, 800-933-7223 x8243

MILFORD CAMPUS

Credit Hours Required for Graduation:
Ethanol Focus

40.0

CERTIFICATE CORE COURSES:

The following core courses must be completed to meet the requirements for any focus area.

<u>COURSE #</u>	<u>COURSE TITLE</u>	<u>CREDIT HRS</u>
RNEW1100	Process Dynamics	4.5
RNEW1115	Mechanical Fundamentals	3.0
RNEW1125	P&ID, PFD Symbols	1.5
RNEW1160	Instrumentation & Control	4.5
HVAC1109	Fundamentals of Electricity	4.0
		17.5 hours

ETHANOL FOCUS:

RNEW1101	Ethanol Process Fundamentals	3.0
RNEW1135	Distillation & Evaporation	6.0
RNEW1170	Microbial Ecology	4.5
LBST1205	Introductory Biology	3.0
LBST1215	Introductory Biology Lab	1.5
		18.0 hours

GENERAL EDUCATION REQUIREMENTS:

Contact your program advisor to select general education course/s from each category which will meet your program's graduation requirements.
See page 65 for complete list.

(One class from one of the areas below.)

**ORAL COMMUNICATIONS or
WRITTEN COMMUNICATIONS**

4.5 hours

TYPES OF JOBS AVAILABLE:

- Respiratory therapists work in a variety of settings. Employment of respiratory therapists is expected to increase faster than the average for all occupations through the year 2012 because of substantial growth in the middle-aged and elderly population, a development that will heighten the incidence of cardiopulmonary disease.

Although hospitals will continue to employ the vast majority of therapists, a growing number can expect to work outside of hospitals in home health care services, offices of physicians, outpatient centers, skilled nursing facilities and patients' homes.

PROGRAM OVERVIEW

Students complete a comprehensive curriculum in assessment, treatment, management, diagnostic evaluation, and care of patients with lung and heart problems. Supervised clinical practice at local hospitals and health centers gives students experience in common procedures such as administering medical gases, aerosols and inhaled medications, applying ventilatory support, and testing techniques used in diagnosis, monitoring and treatment. Clinical practice for the program is provided in cooperation with a variety of health care facilities throughout the region.

Upon completion of the program, students receive an Associate of Applied Science degree, at which time they are eligible to take the National Board for Respiratory Care exams and apply for state licensure.

The program offers Lincoln classroom instruction and Web-based courses.

FOR MORE INFORMATION CONTACT:

Charlotte L. Pasco, Program Chair

LINCOLN CAMPUS

The Respiratory Care program is accredited by the Commission on Accreditation of Allied Health Education Programs www.caahep.org upon the recommendation of the Committee on Accreditation for Respiratory Therapy, 1248 Harwood Road, Bedford, TX 76021-4244, (817) 283-2835, www.coarc.com

Credit Hours Required for Graduation: 119.5

PROGRAM PREREQUISITES:

(May be transferred or earned at SCC. These courses must be completed before entry to the program. Contact a program advisor for specific courses.)

- Human Anatomy & Physiology with Lab
- Microbiology with lab
- Physics & Lab
- Chemistry & Lab
- Medical Terminology I

A program prerequisite may fulfill general education requirements.

NOTE: Students must maintain a GPA of 2.75 in the Program Prerequisites and a GPA of 2.5 in the General Education classes.

This program offers classes online!

Course list for General Education requirements on page 65.

RESPIRATORY CARE COURSES:

Student must complete the following RESP courses.

COURSE #	COURSE TITLE	CREDIT HRS
RESP1111	Respiratory Anatomy & Physiology	4.5
RESP1112	Respiratory Care Procedures I	5.5
RESP1113	Respiratory Pharmacology	3.0
RESP1114	Patient Care Principles	4.5
RESP1121	Cardiopulmonary Pathology	4.5
RESP1122	Respiratory Care Procedures II	6.5
RESP1126	Respiratory Care Professions I	2.0
RESP1129	Clinical Education II	1.0
RESP1131	Cardiopulmonary Diagnostics	4.0
RESP1132	Mechanical Ventilation	6.5
RESP1139	Clinical Education III	5.0
RESP1143	Neonatal & Pediatric Respiratory Care	5.0
RESP1144	Rehab/Home Care	3.0
RESP1147	Ventilator Management II	1.0
RESP1148	Critical Care Management & Lab	4.0
RESP1149	Clinical Education IV	5.0
RESP2251	Cardiovascular Physiology	4.0
RESP2255	Respiratory Care Professions II	3.0
RESP2257	Cardiopulmonary Procedures Lab	1.5
RESP2259	Clinical Education V	8.0
RESP2263	Patient Education	2.0
RESP2267	Clinical Simulations Lab	1.5
RESP2268	Seminar Review	4.0
RESP2269	Clinical Education VI	8.0

97.0 hours

GENERAL EDUCATION REQUIREMENTS:

Contact your program advisor to select general education course/s from each category which will meet your program's graduation requirements. See page 65 for complete list.

(One class from each area below.)

ORAL COMMUNICATIONS	4.5
WRITTEN COMMUNICATIONS	4.5
MATHEMATICS	4.5
SOCIAL SCIENCE	4.5

(Plus one class from the three areas below)

SCIENCE	4.5
HUMANITIES	4.5
COMPUTER TECHNOLOGY	4.5

22.5 hours

SPECIAL PROGRAM REQUIREMENTS:

- All Program Prerequisites and General Education requirements must be completed prior to entering the program.
- CPR for Health Care Providers Certification is required prior to entrance into the program.
- Misdemeanor or felony convictions may prevent a graduate from acquiring a state license. Contact the State Licensing Board if there are questions.
- Completed Health Statement
- All RESP courses must be passed with a minimum grade of 75% (C+) to progress through the program. If a 75% is not achieved, the student will be dropped from the program. The student may reapply to the program the following year if space is available.
- A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.

Surgical Technology

☑ Associate of Applied Science Degree

TYPES OF JOBS AVAILABLE:

- Surgical technologists work as a valuable and integral part of the surgical team. Surgical technologists perform a wide variety of tasks in the operating room. They anticipate the needs of the surgical team, hand instruments and assist the surgeon by holding retractors, cutting sutures, suctioning the wound, adjusting lights, and applying dressings. Additional responsibilities are to operate the sterilizer, set up the room in preparation for the procedure, care for and handle instruments after the procedure, and to gather supplies, instrument sets, and equipment for the next day's procedures.

Program graduates work in large and small hospitals, outpatient surgery facilities, and doctors' offices throughout Nebraska and surrounding states.

PROGRAM OVERVIEW

The program is available at the Lincoln Campus and online. Online students can work in conjunction with the local community college in their area to complete the General Education courses and program requirements.

New program students enter every third quarter. Contact the college admissions office for entry dates.

National Certification Examination will be administered before graduation. Upon verification of graduation from the program chair, each student passing the NCE will receive the official certification certificate from the National Board of Surgical Technologists and Surgical Assistants. The exam is administered through Applied Measurement Professionals Inc.

This program offers classes online!

Total		66.5 hours

SPECIAL PROGRAM REQUIREMENTS:

- A current CPR card and TB test are required prior to entering the clinical portion of the program and required to remain current throughout the program.
- All SURT courses must be passed with a C+ (75%).
- A criminal background check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.

Course list for General Education requirements on page 65.

TYPES OF JOBS AVAILABLE:

- Visual publicist, illustrator and designer in a variety of areas, including marketing and promotions departments within various industries. Jobs include graphic creation, Web construction, digital pre-flight, digital video production and printing press operation.

Students create illustrations, designs and layouts using specialized computer software. Students learn how to design projects for print and Web. Projects include posters, brochures, booklets and Web sites.

Program graduates are working in small and large companies throughout southeast Nebraska and neighboring states and/or continuing their education.

This program offers classes online!

PROGRAM OVERVIEW

The program emphasizes skills in digital layout, digital media manipulation and creation, Web construction and digital pre-flight.

The program is available only at the Lincoln Campus. Certificates are available in Digital Publishing or Offset Printing.

Welding Technology

☒ Associate of Applied Science Degree ☒ Diploma ☒ Certificate

TYPES OF JOBS AVAILABLE:

- Welding technician
- Welding specialist
- Production welder
- Welding fitter
- Supervisor
- Inspector
- Welding machine operator
- Sales representative

PROGRAM OVERVIEW

The program is available on the Lincoln and Milford campuses and includes classroom instruction and extensive hands-on training. Some of the welding and cutting processes utilized include shielded metal arc, gas metal arc, gas tungsten arc, flux cored arc, submerged arc, plasma arc and oxy-fuel. Blueprint reading, layout, inspection and quality control skills also are widely utilized.

The program meets AWS, API and ASME standards. The curriculum focuses on current welding practices and procedures, metallurgy, destructive and nondestructive testing, inspection and principles of fabrication and design.

GENERAL EDUCATION REQUIREMENTS

Role/Mission of General Education - Students who earn a degree from Southeast Community College should exhibit both breadth and depth of knowledge. Therefore, SCC requires a General Education component in all degree programs. The goal is to provide all students, in both career and transfer curricula, a common, broad-based, well-rounded educational experience.

Every Program of Study requires students to take General Education classes as well as Program Core classes. To complete an **ASSOCIATE'S DEGREE**, whether it is of applied science, arts, science or occupational studies, a student must successfully complete a minimum of 22.5 quarter credits from general education requirements. **Students should contact the program advisor to select general education courses from each category area which will meet that program's graduation requirements.** Transfer students should also work closely with the school to which they plan to transfer.

The *Associate's degree** requires at least one **ORAL COMMUNICATION* and one **WRITTEN COMMUNICATION* course, plus *ONE COURSE FROM THREE OF THE OTHER FIVE AREAS*. A Certificate program must complete one course from the core areas, and a Diploma program must complete one course in two core areas. One exception is the Professional Truck Driver Training Certificate.

*ORAL COMMUNICATION 4.5		SOCIAL SCIENCE 4.5	
SPCH1090	Fundamentals of Human Communication (4.5)	ANTH1120	General Anthropology (4.5)

Transferring Credits

TRANSFERRING YOUR CREDITS

Southeast Community College is fully accredited by the Higher Learning Commission of the North Central Association of Colleges. Credit is therefore acceptable by most colleges and universities in the United States. Even though most courses listed under the Academic Transfer area at SCC transfer to most colleges and universities, you should consult with your advisor, the Registration and Record's Office in Beatrice and Milford, or Career Advising Services in Lincoln to be sure the courses you take are applicable to the degree you are seeking. It is ultimately the student's responsibility to check with the institution where credit is being transferred.

THE MOST IMPORTANT STEP:

Contact an advisor from the institution to which you plan to transfer as soon as possible!

Start today – don't wait until the last minute to find out if you've taken the correct classes to meet general education requirements. You will need:

- A list of general education courses required for your major.
- A list of admissions requirements for the college – including the minimum GPA you will need from SCC to get accepted for your major.
- Information on which SCC classes will transfer and how those classes apply to your baccalaureate degree.

HOW TRANSFERRING CREDITS WORKS:

- The receiving school always has final approval of how they will use your previous credits.
- Courses must have a grade of 'C' or better to transfer the credits.
- Four-year schools require a minimum cumulative GPA of a 2.0 ('C' average) to transfer. Many schools or majors require a higher GPA.
- Remember: credits transfer – grades do not. Your GPA at any school is based on the classes you took at that institution.
- Your grades at SCC will be used to make an admissions decision for the school you plan to transfer to. After you transfer, however, you will have credits on your transcripts but no GPA until you complete courses at your transfer institution.
- The number of credits you are able to transfer over does not include developmental classes.
- Your transfer school will want an official transcript from SCC once you transfer. To do this, go to the Student Services Office in room E1 to request a transcript.
- Apply to your transfer school at least 6-9 months before you wish to attend. Some schools have earlier deadlines.

THE NEBRASKA TRANSFER INITIATIVE

The Nebraska Transfer Initiative (see the Associate of Arts Articulation Matrix chart at the end of this chapter) provides seamless transition for SCC Academic Transfer graduates. The Initiative is a cooperative effort by Nebraska's public and private higher education institutions to facilitate the transfer of students who have earned an associate of arts degree into baccalaureate-level programs.

The core of this initiative is a common general education cluster of courses, with the remainder of credit hours required for the associate of arts degree selected by the students in consultation with a transfer advisor and the institution to which they are transferring. This initiative provides a smooth transition with a minimum loss of time and credit when it is accepted by the baccalaureate-granting

institution in Nebraska. Effectively, through this initiative, associate and baccalaureate-granting institutions are equal partners in providing the first two years of a baccalaureate degree.

The following four-year colleges and universities have approved course articulation agreements with Southeast Community College.

- (See pages 76-77 for the Nebraska Transfer Initiative Articulation MATRIX.)
- Bellevue University
 - Chadron State College

Transfer Program - Associate of Arts Curriculum

☒ Associate of Arts Degree ☒ Associate of Science Degree

ARTS & SCIENCES

The Arts & Sciences Division is comprised of transfer areas of General Education, Humanities, Math, Science and Social Science. Students will be able to complete the first two years of general education credit or to take specific academic courses for transfer.

These courses are carefully designed to meet transfer specifications, and SCC instructors are qualified professional educators in their subject areas. The result is that SCC students are consistently well prepared for success in their transfer colleges. Courses within the Developmental Education area also are located in the Arts & Sciences Division. Students who satisfactorily complete a two-year Arts & Sciences program may earn an Associate of Arts or an Associate of Science degree from Southeast Community College. The associate degree validates an ability to successfully complete college-level studies and may expand student options for further study and for career advancement.

FOR FURTHER INFORMATION ABOUT THIS PROGRAM, PLEASE CONTACT:

Course list for General Education requirements on page 65.

BEATRICE AND LINCOLN CAMPUSES

Prepares students for transfer to a senior college/university To receive an A.A. or A.S. degree from either the Beatrice or Lincoln Campus, a student must meet the requirements stated in this catalog. Mathematics classes numbered below 1150 and other classes numbered below 1000 generally do not meet graduation requirements and will not transfer to other colleges.

- It is the student's responsibility to know the requirements for the desired degree. The Vice-President for Instruction must approve any deviation from the curriculum printed in this catalog.
- Four-year colleges and universities have their own requirements for a bachelor's degree. Students who plan to transfer to a senior college or university should consult early with an advisor to determine their curriculum.
- A student who lacks a high school diploma or GED and is enrolled in the academic transfer courses may take a maximum of 24 credit hours. Enrolling in further academic transfer courses will require a high school diploma or GED.

Competency in the basic skills – reading writing and computation These competencies are essential if you are to function effectively in transfer classes. You must meet the following minimum requirements to enroll in academic transfer courses.

1. Minimum proficiency in reading and writing, either at the original entrance assessment, subsequent assessment or in courses that address these competencies prior to enrollment in courses requiring these competencies.
2. Minimum proficiency in computational or algebraic skills, either at the original entrance assessment, subsequent assessment or in courses that address these competencies prior to enrollment in mathematics courses requiring these skills

Mathematics, English and Reading Placement Policy: Students presenting proof of passing (a grade of C [P] or better) the prerequisite course are exempt from the readiness requirement. Otherwise, readiness is established by having a current, satisfactory score on the college placement exam (Compass/Asset/ACT).

ASSOCIATE OF ARTS DEGREE (A.A.)

The Associate of Arts degree is for students who plan to complete their first two years of a Bachelor's degree in **EDUCATION, HUMANITIES, SOCIAL SCIENCE, OR SOCIAL WORK** before transferring to a college or university. Students are encouraged to meet with their advisor and receiving college or university to determine a program of transfer courses that will meet the requirement for the student's field of study. Not all courses will be available at all campuses.

BROADCAST/JOURNALISM FOCUS:

This focus allows pre-broadcasting or pre-journalism students at SCC to complete the first two years of a journalism degree and transfer to a 4-year college or university. The broadcasting/journalism focus also will prepare a student for entry level positions in radio broadcasting or community newspapers. Please work closely with your SCC Academic Advisor. It is ultimately the student's responsibility to check with the institution where credit is being transferred.

A "C" must be achieved in all focus courses to progress in the program.

COURSE #	COURSE TITLE	CREDIT HRS
BROADCASTING FOCUS:		
BRDC2100	Broadcast Media Production	4.5
BRDC1860	Radio Workshop	4.5
BRDC2780	Public Relations	4.5
BRDC2830	Comm. Law & Ethics	4.5
BRDC2860	Radio Workshop	4.5
BRDC2970	Radio Internship	4.5

CHAPTER 2

COURSE DESCRIPTIONS

On the following pages are the descriptions (alphabetical by prefix) for credit courses offered at Southeast Community College.

Each course is identified with a lettered prefix and a course number, followed by the course title and campus where class is taught, class hours, lab/clinical/co-op/practicum hours (when applicable) and credit hours.

Following that is any prerequisite needed before taking the course and a brief description.

COURSE #	COURSE TITLE	LOCATION OFFERED	CLASS HOURS	LAB HOURS	CREDIT HOURS
<div>ENGL</div> <div>COURSE PREFIX</div>	<div>2100</div> <div>COURSE #</div>	<div>Introduction to Literature</div> <div>COURSE TITLE</div>			
		<div>B/L</div> <div>OFFERED AT THIS CAMPUS LOCATION</div>	<div>45</div> <div>CLASS HOURS</div>	<div>-</div> <div>LAB HOURS</div>	<div>4.5</div> <div>CREDIT HOURS</div>
<p>Prerequisite: ENGL1010 or permission of instructor.</p> <p>Introduction to the major genres and conventions associated with literature. Includes fiction, poetry, drama, and memoir. By employing critical reading/thinking skills and analytical and creative writing skills, students will understand literature more fully. Exposure to a range of authors representing a variety of cultural and ethnic backgrounds.</p> <p>*Please note that those courses with a zero (0) as the first digit of the course number are designated as developmental and may not be used to fulfill degree requirements. Example ENGL 0810.</p> <p> = A little computer icon is visible for courses available online.</p>

-----------------------	-------	----------	----------------	--------------	-----------------

• SPECIAL AND INDIVIDUALIZED COURSES

Special Topics Course (numbered 2799 with program prefix), are one-time course offerings that cover a specific topic that can not be offered on a consistent basis. The course will need to be approved through the SCC approval process and follow all guidelines affiliated with a regular course, i.e. course syllabus and outline.

Individual Special Topic (numbered 2999 with program prefix), these are courses listed in various programs in which a student will be required to do an individual project. The course will be an elective course only, and will also require a course syllabus and outline for the student enrolled in the course.

AACS • AREA COMMUNITY SERVICES

The following courses are non-program credit courses offered at Southeast Community College, and may or may not be used as electives in programs offered. These courses may appear on a student's transcript and are approved credit courses of the College.

AACS1104 Advanced Farm & Ranch Management 24 36 3.5

Prerequisites: AACS1100, AACS1101, and AACS1102 or instructor approval.
Instruction to farmers and ranchers on how to utilize previous year's records to make business decisions based on the analysis of accurate records. Assistance in analyzing records and an understanding of the importance of complete record system of production and household records.

AACS1100 Farm & Ranch Management Year 1 36 36 4.5

Assistance to the farmer or rancher on gathering information to make business decisions based on the analysis of accurate records. Topics identify the need for maintaining an accurate and complete system of production and household records used in future analysis.

AACS1101 Farm & Ranch Management Year 2 36 36 4.5

Prerequisite: AACS1100.
Use of previous year's information and analysis to make business and family decisions. Importance of maintaining and utilizing accurate and complete production and household records. Major changes considered utilizing two years of records to reflect various opportunities for improvement.

AACS1102 Farm & Ranch Management Year 3 36 36 4.5

Prerequisites: AACS1100 and AACS1101.
Use of previous year's information and analysis to make business and family decisions. Recognizing the importance of maintaining and utilizing accurate and complete production and household records. Major changes considered utilizing three years of records to reflect various opportunities for improvement.

AACS1112 Gold Medal Management 60 10 6

Designed to instruct borrowers in financial and production management. Specific topics include: identify and write family and business goals; prepare the complete a balance sheet and an income statement; develop a family and business cash flow budget; construct specific enterprise records that permit enterprise analysis; and identify and define the level of risks related to production, marketing, technology and the financial areas of the family business. Specific units of instruction incorporated relative to the management of livestock and crop production. Class is specifically designed for individuals who have borrowed from the Farm Service Agency.

ACCT • ACCOUNTING

ACCT1200 Principles of Accounting I B/L/M 45 - 4.5

Prerequisite: Accounting Competency recommended.
This course is designed to provide introductory knowledge of accounting principles, concepts, and practices. Included topics are the balance sheet, the income statement, the statement of owners equity, the statement of cash flows, worksheets, journals, ledgers, accruals, adjusting and closing entries, internal controls, inventories, fixed and intangible assets, liabilities, equity, and financial statement analysis. This course provides a foundation for more advanced work in the fields of accounting and business.

ACCT1210 Principles of Accounting II B/L/M 45 - 4.5

Prerequisite: ACCT1200.
This course is a continuation of ACCT1200. Principles of Accounting II includes accounting for businesses organized as corporations, cash flow statements, accounting for manufacturing businesses, preparing and using accounting data for management decision making, and analyzing and interpreting financial statements.

ACCT2050 Payroll Accounting B/L/M 30 - 3

Prerequisite: ACCT1200.
Comprehensive course in payroll accounting principles and practices. Includes the evolution of payroll laws and regulations, computation of wages and salaries and related withholdings as well as the filings of payroll reports. From the financial accounting perspective it will cover the analysis and journalizing of various payroll transactions.

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

ACCT2090 Cost Accounting B/L/M 45 - 4.5

Prerequisite: ACCT1210.
Overview of the basic concepts and objectives of cost accounting for merchandising and manufacturing companies. Elements of the job order system are presented in-depth with emphasis on controlling materials, labor, and factory overhead.

ACCT2100 Individual Income Tax Procedures B/L/M 45 - 4.5

Prerequisite: ACCT1210.
Through the Individual Income tax class students will complete the Form 1040 which includes the various forms and schedules used. In addition to preparation of forms and schedules students will be introduced to the Internal Revenue Code in relation to form 1040.

ACCT2130 Intermediate Accounting I B/L/M 45 - 4.5

Prerequisite: ACCT1210.
Begins with review of basic accounting principles. Provides transition to more rigorous professional levels of accounting. Topics include extraordinary items, long-term construction contracts, earnings per share, cash and receivables, marketable securities and inventories.

ACCT2230 Computerized Accounting B/L/M 45 - 4.5

Prerequisites: ACCT1200 and BSAD1010.
Accounting software integrates accounts payable, accounts receivable, payroll, inventory activities and general ledger activities. The accounting cycle is completed using accounting software. Spreadsheets are also used to create financial statements. Instruction on 10-key will also be provided.

ACCT2800 Applied Accounting Capstone B/L 45 - 4.5

Prerequisites: ACCT2050, ACCT2100, ACCT2130 & ACCT2150.
This course is designed as a capstone experience before entering the workplace. Students will practice and enhance their communication, analytical and computer skills; manage and/or develop accounting projects using problem solving and decision making skills; and display leadership, initiative, and positive interpersonal skills.

ACFS • ACADEMIC FOUNDATIONS

ACFS0840 Collegiate Study Skills B/L/M - 30 1.5

A general information course to help students develop skills for study, research, and test preparation. Includes computer aided instruction and personal tutoring. Instructional time is arranged to accommodate students class and work schedules. Excellent course for students returning to school who are needing to upgrade skills in the use of computers for school work. Graded pass/no pass.

ACFS0860 Learning Strategies B/L 15 - 1.5

Self-paced and individually programmed approach to learning and applying strategies needed to succeed in college. Designed for students who need help in improving skills such as time management, note-taking, test-taking, memory-building, and studying/reading textbooks.

ACFS0890 Freshman Seminar B/L 15 - 1.5

This course is a basic introduction to college life including academic and personal skills needed for success. It includes a review of study skills, test taking strategies, time and stress management. A portion of the class is devoted to responsible money management and use of credit. Students will develop a personalized college budget plan aimed at minimizing debt at graduation.

ACFS1010 Academic & Career Development L 15 - 1.5

(Recommended to be taken during the first term of the Academic Transfer program-Lincoln Campus)
Insight into career satisfaction and selection, understanding of self, full scope of career exploration, development and professional relationships, overview of the A.A. and A.S. degrees, and development of an academic plan to help achieve career goals. Designed to foster a positive adjustment to college and work environments.

ACFS1020 Academic and Career Skills for Success L 45 - 4.5

This course is designed to assist students in making decisions about academic and career goals based on their personality, interests, skills, and values. The course will also focus on an array of skills the college student needs to be successful.

ACFS2020 Career Development L/M 25 - 2.5

Overview of career development with emphasis on the skills necessary for a job search, interpersonal skills, and communication.

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AGRI • AGRICULTURE BUSINESS & MANAGEMENT					
AGRI1116	Electric & Gas Welding	B	15	30	2
Introduction to all types of welding, basic to advanced, for use in maintenance and repair of machinery. Electric and gas welders including stick, MIG, TIG, hard-facing, brazing, aluminum and stainless steel.					
AGRI1123	Agribusiness Careers	B	45	3	4.5
Overviews of occupations in the field of agribusiness. In-depth exploration of several broad occupational areas and personal interview of at least two agribusiness management level employers.					
AGRI1124	Basic Ag Leadership	B	40	10	4.5
This course will help students become more successful in life and the workplace through learning and enhancing personal development and communication skills; attaining desired leadership positions both in their careers and community.					
AGRI1131	Crop & Food Science	B	45	3	4.5
Principles and practices of production of the major agronomic crops of the high plains.					
AGRI1135	Basic Fertilizer Management	B	28	20	3
Methods of evaluating soil fertility, prescribing and formulating fertilizer blends, and calibration and operation of application equipment. Forms of fertilizer, uses, storage and plant processes and operations.					
AGRI1141	Livestock Management & Selection	B	42	54	6
Management of livestock production. Work with the school's sow herd in farrowing and nursery, and with sheep during lambing. Basic production systems and methods for beef, sheep and swine.					
AGRI1143	Introduction to Equine Management	B	44	4	4.5
An introduction to the fundamental aspects of horse management.					
AGRI1145	Agricultural Electricity & Welding	B	10	86	2
Fundamentals of electrical terms, wiring materials and practices. Includes wiring basic switches, lights and outlets. Maintenance of electrical equipment and wiring, electric and gas welding included. Repair of agricultural machinery.					
AGRI1153	Soils & Plant Nutrition	B	42	54	6
Study of the physical and chemical properties of soil as they apply to agriculture production, land evaluation and land use planning. Practical application to farming in relation to the characteristics of the soil, conservation of soil, water and conservation tillage.					
AGRI1171	Ag Technology	B	21	27	3
Introduction to electronic spreadsheets for solving agricultural problems with emphasis on logical and systematic decision making. Preparation for computer use in subsequent courses.					
AGRI1177	Companion Animals	B	45	3	4.5
Principles and practices for the life cycle and care of companion animals which may include nutrient regimen, breed identification, various infections and non-infectious disease diagnostics and treatment, anatomy, physiology, parasitic life cycles and internal and external identification, medication requirements for certain problems and the importance of companion animals in contemporary society.					
AGRI1195	Advanced Electric and Gas Welding	B	15	30	2
<i>Prerequisite: AGRI1116 or instructor permission.</i> Advanced instruction in all types of welding, for use in maintenance and repair of machinery and project construction. Electric and gas welders such as Stick, MIG, TIG, hard-facing, brazing and stainless steel welding.					
AGRI1205	Enterprise Analysis	B	45	3	4.5
Study of record keeping techniques and processes for horticulture, crop, and livestock production units. Manual and computerized record keeping techniques for production operations used to determine alternatives, effective and efficient cash flow operations and cost accounting with the least amount of additional training.					
AGRI1211	Agriculture Marketing	B	45	3	4.5
Introduction to utilization of marketing alternatives in pricing agricultural products. Emphasis on sources of fundamental and technical information, charting, developing local basis estimates and computing hedges.					
AGRI1216	Agribusiness Management	B	45	3	4.5
Introduction to management principles in agribusiness. Management simulation and computer systems illustrate the decision-making process.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AGRI1218	Basic Farm Engines	B	30	45	4.5
Principles of operation and care of diesel, gasoline and LP gas engines. Parts identification and analysis of engine and parts failure. Tune-up of engines and familiarity with overhaul procedures.					
AGRI1221	Livestock Nutrition	B	60	36	6
<i>Prerequisite: AGRI1141 or instructor permission.</i> Introduction to animal nutrition and feedstuffs. Feed formulation, feed processing, handling, sales and service.					
AGRI1257	Live Animal Selection & Carcass Evaluation	B	45	3	4.5
Methods of selection and evaluation of live animals and carcasses. Training in selection of replacement breeding animals of economic importance. Purchasing slaughter animals and carcasses for primal cuts within the meat industry.					
AGRI1258	Introduction to Meats	B	45	3	4.5
<i>Prerequisite: AGRI1141 & AGRI1257.</i> Identification and grading of retail and wholesale cuts of meat of swine, beef and sheep, with emphasis on economic and nutritional value. Carcass grading and processing is covered.					
AGRI1272	Intermediate Live Animal Selection	B	8	22	1.5
<i>Prerequisite: AGRI1257.</i> Introduction in methods of livestock evaluation and oral reasons presentations including beef, swine, sheep and horses. Includes fieldwork in selection.					
AGRI2202	Farm & Ranch Management	B	51	45	6
<i>Prerequisites: Students should have completed or be currently enrolled in AGRI1131, AGRI1141, AGRI1205, AGRI1211, and AGRI1216.</i> Study of crop and livestock management systems within the total farm operation. Methods of acquiring financial resources for agricultural business such as purchasing, leasing, and contractual agreements. Includes developing cash flow, income balance sheets, partial budgets, and developing and utilizing a management plan.					
AGRI2204	Agribusiness Intern Seminar I	B	45	3	4.5
<i>Prerequisite: AGRI1123 or instructor permission.</i> Guidelines for agribusiness internship. Applying and interviewing for placement, basic preparation for the specific internship experience and the process to be used for supervision and evaluation on the job.					
AGRI2212	Ag Machinery Maintenance	B	6	90	3
Study of engines, hydraulics and power trains for use in maintenance of agriculture machinery. Proper maintenance, adjustment, operation and minor repair of agricultural power machinery.					
AGRI2219	Pesticide Certification	B	28	20	3
Study of the current laws and regulations as they affect the commercial application of pesticides. Serves as preparation for the Nebraska Commercial Pesticide Applicators Examination.					
AGRI2220	Ag Chemicals & Equipment Application	B	23	73	4.5
<i>Pre/co-requisite: AGRI1153.</i> Intensive study of insects, diseases and weed identification and control. Study and application of herbicides, insecticides, fungicides, and fertilizers with emphasis on safety, toxicity, dangers, chemicals, formulation and application procedures. Operational maintenance and application experience with various types of equipment with emphasis on chemical and fertilizer application equipment.					
AGRI2222	Agriculture Analysis	B	21	27	3
<i>Prerequisite: AGRI1153 or AGRI2223.</i> Practical course in equipment use, testing procedures and analysis interpretation. Testing in areas of soil, forages, feed stuffs and water.					
AGRI2223	Principles of Livestock Feeding	B	23	25	3
<i>Prerequisite: AGRI1221.</i> Provides a practical background in feed formulation, feed processing, handling, sales and service. Includes a basic study of livestock performance and feed trials.					
AGRI2225	Advanced Leadership Skills	B	30	-	3
<i>Prerequisite: AGRI1124 or permission.</i> The intent of this course is the help the student attain professional and personal success through advanced leadership development.					
AGRI2231	Animal Breeding	B	66	30	7.5
<i>Prerequisites: AGRI1141 or permission.</i> Anatomy and physiology of breeding animals. Breeding management, pre- and post-natal development of farm animals. Includes principles of artificial insemination and embryo transfer.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AGRI2232 Harvesting Equipment		B	42	54	6
<i>Prerequisite: AGRI1131.</i>					
Operation, adjustment and maintenance of grain, forage and hay harvesting equipment. Hands-on experience with equipment used on the land laboratory in actual cropping situations.					
AGRI2233 Planting & Tillage Equipment		B	42	54	6
<i>Prerequisite: AGRI1131 or co-enrolled.</i>					
Study of tillage and planting equipment used in agriculture crop production. Operation, uses, maintenance and field adjustment of equipment.					
AGRI2240 Range & Forage Management		B	42	54	6
<i>Prerequisites: AGRI1131, AGRI1141.</i>					
Study of efficient utilization of range resources. Consolidates the range ecosystem with the utilization systems employed in modern livestock based agriculture. Includes study of production, harvesting, and utilization of forage crops to facilitate a year-round forage plan for livestock management.					
AGRI2245 Animal Health		B	42	54	6
<i>Prerequisite: AGRI1141.</i>					
Study of management of animal health products. Review of common animal health problems and proper use of animal health products and equipment.					
AGRI2253 Grain Management		B	25	23	3
<i>Prerequisite: AGRI1131.</i>					
Methods of cereal grain crop storage. Maintenance of grain quality in farm and agribusiness storage facilities. Operation and adjustment of grain drying and handling equipment.					
AGRI2254 Advanced Swine Production		B	45	3	4.5
<i>Prerequisite: AGRI1141.</i>					
Study of profitable swine production. Consolidates swine production, marketing, meat processing and sales to consumers of pork products.					
AGRI2255 Advanced Sheep Production		B	44	4	4.5
<i>Prerequisite: AGRI1141.</i>					
Study of profitable sheep production. Issues facing sheep producers and lamb feeders as a national industry working toward common goals.					
AGRI2256 Advanced Beef Cattle Production		B	45	3	4.5
<i>Prerequisite: AGRI2231.</i>					
Study of beef cattle and the interrelationship in the beef production chain.					
AGRI2258 Livestock Ultrasound Technology		B	25	23	3
<i>Prerequisites: AGRI2231 and AGRI1257.</i>					
Principles and technology of the use of ultrasound and supporting computer analysis software as it pertains to livestock.					
AGRI2265 Irrigation & Water Management		B	42	54	6
<i>Prerequisite: AGRI1153.</i>					
Principles of irrigation, soil, water and plant relationships, and operation of irrigation equipment. Irrigation scheduling, chemigation, and management of water to prevent erosion and maintain surface and groundwater quality.					
AGRI2267 Advanced Marketing		B	45	3	4.5
<i>Prerequisite: AGRI1211.</i>					
Study and application of option contracts in a market plan in conjunction with other market alternatives. Use of indicators through fundamental and technical analysis for pricing and timing to market ag commodities.					
AGRI2272 Advanced Live Animal & Carcass Selection		B	8	22	1.5
<i>Prerequisite: AGRI1257.</i>					
Advanced methods of livestock evaluation. Training in evaluation of live animals and carcasses of beef, sheep, swine and horses. Includes field work in selection. Extensive oral reasons presentations.					
AGRI2279 Advanced Ag Technology		B	45	3	4.5
<i>Prerequisite: AGRI1171 or permission.</i>					
Study and application of decision making techniques and forecasting through the use of microcomputer spreadsheet software, data management software, graphic presentations, and integration of decision making procedures.					
AGRI2280 Advanced Crops		B	45	3	4.5
<i>Prerequisites: AGRI1131, AGRI1135, AGRI1153.</i>					
Study of crop production, including the major elements of growth and development, seed formation, fertilization, insect and disease control of crops grown on the high plains.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AGRI2281 Agribusiness Cooperative Internship		B	-	420	10.5
<i>Prerequisite: Must have completed AGRI2204 or instructor permission.</i>					
Instructor supervised on-the-job training to gain experience in an agribusiness occupation. Apply skills and principles learned and acquire additional skills for growth and advancement.					
AGRI2285 Agribusiness Cooperative Internship Seminar II		B	15	-	1.5
<i>Prerequisites: Must register for AGRI2281 and have completed eight (8) weeks of the internship, or instructor permission.</i>					
Evaluation of the cooperative experience. Preparation for employment.					
AGRI2291 Agribusiness Sales		B	45	3	4.5
<i>Prerequisite: Completed 60 credit hours or permission.</i>					
Exploration of agribusiness sales. Functions and role of sales representatives. Productive relationships between consumers and sales representatives.					
AGRI2999 Individual Special Project		B	-	-	5-4.5
Selected educational experiences that provide intensive study in a topic area above and beyond the regular curriculum. Credit hours will vary. Must have permission of instructor and program chair.					

ANTH • ANTHROPOLOGY

ANTH1120 General Anthropology	B/L	45	-	4.5
A survey of the study of the races, their characteristics, customs, social relationships and work; the cultural and linguistic diversity of living people.				
ANTH2320 Introduction to Archaeology	B/L	45	-	4.5
Integrated overview of archaeology, including methods used by archaeologists to study the past as well as what has been learned about human prehistory through archaeology. Topics include but not limited to, the history of archaeology and anthropology, cultural and public resources management, dating methods, Geographical Information Systems, remote sensing, human ecology, signs and symbols, the rise and fall of civilizations, religion, and ideology.				

ARCH • ARCHITECTURAL-ENGINEERING TECHNOLOGY

ARCH1103 Materials of Construction	M	30	-	3
Fundamental aspects of modern construction materials. Manufacturing, sizes, and application of materials.				
ARCH1107 Heating & Air Conditioning Systems I	M	30	20	3.5
<i>Co-requisite: ARCH1103.</i>				
Methods of calculating heat loss and heat gain for residential buildings according to ACCA Manual J.				
ARCH1115 Light Construction Principles	M	50	-	5
<i>Co-requisite: ARCH1158.</i>				
Methods of light construction on wood frame and masonry structures. Theory of architectural drafting with emphasis on lettering, line work and the procedures related to producing architectural working drawings.				
ARCH1150 Computer Aided Drafting I (CAD)	M	20	-	2
<i>Co-requisite: ARCH1115.</i>				
Fundamentals of Computer Aided Drafting using the current AutoCAD program. Instruction on computer operating system. AutoCAD menus, AutoCAD settings and drawing set up. Draw and Edit commands, AutoCAD coordinate systems.				
ARCH1158 Basic Architectural Drafting	M	-	100	3
<i>Co-requisite: ARCH1115.</i>				
Techniques and fundamental skills of architectural drafting. Lettering, line work and basic technical drawing. Schedules, details, framing drawings and construction assembly methods used by drafters.				
ARCH1208 Heating & Air Conditioning Systems II	M	50	-	5
<i>Prerequisites: ARCH1107, ARCH1158 and MATH1080. Co-requisite: ARCH1226.</i>				
Methods of sizing residential duct work systems according to ACCA Manual D. Equipment selection is also covered.				
ARCH1210 Elementary Structural Design	M	45	-	4.5
<i>Prerequisite: MATH1080.</i>				
Basic structural design. Study of mathematics and trigonometry used in determining strength of materials. Wood, concrete, and steel reactions to varying loads.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ARCH1224 Plumbing Systems Drafting	M	-	80	2.5	
<i>Prerequisites: ARCH1158 and MATH1080. Co-requisite: ARCH1225.</i> Production of drawings of waste, vent and water piping systems that are acceptable to industry standards.					
ARCH1225 Plumbing Systems	M	50	-	5	
<i>Prerequisites: ARCH1158 and MATH1080. Co-requisite: ARCH1224.</i> Methods of design, layout and sizing of waste, vent, and water piping systems as required on commercial building projects.					
ARCH1226 Heating & Air Conditioning Systems Drafting	M	-	70	2.5	
<i>Prerequisites: ARCH1107, ARCH1158 and MATH1080. Co-requisite: ARCH1208.</i> Methods of drawing duct work systems for residences using calculations from course ARCH1208 as a guide.					
ARCH1240 Computer Aided Drafting II (CAD)	M	25	25	3	
<i>Prerequisites: ARCH1115, ARCH1150, ARCH1158, MATH1080.</i> Continuation of ARCH1150, Computer Aided Drafting I. Exercises in drawings, including drawing setup, layer setup, dimensioning setup, sheet setup, dimensioning, plotting setup and plotting.					
ARCH1311 Basic Estimating	M	50	-	5	
<i>Prerequisites: ARCH1103, ARCH1115, ARCH1158, and ARCH1210.</i> Methods of performing a quantity survey of a residential building project. Residential construction techniques.					
ARCH1320 Freehand Drawing for Design Detailers	M	5	20	1	
Techniques of freehand drawing for construction work. How to express ideas graphically to assure correct interpretation.					
ARCH1328 Structural Building Systems I	M	50	-	5	
<i>Prerequisites: ARCH1103, ARCH1115, ARCH1210, ARCH1240. Co-requisite: ARCH1330.</i> Concepts of heavy structural systems. Structural steel and detailing.					
ARCH1329 Structural Building Systems II	M	50	-	5	
<i>Prerequisites: ARCH1103, ARCH1115, ARCH1210, ARCH1240. Co-requisites: ARCH1332.</i> Concepts of heavy structural systems. Reinforced concrete, commercial and industrial wood applications.					
ARCH1330 Structural Detailing & Design I	M	-	50	1.5	
<i>Prerequisites: ARCH1103, ARCH1115, ARCH1210, ARCH1240. Co-requisite: ARCH1328.</i> Methods of graphically representing structures. Drafting and detailing steel structural systems.					
ARCH1332 Structural Detailing & Design II	M	-	50	1.5	
<i>Prerequisites: ARCH1103, ARCH1115, ARCH1210, ARCH1240. Co-requisite: ARCH1329.</i> Methods of graphically representing structures. Drafting, detailing concrete and wood structural systems.					
ARCH1340 Computer Aided Drafting III (CAD)	M	15	10	1.5	
<i>Prerequisite: ARCH1240.</i> Exercises in drawing the Floor Plan, Elevations, Section, Details, using the current drafting software.					
ARCH1434 Fundamentals of Commercial Architecture	M	34	-	3	
<i>Prerequisites: ARCH1329, ARCH1328, ARCH1330, and ARCH1332. Co-requisite: ARCH1436.</i> Study of construction methods for commercial buildings. Techniques of industry in developing working drawings and written specifications for a commercial building.					
ARCH1436 Commercial Architectural Drafting	M	-	172	5.5	
<i>Prerequisites: ARCH1320, ARCH1328, ARCH1329, ARCH1330, ARCH1332 and ARCH1340. Co-requisite: ARCH1434.</i> Project: Production of architectural and structural working drawings for a small commercial building.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ARCH1438 Residential Design & Drafting	M	20	78	4.5	
<i>Prerequisites: ARCH1320, ARCH1328, ARCH1329, ARCH1330, ARCH1332 and ARCH1340.</i> Advanced study of residential architectural drafting. Drafting a complete set of plans from an original design of a new residence including site, floor, and framing plans; door, window, and room finishing schedules; building, wall, and stairway sections; construction details and exterior and interior elevations.					
ARCH2531 Electrical Systems Theory	M	50	-	5	
<i>Prerequisites: BSAD1010 and MATH1080. Co-requisite: ARCH2542.</i> Techniques for calculating lighting levels, lighting requirements and circuiting loads required for the building trades.					
ARCH2533 Advanced Mechanical Systems Theory	M	50	-	5	
<i>Prerequisite: ARCH1208. Co-requisite: ARCH2544.</i> Methods of calculating heat loss and heat gain of a commercial structure and the layout and sizing of duct work systems.					
ARCH2542 Electrical Systems Drafting	M	-	75	2.5	
<i>Prerequisite: ARCH1340. Co-requisite: ARCH2531.</i> Practice in drafting power and lighting systems for commercial buildings using ARCH2531 as a guide.					
ARCH2544 Advanced Mechanical Systems Drafting	M	-	75	2.5	
<i>Prerequisites: ARCH1226 and ARCH1340. Co-requisite: ARCH2533. Co-requisite: ARCH2533.</i> Practice in design of duct work systems required in building using information from ARCH2533 as a guide for the required duct work.					
ARCH2546 Site Planning & Surveying	M	25	25	3	
<i>Prerequisites: ARCH1340 and MATH1080.</i> Basic surveying. Practice in running levels and a topographic survey to aid in a site plan. Computations in determining lot measurements, areas of lots, earth work excavation quantities, and contours prepare the student for the site plan for the sixth quarter project.					
ARCH2637 Comprehensive Project Design	M	30	-	3	
<i>Prerequisites: All courses ARCH1103 through ARCH2546. Co-requisite: ARCH2648, ARCH2639.</i> Logical sequence of steps involved in design of a building following the design and planning of a nearby structure. Instructor and guest consultants provide criteria of the project for the class. An accumulation of the five previous quarters' experiences are used by the student to prepare a functional design that fits the needs and budget of the client. Minimum of "C" grade for graduation.					
ARCH2639 Construction Estimating	M	35	-	3.5	
<i>Prerequisites: All courses ARCH1103 through ARCH2546. Co-requisite: ARCH2648, ARCH2637.</i> Methods of performing material takeoff and pricing materials for commercial construction. The building used for estimating will be drawn by the student in ARCH2648. Minimum of "C" grade for graduation.					
ARCH2641 Life Safety Code	M	31	-	3	
The basics of building design utilizing the International Building Codes (IRC). Occupancy classifications means and sizing of egress components and features of fire protection are covered. Minimum of "C" grade for graduation.					
ARCH2648 Comprehensive Project Drafting	M	28	177	8	
<i>Prerequisites: All courses ARCH1103 through ARCH2546. Co-requisite: ARCH2637, ARCH2639.</i> Preparation of a full set of working drawings from information accumulated from ARCH2546 and ARCH2637 Speed is an important factor as the student applies the accumulated knowledge of the five previous quarters. Minimum of "C" grade for graduation.					
ARCH2710 Construction Law	M	45	-	4.5	
Introductory legal overview of the major aspects of contemporary construction law applicable to architects, contractors, and/or subcontractor. Legal, financial and accounting problems experienced within the day-to-day work environment. Minimum of "C" grade for graduation.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ARTS • ART					
ARTS1010	Introduction to the Visual Arts (Art Appreciation)				
■	B/L/M	45	-	4.5	
An appreciation of the visual arts from a historical perspective. Includes an overview of the creative process, the evolution of art, and art as it relates to society.					
ARTS1050	Introduction to Art History and Criticism I				
■	B/L	45	-	4.5	
A survey of major works of art in all media from Prehistory through the end of the Middle Ages. Artistic styles will be discussed in relation to contemporary history, society and culture. Individual works of art will be explored as well as the role of art and architecture in a cultural context.					
ARTS1060	Introduction to Art History and Criticism II				
■	B/L	45	-	4.5	
A survey of major works of art in all media from the Renaissance to the present. Artistic styles will be discussed in relation to contemporary history, society and culture. Individual works of art will be explored as well as the role of art and architecture in a cultural context.					
ARTS1110	Beginning Drawing I				
	B/L	15	60	4.5	
Introduction to drawing. Emphasis on basic techniques and composition. Subjects: still life, figure, landscape. Materials: charcoal, graphite, ink wash.					
ARTS1120	Beginning Drawing II				
	B/L	15	60	4.5	
<i>Prerequisite:</i> ARTS1110. Continuation of Beginning Drawing I with an emphasis on advanced studio problems, techniques, materials, and creative solutions.					
ARTS1210	Design & Composition				
	B	15	60	4.5	
Introduction to the principles of design and composition. Skills, techniques and basic ideas necessary to artistic planning. Development of sensitivity and creativity.					
ARTS1330	Beginning Ceramics I				
	B	15	60	4.5	
Introduction to the construction of pottery and sculptural clay forms. Hand building, wheel-throwing, and glaze application.					
ARTS1340	Beginning Ceramics II				
	B	15	60	4.5	
<i>Prerequisite:</i> ARTS1330. Continuation of Beginning Ceramics I with an emphasis on advanced studio problems, techniques, materials and creative solutions.					
ARTS2210	Beginning Graphic Design				
	B	15	60	4.5	
<i>Prerequisite:</i> ARTS1110 and ARTS1120 or permission. Introduction to graphic art and the foundations of visual communication. History, principles of design and layout, methods, materials and applications.					
ARTS2510	Beginning Painting I				
	B	15	60	4.5	
Introduction to painting. Emphasis on basic techniques and composition. Subjects: still life, landscape. Materials: alkyds or acrylics.					
ARTS2520	Beginning Painting II				
	B	15	60	4.5	
<i>Prerequisite:</i> ARTS2510. Continuation of ARTS2510. Emphasis on advanced studio problems, materials, techniques, and creative solutions.					
ARTS2650	Introduction to Native American Art				
■	B/L	45	-	4.5	
Survey of Native American art of North America from prehistory to the present, emphasizing the art of indigenous peoples as a fine art form. History, cultural environment, special issues, art methods and materials.					
ARTS2750	Women In Art				
■	B/L	45	-	4.5	
Survey of the lives and achievements of women artists from prehistory to the present in Europe and America. History, cultural environment, and special issues.					
ARTS2799	Special Topics in Art				
	B	15	60	4.5	
The purpose of this class is to explore a specific topic in studio art in greater detail, to provide students with a deeper understanding and appreciation of a given medium.					
ARTS2999	Individual Special Topics in Art				
	B	15	60	4.5	
The purpose of this class is to explore a specific topic in studio art in greater detail, to provide individual students with a deeper understanding and appreciation of a given medium.					

ASEP • GENERAL MOTORS AUTOMOTIVE SERVICE EDUCATIONAL PROGRAM (ASEP)

ASEP1170	GM Shop Orientation & Safety	M	20	12	2
Introduction to automotive shop procedures, shop safety. Proper use service manuals and service information. Thread repair, tube flaring and fasteners.					
ASEP1171	GM Welding	M	10	8	1
Theory and practice of "GMAW" welding, braze welding, and oxyacetylene cutting. Equipment setup, safety, and operation is stressed.					
ASEP1173	GM Fundamentals	M	30	10	3
Introduction to warranty flat rate manuals, daily time ticket, vehicle identification numbers and repair order completion. Proper use of hand tools, power tools and other equipment used by the automotive technician.					
ASEP1175	GM Electrical & Electronic Principles	M	110	40	12
Specialized Electronics Training Part 1. Principles and concepts of GM electrical systems. Study of operation and testing of batteries, charging and starting systems, ignition systems principles, body wiring and components for power windows, seats and door-locks, windshield wipers, cruise control and theft deterrent systems.					
ASEP1177	GM Brake Systems	M	30	30	4
Theory, diagnosis, and repair procedures of disc and drum brake systems on current General Motors vehicles.					
ASEP1268	Dealer Cooperative Experience	M	-	480	12
<i>Prerequisites:</i> ASEP1170, 1171, 1173, 1175, 1177. Dealer coordinated work experience for the student in accordance with the program schedule. Supervised by the Southeast Community College - Milford Campus and ASEP coordinator at the dealership.					
ASEP1360	GM Powertrain Electronic Systems	M	55	35	6.5
<i>Prerequisite:</i> ASEP1268. Specialized Electronics Training, Part 2. Operation of solid state automotive electrical components. Study of operation of basic computer operation, input and output devices. Also GM ignition systems, fuel delivery systems, emission control systems and diagnostic routines.					
ASEP1363	GM Engine Repair	M	80	50	9.5
<i>Prerequisite:</i> ASEP1268. Operation and construction of General Motors gas and diesel engines. Techniques and skills for testing and diagnosis of engine mechanical condition, cylinder head reconditioning, complete disassembly, inspection, measurement and reassembly of GM gas and diesel engines. Accuracy of measurements, repair decisions and procedures involving correct and safe engine removal and installation.					
ASEP1379	GM Heating & Air Conditioning	M	40	40	5
<i>Prerequisite:</i> ASEP1268. Study of theory, operation, diagnosis and repair of late model GM air conditioning, heating and ventilation systems. Includes manual and automatic systems. Refrigerant recovery and recycling procedures.					
ASEP1468	Dealer Cooperative Experience	M	-	480	12
<i>Prerequisites:</i> ASEP1360, ASEP1363, and ASEP1379. Dealer coordinated work experience. Supervised by the Southeast Community College - Milford Campus and ASEP coordinator at the dealership.					
ASEP2528	GM Steering & Suspension Systems	M	30	50	4.5
<i>Prerequisite:</i> ASEP1468. Principles of operations, disassembly procedures, and repair of General Motors steering and suspension systems. Power and manually controlled Integral and Rack and Pinion steering gears. Conventional and McPherson Strut suspensions. Techniques and procedures for four wheel alignment and computer wheel balancing, both on and off the vehicle.					
ASEP2529	GM Manual Transmission, Transaxles, Clutch & Transfer Case	M	60	30	7
<i>Prerequisite:</i> ASEP1468. Operating principles and service of General Motors manual transmissions and related drive train components. Diagnosis and repair procedures.					
ASEP2537	GM Rear Axle Service	M	20	10	2
<i>Prerequisite:</i> ASEP1468. Operation, diagnosis, and repair of drive shafts, universal joint axles, axle bearings, seals, and differentials used on late model General Motors vehicles.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ASEP2538	GM Advanced Powertrain Electronic Systems	M	20	50	3.5
<i>Prerequisite: ASEP1468.</i> Advanced study of GM ignition systems, fuel delivery systems, emission control systems and diagnostic routines.					
ASEP2561	GM Diesel Fuel & Emission Control System	M	20	10	2
<i>Prerequisite: ASEP1468.</i> Theory and operation of GM Diesel Fuel Injection Nozzles; operation and repair of the Injector Pump, Injector Nozzles, Glow Plug System and Emission Control Systems.					
ASEP2668	Dealer Cooperative Experience	M	-	480	12
<i>Prerequisites: ASEP2528, 2529, 2537, 2538 and 2561.</i> Dealer coordinated work experience. Supervised by the Southeast Community College - Milford Campus and ASEP coordinator at the dealership.					
ASEP2743	GM Powertrain Electronic Systems & Drivability Diagnosis	M	40	40	5.5
<i>Prerequisite: ASEP2668.</i> Diagnosis, adjustments and repair procedures using electrical meters, oscilloscopes and GM approved diagnostic test equipment.					
ASEP2747	GM Body Electrical & Electronics	M	50	30	6
<i>Prerequisite: ASEP2668.</i> Advanced electrical course covering operation, testing, diagnosis and repair of GM computerized body electrical and electronic systems.					
ASEP2748	GM Automatic Transmission & Transaxles	M	80	40	9
<i>Prerequisite: ASEP2668.</i> Operation, diagnosis, adjustment, and repair of the automatic transmissions used in rear-wheel and front-wheel drive General Motors cars. Removal and installation procedures and safety.					
ASEP2749	GM New Product Update	M	20	-	2
<i>Prerequisite: ASEP2668.</i> Overview of new product features for current model year. Includes available General Motors New Product information.					
ASST • FORD (ASSET) AUTOMOTIVE STUDENT SERVICE EDUCATIONAL TRAINING PROGRAM					
ASST1110	Ford Shop Orientation	M	15	6	1.5
Introduction to automotive shop procedures and repair. Proper use of hand and power tools. This course deals with many basic elements of automotive repair.					
ASST1170	Ford Shop Safety & Repair	M	15	6	1.5
This course deals with shop safety, OSHA hazard communication standards/hazard chemical right-to-know. Thread repair, tube flaring, fasteners, micrometers and other equipment used by the professional automotive technician.					
ASST1171	Ford Welding	M	10	8	1
Theory and practice of "GMAW" welding, braze welding, and oxyacetylene cutting. Equipment setup, safety and operation is stressed.					
ASST1173	Ford Fundamentals	M	20	10	2
Introduction and use of Ford service manuals, warranty flat rate manuals, daily time tickets and repair order completion. Overview of service manual groups with emphasis on theory of operation of systems and components, Pre-delivery Inspection and Master Tech Training.					
ASST1175	Ford Electrical & Electronic Principles	M	110	40	12
Study of Electronics Training building from electrical principles and concepts through automotive semiconductors to microprocessors. Batteries, charging systems, starting systems and ignition system principles, operation and testing.					
ASST1178	Ford Brake Systems	M	30	30	4
<i>Prerequisites: ASST1110, 1170, 1171, 1173, 1175, and 1178.</i> Study of operation, diagnosis, and service of disc, drum, and electronic brake systems on late model Ford vehicles.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ASST1268	Dealer Cooperative Experience	M	-	480	12
	Coordinated work experience from Ford dealer in accordance with program schedule. Work experience supervised by Southeast Community College-Milford and ASSET coordinator.				
ASST1360	Ford Engine Performance Theory & Operation	M	85	55	10
	Study of engine tune-up, oscilloscope use and Ford computer system; basic computer operation, sensor operation and actuator operation. Theory and principles of operation of Ford fuel systems: fuel pumps, fuel tanks, filters and emission control systems. Ford fuel injection systems.				
ASST1362	Ford Climate Control	M	45	35	5.5
	Study of operation, diagnosis, and service of air conditioning, heating and ventilation systems on late model Ford vehicles.				
ASST1363	Ford Engine Repair	M	65	35	7.5
	Study of operation and construction of Ford gas and diesel engines. Techniques and skills in testing and diagnosing of engine mechanical condition. Cylinder head reconditioning, disassembly, inspection, measurement and reassembly. Accuracy of measurement and repair decisions. Correct and safe engine removal and installation.				
ASST1468	Dealer Cooperative Experience	M	-	480	12
	<i>Prerequisites: ASST1360, 1362, and 1363.</i> Coordinated work experience from dealer in accordance with the program schedule. Work experience supervised by Southeast Community College-Milford and ASSET coordinator.				
ASST2529	Ford Manual Transmissions, Transaxles, Clutches and Transfer Cases	M	60	30	7
	Operating principles and service of Ford manual transmissions and related drive train components. Diagnosis and repair procedures.				
ASST2531	Ford Diesel Fuel & Emission Systems	M	35	25	4
	Study of operation, diagnosis, and service of diesel electronic and emission systems on late model Ford vehicles.				
ASST2537	Ford Rear Axle & Driveline	M	20	10	2
	Operation, diagnosis and repair of drive shafts, universal joint axles, axle bearings, seals and differentials on late model Ford vehicles.				
ASST2538	Ford Engine Performance Diagnosis & Testing	M	60	40	7
	Intermediate and advance electronic engine control diagnosis and testing of ignition, fuel, computer, emission, and EVAP systems. Analysis of OBD II monitors, intermittent problems, I/M testing, and gas emissions using the latest in diagnostic equipment including scopes and scanners.				
ASST2668	Dealer Cooperative Experience	M	-	480	12
	<i>Prerequisites: ASST2521, 2531, and 2538.</i> Coordinated work experience from dealer in accordance with program schedule. Work experience supervised by Southeast Community College-Milford and ASSET coordinator.				
ASST2728	Ford Steering & Suspension Systems	M	50	50	6
	Study of the principles of operations, disassembly procedures and repair of Ford steering and suspension systems. Power and Manually controlled integral and rack and pinion steering gears. Conventional and McPherson Strut suspensions. Techniques and procedures for four wheel alignment and computer wheel balancing, on and off of vehicle.				
ASST2747	Ford Body Electrical & Electronics	M	50	15	5.5
	Advanced auto electricity covering theory, testing, diagnosis and repair of body electrical accessories: windows, power seats, windshield wipers, cruise controls and computer controlled body electronics.				
ASST2748	Ford Automatic Transmissions & Transaxles	M	70	40	8
	Operation, diagnosis, adjustment and repair of automatic transmissions in rear-wheel and front-wheel drive Ford vehicles. Removal and installation procedures and safety.				
ASST2749	Ford New Product Update	M	20	-	2
	Overview of new product features for current model year. Includes available Ford New Product information.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AUTB • AUTO COLLISION REPAIR TECHNOLOGY					
AUTB1150 Tools and Equipment		M	20	-	2
Proper Identification, selection, usage, maintenance, and cost of tools and equipment used in the collision repair and maintenance program.					
AUTB1155 Collision Repair Theory		M	75	-	7.5
<i>Prerequisites: AUTB1150.</i>					
Theory of repair processes using basic hand tools and progressing into use of power tools and filler materials. Theory of metal bending including the study of sheet metal, damage classification, types of damage, and corrective forces used to restore damaged components to original dimensions and contours. The processes involved in repairing minor non-structural automotive body panels as well as automobile body panel alignment. Material safety data sheet information to follow EPA and OSHA standards.					
AUTB1160 Welding Theory		M	20	-	2
Study of welding processes used in the auto collision repair industry including oxyacetylene fusion welding, brazing, S.M.A.W., G.M.A.W., aluminum processes, plasma arc cutting and resistance spot welding. Safety factors and equipment selection, application of the theory of expansion and contraction, and the effects of distortion and its control. Heavy emphasis on the MIG welding and structural spot welding used in structural unibody and non-structural panel replacement because of the heavy use of high strength steels used in the modern automobile following I-CAR (Inter-Industry Conference on Auto Collision Repair) welding certification standards.					
AUTB1165 Collision Repair Lab		M	-	105	3.5
<i>Prerequisites: AUTB1155.</i>					
Practice in basic metal repair fundamentals as it relates to the repair of non-structural automobile body panels. Repair on non-structural automobile body panels is done to replicate real world repairs. Automobile body panel alignment on vehicles to ensure quality repairs required according to collision repair industry standards.					
AUTB1170 Welding Lab		M	-	30	1
<i>Prerequisites: AUTB1160.</i>					
Practical experience in oxyacetylene welding, brazing, MIG welding, aluminum welding, gas and plasma cutting techniques used in collision repair following I-CAR (Inter-Industry Conference on Auto Collision Repair) welding certification standards.					
AUTB1175 Paint Finishes Theory		M	20	-	2
Study of the sequence of surface preparation operations needed to acquire a durable, high quality, long lasting topcoat. Paint gun care, troubleshooting and proper usage in applying primer surfaces.					
AUTB1250 Collision Repair Theory II		M	45	-	4.5
<i>Prerequisites: AUTB1150 through AUTB1175.</i>					
Application of replacing parts, use of materials, and operating hydraulic external pull equipment. Identification and repair procedures for composites and plastics using the latest repair procedures currently used in the collision repair industry.					
AUTB1255 Collision Repair Lab II		M	-	210	7
<i>Prerequisites: AUTB1150 through AUTB1175.</i>					
Projects will be assigned to students that will include basic metal repair, plastic repair, composite repair, as well as corrosion protection and priming operations with care of vehicle to be taken to ensure customer satisfaction.					
AUTB1260 Electrical Repair I		M	15	-	1.5
<i>Prerequisites: AUTB1150.</i>					
Theory of the automobile electrical storage and wiring system. Wiring troubleshooting processes and automobile lighting.					
AUTB1350 Paint Finishes Theory II		M	30	-	3
<i>Prerequisites: AUTB1175.</i>					
The study of equipment, preparation, materials, topcoat selection, and application to an overall painting operation will be emphasized. Techniques of spot painting repairs to include color matching and application.					
AUTB1355 Estimating Theory		M	15	-	1.5
Estimating principles and procedures of cost accounting. Emphasis is based on present day business practices and operations of the automobile collision repair field.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AUTB1360 Electrical Repair II		M	15	-	1.5
<i>Prerequisites: AUTB1260.</i>					
Introduction to proper usage of diagnostic procedures including flow charts, wiring diagrams, scan tools, digital and analog multimeters. This will include identification of programmable electrical, electronic components, including servicing precautions of body electronic and body computers.					
AUTB1365 Refinishing Lab I		M	-	165	5.5
<i>Prerequisites: AUTB1175 through AUTB1350.</i>					
Lab experience will include analyzing condition and type of existing finish and determining the sequence of preparation for a high quality, durable finish. The proper use of various refinishing systems and clear top-coatings to perform overall and spot painting tasks will be covered.					
AUTB1370 Collision Repair Lab III		M	-	45	1.5
<i>Prerequisites: AUTB1165.</i>					
Practical on the job experiences in the proper repair of sheet metal damages on current model vehicles. Some weld-on and bolt-on panel replacement will be included.					
AUTB1450 Structural Repair Theory		M	30	-	3
<i>Prerequisites: AUTB1150, AUTB1155.</i>					
This course will cover the study of conventional frame and unitized body construction, body alignment, steering components and how it relates to frame and unitized body construction of modern day vehicles. The proper identification of structural damages and measurement techniques will be covered. Methods of repair and operation of equipment, safety is stressed at all times.					
AUTB1455 Safety Restraint Systems		M	15	-	1.5
<i>Prerequisites: AUTB1260, AUTB1360.</i>					
Introduction to active and passive restraint systems, operation and basic troubleshooting of restraint systems including air bag supplemental restraint systems.					
AUTB1460 Collision Repair Lab IV		M	-	105	3.5
<i>Prerequisites: AUTB1370.</i>					
Assigned training projects will include following repair estimates being evaluated by the quality of work and the time taken to complete assigned training projects.					
AUTB1465 Refinishing Lab II		M	-	120	4
<i>Prerequisites: AUTB1350, AUTB1365.</i>					
Advanced practical experiences in spot painting with the concentration on correct color matching and problem solving.					
AUTB2550 Suspension & Alignment Theory		M	20	-	2
<i>Prerequisites: AUTB1450.</i>					
Evolution and theory of front and rear suspension design. Transaxle and four wheel alignment and its relationship to collision damaged vehicles.					
AUTB2555 Automotive Heating & Air Conditioning		M	10	-	1
Operation of the automotive cooling system and theory of air conditioning systems, and the repair of damaged components after a collision. Refrigerant recovery and recycling is covered.					
AUTB2560 Brake Systems		M	15	-	1.5
Introduction to drum, disc, manual, power-assisted braking systems, theory and operation of the anti-lock brake systems.					
AUTB2565 Collision Repair Lab V		M	-	225	7.5
<i>Prerequisites: AUTB1450 through AUTB2560.</i>					
Laboratory on collision repair with comprehensive practice in problem solving in structural analysis and repair of collision damaged vehicles. Estimating, structural alignment, major body repair, panel replacement, refinishing, glass installation, wheel alignment, mechanical and electrical repairs on a production basis.					
AUTB2650 Collision Repair Lab VI		M	15	255	10
<i>Prerequisites: AUTB2565.</i>					
Practice in major structural repair operations including body, frame, unitized construction, major panel replacement, mechanical repairs, electrical repairs, paint refinishing, suspension alignment, all of which is based on a production basis following damage reports as used in the collision repair industry. Repairs to vehicles including analysis, through all processes including detailing prior to delivery of the vehicle and will also include delivery to the customer.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AUTT • AUTOMOTIVE TECHNOLOGY					
AUTT1000	Shop Procedures	L/M	20	-	2
Introduction to automotive shop procedures and repair. This course deals with the many basic elements of automotive repair and the proper use of hand and power tools.					
AUTT1010	Welding	L/M	10	20	1.5
Theory and practical applications of welding procedures as applied to the automotive field.					
AUTT1100	Shop Safety and Repair	L/M	20	20	2.5
This course deals with shop safety, OSHA hazard communication standards/hazard chemical right-to-know. Thread repair, tube flaring, fasteners, micrometers and other equipment used by the professional automotive technician.					
AUTT1103	Drive Trains	L/M	25	30	3.5
Theory and principle of power train operation from the engine to the drive wheels on automotive systems.					
AUTT1105	Automotive Brake Systems	L/M	50	60	7
Theory, application and principles of operation of hydraulic disc and drum automotive brakes. This will include anti-lock brake systems with laboratory exercises in brake diagnosis and repair.					
AUTT1106	Electrical Concepts	L/M	55	15	6
Basic electrical and electronic principles, Ohm's law, magnetism and electromagnetism as applied to automotive systems are covered. The use of DVOM meters along with the practical use of them is covered. The design of storage batteries used in automotive systems is covered.					
AUTT1107	HVAC I	L/M	40	20	4.5
Theory and operation of automotive HVAC systems is covered including diagnosis and repair of all manual heating and air conditioning systems.					
AUTT1108	Automotive Fuel and Control Systems	L/M	70	50	8.5
Theory, design and operation of the automotive fuel system are covered. This includes fuel gauges, tanks, pumps and fuel injection components. A study of fuel manufacturing, testing, and fuel reaction as it applies to emission systems is covered. The use of service equipment to diagnose, evaluate and repair components of the fuel system are covered.					
AUTT1203	Manual Transmission/Transaxle Theory	L/M	30	35	4
Theory, diagnosis, evaluation and repair of manual transmissions, clutches, drive lines, transfer cases and 4WD components.					
AUTT1204	Steering and Suspension II	L/M	40	70	6
Theory, principles and practical experience of steering gears, wheels and tires, balancing, steering components, and 2- and 4-wheel alignment.					
AUTT1206	Automotive Electricity	L/M	30	15	3.5
Starting and charging systems theory, design and operation are covered. Starting and charging systems diagnosis and repair are also covered.					
AUTT1207	HVAC II	L/M	10	30	2
Advanced theory, operation, and diagnosis of the HVAC systems including automatic HVAC system diagnostics and repair.					
AUTT1221	Engine Theory	L/M	50	-	5
Basic construction, physical principles and operation of two and four cycle engines as applied to single and multiple-cylinder engines. Ignition systems, fuel system, lubrication systems, cooling systems and valve trains are covered.					
AUTT1222	Engine II	L/M	70	130	11
Advanced automotive engine coursework on removal, disassembly, and machining operations for complete major engine overhaul.					
AUTT1306	Automotive Ignition Systems	L/M	10	15	1.5
Theory, operation and testing of automotive ignition systems is covered. This will include individual component testing, inspection and repair with the use of DVOM meters.					
AUTT1406	Automotive Electronics I	L/M	30	15	3.5
This course is an advanced auto electronics course covering the automotive wiring and accessories. Emphasis is placed on procedures, testing, diagnosing and repairing automotive systems.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
AUTT1408	Advanced Engine Performance	L/M	60	90	9
Advanced engine performance includes fuel injections systems, ignition systems and vehicle driveability. Practical experience is gained through the inspection, service and repair of computer engine control systems using state-of-the-art equipment.					
AUTT1506	Automotive Electronics II	L/M	30	30	4
Advanced interpretation and use of wiring diagrams, electronic component testing and repair. The use of advanced test equipment is covered.					
AUTT2102	Automatic Transmission/Transaxle	L/M	100	80	12.5
Theory of operation, basic design, components, disassembly diagnosis and reassembly of automatic transmissions/transaxles is covered. Disassembly, reassembly and dyno-testing of transmissions / transaxles.					
AUTT2303	Manual Transmission/Transaxle Lab	L/M	25	45	4
Diagnosis, evaluation and repair of manual transmissions/transaxles, rear axles, transfer cases, drive lines and front axles.					
BIOS • BIOSCIENCE					
BIOS1000	Structure and Function of Human Body	B/L	60	-	6
Overview of the normal structure and function of the human body systems and their interrelationships.					
BIOS1010	General Biology	B/L	45	30	6
Fundamental processes of cells and organisms, cell structure, genetics, evolution, classification, diversity, and interaction of organisms at the molecular, cellular, organismic, ecosystem, and biosphere level. Designed for both non-majors and as a foundation for those planning additional work in biology. Includes lab.					
BIOS1090	General Botany	B/L	45	30	6
<i>Prerequisite: BIOS1010 or equivalent.</i> Survey of the plant kingdom with a study of representative plants from each of the major plant groups. Structure, relationships, economic importance and natural history of major plant groups.					
BIOS1110	Biology of Microorganisms	B/L	45	30	6
Comparative study of microorganisms, principles and applications. Structure, function, development and control of pathogenic organisms. Laboratory includes isolation, culturing and staining techniques plus identification of unknown organisms.					
BIOS1120	Introduction to Zoology	B	45	30	6
<i>Prerequisite: BIOS1010 or equivalent.</i> Survey of the phyla of the animal kingdom. Emphasis on morphology, physiology, developmental cell biology and diversity of animal life. Laboratory includes observation and dissection of selected specimens.					
BIOS1140	Human Anatomy & Lab	L	45	30	6
Study and identification of anatomical structures of the human body. Includes a detailed study of: tissues that make up the various body systems, integument, skeletal structures, joints, muscles (origin, insertion, action), peripheral and cranial nerves, brain structures, major blood vessels, heart structures, respiratory, digestive, reproductive, endocrine, and urinary systems. Lab complements the material presented in lecture. Utilize the knowledge in a laboratory setting by studying with a "hands-on" approach using models, dissected tissues, and pictures. Lecture concurrent with lab.					
BIOS1210	Human Anatomy & Physiology I	B	45	30	6
Introduction to anatomy and physiology for students in biological medical and health related programs. Relationships between structure and function. Chemical, cellular and tissue levels of organization. Introduction to principal systems of the human body. Structure and function of the integumentary skeletal, muscular and nervous systems of the body. Important physiology experiments and structural identification experiments.					
BIOS1220	Human Anatomy & Physiology II	B	45	30	6
Continuation of the study of BIOS1210. Relationships between structure and function. Detailed study of the major systems of the human body including cardiovascular, respiratory, digestive, urinary, reproductive, endocrine and lymphatic systems. Special senses, immunity, fluid, electrolyte and acid-base dynamics. Important physiology experiments and structural identification experiments.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
BIOS2130	Human Physiology & Lab	L	45	30	6
■	Study of the functions of the various human body systems including the study of cells, chemical reactions in the body (metabolism), bone growth, muscle contraction, digestive processes, functions of various blood components, nerve impulses, urinalysis, endocrinology, reproduction, and immunology. Lab complements the material presented in lecture. Utilize the knowledge in a laboratory setting by studying with a "hands-on" approach using a variety of instruments that are used in hospital settings. Lab concurrent with lecture.				
BIOS2410	General Genetics	B	60	-	6
<i>Prerequisites:</i> 1000 level Bioscience course and one year of high school algebra.					
Study of heredity factors of plants and animals. Genetic mechanisms of evolution; molecular genetics.					
BRDC • BROADCASTING					
BRDC1860	Radio Workshop	B	15	90	4.5
<i>Prerequisite:</i> By permission only.					
Introduction to the equipment and participation of radio broadcasting and participation in on-air or off-air production work at the College radio station. May be taken twice for credit.					
BRDC2100	Broadcast Media Production	B	15	90	4.5
<i>Prerequisite:</i> Grade of C or better in JOUR1810 or permission.					
An introduction to the principles, practices, procedures and equipment utilized to produce broadcast quality advertising spots, public service announcements, news and interviews.					
BRDC2780	Public Relations, Strategies & Techniques	B	45	-	4.5
Study of strategies, problems, and procedures in public relations. Practice in solving public relations problems. Preparation of public relations material.					
BRDC2830	Communication Law & Ethics	B	45	-	4.5
<i>Prerequisite:</i> Grade of C or better in JOUR1810 or permission.					
A study of the theories, freedoms, legal aspects and responsibilities of the mass media. Emphasis is placed on the First Amendment as it relates to broadcasting.					
BRDC2860	Radio Workshop	B	15	90	4.5
<i>Prerequisite:</i> By permission only and a "C" or better in BRDC1860.					
Second workshop opportunity. Credit given to students who actively participate in on-air or off-air production work at the College radio station.					
BRDC2965	Broadcasting Internship Seminar	B	15	-	1.5
<i>Prerequisite:</i> Grade of C or better in BRDC2100 and BRDC2860.					
Preparation for the internship in the mass communication field or location where mass communication knowledge and skills are the primary requirements. Includes guidance by professional staff in an employment simulation.					
BRDC2970	Radio Internship	B	-	120	3
<i>Prerequisite:</i> Grade of C or better in BRDC2965.					
This course is open only to those pursuing an Associate of science/Associate of Arts degree. Students will be placed in a job situation to gain firsthand knowledge and experience in the field of radio. Placement may be in any field of radio: advertising sales, announcing, continuity or production.					
BSAD • BUSINESS ADMINISTRATION					
BSAD1010	Microsoft Applications I	B/L/M	45	-	4.5
■	<i>Prerequisite:</i> Keyboarding skills and prior computer experience recommended.				
Use of Windows operating system to learn about My Computer and Windows Explorer to manage folders and files. Use of a popular Internet browser to explore the World Wide Web and work with electronic mail. Use of Microsoft Office software suite to learn basic features and integration of the word processing application MS Word and the spreadsheet application MS Excel.					
BSAD1020	Microsoft Applications II	B/L/M	45	-	4.5
■	<i>Prerequisite:</i> BSAD1010.				
Continues efficient use of Windows Explorer. Use of Microsoft (MS) Office software suite to continue integration, to learn basic/intermediate features of the MS PowerPoint presentation application and the MS Access database application, and to learn intermediate / advanced features of the MS Excel spreadsheet application.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
BSAD1050	Introduction to Business	B/L/M	45	-	4.5
■	An introductory study and overview of the role of business in society as well as a discussion of the various disciplines of business including an overview of business organization, management, marketing, human resource management, and finance. Also, a study and discussion of various strategies for success of specific public and private firms as well as small business. Business vocabulary used to understand and interpret business news and information.				
BSAD1090	Business Law I	B/L/M	45	-	4.5
■	Introduction to the history and origin of the legal system. All facets of the course are related to business including ethics and business crimes, contract law relative to dispute settlements, torts, sales contracts under the U.C.C. and agency.				
BSAD1100	Business Law II	B/L/M	45	-	4.5
■	<i>Prerequisite:</i> BSAD1090.				
	Continuation of Business Law I. Study of business law relationships including personal and real property, wills and estates, landlord/tenant law, sales, commercial paper, business organization, credit transactions, and government regulation.				
BSAD1230	Visual Merchandising	B/L	45	-	4.5
■	Fundamentals of planning promotional activities and store design. Design and art principles for use in window and in-store displays. Lab includes construction of window displays and props, signing, store design planning and field experience.				
BSAD1730	Quality Management	M	25	-	2.5
■	Introductory course covering the rationale for a continuous improvement process, the use of analytical and statistical data to make decisions, and the eight basic TQM tools used to gather and report data.				
BSAD2030	Co-op Supervised Employment	B/L/M	-	200	5
■	<i>Prerequisites:</i> OFFT2000.				
	Practical work experience for the development of marketable skills for employment in the selected specialization. The course is under the guidance of the cooperative education coordinator. Open to Business Administration students only.				
BSAD2270	Professional Selling	B/L/M	45	-	4.5
■	Development of selling principles and concepts used in a wide variety of selling situations including specialty, wholesale and retail. Necessary personality traits, ethics, and negotiation techniques required for successful selling are stressed and applied through the use of sales presentations and demonstrations.				
BSAD2310	Business Ethics	B/L/M	30	-	3
■	<i>Prerequisite:</i> Writing/English Competency recommended.				
	Study of different perspectives of ethics and impact on organizations and individuals. Current ethical issues as they relate to business.				
BSAD2365	Leadership Practicum	L	-	200	5
■	This course provides students with hands-on experience in leadership, managerial decision-making, and professional communication including project management, team building, training and development, cultural competencies and social responsibility. Students will learn to plan, forecast, organize events and resources, lead, delegate, and motivate others. It is an interactive course that integrates all aspects of formal business education and training through service learning in collaboration with the international student organization, Students in Free Enterprise (SIFE). Students will be required to take a significant leadership role in SIFE and contribute to the annual written report and visual presentation for SIFE competition as part of this upper division credit class.				
BSAD2370	Human Resources Management	B/L/M	45	-	4.5
■	Study of the functions of personnel: recruiting, selection, assessment, remuneration, training, and union relations. Emphasis on negotiations, communications, ADA, EEOC leadership, and the legalities of hiring and firing.				
BSAD2390	Small Business Management	B/L/M	45	-	4.5
■	<i>Prerequisites:</i> ACCT1210.				
	How to plan, organize, operate and fund a small business. Creation of a business plan for either a retail, service, franchise or manufacturing operation. Entrepreneurial personality, buying or starting a business from scratch, evaluating franchising opportunities, and planning small business operation.				
BSAD2400	Principles of Retailing	B/L/M	45	-	4.5
■	Introduction to retailing principles in major retail areas. Policies and practices, marketing and business systems of small and large retailers are studied.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
BSAD2430 ■	Marketing Communications Focus on planning for the optimal use of all communication elements: advertising, personal selling, sales promotions, public relations. Combination of these elements must be tightly interwoven for successful management of brand equity, coordinating all aspects to achieve the same goals.	B/L/M	45	-	4.5
BSAD2460 ■	Electronic Commerce Marketing Application and management techniques in utilizing electronic commerce in the workplace. Strategies for businesses that may initiate or reassess the overall effectiveness and value of the digital elements of doing business to their overall corporate goals. Ethical and societal implications of e-commerce on the marketplace, customer base and employee commitment.	B/L/M	45	-	4.5
BSAD2470 ■	International Marketing Focus on theory and strategy involved in the effective development and implementation of marketing strategies in the global business arena. Emphasis on managerial aspects of import and export marketing and of US products and services relating to the following areas: demand, competition, economics, social-cultural, political-legal, and technology. Special attention placed on the following details: culture, consumer behavior, distribution and trade agreements.	B/L/M	45	-	4.5
BSAD2480	Sports Entertainment Marketing Develop skills based on concepts and theories that are unique to the Sports Marketing arena. Examine basic principles of marketing in the sports environment. Structure provided on the unpredictability of the sports industry and comparisons of the elements of sports and marketing. Research conducted in sports marketing, study the elements of change in all sports and sports globalization.	B/L	45	-	4.5
BSAD2520 ■	Principles of Marketing A study of the development of an effective marketing program including consumer behavior, product, pricing, distribution, and promotional strategies.	B/L/M	45	-	4.5
BSAD2540 ■	Principles of Management Introduction to management theory and practice for supervisors of employees or managers of organizations. Functions of planning, organizing, directing, controlling and supervising. New and rapidly developing areas of management.	B/L/M	45	-	4.5
BSAD2993	Special Projects <i>Must have permission of instructor, program chair, and division dean.</i> Credit hours will vary.		-	-	1-3
CAPP • CHRYSLER (CAP) COLLEGE AUTOMOTIVE PROGRAM					
CAPP1110	Chrysler Shop Orientation Introduction to automotive shop procedures and repair. Proper use of hand and power tools. This course deals with the many basic elements of automotive repair.	M	15	6	1.5
CAPP1170	Chrysler Shop Safety and Repair This course deals with shop safety, OSHA hazard communication standards/hazard chemical right-to-know. Thread repair, tube flaring, fasteners, micrometers and other equipment used by the professional automotive technician.	M	15	6	1.5
CAPP1171	Chrysler Welding Theory and practice of "GMAW" welding, braze welding, and oxyacetylene cutting. Equipment setup, safety and operation is stressed.	M	10	8	1
CAPP1173	Chrysler Fundamentals Introduction and use of Chrysler service manuals, warranty flat rate manuals, daily time tickets and repair order completion. Overview of service manual groups with emphasis on theory of operation of systems and components, Pre-delivery Inspection and Master Tech Training.	M	20	10	2
CAPP1175	Chrysler Electrical & Electronic Principles Study of Electronics Training building from electrical principles and concepts through automotive semiconductors to microprocessors. Batteries, charging systems, starting systems and ignition system principles, operation and testing.	M	110	40	12

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
CAPP1177	Chrysler Brake System	M	40	20	4
	Theory, diagnosis, and repair procedures of disc, drum and Antilock brake system on current Chrysler vehicles.				
CAPP1268	Dealer Cooperative Experience	M	-	480	12
	Coordinated work experience from Chrysler dealer in accordance with program schedule. Work experience supervised by Southeast Community College-Milford and CAP coordinator.				
CAPP1360	Chrysler Electronic Fuel Systems	M	70	60	9.0
	The study of Chrysler computer systems. Basic computer operation, input and output devices, computer system diagnosis. Theory of operation of fuel pumps, fuel tanks, filters, fuel injection systems, and emission control systems.				
CAPP1362	Chrysler Body Electrical and Electronics	M	50	30	6
	Advanced auto electricity course covering theory, testing, diagnosis, and repair of body electrical accessories, electric windows, power seats, windshield wipers, cruise controls, and computer controlled body electronics.				
CAPP1364	Chrysler Advanced Drivability Diagnosis	M	60	40	7
	Advanced electrical and fuel systems including OBD II, throttle body, multiple port injection systems, sequential fuel injection, turbo chargers, electronic and computer controlled ignition systems, charging systems and cranking systems. Diagnosis, adjustments and repair procedures, using electrical meters, scopes and Chrysler Diagnostic equipment.				
CAPP1468	Dealer Cooperative Experience	M	-	480	12
	Coordinated work experience from dealer in accordance with the program schedule. Work experience supervised by Southeast Community College-Milford and CAP coordinator.				
CAPP2528	Chrysler Steering & Suspension Systems	M	30	50	4.5
	Study of the principles of operations, disassembly procedures and repair of Chrysler steering and suspension systems. Power and Manually controlled integral and rack and pinion steering gears. Conventional and McPherson Strut suspensions. Techniques and procedures for four wheel alignment and computer wheel balancing, on and off of vehicle.				
CAPP2530	Chrysler HVAC Systems	M	50	30	5.5
	Advanced heating and air conditioning course with emphasis on diagnosis and repair. Theory and repair of all the automatic and electronic air conditioning control systems Chrysler is using.				
CAPP2531	Chrysler Engine Repair	M	65	65	8.5
	Operation and construction of Chrysler gas and diesel engines. Techniques and skills for testing and diagnosis of engine mechanical condition, cylinder head reconditioning, complete disassembly, inspection, measurement and reassembly of Chrysler gas and diesel engines. Accuracy of measurements, repair decisions and procedures involving correct and safe engine removal and installation.				
CAPP2668	Dealer Cooperative Experience	M	-	480	12
	Coordinated work experience from dealer in accordance with program schedule. Work experience supervised by Southeast Community College-Milford and CAP coordinator.				
CAPP2740	Chrysler Manual Transmission, Transaxles, Clutch and Transfer Case	M	55	40	7
	Operating principles and service of Chrysler manual transmissions and related drive train components. Diagnosis and repair procedures.				
CAPP2741	Chrysler Rear Axle Service	M	15	15	2
	Operation, diagnosis, and repair of drive shafts, universal joint axles, axle bearings, seals and differentials used on late model Chrysler vehicles.				
CAPP2742	Chrysler Diesel Fuel and Emission System	M	15	15	2
	This course provides the theory and operation of Chrysler diesel fuel injection systems, including pump repair, operation, repair of nozzles, and diagnosis and service of diesel electrical and emission control systems.				
CAPP2748	Chrysler Automatic Transmissions & Transaxles	M	80	40	9
	Operation, diagnosis, adjustment and repair of automatic transmissions in rear-wheel and front-wheel drive Chrysler vehicles. Removal and installation procedures and safety.				
CAPP2749	Chrysler New Product Update	M	20	-	2
	Overview of new product features for current model year. Includes available Chrysler New Product Information.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

CHEM • CHEMISTRY

CHEM0950 Pre-chemistry **B** **45** **-** **4.5**
Summer session. Designed for student who does not have background necessary for success in college chemistry. Formula writing, naming compounds, balancing equations, chemical computations. Does not fulfill science requirement for A.A. or A.S. degree.

CHEM1050 Chemistry and the Citizen **L** **45** **30** **6**
Prerequisite: MATH1100.
Designed for the non-science major. Survey of principles of chemistry, stressing concepts and qualitative understanding rather than problem solving and technical skills.

CHEM1090 General Chemistry I **B/L** **45** **30** **6**
Prerequisite: MATH1100.
Introduction to the principles of chemistry. States of matter, atomic and molecular structures and bonding, Periodic Law, gas laws, and kinetic molecular theory, solutions and their properties.

CHEM1100 General Chemistry II **B/L** **45** **30** **6**
Prerequisite: CHEM1090 with a grade of "C" or better.
A continuation of CHEM1090. Topics include chemical equilibrium and Kinetics, acids and bases, solubility product, electrochemistry and oxidation-reduction and qualitative analyses of ions. Brief introduction to organic and biochemistry.

CHEM2510 Organic Chemistry I **B** **45** **60** **6**
Prerequisite: CHEM1100.
The chemistry of compounds of carbon, hydrogen, oxygen and other elements. Alkanes; alkenes, petroleum products; alcohol; ethers; acids, fats, and oils; aldehydes and ketones; amino acids and proteins; carbohydrates; and applications to biochemistry.

CHEM2520 Organic Chemistry II **B** **45** **60** **6**
Prerequisite: CHEM2510.
Continuation of CHEM2510. Benzene and related compounds, nitro compounds, sulfuric acids, amines, diazonium compounds, phenols, alcohol, acids, dyes, stains and indicators, heterocyclic compounds and applications to biochemistry.

CHEM2610 Biochemistry **B** **45** **30** **6**
Prerequisite: CHEM2510 or permission.
Study of the structure, function and metabolism of carbohydrates, lipids, proteins and nucleic acids. Studies of enzymes and cellular energetics included.

NOTE:
COMPUTER AIDED DESIGN DRAFTING— SEE DRAF
COMPUTER INFORMATION TECHNOLOGY & COMPUTER
PROGRAMMING — SEE INFO

CNST • BUILDING CONSTRUCTION TECHNOLOGY

CNST1121 Concrete & Masonry Tools & Material **M** **83** **-** **8**
Theory designed to acquaint the student with materials and techniques for planning, estimating and constructing masonry and concrete structures including foundations. Demonstrations, videos, and clinics emphasizing the best practices in concrete and form work.

CNST1122 Concrete & Masonry Applications **M** **-** **217** **7**
Laboratory application in proper use of concrete and masonry tools, materials. Experience in block and brick laying, fireplace construction, concrete forming, and reinforcing and finishing. Safety habits.

CNST1223 Residential Blueprint Reading **M** **20** **30** **3**
Prerequisite: MATH1040.
Introduction to blueprint reading, residential drawings, reproduction processes of drawings, scale reading, terms, abbreviations, symbols and basic sketching. Estimating procedures for some aspects of construction are covered. The course emphasizes layout and design of a basic residential floor plan with reading specifications and understanding of the International Dwelling Code Book. The student completes a preliminary floor plan with schedules to be utilized in CNST1326, Residential Construction Drafting Lab. Coincides with CNST1225, Tools and Materials.

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

CNST1224 Construction Processes & Practices **M** **-** **175** **5.5**
Prerequisite: MATH1040.

Introduction to hand tools, construction safety, machine woodworking, modern practices and processes used in the building construction industry. Carpentry techniques, competency in blueprint reading, proper layout practices, parts cutting and assembly procedures.

CNST1225 Tools & Materials **M** **75** **-** **7.5**
Prerequisite: MATH1040 and CNST1223.
Introduction to care, use and maintenance of hand tools, portable power and stationary lab equipment. New construction methods, materials and concepts. Origin, manufacturing processes, and characteristics and application of materials used in residential and light commercial construction today.

CNST1326 Residential Construction Drafting Laboratory **M** **-** **84** **2.5**
Prerequisite: CNST1223.
Laboratory which applies concepts acquired in CNST1327. Purposes of residential working drawings. Making door and window schedules, and drawing a floor plan, a basement/foundation plan, and construction details. Emphasis on methods of construction.

CNST1327 Residential Construction Drafting Theory **M** **50** **-** **5**
Prerequisite: CNST1223.
Architectural drafting for beginners including drafting and detailing techniques and methods, lettering, standard symbols and drafting equipment. Concepts for door and window schedules. Floor plans, basement/foundation plan, stair calculations and construction details.

CNST1328 Residential Construction Estimating Laboratory **M** **-** **84** **2.5**
Prerequisite: CNST1223 and BSAD1010.
Application of skills acquired in CNST1329. Using standardized forms and information, student develops lists of construction materials and prices for residential construction. Emphasis on accuracy, organization, and completeness.

CNST1329 Residential Construction Estimating Theory **M** **50** **-** **5**
Prerequisite: CNST1223.
Concepts of estimating quantities of residential construction materials. Interpretation of residential construction drawings and an introduction to quantity survey techniques and formulas. Decision making and materials estimate organization.

CNST1331 Drafting Aids & Trends **M** **32** **-** **3**
Prerequisite: CNST1223.
Fundamentals of commercial blueprint reading, introduction to the metric system, Leroy Lettering, plus Green Build basics.

CNST1430 Cabinetry & Carpentry Laboratory **M** **-** **200** **6.5**
Prerequisites: CNST1223, CNST1224 and CNST1225. *Companion course to CNST1433.*
Application of classroom instruction to job situations through the use of mock-up training aids, cabinets and other projects.

CNST1433 Carpentry Theory **M** **100** **-** **10**
Prerequisite: CNST1225. *Co-requisite:* CNST1430.
Fundamentals of carpentry, emphasizing the process of home building through the study of blueprints and construction texts and references. Site layout, foundations, framing, roofing, exterior trim, interior trim and cabinet making. Prerequisite to house project in the fifth quarter.

CNST2532 Residential Construction Applications **M** **-** **280** **9**
Prerequisites: CNST1430 and CNST1433. *CPR and First Aid Certification training required.*
Application of theory and technical courses to practical situations including residential framing, exterior finish, interior trim, cabinet making, and roofing. Primary project is a frame residence which provides experiences in all aspects of framing through exterior and interior trim work. Includes short information briefing daily.

CNST2537 Residential Construction Principles **M** **20** **-** **2**
Prerequisites: CNST1430 and CNST1433.
Acceptable methods of home construction as established by federal, state and local building codes. Work procedures and practices for home construction. Includes daily briefing for the house construction.

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
CNST2627	Building Construction Welding	M	6	30	1.5
Theory and practice of shield metal arc welding and oxy acetylene torch cutting. Emphasis on safety, equipment setup and operation as it applies to the construction industry.					
CNST2634	Commercial Construction Drafting Laboratory	M	-	69	2
<i>Prerequisite: CNST1326.</i> Laboratory for drawing and representation of commercial structures. Preliminary information provided by instructor, but student bears more responsibility for planning design than in earlier drafting courses. Use of the International Residential Code for floor plan design and the Interrelationship of drawings and information for a set of construction drawings is included. Fundamentals of computer-aided drafting using SoftPlan. Draw, edit and print a house plan.					
CNST2636	Commercial Construction Estimating Laboratory	M	-	76	2.5
<i>Prerequisite: CNST1328.</i> Laboratory for creation of commercial materials estimate using the procedures described in CNST2641. The R.S. Means Company format, estimating forms and procedures used. Emphasis on creativity, accuracy, and completeness.					
CNST2639	Commercial Construction Drafting Theory	M	37	-	3.5
<i>Prerequisite: CNST1327 and ENGL1000 or higher.</i> Study of light commercial structures and methods of construction. Requirements of the International Residential Code for commercial construction. Construction materials and methods. Methods of graphic representation for each drawing.					
CNST2641	Commercial Construction Estimating Theory	M	50	-	5
<i>Prerequisite: CNST1329.</i> Procedures and methods of estimating commercial structures as defined by the R.S. Means estimating system. Quantity survey and cost analysis forms and procedures.					
CNST2643	Fundamentals of Structural Steel	M	32	-	3
<i>Prerequisites: CNST1327 and CNST1331.</i> Introduction to iron and steel making, structural shapes, design and sizing of steel structural systems, joists, beams and columns.					
CRIM • CRIMINAL JUSTICE					
CRIM1010	Introduction to Criminal Justice	B/L	45	-	4.5
Provides an overview of the history, development, and philosophies of crime control within a democratic society. Examines the criminal justice system with emphasis on the police, the prosecution and defense, the courts, and the correctional agencies.					
CRIM1020	Introduction to Corrections	B/L	45	-	4.5
Outlines corrections in a systematic process showing the evolving changes within institutional and community based corrections. Topics include, but are not limited to, the history of corrections, the influence of social thought and philosophy on the development of corrections, the rights of the incarcerated inmate, and the duties of the correctional officer.					
CRIM1030	Courts & the Judicial Process	B/L	45	-	4.5
<i>Prerequisite: CRIM1010 or advisor approval.</i> Surveys the United States judicial system. Topics include, but are not limited to, legal and constitutional concepts, institutions and processes. Coverage includes adult and civil courts.					
CRIM1050	Introduction to Forensic Science	B/L	45	30	6
This course will provide an overview of several different disciplines that constitute forensic science. The topics covered will include safety, basic chemical principles, photography and the collection of evidence.					
CRIM1140	Reporting Techniques for Criminal Justice	B/L	45	-	4.5
<i>Prerequisite: ENGL1010 or ENGL1015 or equivalent.</i> The student learns to observe and document the behavior of crime victims, witnesses and suspects. The student also learns to accurately describe and record conditions and activities of crime scenes for courtroom presentations. In accordance with the legal guidelines of confidentiality, each student maintains a log of classroom and field experiences.					
CRIM2000	Criminal Law	B/L	45	-	4.5
Outlines the purpose and function of criminal law. Topics include, but are not limited to the rights and duties of citizens and police in relation to local, state, and federal law (i.e. arrest, search and seizure, confessions); the development, application, and enforcement of laws; constitutional issues; and sentencing.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
CRIM2030	Police and Society	B/L	45	-	4.5
Examines the role of the police in relationship to law enforcement and American society. Topics include, but are not limited to the role and function of police, the nature of police organizations and police work, and the patterns of police-community relations.					
CRIM2100	Juvenile Justice	B/L	45	-	4.5
Examines the origins, philosophy, and objectives of the juvenile justice system. Topics include, but are not limited to causation of crime (i.e. race/gender, socioeconomic relevance, victimization), the juvenile court system, the law enforcement approach, corrections, and prevention.					
CRIM2150	Contemporary Issues in Criminal Justice	B/L	45	-	4.5
Examines the relationships between law enforcement agencies and such complex social issues as, but not limited to, domestic violence, child abuse, elder abuse, gangs, and drugs.					
CRIM2200	Criminology	B/L	45	-	4.5
Examines crime and criminology from a broad social perspective. Emphasizes the nature and causes of crimes, investigation and prosecution, and treatment and prevention.					
CRIM2250	Ethics in Criminal Justice	B/L	45	-	4.5
Examines contemporary and historical theories that enhance today's ethical practices and dilemmas. Provides an introduction to the language, concepts, and traditions of ethics as they relate to the functional areas of criminal justice.					
CRIM2260	Criminal Investigation	B/L	45	-	4.5
Introduces criminal investigation procedures. Reviews the historical development and investigative processes related to law enforcement functions. Topics include, but are not limited to the proper collection, organization, and preservation of evidence using basic investigative tools; examining the primary sources of information; analyzing the importance of writing skills; and reviewing the constitutional (legal) limitations of the investigation.					
CRIM2310	Rules of Evidence	B/L	45	-	4.5
Emphasizes the concept of evidence and the rules governing its admissibility. Includes theoretical and pragmatic consideration of constitutional requirements affecting evidence and procedure.					
CRIM2860	Criminal Justice Internship	B/L	-	180	4.5
<i>Prerequisite: Successful completion of previous CRIM courses.</i> This course entails a series of planned and supervised activities in actual work situations. The employment must be directly related to the student's program of study. A total of 180 contact hours are required for this course.					
CRIM2940	Law Enforcement Internship	B/L	-	480	12
Provides instruction in basic law enforcement techniques at the Nebraska Law Enforcement Training Center. Instruction includes, but is not limited to: courtroom performance, traffic enforcement, civil process, techniques of arrest, firearms training, and criminal investigation applications.					
PLEASE NOTE • DEERE CONSTRUCTION & FORESTRY EQUIPMENT TECH— SEE JDCE					
DENT • DENTAL ASSISTING					
<i>Please note: Students must be at declared clinical track status before taking any DENT courses. Program Advisors must authorize registration forms prior to registering for the first DENT course. Each course builds on previous course content and must be passed with a minimum "C+" grade before continuing in the program.</i>					
DENT1103	Oral Sciences I	L	30	-	3
<i>Prerequisite: Declared DENT students only.</i> Survey course dealing with the basic overview of normal structure and functioning of the cellular, skeletal, cardiovascular, circulatory, neurological, respiratory, and immunological body systems and their interrelationships as related to dental structures.					
DENT1110	Predclinical Concepts	L	40	75	6.5
Screening course for Dental Assisting Foundations I course DENT1211. Introduction to the history of the profession of dental assisting, the legal and ethical responsibilities of the dental assistant in the practice of dental assisting, professional terminology, state and national regulations governing dentistry, education of the dental team, and the process of national certification (CDA). Basic skills in dental health care worker protocol, patient care, communication with diverse population, equipment and instrument identification, high velocity evacuation, four-handed instrument exchange, manipulation of temporary cement, and occupational exposure protocol techniques.					

Course# ID (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
DENT1210 	Oral Sciences II Thorough study of anatomical concepts pertaining to the structures of the face and oral cavity including histology, embryology, and oral morphology.	L	30	30	4
DENT1211 	Dental Assisting Foundations I Continuation of basic skills, manipulation of specific types of dental materials, rubber dam placement, assembly of matrix retainers, basic treatment setups, techniques for control of disease-producing blood-borne pathogens, personal protection, standard precautions, and hazard protection as required by OSHA guidelines for health care providers. Laboratory experiences occur at the UNMC College of Dentistry and at SCC Lincoln Campus.	L	30	45	4.5
DENT1212 	Oral Hygiene Acquire methods and learn aids for control of dental disease and maintenance of optimum dental health. Thorough study of prevention of dental caries, special patient care techniques, patient education, dental calculus and dental prophylaxis.	L	15	15	2
DENT1214 	Clinical Concepts Recognition and management of medical and dental emergencies, assisting with dental examination data gathering, oral pathology and overview of pharmacology and pain control.	L	30	20	3.5
DENT1311 	Dental Assisting Foundations II Emphasis on the principles and techniques of chairside dentistry (including coronal polish.) Emphasis on dental laboratory asepsis and clinic asepsis with further development in skill, efficiency, and consistency.	L	30	45	4.5
DENT1312 	Dental Materials I Introduction to physical properties; principles of manipulation and storage of materials; manipulation of specific types of dental materials; laboratory projects pertaining to diagnostic impressions; and casts on a manikin and human patient.	L	15	45	3
DENT1313 	Oral Radiography I Extensive study in oral radiography pertaining to the oral cavity. Laboratory emphasis on DXTRR manikin.	L	35	30	4.5
DENT1314 	Clinical Education I Clinical education is scheduled throughout quarters two, three and four. Under supervision, students will care for patients applying specialized technical skills and principles previously learned in the classroom and laboratory settings.	L	15	150	6.5
DENT1410 	Practice Management Skills Principles of dental office procedures, resume writing, letter of application, and inventory control. The integration of a current dental software program is utilized throughout the entire course.	L	20	30	3
DENT1411 	Dental Assisting Foundations III Principles and techniques associated with the specialties in dentistry.	L	35	15	4
DENT1412 	Dental Materials II Continuation of Dental Materials I course with laboratory emphasis on human patient diagnostic impressions, casts and other specific laboratory projects.	L	15	45	3
DENT1413 	Oral Radiography II Laboratory projects including intra-oral exposures utilizing both traditional and digital radiographic methods. There will also be emphasis on quality control, infection control practices and patient registration.	L	10	30	2
DENT1414 	Clinical Education II Adaptation to a variety of new clinical environments, with further development in highly specialized technical skills.	L	15	150	6.5
DESL • DIESEL TECHNOLOGY FARM					
DESL1120	Basic Electrical-Farm Basic electrical principles and applications of magnetism, electromagnetism, and the use of three basic electrical meters. Circuit theory exercises in three basic types of circuits, using OHM's Law and basic math skills. Design, construction, safe operation and testing of lead acid storage batteries.	M	20	20	2.5
DESL1121	Cranking Motors & Ignition Systems-Farm <i>Prerequisite: DESL1120.</i> Principles, operation and testing of battery ignition systems, motor vehicle cranking motors, switches and drives.	M	28	30	3.5

Course# □ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
DESL1122 Charging Systems-Farm		M	20	32	3
	<i>Prerequisite: DESL1120.</i> Principles of operation, and procedures for testing and repair of AC and DC type generator charging systems.				
DESL1123 Power Trains I-Farm		M	30	22	3.5
	<i>Prerequisite: DESL1126.</i> Theory of power transmission from engine to rear wheels. Includes engine measurements and performance, levers, gears, chains, clutches, transmissions, planetary gears, drive lines, differentials, rear axles, and disassembly, inspection, adjustments and reassembly of standard transmissions and differentials.				
DESL1126 Hand Tools & Precision Measuring Instruments-Farm		M	21	37	3
	Study of the proper use and care of power and hand tools. Micrometers, dial indicators, torque wrenches, twist drills, taps, dies, screw extractors, thread restoration, tube flaring, fittings, and fasteners. Student project utilizing hand tools and measuring instruments.				
DESL1160 Oxyacetylene & Arc Welding-Farm		M	10	30	2
	Theory and practice of oxy acetylene braze welding and cutting, including proper operation of equipment. Principles and applications of SMAW (stick) in the flat, horizontal position.				
DESL1225 Theory of Engine Operation-Farm		M	26	22	3
	<i>Prerequisites: DESL1120 through DESL1160.</i> Physical principles, operation, and construction of two and four stroke cycles, single and multiple cylinder engines. Ignition timing of four stroke cycle engines to factory specifications; balance, compression, and cylinder leakage tests; types of internal combustion engine cooling systems, components and coolants.				
DESL1227 Theory of Fuel System Operation-Farm		M	25	15	3
	Operational theory, construction, testing, and repair methods for spark ignition engine fuel system components. LPG and gasoline fuel systems, as well as air induction and exhaust systems, and the relationship of valve timing, ignition and injection timing to normal combustion. Physical and chemical properties of distillate fuels used in Diesel, LPG and gasoline powered engines. Normal and abnormal combustion theory related to fuel production, testing, storage, handling and engine design methods.				
DESL1228 Valve Trains-Farm		M	22	33	3
	<i>Prerequisites: DESL1120 and DESL1160.</i> Theory, construction, and operation of engine valve trains. Valves, valve seats, camshafts, cam followers, valve springs, rocker arm assemblies, push rods and related parts. Valve timing and adjustments will be judged for proficiency by actual engine operation. Basic procedure and operation of valve and seat reconditioning is performed and proficiency evaluated.				
DESL1230 Diesel Engine Overhaul & Inspection-Farm		M	34	42	4
	<i>Prerequisites: DESL1120 and DESL1160.</i> Experience in the operation and service methods for the following engine components: crankshafts, connecting rods, pistons, cylinder liners, bearing and crankcase assemblies. Crankcase lubricants, lubrication, and filtration systems. Laboratory in disassembly, inspection, measurements, reassembly, and adjustments performed on agricultural diesel engines.				
DESL1235 Diesel & LPG Fuel Systems I-Farm		M	45	36	5.5
	<i>Prerequisites: DESL1160 through DESL1160.</i> Theory of diesel fuel injection system. Pump and nozzle components, fuel flow, and fuel filtering systems. Diesel engine compression ignition theory, combustion chamber design, and maintenance procedures for proper removal, installation, and timing of fuel injection pumps. Construction and operation of updraft, one and two barrel carburetors, LPG fuel systems and turbo chargers.				
DESL1331 Basic Cab Air Conditioning-Farm		M	26	14	2.5
	<i>Prerequisites: DESL1120 through DESL1235.</i> Study of the theory of operation and repair of air conditioning, heating, and ventilation systems used on today's farm equipment.				
DESL1349 Diesel Fuel Injection Systems II-Farm		M	54	-	5
	<i>Prerequisites: DESL1120 through DESL1235.</i> Study of diesel fuel injection systems including theory of Roosa Master, CAV, American Bosch, Robert Bosch, and Caterpillar sleeve metering fuel injection systems. Fuel injection nozzles and nozzle holders.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
DESL1351	Mobile Hydraulics-Farm	M	60	88	8.5
<i>Prerequisites: DESL1120 through DESL1235.</i>					
Principles and application of theory, design, construction, fluid flow, and testing of hydraulic systems including pumps, actuators, reservoirs, and accumulators, lines, fitting, filters and fluids.					
DESL1362	Diesel Fuel Injection Systems Laboratory-Farm	M	-	70	2
<i>Prerequisites: DESL1120 through DESL1235.</i>					
Laboratory experience in servicing and troubleshooting Roosa Master, CAV, American Bosch, Robert Bosch, Caterpillar sleeve metering fuel injection systems, fuel injection nozzles and nozzle holders.					
DESL1453	Post-Cooperative Education Seminar-Farm	M	20	-	2
<i>Prerequisites: DESL1120 through DESL1362. DESL1468.</i>					
Evaluation of the on-the-job training to share experiences, ideas, and prepare for full-time employment upon graduation.					
DESL1468	Cooperative Education-Farm	M	-	400	10
<i>Prerequisites: DESL1120 through DESL1362.</i>					
On-the-job experience in a diesel repair shop or dealership. Application of skills and knowledge acquired in previous quarters. Meeting with supervising instructor three times throughout the quarter.					
DESL2536	Farm Equipment Diesel Engine Tune-Up & Diagnosis-Farm	M	11	35	2
<i>Prerequisites: DESL1120 through DESL1362.</i>					
Advanced study of diesel engines. Troubleshooting, cylinder head repair, and dynamometer testing of farm equipment diesel engines. Student projects accepted for repair, testing, and adjustment of farm equipment diesel engines.					
DESL2564	Farm Equipment Electricity-Farm	M	56	93	8.5
<i>Prerequisites: DESL1120 through DESL1362.</i>					
Advanced study in electrical and electronics. Theory, design, construction, troubleshooting, repair, and testing of farm equipment. Cranking motors, solenoid switches, alternator, regulators and related accessories. Diodes, transistors and microprocessors are included. Lab experiences on components.					
DESL2566	Farm Equipment Power Trains-Farm	M	23	54	3.5
<i>Prerequisites: DESL1120 through DESL1362.</i>					
Advanced study of power trains. Theory, design, construction, troubleshooting, repair, and testing of farm equipment power trains, particularly those transmissions classified as "on-the-go" shift types. Farm equipment clutch systems included. Lab projects are accepted.					
DESL2567	Advanced Air Conditioning-Farm	M	6	22	1
<i>Prerequisites: DESL1120 through DESL1362.</i>					
Review of Cab Air Conditioning fundamentals and service procedures. Diagnosing, system evaluation, repairing, and recharging exercises in the lab.					
DESL2602	Planting Equipment-Farm	M	50	77	7.5
<i>Prerequisites: DESL1120 through DESL1362.</i>					
Theory, design, principles of operation, set up and adjustment, troubleshooting and repair of planting equipment. Row crop planters and grain drills. Electronic monitoring systems. Set up, operation, calibration, and troubleshooting of spraying equipment.					
DESL2603	Harvesting Equipment-Farm	M	50	70	7
<i>Prerequisites: DESL1120 through DESL1362.</i>					
Theory, design, principles of operation, set up, and adjustment, troubleshooting, and repair of harvesting equipment including combines and hay and forage equipment. Electronic monitoring systems.					
DESL2604	Tillage & Spraying Equipment-Farm	M	21	32	3
<i>Prerequisites: DESL1120 through DESL1362.</i>					
Theory, design, principles of operation, set up, and adjustment, troubleshooting, and repair of tillage equipment. Spraying equipment theory, design, principles of operation, adjustment, troubleshooting and repair is included.					

DESL • DIESEL TECHNOLOGY TRUCK

DESL1201	Electrical Systems I-Truck	M	23	18	2.5
Basic electrical and electronic principles and applications of magnetism, electromagnetism, and the practice of electrical measurements with analog and digital meters.					
DESL1211	Batteries & Cranking Motors-Truck	M	24	29	2.5
<i>Prerequisite: DESL1201.</i>					
Purpose, theory, construction, operation, and testing of lead acid batteries. Theory of cranking motor operation and its application to modern cranking systems. Lab activities include component and circuit testing with analogue and digital meters. Review of conventional ignition systems.					
DESL1221	Electronic Ignition & Charging Systems-Truck	M	22	34	3
<i>Prerequisite: DESL1201.</i>					
Theory, operation, and testing of electronic ignition systems. Theory of AC type charging systems and their application to modern vehicles. Lab work in charging system diagnosis, proper disassembly procedures, alternator component testing, reassembly, and complete system testing with results compared to specifications.					
DESL1231	Power Trains I-Truck	M	30	26	3.5
<i>Prerequisite: DESL1261.</i>					
Theory of power transmission from engine to rear wheels. Engine measurements and performance, levers, gears, chains, clutches, transmissions, planetary gears, drive lines, differentials, rear axles, and disassembly, inspection, adjustments and reassembly of standard transmissions and differentials.					
DESL1241	Diesel Welding-Truck	M	10	18	1.5
Instruction in gas metal arc welding (MIG), oxy acetylene braze welding and cutting, equipment set up, safety and operation is stressed.					
DESL1261	Hand & Precision Measuring Tools-Truck	M	20	46	3.5
Proper use and care of power and hand tools. Micrometers, dial indicators, torque wrenches, twist drills, taps, dies, screw extractors, thread restoration, tube flaring, fittings, and fasteners. Students project utilizing hand tools and measuring instruments.					
DESL2251	Theory of Engine Operation-Truck	M	25	15	3
<i>Prerequisites: DESL1201, DESL1211, DESL1221, and DESL1261.</i>					
Basic physical operation and construction of two and four stroke cycle, single, and multiple cylinder engines. Ignition timing of four stroke cycle engines to factory specifications balance, compression, and cylinder leakage tests; type of internal combustion engine cooling systems, components and coolants.					
DESL2271	Theory of Fuel System Operation-Truck	M	30	10	3
<i>Prerequisites: DESL1201, DESL1211, DESL1221, and DESL1261.</i>					
Study of fuel fundamentals, testing, octane and cetane numbers, additives, and how fuels react during compression and combustion in gasoline and diesel applications. The use of alternate fuels in gasoline and diesel engines including a discussion of the pros and cons. Theory, construction, and operation of fuel tanks, fuel gauges, fuel lift pumps, air and fuel filtering systems, fuel lines and intake/exhaust manifold systems. Includes theory, construction, and operation of heat exchangers. Theory, construction, operation, servicing, and troubleshooting of turbochargers is covered.					
DESL2281	Valve Trains-Truck	M	21	34	3
<i>Prerequisites: DESL1201, DESL1211, DESL1221, DESL1261 and DESL2251.</i>					
Basic theory, construction and operation of engine valve trains. Valves, valve seats, camshafts, cam followers, valve springs, rocker arm assemblies, push rods, and related parts. Valve timing and adjustments will be judged for proficiency by actual engine operation. Basic procedure and operation of valve and seat reconditioning is performed and proficiency evaluated.					
DESL2301	Engine Overhaul & Inspection-Truck	M	30	25	3.5
<i>Prerequisites: DESL1201, DESL1211, DESL1221, DESL1261 and DESL2251.</i>					
Design, construction, operation, and servicing of the following engine components; crankshaft, pistons, piston rings, connecting rods, and bearings. It also covers lubricants, lubrication systems, and filtration systems. Activities include disassembly, inspection, measurements, reassembly, and adjustments. Performance exhibited by assembly and adjustments of engine.					
DESL2321	Diesel & Gas Fuel Injection-Truck	M	35	20	4
<i>Prerequisite: DESL2271.</i>					
Theory of operation and construction of diesel/gasoline fuel injection system nozzles and injectors. Electronic injectors are covered. Lab work consists of testing and service procedures for nozzles/injectors. Theory of operation and service procedures for emission control devices used on diesel and gasoline applications included.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
DESL2351	Electrical/Electronic Systems I-Truck	M	35	18	4
<i>Prerequisites: DESL1201, DESL1211, DESL1221, DESL1261, and DESL2321.</i>					
Theory of operation, troubleshooting, diagnosis, and repair of truck cab/chassis and trailer wiring/lighting systems. Instruments, gauges, and electrical accessories are also covered. Engine/vehicle electronic sensors and computers included.					
DESL3451	Conventional Transmissions & Clutches-Truck	M	40	85	6.5
<i>Prerequisites: All first and second quarter classes.</i>					
Lecture, demonstration and laboratory course encompassing the principles, design, construction, operation, repair and adjustment of five through eighteen speed manual shift transmissions. Clutch removal, troubleshooting, repair, installation and adjustment plus PTO installation and adjustment are also covered.					
DESL3471	Truck Final Drives-Truck	M	30	40	4
<i>Prerequisites: All first and second quarter classes.</i>					
Lecture, demonstration and laboratory course encompassing principles, design, construction and repair of truck final drives and related components. Phasing and angularity of drivelines is covered along with operation, inspection and replacement of U-joints.					
DESL3481	Preventative Maintenance & Inspection-Truck	M	30	75	5.5
<i>Prerequisites: All first and second quarter classes.</i>					
Lecture, demonstration, and laboratory course for the entry level technician designed to introduce the student to correct procedures and practices of vehicle preventative maintenance and inspection.					
DESL4341	Air Brakes-Truck	M	30	45	4.5
<i>Prerequisites: All first and second quarter classes.</i>					
Principles, components, operation, service, repair, adjustment and troubleshooting of the air brake system used on today's trucks, including safety, brake balance and anti-lock brakes.					
DESL4351	Steering and Suspension-Truck	M	30	60	5
<i>Prerequisites: All first, second and third quarter classes.</i>					
Principles, components, operation, service, repair, adjustment and troubleshooting of the steering and suspension system used on today's trucks tractor and trailer alignment, use of equipment and shop safety.					
DESL4361	Hydraulic Brakes-Truck	M	20	30	3
<i>Prerequisite: All first, second and third quarter classes.</i>					
Principles, components, operation, service, repair, adjustment and troubleshooting of the hydraulic brake system used on today's trucks, including safety, brake balance and anti-lock brakes.					
DESL4381	Basic Hydraulics-Truck	M	20	15	2.5
Principles and application of theory design, construction, and testing of hydraulic systems including pumps, actuators, reservoirs, accumulators, lines, fittings, filters and fluids.					
DESL4541	Heating and Air Conditioning I-Truck	M	30	20	3.5
Principles and application of theory design, construction, components, operation, service, repair, adjustment and troubleshooting of the air conditioning and heating systems used on today's trucks, use of equipment and shop safety.					
DESL5412	Post-Cooperative Education/Seminar-Truck	M	20	-	2
<i>Prerequisites: DESL1201 through DESL4541 and DESL6302, DESL6432, DESL6452, and DESL6482 + DESL5582.</i>					
Evaluation of the on-the-job training to share experiences, ideas, and preparation for full-time employment upon graduation.					
DESL5582	Cooperative Education-Truck	M	-	400	10
<i>Prerequisites: DESL1201 through DESL4541 and DESL6302, DESL6432, DESL6452, & DESL6482.</i>					
On-the-job experience in a diesel repair shop. Practice of skills and knowledge acquired in previous quarters.					
DESL6302	Heating & Air Conditioning II-Truck	M	15	35	2.5
<i>Prerequisites: DESL1201 through DESL4541.</i>					
Study of advanced mobile air conditioning to include heat exchange, diagnosing, evacuating, charging, leak testing, adjusting and proper handling of required service tools in the laboratory.					
DESL6432	Automatic Truck Transmissions-Truck	M	25	35	3.5
<i>Prerequisites: DESL1201 through DESL4541.</i>					
Principles, design, and construction of Allison automatic truck transmissions. Lab work in disassembly, inspection, reassembly, adjustment, repair, and testing of the automatic transmission.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
DESL6452	Electrical Systems III-Truck	M	40	60	6.0
<i>Prerequisites: DESL1201 through DESL4541.</i>					
Electrical principles and concepts, semiconductors and microprocessors. The use of digital multi-meters and wire repairing including weather pack service techniques. Bench and on vehicle diagnostic procedures for present and future diesel electronic systems.					
DESL6482	Electronic Diesel Engine Diagnostics & Tune-Up-Truck	M	40	50	5.5
<i>Prerequisites: DESL1201 through DESL4541.</i>					
Lecture, demonstration and laboratory course designed to give students an introduction to the electronic heavy duty diesel engine. Includes tune-up and troubleshooting the electronic engine, setting customer specified parameters, progressive shifting to include the operation and adjustment of the engine brake system.					
DRAF • COMPUTER AIDED DESIGN DRAFTING					
DRAF1110	Design Drafting Concepts	L	30	-	3
A study of the application of communication and documentation of basic design skills using industry accepted standards and practices.					
DRAF1120	Basic Computer Aided Drafting	L	45	15	5
<i>Prerequisite: Students must take an entry evaluation test and pass with a B+ or better; or apply Tech Prep credit from their high school; or take the Basic Computer Aided Design Drafting course (DRAF1120) before taking 3-D Solid Modeling (DRAF1220).</i>					
Introductory two-dimensional drafting as used in Architectural, Electrical/Electronic, Mechanical, Structural, Piping. Menus, display, coordinates, draw, edit, save, plot, file management, drawing set-up, lettering, line types.					
DRAF1215	Architectural Concepts	L	30	-	3
<i>Prerequisite: DRAF1110 and DRAF1120</i>					
A study of commonly used materials and accepted methods of commercial construction. An introduction to construction drawings and documents.					
DRAF1220	3-D Solid Modeling	L	45	15	5
<i>Prerequisite: DRAF1110 and DRAF1120.</i>					
Use of solid primitives, surfaces, objects. Application of attributes and data base information within drawings. 3-D design as used in Architectural, Electrical/Electronic Mechanical Structural, Product Design.					
DRAF1224	Basic Land Desktop	L	45	15	5
<i>Prerequisite: DRAF1220.</i>					
Land Desktop enables students to create maps, model terrain, label points, perform alignments, define parcels quickly and easily, perform topographic analysis, use realworld coordinate systems, calculate volume totals and roadway geometry more rapidly and accurately.					
DRAF1310	3-D Visualization	L	15	45	3
<i>Prerequisite: DRAF1330 and DRAF1220.</i>					
Using computer aided design for the creation of illustrations for display and/or print incorporating color, texture, and spatial organization of ideas.					
DRAF1330	Solid Works	L	45	15	5
<i>Prerequisite: DRAF1110 and DRAF1220.</i>					
Using Solid Works software students create designs to produce parts, assemblies and drawings of 3D and 2D products. Design of products follows typical designs from local companies.					
DRAF1340	Strength of Materials	L	44	-	4
<i>Prerequisite: DRAF1110 and MATH1080 or higher.</i>					
Theories of forces acting on bodies. Moments of forces, formulas for stresses in materials and structural members.					
DRAF1400	Virtual Building Design with Revit Architecture	L	45	15	5
<i>Prerequisites: DRAF1220, DRAF2100.</i>					
Using Revit Building software to create Building Information Models and using tools for parametric building design and documentation.					
DRAF1500	Advanced Virtual Building Design w/Revit	L	45	15	5
<i>Prerequisites: DRAF1400</i>					
Using Revit Building software to create Building Information Models and using tools for parametric building design and documentation at an advanced level.					
DRAF2100	Commercial Construction Materials	L	30	-	3
<i>Prerequisite: DRAF1110, DRAF1215 and ENGL1000 or 1010.</i>					
A comprehensive study of common building materials used in many areas and stages of commercial construction.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
DRAF2110	Architectural Design <i>Prerequisite: DRAF2100 and DRAF2120.</i> A study of a variety of design options and how these options apply to the many different areas and stages of commercial design.	L	15	45	3
DRAF2120	Commercial Building Process <i>Prerequisite: DRAF2125, and MATH1080 or higher.</i> A study of construction procedures and application of mathematical calculations necessary in the commercial construction process.	L	30	-	3
DRAF2130	Industrial Plastics <i>Prerequisite: DRAF1110.</i> Identification of thermoplastics and thermosetting plastics, their properties, uses and applications. Study of the manufacturing processes associated with the use of plastics products.	L	30	-	3
DRAF2140	Building Utility Design <i>Prerequisite: DRAF1500, DRAF2100, and DRAF2120</i> Electrical, plumbing, mechanical systems, code requirements, calculation methods, related design techniques, symbols, and preparation of working drawings using Revit MEP.	L	15	45	3
DRAF2150	Structural Steel Design with SDS/2 <i>Prerequisites: DRAF1220, DRAF2100, & DRAF2120.</i> Use of SDS/2 software to teach design and detailing of structural steel in a 3-D environment.	L	45	15	5
DRAF2160	Structural Design with Revit Structure <i>Prerequisite: DRAF1500, DRAF2100, and DRAF2120</i> Design of non-steel structural systems, code requirements, calculation methods, related design techniques, symbols, and preparation of working drawings using Revit Structure.	L	45	15	5
DRAF2180	Professional Practice-Architectural <i>Prerequisite: DRAF1500, DRAF2100, DRAF2110, and DRAF2120.</i> Simulation of circumstances encountered designing and drafting commercial construction plans. Full-time employees of Southeast Community College-Lincoln Campus volunteer to act as clients and will receive a set of working drawings prepared by students.	L	15	45	3
DRAF2190	Construction for Americans with Disabilities <i>Prerequisite: DRAF2140.</i> Planning, design, and layout for buildings with attention given to the needs of people with special requirements. A study of the compliance for Federal, state, and local building code requirements.	L	15	45	3
DRAF2200	Geometric Dimensioning & Tolerancing <i>Prerequisite: DRAF1110 and DRAF1220.</i> Study of the language of geometric dimensioning and tolerancing using ASME Y 14.5M-1994. Application of the rules and symbols for G.D.T. (Required course for DRAF2210.)	L	30	-	3
DRAF2210	Engineering Processes <i>Prerequisite: DRAF1220 and DRAF2200 and DRAF2130.</i> Application of engineering responsibility to the manufacturing, quality assurance, and marketing of consumer products. Building 3-D functional piece parts using a 3-D rapid prototyping plotter.	L	15	45	3
DRAF2215	Plastics Part Design <i>Prerequisite: DRAF1330, DRAF2200, DRAF2130.</i> Application of concurrent engineering to solve plastics part design problems from the "Need Recognition" stage through product implementation.	L	15	45	3
DRAF2220	Flat Pattern Layout <i>Prerequisites: DRAF1330 and DRAF2200.</i> Study of flat pattern developments used for consumer products, product packaging, and sheet metal design applications.	L	15	45	3
DRAF2230	Design Concepts <i>Prerequisite: DRAF2210.</i> A study of the Design process requires resolution of constraints arising from technical, aesthetic, human and business concerns where the designer uses creativity, imagination and technical knowledge to satisfy these requirements and create products to satisfy human needs	L	30	-	3
DRAF2240	Consumer Products-Design <i>Prerequisite: DRAF2230.</i> Application of the steps used in the design process. Developing designs to solve typical consumer product design problems. Research current product history and cost related to the manufacture of products.	L	15	45	3

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
DRAF2260	Jig & Fixture-Design <i>Prerequisite: DRAF2210.</i> Study of the design and economics of work holding devices. Design layout for product relationship to fixture use.	L	15	45	3
DRAF2440	Topographic/Civil Drafting <i>Prerequisite: DRAF1110 and DRAF1120.</i> Methods used in drawing maps including symbols, the procedure of plotting traverses, and the drawing of property boundaries from a legal description. Introduction in reading, interpreting and plotting information from a surveyor's field book. Drawing roadways, cross sections and plan & profiles, and subdivision plats.	L	15	45	3
DRAF2520	Electronic Drafting <i>Prerequisite: DRAF1110 and DRAF1120.</i> The use of electronic symbols to create block diagrams and schematic diagrams of electronic circuits. Drawing highway cable designs and cabinet and panel layouts.	L	15	45	3
DRAF2620	Co-op Education I-Drafting <i>Prerequisite: Permission of Program Chair.</i> Training in a work situation. Guidance from the instructor/coordinator and the training supervisor. Individualized, specific, written objectives which have been approved by the College. During the co-op period, the student will attend a mandatory related class each week.	L	-	200	3
DRAF2621	Co-op Education II -Drafting <i>Prerequisite: Permission of Program Chair and DRAF2620.</i> A continuation of the DRAF2620 course giving students an extended opportunity to experience a work situation.	L	-	200	3
DRAF2999	Individual Special Projects <i>Prerequisite: Permission of Program Chair.</i> Study of a special area in drafting or completion of a special drafting project not previously covered in the curriculum.	L	15	45	3

ECED • EARLY CHILDHOOD EDUCATION

ECED1050	Expressive Arts  This course focuses on the selection, construction and use of materials, activities and experiences that encourage the young child's creativity and aesthetic appreciation through the visual arts, music, body movement, and dramatic play. Curriculum designed for 3-8 year olds. Grade of "C" or better required for ECED2065.	L	45	-	4.5
ECED1060	Observation, Assessment and Guidance  This course introduces a variety of observation, assessment and guidance techniques used in an early childhood education setting birth through age 8. Grade of "C" or better required for ECED2065 and ECED1240.	L	45	-	4.5
ECED1110	Infant and Toddler Development  This course focuses on typical / atypical development of children in the prenatal period of development through age two. Planning curriculum in the domains of physical growth and motor skills, cognition and language, and social / emotional development are examined. Grade of "C" or better required for ECED2065.	L	45	-	4.5
ECED1112	Advanced Infant and Toddler Concepts  <i>Pre-requisite: ECED1110.</i> A continued and in-depth study and application of typical growth and development of the child from birth through age two. Infusion of exceptionalities into course work to prepare the student to work with children with disabilities. Developmentally appropriate practices and curriculum are examined. Emphasis on supporting partnership with the family as a crucial factor in the child's development and learning. Required class for Coop students working in an Infant/Toddler setting.	L	30	-	3
ECED1120	Preschool Child Development  This course focuses on typical / atypical development of the child ages 3 through 5 years, in the domains of physical growth and motor skills, cognition and language, and social/emotional development. Grade of "C" or better required for ECED2065.	L	30	-	3
ECED1150	Introduction to Early Childhood Education  An overview of early childhood education, history, trends and the philosophies of various programs, diversity, inclusion, licensing standards, current legislation, professionalism and advocacy are examined.	L	45	-	4.5
ECED1160	Early Language and Literacy  This course focuses on the development of literacy and language skills for children from birth through age 8. Students will plan and prepare developmentally appropriate literacy and language activities. Grade of "C" or better required for ECED2065.	L	45	-	4.5

Course# □ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ECED1220 Pre-Practicum		L	15	-	1.5
□	<i>This class is a pre or co-requisite for first ECED practicum.</i>				
	This course is designed to provide an orientation to practicum experiences in the early childhood education program. Students will understand practicum expectations and responsibilities, methods of evaluation, and the importance of professionalism in the work place. Students will review the process for setting up a practicum, forms used during the practicum, understand child care licensing requirements for their state, obtain a current health report and will be assessed a \$45 fee for a required criminal background check. A grade of "C" or better is required to pass.				
ECED1221 Infant / Toddler Practicum		L	-	90	3
□	<i>Pre/Co-requisite: ECED1110. Co-enrolled in ECED1220 if this is the first practicum.</i>				
	This course is designed to provide an understanding of the developmental stages of children six weeks through age two by participating in hands-on learning experiences in selected child care settings. Students will develop an awareness of appropriate adult/child interaction while developing positive employee skills. Basic skills in planning and implementing a daily routine and curriculum activities for infants and toddlers are also presented. Students are required to complete a minimum of 90 clock hours of practical work experience. Attendance at discussion / orientation sessions is required. A nominal fee will be assessed for liability insurance coverage on each student. A passing grade of "C" or better is required for ECED majors.				
ECED1224 Preschool Math, Science and Social Studies Curriculum		L	30	-	3
□	Planning and implementing developmentally appropriate activities for children. Grade of "C" or better required for ECED2065.				
ECED1230 School Age Child Development		L	30	-	3
□	This course focuses on typical / atypical development of the child ages 5-12 years in the domains of physical growth and motor skills, cognition and language, and social/emotional development. Grade of "C" or better required for ECED2065.				
ECED1240 Preschool/School Age Practicum		L	-	90	3
□	<i>Pre/Co-requisites: ECED1120, 1230, 1060. Co-enrolled in ECED1220 if this is the first practicum.</i>				
	This course is designed to provide an understanding of the developmental stages of children from three to eight years of age by participating in hands-on learning experiences in selected child care settings. Students will develop an awareness of appropriate adult/child interactions while developing positive employee skills. Basic skills in planning and implementing a daily routine and curriculum activities for children 3-8 years of age are also presented. Students are required to complete a minimum of 90 clock hours of practical work experience. Attendance at discussion / orientation sessions is required. A nominal fee will be assessed for liability insurance coverage on each student. Grade of "C" or better required for all ECED majors.				
ECED1260 Early Childhood Health, Safety and Nutrition		L	45	-	4.5
□	Defines interrelationship of safety, nutritional planning & health and how environmental factors affect young lives. Grade of "C" or better required for ECED2065.				
ECED1270 Integrated Curriculum; Ages 3-8 years		L	30	90	6
□	<i>Prerequisite: ECED1110, ECED1120, ECED1230, ECED1060, ECED1260.</i>				
	This course will combine the learning domains of language and literacy, math/science/social studies and expressive arts along with the fundamental elements of curriculum design to provide an application based learning experience of children's learning experiences and instructor curriculum design. Grade of "C" or better required for ECED majors.				
ECED1340 How Children Learn		L	30	-	3
□	Theory, methods, and planning techniques for teaching the young child in relation to thinking patterns and learning styles.				
ECED1401 Displays in the Early Childhood Classroom		L	5	-	.5
	Selection, construction and use of materials, activities and experiences that encourage creative displays and bulleting board design. Curriculum designed for three to eight-year-olds.				
ECED1402 Effective Technology in the Early Childhood Classroom		L	5	-	.5
	Introducing students to skills and techniques of incorporating computers and other forms of technology into the classroom.				
ECED1403 Developing a Professional Portfolio for the Early Childhood Educator		L	5	-	.5
	Focuses on assisting the early childhood educator begin the process of developing and assembling a personal / professional portfolio to be used throughout their professional career.				

Course# □ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ECED1404 Understanding Diversity in the Early Childhood Classroom		L	5	-	.5
	Focuses on developing a culture and ethnic awareness for early childhood educators as they respond sensitively to diversity in the classroom.				
ECED1405 Portfolio Assessment in the Early Childhood Classroom		L	5	-	.5
	Focuses on helping the early childhood educator understand the importance of this alternative method of assessment and ways to incorporate it into the classroom curriculum and environment.				
ECED1406 Effective Transitions in the Early Childhood Classroom		L	5	-	.5
	Fun and effective ways to make transitions work in an early childhood setting.				
ECED1407 Creative Group Times in the Early Childhood Classroom		L	5	-	.5
	This course focuses on the awareness of using creative techniques during group times in early childhood settings infant through age eight.				
ECED1408 Effective Home Visits for the Early Childhood Educator		L	5	-	.5
	Focuses on how to establish a stronger relationship with parents by planning and conducting positive, successful home visits.				
ECED1409 PPST Preparation		L	10	-	1
	This course is designed to help you prepare for the Pre-Professional Skills Test. It will include an overview of the Praxis format, various test taking strategies, test myths and facts, and a pre/post test analysis.				
ECED1475 Professional In-home Care		L	45	-	4.5
□	Skills and requirements specifically for the person working in a home setting as a professional nanny or a family child care provider. Discussion of business plans, development of a parent handbook, selection of employment agencies, contract negotiations and interviewing of prospective clients and employers. Activity planning and scheduling for children of diverse ages and abilities. A grade of "B" or better is required for the In-home Child Care Professional Focus.				
ECED1520 Preschool Practicum		L	-	45	1.5
□	<i>Pre/Co-requisites: ECED 1120, 1060. Co-enrolled in ECED 1220 if this is the first practicum.</i>				
	This course is designed to provide an understanding of the developmental stages of children from three to five years of age by participating in hands-on learning experiences in selected child care settings. Students will develop an awareness of appropriate adult/child interactions while developing positive employee skills. Basic skills in planning and implementing a daily routine and curriculum activities for children 3-5 years of age are also presented. Students are required to complete a minimum of 45 clock hours of practical work experience in a two day per week format. Attendance at orientation sessions is required. A nominal fee will be assessed for liability insurance coverage on each student. Grade of "C" or better required for all ECED majors.				
ECED1521 Infant Practicum		L	-	45	1.5
□	<i>Pre/Co-requisites: ECED 1110. Co-enrolled in ECED 1220 if this is the first practicum.</i>				
	This course is designed to provide an understanding of the developmental stages of children from six weeks through eighteen months of age by participating in hands-on learning experiences in selected child care settings. Students will develop an awareness of appropriate adult/child interactions while developing positive employee skills. Basic skills in planning and implementing a daily routine and curriculum activities for infants are also presented. Students are required to complete a minimum of 45 clock hours of practical work experience in a two day per week format. Attendance at orientation sessions is required. A nominal fee will be assessed for liability insurance coverage on each student. Grade of "C" or better required for all ECED majors.				
ECED1522 Toddler Practicum		L	-	45	1.5
□	<i>Pre/Co-requisites: ECED 1110. Co-enrolled in ECED 1220 if this is the first practicum.</i>				
	This course is designed to provide an understanding of the developmental stages of children from eighteen months through thirty-six months of age by participating in hands-on learning experiences in selected child care settings. Students will develop an awareness of appropriate adult/child interactions while developing positive employee skills. Basic skills in planning and implementing a daily routine and curriculum activities for toddlers are also presented. Students are required to complete a minimum of 45 clock hours of practical work experience in a two day per week format. Attendance at orientation sessions is required. A nominal fee will be assessed for liability insurance coverage on each student. Grade of "C" or better required for all ECED majors.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ECED1545	School Age Practicum	L	-	45	1.5
■	<i>Pre/Co-requisites: ECED 1230, 1060. Co-enrolled in ECED 1220 if this is the first practicum.</i> This course is designed to provide an understanding of the developmental stages of children from five to eight years of age by participating in hands-on learning experiences in selected child care settings. Students will develop an awareness of appropriate adult/child interactions while developing positive employee skills. Basic skills in planning and implementing a daily routine and curriculum activities for toddlers are also presented. Students are required to complete a minimum of 45 clock hours of practical work experience in a two day per week format. Attendance at orientation sessions is required. A nominal fee will be assessed for liability insurance coverage on each student. Grade of "C" or better required for all ECED majors.				
ECED1560	Comprehensive Family Child Care Practicum	L	-	45	1.5
■	<i>Open only to declared ECED students. Prerequisites: Program permission required and an over all GPA of 2.5 or above. Current First Aid/CPR certification. ECED1110, 1120, 1230, 1060, 1260, 1270. Pre- OR Co-requisite: ECED1475.</i> Supervised experience as an in-home provider using advanced skills and techniques. Presentation and discussion of child development topics and practicum experiences. Grade of "B" or better to meet graduation requirements.				
ECED1570	Comprehensive Professional Nanny Practicum	L	-	45	1.5
■	<i>Open only to declared ECED students. Prerequisites: Program permission required and an over all GPA of 2.5 or above. Current First Aid/CPR certification. ECED1110, 1120, 1230, 1060, 1260, 1270. Pre- OR Co-requisite: ECED1475.</i> Supervised experience as a professional nanny using advanced skills and techniques. Presentation and discussion of child development topics and practicum experiences. Grade of "B" or better to meet graduation requirements.				
ECED1575	In-Home Child Care Professional Practicum	L	10	150	6
■	<i>Pre-requisite: Program Permission. Open only to declared students graduating with the In-home Child Care Professional diploma or with program permission. Must have taken or be taking ECED1475. Overall GPA of 2.5 or above. Current first aid/CPR certification. ECED1110 and ECED1120 with a grade of "B" or better. A grade of "B" or better required.</i> Designed to provide an understanding of the role and duties of an in-home child care provider / nanny. Various areas will include good communication skills, professional practices, planning skills, parental needs and knowledge of business practices. Student will spend 75 hours working in a private home (nanny) setting and 75 hours working in a family child care home I or II. 10 seminar / lecture hours will be arranged with the instructor/supervisor.				
ECED1675	In-Home Child Care Professional Coop	L	10	200	6
■	<i>Pre-requisite: Program Permission required to register. Must have taken or be taking ECED1475. Open only to declared students graduating with the In-home Child Care Professional diploma. Pre-requisites: ECED1221, 1240, 1050, 1160, 1224, and 1260 with a grade of "B" or better. Must have completed two of the Gen.Ed. core requirements.</i> Practical work experience in a private home setting as either a professional nanny or an in-home child care provider. Sites must meet the approval of the program and/or meet licensing standards. 10 seminar/lecture hours will be arranged with the instructor/supervisor.				
ECED2050	Children with Exceptionalities	L	40	15	4.5
■	This course focuses on the awareness of the theory, development and philosophy of early childhood education programs serving children with exceptionalities. Topics include working with families, legislation, role of the interventionist, interdisciplinary teams, and inclusion of children with special needs in natural environments. 9-15 additional clock hours observing children in an inclusive setting are required.				
ECED2055	Inclusion in the Early Childhood Classroom	L	45	-	4.5
■	This course focuses on the practical application of including children with special needs in natural environments. Topics include: inclusion, high incidence disabilities, appropriate adaptations, communicating with parents, and resources available for children with disabilities.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ECED2060	Early Childhood Education Curriculum Planning	L	45	-	4.5
■	<i>Students will be withdrawn from this class if they have not completed ECED1120, 1230, 1240 and three of the following methods classes: ECED 1050, 1160, 1224, 1260. The fourth methods class must be taken prior to or as a co-requisite with this class.</i> This course prepares students to plan a developmentally appropriate curriculum and environments for children ages 3-8 years of age. Topics include environment design, writing goals and objectives, lesson plans, daily schedules, working with parents, and inclusionary practices. Grade of "C" or better required for ECED2065.				
ECED2065	Child Care Head Teacher Practicum	L	30	150	8
■	<i>Open only to declared ECED students. Prerequisites: Program Permission. Overall GPA of 2.5 or above. Current first aid/CPR certification. ECED1050, 1060, 1110, 1120, 1160, 1220, 1221, 1224, 1230, 1240, 1260, 2060 with a grade of C" or above. Student must pass a comprehensive competency exam with a 75% or better before enrolling. A grade of "B" or better to meet graduation requirements.</i> Experience as a teacher in a cooperating childcare facility using advanced skills and techniques. Presentation and discussion of child development topics and practicum experiences. 3 hours per week of seminar/lecture hours will be scheduled.				
ECED2067	Child Care Head Teacher Coop	L	30	200	8
■	<i>Pre-requisite: Program permission required to register. Open only to declared students graduating with the Child Care Professional Diploma. Prerequisites: Overall GPA of 2.8 or above. Current first aid/CPR certification. ECED1110, 1120, 1230, 1160, 1224, 1050, 2060, 1221 and 1240 with a grade of C or above. A grade of B or better to meet graduation requirements.</i> Practical work experience as a teacher in a licensed site. Site must meet certain guidelines set by the program. Presentation and discussion of child development topics and work related experiences. 30 seminar / lecture hours will be arranged with the instructor / supervisor.				
ECED2070	Family and Community Relationships	L	45	-	4.5
■	This course focuses on the development of skills, techniques, and attitudes needed to form successful collaboration with diverse family systems and communities. Ten hours of volunteer service learning required.				
ECED2450	Administration of Early Childhood Programs	L	45	-	4.5
■	<i>Prerequisites: ECED1221, 1240, 2050, 1260, 2060 and ENGL1010 or ENGL1015. It is strongly recommended that students have completed ECED2065 and their core Behavioral Science and Speech requirements before enrolling in this class. Special program permission to enroll may be given to non-degree seeking administrators with prior administration experience.</i> Analysis of supervisory and administrative procedures for the application of management theory in early childhood programs. A grade of "C" or better required for graduation.				
ECED2457	Advanced Child Care Administration Concepts	L	30	-	3
■	<i>Pre-requisite: ECED2450.</i> A continuation of more in-depth administrative principles designed for students pursuing a management / supervisory position. This class will focus on the application and practice of the administrative duties and skills presented at an awareness level in ECED2450.				
ECED2501	Early Childhood Education Professional Lab	L	20	150	7
■	<i>Prerequisite: Program permission required to register. ECED2065 with grade of B or better. Must be taking or have taken ECED2450.</i> An intensive, inclusive lab experience in a variety of settings. Application of all skills needed for working in a comprehensive child care setting. Discussion and presentation of child development topics and student's lab experiences. A grade of "C" or better is required. 20 seminar / lecture hours scheduled.				
ECED2575	Advanced Practicum	L	10	180	7
■	<i>Prerequisite: Program Permission required to register. Prerequisites: ECED2501 with a "B" or better, ECED2070 and four of the five General Ed. core classes. Overall GPA of 2.5 or above. Current first aid/CPR certification. A grade of B or better required to meet graduation requirements.</i> Advanced practicum experiences as an intern in a variety of child care settings. Presentation and discussion of child development topics and student's practicum experiences. 10 seminar/lecture hours arranged with instructor/supervisor.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ECED2607	Individualized Practicum	L	15	-	.5
ECED2617		L	30	-	1
ECED2627		L	60	-	2

■ Pre-requisite: Program permission

Practicum experiences designed to meet individual and program needs. A grade of B or better is required.

ECED2675	Advanced Coop	L	10	240	7
■	Pre-requisite: Program permission required to register. Pre-requisites: ECED2501 with a "B" or better, ECED2150 and three of the four General Ed. core classes. Open only to declared students graduating with an A.A.S. degree. Overall GPA of 2.8 or above. Current first aid/CPR certification. A grade of B or better to meet graduation requirements. ECED1112 Advanced Infant and Toddler required for Coop completion in an infant or toddler setting. Practical work experience in a licensed or approved child care setting. Work site and job description must meet program standards. 10 seminar/lecture hours arranged with instructor/supervisor.				

ECED2800	Early Childhood Education Graduation Seminar	L	30	-	3
■	Pre-requisite: Program Permission. Open only to students graduating at the end of the current quarter. Designed for graduating Early Childhood Education students to complete and present their final project and professional portfolio in preparation for the workplace. Students will develop their personal philosophy of education and research current issues in education. A grade of B or better is required.				

ECED2999	Individual Special Project	L	-	-	.5-3
■	Pre-requisite: Program Permission. Selected educational experiences that provide intensive study and research on a topic beyond those included in the regular curriculum. Completed under the direction of a faculty member. Credit hours will vary, with 30 hours of lab per credit hour.				

ECON • ECONOMICS

ECON1200	Personal Finance	B/L/M	45	-	4.5
■	Pre-requisite: Math competency recommended. Survey of principles and methods of managing personal finance resources. An introduction to how economic concepts and functions impact personal financial decisions. Topics include: economic concepts, banking, saving and investment, credit, major purchases (home/auto), risk management (home, life, health, auto), tax strategies, retirement and estate planning.				

ECON2110	Macroeconomics	B/L/M	45	-	4.5
■	It is recommended that students have a strong college level math and accounting background before taking this class. A study of the "big ideas" of macroeconomics such as GDP, inflation, unemployment, labor productivity, and rational economic decision making using the marginal principle and diminishing returns. A look at public policy decisions using Keynesian fiscal and monetary policies, globalization and the economic challenges facing our economy.				

ECON2120	Microeconomics	B/L/M	45	-	4.5
■	It is strongly recommended to complete Macroeconomics ECON2110, and have a strong college level math and accounting background before taking this class. A study of basic economic principles such as elasticity of demand, consumer choice, profit maximization, types of competition and asymmetric markets. A microeconomic focus on the behaviors on individual households and firms.				

EDUC • EDUCATION

EDUC1080	Professional Practicum Experience I	B/L	15	30	2.5
	Pre-requisite/Concurrent enrollment: EDUC1310. Guided participation and observation in the schools. Trends in teaching, certification, the professional role of the teacher and other issues in teacher education. Includes on-campus class 1.5 hours each week and 3 hours per week in a school classroom. Graded pass/no pass.				

EDUC1310	Introduction to Education	B/L	45	-	4.5
	Overview of the field of education. Encourages critical thought regarding the role of education in society, the role of the teacher and educational practices in schools.				

EDUC2160	Children's Literature	B/L	45	-	4.5
■	(Cross-listed as ENGL2160) Pre-requisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor. Survey of the various genres of children's literature with an emphasis on methods of critically evaluating, analyzing, and sharing both traditional and recent selections.				

EDUC2165	Adolescent Literature	B/L	45	-	4.5
■	(Cross-listed as ENGL2165). Pre-requisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor. Survey of the various genres of adolescent literature. Emphasis on methods of evaluating both traditional and recent selections and the inter/cross-disciplinary uses of young adult literature.				

EDUC2300	Introduction to Special Education	B/L	45	-	4.5
	Pre-requisite: EDUC1310. Introduction to the history, legislation, litigation, instruction, and evaluation of exceptional learners. Overview of the development and characteristics of exceptional learners, cultural issues, and collaboration found in K-12 classrooms.				

EDUC2350	Introduction to English Language Learners	B/L	45	-	4.5
	Pre-requisite: EDUC1310. Introduction to the history, legislation, methods and procedures of instruction and assessment of English language learners. Overview of language acquisition, development and structure. Exploration of cultural influences, diversity and perspectives in the K-12 classroom.				

EDUC2500	Fundamentals of Child Development for Education	B/L	45	-	4.5
	Fundamental concepts and principles of human development with reference to cognitive and social/emotional development from infancy to early adolescence. Biosocial forces which affect behavior and development in children in relation to educational practice.				

EDUC2510	Fundamentals of Adolescent Development for Education	B/L	45	-	4.5
	Fundamental concepts and principles of human development with reference to cognitive and social/emotional development from late childhood to early adulthood. Biosocial forces which affect behavior and development in adolescents as they relate to educational practice.				

EDUC2590	Instructional Technology	B/L	45	-	4.5
	Pre-requisite: EDUC1310. Introduction to the approaches, methods, and procedures for meaningful incorporation of computers, media, and other technologies into teaching and learning in the K-12 classroom.				

EDUC2610	Educational Psychology	B/L	45	-	4.5
	Pre-requisite: EDUC1310 for education majors; PSYC1810 for non-education majors. Principles of psychology as applied to classroom teaching. Emphasis on development, learning, motivation, evaluation, adjustment, and education techniques and innovations.				

EDUC2970	Professional Practicum Experiences II	B/L	15	30	2.5
	Pre-requisites: EDUC1080 and EDUC1310. Guided participation and/or observation in schools and/or agencies offering programs for children and/or youth. Includes seminar component.				

EDUC2971	Professional Practicum Experiences III	B/L	15	30	2.5
	Pre-requisites: EDUC1210, EDUC1310, EDUC2970. Guided participation and/or observation in schools and/or agencies offering programs for children and/or youth. Includes seminar component.				

EIGT • GRAPHIC DESIGN

EIGT1120	Drawing/Illustration I	M	40	60	6
	Pre-requisite: Program Permission. This course provides a foundation in basic perceptual, expressive and compositional aspects of drawing with an emphasis on perception and realistic rendering (learning to see with accuracy). A wide range of black and white media will be explored.				

EIGT1122	Introduction to Graphic Design	M	40	10	4.5
	Pre-requisite: Program Permission. This course is concerned with the basic principles of graphic design. Emphasis is placed on basic design processes and communication principles. Development of creative ideas, evaluation of diverse methods used to produce simple and functional graphic translations will be explored. An introduction to basic technical procedures will also be studied.				

SOUTHEAST Community College - Nebraska

COURSE DESCRIPTIONS

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
EIGT1126	Typography I <i>Prerequisite: Program Permission.</i> This course provides a comprehensive introduction to effective type usage. The course builds upon the extensive language and practice of typography and its application. Typographic principles are combined with a general history, both aesthetic and technical. The impact of legibility and readability will be investigated in relation to a student's choice of selecting and applying type and related design elements.	M	40	10	4.5
EIGT1136	Computer Graphics I <i>Prerequisite: Program Permission.</i> Computer Graphics I begins with an introduction to the Macintosh computer and operating system, then moves on to the basics of working with Adobe InDesign and Adobe Photoshop. This course teaches page layout, methods of formatting and controlling type, working with images, plus methods for efficient file management and production.	M	40	60	6
EIGT1230	Typography II <i>Prerequisite: EIGT1126</i> This course examines typographic issues which emphasize the basic typographic areas of: historical, technical, and formal. Students study letterform and typographic usage as well as research and writing about typographic design. Project content includes typographic history, letterform development, and changing technology. This course provides students with a fundamental working knowledge of typographic methodology.	M	40	10	4.5
EIGT1234	Computer Graphics II <i>Prerequisite: EIGT1136.</i> Computer Graphics II focuses on digital illustration and image manipulation. Students work with Adobe InDesign, Adobe Photoshop and Adobe Illustrator learning methods for working with raster-based and vector-based images. Projects include photo retouch, photo correction, compositing, illustration, logo creation, informational graphics and charts.	M	40	60	6
EIGT1238	Drawing/Illustration II <i>Prerequisite: EIGT1120.</i> This course provides an exploration of drawing the human figure with an emphasis on anatomy, proportion and form. A variety of media will be explored including pencil, ink, gouache, and an introduction to color. Projects will include working with the human form in the context of illustration applications and creating spatial compositions.	M	40	60	6
EIGT1240	Publication Design <i>Prerequisite: EIGT1126</i> The aesthetics of type and image remains the most widespread media for graphic designers. Virtually all aspects of the printed word and image are investigated and considered. The class focuses on the process by which communication ideas are developed, edited, and presented. Projects include magazine, newsletter, brochure, poster and financial/annual report design with an emphasis on layout, typography and image.	M	40	15	4.5
EIGT1348	Computer Graphics III <i>Prerequisite: EIGT1234</i> Computer Graphics III introduces QuarkXPress, along with continuing study into Photoshop, InDesign, and Illustrator. Layering, masking, and collage techniques are explored. Projects progressively build skills and teach how to integrate software for a professional-quality finished product.	M	40	60	6
EIGT1354	Color Theory <i>Prerequisite: EIGT1234</i> This course is a study of color beginning with the color theories of Munsell, Albers, and others. Exercises to develop a sensitivity to color phenomena and color characteristics are studied. Mixing and matching of pigmented color as well as other sources of color are explored. Emphasis is placed on color as a tool for use in RGB and CMYK color applications for the graphic designer.	M	40	60	6
EIGT1356	Photography & Digital Imaging <i>Prerequisite: EIGT1234</i> This course is an introduction to photography as a creative medium. An exploration of the technical issues related to camera operation, control of light, lenses, film/recording and digital scanning will be emphasized. In addition to learning technical skills, the focus of the course will be devoted to the wide variety of creative image making strategies employed by photographers over the past 180 years using digital methods. A portion of this course will include the use of Photoshop as an image manipulation tool.	M	40	60	6

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
EIGT1460	Environmental & Package Design <i>Prerequisite: EIGT1240</i> In this course students will use the environmental sign to explore the aesthetics of sign and symbol. Students will explore and create applications in 2D and 3D environmental and exhibition design with an emphasis on effective communication. Package design will begin with an analysis of contemporary packaging and address the functional and aesthetic requirement of 3D package design. Production / technical requirements are also examined. Students will explore the creative potential for application of a diverse range of mediums and materials. An emphasis will be placed on function and craft (execution).	M	40	60	6
EIGT1465	Corporate Identity Design <i>Prerequisite: EIGT1230</i> In this course students will examine and analyze existing identity and explore the history of corporate identity. Branding strategy will be studied as it relates to identity. Students will create identity revision/updates and create new identity systems based on specific branding requirements. Students will examine current identity requirements and will write a graphic standards and application manual for identity designs they create. An emphasis will be placed on use of appropriate typographic qualities, shape/form, color and integration of these elements.	M	40	60	6
EIGT1485	Web Design I <i>Prerequisite: EIGT1348</i> Beginning web skills include site planning fundamentals, content organization, and visual evaluation of web design. Students will research and explore the unique qualities that make a web site efficient, functional and visually appealing. Students are introduced to basic animation skills with Flash.	M	40	60	6
EIGT2567	Web Design II <i>Prerequisite: EIGT1485</i> Web Design II introduces the development of actual web sites. Fundamental skills include project planning and management, content organization, visual design approach and navigation. Emphasis is placed on using functional methods that meet clear and concise application and technical requirements.	M	40	60	6
EIGT2575	Graphic Design Portfolio I <i>Prerequisite: Program Permission.</i> In this course students will begin to explore on an individualized basis the development of a personal portfolio with an emphasis on demonstration of typographic, layout and image making skills. Portfolio development will focus on self promotion and development of a full ad campaign. This portfolio will use all the skills and knowledge acquired in the previous four quarters.	M	40	105	7.5
EIGT2585	Print Reproduction Processes <i>Prerequisite: EIGT1348</i> In this course students learn the fundamental processes and standard technical requirements used in the graphic arts industry. Beginning with prepress requirements, digital requirements, film output, platemaking, presses, paper, bindery and finishing and ancillary production issues, students will learn how the graphic arts industry functions and how to establish a professional working relationship with the industry. In addition to lecture and research, students will take field trips to multiple industry work sites to observe the variety of processes that exist within the graphic arts industry.	M	40	15	4.5
EIGT2662	Web Design III <i>Prerequisite: EIGT2567</i> Students will focus attention on producing a visually compelling and skillfully created portfolio website for presenting themselves, and their work, to prospective employers. Each site must be fully functional and posted. The successful creation of a personal graphic design web site is a requirement for graduation.	M	40	60	6
EIGT2664	Graphic Design Portfolio II <i>Prerequisite: EIGT2575</i> In this course students will on an individualized basis complete the development of a personal portfolio with an emphasis on demonstration of typographic, layout and image making skills. Portfolio development will focus on self promotion and development of a second full ad campaign. Along with completion of a portfolio, a personal sales/marketing presentation kit and resume will be required.	M	40	120	8
EIGT2800	Graphic Design Internship <i>Prerequisite: Program Permission.</i> Practical graphic design work experience for the development of marketable employment skills. The course is under the guidance of the graphic design faculty.	M	-	80	2
EIGT2999	Directed Independent Study in Graphic Design <i>Must have permission of instructor and division dean.</i> Credit hours vary.	M	-	-	1-5

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ELEC • ELECTRICAL & ELECTROMECHANICAL TECHNOLOGY AND ELECTRONIC SYSTEMS TECHNOLOGY					
ELEC1129 DC Electronics		L/M	60	60	8
<i>Prerequisite:</i> MATH0950. Basic electrical concepts, Ohm's Law, Kirchhoff's laws; series, parallel, and combination circuits. Magnetism and an introduction to inductors and capacitors are also covered. Familiarization with VOM, oscilloscope, power supply and other basic lab equipment.					
ELEC1131 DC Principles		M	100	100	13
<i>Prerequisite:</i> MATH0950. Basic electrical concepts, Ohm's Law, Kirchhoff's laws; series, parallel, and combination circuits. Magnetism and an introduction to inductors and capacitors are also covered. Familiarization with VOM, oscilloscope, power supply and other basic lab equipment.					
ELEC1217 AC Principles		M	100	100	13
<i>Prerequisites:</i> ELEC1131 and MATH1050. AC circuits containing resistors, inductors, and capacitors in series and parallel combinations, including resonant and nonresonant circuits. Single phase transformers, rectification and filtering. Uses of oscilloscope and familiarization with function generator, frequency counter, and DMM.					
ELEC1219 AC Electronics		L/M	60	60	8
<i>Prerequisite(s):</i> ELEC1129 and MATH1050. AC circuits containing resistors, inductors, and capacitors in series and parallel combinations, including resonant and non-resonant circuits; single phase transformers, rectification and filtering. Uses of oscilloscope and familiarization with function generator, frequency counter, and DMM.					
ELEC1227 Digital Circuits		L/M	40	40	5
<i>Prerequisite:</i> ELEC1129. Truth tables, Boolean algebra and number systems to explain the operation of AND, OR, and INVERTER functions. Flip-flop registers and arithmetic operations. Lab work includes wiring of pre-designed circuits using ICs.					
ELEC1317 Active Devices		L/M	60	60	8
<i>Prerequisite:</i> ELEC1219. Introduction to diodes, transistors, FETs, SCRs and TRIACs which make up complete electronic circuits. Device analysis, basic circuit design, and common troubleshooting practice for these devices.					
ELEC1336 CAD & Electrical Estimating		M	20	30	3
<i>Corequisite:</i> ELEC1365. Introduction to computer based drafting systems for electrical applications followed by the design of electrical distribution system and computerized cost estimating.					
ELEC1337 Sketching & CAD		M	20	30	3
Electromechanical students will learn the fundamentals of freehand sketching and computer based drafting for maintenance purposes.					
ELEC1344 Motor Controls		M	20	30	3
<i>Prerequisite:</i> ELEC1217. Practices in the operation, application, wiring, and troubleshooting of AC electrical control systems.					
ELEC1356 Fluid Power		M	60	40	7
<i>Prerequisite:</i> MATH1050. Study of fluid power (hydraulic and pneumatic) systems. Circuitry and various components, their design, operation, application, and maintenance.					
ELEC1362 Electronic Drafting		L/M	5	20	1
Introduction to computer based drafting, circuit simulation, and PCB layout software for electronics applications. The software will include Capture, Multisim, and Visio.					
ELEC1365 Residential & Commercial Wiring		M	150	100	18
<i>Prerequisite:</i> ELEC1217. Practical experience in the construction of residential wiring systems. Design, layout and estimating of a residential electrical system based on the National Electrical Code (NEC).					
ELEC1376 Welding		M	20	30	3
Fundamentals of oxyacetylene equipment, OA cutting, brazing, and silver soldering. Arc welding theory and lab practice with emphasis on maintenance welding. Safe operation of equipment and application emphasized.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ELEC1422 Analog Circuits		L/M	60	60	8
<i>Prerequisite:</i> ELEC1317. Theory and lab experience in design, testing, troubleshooting, and repair of multistage, small signal and power amplifiers using discrete and integrated circuitry for linear amplifier and oscillator applications. Principles of audio, IF and RF amplifiers are addressed.					
ELEC1432 Power Supply Systems		L/M	25	25	3
<i>Prerequisite:</i> ELEC1317. Operational theory of voltage regulating supplies and related system components. Troubleshooting techniques and test specifications will be covered and reinforced through lab applications.					
ELEC1436 Power Transmission & Lubricants		M	50	-	5
<i>Prerequisites:</i> MACH1121 and MFGT1456. Fundamentals of power transmission equipment including belt drives, chain drives, couplings, bearings, lubrication, and open and enclosed gearing.					
ELEC1446 Industrial Machines & Mechanical Systems		M	60	40	7
<i>Prerequisites:</i> ELEC1356, ELEC1376, ELEC1337, MACH1121, and MFGT1456. Troubleshooting and repair of mechanical equipment. Bending, installing conduits, and repair of clutches and brakes.					
ELEC1464 Transformers, Three-Phase System		M	60	40	7
<i>Prerequisite:</i> ELEC1217. Study of transformers including three-phase use with balanced and unbalanced loads. Wiring techniques and performance characteristics of one-phase motors.					
ELEC1474 Predictive Maintenance Principles		M	40	10	4
<i>Prerequisite:</i> ELEC1217. Orientation, planning, and practical application of setting up a predictive maintenance program for inspection, testing, cleaning, fabricating, and adjusting of equipment.					
ELEC1482 Advanced Digital Circuits		L/M	40	40	5
<i>Prerequisite:</i> ELEC1227. Digital registers, counters, multiplexers, demultiplexers, encoders, decoders, arithmetic logic circuits, AD and DA conversion, and memory. Lab work includes circuit construction and measurement.					
ELEC1495 Industrial Wiring		M	100	100	13
<i>Prerequisite:</i> ELEC1365. Study of the construction of electrical systems used in the industrial and commercial areas. Circuitry required in lighting, controller systems, power distribution (overhead), and service entrance for electrical systems of public and commercial buildings. Study of the National Electrical Code for industrial wiring.					
ELEC2099 Military Service Electronics Training		-	-	30-60	
Composite Electronics Technician training and experience received at US Government Armed Forces military training centers and deployment sites. SCC does not offer this course at their facilities. Credit depends on transcript.					
ELEC2519 Communications Systems		L/M	50	30	6
<i>Prerequisites:</i> ELEC1422, ELEC1432, ELEC1482. Introduction to voice communication principles in electronics. Public and private telephone systems are described including local loops, PBX and long distance techniques. Telephone transmission, switching and signaling systems are covered. T1, T3, FDM, TDM, ISDN, DSL explained. Students are introduced to AM modulation techniques. Super heterodyne receiver principles are introduced.					
ELEC2530 Microprocessor Applications		L/M	50	30	6
<i>Prerequisite:</i> ELEC1482. Introductory course covering instruction set, bus structures, memory and I/O techniques for microprocessor and microcontroller based systems. Assembly language programming techniques and concepts will be applied using an Integrated Development Environment.					
ELEC2534 Programmable Logic Controllers I		M	50	25	5.5
<i>Prerequisite:</i> ELEC1344. <i>Corequisite:</i> ELEC2564. An introduction to Logic functions and the Programmable Logic Controller (PLC).					
ELEC2546 Electrical Machine Controls		M	25	25	3
<i>Prerequisite:</i> ELEC1344. Continuation of Industrial Machines & Mechanical Systems with more emphasis on design, troubleshooting and repair of electrical circuits.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ELEC2555	Industrial Communications & Alarm Systems	M	25	25	3
Installation and maintenance of data communications systems, security/fire alarm systems, and telephone systems.					
ELEC2560	Wi-Fi and RF Transmission Systems	L/M	30	20	3.5
<i>Prerequisite:</i> ELEC1219. Physical and electrical characteristics of antennas and transmission lines. Antennas of various types including Wi-Fi, directional, non-directional and isotropic are described. Marconi and Hertz antennas described in detail. Electromagnetic wave propagation explained. Transmission lines described include copper, fiber optic and waveguides. Radio frequencies from 30Khz through microwave are discussed.					
ELEC2564	Industrial Electronics	M	75	50	9
<i>Prerequisite:</i> ELEC1217. <i>Corequisite:</i> ELEC2534. Study of solid state components such as transistors, triacs, diacs, and SCR's.					
ELEC2570	Systems Troubleshooting	L/M	50	30	6
<i>Prerequisite:</i> ELEC2640. Introduction to the operational theory of audio systems and components. Test specifications, troubleshooting techniques will be covered and reinforced with lab applications. Video systems will be introduced. Basic troubleshooting techniques will be developed with lab projects.					
ELEC2614	Industrial Control Systems	M	100	50	12
<i>Prerequisites:</i> ELEC2534, ELEC2564. A study of open and closed loop control systems, AC, DC, and brushless DC motor drives used in industry. Systems including process control, servo systems, and Robotics. With hands on experience of installation, setup, and troubleshooting.					
ELEC2624	Programmable Logic Controllers II	M	100	100	13
<i>Prerequisites:</i> ELEC2534 and ELEC2564. Programming, wiring, and troubleshooting of Programmable Logic Controller (PLC).					
ELEC2640	Advanced Communications Systems	L/M	30	50	4.5
<i>Prerequisite:</i> ELEC2519. Study of SSB, FM, spread-spectrum modulation systems used in broadcast and two-way radios. Cellular telephone systems are explained. Home entertainment as well as broadcast systems used as examples of theory. Microwave communications are introduced. PLL (Phase-Locked Loops) circuits are included. Radio testing and alignment are performed in lab projects.					
ELEC2735	Advanced Microprocessor Applications	L/M	30	50	4.5
<i>Prerequisite:</i> ELEC2530. Advanced design, circuit construction, and troubleshooting of digital systems such as those encountered in computers, digital communications circuits, and other industrial control applications. Assembly language programming and hardware interfacing techniques will be covered for both microprocessor and microcontroller based systems.					
ELEC2750	Advanced Systems Troubleshooting	L/M	30	50	4.5
<i>Prerequisite:</i> ELEC2570. Security systems covered include video surveillance, access control and alarm systems. The analog and digital television broadcast systems will be explained and compared. NTSC, ATSC, DTV, DVD, Blu-ray, HD-DVD topics are included. Home entertainment equipment covered includes stereos, televisions and video recording equipment (analog, digital, DVR). Advanced troubleshooting techniques will be explored and practiced with lab projects.					
ELEC2753	PC Operating Systems & Hardware	M	55	35	6.5
<i>Prerequisite:</i> ELEC2530. Current operating systems will be discussed and compared. An emphasis will be placed on their application and their interaction with hardware.					
ELEC2755	Structured Programming for Electronic Technicians	L/M	30	45	4.5
<i>Prerequisite:</i> ELEC2530. Programming utilizing an object-oriented programming language. Specialized programming for electronic technicians with an emphasis on programming for industrial controls and computer networking applications.					
ELEC2760	Networking Infrastructure	L/M	35	35	4.5
Introductory course on networking infrastructure which includes switches, hubs, and routers. CCNA Exploration—Network Fundamentals course materials are utilized.					
ELEC2761	Router Implementation	L/M	30	40	4
<i>Prerequisite:</i> ELEC2760. Introductory course on networking infrastructure which includes switches, hubs, and routers. CCNA Exploration—Routing Protocols and Concepts course materials are utilized.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ELEC2823	Network Operating Systems & Administration	M	70	60	9
<i>Prerequisites:</i> ELEC2753, ELEC2760. Study of current network operating systems and applications installation, configuration and management, including Linux, Windows platforms and Novell Netware. Windows 2000 Server architecture will be studied in detail.					
ELEC2853	Hydraulics & Pneumatics	M	25	-	2.5
<i>Prerequisite:</i> ELEC1219. Study of fluid power (hydraulic and pneumatic) systems and devices. Circuitry and various components, their design, operation, and application.					
ELEC2860	LAN Switching and Wireless	L/M	30	40	4
<i>Prerequisite:</i> ELEC2760. This course focuses on the application and configuration of Switches, VLANs, STP, VTP and Wireless networking access points and NIC. CCNA Exploration – LAN Switching and Wireless course materials are utilized.					
ELEC2861	Wide Area Networking	L/M	30	40	4
<i>Prerequisites:</i> ELEC2761 and ELEC2860. This course focuses on the application and configuration of advanced network address management, Wide Area Network technologies and terminologies, and network management. CCNA Exploration—Accessing the WAN course materials are utilized.					
ELEC2863	PLCs in Automation Systems	M	40	85	6.5
<i>Prerequisite:</i> ELEC2672 or ELEC2735. Lecture and lab projects featuring an in-depth study of industrial process control technologies, practices, and procedures.					
ELEC2883	Robotics and Automation Systems	M	20	30	3
<i>Prerequisites:</i> ELEC2530. Lecture and lab projects featuring an in-depth study of industrial robotic systems and Smart Image Sensor technology. Programming and interfacing.					
ELET • CONSTRUCTION ELECTRICIAN – IBEW OPTION					
ELET1714	DC Circuits and Blueprint Reading		120	60	14
<i>Prerequisite:</i> Successful completion of SCC and IBEW entrance requirements. <i>Co-requisite:</i> ELET1715. A first course in electricity and electronics. Covers physical and electrical safety principles, DC electrical circuits, magnetism and blue print reading. Includes the interpretation and application selected articles of the National Electrical Code (NEC).					
ELET1715	Electrical Wiring Applications I		-	200	5
<i>Prerequisite:</i> Co-requisite in ELET1714. On the Job Training (OJT) to apply construction electrician principles covered in ELET1714.					
ELET1719	AC Circuits and Wire Sizing		120	60	14
<i>Prerequisite:</i> ELET1714. <i>Co-requisite:</i> ELET1720. Alternating Current (AC) circuits are analyzed. Proper use of test equipment is stressed during lab. Study of the NEC is continued. Wire sizing for branch circuits is discussed. Conduit bending is introduced.					
ELET1720	Electrical Wiring Applications II		-	200	5
<i>Co-requisite</i> ELET1719. On the Job Training (OJT) to apply construction electrician principles covered in ELET1719.					
ELET1724	Electronic Devices and Electrical Grounding		120	60	14
<i>Prerequisite:</i> ELET1719. <i>Co-requisite</i> ELET1725. Diodes, transistors, silicon controlled rectifiers, triacs, and other active devices used in amplifier and switching circuits. NEC article 250 is covered. Proper electrical system grounding is stressed. Electrical load calculations are introduced.					
ELET1725	Electrical Wiring Applications III		-	200	5
<i>Co-requisite</i> ELET1724. On the Job Training (OJT) to apply construction electrician principles covered in ELET1724.					
ELET1729	Logic Circuits and Electrical Motors		120	60	14
<i>Prerequisite:</i> ELET1724. <i>Co-requisite</i> ELET1730. Logic devices and functions such as AND, OR, NAND, NOR and Boolean algebra are introduced. General principles of AC and DC motors and their control are studied. Power factor and power quality are discussed.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ELET1730	Electrical Wiring Applications IV		-	200	5
<i>Co-requisite: ELET1729.</i>					
On the Job Training (OJT) to apply construction electrician principles covered in ELET1729.					
ELET1734	Process Controllers and Special Electrical Circuits		120	60	14
<i>Prerequisite: ELET1729. Co-requisite ELET1735.</i>					
Logic circuit input, output, timing and sequencing are studied. Programmable logic controllers (PLC's) are explored in theory and lab. Alarm and security systems, phone systems, air conditioning and other special control and instrumentation circuits are covered.					
ELET1735	Electrical Wiring Applications V		-	200	5
<i>Co-requisite ELET1734.</i>					
On the Job Training (OJT) to apply construction electrician principles covered in ELET1734.					

EMTL • EMERGENCY MEDICAL SERVICES

EMTL1242	First Responder Transition to EMT Basic	L	64	48	8
<i>Prerequisite: First Responder Certification, current AHA Healthcare Provider CPR or ARC Professional Rescuer CPR card.</i>					
This curriculum covers the material that is necessary for a student to progress from the level of Nebraska First Responder to Emergency Medical Technician Basic. This course is unique to Nebraska. It is adapted from the Department of Transportation EMT-B course and therefore uses Department of Transportation objectives.					
EMTL1265	First Responder	L	38	19	4
<i>Prerequisite: Minimum 18 years of age, high school diploma or GED.</i>					
Emergency procedures and skills appropriate for the first responder at medical emergency. Especially appropriate for rescue squad members, law enforcement and fire personnel and persons needing advance first aid skills.					
EMTL1301	EMT-Basic Part I	L	40	35	5
<i>Prerequisites: 18 years of age or older, or require special permission; have a current AHA Healthcare Provider CPR or ARC Professional Rescuer CPR card; Proof of current immunizations; and appropriate placement score or minimum passing grade of "P" in ENGL0850</i>					
This course is part one of the required course for any person seeking to become a Nebraska state-certified Emergency Medical Technician-Basic (EMT-B). The course is based on the Department of Transportation's (DOT) 1994 EMT-Basic curriculum. This course has been developed for individuals who desire to perform emergency medical care. The DOT EMT-Basic Curriculum is divided into seven modules. The material covered in this course includes the first 4 modules of the EMT-Basic Curriculum and also two of the State of Nebraska Optional Modules.					
<ul style="list-style-type: none"> • Module 1 – Preparatory • Module 2 – Airway Management • Module 3 – Patient Assessment • Module 4 – Medical Emergencies • Pulse Oximetry • Glucometer 					
EMTL1302	EMT-Basic Part II	L	35	50	5
<i>Prerequisite: EMT-Basic I, EMTL1301</i>					
This course is part two of the required course for any person seeking to become a Nebraska state-certified Emergency Medical Technician-Basic (EMT-B). The course is based on the Department of Transportation's (DOT) 1994 EMT-Basic curriculum. This course has been developed for individuals who desire to perform emergency medical care. The DOT EMT-Basic Curriculum is divided into seven modules. The material covered in this course includes the last 3 modules of the EMT-Basic Curriculum.					
<ul style="list-style-type: none"> • Module 5 – Trauma Emergencies • Module 6 – Infants and Children • Module 7 - Operations 					
EMTL1321	Introduction to Paramedicine	L	70	30	8
<i>Prerequisites: EMTL1301 (EMT-Basic I) & EMTL1302 (EMT-Basic II), BIOS1140 & BIOS1140L (Human Anatomy & Lab), BIOS2130 & BIOS 2130L (Human Physiology and Lab), and MEDA1101 (Medical Terminology I) or Equivalent courses: Appropriate placement score or minimum passing grade of "P" in ENGL0850, ENGL0950, and MATH0950</i>					
This course will present the foundations of paramedic practice as well as an introduction to pathophysiology, pharmacology, medication administration, and airway management and ventilation.					
EMTL1322	Advanced Pharmacology for the Paramedic	L	38	24	4.5
<i>Prerequisites: EMTL1321</i>					
This course will provide the student with a review of basic pharmacology and medication administration and a complete guide to the most common medications, their uses and dosages, used in prehospital emergency care.					

EMTL1323	Patient Assessment and Emergency Cardiac Care for the Paramedic	L	86	58	10.5
<i>Prerequisites: EMTL1322</i>					
This course will provide students with the cognitive and psychomotor skills of patient assessment, communications, documentation, and emergency cardiac care. Students will learn the appropriate assessment and management of patients suffering from cardiovascular emergencies.					
EMTL1324	Paramedic Practicum I	L	-	126	4
<i>Prerequisites: EMTL1322</i>					
This course includes 60 hours in the Emergency Department, 16 hours in the Operating Room and 50 hours in the field setting with various fire departments and ambulance services under the direct supervision of an approved field preceptor. This course is Part 1 of a 5 part series of clinical experiences that support the didactic elements of the paramedic courses.					
EMTL1325	Medical Emergencies for the Paramedic	L	83	53	10
<i>Prerequisites: EMTL1323</i>					
This course will introduce the students to the appropriate assessment and management of medical emergencies involving the following: pulmonology, neurology, endocrinology, allergies and anaphylaxis, gastroenterology, urology and nephrology, and toxicology and substance abuse, hematology, environmental emergencies, infectious diseases, psychiatric and behavioral disorders, gynecology, and obstetrics. The students will also learn how to manage neonatal and pediatric emergencies.					
EMTL1326	Paramedic Practicum II	L	-	126	4
<i>Prerequisites: EMTL1324</i>					
This course includes 60 hours in the Emergency Department, 16 hours in the Critical Care Unit (CCU), and 50 hours in the field setting with various fire departments and ambulance services under the direct supervision of an approved field preceptor. This course is Part 2 of a 5 part series of clinical experiences that support the didactic elements of the paramedic courses.					
EMTL1327	Traumatic Emergencies for the Paramedic	L	57	31	6.5
<i>Prerequisites: EMTL1325</i>					
This course will discuss trauma and trauma systems and introduce the students to the appropriate assessment and management of patients suffering from various traumatic emergencies.					
EMTL1328	Paramedic Practicum III	L	-	124	4
<i>Prerequisites: EMTL1326</i>					
This course includes 16 hours in Labor & Delivery, 4 hours in the Pediatric Intensive Care Unit (PICU), 16 hours in the Children's Emergency Department/Urgent Care, 8 hours in a psychiatric/behavioral unit, and 80 hours in the field setting with various fire departments and ambulance services under the direct supervision of an approved field preceptor. This course is Part 3 of a 5 part series of clinical experiences that support the didactic elements of the paramedic courses.					
EMTL1329	Special Considerations and Operations	L	38	26	4.5
<i>Prerequisites: EMTL1327</i>					
The students will also learn how to manage the following special situations: geriatric patients, abuse and assault, and the challenged patient. It will also discuss acute interventions for the chronic care patient. It will discuss special situations including hazardous materials incidents, medical incident command, and crime scene awareness. The course will also address how to recognize and respond to terrorist acts.					
EMTL1330	Paramedic Practicum IV	L	-	214	7
<i>Prerequisites: EMTL1328</i>					
This course includes 60 hours in the Emergency Department, 4 hours in the Burn Unit, and 150 hours in the field setting with various fire departments and ambulance services under the direct supervision of an approved field preceptor. This course is Part 4 of a 5 part series of clinical experiences that support the didactic elements of the paramedic courses.					
EMTL1331	Paramedic Special Certification Courses	L	32	32	4
<i>Prerequisites: EMTL1329</i>					
This course will include Advanced Cardiac Life Support (ACLS), Pediatric Advanced Life Support (PALS) or Pediatric Education for Prehospital Professionals (PEPP), PreHospital Trauma Life Support (PHTLS), and Advanced Medical Life Support (AMLS) as a review and in preparation for the National Registry examination.					
EMTL1332	Paramedic Field Practicum	L	-	300	10
<i>Prerequisites: EMTL1330</i>					
This course includes 300 hours in the field setting with various fire departments and ambulance services under the direct supervision of an approved field preceptor. It will require the student to act as a Team Leader for each emergency call. This course is Part 5 of a 5 part series of clinical experiences that support the didactic elements of the paramedic courses and is an integral part in the final evaluation process in the completion of the Paramedic Program.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ENGL • ENGLISH					
Placement in English courses will be determined by a placement examination. Your advisor will register you for the appropriate English course.					
ENGL0250	Spelling Improvement		B/L 15	-	1.5
Self-paced and individually programmed approach to improving the ability to spell. Students learn to analyze their particular difficulties with spelling and practice various methods to improve spelling and writing vocabulary. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0350	Vocabulary Foundations		L 30	-	3
This class is designed to help students build the essential vocabulary they will need for college-level classes and/or preparation for ENGL0850 Reading Strategies. This class uses programmed and individualized instruction. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0810	Grammar Review		B/L 15	-	1.5
Condensed course review of English grammar and usage. Parts of speech, management of the sentence in its various patterns, current usage, punctuation, capitalization, spelling, numbers, etc. ENGL0810 does not fulfill the composition requirement in any program. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0830	Reading Skills Tune-up		B 5	30	1.5
A developmental reading course to prepare students to succeed in college course work. Course work includes computer aided instruction and personal tutoring. Instructional time is arranged to accommodate students' class and work schedules. May be taken along with college courses not requiring high levels of reading skill. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0840	Language Skills Tune-up		B/L/M 5	30	1.5
A developmental course to upgrade students' language and writing skills to be successful in college courses. Includes computer aided instruction and personal tutoring. Instructional time is arranged to accommodate students' class and work schedules. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0845	Language Skills		B/L/M 30	-	3
This is the first course in a sequence designed to improve students' language and writing skills and prepare them to be successful in college courses. The course includes group and individualized instruction. Students must achieve appropriate level on assessment to advance to ENGL0950 Beginning Writing. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0850	Reading Strategies I		B/L/M 45	-	4.5
This class will develop the basic reading and study skills necessary for success in academic and vocational classes through traditional classroom activities as well as individualized, self-paced, computer-based instruction. Students will work toward the benchmark level of reading skill established by the College. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0880	Reading Strategies II		B/L/M 45	-	4.5
This class will further develop college-level reading and study skills necessary for success in academic and vocational classes through traditional classroom activities as well as individualized, self-paced, computer-based instruction. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0885	Advanced Reading Strategies		B/L/M 45	-	4.5
Prerequisite: Grade of "C" or better in ENGL0880 or instructor permission. This class will further develop the reading skills necessary for success in academic and vocational classes through traditional classroom activities as well as individualized, self-paced, computer-based instruction. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0890	Speed Reading		B/L 15	-	1.5
Individualized approach to learning speed reading strategies needed to succeed in college. Designed for students who need help improving reading speed and comprehension. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0950	Beginning Writing		B/L/M 45	-	4.5
Prerequisite: A grade of "C" or better in ENGL0840 or ENGL0845 or appropriate placement score. This course is designed to help students develop their writing skills. Within the context of their own essays, students learn how to improve the structure of their sentences and the expression of their ideas. The integration of thinking, reading, and writing is also emphasized. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
ENGL0980	Intermediate Writing		B/L 45	-	4.5
Prerequisite: Grade of "C" or better in ENGL0950 or appropriate placement score. A developmental English course which prepares students to succeed in college composition. ENGL0980 does not fulfill the composition requirement in any program. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL0990	Writing Supplement		L 15	-	1.5
Prerequisite: Grade of "C" or better in ENGL0980 or appropriate placement score. Offers students structured, individualized assistance with their writing. Instructional time is arranged to accommodate students' class and work schedules. Those who have completed developmental coursework or anyone who is currently enrolled in ENGL1010 Composition I and would like extra assistance may opt to take this course. This course does not fulfill any degree or transfer requirements. (NOTE: Credit is institutional credit and does not apply toward graduation or for transfer.)					
ENGL1000	Written Communications		B/L/M 45	-	4.5
Prerequisite: Grade of "C" or better in ENGL0980 or appropriate placement score. Study and practice of college composition with special emphasis on the professional world as a source of shared experience, of topics, and of models for expository writing.					
ENGL1010	Composition I		B/L/M 45	-	4.5
Prerequisite: Appropriate placement score OR grade of "C" or better in ENGL0980. ENGL1010 is designed to develop writing skills. Students write short papers and essays based upon their personal experience and/or assigned readings. The course emphasizes the clear written expression of ideas and importance of organization, word choice, logic, and sentence construction. The process of planning, writing, revising, and editing essays for a particular audience is also emphasized.					
ENGL1015	Composition and Literature		B/L/M 45	-	4.5
Prerequisite: Prerequisite: Appropriate placement score OR grade of "C" or better in ENGL0980. ENGL1015 focuses on the study and practice of college composition with special emphasis on literature as a source of shared experience, topics, and models for expository writing.					
ENGL1020	Composition II		B/L 45	-	4.5
Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or equivalent. Continuation of ENGL1010 with emphasis on the study of argumentation and library research techniques and their application.					
ENGL1510	Introduction to Creative Writing		B/L 45	-	4.5
Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor. Study and practice of the techniques of creative writing of both fiction and poetry.					
ENGL2050	Modern Fiction		B/L 45	-	4.5
Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor. Exploration of short fiction and novels from 1900 to the present. Consideration of major literary critical theories and trends through the study of both American and international authors.					
ENGL2100	Introduction to Literature		B/L 45	-	4.5
Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor. Introduction to the major genres and conventions associated with literature. Includes fiction, poetry, drama, and memoir. By employing critical reading/thinking skills and analytical and creative writing skills, students will understand literature more fully. Exposure to a range of authors representing a variety of cultural and ethnic backgrounds.					
ENGL2140	Introduction to Shakespeare		B/L 45	-	4.5
Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor. This course provides an introduction to the times and art of William Shakespeare through the study of a selection of major plays. Focus is placed on context of his time and society, themes that speak to a modern audience, and making Shakespeare's language accessible.					
ENGL2150	Introduction to Women's Literature		B/L 45	-	4.5
Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor. Introduction to various writing forms in English by women of diverse cultural, political, historical, and economic backgrounds from the 19th century to present.					

Course# □ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

ENGL2160 Children's Literature B/L 45 - 4.5
 □ (Cross-listed as EDUC2160) Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 Survey of the various genres of children's literature with an emphasis on methods of critically evaluating, analyzing, and sharing both traditional and recent selections.

ENGL2165 Adolescent Literature B/L 45 - 4.5
 □ (Cross-listed as EDUC2165) Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 Survey of the various genres of adolescent literature. Emphasis on methods of evaluating both traditional and recent selections and the inter/cross-disciplinary uses of young adult literature.

ENGL2440 African American Literature B/L 45 - 4.5
 □ Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 This course provides an introduction to African American poetry, short fiction, essays and autobiographical writings. With an emphasis on historical and social contexts, the course focuses on literature as a means for reseeing the past and, consequently, understanding the present.

ENGL2450 Native American Literature B/L 45 - 4.5
 □ Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 Introduction to the study of Native American prose, poetry, literature, oral tradition, and culture through reading, discussions, journals, writing.

ENGL2460 Latino/a & Latin American Literature B/L 45 - 4.5
 □ Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 A study of the relationships and parallel aspects between Latin American and Latino literature in the United States. The course provides a general chronological, and thematic introduction to verse, fiction, travels and memoirs written by Latin American writers and U.S. citizens of Latin American descent and their contribution to U.S. literature. Social, historical, and political backgrounds that have given rise to the literature are also emphasized along with an analysis of the literary techniques and motifs that authors employ in their aesthetic productions.

ENGL2470 Asian American Literature B/L 45 - 4.5
 □ Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 Introduction to literature by major Asian American authors studied in its historical and cultural context.

ENGL2520 Fiction Writing B/L 45 - 4.5
 □ Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 Designed to teach the fundamentals of writing fiction, both theory and application.

ENGL2530 Poetry Writing B/L 45 - 4.5
 □ Prerequisite: A grade of "C" or better in ENGL1010 or ENGL1015 or permission of instructor.
 Designed to teach the fundamentals of writing poetry, both theory and application.

ENGL2560 Technical Writing B/L 45 - 4.5
 □ Prerequisite: A grade of "C" or better in ENGL1010, or ENGL1015, equivalent, or permission of instructor.
 Methods of scientific and technical writing. Abstracts, manuals, reports, proposals, letters, memos and presentations.

ENGR • ENGINEERING

ENGR1010 Introduction to Engineering Design B/L 45 - 3
 Introduction to the engineering profession, engineering problem solving and engineering design with an emphasis on current topics. Course material will be presented using projects and group learning activities.

ENGR1020 MATLAB Programming and Problem Solving B/L 45 - 4.5
 This course is a 4.5 quarter hour, (three semester credit hour) computer programming course that teaches structured programming and problem solving using computers. The course consists of a sequence of programming assignments requiring students to write MATLAB problems to solve engineering problems.

ENGR2010 Introduction to Circuits and Electronics B/L 30 - 6
 This course is a 4.5 quarter hour course, (three semester credit hour) course in the basic analysis of passive and electronic circuits.

ENGR2020 Engineering Statics B/L 45 - 4.5
 This course is a 4.5 quarter hour course, (three semester credit hour) in basic engineering statics and is based on the existing UNL course ENGM 233 Engineering Statics.

-----------------------	-------	----------	----------------	--------------	-----------------

ENTR • ENTREPRENEURSHIP

ENTR1050 Introduction to Entrepreneurship B/L/M 45 - 4.5
 □ The student will evaluate the business skills and commitment necessary to successfully operate an entrepreneurial venture and review the challenges and rewards of entrepreneurship. The student will understand the role of entrepreneurial businesses in the United States and the impact on our national and global economy.

ENTR2040 Entrepreneurship Feasibility Study B/L/M 45 - 4.5
 □ Students will assess the viability of a new venture business idea to determine if the concept is feasible for business start up and long term growth based on strengths and skills, personal, professional and financial goals. Students will identify and analyze through basic research the present climate for their business idea by completing an industry, target market and competitive analysis. Students will assess the financial needs for startup as well as their own skills, strengths and talents to launch a successful business idea.

ENTR2050 Marketing for the Entrepreneur B/L/M 45 - 4.5
 □ In the course, the student will gain insights essential for marketing their entrepreneurial venture utilizing innovative and financially responsible marketing strategies. Students will develop an understanding of traditional and non-traditional entrepreneurial marketing strategies. Prepare marketing strategies with associated tactics to launch and sustain an entrepreneurial venture

ENTR2060 Entrepreneurship Legal Issues B/L/M 45 - 4.5
 □ Prerequisite(s): Business Law I recommended
 The student will explore legal issues related to business entities including sole proprietorship, general partnerships, limited partnerships and corporations. Students will review contract law, articles of incorporations and the filing process, employment law (including FEPA, ADA, FMLA), personnel policies and procedures, the hiring process, job descriptions, disciplinary actions, and business insurance.

ENTR2070 Entrepreneurship Financial Topics B/L/M 45 - 4.5
 □ Prerequisite(s): OFFT1310 or ACCT1200 recommended
 This is a comprehensive course covering financial situations for business. Financial topics will include employee benefits, retirement planning, budgeting, creation of financial statements, and learning how to work with an accounting professional. Other topics will include income tax, sales and use tax, payroll tax, and unemployment tax.

ENTR2090 Entrepreneurship Business Plan B/L/M 45 - 4.5
 □ Prerequisites: ENTR1050 & ENTR2040.
 The student will evaluate a business concept and write a sound business plan. Students will assess the strengths and weaknesses of a business concept; collect, analyze and organize market research data into a marketing plan; and prepare the financial projections for their business concept. Students will identify and evaluate various resources available for funding small businesses.

ESLX • ENGLISH AS A SECOND LANGUAGE

ESLX0810 Introduction to College Writing L 60 - 6
 □ Prerequisite: Successful completion of ESL Level 8, ESLX1443 or ESL Advanced Placement test, MTELP.
 A developmental ESL course which helps students build on their foundation of grammar structures, sentence patterns and vocabulary while developing basic writing skills.

ESLX0830 Introduction to College Writing II L 60 - 6
 □ Prerequisites: ESLX0810 or ESL Advanced Placement test, MTELP.
 A developmental ESL course which helps students develop more complex sentence structures and vocabulary. Further develops basic writing skills.

FIRE • FIRE PROTECTION TECHNOLOGY

FIRE1100 Principles of Emergency Services L 45 - 4.5
 Provides an overview to fire protection; career opportunities in fire protection and related fields; philosophy and history of fire protection/service; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire strategy and tactics.

FIRE1111 Fire Administration I L 4.5 - 4.5
 □ Prerequisite: FIRE1249 or Firefighter II certificate
 Introduces the student to the organization and management of a fire department and the relationship of government agencies to the fire service. Emphasis on fire service leadership from the perspective of the company officer.

SOUTHEAST Community College - Nebraska

COURSE DESCRIPTIONS

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
FIRE1113	Instructor I	L	45	-	4.5
<i>Prerequisite: FIRE1249 or Firefighter II certificate</i>					
Principles, procedures and techniques for teaching. Formulating objectives, making lesson plans and conducting a class. Students who pass this class will be eligible to take the Nebraska Firefighter Instructor I Certification test. This class prepares the student to meet the requirements of Fire Service Instructor I per NFPA 1041 Standard for Fire Service Instructor Professional Qualifications.					
FIRE1116	Fire Officer IA	L	30	-	3
<i>Prerequisite: FIRE1113 or FIRE1115, and FIRE1249 or permission.</i>					
Development of the company level officer charged with the responsibility of commanding an initial response to an incident. Managing/supervising the numerous aspects associated with the daily operations of a fire service organization. Some sections available to members of the Lincoln Fire Department only. This class prepares the student to meet the requirements of Fire Officer I per NFPA 1021 Standard for Fire Officer Professional Qualifications. FIRE1116 and FIRE1118 are required to meet NFPA1021.					
FIRE1118	Fire Officer IB	L	30	-	3
<i>Prerequisite: FIRE1116</i>					
Development of the company level officer charged with the responsibility of commanding an initial response to an incident. Managing/supervising the numerous aspects associated with the daily operations of a fire service organization. Some sections available to members of the Lincoln Fire Department only. This class prepares the student to meet the requirements of Fire Officer I per NFPA 1021 Standard for Fire Officer Professional Qualifications. FIRE1116 and FIRE1118 are required to meet NFPA1021.					
FIRE1119	Fire Officer II	L	40	-	4
<i>Prerequisite: FIRE1117, FIRE1118, or Fire Officer I Certification.</i>					
Administrative and operational aspects associated with the daily routine of a mid-level company officer/supervisor. Addresses many of the highly specialized and complex/technical issues confronted by a first-line to mid-level supervisor during a normal tour of duty. Provides an awareness / exposure to the inner workings and dynamics of a typical fire service organization. Some sections available to members of the Lincoln Fire Department only. This class prepares the student to meet the requirements of Fire Officer II per NFPA 1021 Standard for Fire Officer Professional Qualifications.					
FIRE1120	Building Construction	L	45	-	4.5
<i>Prerequisite: FIRE1247 or Firefighter I</i>					
Study of building construction and design, and their relationship to fire protection. Expectations if specific type of building construction is involved in a fire.					
FIRE1123	Public Fire and Life Safety Educator	L	45	-	4.5
Introduction to the coordination and delivery of public fire and life safety education presentations. Prepares students to meet the requirements of Public Fire and Life Safety Educator I per NFPA 1035 Standard for Professional Qualifications for Public Fire and Life Safety Educator.					
FIRE1131	Fire Protection Hydraulics	L	72	8	7
<i>Prerequisite: FIRE1247 or Firefighter I certificate</i>					
Basic hydraulic laws and formulas applied to the fire service. Enables student to apply calculations to water supply problems, and relate this information to practical field applications.					
FIRE1135	Fire Apparatus Driver Operator	L	30	45	4.5
<i>Prerequisite: FIRE1249 or Firefighter II certificate; and FIRE 1131</i>					
Information and skills for the technical, practical apparatus pumping, and driving requirements for fire emergency vehicles. Driving topics include state code requirements for emergency vehicles, fire apparatus specifications and design, construction features, performance factors, basic inspection and maintenance of fire apparatus, and driving and placement exercises of pumpers. Pumping topics include fire apparatus pumping specifications, testing, design and construction features, performance factors, and field hydraulics.					
FIRE1241	Introduction to Fire Investigation	L	45	-	4.5
<i>Prerequisite: FIRE1247 or Firefighter I certificate</i>					
Importance of fire-cause investigation to the fire service, the firefighter's role in detecting and preserving evidence. Methods used to determine fire origin.					
FIRE1245	Fire Inspector I	L	45	-	4.5
Introduction to NFPA 1 Uniform Fire Code and NFPA 101 Life Safety Code. Covers the history of codes, the need for codes and how to use the code book. This class prepares the student to meet the requirements of Inspector I per NFPA 1031 Standard for Professional Qualifications for Fire Inspection.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
FIRE1247	Firefighter I	L	90	90	12
<i>Prerequisites: Completion ENGL0980 or equivalent placement score; Completion of FIRE1100 or equivalent; and completion of MATH0950 or equivalent placement score.</i>					
Information and skills to perform basic fire fighting functions on the fire ground. Upon completion, students are eligible to take the Nebraska State Firefighter I Certification Test. This class prepares the student to meet the requirements of Firefighter I per NFPA 1001 Standard for Fire Fighter Professional Qualifications and Hazardous Materials First Responder Operations per NFPA 472 Standard for Responders to Hazardous Materials Incidents.					
FIRE1249	Firefighter II	L	35	45	5
<i>Prerequisite: FIRE1247 or Firefighter I Certification.</i>					
Course builds on Firefighter I information including techniques and methods of essential and advanced fire ground tasks. This class prepares the student to meet the requirements of Firefighter II per NFPA 1001 Standard for Fire Fighter Professional Qualifications.					
FIRE2251	Hazardous Materials Technician	L	50	30	6
<i>Prerequisite: FIRE1249 or Hazardous Materials Operations certification</i>					
Prepares students to meet the requirements of Hazardous Materials Technician per NFPA 472, standard for Responders to Hazardous Materials Incidents and the United States Department of Occupational Safety and Health Administration.					
FIRE2252	Fire Detection & Suppression Systems	L	45	-	4.5
Provides information relating to the features of design and operation of building fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers. Addresses requirements of automatic sprinkler systems, standpipe systems and fire pumps.					
FIRE2262	Firefighting Operations	L	25	60	4.5
<i>Prerequisite: FIRE1249 or Firefighter II certificate</i>					
Applies Firefighter I and II skills to fireground company operations. Includes flammable gas fire fighting, vehicle fire fighting, interior and exterior structural fire fighting, flat roof ventilation, pitched roof ventilation, hose lays, search and rescue operations, and self-rescue techniques.					
FIRE2263	Firefighter Safety and Survival	L	45	-	4.5
<i>Prerequisite: FIRE1247 or Firefighter I certificate</i>					
Course that provides awareness of firefighter survival needs along with the hands-on training to conduct self-rescue and work as a member of a rapid intervention team.					
FIRE2265	Firefighting Strategy and Tactics	L	45	-	4.5
<i>Prerequisite: FIRE1249 or Firefighter II certificate</i>					
Provides an in-depth analysis of the principles of fire control through utilization of personnel, equipment, and extinguishing agents on the fire ground. Addresses decision making and actions necessary to achieve life safety, incident stabilization and property conservation goals in a safe and effective manner.					
FIRE2999	Individual Special Projects	L	10	60	3
<i>Prerequisite: Program chair approval.</i>					
Study of selected topic in fire protection technology by doing additional research and development in an area of interest.					

FSDT • FOOD SERVICE/HOSPITALITY

FSDT1100	Introduction to the Food Service/Hospitality Industry	L	15	-	1.5
<i>Corequisites: FSDT1104 and 1105.</i>					
Career options, mission statements and the professional organizations associated with the industry. Guest speakers will share their experiences. Course will include work simplification techniques, history of the industry, social issues and other career related topics.					
FSDT1102	Sanitation & Safety	L	30	45	4.5
Lecture will focus on sanitation as it relates to the food service industry. Covers microbiology of foodborne illnesses, their causes and preventative measure; personal hygiene in food service; establishing a food safety system, such as HACCP; creating a clean and sanitary facility; safety practices; and overall sanitation management. Students will complete projects/assignments relating to foodborne illnesses, HACCP, cleanliness, sanitation of equipment, and developing an inservice of a sanitation topic.					
FSDT1104	Quantity Food Preparation I	L	20	-	2
Basic food service/preparation food science. Standardized recipes, terminology, weights and measures, identification of small utensils and preparation. Science of foods: stocks, sauces, soups, meats, poultry, fish and vegetables.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
FSDT1105	Quantity Food Preparation I Lab	L	-	60	2
<i>Corequisites: FSDT1102 and FSDT1104 or with special permission.</i> Learning basic cooking skills and techniques, stocks, soups, sauces, meat, poultry and fish cookery, making food for basic food preparation techniques and prepare products in quantity to sell as take-home products to customers.					
FSDT1108	Food Service Concepts	L	15	-	1.5
Introduction to types of food service operations and employment opportunities. Field trips and guest speakers.					
FSDT1110	Quantity Food Preparation II	L	20	-	2
<i>Prerequisite: FSDT1102.</i> Science of foods: baking techniques, garnishing, starches, quick breads, pastry, cakes, cookies, yeast breads, garnishing, and starches.					
FSDT1111	Quantity Food Preparation II Lab	L	-	60	2
<i>Prerequisites: FSDT1102, FSDT1104 and FSDT1105. Corequisite: FSDT1110 or with special permission.</i> Quantity production for all bakery items, made in quantity, sold in the cafeteria or as take-home items. Continuation of principles learned in FSDT1105 with increased application of work improvement techniques.					
FSDT1114	Meal Service I	L	15	-	1.5
A study of the server's job, types of establishments, and different types of service, including French, Russian, English, American, Banquet, Family-Style, Buffets, and more. Current issues such as embracing diversity, preventing harassment and maintaining a good work place environment, taking reservation, preparing the dining room, greeting and serving the guests to presentation of the check and how to troubleshoot potential problems.					
FSDT1115	Meal Service I Lab	L	-	15	.5
Serving dinners/luncheons for Food Production II, catering events, and utilizing public relation skills.					
FSDT1118	Food Purchasing	L	40	-	4
<i>Prerequisites: FSDT1104, FSDT1110 or related work experience. Corequisite: FSDT1119.</i> Study of quantity purchasing of fresh fruits and vegetables, dairy products, cereal products, fish, poultry, meat, convenience foods, beverages. Pricing of all food products and recipes.					
FSDT1119	Food Purchasing Practices	L	15	-	1.5
<i>Prerequisites: FSDT1104, FSDT1110 or related work experience. Taken simultaneously with FSDT1118.</i> Awareness of quantity food purchasing including field trips to various purveyors and speakers.					
FSDT1122	Beverage Selection & Management	L	20	-	2
Instruction given in responsible alcohol service techniques and to enhance the knowledge of liquor laws. Discussion on how to taste or drink wine, food with wine, proper maintenance of wine, different varietals, production of wine, beer and spirits, maintenance of alcohol inventories, cost control and profitability.					
FSDT1126	Food Production I	L	30	-	3
<i>Prerequisites: FSDT1104, FSDT1105, FSDT1110, FSDT1111, FSDT1118 and FSDT1119.</i> Course work in menu planning, menu DESCRIPTIONS, recipe writing, waste studies, portion and production controls, forecasting, and pricing. Preparation for Food Production II.					
FSDT1127	Food Production I Lab	L	-	60	2
<i>Prerequisites: FSDT1102, FSDT1104, FSDT1105, FSDT1110, FSDT1111, FSDT1118 and FSDT1119. Corequisite: FSDT1126.</i> Applying principles of management function, including menu planning, inventory, purchasing, forecasting, pricing, marketing, cashiering, and food sales for the cafeteria production.					
FSDT1130	Food Service Strategies	L	30	-	3
Application of management principles to food service operations, regulations governing the operation of a food service establishment and role and function of a leader in food service.					
FSDT1131	Food Service Strategies Lab	L	-	45	1.5
<i>Co-requisite: FSDT1130.</i> Application of management techniques including orientation, job descriptions and schedules, evaluations, marketing techniques and other management related principles.					
FSDT1138	Food Cost Control	L	40	-	4
Application of accounting and record keeping. Teaches the necessity of controlling costs in all facets of an operation. Overview of food, beverage and labor control. Detailed look at food costs, controlling operation and sales. Operation costs and sales, discussion of labor cost control.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
FSDT1150	Selection of Meat Products	L	30	-	3
Coursework in identification, selection and cooking techniques of primal and retail cuts of meat, poultry, and fish.					
FSDT1204	Artistry for Baker	L	10	20	1.5
Cake decorating using basic techniques, butter-cream frosting and royal icing.					
FSDT1208	Advanced Food Preparation I	L	20	-	2
<i>Prerequisite: FSDT1104.</i> Knife skills, sharpening, techniques, French terminology, herb and spice identification, garnish, fabrication of poultry, game, seafood, cheese classification, and origins, mother sauces, soups, ice sculpturing, tableside cooking.					
FSDT1209	Advanced Food Preparation I Lab	L	-	30	1
<i>Prerequisite: FSDT1104. Corequisite: FSDT1208.</i> Practice in preparation of specialty food products.					
FSDT1214	Advanced Food Preparation II	L	20	-	2
<i>Prerequisites: FSDT1104, and FSDT1208 or related work experience.</i> Beef identification, moist/dry heat and combination cooking. Derivative sauces, pan sauces, vegetables, starch and grains, liquors origins and flavors, egg and breakfast cookery, braising and stewing, mystery baskets.					
FSDT1215	Advanced Food Preparation II Lab	L	-	30	1
<i>Prerequisites: FSDT1104, FSDT1110, and FSDT1208. Corequisite: FSDT1214.</i> Advanced practicum preparation of specialty food products.					
FSDT1304	Diet Therapy I	L	15	-	1.5
Introduction to diet therapy and its importance. Includes introduction to communication in counseling, role of diet histories, basic therapeutic diets, supplemental nutrition, and nutritional screening.					
FSDT1305	Diet Therapy I Practicum	L	-	15	.5
Introduction of basic principles of diet therapy, nutrition screening, community-based food and nutrition, menu modification skills, developing and modifying menus.					
FSDT1308	Nutrition II	L	30	-	3
<i>Prerequisite: FSDT1350.</i> Study of the chemistry of carbohydrate, protein, fat, vitamins and minerals, their digestion and absorption, and the relationship of food to development and maintenance of health; nutrition in pregnancy, infancy, preschool age, adolescence, elderly, and school lunch nutrition.					
FSDT1309	Nutrition II Practicum	L	-	30	1
<i>Prerequisite: FSDT1350. Corequisite: FSDT1308 or special permission.</i> Application of nutrition to normal, healthy individuals of various age groups. Conduct screening of nutritional status of community groups and become aware of community services. Hands-on practicum at local school food service sites, including elementary and secondary schools.					
FSDT1312	Diet Therapy II	L	20	-	2
<i>Prerequisites: FSDT1350, FSDT1304, FSDT1308.</i> Continuation of Diet Therapy I emphasizing therapeutic nutrition, techniques of the patient interview and diet history, nutrition screening, enteral and parenteral nutrition, and dietary concerns related to obesity, diabetes, surgery, and trauma and burns.					
FSDT1313	Diet Therapy II Practicum	L	-	30	1
<i>Prerequisite: FSDT1304. Co-requisite: FSDT1312.</i> Patient interview, diet history, nutrition screening, meal-intake recording, medical records interpretation, team approach to medical nutrition therapy, enteral and parenteral feedings. Emphasis on long-term care facilities.					
FSDT1350	Basic Nutrition	B/L	45	-	4.5
The study of nutrients, digestion, absorption, metabolism, fitness, consumer concerns, food safety, nutrition throughout the life cycle, including cultural influences on food selection. The relation of nutrition in relation to disease is explored.					
FSDT1360	Lifetime Fitness	L	20	-	2
Study of lifetime physical fitness and wellness relating to fitness components, nutrition, physical conditioning, stress management and behavior modification. Pre-assessment to determine entrance level of student.					
FSDT1404	Lodging and the Hospitality Industry	L	30	-	3
Principles and fundamentals of the lodging industry: characteristics and management of hotel / motel / resort properties.					
FSDT1406	Tourism and the Hospitality Industry	L	30	-	3
The components, costs, analysis of economic and social influences on the local, regional and national level in the tourism industry. Special consideration is given to the relationship of tourism and the supportive restaurant and lodging industries.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
FSDT1870	Sanitation & Safety	L	15	-	1.5
■	Sanitation in the food industry. Microbiology, sanitary food handling and storage, personal health and hygiene, housekeeping, pest control, HACCP food safety program, and safety procedures. Prerequisite for all labs.				
FSDT1872	Food Preparation Techniques	L	12	-	1
■	Describes effect of cooking on fruits and vegetables, portion costs, meat cookery, bakery processes, convenience foods, production forecasting, and standardized recipes. Prerequisite for all labs.				
FSDT1876	Introduction to Food Service	L	12	-	1
■	Overview of types of food service operations and jobs; advantages of employment in the food service profession; and national and state agencies and laws governing food service operations.				
FSDT1879	Protein & Starch Cookery Lab	L	6	6	.5
■	Includes course work and laboratory experience in selection and preparation of high protein foods.				
FSDT1881	Yeast Breads & Quick Breads Lab	L	5	4	.5
■	Includes course work and laboratory experience in quality preparation of bread products.				
FSDT1883	Fruits, Vegetables & Salads Lab	L	4	3	.5
■	Includes course work and laboratory experience in preparation techniques for retaining quality and nutritional value of fruits, vegetables and salads.				
FSDT1885	Desserts Lab	L	5	4	.5
■	Includes course work and laboratory experience in quantity preparation of desserts.				
FSDT1886	Basic Nutrition & Menu Planning	L	21	-	2
■	Covers food nutrients, their functions, food sources and their relationship to the maintenance of health through the life cycle. The factors affecting menu planning and a systematic method for planning nutritious and appealing meals.				
FSDT1887	School Food Service	L	10	-	1
■	Describes the planning of meals to meet the requirements of USDA school meal patterns, and the involvement of food service personnel in nutritional education.				
FSDT1888	Principles of Diet Therapy & Nutritional Assessment	L	21	-	2
■	Focus on the study of modified diets to meet special health needs, and the understanding of nutritional screening methods.				
FSDT1896	Management Skills I	L	15	-	1.5
■	Information necessary for the manager who purchases food and equipment. Purchase specifications, qualities of a good supplier and inventory systems. Cost control of budgets, food and labor costs.				
FSDT1898	Management Skills II	L	21	-	2
■	Topics related to employee communication and human relations: quality assurance, leadership styles, organizational charts, job descriptions, employee recruitment, effective communication, employee orientation, training programs, performance evaluations, motivation and scheduling.				
FSDT2140	Food Production II	L	15	105	5
	<i>Prerequisites: FSDT1126 and FSDT1127.</i>				
	This class is a culmination of all classes the students have had until now. Menu research and development, planning a menu systematically, in correct menu form, descriptive copy. The student uses managerial skills they have learned to produce and manage the kitchen and dining room staff for a fine dining experience that is open to the public. Other production areas include positions as Sous Chef, Patisserie Chef, Garde Manger and working the dishroom				
FSDT2142	Meal Service II	L	20	-	2
	Merchandising, customer relations, menu planning, menu mechanics and a profile of the industry. Development of a restaurant menu.				
FSDT2146	Equipment & Layout	L	30	-	3
	Covers planning a food service operation from ground up. An overview of the planning and design process, along with layout principles and facility and equipment maintenance. Students design a food-service kitchen for a given situation.				
FSDT2154	Food Service Hospitality Seminar I	L	10	-	1
	<i>Corequisite: FSDT2160 or FSDT2180 or special permission.</i>				
	Presentation and discussion of current food industry topics, goals, job seeking skills and discussion of student's practicum and cooperative work experience.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
FSDT2156	Food Service Seminar II	L	10	-	1
	<i>Corequisite: FSDT2160 or FSDT2180 or special permission.</i>				
	Presentation and discussion of current food industry topics, job seeking skills, and discussion of student's practicum and cooperative work experience.				
FSDT2160	Cooperative Education	L	-	220	5.5
FSDT2162		-	-	80	2
FSDT2163		-	-	120	3
FSDT2164		-	-	160	4
FSDT2166		-	-	240	6
FSDT2172		-	-	480	12
	<i>Prerequisite: Special permission of program supervisor.</i>				
	Students are assigned to a food service facility at a pay scale agreed to by both student and food service facility. Experience in planning, organizing, preparing, and managing the production and service of quality food in quantity. Individual objectives are established for each student.				
FSDT2180	Food Service Practicum	L	-	165	5.5
FSDT2184		-	-	135	4.5
	<i>Prerequisite: Special permission of program supervisor.</i>				
	Students are assigned to work 16 hours per week at a food service facility providing experience in planning, organizing and managing the production and service of quality food in quantity. Individual objectives are established for each student.				
FSDT2218	Professional Baking	L	10	30	2
	<i>Prerequisites: FSDT1104, FSDT1110, FSDT1208, and FSDT1214.</i>				
	American, European and Artesian Breads, laminate doughs, quick breads, yeast and cake doughnuts, pies, cake making and assembling, fancy cookies.				
FSDT2220	Buffet Decorating & Catering	L	10	-	1
	<i>Prerequisites: FSDT1208 and FSDT1214.</i>				
	Students will research, plan, prepare, and evaluate recipes, menus, and foods made in class for a buffet which is open to the public. Students will prepare rolled-fondant, Austrian-lace techniques, and bread-dough art sculptures.				
FSDT2221	Buffet Decorating & Catering Lab	L	-	30	1
	<i>Corequisite: FSDT2220.</i>				
	Preparation of foods in buffet decorating and catering.				
FSDT2222	International Cuisine	L	20	30	3
	<i>Prerequisites: FSDT1104 and FSDT1105</i>				
	Exploration of foods from countries and regions world wide. History and makeup of these foods and their origins.				
FSDT2224	Restaurant Fundamentals	L	20	30	3
	<i>Prerequisite: FSDT1208.</i>				
	Running a restaurant. Work in all capacities in a working restaurant. Job DESCRIPTIONS include kitchen manager, dining room manager, host/hostess, wait staff, cook, garde manager, pastry chef, dishwasher, cashier.				
FSDT2226	Culinary Nutrition	L	20	-	2
	<i>Prerequisites: FSDT1350 and FSDT1110.</i>				
	The marriage of gourmet cooking and nutrition. Adopting recipes to meet nutritional modifications.				
FSDT2228	Garde Manger	L	10	30	2
	<i>Prerequisite: FSDT1208 and FSDT1214.</i>				
	Students will make cheese, sausages, smoked meats, force meats, galantines, terrines, pate and paten croute, chocolate tempering, banquet platters.				
FSDT2230	Advanced Pastries	L	10	30	2
	<i>Prerequisites: FSDT1208, FSDT1214.</i>				
	Students will prepare poached-fruits, vacherins, pavlova, ice cream, parfaits, iced-souffles, baked-custards, brulee, Bavarians, sorbets, granites, ganache, custard-creams, choux pastry, tules, tarts, dessert sauces, and pulled-sugar.				
FSDT2240	Industry Proficiency	L	.5	.5	1
	Comprehensive written and hands on exam designed to reflect industry standards to prove our students are skilled and prepared to enter the work force.				
FSDT2318	Diet Therapy III	L	20	-	2
	<i>Prerequisites: FSDT1304, FSDT1350, FSDT1208, FSDT1214, FSDT1308, FSDT1312.</i>				
	Continuation of Diet Therapy II with emphasis on the anatomy and physiology of diet and nutrition in relation to cancer, HIV/AIDS, cardiovascular, renal, gastrointestinal, and liver and metabolic disorders.				
FSDT2319	Diet Therapy III Practicum	L	-	30	1
	<i>Prerequisites: FSDT1304, FSDT1350, FSDT1308 and FSDT1312. Co-requisite: FSDT2318.</i>				
	Develop skills in counseling patients, continuation of chart interpretation, nutrition screening, case study completion, emphasis on hospital settings.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
FSDT2324	Dietetic Technician Practicum	L	-	165	5.5
<i>Prerequisites: FSDT2318 and FSDT2319.</i> Gaining additional clinical experience as a member of a health care team, patient counseling, enteral and parenteral feedings, charting of patient progress, dietary records and procedures, ordering, scheduling, supervision, and special diet preparation.					
FSDT2326	Dietetic Technician Seminar	L	20	-	2
<i>Prerequisite: Taken simultaneously with FSDT2324.</i> Comprehensive view of the role of the dietetic technician as a member of the health care team with emphasis on legal implications, professional organizations and medical ethics. Presentations of clinical case studies and charting.					
FSDT2330	Nutrition III	L	30	-	3
<i>Prerequisites: FSDT1350, FSDT1308, FSDT1304, FSDT1312 and FSDT2318.</i> Study of the nutritional needs and health problems associated with adults and aging. Study of wellness and behavior modification, including consumer related nutrition concerns.					
FSDT2402	Fundamentals of Event Planning	L	30	45	4.5
Principles of event management (event design, planning coordination, promotion, budgeting, and evaluation) which support client needs and event success. Hands-on experience with event planning.					
FSDT2999	Special Project	L	-	-	.5-4
<i>Prerequisite: Permission of program chair and instructor.</i> Selected educational experiences beyond those included in the regular curriculum. Experiences may include—but are not limited to—advanced study in special areas of interest, workshops, menu courses, conventions, lectures, etc.					
GEOG • GEOGRAPHY					
GEOG1400	Introduction to Human Geography	B/L	45	-	4.5
Basic understanding of the way people live on and leave their impact upon the earth's surface. Geographic viewpoint (emphasizing spatial organization, ecology, and the character of place) provides a perspective for understanding many of the crucial problems facing humanity today and in the future.					
GEOG1420	World Regional Geography	B/L	45	-	4.5
Study of the major regions of the world. Landforms; climate; economic, cultural and political systems.					
GEOG1500	Physical Geography	B/L	45	-	4.5
Systematic examination of the basic elements of the physical environment. Study of the atmosphere, including the processes for weather and climate. The oceans, their characteristics and impact, a study of land forms, their creation and change, comprise a major portion of the course. The effect of people on the environment is a constant point of study. Map study. Lincoln class includes lab.					
GEOL • GEOLOGY					
GEOL1010	Physical Geology	B/L	45	30	6
Introductory course in geology with lab. Introduction to minerals, rocks and ores; surface features and internal character of the earth and the forces that are constantly changing. Maps and aerial photographs for local interpretation.					
GEOL1060	Environmental Geology	L	45	-	4.5
The processes of physical geology have a direct bearing on the environmental conditions that exist on Earth. In this course we will examine how geologic events impact the natural environment, and how anthropogenic events impact both the processes of geology and the world wide environment. Topics to be considered include an introduction to the geologic structure and processes of the Earth, soil, air, and water pollution and remediation, and global climate change.					
GERM • GERMAN					
GERM1010	Elementary German I	L	75	30	7.5
<i>Prerequisite: German Placement test and interview with instructor.</i> Study of grammar, punctuation, dictation, reading and writing of German.					
GERM1020	Beginning German II	L	75	30	7.5
<i>Prerequisite: GERM1010 or equivalent as demonstrated by German placement test and interview with instructor.</i> Continuation of GERM1010. Readings on contemporary cultural and social issues in German.					
GERM2010	Second Year German I	L	45	-	4.5
<i>Prerequisite: GERM1020 or equivalent as demonstrated by German placement test and interview with instructor.</i> Intensive and extensive reading of moderately difficult German prose, review of grammar and conversation.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
GERM2020	Second Year German II	L	45	-	4.5
<i>Prerequisite: GERM2010 or equivalent as demonstrated by German placement test and interview with instructor.</i> Reading of more difficult texts. Class discussion and reports on supplementary reading.					
GLST • GLOBAL STUDIES					
GLST2980	Global Studies	L	45	-	4.5
This Study-Abroad course will consist of interdisciplinary lecture topics designed to address areas of cultural, historical, and major political concepts and controversies that have developed in the target country (ies). The course is under the guidance of the global studies coordinator. Students will read literature, and original documents from the target country and will visit actual sites of historical and cultural significance. Students will be exposed to national, comparative, and international culture and politics.					
HIMS • HEALTH INFORMATION MANAGEMENT SYSTEMS					
HIMS1102	CPT Coding	L	45	-	4.5
<i>Prerequisites: BIOS1000 or BIOS1140 or BIOS1220 and, MEDA1101 or MEDA1404. MEDA1201 or permission.</i> Study and application of coding systems and their uses in various reimbursement schemes. Practical application of coding principles provided throughout by use of exercises and patient records.					
HIMS1103	HIMS ICD-9 Coding	L	60	-	6
<i>Prerequisites: MEDA1101 and MEDA1401. BIOS1000 or BIOS1140 or BIOS1220 or permission.</i> Student will study and apply more advanced and specialized coding principles. Overview of the prospective payment system and the coder's role in that system included. Practical experience provided through the use of exercises and patient records.					
HIMS1104	Clinical Education	L	-	135	4.5
<i>Prerequisites: HIMS1101 and HIMS1103 or concurrent.</i> Practical experience under supervision in hospital setting, physician's office, or clinic.					
HIST • HISTORY					
HIST1000	Western Tradition I	B/L	45	-	4.5
Development of Western civilizations from the origins of the human race to the Renaissance, and the discovery of America, including examination of the political, social, economic, cultural, and religious components.					
HIST1010	Western Tradition II	B/L	45	-	4.5
Development of Western civilizations from the Reformation to the present, including examination of the political, social, economic, cultural, and religious components.					
HIST1810	Survey of Russian History	B/L	45	-	4.5
Study of the four major periods of Russian history — the Kievan era, the rise of Moscow, the Romanov period and Soviet Russia. Emphasis on political, social, cultural and economic characteristics.					
HIST1820	Survey of Asian History	B/L	45	-	4.5
Survey of Asian history. Political, social, cultural and economic development of China, Japan and Southeast Asia from ancient to modern times.					
HIST2010	American History I Early America	B/L	45	-	4.5
Survey of American history from the age of discovery through the Civil War. Emphasis on political, economic, and social problems in the growth of the American nation.					
HIST2020	American History II Late America	B/L	45	-	4.5
Survey of major political, social, cultural and economic developments since 1877. Industrialization and urbanization, the rise of the United States as a world power, the New Deal and World War II, the postwar years, civil rights struggles, the Vietnam era and contemporary America.					
HIST2100	Survey of World History to 1500	B/L	45	-	4.5
Survey of the major political, social, cultural and economic developments of the Ancient world. Emphasis on European, Middle Eastern development. Includes major civilizations of Asia and Sub-Saharan Africa.					
HIST2110	Survey of World History — 1500 to Present	B/L	45	-	4.5
Survey of the major political, social, cultural and economic developments during the Middle Ages and the Early-Modern era. Emphasis on European expansion, the Reformation, absolutism and the Enlightenment. Major Asian civilizations and the struggles in Africa and the Americas to resist European influence.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
HIST2799	Special Topics in History	B/L	45	-	4.5
Topics vary each term. The purpose of this class is to explore a specific topic or period in history in greater detail, to provide students with a deeper understanding and appreciation of historical events.					
HIST2960	Survey of African American History	L	45	-	4.5
Overview of the major political, social, cultural, and economic themes in the African American experience from the origins of the Atlantic Slave Trade into the late twentieth century.					
HLTH • HEALTH					
HLTH1010	Introduction to Health	B	45	-	4.5
Survey of major health problems, diseases and their prevention; drug and alcohol abuse; family planning and birth control; mental health; consumer protection and physical fitness. Issues of individual health choices.					
HMRS • HUMAN SERVICES					
HMRS1101	Human Services Concepts	L	45	-	4.5
Introduction to the Human Services field including definitions, team planning, community resources, worker roles, and social role valorization.					
HMRS1102	Counseling Theories & Techniques	L	35	30	4.5
Study of functional theories, principles, and techniques of counseling: active listening and problem-solving. Practice in techniques and theories.					
HMRS1109	Pre-Clinical Education and Seminar 1	L	20	75	4.5
<i>Prerequisite: HMRS1102. Screening course for entry into clinical education.</i> Methods of approaching clients, basic communication, and employee values and skills. First Aid and CPR required before progressing into clinical. Seminars will be held every two weeks. Students and faculty will discuss the application of theory to practice, share resources, and discuss trends in the field.					
HMRS1110	Clinical Education and Seminar 1	L	-	135	4.5
<i>Prerequisites: HMRS1109 and permission.</i> Clinical education scheduled throughout the program. Under supervision, work with selected clients and application of acquired skills and principles studied in the classroom. A required seminar meets five time per quarter.					
HMRS1111	Pre-Clinical Education 2	L	20	75	4.5
Screening course for re-entry into clinical education. Methods of approaching clients, basic communication, employee values, and skills.					
HMRS1201	Health Foundations	L	45	-	4.5
Health concerns of the Human Services profession. Body systems, functional aids, activities of daily living, seizure management and medications.					
HMRS1202	Behavior Therapy	L	45	-	4.5
Behavioral techniques in the Human Services field. Skills needed for developing, implementing, and monitoring behavioral programs.					
HMRS1210	Clinical Education and Seminar 2	L	10	135	4.5
<i>Prerequisites: HMRS1110 and permission or Credit by Waiver.</i> For course description, refer to HMRS1110 Clinical Education and Seminar 1.					
HMRS1302	Crisis Intervention	L	45	-	4.5
<i>Prerequisite: HMRS1102.</i> Models for understanding people and their problems including crisis counseling.					
HMRS1310	Clinical Education and Seminar 3	L	-	135	4.5
<i>Prerequisites: HMRS1110 and permission or Credit by Waiver.</i> For course description, refer to HMRS1110 Clinical Education and Seminar 1.					
HMRS1311	Clinical Education A & D and Seminar 1	L	-	150	4.5
<i>Prerequisites: HMRS1110 and permission.</i> Intensive counseling experience in the field of alcoholism/drug abuse. Under supervision of a certified Alcohol and Drug Abuse counselor, students perform all twelve core functions required for State of Nebraska certification. Seminars will be held every two weeks. Students and faculty will discuss the application of theory to practice, share resources, and discuss trends in the field.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
HMRS1320	Multicultural Competency	L	45	-	4.5
Understanding of self in viewing culture, including dominant and non-dominant culture, power, and privilege. Overview of various culture and groups.					
HMRS1355	Strategies for Relaxation	L	45	-	4.5
Methods used to increase relaxation, reduce muscular tension, and alleviate stress. Techniques are adaptable to personal or client use. Includes progressive relaxation, imagery, visualization, meditation, rational emotive and self hypnosis strategies.					
HMRS1357	Multicultural Counseling	L	35	30	4.5
<i>Prerequisites: HMRS1102 and 1320.</i> Understanding of cultural sameness and differences, and effect on human experience. Historical, political, social, and economic influences. Special counseling techniques applicable to minority groups and variations from traditional counseling.					
HMRS1402	Group Theory & Process	L	45	-	4.5
<i>Prerequisite: HMRS1102 or basic counseling skills.</i> Small group process dynamics and theory in an effort to better understand the workings of small groups.					
HMRS1403	Assessment, Case Planning/Management & Professional Ethics for A & D	L	45	-	4.5
Case work skills of assessment, interview techniques, treatment decisions, case presentation, and referral and follow-up for those in alcohol and drug fields. Use of computers in record keeping. Professional ethics and issues.					
HMRS1405	Case Management & Ethics for Human Services	L	45	-	4.5
Case work skills of assessment, interviewing, case presentation, referral, and follow-up. Use of computers in record keeping. Professional ethics and issues. For general Human Services field.					
HMRS1410	Clinical Education and Seminar 4	L	10	135	4.5
<i>Prerequisites: HMRS1110 and permission.</i> For course description refer to HMRS1110 Clinical Education and Seminar 1.					
HMRS1411	Clinical Education A & D and Seminar 2	L	-	150	4.5
<i>Prerequisites: HMRS1110 and permission.</i> For course description refer to HMRS1311, Clinical Education A & D and Seminar 1.					
HMRS2360	Women's Issues in Human Services	L	45	-	4.5
Needs and expectations of women as clients and service providers in Human Services agencies. Philosophy, socialization, self image, equity, child care, alcohol and drug, and other addictive disorders, minority women, and health and legal issues.					
HMRS2361	Domestic Violence	L	45	-	4.5
Recognition of signs of domestic abuse (physical, emotional or sexual), the cycle of violence, and community interventions.					
HMRS2362	Child Abuse	L	45	-	4.5
Definitions of child maltreatment (emotional, physical, sexual), cultural factors, recognition of abuse/neglect, family dynamics, reporting obligations, treatment interventions and community resources.					
HMRS2363	Death, Dying, Grieving & Loss	L	45	-	4.5
Process of loss and grief from the perspective of the Human Service provider/client relationship. Recognizing loss, stages of grieving, support groups, and letting go and going on.					
HMRS2364	Adult Survivors of Childhood Sexual Abuse	L	45	-	4.5
Working effectively with adult survivors of childhood abuse. Issues of sexuality and intimacy. Counselor roles in diagnosis and treatment.					
HMRS2365	Mental Illness & Family Issues	L	45	-	4.5
Scope and magnitude of mental illness, specifically schizophrenia, major depressive disorder, and bipolar disorder. Historical review of mental illness, cultural issues, stigma, and discrimination. Specific focus on the symptoms, interventions and treatment as well as effects on the sense of self and the family.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
HMRS2501 Developmental Disabilities		L	45	-	4.5
Nature, causes, and factors which influence the delivery of services for a select group of developmental disabilities (cerebral palsy, autism and learning disabilities). Nature, causes, and factors which influence the delivery of services for a select group of developmental disabilities: attention deficit hyperactive disorder, cerebral palsy, autism, learning disabilities, oppositional defiant disorder, conduct disorder, and Tourette's Syndrome.					
HMRS2502 Activities & Recreation in Human Services		L	45	-	4.5
Selecting and developing recreational and educational activities with clients. Includes computer use.					
HMRS2504 Intellectual Disabilities		L	45	-	4.5
Study of the nature, causes, and factors which influence the delivery of services to people who have intellectual disabilities (mental retardation).					
HMRS2510 Clinical Education and Seminar 5		L	10	135	4.5
<i>Prerequisites:</i> HMRS1110 and permission. For course description, refer to HMRS1110 Clinical Education and Seminar 1.					
HMRS2511 Clinical Education A & D and Seminar 3		L	10	135	4.5
<i>Prerequisites:</i> HMRS1110 and permission. For course description refer to HMRS1311, Clinical Education A & D and Seminar 1.					
HMRS2516 Co-Dependency & Dysfunctional Families		L	45	-	4.5
Co-dependency and dysfunctional family systems. Evaluation and assessment, treatment, and self-help groups will be discussed.					
HMRS2517 Medical & Psychosocial Aspects of Alcohol/Drug Use, Abuse & Addiction		L	45	-	4.5
Study of physiological and sociological aspects of alcohol/drug use and abuse. Classification and basic pharmacology of drugs and their effects. Assessment and drug testing. Etiological, behavioral, cultural, demographic, and spiritual aspects and belief systems concerning alcohol/drug use. Processes of dependence and addiction. Signs, symptoms, and behavioral patterns.					
HMRS2518 Clinical Treatment Issues in Chemical Dependency		L	45	-	4.5
Study of treatment issues specific to alcohol/drug abuse. Diagnosis, adult children of alcoholics, denial, family disease concepts, cultural dimensions. Treatment issues with adolescents, women, elderly, gay/lesbian/bisexual clients. Treatment modalities, strengths, and weaknesses. Selection of appropriate modality.					
HMRS2521 Applied Behavior Analysis		L	45	-	4.5
Review of Behavior Therapy application includes exposure therapy, modeling and skills training, cognitive restructuring, behavioral medicine, and psychological disorders.					
HMRS2523 Human Sexuality		L	45	-	4.5
Introduction to human sexuality and sexual function/dysfunction. Attitudes and values about sexuality.					
HMRS2524 Advanced Counseling		L	45	-	4.5
<i>Prerequisite:</i> HMRS1102. Integration of theories and techniques which will help students develop a personal style of counseling. Course will provide an overview of some of the major approaches to counseling. A practical application of the material will be presented.					
HMRS2541 Social Services for Long-Term Care Facilities		L	45	-	4.5
Study of people in the final life cycle, pre-retirement to death. Psychological, social, and economic needs. Feelings, attitudes, and theories of the elderly will be examined.					
HMRS2542 Financial Management for Long-Term Care		L	45	-	4.5
Designed to provide knowledge of accounting principles for long term care facilities including payroll, accounts payable, accounts receivable, budgeting, resident trust funds, operation planning, financial planning, and related regulations.					
HMRS2544 Patient Care & Services for Long-Term Care Facilities		L	45	-	4.5
Physical, psychological, and social aspects of disability; motor and sensory losses; and diseases of the aged.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
HMRS2547 Administration for Long-Term Care Facilities		L	45	-	4.5
Study of the functions of a nursing home. Understanding organizational management, governing body, marketing and public relations, financial management, environmental management, personnel, and human resources. Current issues in gerontology and long-term care administration.					
HMRS2549 Rules, Regulations, & Standards Relating to the Operation of a Health Care Facility		L	45	-	4.5
Overview of the history of Long Term Care, Legislation Process, Medicaid, Medicare, Long Term Care Survey and Enforcement Process, Title 172, Chapter 5 & 106, Title 175, Chapter 12 and HIPAA Regulations.					
HMRS2550 Introduction to Assisted Living		L	45	-	4.5
This course is an introduction to the profession of assisted living provider. It includes an overview of the role of assisted living in long-term care, services provided, social service needs, financial management, administration requirements, gerontology, and the rules, regulations and standards of practice. It is intended to meet the basic education regulatory requirement for Assisted Living Administrators in Nebraska.					
HMRS2610 Clinical Education and Seminar 6		L	10	135	4.5
<i>Prerequisites:</i> HMRS1110 and permission. For course description refer to HMRS1110 Clinical Education and Seminar 1.					
HMRS2611 Clinical Education A & D and Seminar 4		L	10	135	4.5
<i>Prerequisites:</i> HMRS1110 and permission. For course description refer to HMRS1311, Clinical Education A & D and Seminar 1.					
HORT • HORTICULTURE					
HORT1130 Introduction to Horticulture		B	45	3	4.5
Introductory course designed to feature basic aspects and techniques of the horticulture industry. Emphasis will be placed on making the student aware of the different fields with the industry and the proper growing environment for indoor and outdoor horticulture crops.					
HORT1132 Horticulture Plant Identification & Selection		B	45	3	4.5
Study and identification of a variety of horticulture plants used in landscape design, greenhouses, and nurseries in the Midwest.					
HORT1136 Plant Propagation		B	21	27	3
Introductory study of plant propagation and reproduction. Areas of focus include vegetative reproduction, cross pollination and grafting procedures.					
HORT1154 Greenhouse Management		B	21	27	3
Study of greenhouse operations including ventilation, lighting, and temperature control. Focuses on economic considerations of operating and maintaining a greenhouse.					
HORT1155 Basic Landscaping		B	45	3	4.5
<i>Prerequisite:</i> HORT1132. Introduction to landscape design and construction using techniques that combine color, plant species, and symmetrical and asymmetrical balance.					
HORT1190 Management of Turfgrass Pests		B	45	3	4.5
Study of chemical, biological, and cultural methods of managing weeds, diseases, and insect pests of turfgrass plants.					
HORT1239 Arboriculture		B	21	27	3
Introduction to the biology of trees, and their selection and placement in a landscaping design. Includes general tree maintenance including planting, pruning, fertilizing and damage repair.					
HORT1242 Turfgrass Management		B	45	3	4.5
Basic study of turfgrass species and varieties and the procedures for establishment and maintenance of a turfgrass lawn. Emphasis on fertility, pest control, irrigation requirements and proper mowing procedures.					
HORT2214 Horticulture Equipment Maintenance		B	6	90	3
Basic study of proper maintenance and repair of horticultural equipment including blade sharpening, small engine repair, and scheduled maintenance.					
HORT2286 Advanced Landscaping		B	45	3	4.5
<i>Prerequisite:</i> HORT1155. Detailed study of advanced techniques including retaining walls, constructed structures and various color schemes.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
HORT2288	Golf Course Management	B	44	52	6
<i>Prerequisite: HORT1242, AGRI2219; Co-requisite: AGRI2265.</i>					
Study of golf course management practices as they pertain to bunker, green, tee, and fairway construction, and maintenance and upkeep including mowing, fertilization, irrigation, pest management and equipment maintenance and operation.					
HORT2292	Landscape Maintenance	B	21	27	3
General understanding of procedures for reviving and maintaining existing landscapes, using annual and perennial plant species.					
HORT2295	Advanced Golf Course Management	B	20	180	8
Detailed and hands on study of golf course management practices as they pertain to course renovation and maintenance. Including irrigation scheduling, facility maintenance, and reclaimed water usage.					
HORT2999	Individual Special Project	B	-	-	5-4.5
Selected educational experiences that provide intensive study in a topic area above and beyond the regular curriculum. Credit hours will vary. Must have permission of instructor and program chair.					

HUMS • HUMANITIES

HUMS1100	Introduction to the Humanities	B/L	45	-	4.5
<i>Prerequisite: Eligible for ENGL1000 or instructor's approval.</i>					
Survey course focusing on art, music, theatre, film, dance, architecture, and philosophy which examines the unfolding of the humanistic traditions of the West through the landmarks of Western cultural traditions in order to reawaken our sense of wonder and curiosity about the meaning of life. Criteria to evaluate our own times and situation and in addition enriches our historical perspectives. Shows how the various arts intersect, influence and are influenced by their times.					
HUMS1200	20th-Century Arts & Ideas	B/L	45	-	4.5
<i>Prerequisite: Eligible for ENGL1000 or instructor's approval.</i>					
Global and multicultural survey of the fine arts of architecture, drama, music, painting, and sculpture in the 20th century. Emphasis on the effect of revolutionary artistic styles on society. Includes attendance at live performances and art galleries.					

HVAC • HEATING, VENTILATION, AIR CONDITIONING & REFRIGERATION TECHNOLOGY

HVAC1109	Electrical Fundamentals	M	42	8	4
Study of basic electricity for use in the HVAC/R trades, including DC fundamentals, focusing on AC electrical theory, understanding AC electrical circuits, interpreting AC electrical wiring schematics, and usage of test instruments.					
HVAC1131	Refrigeration Theory I	M	50	-	5
Basic refrigeration fundamentals with emphasis on heat energy, heat transfer, temperature, pressure, refrigerants, refrigerant oils, stratospheric ozone, greenhouse effect, and EPA guidelines.					
HVAC1132	Piping Practices	M	-	100	3
Study of materials and methods used in the installation and service of refrigeration, air conditioning and plumbing equipment. Piping, soldering, welding, tube bending and installation procedures performed by student. Industrial safety, hazard communications standards, and material safety data sheets are studied.					
HVAC1133	Plumbing Theory/Print Reading	M	50	-	5
Introduction to blueprint reading, plumbing tools, materials, and practices for residential applications.					
HVAC1226	Refrigeration Laboratory I	M	40	60	6
<i>Prerequisite: HVAC1109, HVAC1131 AND HVAC1132.</i>					
Basic refrigeration service fundamentals with emphasis on physically constructing, leak checking, evacuating, electrical wiring, start up and performing system checks on a basic refrigeration system. Assembly of an electrical lab trainer also offered.					
HVAC1230	Electrical Principles & Practices	M	10	40	2
Study of controls and their application. This includes series and parallel circuits, electrical symbols and electrical schematics, ohms law, Kirchoff's voltage & current laws, control transformers and motor starter circuits as applied to residential and light commercial air conditioning.					

HVAC1234	Plumbing Code	M	50	-	5
<i>Prerequisite: HVAC1133.</i>					
Study of uniform plumbing code. Piping practices, pipe fittings and plumbing fixtures. Drains waste and vent systems are designed and applied to residential structures.					
HVAC1237	Refrigeration Theory II	M	50	-	5
<i>Prerequisites: HVAC1109 and HVAC1131.</i>					
Study of basic mechanical components used in the operation of basic refrigeration systems.					
HVAC1251	Hydronic Theory	M	35	15	4
Study of the classifications and descriptions of hydronics systems and the component parts which make up a hydronic heating system including a description of each part, its function and how it is rated.					
HVAC1330	Residential HVAC Systems & Controls I	M	40	10	4
<i>Prerequisite: HVAC1230.</i>					
Emphasis on control circuits and electrical schematics, HVAC sensors, furnace components and central air conditioning components. Basic HVAC system installation, maintenance and operating sequences are discussed. Safety rules for HVAC technicians are also presented.					
HVAC1331	Manual J/Manual D	M	40	60	6
Calculations of heat loss and heat gain for residential structures. Procedures in accordance with ACCA Manual J. Design of heating and air conditioning systems, types of systems, equipment selection and air distribution. Systems designed using ACCA Manual D.					
HVAC1336	Sheet Metal Lab	M	-	100	3
Introduction to pattern development and fabrication of fittings used in the heating/air conditioning industry. Layout techniques include radial line development and triangulation.					
HVAC1343	Refrigeration Theory III	M	35	15	4
<i>Prerequisites: HVAC1226, 1230, & 1237.</i>					
Emphasis on commercial refrigeration controls, electrical wiring schematic, theory application of different refrigeration systems, methods of defrost, basic operation of cuber and flaker ice machines.					
HVAC1363	Heat Pump Principles	M	50	-	5
<i>Prerequisite: HVAC1230.</i>					
The study of components, controls, system design, installation, troubleshooting, start-up, standard service procedures, wiring diagrams and annual operating costs.					
HVAC1434	Refrigeration Laboratory II	M	-	100	3
<i>Prerequisite: HVAC1343.</i>					
Laboratory application of commercial refrigeration theory. Exposure to the electrical and mechanical operation of refrigeration systems associated with walk-in coolers and freezers, open freezer case, ice machines, reach-in freezers and coolers, computer diagnostic programs, and electrical wiring panels.					
HVAC1435	HVAC Welding Practices	M	10	20	1.5
Study of theory and practice of welding, cutting fundamentals including safety, oxy-fuel, flame cutting, and MIG/ARC welding.					
HVAC1440	Mechanical Code	M	20	-	2
Study of the Uniform Mechanical Code and its application to the installation and maintenance of heating, air conditioning and ventilation systems.					
HVAC1447	Commercial HVAC Fundamentals & Practices I	M	50	-	5
<i>Prerequisite: HVAC1330.</i>					
Basic commercial/industrial air conditioning control applications. electrical-mechanical, electronic-mechanical, and pneumatic (air) actuated control components. Building operation supervisory systems are briefly discussed.					
HVAC1450	EPA Refrigerant Certification	M	20	-	2
Study of the EPA HVAC/R requirements and procedures for Type I, II, III, and Universal Certification. Upon completion, each student will be required to pass to Type I and Type II of an EPA approved test. Type III is optional.					
HVAC1452	Residential Install Lab	M	-	70	2
<i>Prerequisites: HVAC1234 and 1336.</i>					
Application of theory and technical courses to practical situations including installation of plumbing, heating and air conditioning equipment. Primary project is a residence constructed on the College campus.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
HVAC1461	Residential HVAC Systems & Controls II	M	50	-	5
<i>Prerequisite: HVAC1330.</i>					
Study of high efficiency, condensing gas fired furnaces. Includes special control applications and different mechanical devices such as humidifiers, electronic air cleaners, and programmable thermostats. Firing rates, efficiency measuring, venting and installation procedures studied. Solid state controls discussed to the extent practical.					
HVAC2500	Cooperative Education	M	-	400	10
<i>Prerequisites: HVAC1434 and HVAC1452.</i>					
On-the-job experience doing heating, air conditioning, refrigeration, sheet metal, heat pumps or plumbing with employers. Application of skills and knowledge acquired in previous quarters. Meeting with supervising instructor three times throughout the quarter.					
HVAC2510	Post-cooperative Education	M	20	-	2
Evaluation of the on-the-job training. Preparation for full-time employment. Classroom oral presentation and written report of co-op experience.					
HVAC2600	HVAC/R Lab	M	-	100	3
<i>Prerequisite: HVAC1461.</i>					
Lab setting employing the use of residential and light commercial equipment, training panels and interactive computer programs to acquire experience with wiring, function, operation and troubleshooting of heating, ventilation, air conditioning and refrigeration equipment.					
HVAC2610	Troubleshooting Techniques Lab	M	-	50	1.5
<i>Prerequisite: HVAC1461.</i>					
Application of servicing and troubleshooting residential and light commercial HVAC/R equipment, both mechanically and electrically. Emphasis is placed on the "hands-on" use of service instruments from the Carrier Corporation Manual, HVAC Servicing Procedures. Additionally, creating electrical ladder (schematics) and wiring training panels and troubleshooting fault simulators will be emphasized. Troubleshooting actual units brought into the shop and service calls off campus will be included as practical.					
HVAC2649	Commercial HVAC Fundamentals & Practices II	M	50	-	5
<i>Prerequisite: HVAC1447.</i>					
Theory and practices of commercial air conditioning system operation. An in-depth study of human comfort, psychrometrics and the engineering principles that apply to heating, ventilating and air conditioning (HVAC). The eight basic processes of HVAC are studied via the psychrometric chart.					
HVAC2650	Troubleshooting Techniques	M	35	15	4
<i>Prerequisite: HVAC1461.</i>					
Theory and application of servicing and troubleshooting as specifically applied to air conditioning and refrigeration systems, both mechanically and electrically.					
INFO •					
COMPUTER INFORMATION TECHNOLOGY					
AND					
COMPUTER PROGRAMMING TECHNOLOGY					
INFO1000	Computer Essentials	M	10	-	1
Students will learn how to login to the computer labs and use Windows. Features of Microsoft Windows and the Microsoft Word - processing program are the main focus. Students will learn the basics of the personal computer. Students will learn to create, edit, and print documents in Microsoft Word.					
INFO1005	Microsoft Office Applications	L	-	60	2
No prerequisite. Basic skills in Microsoft Word, Excel, Access, and PowerPoint designed for transfer to UNL College of Business Administration. Class does not count for SCC General Education requirements or for the Computer Information Technology program. Pass/No Pass only.					
INFO1010	Computer Literacy	L	40	15	4.5
No prerequisite. Introduces computer hardware concepts related to system unit, input/output, storage, and communications devices. Additional topics include the Windows Operating System for desktop and file management, use of productivity software, and use of a Web browser for research and e-mail. Course does not count toward Computer Information Technology program course requirements.					
INFO1111	Logic and Design	M	50	-	5
An introduction to programming logic and structured program design using object-oriented principles.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
INFO1117	Microcomputer Applications	M	5	45	2
Self-paced, hands-on lab format used to introduce students to Windows, word processing software, presentation software, spreadsheet software, and database software.					
INFO1121	Microsoft Word & PowerPoint	L	10	15	1.5
<i>Prerequisite: Prior computer coursework or experience.</i>					
Introduction to Word and PowerPoint. Basic word processing skills to create, edit, format, and print documents. Create, organize, and view presentations with text and graphics.					
INFO1131	Microsoft Excel	L	10	15	1.5
<i>Prerequisite: Prior computer coursework or experience.</i>					
Practical experience using Excel spreadsheet. Learn basic and intermediate commands to create and format spreadsheet data.					
INFO1151	Computer Fundamentals	L/M	45	-	4.5
<i>Prerequisite: Declared Computer Information Technology or Computer Programming program students only. Prior computer coursework or experience.</i>					
Fundamentals of computer concepts and terminology. Topics include hardware components, software overview, business and social aspects of computers, and computer Internet researching.					
INFO1161	Windows Operating Systems	L	40	15	4.5
<i>Prerequisite: Prior computer coursework or experience.</i>					
Introduction to features and capabilities of Microsoft Windows, including disk organization, file management, accessory applications, system customization, and maintenance. MS-DOS commands for file management and batch file creation.					
INFO1211	Microsoft Access	L	15	15	2
<i>Prerequisite: Prior computer coursework or experience.</i>					
Introduction to database creation and manipulation using Microsoft Access. Topics include tables, relationships, forms, reports, and queries.					
INFO1214	Program Design and Problem Solving	L	40	15	4.5
<i>Prerequisites: INFO1151, INFO1161, and MATH1040 or higher.</i>					
Fundamental concepts of structured programming techniques. Topics include top-down design, hierarchy charts, flow charts, pseudocode.					
INFO1217	Database Management	M	50	-	5
Introduction to database management systems. Basics of database design and manipulation covered. Topics include relationships, database normalization, integrity constraints, and Microsoft Access DBMS software.					
INFO1221	Introduction to the MVS Environment	M	20	10	2
<i>Prerequisite: INFO1111 or INFO1214.</i>					
This course will address the MVS mainframe environment to include the TSO/ISPF facilities for program development, basic JCL statements, IDCAMS and sort utility programs.					
INFO1287	Operating Systems	M	25	25	3
<i>Prerequisite: INFO1151.</i>					
Introduction to the concepts of various operating systems, their usage, history of development, and particular characteristics. Terminology and case studies in various operating systems covered.					
INFO1311	Database Concepts	L	30	-	3
<i>Prerequisites: INFO1151, INFO1161 and INFO1211.</i>					
Introduction to database management concepts. Topics include database terminology, manipulation, organization, and relationships.					
INFO1314	Java	L/M	30	45	4.5
<i>Prerequisite: INFO1111 or INFO1214.</i>					
Introduction to programming using Java.					
INFO1325	Internet Scripting	L/M	20	30	3
<i>Prerequisites: INFO1214 or INFO1111, and INFO1431.</i>					
Introduction to the use of Javascript in web page development.					
INFO1337	Introduction to the iSeries	M	30	20	3.5
<i>Prerequisite: INFO1111 or INFO1214.</i>					
Introduction to the iSeries operating system and Control Language commands. Physical and logical files are illustrated, using SEU, PDM, and DLU. CLP and SDA are also discussed.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
INFO1371	Hardware Installation & Maintenance	L	20	30	3
<i>Prerequisites: INFO1151, INFO1161, and MATH1040 or higher—Computer Info Tech. INFO1161 and ELEC1317—Electronics.</i>					
Overview of computer system components. Fundamental concepts of installation, interfacing, and preventive maintenance.					
INFO1381	Data Communications & Networking	L	40	15	4.5
<i>Prerequisites: INFO1121, INFO1151, and INFO1161.</i>					
Introduction to data communications and network terminology. Concepts related to network services, data transmission, and protocols.					
INFO1391	TCP/IP	L	30	-	3
<i>Prerequisite: INFO1381.</i>					
An in-depth coverage of all the salient models, protocols, services, and standards that govern TCP/IP.					
INFO1414	Advanced Java	L/M	30	45	4.5
<i>Prerequisite: INFO1314.</i>					
Object-oriented programming covering advanced Java topics.					
INFO1428	COBOL	M	50	100	8
<i>Prerequisites: INFO1221.</i>					
An in-depth study of the American National Standard COBOL language, ANS COBOL '85 and structured standards. Practice in coding basic business applications and business reporting functions in the related lab assignments.					
INFO1431	Web Page Fundamentals	L/M	20	30	3
<i>Prerequisites: INFO1151 and INFO1161 - Lincoln. INFO1117- Milford.</i>					
Overview of basic web page design. Create and edit web pages including text, images, hyperlinks, tables, forms, cascading style sheets.					
INFO1441	Advanced Windows Operating System	L	20	30	3
<i>Prerequisite: INFO1381 or ELEC2760.</i>					
Implement and use Windows advanced features to connect, manage, and troubleshoot Windows systems in a workgroup and domain environment.					
INFO1443	Help Desk Concepts	L	20	-	2
<i>Prerequisites: ENGL1010 or ENGL1015, and the following: INFO1121, INFO1211, INFO1151, and INFO1161.</i>					
Terminology, structure, and tools related to help desk operations.					
INFO1458	RPG IV	M	50	100	8
<i>Prerequisite: INFO1337.</i>					
Programming of the iSeries computer using RPG IV (Report Program Generator) language. Applications used in RPG IV illustrate basic input/output, calculations, comparisons, control breaks, tables, arrays, and data base file I/O - using DB2/400. Subfile processing is used for on-line applications.					
INFO1463	Advanced Hardware Troubleshooting	L	20	30	3
<i>Prerequisite: INFO1371.</i>					
Diagnose and correct computer hardware problems. Assemble a PC system unit.					
INFO1491	Network Security Fundamentals	L	30	-	3
<i>Prerequisites: INFO1391 and INFO1441.</i>					
Examination of information security basics focusing on the threats, trends, and ramifications related to the security practices and procedures on an Enterprise network.					
INFO1493	Advanced Microsoft Access	L	-	60	2
<i>Prerequisite: INFO1211.</i>					
Advanced database techniques using Access.					
INFO1501	Integrated Applications	L	-	90	3
<i>Prerequisites: INFO1121, INFO1131, and INFO1211.</i>					
Project based course covering advanced topics and integration of word processing, spreadsheet, database, and presentation software.					
INFO1511	Advanced Database Concepts	L	20	30	3
<i>Prerequisite: INFO1311.</i>					
Advanced topics in database management. Topics include database relationships, SQL, and additional work with DBMS software.					
INFO1515	Database Administration	L	20	30	3
<i>Prerequisite: INFO1311.</i>					
Introduction to the database administration concepts using Microsoft SQL Server. Topics include creating and managing databases, tables, indexes, views, stored procedures, triggers, and user-defined functions. Additional topics include installation issues and management tools.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
INFO1521	Web Graphics	L	15	15	2
<i>Prerequisite: INFO1431.</i>					
Techniques for adding graphical information onto a web page using Photoshop.					
INFO1522	Web Layout	L	-	60	2
<i>Prerequisite: INFO1431.</i>					
Introduction to Dreamweaver for web page development.					
INFO1525	Web Server Scripting	L	30	45	4.5
<i>Prerequisites: INFO1314, INFO1325, INFO1511, and INFO2564.</i>					
Server-side scripting techniques for web database access.					
INFO1541	Social & Ethical Issues in Information Technology	L	20	-	2
<i>Prerequisites: ENGL1010 or ENGL1015 and the following: INFO1121, INFO1151.</i>					
Study of ethical and social implications of computer technology.					
INFO2513	Troubleshooting Techniques	L	20	30	3
<i>Prerequisite: INFO2543.</i>					
Instructor supervised simulation requiring students to troubleshoot computer-related problems.					
INFO2514	Java Server Programming	L/M	30	45	4.5
<i>Prerequisites: INFO1414 and INFO1431.</i>					
Skills needed to develop and implement web-based database applications using Java servlets, Java server pages, and JDBC database techniques.					
INFO2528	Advanced COBOL	M	50	75	7.5
<i>Prerequisites: INFO1428 and INFO2678.</i>					
An advanced study of the American National Standard COBOL language, (ANS COBOL /85). Programming techniques include multiple level table and variable length record processing, alternate index processing and embedded SQL, VSAM file processing, COBOL internal sort, and subprograms. Programming experience to apply the advanced techniques in the related lab assignments.					
INFO2531	Linux Operating System	L	15	15	2
<i>Prerequisites: INFO1151 and INFO1161.</i>					
Fundamental concepts and use of the Linux operating system.					
INFO2543	Workplace Communication Skills	L	15	15	2
<i>Prerequisites: ENGL1010 or ENGL1015 and the following: INFO1131, INFO1214, INFO1311, INFO1381, INFO1431.</i>					
Skills and techniques necessary in an IT work environment including communications, teaming, customer service, and conflict management.					
INFO2548	Customer Information Control System Programming	M	50	100	8
<i>Prerequisites: INFO2514, INFO1428, INFO2678.</i>					
Study of primary Command Level CICS concepts and applications programming instructions. Lab experience will allow student to write a common business on-line application using CICS, VSAM & DB2/SQL.					
INFO2554	C++	L	30	45	4.5
<i>Prerequisite: INFO1314.</i>					
Introduction to object-oriented programming using C++.					
INFO2558	Systems Analysis & Design	M	50	-	5
<i>Prerequisites: INFO1428 and INFO1431.</i>					
System concepts and terms, program definition, interviewing techniques, and specific requirements for a computer system. Project groups will design systems for the INFO2638 Computer Programming Projects course.					
INFO2564	Visual Basic	L	30	45	4.5
<i>Prerequisite: INFO1214.</i>					
Program coding in Visual Basic.NET using a graphical interface.					
INFO2565	Visual Basic	M	30	45	4.5
<i>Co-requisites: INFO1111, INFO1117, & INFO1217.</i>					
Program coding in Visual Basic.NET using a graphical interface.					
INFO2581	Network Security Systems	L	20	30	3
<i>Prerequisites: INFO1491 and INFO2585.</i>					
Provides an in-depth exploration of various methods for attacking and defending a network.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
INFO2585	Windows Server Administration	L	40	15	4.5
<i>Prerequisites:</i> INFO1371, INFO1391, and INFO1441.					
Skills needed for managing a Windows network including configuring, administering, and troubleshooting user accounts, groups, and network security. Students create, configure, and manage network printing and file and web services in an Active Directory environment.					
INFO2591	Advanced Network Security	L	20	30	3
<i>Prerequisite:</i> INFO2581.					
Emphasis on intrusion detection and essential practices, such as developing and implementing a security policy.					
INFO2594	Team Program Design	L	10	15	1.5
<i>Prerequisites:</i> INFO1314 and either INFO1414 or INFO2664.					
Use proper techniques to develop and document the design of a complete system project.					
INFO2611	CIT Practicum	L	-	90	3
<i>Prerequisite:</i> Permission of Program Chair.					
Students spend 90 hours at a work site applying computer knowledge and skills in career interest area. Exact nature of work varies. Individual objectives established for each student.					
INFO2620	Networking Concepts	M	25	25	3
<i>Prerequisite:</i> INFO1151.					
Introduction to network concepts and terminology as it relates to the various types of networks, protocols, topologies and security issues.					
INFO2631	Linux Network Administration	L	40	15	4.5
<i>Prerequisites:</i> INFO1371, INFO1391, and INFO2531.					
Skills needed for managing a Linux based network, including installation, using resources, security and setting up users.					
INFO2638	Applied Business Solutions	M	-	150	5
<i>Prerequisites:</i> INFO1325, INFO2528, INFO2548 and INFO2558.					
Projects to apply programming languages and systems design in the creation of the total application of an Information System. Student groups work with industry and are responsible for file design, programming operations, documentation, and management output. Formal presentation of the completed system is required.					
INFO2664	Advanced Visual Basic	L/M	30	45	4.5
<i>Prerequisites:</i> (INFO1311 or INFO1217) and (INFO2564 or INFO2565.)					
Advanced programming in Visual Basic.NET stressing object-oriented programming techniques.					
INFO2670	Desktop Support	L	40	15	4.5
<i>Prerequisites:</i> INFO2513 and INFO2585.					
Skills and knowledge to support end users in a Microsoft Windows environment.					
INFO2674	ASP.NET Using Visual Basic	L	30	45	4.5
<i>Prerequisite:</i> INFO2664.					
Object-oriented programming in Visual Basic.NET.					
INFO2678	DB2 Database Application & SQL	M	30	20	3.5
<i>Prerequisite:</i> INFO1217. <i>Co-requisite:</i> INFO1428.					
Introductory course of IBM's DB2 Database Management System accessed with SQL (Structured Query Language).					
INFO2694	Team Program Implementation	L	10	60	3
<i>Prerequisites:</i> INFO2594 and either INFO1525 or both INFO1414 and INFO2664.					
Develop projects applying system design and programming languages in the creation of a total computer application.					
INFO2695	Advanced Windows Server	L	20	30	3
<i>Prerequisite:</i> INFO2585.					
In-depth coverage of planning, implementing, configuring, maintaining, and troubleshooting an Active Directory infrastructure using Windows Server.					
INFO2697	Networking Capstone	L	15	45	3
<i>Prerequisites:</i> INFO2631 and INFO2695.					
Project-based course implementing and maintaining network infrastructures.					
INFO2698	Programmer Portfolio Development	L	-	30	1
<i>Prerequisite:</i> INFO2594.					
Using previous course training, students develop a capstone portfolio of programs to present to potential employers. Students will be expected to document and defend their portfolio content.					
INFO2800	Advanced Technologies	L	-	60	2
<i>Prerequisite:</i> Permission of Program Chair.					
Study of advanced technology topics in computers.					

JDAT • JOHN DEERE TECH

JDAT1140	John Deere Fundamentals & Safety	M	45	30	5.5
The proper use and care of power and hand tools. Encompasses micrometers, dial indicators, torque wrenches, twist drills, tap, dies, screw extractors, thread restoration, tube fittings, and fasteners. Safety, product labels and material safety data sheets, and handling of hazardous materials will be explained. Safe forklift operation will be covered.					
JDAT1142	John Deere Orientation	M	30	45	4.5
This course provides an introduction to the John Deere product line, manuals, time management, engine classifications, and serial numbers. Warranty, shop tickets, and John Deere service department policy and procedures are explained as well as an introduction to John Deere Service ADVISOR.					
JDAT1144	John Deere Welding	M	10	20	1.5
Theory and practice of oxyacetylene braze welding and cutting including proper operation of equipment. Principles, safety, procedures, and application of gas metal arc welding (MIG).					
JDAT1146	John Deere Electrical/Electronics I	M	84	36	9
Basic electrical principles and applications of magnetism, electromagnetism, and the safe utilization of electrical test meters are covered. The design, construction, and safe operation and testing of lead acid batteries is part of this class. Principles of operation, testing, and repair of ignition systems, cranking systems, and charging systems are included.					
JDAT1240	John Deere Theory of Engine Operation	M	40	20	4.5
<i>Prerequisites:</i> JDAT1140 through JDAT1146.					
This course deals with basic physical principles, operation, and construction of two and four stroke cycle engines. It includes ignition timing of four stroke cycle engines to factory specifications. Basic diagnostic engine test procedures will be practiced on spark and compression ignition engines. This course also covers the types of internal combustion engine cooling systems, lubrication systems, air intake systems, and exhaust systems.					
JDAT1242	John Deere Engine Repair	M	50	112	8.5
<i>Prerequisites:</i> JDAT1140 through JDAT1146.					
Course contains basic theory, construction, and operation of engine valve train and cylinder head. It includes valve timing and adjustments of actual John Deere engines. Basic procedures and operation of valve and seal reconditioning will be performed on actual cylinder heads. Design, construction, operation, and service methods for the following engine components: crankshafts, connecting rods, piston assemblies, cylinder liners, bearings, and related engine accessories. Activities include disassembly, inspection, measurements, reassemble, and adjustments performed on John Deere engines.					
JDAT1244	John Deere Fuel Systems	M	30	18	3.5
<i>Prerequisites:</i> JDAT1140 through JDAT1146.					
Operation, theory, testing, and repair methods for spark ignition engine fuel system along with normal and abnormal combustion theory. Fuel production, testing, storage, and handling are also covered. The theory of diesel fuel injection system includes injection pump and nozzle components, fuel flow, and fuel filtering systems. Maintenance procedures including proper removal, installation, and timing of fuel injection pumps is also covered.					
JDAT1246	John Deere Tractor Performance	M	20	10	2
<i>Prerequisites:</i> JDAT1140 through JDAT1146.					
This course deals with proper performance of John Deere agricultural tractors. Techniques and procedures for determining percentage of tractor slippage and ballast are covered. Engine performance test equipment, procedures, results, and corrections will be covered.					
JDAT1370	Dealer Cooperative Experience	M	-	480	12
<i>Prerequisites:</i> JDAT1140 through JDAT1246.					
On-the-job experience in a John Deere agricultural dealership. Application of skills and concepts learned in previous quarters. Supervised by Southeast Community College-Milford Campus John Deere Tech Instructors.					
JDAT1440	John Deere Heating/Air Conditioning	M	30	30	4
<i>Prerequisites:</i> JDAT1140 through JDAT1370.					
Theory, operation, and repair of John Deere air conditioning, heating, and ventilation systems including operation of recovery/recycling equipment. Retrofit procedures for converting equipment from R-12 to R134A refrigerant is also covered. Operation and repair of Climate Control Systems as used on John Deere Agricultural Equipment is included.					
JDAT1442	John Deere Electrical/Electronics II	M	60	30	7
<i>Prerequisites:</i> JDAT1140 through JDAT1370.					
Review of electrical fundamentals and safe operation of meters is included. An introduction to combine and tractor electrical systems are included as well as troubleshooting techniques for circuit diagnosis using electrical schematics. Testing electrical circuits with meters is part of the lab exercises. Basic CAN BUS and AMS components are included.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
JDAT1446	John Deere Hydraulics I	M	60	15	6.5
<i>Prerequisites: JDAT1140 through JDAT1370.</i>					
Introduction to basic hydraulic concepts, principles, symbols, and safety. Theory and construction of open-center and closed-center systems; pumps, valves, cylinders, motors, accumulators, and testing equipment as used on Waterloo built row-crop tractors.					
JDAT1448	John Deere Power Trains I	M	60	15	6.5
<i>Prerequisites: JDAT1140 through JDAT1370.</i>					
Theory, function, and operation of gears, chains, clutches, planetary gears, drive lines, differentials, and transmissions. Design, construction, operation, and service methods of bearings, seals, and shafts.					
JDAT2540	John Deere Hydraulics II	M	130	20	13.5
<i>Prerequisites: JDAT1140 through JDAT1448.</i>					
John Deere row-crop tractor theories of operation of low pressure, high pressure, and control systems. Theory and function of load sense systems, cooling lube circuits, and pilot oil. Diagnostic testing and repair of hydraulic components and systems.					
JDAT2542	John Deere Power Trains II	M	110	40	12
<i>Prerequisites: JDAT1140 through JDAT1448.</i>					
Theory of power transmission from engine to traction wheels. Complete disassembly, inspection, and reassembly of John Deere clutches, 2-speed planetary, differentials, final drives, mechanical front-wheel drive, power takeoffs, and transmissions as used in Waterloo built row-crop tractors. Syncro-range, quad-range, and powershift transmission, repair, adjustment, and diagnostics.					
JDAT2670	Dealer Cooperative Experience	M	-	480	12
<i>Prerequisites: JDAT1140 through JDAT2542.</i>					
On-the-job experience in a John Deere agricultural dealership. Application of skills and concepts learned in previous quarters. Supervised by Southeast Community College-Milford Campus John Deere Tech Instructors.					
JDAT2740	John Deere Hydraulics III	M	21	15	2.5
<i>Prerequisites: JDAT1140 through JDAT2670.</i>					
Principles, function, and application of low and high pressure systems as used in four wheel drive, 6000, and 7000 series John Deere tractors. Construction, fluid flow and testing of hydraulic components and systems.					
JDAT2742	John Deere Power Trains III	M	21	15	2.5
<i>Prerequisites: JDAT1140 through JDAT2670.</i>					
Theory of function and operation of power trains as applied to the four wheel drive, 6000, and 7000 series tractors. Two speed planetary, quad-range, and power dividers. Function, repair, and adjustment of the 12 and 24 speed mechanical transmissions, auto-quad, powr-quad, and the 12 speed, 18 speed, and 19 speed powershifts.					
JDAT2744	John Deere Tillage and Seeding Equipment	M	20	10	2
<i>Prerequisites: JDAT1140 through JDAT2670.</i>					
This course covers the theory, design, principles of operation and adjustment, troubleshooting and repair of tillage equipment and planting equipment. Primary, secondary, and row crop tillage tools will be covered as well as row crop planters and grain drills.					
JDAT2746	John Deere Harvesting Equipment	M	60	30	7
<i>Prerequisites: JDAT1140 through JDAT2670.</i>					
This course covers the theory, design, principles of operation and adjustment, and troubleshooting of harvesting equipment. Emphasis will be place in inspection and repair of all combine operational systems as well as the header systems.					
JDAT2748	John Deere Electrical/Electronics III	M	30	30	4
<i>Prerequisites: JDAT1140 through JDAT2670.</i>					
Review of electrical fundamentals and introduction to basic electronics, plus the procedures and use of a digital multimeter in testing electrical circuits is covered. Troubleshooting techniques for circuit diagnosis using electrical schematics is included. The function, operation, and testing of semiconductors and transistors is covered along with microprocessor operation, including inputs and outputs. Testing of tractor circuits including lighting, accessory, safety, instrumentation and gauges is a part of the lab exercises. Electronic monitoring systems used on planting and harvesting equipment is also covered.					
JDAT2750	John Deere Advanced Technologies	M	30	18	3.5
<i>Prerequisites: JDAT1140 through JDAT2670.</i>					
Operation, theory, testing, and repairs of precision farming tools to include Global Positioning Systems as used for Ag Management Solutions. Included are parallel tracking (guidance systems), yield mapping/monitoring, field documentation (acre counters, fuel consumption, periodical maintenance of machine, etc.), map-based seeding, Accu-depth (tillage machines), and Crop Verifeye (tracing crop from planting to harvest).					

JDCE • DEERE CONSTRUCTION & FORESTRY EQUIPMENT TECH

JDCE1130	Deere Orientation	M	30	45	5.5
This course provides an introduction to the John Deere product line, manuals, time management, engine classifications, and serial numbers. Warranty, shop tickets, and John Deere service department policy and procedures are explained as well as an introduction to John Deere Service ADVISOR and Parts Pro.					
JDCE1131	Deere Fundamentals	M	45	30	4.5
The proper use and care of power and hand tools. Encompasses micrometers, dial indicators, torque wrenches, twist drills, taps, dies, screw extractors, thread restoration, tube fittings, and fasteners. Safety, product labels, and material safety data sheets, and handling of hazardous materials will be explained. Safe forklift operation will be covered.					
JDCE1132	Deere Welding I	M	10	20	1.5
Theory and practice of oxyacetylene braze welding and cutting including proper operation of equipment. Principles, safety procedures, and application of gas metal Arc welding (MIG) on sheet metal.					
JDCE1133	Deere HVAC	M	40	50	5.5
Theory, operation, and repair of Deere heating, ventilation, and air-conditioning systems. Includes proper operation of recovery/recycling equipment and leak detection equipment. Retrofit procedures for converting a system from R-12 to R-134A refrigerant. Operation and repair of Climate Control as used on Deere Construction and Forestry Equipment is included. Safety is stressed in this course.					
JDCE1134	Deere Electrical/Electronics I	M	84	36	9
Basic electrical principles and applications of magnetism, electromagnetism, and the safe utilization of electrical test meters are covered. The design, construction, and safe operation and testing of lead acid batteries is part of this class. Principles of operation, testing, and repair of ignition systems, cranking systems, and charging systems are included. Safety is stressed in this course.					
JDCE1340	Deere Theory of Engine Operation	M	40	20	4.5
Study of basic physical principles, operation, and construction of two and four stroke cycle engines. Ignition timing of four-stroke cycle engines to factory specifications. Basic diagnostic engine test procedures will be practiced on spark and compression ignition engines. This course also covers the types of internal combustion engine cooling systems, lubrication systems, air intake systems, and exhaust systems. Safety training is included.					
JDCE1341	Deere Fuel Systems	M	30	18	3.5
Operation, theory, testing, and repair methods for spark ignition engine fuel systems along with normal and abnormal combustion theory. Fuel production, testing, storage, and handling are also covered. The theory of diesel fuel injection system includes the injection pump, and nozzle components, fuel flow, and fuel filtering systems. Maintenance procedures including proper removal, installation, and timing of fuel injection pumps is also covered. Safety is stressed.					
JDCE1342	Deere Engine Repair	M	50	112	8.5
Basic theory, construction, and operation of engine valve train and cylinder head. Valve timing and adjustments of Deere engines. Design, construction, operation, and service methods for the following engine components: crankshafts, connecting rods, piston assemblies, cylinder liners, bearings, and related engine accessories. Lubrication systems, lubrication systems, and oil filtration systems. Disassembly, inspection, measurements, reassembly, and adjustments performed on Deere diesel engines. Safety is included.					
JDCE1343	Deere Electrical/Electronics II	M	50	60	7
Review of electrical fundamentals including cranking motors, alternators, and ignition systems. An introduction to basic electronics is part of this course along with procedures and use of a digital multi-meter in electrical circuits. Techniques of circuit diagnosis using electrical schematics. Function, operation and testing of semiconductors and transistors. Microprocessor operation, including inputs and outputs. Testing of machine circuits including lighting, accessory, instrumentation, and gauges. Lab projects include the repair procedures and testing of cranking motors and alternators. Safety is stressed in this course.					
JDCE1344	Deere Engine Performance	M	20	10	2
This course deals with the performance of Deere engines. Engine performance test equipment, procedures, results, and corrections will be covered. Safety is stressed.					
JDCE1441	Deere Advanced Fuel Systems & Engine Diagnostics	M	40	60	6
Review of Deere fuel injection systems including the theory, operation, fuel flow, diagnostics, repair procedures and adjustments of the common rail fuel system. Correct procedures for the diagnosis of engine malfunctions are discussed in the classroom. Lab projects are utilized to allow the student to experience engine problems and make the necessary repairs and/or adjustments to correct these malfunctions. Safety training is included.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
JDCE1470	Dealer Cooperative Education	M	-	480	12
On the job experience in a Deere construction equipment dealership. Application of skills and concepts learned in previous terms. Supervised by Southeast Community College – Milford Campus Deere Construction Equipment instructor. Safety rules/procedures are included in this course.					
JDCE2550	Deere Mechanical Power Trains	M	60	40	7
Theory of power transmission from engine to traction wheels. Function and operation of gears, clutches, planetary gears, drive lines, differentials, and transmissions. Lab exercises will include disassembly, inspection, adjustment, and reassembly of clutches, differentials, final drives, mechanical front-wheel drive, power takeoffs, mechanical, and power shift transmissions. Safety training will be included.					
JDCE2551	Deere Hydraulics	M	50	30	6
Principles and application of theory, construction, fluid flow, operation, testing, disassembly, inspection, repair, reassembly, and testing of hydraulic components and systems as used in Deere construction equipment. Safety is stressed.					
JDCE2552	Deere Hydrostatic Drives	M	50	40	6
Principles and application of theory, construction, fluid flow, operation, testing, disassembly, inspection, repair, reassembly, and testing of hydrostatic components and systems as used in Deere construction equipment. Safety is stressed.					
JDCE2553	Deere Welding II	M	5	25	1
Principles and application of arc welding in the flat, horizontal, and vertical positions. Practice with Air Carbon, Arc cutting and the study of basic metals and metals properties as applied to Deere Construction and Forestry Equipment.					
JDCE2670	Dealer Cooperative Education	M	-	480	12
<i>Prerequisites: JDCE1130 through JDCE2553.</i> On the job experience in a Deere construction equipment dealership. Application of skills and concepts learned in previous quarters. Supervised by the Southeast Community College-Milford Campus Deere Construction Equipment instructor.					
JDCE2760	Deere Back Hoes/Landscape Loaders	M	30	16	3.5
Theory, design, uses, principles of operation, adjustments, troubleshooting, and repair of Deere Back Hoes/Landscape Loaders utilizing Service ADVISOR. Students will experience actual operation of equipment as available. Safety is stressed.					
JDCE2761	Deere Excavators	M	30	16	3.5
Theory, design, uses, principles of operation, adjustments, troubleshooting, and repair of Deere Excavators utilizing Service ADVISOR. Students will experience actual operation of equipment as available. Safety training will be included.					
JDCE2762	Deere Crawler Dozers/Loaders	M	30	16	3.5
Theory, design, uses, principles of operation, adjustments, troubleshooting, and repair of Deere crawler dozers/loaders utilizing Service ADVISOR. Students will experience actual operation of equipment as available. Safety is stressed.					
JDCE2763	Deere Motor Graders	M	25	16	3
Theory, design, uses, principles of operation, adjustments, troubleshooting, and repair of Deere motor graders utilizing Service ADVISOR. Students will experience actual operation of equipment as available. Safety is stressed.					
JDCE2764	Deere Four Wheel Drive Loaders	M	30	16	3.5
Theory, design, uses, principles of operation, adjustments, troubleshooting, and repair of Deere four wheel drive loaders utilizing Service ADVISOR. Students will experience actual operation of equipment as available. Safety training will be included.					
JDCE2765	Deere Skid Steer Loaders	M	10	5	1
Theory, design, uses, principles of operation, adjustments, troubleshooting, and repair of Deere skid steer loaders utilizing Service ADVISOR. Students will experience actual operation of equipment as available. Safety is stressed.					
JDCE2766	Deere 4WD Tractors/Articulated Trucks	M	30	15	3.5
Theory, design, uses, principles of operation, adjustments, troubleshooting, and repair of Deere 4WD tractors and articulated trucks utilizing Service ADVISOR. Students will experience actual operation of equipment as available. Safety training will be included.					

JOUR • JOURNALISM

JOUR1810	Introduction to Mass Communication	B	45	-	4.5
Survey of mass media, their roles, organization, personnel and procedures. Introduction to news writing style and technique. Writing assignments for campus newspaper.					
JOUR1820	News Writing & Reporting	B	45	-	4.5
<i>Prerequisite: Eligible for ENGL1010 or ENGL1015.</i> Study of basic techniques of news gathering and news writing. Writing assignments for campus and area newspapers.					
JOUR1840, 1880, 2840, 2880	Publications Production	B	-	30	1.5
<i>Prerequisite: Permission of the instructor.</i> Individualized Study. Assigned work in news writing, photography, and/or page design and makeup to be published in the campus newspaper and/or other publications as assigned. Emphasis is on publishable work. Assignments are based on student's knowledge of and experience in news writing, photography, and page design and makeup.					
JOUR2965	Communication Internship Seminar	B	15	-	1.5
<i>Prerequisite: Grade of C or better in JOUR1820 and PHOT2750 or by permission.</i> Preparation for the internship in the mass communication field or location where mass communication knowledge and skills are the primary requirements includes guidance by professional staff in an employment simulation.					
JOUR2970	Communication Internship	B	-	120	3
<i>Prerequisites: Grade of C or better in JOUR2965.</i> Internship in mass communication field or location where mass communication knowledge and skills are the primary requirements. Guidance from professional staff in employment simulation.					

LBST • LABORATORY SCIENCE TECHNOLOGY

LBST1100	Laboratory Science Orientation	L	10	-	1
Overview of Laboratory Science Technology for new or prospective students. Employment expectations, content of courses, curriculum chronology and other items of concern to new students. Tours of local employment facilities.					
LBST1101	Applied Chemistry I	L	33	-	3
Introductory course in chemistry. Basic chemical concepts. Atomic structure, periodic table, chemical bonding, organic chemistry.					
LBST1102	Applied Chemistry II	L	33	-	3
<i>Prerequisite: LBST1101 and LBST1111 or equivalent.</i> Continuation of introductory chemistry. Measurement, stoichiometry, gas laws, solution preparation, chemical equilibrium and acid/base concepts.					
LBST1111	Applied Chemistry I Laboratory	L	-	33	1.5
<i>Laboratory course to accompany LBST1101.</i> Emphasizes qualitative analysis.					
LBST1112	Applied Chemistry II Laboratory	L	-	33	1.5
<i>Laboratory course to accompany LBST1102.</i> Practice of concepts learned in LBST1102.					
LBST1121	Analytical Chemistry for Technicians I	L	33	-	3
<i>Prerequisites: LBST1102 and LBST1112 or equivalent.</i> Introduction to classical quantitative chemical analysis emphasizing gravimetric and titrimetric analysis. Sampling and sample preparation, statistical data analysis, chemical equilibrium, acid/base and complex ion chemistry, and oxidation-reduction.					
LBST1131	Analytical Chemistry I Laboratory	L	-	44	1.5
<i>Laboratory course to accompany LBST1121.</i> Practice of concepts learned in LBST1121.					
LBST1161	Organic Chemistry	L	33	-	3
<i>Prerequisites: LBST1102 and LBST1112 or equivalent.</i> Organic chemistry emphasizing nomenclature, physical properties, reactions and structure including elementary infrared spectroscopy.					
LBST1171	Organic Chemistry Laboratory	L	-	33	1
<i>Laboratory course to accompany LBST1161.</i> Practice of concepts learned in LBST1161.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
LBST1201	Structure & Function of Organisms	L	33	-	3
Introductory biology course stressing basic biological principles, taxonomy, anatomy, physiology and embryology. Fulfills biology Elective requirements.					
LBST1205	Introductory Biology	L	33	-	3
Basic biology course emphasizing cellular and molecular biology. Cell structure and function, the nature of heredity and metabolism.					
LBST1208	Ecology	L	33	-	3
Basic biology course concerned with the interrelationships among organisms and their environments. Emphasis on the roles of microorganisms. Fulfills biology Elective requirements.					
LBST1211	Structure & Function of Organisms Laboratory	L	-	33	1.5
<i>Laboratory course to accompany LBST1201.</i> Practice of concepts learned in LBST1201.					
LBST1215	Introductory Biology Laboratory	L	-	33	1.5
<i>Laboratory course to accompany LBST1205.</i> Practice of concepts learned LBST1205.					
LBST1221	Introduction to Microbiology	L	22	-	2
<i>Prerequisites: LBST1205 and LBST1215 or equivalent.</i> Survey course introducing students to various types of microorganisms. Cell structure, history, and growth of microorganisms. Microscopic examination and handling of cultures.					
LBST1231	Introduction to Microbiology Laboratory	L	-	44	1.5
<i>Laboratory course to accompany LBST1221.</i> Practice of concepts learned in LBST1221.					
LBST1301	Water Quality	L	33	-	3
Introduction to natural aquatic environment. Physical, biological and chemical characteristics of freshwater in ponds, lakes, reservoir, and rivers. Addresses water quality issues for water and wastewater treatment. Identification of what constitutes pollution of natural water systems.					
LBST1401	Introduction to Biotechnology	L	10	10	1.5
<i>Prerequisite: Declared Agriculture Business & Management Technology or Laboratory Science Technology Students.</i> Explanation of biotechnology, introductory lab exercises and career information.					
LBST1411	Survey of Biology and Microbiology	L	30	-	3
<i>Prerequisite: LBST1401. Co-requisite: LBST1412.</i> A survey course in basic biology and microbiology. Includes and introduction to biomolecules, proteins, nucleic acids, lipids, and carbohydrates, cell structure and function, basic metabolism, and growth and reproduction of microorganisms.					
LBST1412	Survey of Biology and Microbiology Laboratory	L	-	30	1.5
<i>Prerequisite: LBST1401. Co-requisite: LBST1411.</i> Basic laboratory exercises in biology and microbiology including microscopy, handling bacterial cultures, and metabolic testing.					
LBST1421	Survey of Chemistry	L	33	-	3.0
<i>Co-requisite: LBST1422.</i> A survey course in basic chemistry principles. Topics include properties and structure of matter, names and formulas of inorganic compounds, significant figures and the metric system, moles and equations, solutions, chemical equilibrium, acids and bases, and organic chemistry.					
LBST1422	Survey of Chemistry Laboratory	L	-	33	1.5
<i>Co-requisite: LBST1421. Laboratory course to accompany LBST1421.</i> Practice of concepts learned in LBST1421.					
LBST1431	Biotechnology I	L	30	-	3
<i>Prerequisites: LBST1401, 1411, 1412, 1421, 1422.</i> <i>Co-requisite: LBST1432.</i> Overview of biotechnology with a focus on general biochemistry, the structure and function of biomolecules, and a review of applicable principles of organic chemistry.					
LBST1432	Biotechnology I Laboratory	L	-	30	1.5
<i>Prerequisites: LBST1401, 1411, 1412, 1421, 1422.</i> <i>Co-requisite: LBST1431.</i> Laboratory exercises in biotechnology, protein analysis, and elementary nucleic acid analysis.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
LBST1441	Water/Wastewater Chemistry and Microbiology	L	30	-	3
<i>Co-requisite: LBST1442.</i> Survey class dealing with the chemistry, microbiology, and treatment of water and wastewater. Includes water quality parameters and the chemical processes involved in the treatment of water-to-drinking-water quality. Covers the biological and chemical treatment processes involved in wastewater discharged into public waterways. Water quality issues including standards, sampling, and analysis of water and wastewater.					
LBST1442	Water/Wastewater Chemistry and Microbiology Laboratory	L	-	30	1.5
<i>Co-requisite: LBST1441.</i> Practice of concepts learned in LBST1441.					
LBST2122	Analytical Chemistry for Technicians II	L	33	-	3
<i>Prerequisites: LBST1121 and LBST1131.</i> Introduction to instrumental analytical chemistry emphasizing molecular and atomic spectroscopy. UV/visible absorption and emission, IR and FTIR, NMR, and mass spectrometry, flame atomic absorption and emission, and graphite furnace, and ICP techniques. Computerized data acquisition and analysis.					
LBST2124	Analytical Chemistry for Technicians III	L	33	-	3
<i>Prerequisites or Equivalents: LBST2122 and LBST2132.</i> <i>Prerequisites: LBST1421 and LBST1422.</i> Continuation of the study of instrumental analysis chemistry emphasizing analytical separations and electroanalytical chemistry. Extraction, chromatography, gas chromatography, high performance liquid chromatography, potentiometry and voltammetry. Computerized data handling methods.					
LBST2125	Instrumental Analytical Chemistry	L	33	-	3
<i>Prerequisites: LBST1121 and LBST1131.</i> Introduction to instrumental analytical chemistry emphasizing molecular spectroscopy, atomic spectroscopy, gas chromatography, high performance liquid chromatography and potentiometry. Fulfills requirement of Medical Laboratory Technician program only.					
LBST2132	Analytical Chemistry II Laboratory	L	-	33	1
<i>Laboratory course to accompany LBST2122.</i> Practice of concepts learned in LBST2122.					
LBST2134	Analytical Chemistry III Laboratory	L	-	33	1
<i>Laboratory course to accompany LBST2124.</i> Practice of concepts learned in LBST2124.					
LBST2135	Instrumental Analytical Chemistry Laboratory	L	-	33	1
<i>Laboratory course to accompany LBST2125.</i> Practice of concepts learned in LBST2125.					
LBST2162	Biochemistry I	L	33	-	3
<i>Prerequisites: LBST1205 or equivalent.</i> Examination of the chemistry of life with special emphasis on structure and function of biomolecules such as proteins. Review of organic chemistry. Basic techniques used to isolate and study biomolecules.					
LBST2163	Biochemistry II	L	22	-	2
<i>Prerequisites: LBST2162 and LBST2172 or equivalent.</i> Continuation of Biochemistry I with emphasis on biotechnology, metabolism and chromatographic, spectroscopic and electrophoretic laboratory methods.					
LBST2172	Biochemistry I Laboratory	L	-	33	1
<i>Laboratory course to accompany LBST2162.</i> Practice of concepts learned in LBST2162.					
LBST2173	Biochemistry II Laboratory	L	-	44	1.5
<i>Laboratory course to accompany LBST2163.</i> Practice of concepts learned in LBST2163.					
LBST2261	Sanitation	L	15	15	2
<i>Prerequisites: LBST1221 and LBST1231 or equivalent.</i> Study of cleaning and sanitizing procedures related to industrial settings. Microbial spoilage, food poisoning and other topics related to food microbiology.					
LBST2265	Applied Microbiology	L	22	-	2
<i>Prerequisites: LBST1221 and LBST1231 or equivalent.</i> Study of man's interaction with microorganisms. Immunology, the nature of infectious diseases, resistance to diseases.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
LBST2275	Applied Microbiology Laboratory <i>Laboratory course to accompany LBST2265.</i> Practice of concepts in microbiology, including media preparation, culture techniques, media selection and identification of pathogens.	L	-	66	2
LBST2302	Water & Wastewater Technology <i>Prerequisite: LBST1301 or permission.</i> Study of development, design and operation of public water supply systems and pollution control facilities. Wells, water treatment plants, distribution systems, wastewater collection systems, design and operation of wastewater treatment plants. Basic types of pumps, motors and valves are included as part of the preparation for the state water certification exam.	L	33	-	3
LBST2303	Water-Wastewater Analysis <i>Prerequisite: LBST2302 or permission.</i> Standard techniques for water/wastewater analysis. Basic laboratory procedures and techniques. Environmental sample collection and preservation, precision, records and interpretation of results from analysis.	L	22	-	2
LBST2313	Water-Wastewater Analysis Laboratory <i>Laboratory course to accompany LBST2303.</i> Practice of concepts learned in LBST2303.	L	-	44	1.5
LBST2321	Hazardous Materials Introduction to the nature, handling, storage and disposition of hazardous materials. Protection in a laboratory setting. Descriptions of hazardous materials, protective equipment, reading an MSDS, disposal, health effects and transportation of hazardous materials. Review of various legislation governing hazardous materials including Right to Know, SARA, RCRA, CERCLA – and others.	L	33	-	3
LBST2400	Laboratory Skills Competency <i>Prerequisite: Must be in final quarter of enrollment.</i> Practical examinations by instructors in the Laboratory Science Technology program. Students tested individually on lab skills: solution preparation, pipetting, titrations, microbiological culture media preparation, sterile technique, instrumentation and safety.	L	10	-	.5
LBST2406	Quality in the Analytical Laboratory <i>Pre- or Co-requisite: LBST2124.</i> Overview of quality assurance practices for laboratory technicians. Topic include elementary statistics, control charts, and good laboratory practices (GLP).	L	10	-	1
LBST2407	Water and Wastewater Mathematics <i>Prerequisite: LBST2302.</i> Introduction of the mathematics used for process control of water treatment, water delivery and wastewater treatment. To understand the application of this mathematics, student must take LBST2302 first.	L	10	-	1
LBST2431	Biotechnology II <i>Prerequisites: LBST1431, LBST1432. Co-requisite: LBST2432.</i> Special emphasis on industrial-nucleic acid, chemistry, metabolism, and nutrition as it related to biotechnology.	L	20	-	2
LBST2432	Biotechnology II Laboratory <i>Prerequisites: LBST1431, LBST1432. Co-requisite: LBST2431.</i> Emphasizing nucleic acid chemistry and industrial laboratory techniques in biotechnology.	L	-	30	1
LBST2441	Chemistry of Environmental Toxins <i>Prerequisites: LBST1421, 1422, 1441, 1442, and 2321. Co-requisite: LBST2442.</i> Detailed examination of toxins in soil and water, including pesticides and fertilizers, with special emphasis on methods of analysis.	L	20	-	2
LBST2442	Chemistry of Environmental Toxins Laboratory <i>Co-requisite: LBST2441.</i> Laboratory techniques for extracting and analyzing environmental toxins.	L	-	30	1
LBST2451	Bioanalysis <i>Prerequisite: LBST1421, 1422, 1431, 1432. Co-requisite: LBST2452.</i> Instrumental analysis of a variety of biologically significant molecules. Laboratory instrumental techniques such as capillary electrophoresis, high performance liquid chromatography (HPLC), gas chromatography (GC), and atomic absorption spectroscopy (AA) will be covered.	L	20	-	2
LBST2452	Bioanalysis Laboratory <i>Prerequisite: LBST1421, 1422, 1431, 1432. Co-requisite: LBST2451.</i> Emphasis on preparation of samples for instrumental analysis.	L	-	30	1

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
LBST2501/2502	Practicum Laboratory Methods I & II <i>Prerequisite: Permission of the program chair.</i> Practical, hands-on experience in a local industrial or governmental laboratory. Differentiated from LBST2522 in that student receives no pay but receives three credits for 90 clock hours spent in the laboratory. Credits in LBST2522 may be substituted for credits in this course.	L	-	90	3
LBST2522	Cooperative Education <i>Prerequisite: Permission of the program chair.</i> Part-time employment experience in a laboratory or other appropriate setting. Clock hours, pay and exact nature of work are determined by the employer. Credits in this course can be substituted in full or in part for LBST2501/LBST2502.	L	-	200	5

LIBR • LIBRARY SCIENCE

LIBR courses are offered in partnership with Central Community College, please see the Academic Transfer program for articulated samples and for contact information.

LPNS • PRACTICAL NURSING

LPNS1155	Transition to Practical Nursing <i>Prerequisites: Admission to the Practical Nursing program.</i> Introduction to the role of the Practical Nurse as a member of the healthcare team. The nursing process is used to provide safe health care according to legal, ethical, and holistic principles across the lifespan. Concepts of communication, medical asepsis, physical assessment, medical calculations and basic medication administration are introduced.	B/L	60	60	8
LPNS1156	Foundations of Practical Nursing I The focus of this course is on basic principles and procedures within the scope of practice for practical nursing. Introductory concepts of geriatric care, death and dying, complications of bedrest, thermoregulation, and calculation and administration of parenteral medications are included.	B/L	35	75	6
LPNS1157	Foundations of Practical Nursing II The focus of this course is on basic principles and procedures within the scope of practice for practical nursing. Introductory concepts of wound care, surgical asepsis, urinary needs, perioperative care, and basic concepts of fluid and electrolytes including IV therapy.	B/L	25	60	4.5
LPNS1158	Growth and Development Introduction to human development from conception to death. Explores theories of human development including several major theorists. The physical, psychosocial, cognitive, and moral aspects of development and health promotion are explored throughout the lifespan.	B/L	30	-	3
LPNS1176	Pharmacology <i>Prerequisite: BIOS1000 or BIOS1140 & BIOS2130 or BIOS1210 & BIOS1220.</i> Provides an introductory discussion of Pharmacology, drug and patient information, legal standards, drug development, drug actions and classifications across the lifespan.	B/L	30	-	3
LPNS1178	Practical Nursing Across the Lifespan I The study of patient needs along the wellness/illness continuum incorporating concepts in maternal/child health and medical/surgical nursing within the scope of practice for the practical nurse. Principles of health prevention, promotion, and maintenance are emphasized.	B/L	55	105	9
LPNS1179	Practical Nursing Across the Lifespan II A continuation of the study of patient needs along the wellness/illness continuum incorporating concepts in maternal child health, medical/surgical nursing within the scope of practice for the practical nurse. Principles of health prevention, promotion, and maintenance are emphasized.	B/L	55	105	9
LPNS1180	Practical Nursing Across the Lifespan III A continuation of the study of patient needs along the wellness/illness continuum incorporating concepts in more complex medical/surgical nursing within the scope of practice for the practical nurse. Principles of health prevention, promotion, and maintenance are emphasized.	B/L	55	105	9
LPNS1181	Practical Nursing Across the Lifespan IV A continuation of the study of patient needs along the wellness/illness continuum incorporating concepts in more complex medical/surgical nursing within the scope of practice for the practical nurse. Principles of health prevention, promotion, and maintenance are emphasized.	B/L	55	105	9

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
LSCE • LAND SURVEYING / CIVIL ENGINEERING					
LSCE1110	Land Surveyors Math	M	50	-	5
This is a course to review basic mathematics and learn algebraic, geometric and trigonometric concepts as they apply in the land surveying field. Topics covered include: 1) geometric definitions and calculations of perimeter, area, and volumes of various basic and composite figures, 2) solving linear equations and systems of equations, 3) graphing linear and quadratic equations, 4) right triangle trigonometry and solving oblique triangles using Law of Sines and Cosines.					
LSCE1120	Plane Surveying	M	60	90	9
Study of the use of surveying instruments and equipment. Includes units on measurement, beginning instrument use, field notes, and taping procedures. Care of surveying instruments and surveying safety. Applications of trigonometry. Calculations of lengths of boundaries and elevation changes.					
LSCE1126	Basic Civil CAD	M	60	40	7
This course introduces computer aided drafting (CAD) and examines the hardware that makes up a CAD workstation. It also covers the operating system (Microsoft Windows) that enables the equipment to function as a unit. The course shows how to use AutoCAD to set up drawings and construct lines, circles, arcs, other shapes, geometric constructions, and text. Students will use display and editing techniques as well to obtain information about their drawings and work with drawing files. This course also introduces recommended drafting standards for students to use for properly preparing drawings with AutoCAD. This course also covers basic hand-lettering skills, drawing media, and the use of a civil engineering scale.					
LSCE1220	Engineering Surveying	M	40	60	6
<i>Prerequisites: LSCE1120, BSAD1010 or INFO1010, and LSCE1110.</i> Studies related to surveying as carried out in traversing, traverse computations, area and volume. Measuring horizontal and vertical angles using a variety of different instruments and readouts. Solving practical surveying problems using basic trigonometry. Field note forms. Safety practices. Continuation of study and application of surveying mathematics.					
LSCE1226	Civil CAD II	M	50	50	6.5
<i>Prerequisites: LSCE1126, BSAD1010 or INFO1010 & LSCE1110.</i> This course examines dimensioning, blocks, attributes, section views, external references, multiview layouts, command aliases, scripts, and object linking and embedding. Students will learn how to use AutoCAD to dimension drawings, create section lines and graphic patterns, design symbols and attributes for multiple use, and create sheet sets. Student drawings will be plotted or printed. This course also covers recommended drafting standards and practices for students to use for properly preparing drawings with AutoCAD. This course also introduces the students into the basic use of the Survey Pro RECON data collector software.					
LSCE1230	Earthwork Inspection	M	20	30	3
<i>Prerequisite: LSCE1110, and BSAD1010 or INFO1010.</i> Study of properties of soils affecting the ability to support structures such as bridges, highways, and building sites. Inspector's duties are studied regarding his/her function to ensure that a quality foundation or embankment is constructed. Areas of study include compaction, soil types, basic geology, and density and moisture of soils used in construction.					
LSCE1232	Highway Plan Reading	M	20	30	3
<i>Prerequisites: LSCE1110, and BSAD1010 or INFO1010.</i> Programmed study that teaches the fundamentals of reading and interpreting a complete set of highway plans. Continuation of study and application of surveying mathematics.					
LSCE1320	Route & Construction Surveying	M	30	70	5
<i>Prerequisites: LSCE1220, LSCE1232, and MATH1080 or higher.</i> Study of circular and vertical curves as employed in construction projects. Area and volume computations. Slope staking, building and pipeline stakeout. Fieldwork for topographic details using total station equipment, GPS and electronic data collector. Unit of study also covers sanitary sewer networks and principles of hydraulics.					
LSCE1324	Concrete Inspection	M	35	15	4
<i>Prerequisite: LSCE1230 and MATH1080 or higher.</i> Study based on the fundamental principles of cement and concrete. Understanding of cement, concrete, and concrete products as applied to the job. Reasons behind the "why" of cement and concrete. Study of ingredients, placement, and other factors which affect the quality of pavement and structures. Role of the inspector in maintaining quality control of concrete construction projects. Includes Concrete Field Testing Technician Grade I certification through the American Concrete Institute. Continuation of study and application of surveying mathematics.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
LSCE1326	Civil CAD III	M	50	100	8
<i>Prerequisite: LSCE1226 and MATH1080 or higher.</i> This course introduces Land Desktop software, drawings of subdivision plats and computer aided drafting projects. This course provides the applications of design and layout of a basic plan set. Using Land Desktop surface information, design cross section templates and apply to road design. Determine cut and fill projections. Applying and interviewing for placement, basic preparation for the on-the-job experience, and the explanation of the process used for school supervision and evaluation of the cooperative education experience.					
LSCE1400	Cooperative Education	M	-	480	12
<i>Prerequisites: LSCE1320, LSCE1324, LSCE1326, and ENGL1000/1010.</i> On-the- job experience doing surveying, drafting, or materials testing/inspection with employers. Application of skills and knowledge acquired in previous quarters.					
LSCE2520	Geodetic Surveying	M	90	60	11
<i>Prerequisites: LSCE1320.</i> Study of control surveys, state plane coordinates, photogrammetry, and global positioning systems. Application of field work using GPS for construction staking. Applications of trigonometry are used to solve surveying problems. Continuation of study and application of surveying mathematics.					
LSCE2526	Principles of Land Development	M	20	30	3
<i>Prerequisite: LSCE1326.</i> Principles of land use and development with application to the fields of surveying and civil engineering. Theory and calculations cover transportation, the environment, utility projects, plans and specifications. Includes a study of bridge plan reading.					
LSCE2546	Civil CAD IV	M	40	60	6
<i>Prerequisite: LSCE1326.</i> Study and application of AutoDESK Land Development Desktop engineering software including Civil Drafting Design, Land Desktop, Survey, and Map workspaces. Includes a full cycle of field surveying to finish drawing projects. Study and application of ArcGIS desktop software.					
LSCE2620	Boundary Control & Legal Principles	M	40	40	5
<i>Prerequisite: LSCE2520 and SPCH1090, 1110 or 2810.</i> Study of the advanced methods and equipment for making surveying measurements. Using a property description, students conduct a record history search. Field search for locating survey points and field-to-field survey, processing data and drawing is completed.					
LSCE2626	Civil CAD V	M	20	30	3
<i>Prerequisites: LSCE2546, LSCE2526, and SPCH1090, 1110 or 2810.</i> Using Land Desktop software, complete drawings using survey field notes, legal descriptions, and city plat drawings. Draw up a mortgage survey. Continuation in the use of the Survey Pro RECON software. Continuation of hand-lettering projects.					
LSCE2646	Advanced Land Development Desktop	M	25	75	5
<i>Prerequisite: LSCE2546 and SPCH1090, 1110 or 2810.</i> Study of advanced computer aided design. Use of engineering software, Autodesk Land Desktop Civil Design, survey map, and Land Desktop work space settings. Surveying field projects in electronic data collection are downloaded into the computer using LDT and Foresight DXM software.					
LSCE2667	Land Survey Systems	M	40	30	5
<i>Prerequisite: LSCE2520 and SPCH1090, 1110 or 2810.</i> Study of the Public Land system of division and the legal descriptions of plots of land, and methods for describing boundaries and locating property including easements and floodplain boundaries.					
MACH • MACHINE TOOL TECHNOLOGY					
MACH1110	Orientation	L/M	5	-	.5
Orientation to the College philosophy, goals, objectives and rules in the machine tool area.					
MACH1121	Manufacturing Processes	L/M	50	-	5
Theory and safe operation of machine and hand tools. Covers metrology, five basic machining techniques (drilling, turning, boring, milling, and grinding), tool geometry, speeds, feeds, and cutting fluids.					
MACH1156	Blueprint Reading & Drawing	L/M	20	30	3
Basic theory and laboratory work in blueprint reading, drafting, equipment utilization, lettering, and geometric constructions. Shape and size description, section views and freehand sketching.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MACH1172 Machine Tool Lab I		L/M	25	120	6.5
<i>Prerequisite: MACH1110.</i> Basic operation of the lathe, milling machine, and grinder. Laboratory experience with hand tools, metrology, metal sawing, drilling and tapping.					
MACH1222 Machine Tool Lab II		L/M	10	190	7
<i>Prerequisites: MACH1110, MACH1121 and MACH1172.</i> Practice using machine tools. Drill press, lathe, milling machine, surface grinder and cylindrical grinder.					
MACH1225 Materials of Industry		L/M	50	-	5
Introduction to materials (steel, irons, etc.) used in industry. Properties, uses, specifications, availability, heat treatment and tool steel.					
MACH1241 Machinery's Handbook		L/M	50	-	5
Introduction to technical area handbooks and problems of design. Use of Machinery's Handbook for measurement, circle, geometry, allowance and tolerance, keys and keyseats, gearing problems, cutting speeds, and threads and bearing problems.					
MACH1250 Computer Aided Drafting (CAD)		L/M	20	30	3
Fundamentals of Computer Aided Drafting using AutoCAD computer operating system, AutoCAD menus, AutoCAD settings and drawing setup, draw and edit commands, AutoCAD coordinate system, practice drawings, symbols, prototype drawings and plotting.					
MACH1324 Machine Tool Lab III		L/M	10	190	7
<i>Prerequisite: MACH1222.</i> Practice using machine tools. Lathe, milling machine, surface grinder, cylindrical, and cutter grinder. Projects for lab work. Introduction to die and mold construction.					
MACH1349 Basic CNC		L/M	65	35	7.5
Basic theory and laboratory work in basic programming, operation and maintenance of CNC machines. Operation and maintenance of Coordinate Measuring Machines (C.M.M.).					
MACH1370 Applied Trigonometry		L/M	45	-	4.5
<i>Prerequisite: MATH1050 or MATH1040.</i> Use of trigonometry for design and shop problems. Electronic calculator is used for most assigned problems.					
MACH1428 Machine Tool Lab IV		L/M	10	140	5.5
<i>Prerequisite: MACH1324.</i> Advanced projects to improve proficiency on machine tools.					
MACH1451 Advanced CNC		L/M	40	20	4.5
<i>Prerequisites: MACH1250, MACH1349, and MACH1370.</i> Advanced programming, operation, and setup of CNC machines.					
MACH1453 CNC Lathe		L/M	30	15	3.5
<i>Prerequisites: MACH1250, MACH1349, and MACH1370.</i> Fundamentals of manual and conversational programming, operation, and maintenance of the CNC Lathe.					
MACH1454 CAM		L/M	40	10	4
<i>Prerequisite: MACH1250.</i> Introduction to the fundamentals of Computer Aided Manufacturing. Various functions and methods of 3D AND 2D CAM programming will be covered.					
MACH1800 Basic Milling Machine I		L	10	20	1.5
<i>Prerequisite: MACH1110.</i> Basic milling machine course. Practice in using and identifying the many different kinds of milling machines used today. Selection of proper milling cutters, spindle speeds and table feeds, and work-holding devices. Practice in alignment, location of part edge finding and proper use of various milling processes.					
MACH1801 Basic Milling Machine II		L	10	20	1.5
<i>Prerequisite: MACH1800.</i> Continuation of Basic Milling Machine I. See course description for MACH1800.					
MACH1810 Basic Engine Lathe I		L	10	20	1.5
<i>Prerequisite: MACH1110.</i> Basic engine lathe use. Identification of types of engine lathes in use today. Exercises in turning, facing, drilling, boring, taper turning and external threads. Proper speeds and feeds, proper tool bit geometry, and correct setup procedures.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MACH1811 Basic Engine Lathe II		L	10	20	1.5
<i>Prerequisite: MACH1810.</i> Continuation of Basic Engine Lathe I. See course description for MACH1810.					
MACH2245 Introduction to Molding		L	30	-	3
<i>Prerequisites: MACH2256.</i> Basic construction components and operation of plastic molds to include injection molds, transfer molds compression molds. Die casting and molds for rubber are also included.					
MACH2246 Jigs and Fixtures		L	30	90	6
<i>Prerequisite: MACH1110 through MACH1454.</i> Introduction to design and construction principles and requirements for manufacturing. Clamping, loading, unloading, location, and materials to be used along with commercially available components. Construction of a jig or fixture.					
MACH2256 Die Construction		L	30	130	7
<i>Prerequisite: MACH1110 through MACH1454.</i> Introduction to principles of operation, use and design of dies for manufacturing sheet metal parts. Types of dies in use today and associated equipment in metal working industries. A progressive die will be constructed using blueprint provided.					
MACH2258 Quality Control		L	30	-	3
<i>Prerequisites: MACH1110 through MACH1454.</i> Inspection procedures used to determine product quality. Application of shop methods to produce parts in accordance with blueprint specifications using a variety of measuring instruments. Statistical Process Control (SPC) will be introduced.					
MACH2266 Advanced Die Construction		L	20	175	7.5
<i>Prerequisite: MACH2256.</i> Continuation of MACH2256. Utilizing laboratory equipment to design and make a progressive die and produce 100 pieces to specifications.					
MACH2530 Die Design I		L/M	10	40	2
<i>Prerequisites: MACH1110 through MACH1454.</i> Study of the design of piercing and blanking dies. Laboratory work in developing and preparing working drawings for a die which the student will construct during the fifth quarter.					
MACH2532 Die Making Lab I		M	10	190	7
<i>Prerequisites: MACH1110 through MACH1454.</i> Practical experience in construction of metal dies. Two types of dies are built, one from the student's own blueprint designed in Die Design I. Use of form ground and wire EDM (electric discharge machine) construction methods.					
MACH2535 Mold Theory		M	50	-	5
<i>Prerequisites: MACH1110 through MACH1454.</i> Fundamental processes and basic construction of plastic molds (compression, transfer, and injection), molds for die casting (pressure molding of nonferrous alloys) and rubber molds.					
MACH2537 Injection Mold Design I		M	10	40	2
<i>Prerequisites: MACH1110 through MACH1454.</i> Basic principles and design of injection molds, gating methods, and runner systems. Study of mold making materials and standard mold bases and components. Use of basic principles and designs in developing plans for a single cavity mold that will be constructed as a laboratory project.					
MACH2538 Mold Making Lab I		M	10	190	7
<i>Prerequisites: MACH1110 through MACH1454.</i> Construction of plastic injection molds, one from the student's prints designed in the injection mold design class. Construction of two other molds to pre-designed specifications. Construction of some components using CNC lathe and mills.					
MACH2547 Die Theory		M	50	-	5
<i>Prerequisites: MACH1110 through MACH1454.</i> Study of the design and construction of shearing, blanking, piercing, cutoff, bending, and forming. Punch presses and die sets.					
MACH2634 Die Design II		M	10	40	2
<i>Prerequisites: MACH1110 through MACH1454.</i> Laboratory experience in basic designs and preparing working drawings for a compound die which the student will construct during the sixth quarter.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MACH2636	Die Making Lab II	M	10	190	7
<i>Prerequisites: MACH1110 through MACH1454.</i>					
Practical experience in construction of two dies. Construction of one die following blueprints developed in Die Design II. Electrical discharge machine EDM die construction methods. Electrode is made on CNC mill.					
MACH2640	Injection Mold Design II	M	10	40	2
<i>Prerequisites: MACH1110 through MACH1454.</i>					
Design of a single cavity injection mold. Laboratory work in developing and preparing working drawings for a mold to be constructed during the sixth quarter.					
MACH2642	Mold Making Lab II	M	10	190	7
<i>Prerequisites: MACH1110 through MACH1454.</i>					
Practical experience in constructing two molds. Construction of one injection mold from blueprints developed in the Injection Mold Design II class. Use of wire feed and ram type electrical discharge machining and engraving. Completed projects are set up and run to evaluate the quality of the finished molds.					
MACH2900	Special Machining Applications	L/M	10	60	3
<i>Prerequisite: Program Chair Permission</i>					
Course requirements and objectives arranged by the program chair.					
MAAP • MAJOR APPLIANCE PROFESSIONAL TECHNOLOGY					
MAAP1110	Electricity for Major Appliances	M	50	60	7
Overview of magnetism, electricity and electronic fundamentals for the appliance technician including the application of Ohm's Law in both DC and AC electrical circuits. Interpretation of electrical symbols found in home appliance diagrams, and the use of digital and analog multimeters in troubleshooting problems in series and parallel electrical circuits					
MAAP1112	In Home Customer Relations	M	30	-	3
Understanding the concepts of in-home customer service from both the customer's viewpoint as well as the service company's viewpoint including standards for the treatment of customers, appliances, the area surrounding the appliance and equipment in the home. Interpersonal skills with regard to customers and co-workers are practiced.					
MAAP1114	Electrical Dryer Technology	M	30	30	4
The theory and operating principles involved with different brands of residential electric dryers. Advanced troubleshooting technologies of both electrical and mechanical systems will be practiced.					
MAAP1118	Gas Dryer Technology	M	20	30	3
The theory and operating principles involved with different brands of residential gas dryers. Advanced troubleshooting technologies of electrical, mechanical and gas burner systems will be practiced.					
MAAP1120	Dishwasher Technology	M	20	30	3
Theory and operating principles of the electrical, mechanical, soap and water systems involved with different brands of dishwashers, disposers & compactors. Diagnosis and repair of residential dishwashers.					
MAAP1124	Washing Machine Technology	M	30	30	4
Washability, soaps, water temperatures, types of clothing, washer designs and water systems. Effective diagnosis and repair of electrical, mechanical and water systems on both top and front loading machines.					
MAAP1124	Electric Range Technology	M	40	45	5.5
Basics of heat cycles, their effect on food items and microwave theory and applications. Diagnosis and repair of conventional residential electric ranges and microwaves.					
MAAP1132	Gas Range Technology	M	30	45	4.5
Operation and servicing of gas ovens and cooktops including both LP and natural gas systems. Venting and ventilation and the measurement for carbon monoxide. Burners, control valves and flame ignition systems.					
MAAP1136	Residential Refrigerator Technology	M	70	90	10
Refrigeration theory, proper methods of evacuating/charging residential refrigerators, refrigeration cycles, temperature/pressure relationships, compressors, metering devices, evaporators, condensers and methods of controlling frost in residential refrigerators, window air conditioners and portable dehumidifiers. EPA refrigerant certification test is part of this course.					
MAAP1150	Introduction to Major Appliance Technology	M	30	-	3
Study of the major appliance service field which may include activities such as the completion of classroom or on-line service training provided by major appliance manufacturers and service van ride-a-longs with experienced technicians.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MATH • MATHEMATICS					
MATH0860	Math Review & Tune-up	B/M	15	-	1.5
A developmental course to upgrade students math skills and prepare for MATH1050 and MATH0950. Includes computer aided instruction and personal tutoring. Instructional time is arranged to accommodate students' class and work schedules. Excellent for nontraditional students needing to review math rules and techniques. Should be taken before attempting the above listed courses as test scores indicate.					
MATH0900	Math Fundamentals	B/L/M	45	-	4.5
Covers basic computational skills for review or initial mastery. Topics include fractions and decimals; ratios, proportion, and percent; operations with numbers; problem solving and estimation; basic study skills for mathematics.					
MATH0950	Beginning Algebra	B/L/M	45	-	4.5
<i>Prerequisite: Grade of "C" or better in MATH0900 or appropriate score on the math placement test.</i>					
Study of elementary concepts of algebra. Emphasis on developing functional competency. Practical applications.					
MATH0980	Geometry	B/L	45	-	4.5
<i>Prerequisite: Grade of "C" or better in MATH0950 or equivalent.</i>					
Development of spatial awareness and critical thinking skills. Through use of contraction, labs and proofs, discovery of properties of lines, angles, polygons, circles. With the use of Cartesian, coordination of the relationship between algebra and geometry.					
MATH1040	Business Math	B/L/M	45	-	4.5
<i>Prerequisite: Grade of "C" or better in MATH0950 or appropriate score on the math placement test.</i>					
This course is for the student who needs specific math skills to address financial problems and/or applications. Students will learn mathematics as it relates to retail, payroll, financial analysis, interest earned, and money management. Students may use a calculator and computer to solve a variety of applications.					
MATH1050	Thinking Mathematically	B/L/M	45	-	4.5
<i>Prerequisite: Grade of "C" or better in MATH0950 or appropriate score on math placement test</i>					
This course is designed to help student think mathematically. It will cover various topics including critical thinking, measurement, geometry, advanced algebra skills, basic trigonometry, statistics and other contemporary topics.					
MATH1080	Algebra & Trigonometry	L/M	45	-	4.5
<i>Prerequisite: Grade of "C" or better in MATH0950 or appropriate score on the math placement test.</i>					
This course will cover a variety of algebra and trigonometry skills. Topics will include: order of operations; powers, exponents, engineering and scientific notation, polynomials, metric prefixes, and logarithms; factoring, quadratic equation; solving absolute value equations, solving two equations/two unknowns; transposing formulas; solving complex fractional equations; word problems involving direct and inverse variation; and formulas from geometry involving perimeter, area, volume, Pythagorean Theorem, and right triangle trigonometry including special triangles; oblique triangle formulas and graphing equations of lines. Various relevant applications will be discussed.					
MATH1100	Intermediate Algebra	B/L	45	-	4.5
<i>Prerequisite: Grade of "C" or better in MATH0950 or appropriate score on the math placement test.</i>					
Review of topics in a second year high school algebra course taught at the college level. Topics include: real numbers, 1st and 2nd degree equations and inequalities, linear systems, polynomials and rational functions, exponents and radicals, functions and relations, exponential and logarithms. May not fulfill the math requirement for the associate of arts or associate of science degrees—check with the transfer institution.					
MATH1150	College Algebra	B/L	45	-	4.5
<i>Prerequisites: A grade of "C" or better in MATH1100 or appropriate score on the math placement test.</i>					
Study of college algebra. Emphasis on 1) equations and inequalities, 2) functions and graphs, 3) polynomial and rational functions, 4) exponential and logarithmic functions, 5) systems of equations and inequalities, and 6) analytic geometry. A graphing calculator may be required.					
MATH1180	Elementary Statistics	B/L/M	45	-	4.5
<i>Prerequisites: "C" or better in MATH1100 or appropriate score on the math placement test.</i>					
Study of descriptive statistics, collection of data, correlation and regression, probability and probability distributions and statistical control. Topics from inferential statistics such as estimates, sampling, hypothesis testing and inferences. Contingency tables. Use of some statistical software packages.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MATH1200 Trigonometry	B/L	45	-	4.5	
■	<i>Prerequisite: "C" or better in MATH1150 or appropriate score on the math placement test.</i> Study of trigonometry. Definitions of trigonometric functions, relations between the functions, identities, use of tables, graphs of the functions, solution of equations and triangles, inverse trigonometric functions, complex numbers and polar coordinates.				
MATH1300 Precalculus	B/L	75	-	7.5	
■	<i>Prerequisites: "C" or better in MATH1100 or appropriate placement exam score and one year high school geometry, and two years high school algebra.</i> Intensive review of college algebra and trigonometry. Study of the concept of a function and its graph. Study of certain specific functions: polynomial, rational, exponential, logarithmic and trigonometric functions. Covers analytic trigonometry, some applications of trigonometry, conic sections, and systems of equations. Most study uses three points of view: algebraic, graphical, and numerical. Graphical and numerical approaches using a graphing calculator. A graphing calculator is required for the course.				
MATH1400 Applied Calculus	B/L	45	-	4.5	
■	<i>Prerequisite: "C" or better in MATH1150 or appropriate score on the math placement test.</i> Fundamentals of differential and integral calculus with emphasis on applications from business, economics and the life sciences. Not open to pre-engineering or pre-architectural majors.				
MATH1600 Calculus & Analytic Geometry I	B/L	75	-	7.5	
■	<i>Prerequisites: A grade of "C" or better in MATH1150 and MATH1200 or equivalent, or appropriate score on the math placement test.</i> Review of functions, introduction to limits, differentiation of algebraic and trigonometric functions, applications, anti-differentiation and the definite integral. A graphing calculator is required.				
MATH1700 Calculus & Analytic Geometry II	B/L	75	-	7.5	
	<i>Prerequisite: A grade of "C" or better in MATH1600 or equivalent.</i> Continuation of MATH1600. Study of antiderivatives, methods of integration; numerical methods, coordinates and conics, differential equations, Taylor and Fourier approximation.				
MATH2030 Contemporary Mathematics	B/L	45	-	4.5	
■	<i>Prerequisites: A grade of "C" or better in MATH1100 and one year of geometry and appropriate score on math placement test.</i> Applications of quantitative reasoning and methods to problems and decision making in the areas of management, statistics and social choice. Topics include networks, critical paths, linear programming, sampling, central tendency, inference, voting methods, power index, game theory, and fair division problems.				
MATH2080 Calculus & Analytical Geometry III	B/L	60	-	6	
	<i>Prerequisite: MATH1700.</i> Study of calculus and analytic geometry for functions of two or more variables. Coordinates, three-dimensional vectors, three-dimensional analytic geometry, differentiation and integration of functions of many variables. Use of some mathematical software.				
MATH2200 Differential Equations	B/L	45	-	4.5	
	<i>Prerequisite: MATH2080.</i> Introduction to the theory and applications of differential equations. Linear differential equations, elementary existence theorems, power series methods of solution, boundary value problems and linear systems.				
MEDA • MEDICAL ASSISTING					
MEDA1101 Medical Terminology I	L	20	-	2	
■	Introduction to medical terms. System for building a basic structure of medical terms. Pronouncing, spelling, defining terms and common medical abbreviations included.				
MEDA1102 Administrative Medical Assisting	L	20	-	2	
■	<i>Prerequisites: Admission to Medical Assisting program and appropriate assessment score.</i> Introduction to medical assisting. Provides general knowledge needed for administrative duties. Required for first quarter students who are accepted into Medical Assisting program.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MEDA1201 Medical Terminology II	L	30	-	3	
■	<i>Prerequisite: MEDA1101.</i> Continuation of MEDA1101. Terminology relating to body systems and disorders. Intended to increase medical vocabulary. Continuing system for building a medical vocabulary with emphasis on anatomy, physiology and diseases. Divided into "Basic Understanding and Greater Comprehension."				
MEDA1202 Communication in Allied Health	L	45	-	4.5	
■	<i>Prerequisites: For Medical Assisting students and Pharmacy Technician students. MEDA1102 or permission.</i> For the students in healthcare to learn basic principles of human behavior and apply a personalized approach to patient care and effective relationships with co-workers.				
MEDA1203 Medical Law, Ethics & Bioethics for the Medical Office Employee	L	30	-	3	
■	<i>Prerequisite: ENGL1010. Acceptance into Medical Assisting program or Office Technology program, or permission.</i> Study of medical law, ethics and bioethics for the medical office employee. Business management and general liability for the medical office included.				
MEDA1204 First Aid	L	20	-	2	
■	First aid and emergency care developed by the American Academy of Orthopedic Surgeons (AAOS) and the American College of Emergency Physicians (ACEP).				
MEDA1205 Exam Room I	L	20	15	2.5	
■	<i>Prerequisites: MEDA1101, MEDA1102, BIOS1000 or BIOS1140 or BIOS1220.</i> Introduction to the procedures performed at clinical sites. Includes specimen collecting, point-of-care testing, and lab acronyms.				
MEDA1301 Exam Room II	L	55	60	7.5	
■	<i>Prerequisites: MEDA1102, MEDA1201, MEDA1202, MEDA1203, MEDA1204, MEDA1205, MEDA1406, MEDA1407 and OFFT1710.</i> <i>Concurrent with MEDT1171, MEDT1161, MEDT1181, and MEDT1191.</i> Provides the knowledge and skills for assisting the physician in the office. Skills included are Vital signs, EKG, injection, and handling of instruments for minor surgery. Introduction to physical therapy and radiology.				
MEDA1401 Clinical Education	L	-	240	8	
	<i>Prerequisites: BSAD1010, ENGL1010, MEDA1301, MEDT1181, MEDT 1171, MEDT1161, MEDT 1191, OFFT 2650 AND OFFT2440.</i> Practical experience under supervision in physician's office or clinic.				
MEDA1402 Senior Clinical Seminar	L	30	-	3	
■	<i>Prerequisite: Concurrent with MEDA1401.</i> Informal class for reviewing and critiquing clinical procedures with correlation of classroom theory. Expansion of special procedures and pharmacology. Résumé preparation.				
MEDA1404 Medical Diseases	L	45	-	4.5	
■	<i>Prerequisites: MEDA1101 and BIOS1000, or BIOS1140, or BIOS1220 or instructor approval.</i> Introduction to etiology, signs and symptoms, diagnosis and treatments of disease as related to the body system. Includes introduction to immunity, infectious diseases, neoplasm, heredity and nutrition as they relate to the disease process.				
MEDA1405 Insurance for the Medical Office	L	30	-	3	
■	<i>Prerequisites: MEDA1101 and BIOS1000, or BIOS1140, or BIOS1220/BIOS1210 or BIOS21030 or instructor approval.</i> Introduction to procedural and diagnostic coding methods. Provides knowledge of third party carriers to give a working knowledge of preparing medical insurance claims.				
MEDA1406 Basic Pharmacology	L	20	-	2	
■	<i>Prerequisite: BIOS1000 or, BIOS1210, or BIOS1140.</i> Introduction to legal aspects and government regulations, medication resource material, types of medication, route of administration, actions and effects of drugs and drugs used on various systems.				
MEDA1407 Medical Calculations	L	10	-	1	
■	<i>Prerequisites: Appropriate score on the math placement, and advisor approval.</i> Medical dosage calculations with metric, apothecary and household systems, conversions between systems and dosage preparation.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MEDT • MEDICAL LABORATORY TECHNOLOGY					
MEDT1100 Procedures in Phlebotomy		L	20	15	2.5
Introduction to the principles and skills needed to safely perform venipuncture and capillary blood collection techniques and special collection procedures. Quality assurance procedures pertaining to collection and transport of specimens, laboratory safety, ethical and legal issues pertaining to phlebotomy, and anatomy and physiology of cardiovascular system included. Supervised instruction and experience in collection techniques in lab.					
MEDT1101 Clinical Laboratory Procedures		L	15	30	2.5
<i>Prerequisite: Admission to the Medical Laboratory Technology Program.</i> Introduction to clinical laboratory procedures. Basic laboratory techniques and skills required in the field of medical laboratory technology. Laboratory safety, equipment, quality control, and basic techniques.					
MEDT1161 Basic Urinalysis & Microbiology for the Office Laboratory		L	10	-	1
<i>Prerequisite: Concurrent with MEDA1301.</i> Study of routine medical office procedures: urine and throat cultures, wet preps, and complete UA with microscopic and serology tests. Specimen collection, handling, quality control methods, and laboratory safety.					
MEDT1171 Basic Urinalysis & Microbiology Laboratory		L	-	30	1
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT1161.</i> Demonstration and practice of basic skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT1181 Basic Hematology for the Office Laboratory		L	10	-	1
<i>Prerequisite: Concurrent with MEDA1301.</i> Study of hematology tests required in medical offices: automated cell counts, hematocrit, hemoglobin, PT/INR, ESR, and basic chemistry tests. Theoretical background for procedures. Blood collection techniques, specimen collection and handling, quality control, and laboratory safety.					
MEDT1191 Basic Hematology Laboratory		L	-	30	1
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT1181.</i> Demonstration and practice of basic skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT1201 Medical Laboratory Measurements		L	20	-	2
<i>Prerequisite: MATH1150 and MEDT1101.</i> Mathematical applications used in the medical laboratory. Use of the Metric system and S.I. units. Laboratory calculations and use of statistical data.					
MEDT1301 Clinical Microbiology I		L	20	-	2
<i>Prerequisites: LBST1221, LBST1231, MEDT1101. Concurrent with MEDT1321 and MEDT1311.</i> Study of routine procedures in clinical microbiology emphasizing the isolation and identification of common pathogenic bacteria.					
MEDT1311 Clinical Microbiology I Laboratory		L	-	60	2
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT1301.</i> Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT1321 Hematology I		L	20	-	2
<i>Prerequisites: MEDT1101 or permission. Concurrent with MEDT1301 and MEDT1311.</i> Study of routine laboratory procedures of the hematology laboratory. Identification of normal cellular constituents of the blood.					
MEDT1331 Hematology I Laboratory		L	-	60	2
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT1321.</i> Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MEDT1401 Clinical Microbiology II		L	20	-	2
<i>Prerequisites: MEDT1301 and MEDT1311.</i> Advanced study of clinical microbiology theory and procedures. Culturing, isolating, and identifying microorganisms from human specimens, utilizing microscopic, biochemical and serological techniques. Antibiotic susceptibility testing of pathogenic bacteria.					
MEDT1411 Clinical Microbiology II Laboratory		L	-	60	2
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT1401.</i> Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT1421 Hematology II		L	20	-	2
<i>Prerequisites: MEDT1321 and MEDT1331.</i> Study of advanced hematology procedures, disease states, and the identification of abnormal cellular constituents of the blood.					
MEDT1431 Hematology II Laboratory		L	-	60	2
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT1421.</i> Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT2501 Urinalysis		L	10	-	1
<i>Prerequisites: MEDT1421 and MEDT1431.</i> Study of normal and abnormal chemical and cellular constituents of urine.					
MEDT2511 Urinalysis Laboratory		L	-	30	1
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT2501.</i> Skills and laboratory techniques corresponding to the theoretical information presented in the lecture listed above.					
MEDT2521 Immunohematology I		L	10	-	1
<i>Prerequisites: MEDT1421 and MEDT1431.</i> Study of the theories and procedures of routine blood bank testing. Blood grouping and antibody detection and identification, the genetics of the clinically important blood groups, and functions of the immune system.					
MEDT2531 Immunohematology I Laboratory		L	-	30	1
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT2521.</i> Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT2541 Clinical Chemistry I		L	25	-	2.5
<i>Prerequisites: LBST2125, LBST2135, and MEDT1201.</i> Study of theory and application of clinical chemistry procedures. Manual and automated testing, disease states and quality control.					
MEDT2551 Clinical Chemistry I Laboratory		L	-	60	2
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT2541.</i> Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT2561 Immunology		L	20	-	2
<i>Prerequisites: MEDT1401 and MEDT1411 or program permission.</i> Introduction to Immunology. Immune system, antigens, antibodies, complement, and reactions of antigens and antibodies. Relationships to diseases that are immunologically involved.					
MEDT2581 Hemostasis		L	10	-	1
<i>Prerequisites: MEDT1421 and MEDT1431.</i> Principles of blood coagulation and basic coagulation procedures.					
MEDT2582 Immunology/Hemostasis Laboratory		L	10	30	2
<i>Must be taken concurrently with the lectures. Laboratory which accompanies MEDT2561 and MEDT2581.</i> Skills and laboratory techniques corresponding to the theoretical information presented in the lectures.					
MEDT2601 Parasitology		L	10	-	1
<i>Prerequisites: MEDT2561 and MEDT2571.</i> Procedures for proper specimen collection and preparation. Identification of common human parasites and their life cycles.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MEDT2611 Parasitology Laboratory		L	-	30	1
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT2601.</i>					
Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT2621 Immunohematology II		L	10	-	1
<i>Prerequisites: MEDT2521 and MEDT2531.</i>					
Continuation of immunohematology, including theory and application of blood banking practices and procedures. Compatibility testing, transfusion reactions, and special testing procedures.					
MEDT2631 Immunohematology II Laboratory		L	-	30	1
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT2621.</i>					
Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT2641 Clinical Chemistry II		L	25	-	2.5
<i>Prerequisites: MEDT2541 and MEDT2551.</i>					
Advanced study in the theory and application of clinical chemistry procedures. Manual and automated testing, disease states and quality control.					
MEDT2651 Clinical Chemistry II Laboratory		L	-	60	2
<i>Must be taken concurrently with the lecture. Laboratory which accompanies MEDT2641.</i>					
Skills and laboratory techniques corresponding to theoretical information presented in the lecture.					
MEDT2681 Clinical Education Orientation I		L	20	-	2
<i>Prerequisite: 6th quarter standing.</i>					
Introduction to the hospital and clinic laboratories where the students might receive their clinical experiences. Professional ethics, patient confidentiality, laboratory safety, and phlebotomy skills reviewed.					
MEDT2690 Clinical Education I		L	-	75	2.5
<i>Co-requisite: MEDT2681.</i>					
Phlebotomy experience and additional learning opportunities within a clinic and/or hospital laboratory. Application of theory and skills acquired in classroom and laboratory courses. Experience with LIS (Laboratory Information Systems).					
MEDT2701 Clinical Education II		L	-	330	11
<i>Prerequisite: MEDT2690.</i>					
Continuation of laboratory experience and training opportunities within a hospital and clinic laboratory. Rotation throughout departments of the clinical laboratory. Application of theory and skills acquired in classroom and laboratory courses.					
MEDT2702 Clinical Seminar I		L	20	-	2
<i>Must be taken concurrently with MEDT2701.</i>					
Group interaction, participation, and presentation relating to various aspects of the clinical laboratory.					
MEDT2703 Clinical Education Orientation II		L	20	-	2
<i>Concurrent with MEDT2701.</i>					
Review of clinical laboratory theory and technical skills for Clinical Education II and III. Requirements and clinical rotation schedules are presented.					
MEDT2710 Clinical Project I (optional)		L	30-90	-	1-3
Special papers or projects as suggested by the college or clinical sites.					
MEDT2801 Clinical Education III		L	-	330	11
<i>Prerequisite: MEDT2701.</i>					
Continuation of laboratory experience and training opportunities within a hospital and clinic laboratory. Rotation throughout clinical laboratory. Application of theory and skills acquired in classroom and laboratory courses.					
MEDT2802 Clinical Seminar II		L	20	-	2
<i>Must be taken concurrently with MEDT2801.</i>					
Group interaction, participation, and presentation relating to various aspects of the clinical laboratory.					
MEDT2810 Clinical Project II (optional)		L	30-90	-	1-3
Special papers or projects as suggested by the College or clinical sites.					

MFGT • MANUFACTURING ENGINEERING TECHNOLOGY

MFGT1125 Materials of Industry	M	50	-	5
Introduction to materials (steel, irons, etc.) used in industry. Properties, uses, specifications, availability, and heat treatment. Special attention given to tool steel.				
MFGT1144 Industrial Drafting I	M	20	130	6
Basic industrial drafting; Drawing instruments, lettering, geometric construction, orthographic projections, dimensioning and sectioning, auxiliary views, detail and assembly drawings.				
MFGT1250 Industrial Drafting II	M	20	55	3.5
<i>Prerequisite: MFGT1144, MFGT1350</i>				
Continuation of MFGT1144 covering precision dimensioning, an introduction to geometric dimensioning and tolerancing, pictorial drafting, sheet metal layout, threads and fastening devices, welding symbols and drawings, and a team approach to product design.				
MFGT1333 Applied Hydraulics & Pneumatics	M	60	40	7
<i>Prerequisite: MATH1050, MFGT1250, MFGT1450.</i>				
Introduction to fluid power (hydraulic and pneumatic) systems, circuitry and various components, their design, operation, and application. Practical manufacturing-related systems. Use of standard ANSI symbols.				
MFGT1350 Basic Computer Aided Drafting	M	20	30	3
Fundamentals of Computer Aided Drafting using AutoCAD on IBM compatible microcomputers; AutoCAD menus, AutoCAD settings and drawing setup, draw and edit commands, AutoCAD coordinate system, practice drawings, symbols, prototype drawings and plotting.				
MFGT1354 Elementary Tool Design	M	50	50	6.5
<i>Prerequisites: MFGT1250, MFGT1450.</i>				
Design of shearing, blanking, piercing, cutoff, bending, and forming dies. Study of the parts and components used in these dies. Punch presses and die sets are also covered.				
MFGT1362 Plant Layout & Materials Handling	M	30	20	3.5
<i>Prerequisites: MFGT1250, MFGT1450.</i>				
Study of manufacturing flow, material handling, J.I.T., use of available facilities and equipment, packaging, shipping, receiving, and employee protective equipment.				
MFGT1413 Electrical Fundamentals	M	50	-	5
<i>Prerequisite: MATH1050.</i>				
Fundamental concepts of electricity. Energy, basic electrical fundamentals, and circuits and devices. Application of Ohm's Law, power and efficiency formulas to problems involving basic circuits. Sources and effects of electric current, magnetism, electromagnetism, generators, and motors.				
MFGT1421 Manufacturing Processes I	M	50	-	5
The theory and safe operation of machine and hand tools. Covers metrology, five basic machining techniques (drilling, turning, boring, milling, and grinding), tool geometry, speeds, feeds, and cutting fluids.				
MFGT1429 CNC Machines	M	30	20	3.5
<i>Prerequisites: MFGT1250, MFGT1450.</i>				
Basic programming of Computer Numerical Control Machines is studied. Manual programming and programming with Mastercam X are covered.				
MFGT1450 Advanced Computer Aided Drafting	M	10	15	1.5
Course devoted to the needs of the intermediate AutoCAD user. AutoCAD Mechanical software power tools are unveiled to the AutoCAD users. Attention is given to the use of dynamic three-dimensional construction, solid modeling, paper space, model space, and customizing of the AutoCAD environment.				
MFGT1456 Manufacturing Processes II	M	20	80	4.5
Basic operation of the lathe, milling machine and grinder. Laboratory experience with hand tools, metrology, metal sawing, drilling and tapping.				
MFGT1458 Electrical Drafting	M	10	40	2
<i>Prerequisites: MFGT1250, MFGT1450.</i>				
Study of graphical methods of describing industrial electrical controls and control circuits. Elementary or schematic diagrams, connection and block diagrams, and printed circuit drawings using computer aided drafting techniques. Use of American Standard Association and National Electrical Component Association Standards.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MFGT2549	Quality Assurance & SPC <i>Prerequisite: MATH1050.</i> Study of statistical techniques used in the control of the quality requirements of manufactured articles. Sampling, inspection techniques, S.P.C., and the use of inspection tools and instruments.	M	50	-	5
MFGT2551	Time & Motion Study Study of systematic, practical, and scientifically correct treatment of present-day motion and time study along with application of economics and productivity as applicable to the manufacturing field.	M	50	-	5
MFGT2559	Advanced Geometric Dimensioning & Tolerancing <i>Prerequisite: MFGT1250.</i> Study and application of current methods, symbols, and principles of geometric dimensioning and tolerancing as per ASME 14.5M-1994.	M	50	-	5
MFGT2566	Tool & Product Design <i>Prerequisites: PHYS1017 or PHYS1150, MACH1370, MFGT1250, MFGT1450.</i> Design and development steps of one or more of the following using computer aided drafting techniques: various dies, plastic and metal molds, patterns, drill jigs, welding fixtures, machining fixtures, and the piece part products of these various tools.	M	10	90	4
MFGT2620	Programmable Logic Controllers in Work Cell Design <i>Prerequisite: MFGT1413</i> An introduction to logic functions, the programmable logic controller (PLC) and their uses in machine control.	M	50	-	5.0
MFGT2635	Plastics: Design & Engineering Study of the physical, chemical, and mechanical properties of plastics. Study of molding techniques and processes. Product design considerations and guidelines.	M	50	-	5
MFGT2643	Strength of Materials <i>Prerequisites: PHYS1017 or PHYS1150, MACH1370.</i> The study of resultant and equilibrant of forces, moments, simple stresses, properties of materials, bolted, riveted and welded joints, centroids, and moment of inertia.	M	50	-	5
MFGT2668	Design & Production Problems <i>Prerequisites: PHYS1017 or PHYS1150, MFGT1250, MFGT1450, MFGT2670.</i> Analysis of practical design and production problems. Development of manufacturing and inspection procedures and the necessary equipment needed to manufacture specific products or components. Previously learned skills and concepts applied in the development of economical designs.	M	5	95	3.5
MFGT2670	Autodesk® Inventor <i>Prerequisite: BSAD1010, MFGT1250, MFGT1450.</i> Course devoted to the needs of the experienced AutoCAD user. Autodesk Inventor software is used extensively for the creation of adaptive parametric solid model parts and assemblies. Students will become familiar with creating parametric detail and assembly drawings with parts lists, simulating assembly motion for analysis, using Finite Element Analysis to solve stress analysis and using Inventor Studio for photo realistic images.	M	35	65	5.5
MFGT2672	Mechanisms <i>Prerequisites: MATH1050, MFGT1250, MFGT1450, MACH1370.</i> Theory and application of cams and gears, analysis of mechanisms and determination of positions, displacements, velocities, and accelerations of parts. Use of graphical solutions. Mechanisms such as couplings, universal joints, clutches, drive trains, four bar, slider crank, quick return, toggle, straight line, parallel, and intermittent motion devices.	M	50	-	5
MFGT2680	Solid Works <i>Prerequisite: MFGT2670.</i> This course introduces the advances user to SolidWorks® software. SolidWorks® software is used extensively for the creation of adaptive parametric solid model parts, assemblies, and drawings to industrial standards.	M	10	15	1.5
MSTT • MOTORCYCLE, ATV, AND PERSONAL WATERCRAFT TECHNOLOGY					
MSTT1000	Shop Procedures & Hand Tools Effective use of parts and service information resources. Proper use and care of hand and power tools. Safety practices and procedures. Use of precision measuring instruments.	L	45	30	5.5

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MSTT1112	Basic Engine Theory <i>Prerequisite MSTT1000.</i> Introduction to basic engine design and components in two-cycle and four-cycle engine operation. Hands-on experience in rebuilding two-cycle and four-cycle engines.	L	35	65	5.5
MSTT1113	Metric Measure Introduction to metric system (SI). Practice in measurements of area, volume, weight and capacity. Proper use of metric precision measuring equipment.	L	33	-	3
MSTT1120	Wheels & Tires <i>Prerequisite MSTT1000.</i> Theory and maintenance of stamped steel, spoked and magnesium wheels. Inspection, service, repair and balance of various tire designs.	L	25	35	3
MSTT1122	Frames, Suspensions, & Brakes <i>Prerequisite MSTT1000.</i> Theory of frame geometry and function of the suspensions units. Proper procedures for maintaining and rebuilding of various types of steering heads, forks, shocks, swing arms and suspension components on motorcycles and ATV's. Theory and operation and proper service procedures of drum and disk brakes.	L	15	60	3.5
MSTT1125	Electrical Concepts Basic electrical and electronic principles, Ohm's law, magnetism and electromagnetism as applied to the motorcycle, ATV, and personal watercraft are covered. The proper and effective use of analog and digital meters.	L	55	15	6
MSTT1131	Electrical Circuits <i>Prerequisite MSTT1125.</i> Theory of electrical circuits and ignition systems for motorcycles, ATV's and personal watercraft. Troubleshooting and repair of electrical circuits.	L	90	30	10
MSTT1132	Fuel & Ignition Systems <i>Prerequisite MSTT1125.</i> Introduction to carburetion and fuel injection systems used on motorcycles, ATV's, and personal watercraft.	L	40	30	5
MSTT1133	Tune up & Rideability <i>Prerequisite MSTT1125.</i> Proper procedures for diagnosis and troubleshooting of engine performance problems. Procedures for adjustment of ignition systems, valve trains and fuel delivery systems.	L	40	110	7.5
MSTT1138	Personal Watercraft <i>Prerequisite MSTT1125.</i> Proper repair and maintenance of various types of personal watercraft with special attention to steering, cooling systems, fuel delivery, and propulsion operation and repair.	L	22	18	3
MSTT1140	Transmission and Final Drives <i>Prerequisite MSTT1112.</i> Theory of clutches, gear ratios, drive trains for constant mesh and automatic transmissions as used on motorcycles and ATV's.	L	30	20	3.5
MSTT1141	Engine Rebuild and Overhaul <i>Prerequisite MSTT1112.</i> Disassembly and reassemble procedures of two-cycle and four-cycle motorcycle, ATV, and personal watercraft engines.	L	20	60	4
MSTT1145	Engine Machine Operations <i>Prerequisite MSTT1000-MSTT1112.</i> Study and application of machining operations used in the repair and maintenance of two-cycle and four-cycle engines. Boring and honing cylinders, rebuilding crankshafts, grinding valves and valve seats.	L	20	30	3
MSTT1146	Rideability and Electrical Update <i>Prerequisite MSTT1133.</i> Advanced electrical update and review covering all systems and diagnosis relating to engine performance and emissions.	L	40	60	6
MSTT1147	Rideability and Electrical Update with Coop <i>Prerequisite: MSTT1133.</i> Advanced electrical update and review of all systems and diagnosis relating to engine performance and emission. Lab time is split approximately 50% Coop work experience at a local repair facility.	L	40	90	6

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MUSC • MUSIC					
MUSC1010	Introduction to Music	B/L	45	-	4.5
An introduction of musical forms, styles, and composers within a historical perspective. Includes an introduction to music elements as well as a range of music literature.					
MUSC1015/1020, 2010/2020, 2030/2040	Individual Instruction in Voice	B	15	-	1.5
Study and performance of standard literature, scales, and etudes for voice. A recital will be given at the end of the quarter.					
MUSC1220/1230, 2200/2210, 2220/2230	Individual Instruction in Brass	B	15	-	1.5
Study and performance of standard literature, scales, and etudes for brass. A recital will be given at the end of the quarter.					
MUSC1240/1250, 2240/2250, 2280/2290	Individual Instruction in Woodwinds	B	15	-	1.5
Study and performance of standard literature, scales, and etudes for woodwinds. A recital will be given at the end of the quarter.					
MUSC1260	Class Piano I	B	-	30	1.5
Beginning fundamentals of piano performance. Scales, fingering, sight-reading and transposing included. Assumes no prior knowledge of music.					
MUSC1261	Guitar I	B	-	30	1.5
Beginning fundamentals of guitar playing. Playing solo and ensemble, harmonizing, scales, tablature, picking and strumming patterns, and composing included. Music of classical and popular style. Assumes no prior knowledge of music.					
MUSC1270	Class Piano II	B	-	30	1.5
<i>Prerequisite: MUSC1260 or permission of instructor.</i> Continuation of MUSC1260 Class Piano I. Increasing technical facility and functional skills, playing by ear, and adding improvisation and harmonization skills.					
MUSC1310/1320, 2310/2320, 2610/2620	Individual Instruction in Strings	B	15	-	1.5
Study and performance of standard literature, scales, and etudes for strings. A recital will be given at the end of the quarter.					
MUSC1410/1420, 2390/2400, 2410/2420	College Chorus	B	-	30	1.5
Study and performance of standard choral literature for mixed voices. Public appearance both on and off campus required.					
MUSC1430, 1440, 2430, 2440	Vocal Ensemble: Showcase Singers	B	-	60	3
<i>Participation by audition only and permission of instructor.</i> Select group of singers with performance emphasis on jazz repertoire. Includes several off-campus performances.					
MUSC1480/1490, 2480/2490 2500/2510	College Band	B	-	30	1.5
Performance of standard band music. Appearances at designated functions both on and off campus are required.					
MUSC1610	Music Theory I	B/L	45	30	6
Introduction to the fundamentals of music, notation, rhythm, meter, scales, keys, intervals, triads, seventh chords, inversion and figured bass. Sight singing, dictation and keyboard.					
MUSC1620	Music Theory II	B/L	45	30	6
<i>Prerequisite: MUSC1610 or permission of instructor.</i> Study of basic harmonic techniques of the baroque, classical and romantic periods including chord progressions, cadences, harmonization, completion and composition. Elements of form, such as phrase, period and phrase group. Continued work in sight singing, dictation and keyboarding.					
MUSC1630	Music Theory III	B/L	45	30	6
<i>Prerequisite: MUSC1620 or permission of instructor.</i> Subjects covered will be modulation; secondary dominants; diminished sevenths; neapolitan and augmented sixths; and chords of the ninth, eleventh, and thirteenth. Continued work with sight singing and dictation.					
MUSC1640	Music Theory IV	B/L	45	30	6
<i>Prerequisite: MUSC1630 or permission of instructor.</i> Theoretical thinking and aural comprehension covering chromatic harmony and voice leading. Increased chromaticism developed in 19th- and 20th-century popular music. Continued work with sight singing and dictation.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
MUSC2260	Class Piano III	B	-	30	1.5
<i>Prerequisite: MUSC1270 or permission of instructor.</i> Preparation of repertoire for performance. Continue working on piano fundamentals, and playing by ear. Additional chords and scales presented.					
MUSC2270	Class Piano IV	B	-	30	1.5
<i>Prerequisite: MUSC2260 or permission of instructor.</i> Preparation of solo repertoire as well as accompaniments from vocal/instrumental literature. Improvisation, harmonizing, sight-reading and transposition stressed. Review of scales and chords.					
MUSC2520/2530, 2540/2550, 2580/2590	Individual Instruction in Piano	B	15	-	1.5
<i>Prerequisite: MUSC2270 or instructor permission.</i>					
MUSC2720	Music History & Literature I	B/L	45	-	4.5
Tracing the historical development of music from Middle Ages through end of Baroque. Comprehensive survey with emphasis on styles and characteristics of Gregorian Chant, early polyphony, and music of the Renaissance and Baroque periods.					
MUSC2730	Music History & Literature II	B/L	45	-	4.5
Tracing the historical development of music from Classical period to present day. Survey presentation with emphasis on styles and characteristics of the classical, romantic, impressionistic and modern schools.					
MUSC2750	Introduction to American Music	B/L	45	-	4.5
Survey of the various types of American music including jazz, popular, folk and musical theatre. Discussion centers on the relationship between the music and its historical and cultural context. Includes music of Americans of European, African, Asian, Hispanic and American Indian descent.					
NDTT • NONDESTRUCTIVE TESTING TECHNOLOGY					
NDTT1121	Visual Inspection Method	M	30	45	4.5
Concepts and applications of visual inspection as it relates to other NDT methods. Use of optical devices, precision measurement tools and gauges. Use of various tools in laboratory and field situations.					
NDTT1133	Manufacturing Processes	M	100	-	10
Study of metal forming casting and forging processes, metals production, plastic, and other material types. Materials joining processes and nontraditional machining methods along with allied cutting processes.					
NDTT1138	Welding Processes	M	20	30	3
Introduction to the theory and practice of oxy-acetylene hand torch cutting. SMAW practice includes study of variables and parameters of equipment and operation. Safety of welding and cutting equipment and lab work emphasized.					
NDTT1164	Blueprint Reading & CAD	M	40	35	5
Study of industrial graphics language for shape description, size description, instrument drawing, blueprint reading, pictorial drawing (isometric and oblique drawing) and CAD.					
NDTT1236	Electrical & Electronic Fundamentals	M	50	-	5
<i>Prerequisite: MATH1050.</i> Introduction to electrical and electronic fundamentals. Sources and effects of electric current, magnetism, and electromagnetism. Formulas for problem solving in basic circuitry. Instrumentation used in NDT. System concepts and basic troubleshooting.					
NDTT1255	NDT Methods	M	75	75	10
<i>Prerequisites: MATH1050, NDTT1121, NDTT1133 and NDTT1138.</i> Introduction to the UT, RT, PT, MT, and ET methods of nondestructive testing. Fundamental operating principles and traditional applications. Laboratory work on instrument and equipment familiarization, instrument calibration, inspection, procedures, and reporting of inspection results.					
NDTT1263	Metallurgy	M	50	50	6.5
<i>Prerequisites: MATH1050, NDTT1133 and NDTT1138.</i> Study of the nature of metals, methods of metallurgical examination, mechanical testing, chemistry, and production of metals.					
NDTT1356	Liquid Penetrant	M	20	30	3
<i>Prerequisites: NDTT1121 and NDTT1255.</i> Study of proper penetrant testing techniques and applications. Process control for the solvent removable, post emulsifiable, and water wash penetrant techniques. Study of codes, standards, inspection procedures, and job specifications for liquid penetrant inspection.					

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
NDTT1360	Ultrasonics I	M	40	110	7.5
<i>Prerequisites: MATH1050 and NDDT1255.</i>					
Applications and ultrasonic inspection techniques. Technique requirements specified in selected codes, standards, and job specifications. Examination and reporting consistency. Introduction to ultrasonic system configuration and computers.					
NDTT1450	Eddy Current I	M	20	20	2.5
<i>Prerequisites: NDDT1236, NDDT1255, and NDDT2040.</i>					
Study of electromagnetic theory as it applies to eddy current inspection. Applications and limitations of various test systems, operation of single frequency phase and amplitude analysis instrumentation.					
NDTT1458	Magnetic Particle	M	30	30	4
<i>Prerequisites: NDDT1236, NDDT1255, and NDDT2040.</i>					
Study of proper MT testing techniques and applications. Control of inspection variables in all forms of magnetic particle inspection. Study of codes, standards, inspection procedures, and job specifications as they relate to magnetic particle inspection.					
NDTT1464	Radiography I	M	60	90	9
<i>Prerequisites: NDDT1255 and NDDT2040.</i>					
Applications and radiographic inspection techniques. Technique requirements specified in selected codes, standards, and job specifications. Examination and reporting consistency. Methods for developing RT techniques in situations where limited information is available about a test object or where codes and standards do not exist.					
NDTT1470	Radiation Safety & Administration	M	50	-	5
<i>Prerequisites: NDDT1255 and NDDT2040.</i>					
Study of operational and functional radiation safety programs. Exercise of personal responsibilities related to safety in industrial radiography. Practical aspects of x-ray and radioisotope operations. Program administrative responsibilities and radiation physics.					
NDTT2040	NDTT Mathematics	M	45	-	4.5
Introduction to advanced math skills. Common and natural logarithms, industrial application, angles and triangles. Angular measurement, right triangle and oblique triangle trigonometry and vectors. Polar and rectangular coordinates. Capabilities, functions and use of scientific calculators.					
NDTT2569	Radiography II & Film Interpretation	M	50	100	8
<i>Prerequisites: NDDT1464 and NDDT1470.</i>					
Study of industrial radiography with major emphasis on developing skills in technique and procedure development. Code requirements, film interpretation, control of film processing, film reviews and audits, radiation safety administration, and special radiographic techniques. Including lab projects related to interpreting and evaluating radiography of welds, castings, forgings, electrical components and composite materials.					
NDTT2570	Eddy Current II	M	75	75	10
<i>Prerequisite: NDDT1450.</i>					
Continued study of electromagnetic testing. Advanced theory and operation of single and multifrequency, and multiparameter data acquisition systems. Multifrequency data collection and evaluation. System calibration and standardization methods related to phase analysis instrumentation. Data analysis concepts and computer based analysis and reporting systems. Introduction to Remote Field Testing (RFT) theory, instrumentation, calibration or equipment and data acquisition.					
NDTT2652	Ultrasonics II	M	50	100	8
<i>Prerequisite: NDDT1360. Corequisites: NDDT2675 and NDDT2679.</i>					
Continued study of ultrasonic testing. Developing testing techniques and procedures. Instrumentation, calibration methods, code requirements, evaluation procedures. Computer assisted motion control and data acquisition systems.					
NDTT2675	Computer Applications in NDT	M	30	45	4.5
<i>Prerequisites: BSAD1010 and NDDT1360. Corequisites: NDDT2652 and NDDT2679.</i>					
Study of computer assisted NDT. Motion control and data acquisition techniques. Assigned projects for practical adaptation of a computer to an inspection situation.					
NDTT2679	Code Interpretation & Procedure Development	M	35	40	4.5
<i>Corequisites: NDDT2652 and NDDT2675.</i>					
Development of technical skills for writing qualifiable test procedures. Audit and surveillance procedures and implementation. Quality assurance functions.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
NURA • NURSING ASSISTANT					
NURA1401	Basic Nursing Assistant		50	50	6.5
Completion of the class meets the Nebraska Department of Health requirements for employment as a Nursing Assistant. The course includes classroom, nursing lab, and clinical experience in a health care facility.					
NURS • ASSOCIATE DEGREE NURSING					
<i>All prerequisite courses and NURS courses must be passed with a "C+" or better.</i>					
NURS1206	Introduction to Professional Nursing	L	20	-	2
<i>Prerequisites: BIOS1140, BIOS1110, SOCI1010, BIOS2130, MATH1150, and CHEM1050.</i>					
Overviews the current nursing organizations, development of the nursing profession, and the health care system. An overall introduction to the philosophy, objectives, and curriculum framework of the associate degree program is presented. Caring is introduced as an integral concept of nursing. Discussions of the concepts of health/illness continuum, health care delivery, basic human needs, professional behavior, communication, legal/ethical issues, and multicultural diversity.					
NURS1207	Introduction to Nursing Pharmacology	L	20	-	2
<i>Prerequisites: BIOS1140, BIOS1110, MATH1150, BIOS2130, CHEM1050.</i>					
Students are introduced to pharmacology and math concepts required to provide safe and effective care for individual clients with common disease conditions along the health/illness continuum. Nursing process is applied to pharmacotherapy. Legal aspects, state and federal regulations of drugs are introduced. Pharmacokinetics, pharmacotherapy, pharmacodynamics and drugs as they affect various body systems are discussed.					
NURS1304	Transition to Associate Degree Nursing	L	10	-	1
<i>Prerequisites: BIOS1110, BIOS1140, BIOS2130, CHEM1050, ENGL1010 or ENGL1015, FSOT1350, MEDA1407, MATH1150, PSYC2960, SOCI1010.</i>					
Required for the licensed practical nurse (licensed in Nebraska) requesting advanced placement into the Associate Degree Nursing program. Oriented toward developing associate degree level nursing skills for new role of student nurse. An overall introduction to the philosophy, objectives and curriculum framework of the Associate Degree Nursing program is presented. Includes the nursing process and the roles and functions of the associate degree nurse.					
NURS1305	Basic Nursing Concepts I	L	30	90	6
<i>Prerequisites: NURS1206, MEDA1406/1407, PSYC2960, ENGL1010 or ENGL1015, and FSOT1350.</i>					
The nursing process as a method of problem solving is discussed and related to a nursing care plan framework. Emphasis is placed on technical skills and identification of basic human needs as it relates to the nursing process. Nursing techniques taught in the program lab are correlated with scientific principles and applied in the clinical setting. Basic pharmacological principles and drug classification are included when administration is introduced. Clinical experiences are provided to apply nursing techniques, apply nursing process to patient care, and introduce the nurse and client role in a variety of health care settings.					
NURS1306	Pathophysiology	L	45	-	4.5
<i>Prerequisites: BIOS1140, BIOS2130, CHEM1050, and BIOS1110.</i>					
This course is designed for students pursuing a career in nursing or other health related fields. Students are introduced to common disease conditions, terminology such as etiology, prognosis, and signs and symptoms. Concepts such as inflammation, immunity, allergy, and neoplasia are explained. General diagnostic and treatment procedures for each system are included. Physiological adaptation, diagnostic tests and treatment procedures for each body system are explained.					
NURS1307	Nursing Concepts II	L	5	75	3
<i>Prerequisite/co-requisite NURS1305 and NURS1306 or NURS1308.</i>					
Students are introduced to the principles and skills needed to care for individual clients with common disease conditions along the health/illness continuum. Pathophysiology, diet therapy, diagnostic tests and pharmacology are correlated with the nursing process when identifying common health problems and planning care. Clinical experiences are correlated with theory in a variety of health care settings.					
NURS1308	Pathophysiology through the Lifespan	L	60	-	6
<i>Prerequisites: BIOS1140, BIOS2130, CHEM1050, BIOS1110.</i>					
This course is designed for students pursuing a career in nursing or other health related fields. Students are introduced to concepts related to mechanisms of the disease process. Foundational concepts of inflammation, immunity, infection and neoplastic alterations are applied to each body system. The relationship of signs and symptoms to specific diseases are discussed. Students will become familiar with terminology directly associated with disease process, i.e. etiology, diagnosis, prognosis, etc. Disease concepts will include specific applications throughout the lifespan, including developmental and genetic alterations. Effects of aging are explained. Students will identify common diagnostic and treatment modalities.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
NURS2400 Nursing Assessment		L	30	45	4.5
<i>Prerequisite:</i> NURS1304 or NURS1305. <i>Co-requisites:</i> NURS2403/2404.					
Focuses on the acquisition of skills used in the comprehensive health assessment of children and adults in the nursing process. Emphasis on well clients with the identification of some deviations from the normal. Introduction to communication skills and the assessment of the person in his/her physical, developmental, psychological and sociocultural and multicultural diversity.					
NURS2403 Gerontological Nursing Concepts		L	20	45	3.5
<i>Prerequisite:</i> NURS1305. <i>Co-requisite:</i> NURS2400.					
Focuses on the nursing process as a problem solving tool in assisting older clients' adaptation to stress related to chronic and terminal illness. Gerontological principles and rehabilitative aspects of nursing are examined. Pathophysiological concepts, therapeutic nutrition and pharmacology are integrated.					
NURS2404 Nursing Concepts III		L	30	90	6
<i>Prerequisite:</i> NURS1305/1306/1307. <i>Co-requisites:</i> NURS2400/2403.					
Focus on the nursing process applied to clients' adaptive responses to stressors, including hospitalization and the disease process. Perioperative nursing principles are included. Related pathophysiology, therapeutic nutrition and pharmacology are integrated. Clinical experiences are provided to develop and refine nursing techniques appropriate for clients being cared for in a variety of health care settings. Understanding of concepts basic to positive adaptation to life-threatening physiologic stress are examined.					
NURS2501 Nursing Concepts Related to the Childbearing Family		L	30	90	6
<i>Prerequisite:</i> NURS2404.					
Normal psychological and physiological changes /adaptations that occur during the maternity cycle are examined along with pre-, post- and perinatal stressors/adaptations of the maternity client/childbearing family. The student explores family structures, stressors, and subsequent adaptation of the family and gynecological client. Concepts of cultural differences on childbearing and self-care abilities are considered. Nursing experiences are provided in postpartum, labor and delivery, normal newborn nursery, and selected hospital/community observational experiences.					
NURS2502 Nursing Concepts Related to Child Rearing Family		L	30	90	6
<i>Prerequisite:</i> NURS2404.					
The course utilizes the nursing process based on the knowledge of childhood variations to specific pediatric problems while reinforcing normal growth and developmental processes. Concepts of nutrition, pharmacology and pathophysiology are integrated in the course. The student gains insight within the secondary care setting by helping the pediatric client/child rearing family cope with the stress of illness and by promoting family health.					
NURS2503 Nursing Pharmacology		L	10	-	1
<i>Prerequisite:</i> NURS 2404					
Students are introduced to pharmacology and mathematical concepts needed to provide safe and effective care for individual clients with complex disease conditions along the health/illness continuum. Nursing process is utilized when planning the pharmacological care of these clients.					
NURS2602 Mental Health Nursing Concepts		L	30	90	6
<i>Prerequisite:</i> NURS2501 or NURS2502. <i>Co-requisite:</i> NURS2603.					
A study of behavioral reactions to social, physical and emotional stress as seen in clients receiving psychotherapeutic care is studied. Introduces nursing interventions in dysfunctional behavior in secondary care settings. Further development of the nurse-client relationship, techniques and therapeutic communication skills are emphasized. Overview of the modes of therapy (including psychopharmacology) and intervention in recurring maturational and situational crises. Pathophysiology and diet therapy are integrated. Clinical experiences are provided in a variety of health care settings.					
NURS2603 Nursing Concepts IV		L	30	105	6.5
<i>Prerequisite:</i> NURS2501/2502. <i>Co-requisite:</i> NURS2602.					
Introduction to more complex cognitive and psychomotor skills needed to care for individuals with more complex disease conditions along the wellness/illness continuum. The clinical course emphasizes setting priorities of needs with emphasis on the distinction between normal and abnormal adaptation to multiple stressors affecting the client systems. Crisis theory interventions are introduced. Pathophysiology, diet therapy and pharmacology are integrated. Clinical experience to correlate with theory is provided in a variety of acute health care settings. The clinical portion of this course allows the student to practice decision-making skills for groups of clients in selected health care settings and to further develop communicative and technical skills. Content includes legal/ethical issues in nursing and health care, nursing roles, trends in nursing and reality shock.					

OFFT • OFFICE PROFESSIONAL

All prerequisite courses must be passed with a "C" or better.

OFFT1010 Beginning Keyboarding I	B/L	20	-	2
<i>Prerequisite:</i> Suitable for beginning students or for review using touch method. Introduces keyboarding techniques using the touch method; uses practice drills and strategies to develop excellent rhythmic keyboarding skills. A minimum of 20 gross words a minute (GWAM) with three or fewer errors on three-minute timings must be achieved to pass. Graded pass/no pass.				
OFFT1020 Beginning Keyboarding II	B/L	20	-	2
<i>Prerequisite:</i> OFFT1010 or equivalent, 20 GWAM minimum. Reinforces keyboarding techniques using the touch method; uses practice drills and strategies to develop excellent rhythmic keyboarding skills. A minimum of 30 gross words a minute (GWAM) with three or fewer errors on three-minute timings must be achieved to pass. Graded pass/no pass.				
OFFT1110 Business Communications	B/L/M	45	-	4.5
<i>Prerequisite:</i> Eligible for ENGL1010 or ENGL1015. Recommend BSAD1010 or INFO1121. Study of principles and techniques of writing business letters, electronic and written messages, and reports. Principles of grammar, punctuation, and correct word usage that have practical application in writing for business purposes.				
OFFT1120 Medical Terminology	B	45	-	4.5
Study of medical vocabulary for practitioners in the field of medicine. Much of the course is auto-instructional with extra drill and practice during class sessions.				
OFFT1160 Keyboarding III	B/L	45	-	4.5
<i>Prerequisite:</i> OFFT1020 or equivalent, 30 GWAM minimum. Uses a comprehensive diagnostic approach to build speed while maintaining a high degree of accuracy. A speed of 40 GWAM is a C, and 50 GWAM is an A on five-minute timings with five or fewer errors. Introduction to the electronic calculator and proficiency development in operating the 10-key pad by touch. Uses appropriate practice exercises and timed writings to produce a minimum speed of 100 key strokes per minute with at least 95% accuracy.				
OFFT1170 Keyboarding IV	B/L	30	-	3
<i>Prerequisite:</i> OFFT1160 or equivalent, 40 GWAM minimum. Uses lessons designed to develop both speed and accuracy while encouraging students to reach high goals on an individual basis. A speed of 50 GWAM is a C, and 60 GWAM is an A on five-minute timings with five or fewer errors. Introduction to the electronic calculator and proficiency development in operating the 10-key pad by touch. Uses appropriate practice exercises and timed writings to produce a minimum speed of 100 key strokes per minute with at least 95% accuracy.				
OFFT1310 Office Accounting	B/L	45	-	4.5
<i>Prerequisite:</i> Introduction to basic principles of accounting for a personal service enterprise. Analyzing, sorting, classifying, journalizing, and posting business transactions; taking a trial balance; preparing a work sheet; adjusting and closing the books; preparing an income statement, a statement of owner's equity, and a balance sheet; and working with payroll records.				
OFFT1680 Web Page Support	B/L	45	-	4.5
<i>Prerequisite:</i> BSAD1010 Design and preparation of Web pages, documents, and communication for electronic delivery. E-forms, e-mail etiquette, pdf file creation, online publishing, and file transfer included.				
OFFT1710 Word Applications I	B/L	45	-	4.5
<i>Prerequisites:</i> BSAD1010 and OFFT1020. Create, format, and edit basic business office documents such as letters, memos, reports, and tables using Microsoft Word. Emphasis on usable/mailable copy.				
OFFT1720 Word Applications II	B/L	45	-	4.5
<i>Prerequisite:</i> OFFT1710. Create, format, and edit advanced office documents such as tables, letters with special parts, two-page memos, long reports, and merge using Microsoft Word. Emphasis on usable/mailable copy.				
OFFT1740 Desktop Publishing Applications	B/L	45	-	4.5
<i>Prerequisite:</i> OFFT1710 Apply basic layout and design concepts in newsletters and other office documents using Microsoft Office applications: Word and Publisher. Emphasize importance of usable/mailable copy.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
OFFT1760	Project Management Applications	B/L	45	-	4.5
■	<i>Prerequisite: BSAD1020.</i> Use critical thinking and teamwork skills to manage the tasks and resources required to complete a project. Utilize Microsoft Project software to plan and track project progress. Use Microsoft Outlook and PDAs to communication effectively with team members. Prepare appropriate documents and presentation materials as necessary throughout the project process.				
OFFT2000	Employment Techniques	B/L	30	-	3
■	<i>Prerequisites: Declared students only. OFFT1110, OFFT2120, HIMS1103, VPUB1130, or VPUB1134. This class should be taken immediately before Co-op Supervised Employment and graduation for associate degree or diploma students.</i> Development of techniques and skills necessary for students to be successful in seeking or retaining employment within career area.				
OFFT2020	Co-op Supervised Employment	B/L	-	200	5
■	<i>Prerequisite: OFFT2000.</i> Under the guidance of a cooperative education coordinator, practical work experience for development of marketable skills in an office position. Open to Office Professional students only with a minimum GPA of 2.0.				
OFFT2060	Voice Recognition/Transcription	B/L	45	-	4.5
■	<i>OFFT1710 and OFFT1110.</i> Utilizes current technology tools to effectively transcribe and produce business documents. Includes application of proper grammar and punctuation rules while both composing and editing business documents, use of speech recognition software, and use of machine transcription equipment.				
OFFT2120	Business Communication Strategies	B/L	45	-	4.5
■	<i>Prerequisites: ENGL1010 or ENGL1015 or OFFT1110. Recommend BSAD1010 or INFO1121.</i> Study of principles of effective written and oral business communication. Communication strategies used in business disciplines.				
OFFT2130	Medical Machine Transcription	B/L	45	-	4.5
■	<i>Prerequisites: MEDA1201 or OFFT1120 and OFFT2060.</i> Practice using medical abbreviations, terminology, and phrases; transcription of basic hospital cases from recorded dictation using Microsoft Word.				
OFFT2210	Legal Processes I	L	45	-	4.5
■	<i>Prerequisites: OFFT1710 and OFFT2060</i> Provides students with the basic knowledge and skills needed to work in a variety of law-related settings, such as private law firms, government agencies, corporations, and banks. Study of legal terminology and its application in various areas of the law. Preparation of legal documents, pleadings, and correspondence using WordPerfect and Word. Topics covered include ethics, confidentiality, calendaring, billing, client relations, and specific duties for the legal office.				
OFFT2220	Legal Processes II	L	45	-	4.5
■	<i>Prerequisite: OFFT2210.</i> Continuation of Legal Processes I. Further study of the knowledge and skills needed to work in a variety of law-related settings, such as private law firms, government agencies, corporations, and banks. Study of legal terminology and its application in various areas of the law. Preparation of legal documents, pleadings, and correspondence using WordPerfect and Word. Topics covered include ethics, confidentiality, calendaring, billing, client relations, and specific duties for the legal office. An introduction to basic legal research and citation rules is provided.				
OFFT2310	Financial Computer Applications	B/L	45	-	4.5
■	<i>Prerequisites: ACCT1200 and BSAD1020.</i> Excel spreadsheet projects from a financial perspective, accounts receivable and accounts payable with subsidiary ledgers, payroll concepts, and computerized accounting software.				
OFFT2340	Records and Information Management	B/L	45	-	4.5
■	<i>Prerequisite: BSAD1020.</i> Introduction to records management. Rules of alphabetic, geographic, numeric, subject, and chronological methods of filing according to the Association of Records Managers and Administrators (ARMA) rules. Utilize Microsoft Access to complete database projects and integration activities.				
OFFT2410	Administrative Procedures I	B/L	45	-	4.5
■	<i>Prerequisite: OFFT1710.</i> Comprehensive coverage of relevant skills and procedures in the performance of office duties including the role of the administrative assistant, communication skills, and reference sources. Provides the student with the opportunity to apply relevant skills for today's automated work environment.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
OFFT2420	Administrative Procedures II	B/L	45	-	4.5
■	<i>Prerequisite: OFFT2410.</i> Continued coverage of office procedures including information processing procedures, travel and conference arrangements, mail processing procedures, organizational skills, and decision making. Provides students with a strong background in administrative skills and knowledge.				
OFFT2430	Administrative Office Management	L	45	-	4.5
■	<i>Prerequisite: OFFT1710.</i> Designed to acquaint the administrative assistant with the various theories of management and related concepts relevant to their office duties and responsibilities.				
OFFT2440	Medical Office Procedures	B/L	45	-	4.5
■	<i>Prerequisites: MEDA1101 or OFFT1120, and OFFT1710 or by permission; OFFT2060 recommended.</i> Integration of relevant medical office skills and procedures in the performance of modern medical office duties. Simulations included.				
OFFT2460	Office Simulation	B/L	45	-	4.5
■	<i>Prerequisites: ACCT1200 or OFFT1310, MATH1040, OFFT1110, OFFT2340, OFFT2410, and PSYC1250 or by permission. Corequisite: OFFT2420.</i> Uses previously learned office, procedures, and soft skills in an interactive work-flow environment. Students run a simulated business and work as managers, human resource specialists, accountants, order analysts, inventory specialists, and service representatives.				
OFFT2650	Computerized Medical Management	L	30	-	3
■	<i>Prerequisites: OFFT2440 or by permission.</i> Computerized application of scheduling, records management, insurance forms, patient database, and financial reports.				
OFFT2720	Microsoft Office Integration	B/L	45	-	4.5
■	<i>Prerequisites: BSAD1020, OFFT2310, and OFFT2340.</i> Create documents integrating Microsoft Office applications. Project-based class requires advanced technology and critical-thinking skills. Ability to work independently and in teams will be necessary as students apply skills and knowledge acquired in previous courses to initiate and complete Microsoft integration projects.				
OFFT3010	Special Projects	B/L	10	-	1
OFFT3020	Special Projects	B/L	20	-	2
OFFT3030	Special Projects	B/L	30	-	3
■	<i>Prerequisites: Completion of at least 55 credit hours; a minimum 2.5 GPA; and permission of advisor and program chair.</i> Study of a particular area in the office technology field, arranged with the student's advisor and approved by the program chair.				

PDSM • PARTS MARKETING & MANAGEMENT

PDSM1120	Nomenclature I	M	110	30	12
■	Function, composition, life expectancy, and nomenclature of the commonly requested parts. Identification of those parts most often in demand. Also, the principles of diesel and gas engines, electrical system components, fuel systems. Students will disassemble and reassemble these components.				
PDSM1131	Aftermarket Catalogs & Obsolescence I	M	30	80	5.5
■	Introduction to jobber parts catalog indexing and use. Location of parts on shelves, charging out items on counter tickets and first level return of parts, use of price sheets and classifications. The course includes the computerized parts systems.				
PDSM1221	Nomenclature II	M	35	15	4
■	Continuation of commonly requested parts, their function, composition, life expectancy, and nomenclature. Also the principles of transmissions, differentials, steering, suspension, brakes, and air conditioning.				
PDSM1222	Dealership Cataloging, & Obsolescence II	M	40	60	6
■	Study and use of General Motors, Ford, and Chrysler parts cataloging and the various levels of pricing retail, wholesale, and dealer goods. There will be a continued learning of nomenclature by using these references.				
PDSM1223	Service Writing, Warranty Policies, & Tools	M	20	30	3
■	Knowledge and experience needed to become a service writer in today's dealerships. Study of warranties and how parts under warranty are returned to the supplier, time limits which apply, and what is acceptable under warranty. Basic tools and equipment used in and sold from a parts department including proper use and care.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
PDSM1226 Counter Sales & Operations		M	10	40	2
Introduction to inventory control, computerized systems, and other functions performed in the typical parts store, i.e., shipping and receiving inventory, counter sales, posting invoices, telephone skills, purchasing warehouse inventory, and customer relations are performed in the college parts store.					
PDSM1321 Parts Management & Advanced Counter Operations		M	20	30	3
<i>Prerequisites: PDSM1221 through PDSM1226.</i> Continuation of lab activities for the parts department. Positions available, knowledge required for each position, and what level each position carries within the department. Individuals will manage the college parts store and be forklift certified.					
PDSM1325 Merchandising & Advertising		M	40	10	4
<i>Prerequisites: PDSM1221 through PDSM1226.</i> Basic merchandising, product grouping, and special merchandising. Draw plan-o-grams of the merchandising areas with different types of merchandising techniques. Signs and special displays developed to enhance merchandising. Suggestive selling by doing merchandising. Skills used in advertising.					
PDSM1327 Customer Sales & Relations		M	30	20	3.5
<i>Prerequisites: PDSM1221 through PDSM1226.</i> Guidelines for the parts person regarding customer relations, telephone manners, development of advanced selling skills used in selling a complete line of products, grooming, good sales objectives, and courtesy. Material Safety Data sheets on hazardous materials.					
PDSM1339 Agriculture/Construction Cataloging		M	40	60	6
<i>Prerequisites: PDSM1221 through PDSM1226.</i> In-depth training of the various parts' systems including John Deere, Agco, Case New Holland, and Caterpillar. Emphasis on basic machine systems and principles of how the systems work, parts identification and function, wear features, commonly replaced parts, and related parts sales as well as individual training in the chosen cooperative training field.					
PDSM1428 Cooperative Education		M	-	480	12
<i>Prerequisites: PDSM1221 through PDSM1339.</i> Cooperative training with a business for on-the-job experience. Application of acquired skills and principles for growth and advancement. Expectations of employees in a working environment. Work experience is supervised by the Southeast Community College Coordinator.					
PHED • PHYSICAL EDUCATION					
PHED1000 Lifetime Fitness		L	45	15	4.5
Theoretical and practical information on the relationship of life-style habits to productivity, quality of life and one's potential. Topics include life-style related risks, nutrition, physical fitness, and stress management encompassing the mind-body health perspective of wellness.					
PHED1010 Golf		B	-	30	1.5
Basic skills and fundamentals of golf. Scoring, selection and care of equipment for the beginning golfer.					
PHED1030/2030/2035/2040 Physical Fitness Activities		B/L	-	30	1.5
Study of and participation in chosen activities, such as weight training, cardiovascular conditioning, flexibility, basketball, volleyball and weight control. Planning and participating in an individualized program for development.					
PHED1050/2050 Recreational Sports		B	-	30	1.5
Participation in recreational sports for the student with a disability who is unable to participate in a regularly scheduled required program. Credit can be earned by nonathletic participation in the intercollegiate athletic program such as keeping statistics, videotaping, care and handling of equipment, and game site management. Other options include managerial involvement in school's intramural or physical education programs.					
PHED1060 Fitness Throughout Life		B	15	30	3
Study and application of theories which promote wellness throughout the life cycle. Emphasis on cardiovascular conditioning, flexibility, muscular strength, endurance, body composition, and nutrition maintenance programs.					
PHED1610 Standard First Aid		B	45	-	4.5
Principles and techniques for administration of first aid. Legal aspects of emergency care, cardiorespiratory emergencies, hemorrhage control, wound maintenance, shock control, poisoning, heat and cold injuries.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
PHED1750 Introduction to Physical Education		B	45	-	4.5
For the prospective physical education major or minor at the secondary school level. Survey of physical education, history, principles, objectives. Review of activities offered in the P.E. curriculum.					
PHED1600 Introduction to Recreation		B	45	-	4.5
Principles, history and philosophy of recreation and leisure. Introduces recreation as a profession. Explores recreation and leisure studies throughout the life cycle.					
PHED1800 Physical Education in the Elementary School		B	45	-	4.5
For the prospective elementary teacher and the physical education major. Study of curriculum and methods of teaching of physical education at the elementary level. Needs and characteristics of elementary school-age child by grade level.					
PHED2010/2020 Officiating Sports		B	30	-	3
Study and application of rules, techniques and interpretations for becoming officials or coaches in football, volleyball, soccer, basketball, softball or baseball.					

INTERCOLLEGIATE ATHLETICS

The following courses will allow student athletes to earn credit through participation in intercollegiate athletics. Regular attendance and participation in all squad activities required.

PHED1300/2300, 1310/2310 Intercollegiate Golf	B	-	-	1.5
PHED1320/2320, 1330/2330 (men) Intercollegiate Basketball	B	-	-	1.5
PHED1340/2340, 1350/2350 (women) Intercollegiate Basketball	B	-	-	1.5
PHED1360/2360, 1370/2370 Intercollegiate Volleyball	B	-	-	1.5
PHED1380/2380, 1385/2385, 1390/2390, 1395/2395 Intercollegiate Baseball	B	-	-	1.5
PHED1380/2380, 1385/2385, 1390/2390, 1395/2395 Intercollegiate Softball	B	-	-	1.5

PHIL • PHILOSOPHY

PHIL1010 Introduction to Philosophy	B/L	45	-	4.5
<i>Prerequisite: Reading/writing skills at ENGL1010 or ENGL1015.</i> Introduction to the components of philosophy through readings from the history of philosophy (ancient, modern, and contemporary) combined with the examination of topics such as metaphysics, logic, ethics, epistemology, aesthetics, philosophy of religion, freedom, and self-identity. Exposure to a range of ideas and readings representing a variety of cultural and ethnic backgrounds.				
PHIL1060 Applied Ethics	B/L	45	-	4.5
Introduction to different approaches to moral decision-making and how to tell the difference between good and bad reasoning in applied ethics. Includes some of most recent philosophical writings on a variety of issues.				
PHIL1150 Critical and Creative Thinking	B/L	45	-	4.5
<i>Prerequisite: Reading/writing skills at ENGL1010 or ENGL1015.</i> Designed to increase critical (convergent thinking) and creative (divergent thinking) thinking skills. Explores the use of logic and perception to analyze ideas, construct and evaluate arguments, and draw logical conclusions. Raise level of problem identification, idea-generation, solution finding and implementation. Exposure to a range of ideas and readings representing a variety of cultural and ethnic backgrounds.				
PHIL2110 Introduction to Modern Logic	B/L	45	-	4.5
Introduction to deductive logic, emphasizing symbolic logic. Arguments, language and meaning, informal fallacies, traditional logic, sentence logic and predicate logic. May be used as math credit.				
PHIL2130 Bioethics	B/L	45	-	4.5
<i>Prerequisite: ENGL1010 or ENGL1015 or equivalent.</i> Philosophical study of moral problems in the health care industry. Exploration of issues that include the allocation of scarce medical resources, patients' rights, biomedical research and transplants, abortion, maternal-fetal conflict, death and dying, socialized medicine, and the right to health care.				
PHIL2610 Comparative Religions	B/L	45	-	4.5
<i>Prerequisite: Reading/writing skills at ENGL1010 or ENGL1015.</i> This course will offer a cross-cultural introduction to the world's major religious/philosophical traditions or faith systems through a comparison of historical origins, rituals, beliefs, practices, and sacred texts and sources.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

PHOT • PHOTOGRAPHY

PHOT1750 Beginning Photography **B 30 30 4.5**
Introduction to the fundamentals of black and white photography, composition and lighting. Lecture, text and laboratory with emphasis on use of 35mm camera and developing, enlarging, and printing 35mm negatives.

PHOT1760 Digital Photography and Creative Imaging **B 30 30 4.5**
Introduction to the fundamentals of digital photography. Technical aspects include image editing, layering, and manipulation using Photoshop. Exploration of creative digital processes.

PHOT2750 Photojournalism **B 30 30 4.5**
Prerequisite: Grade of C or better in PHOT1750 or PHOT1760 or instructor permission.
Study of photojournalism for mass media using digital technology. Textbook study and photography assignments for publication of news, features, sports, studio photography and photo essays. Technical aspects include screening and editing prints using Photoshop software.

PHRM • PHARMACY TECHNICIAN

Pharmacy courses must be taken in sequence.

PHRM1101 Pharmacology/ Pharmaceutical Products I **B 45 - 4.5**
Prerequisites: BIOS1000, MEDA1101 and 1202, and ENGL1010
The focus of this course is the study of therapeutic agents, their classification, properties, actions and effects on the human body and their role in the management of disease.

PHRM1121 Pharmacy Calculations I **B 45 - 4.5**
Prerequisite: PHRM1101
Examination of the qualifications, operational guidelines and job duties of a pharmacy technician.

PHRM1131 Pharmacy Operations I **B 10 60 3**
Prerequisite: PHRM1121
The focus of this course is to orient the student to the general and specific tasks, as well as responsibilities involved in the practice of pharmacy in an institution as well as community setting.

PHRM1220 Pharmacology/Pharmaceutical Products II **B 45 - 4.5**
Prerequisite: PHRM1131
The focus of this course is the study of therapeutic agents, their classification, properties, actions and effects on the human body and their role in the management of disease.

PHRM1222 Pharmacy Calculations II **B 20 75 4.5**
Prerequisite: PHRM1220
Students will study appropriate policies and procedures for recording of and preparation of bulk, unit dose, special doses of drugs. Students will gain knowledge of durable medical equipment. Patient instruction and communication will be covered.

PHRM1232 Pharmacy Operations II **B 20 75 4.5**
Prerequisite: PHRM1222
This course will continue study of pharmacy functions such as packaging and/or repackaging of pharmaceuticals, stock rotation/expiration, disposal, records and all the rules and regulations for overall pharmacy operations.

PHRM1240 Pharmacy Law & Ethics **B 30 - 3**
Prerequisite: Permission.
This course will focus on the ethical issues within the pharmacy industry and those that arise with individual patient situations. The students will focus on laws effecting pharmacy technician's functioning according to the legal limits of delegation by the pharmacist. Students will learn the basic principles of ethical decision making and study cases/scenarios in order to apply those principles to real situations.

PHRM1241 Professional Trends & Issues **B 45 - 4.5**
Review and critique experiential learning with correlation of classroom theory. Students will have the opportunity to participate in discussions on topics of current interest in pharmacy practice, related to their clinical experience.

PHRM1250 Pharmacy Clinical Education **B - 240 8**
Prerequisites: PHRM1232 and 1240
This course emphasizes the basics of pharmacy practice and exposes the student to the practical aspects of dispensing, compounding and inventory control at an "on the job" training site in an institutional, retail or alternative pharmacy practice setting.

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

PHYS • PHYSICAL SCIENCE

PHYS1017 Technical Physics **M 40 10 4.5**
Prerequisite: MATH1050 or MATH1080 or equivalent.

Study of physics applied to technical trades. Measurement, mechanics, and heat. Metric system, conversion of units, material properties, forces, vectors, equilibrium, fraction, straight line motion, trajectories, rotational motion, simple harmonic motion, simple machines, waves and sound, thermal expansion, and heat transfer.

PHYS1030 Astronomy **L 45 30 6**
Prerequisite: MATH0950 or permission of the instructor.

The study of the nature and motions of the night sky, planets, the sun, the stars, and their lives, galaxies, and the structure of the universe. This is an elementary course designed for non-science majors with an approach that uses minimal mathematics. Laboratory allows students to study selected topics in more detail.

PHYS1110 Survey of Physical Science **B 45 30 6**
Survey course in the physical sciences with emphasis on scientific processes. Includes topics from chemistry, physics, astronomy, geology and meteorology. Includes lab.

PHYS1150 Descriptive Physics **B/L/M 45 30 6**
Prerequisite(s) and/or Co-requisite(s): MATH0950 or equivalent.
Conceptual survey of physics for the non-science major. Topics covered include motion, fluids, heat, electricity, magnetism, waves, and optics. Emphasis will be placed on using concepts to analyze physical problems.

PHYS1410 General Physics I **B/L 60 30 7.5**
Prerequisite: High school trigonometry with "B-" or better, or MATH1200 or equivalent.

Detailed algebra and trigonometry based study of one and two dimensional motion, including kinematics, Newton's Laws, energy, and momentum. Additional topics from the areas of rotational motion, oscillations, waves, fluids, and heat will also be covered. Emphasis will be placed on both concepts and mathematical problem solving.

PHYS1420 General Physics II **B/L 60 30 7.5**
Prerequisite: PHYS1410 or equivalent.
Continuation of PHYS1410. Topics covered include electricity, magnetism, waves, optics, and modern physics. Emphasis will be placed on both concepts and mathematical problem solving.

PHYS2110 College Physics I **B/L 60 30 7.5**
Prerequisites: High school physics and MATH1600, or by permission, and concurrent with MATH1600.

Detailed calculus-based study of one and two dimensional motion, including kinematics, Newton's Laws, energy, and momentum. Additional topics from the areas of rotational motion, oscillations, waves, fluids, and heat will also be covered. Emphasis will be placed on both concepts and mathematical problem solving. The course is taught in an interactive style that integrates lecture, laboratory, and small group activities into one combined session.

PHYS2120 College Physics II **B/L 60 30 7.5**
Prerequisites: PHYS2110 or equivalent.

Calculus-based continuation of PHYS2110. Topics covered include waves, sound, light, electricity, magnetism, and modern physics. Emphasis will be placed on both concepts and mathematical problem solving. The course is taught in an interactive style that integrates lecture, laboratory, and small group activities into one combined session.

POLS • POLITICAL SCIENCE

POLS1000 American Government **B/L 45 - 4.5**
Study of the functioning of the political system through an analysis and application of its underlying theories.

POLS1040 Comparative Politics **L 45 - 4.5**
Focus on the description and analysis of modern political systems and their respective ideologies. First half of course focuses on broad structural features of government. Second half of course looks at several individual nation states. Final part of course analyses problems facing modern political systems.

POLS1080 Introduction to Political Science **L 45 - 4.5**
Introduction to Political Science will address major political concepts and controversies that have developed in the world: liberty, equality, democracy, human nature, among others. The course will provide students with an overview of basic principles, approaches and methods of the discipline representing the social scientific mode of inquiry. Students will be exposed to national, comparative, and international politics as well as political thought.

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
POLS1600	Introduction to International Relations	L	45	-	4.5
Introductory survey of the actors, institutions, processes, and theories of international relations - including a study of contemporary global issues.					
POLS2020	State & Local Government	B/L	45	-	4.5
<i>Prerequisite: POLS1000 or permission of instructor.</i> Study of the structure and operation of state and local government with special attention to the direct impact on the individual citizen.					
POLS2300	Political Parties	L	45	-	4.5
<i>Prerequisite: POLS1000 strongly recommended.</i> Comprehensive review of party politics and elections in the United States. Emphasis on the historical development of the American party system; political party organization in America; voting and elections; and the activity of parties in government.					
POLS 2799	Internship Experience	L	45	-	4.5
Students will acquire the skills necessary to understand the interaction of legislators, political parties, interest groups, and media. Students will learn practical application of political concepts while observing a real world arena in which this interaction occurs.					
NOTE: PRACTICAL NURSING — SEE LPNS					
NOTE: PROFESSIONAL TRUCK DRIVER TRAINING — SEE TRUK					
PSGT • POLYSOMNOGRAPHIC TECHNICIAN					
<i>Please note: Students must be a graduate from the Advanced-Level Respiratory Care Program or a graduate from an associate degree or higher nursing school to enter this program of study.</i>					
PSGT1000	Polysomnography I	L	45	-	4.5
■ This course provides entry-level didactic and laboratory training in polysomnography. Topics will include patient preparation, instrument setup and calibration, recording and monitoring techniques, pressure and oxygen therapy applications and patient to technologist interactions.					
PSGT1010	Polysomnography Lab	L	-	75	2.5
■ This course provides the hands-on application of patient preparation, instrument setup and calibration, recording and monitoring techniques, pressure and oxygen therapy applications and patient to technologist interactions. Lab compliments the material presented in PSGT1000 and PSGT1020.					
PSGT1020	Polysomnography Fundamentals	L	20	-	2
■ This course introduces the student to sleep medicine. Topics will include the history of sleep medicine, patient evaluation, Epworth sleepiness scores, diagnosis and treatment of various sleep disorders, insurance reimbursement, patient education, and the role of the technologist as a sleep advocate.					
PSGT2000	Polysomnography II	L	20	-	2
■ This course provides advanced-level didactic training in polysomnography. Emphasis placed on the knowledge and skills necessary to obtain and evaluate high quality sleep recording including MST, MT, pediatric and infant, procedures.					
PSGT2010	Polysomnography II Lab	L	-	30	1
■ This course provides an advanced hands-on training in polysomnography. Emphasis is on advanced equipment set-up, calibration, assessment, monitoring or sleep disorders. Lab compliments the material presented in PSGT2000.					
PSGT2020	Seminar Review	L	10	-	1
■ This course provides an opportunity to review and prepare for the polysomnography credentialing exam. Emphasis is placed on case management and review for the Registered Polysomnographic Technologist Exam.					
PSGT2030	Clinical Education	L	-	150	5
■ This course provides practical application of theories covered in previous PSGT courses. Emphasis is placed on polysomnography testing and procedures.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
PSYC • PSYCHOLOGY					
PSYC1250	Interpersonal Relations	B/L/M	45	-	4.5
Personal development and adjustment, self-esteem building, values clarification and decision-making, interpersonal communication skills, appreciation of diversity, development of healthy personal and professional relationships.					
PSYC1810	Introduction to Psychology	B/L/M	45	-	4.5
■ Introduction to the science of psychology including the study of learning theory, memory, personality, growth and development, neurological aspects, abnormal behavior therapies, intelligence, motivation, emotion, sensation, perception and theoretical perspectives.					
PSYC2799	Special Topics in Psychology	B/L/M	45	-	4.5
<i>Prerequisite: Grade of "C" or better in PSYC1810.</i> This course will allow students to develop more depth-of-understanding in specific areas of psychology, such as domestic violence, sexuality, psychology of gender, history of psychology, health psychology.					
PSYC2870	Psychology of the Personality	B/L	45	-	4.5
<i>Prerequisite: PSYC1810 or permission of the instructor.</i> Systematic study of personality theories, the factors influencing personality development and the dynamics of personal adjustment.					
PSYC2880	Social Psychology	B/L	45	-	4.5
<i>Prerequisite: PSYC1810 or SOCI1010 or permission of the instructor.</i> Exploration of human social behavior including development and understanding of the self as a social being; social perception; attitudes and persuasion; social influence; attraction, interactions, and relationships; prosocial and antisocial behavior; and group behavior.					
PSYC2890	Child Psychology	B/L	45	-	4.5
<i>Prerequisite: PSYC1810 or permission of the instructor.</i> Study of developmental approach to human behavior from conception to adolescence. Personality, cognition, language, behavioral change and emotion will be discussed.					
PSYC2900	Adolescent Psychology	B/L	45	-	4.5
<i>Prerequisite: PSYC1810 or permission of the instructor.</i> Study of developmental approach to normal adolescence from puberty to young adulthood. Impact of social factors on psychological behavior development.					
PSYC2950	Introduction to Counseling	B/L	45	-	4.5
<i>Prerequisite: PSYC1810 or permission of instructor.</i> Overview of major counseling theories and intervention strategies. Skills involved in providing feedback to clients, crisis intervention and other methods of short-term counseling. Cross-cultural approaches to counseling.					
PSYC2960	Life-span Human Development	B/L	45	-	4.5
■ <i>Prerequisites: PSYC1810 or SOCI1010.</i> Integration of the basic concepts and principles of physical, cognitive and psychosocial development at each major stage of life. Provides an essential background for students in psychology, nursing, education, social welfare and home economics; for workers in community service; and for parents and prospective parents.					
PSYC2970	Introduction to Psychological Research	B	45	-	4.5
<i>Prerequisite: PSYC1810 or permission of instructor.</i> Introduction to the methodological aspects of psychology. Survey of research reports from a variety of psychological perspectives. Scientific research methods in psychology. Significant biases in human thought. Designing individual experiments. For nursing students only.					
PSYC2980	Abnormal Psychology	B/L	45	-	4.5
<i>Prerequisite: PSYC1810 or permission of instructor.</i> Course covers etiology, treatment and prevention of abnormal behavior, use of DSM IV as diagnostic tool, effects of labeling.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

PTAS • PHYSICAL THERAPIST ASSISTANT

Please note: Students must be admitted into the program and have completed all prerequisites and additional required courses with a minimum grade of C+ before taking any PTAS courses. Each PTAS course builds on previous course content and must be completed with a minimum grade of C+ before continuing.

PTAS1100 Intro to Physical Therapy	L	45	-	4.5
Course introduces the student to the profession of physical therapy and the role of the physical therapist assistant emphasizing professional ethics, standards of practice, professional communication and a history of the profession. Basic patient care, privacy rights and body mechanics to be discussed.				
PTAS1101 Kinesiology with Lab	L	45	30	6
This course focuses on the movement of the musculoskeletal and nervous systems of the body including muscle origins, insertions and actions, nerve innervations. In addition, motion and the effects of forces and levers relative to the body will be studied.				
PTAS1102 Pathophysiology for PTA	L	45	-	4.5
An exploration of pathogenesis, prognosis and therapeutic management of the diseases and abnormalities of structure and function and how they effect rehabilitation. Emphasis is placed on conditions most commonly encountered in physical therapy.				
PTAS1103 Physical Therapy Skills and Exercise I with Lab	L	35	30	4.5
Instruction of the theory and clinical application of therapeutic exercise and basic skills as they relate to normal and abnormal movement of the body.				
PTAS1104 Therapeutic Modalities I with Lab	L	35	30	4.5
Study of physical agents and therapeutic modalities (application and theory) including indications, contraindications and precautions when using manual therapy techniques, cryotherapy, thermal agents, ultrasound, mechanical modalities (e.g. traction)				
PTAS1202 Physical Therapy Skills and Exercise II with Lab	L	35	30	4.5
This course covers further development of therapeutic exercise and skills related to rehabilitation and function.				
PTAS1203 Therapeutic Modalities II with Lab	L	35	30	4.5
A continuation of studying principles and clinical application for therapeutic modalities such as electrotherapeutic agents and biofeedback.				
PTAS1204 Documentation in Clinical Services	L	30	-	3
An in depth practice of documentation using the SOAP-note format, in addition to interpreting physical therapy goals, plans of care and reviewing medical histories. Effective verbal communication and ethical and legal issues with documentation and communication are practiced.				
PTAS1205 Advanced Procedures with Lab	L	35	30	4.5
Acquaints the student with more advanced rehabilitation techniques for complex patient diagnoses and specialty areas of physical therapy.				
PTAS1206 Health Systems and Issues	L	30	-	3
This course familiarizes students with reimbursement, access to medical care, prevention, wellness and communication with other healthcare professionals.				
PTAS1207 Professional Issues	L	40	-	4.0
This course focuses on various topics related to the clinical practice of a physical therapist assistant. Discussions will include professional issues, service, licensing laws and resume preparation.				
PTAS1301 Clinical Education I	L	-	120	4
Supervised clinical experience to begin developing professional competencies with knowledge and skills from coursework to date.				
PTAS1302 Clinical Education II	L	-	120	4
Supervised clinical experience to further develop clinical skills for patient care compatible with the role of the physical therapist assistant.				
PTAS1303 Clinical Education III	L	-	400	13.5
Supervised clinical experience where the student will demonstrate entry-level competencies.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
-----------------------	-------	----------	----------------	--------------	-----------------

RADT • RADIOLOGIC TECHNOLOGY

Please note: Students must be admitted into the program and have completed all prerequisites with a minimum grade of C+ before taking any RADT courses. Each RADT course builds on previous course content and must be completed with a minimum grade of C+ before continuing.

RADT1100 Introduction to Diagnostic Imaging	L	20	-	2
Introduction to the Radiologic Technology Program. Orientation to the hospital and clinic settings; patient care and transfers; overview of radiology equipment and imaging procedures; radiation safety.				
RADT1111 Diagnostic Imaging Concepts	L	45	15	5
Essentials of radiographic exposure formulation. Elements contributing to radiographic quality in the areas of density, contrast, recorded detail and distortion. Basic concepts of digital imaging and patient dose.				
RADT1112 Radiographic Procedures I	L	45	10	4.5
Anatomy and positioning of the chest and abdomen. Image evaluation and critique of these procedures. Application of procedural terminology and clinical data. Application of infection control, ethics, and pharmacology in the radiography practice.				
RADT1119 Clinical Education I	L	-	150	5
Adaptation to the hospital environment with supervision. Correlation of classroom theory with performance of basic radiographic procedures. Active participation in radiology departments, radiographic and fluoroscopic rooms with radiation safety practices. Competency evaluation of routine chest and KUB exams.				
RADT1123 Radiographic Procedures II	L	45	15	5
Radiographic anatomy and positioning of the abdominal contents with contrast media, upper extremity, and shoulder girdle. Image evaluation / critique of these procedures.				
RADT1124 Diagnostic Imaging Theory	L	45	-	4.5
Continuation of the study of fundamental physical principles from mechanics to electromagnetism. Application of these principles to the construction and operation of fundamental x-ray equipment. Analysis of basic x-ray circuit. Construction and operation of tomographic, mobile and fluoro equipment. Comparison of computed and direct radiology.				
RADT1129 Clinical Education II	L	-	225	7.5
Supervised clinical practice. Rotating shifts and assignments. Competency evaluations of difficult chest and abdomen exams; and distal upper extremity.				
RADT1133 Radiographic Procedures III	L	45	15	5
Anatomy and positioning of lower extremity, pelvic girdle and the vertebral column. Image evaluation/critique of these procedures.				
RADT1134 Radiation Biology	L	30	-	3
Nature of x-rays. Interaction with matter. Effects of radiation exposure. Review of patient and personnel radiation protection. Limiting standards, units of measurement and regulatory agencies.				
RADT1139 Clinical Education III	L	-	225	7.5
Supervised clinical practice. Rotating shifts and assignments. Competency evaluations of contrast media exams and proximal upper extremity.				
RADT1143 Radiographic Procedures IV	L	45	16	5
Anatomy and positioning of the bony thorax, cranium, facial bones, sinuses, and other skull exams. Image evaluation/critique of these procedures. Critical thinking and imaging of trauma patients and various advanced radiographic procedures.				
RADT1147 Specialized Imaging	L	45	-	4.5
Overview of equipment, procedures, techniques, anatomy, and imaging protocol of specialty areas including sonography, MRI, nuclear medicine, radiation therapy, cardiovascular/interventional, and mammography.				
RADT1149 Clinical Education IV	L	-	225	7.5
Supervised clinical practice. Rotating shifts and assignments. Competency evaluations of the lower extremity.				
RADT2253 CT Imaging	L	30	-	3
Study of computed tomography with emphasis on equipment, procedures, techniques, anatomy, and imaging protocol.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
RADT2254	Advanced Patient Care Management	L	15	-	1.5
■	Critical thinking and imaging of the pediatric patient. Psychological, social, and economic needs of the elderly. Overview of various cultural groups and cultural competencies.				
RADT2259	Clinical Education V	L	-	225	7.5
■	Clinical practice with less assistance to foster increased proficiency and responsible decision-making in a variety of situations. Competency evaluation of the pelvic girdle, bony thorax, spine, and mobile orthopedic.				
RADT2265	Pathophysiology	L	55	-	5.5
■	Review of human anatomy and physiology. Pathologies and congenital abnormalities of all systems. Application of critical thinking and technical factors.				
RADT2269	Clinical Education VI	L	-	225	7.5
■	Clinical practice with less assistance to foster increased proficiency and responsible decision-making in a variety of situations. Competency evaluations of cranial, surgical, and pediatric exams.				
RADT2276	Diagnostic Imaging Applications	L	55	-	5.5
■	Exploration of advanced concepts of radiographic production, radiographic processing, conservative use of equipment and quality assurance techniques. Application of critical thinking.				
RADT2279	Clinical Education VII	L	-	225	7.5
■	Clinical practice with less assistance to foster increased efficient and responsible decision-making in a variety of situations. Competency evaluation of miscellaneous procedures in surgery, trauma, pediatrics, and advanced contrast.				
RADT2288	Senior Seminar	L	45	-	4.5
■	Review of course materials to prepare for National Board exam.				
RADT2289	Clinical Education VIII	L	-	225	7.5
■	Clinical practice with less assistance to foster increased efficiency and responsible decision making in a variety of situations. Competency evaluations of miscellaneous procedures will be continued. Arthrograms, myelograms, etc.				
RELS • RELIGIOUS STUDIES					
RELS2610	Comparative Religions	B/L	45	-	4.5
■	<i>Prerequisite: Reading/writing skills at ENGL1010 or ENGL1015.</i> This course will offer a cross-cultural introduction to the world's major religious/philosophical traditions or faith systems through a comparison of historical origins, rituals, beliefs, practices, and sacred texts and sources.				
RESP • RESPIRATORY CARE					
Please note: Students must be admitted into the program AND have completed all program prerequisites with a GPA of 2.75; general education courses with a GPA of 2.5. Each RESP course builds on previous course content and must be completed with a minimum grade of C+ (75%) before continuing in the Respiratory Care program.					
RESP1111	Respiratory Anatomy & Physiology	L	45	-	4.5
■	An in-depth study of the cardiopulmonary system including anatomy, ventilation, diffusion of pulmonary gases, hemodynamic measurements, ventilation/perfusion relationships, oxygen and carbon dioxide transport, acid-base balance with an emphasis on clinical application.				
RESP1112	Respiratory Care Procedures I and Lab	L	45	30	5.5
■	Theory and practice of respiratory care procedures to include airway adjuncts for BLS, medical gas, humidity/aerosol administration, equipment and patient application. Lab is concurrent with lecture. Lab complements the material presented in RESP1111, RESP1112 and RESP1114.				
RESP1113	Respiratory Pharmacology	L	30	-	3
■	Study of drugs affecting the cardiorespiratory and autonomic nervous systems. Includes drug dosage calculation, administration, and clinical side effects.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
RESP1114 Patient Care Principles	L 45 - 4.5				
■	Development of assessment skills in regards to patient history, physical exam and laboratory studies with emphasis on proper charting of assessment.				
RESP1121 Cardiopulmonary Pathology	L 45 - 4.5				
■	Study of concepts and theory of basic cardiopulmonary diseases to include etiology, pathology, diagnosis, clinical manifestations, radiological and laboratory findings; prevention, prognosis and treatment.				
RESP1122 Respiratory Care Procedures II and Lab	L 45 60 6.5				
■	Theory and practice of the fundamentals of lung volume expansion therapy, bronchial pulmonary hygiene techniques, advanced airway management and aerosol therapy. Lab is concurrent with lecture. Lab complements the material presented in lecture as well as material learned in previous courses.				
RESP1126 Respiratory Care Profession I	L 20 - 2				
■	Study of moral responsibilities of health care as well as an overview of the Respiratory Care profession expectations. Role playing, case studies and critical thinking are used to address patient interaction, decision making and professionalism.				
RESP1129 Clinical Education II	L - 30 1				
■	An orientation to the clinical sites, infection control and record-keeping, observation of therapy, and under direct supervision, the student may complete some respiratory care procedures.				
RESP1131 Cardiopulmonary Diagnostics and Lab	L 30 30 4				
■	Theory, application and equipment for diagnosing cardiopulmonary pathologies through the diagnostic concepts used in respiratory care. Including techniques utilized for basic pulmonary function testing, sleep studies, arterial blood gas monitoring, ECG monitoring and recording. Lab is concurrent with lecture. Lab complements the material presented in lecture.				
RESP1132 Mechanical Ventilation & Lab	L 45 60 6.5				
■	Study of adult mechanical ventilators, ventilation techniques with critical care monitoring and management. Lab complements the material presented in lecture. Utilizing the knowledge in a laboratory setting by practicing the set-up, application, monitoring of various adult ventilators used in the hospital setting. Lab is concurrent with lecture.				
RESP1139 Clinical Education III	L - 150 5				
■	Practice of basic respiratory care procedures to include medical gas, aerosol/humidity therapy, aerosolized drug therapy, resuscitation, airway management, lung expansion therapy, and bronchial hygiene therapy. Includes clinical conferences and case studies.				
RESP1143 Neonatal & Pediatric Respiratory Care	L 50 - 5				
■	Study of neonatal and pediatric physiology, pathology, clinical situation management, infant and pediatric mechanical ventilation. Includes simulated practice with procedures and equipment.				
RESP1144 Respiratory Rehabilitation & Home Care	L 30 - 3				
■	Overview of pulmonary rehabilitation, subacute care, and home care principles and practices.				
RESP1147 Ventilator Management II Lab	L 30 - 1				
■	Extended lab study of advanced mechanical Ventilation from RESP1132 Mechanical Ventilation. Lab includes advanced patient assessment, advanced modes of ventilation, high frequency ventilation, and advanced therapies. Extensive use of case studies, patient scenarios and ventilator interaction will be utilized.				
RESP1148 Critical Care Management	L 40 - 4				
■	Study of respiratory management of patients in critical care settings with emphasis on critical thinking skills in patient assessment and monitoring, and recommending alternative therapies. Extensive use of case studies, patient scenarios and ACLS algorithms.				
RESP1149 Clinical Education IV	L - 150 5				
■	Practice in adult critical care, basic pulmonary function testing, arterial bloods gases, EKGs, mechanical ventilation, and emergency airway management. Includes clinical conferences and student case study presentations.				
RESP2251 Cardiovascular Physiology	L 40 - 4				
■	Study of the cardiovascular system with emphasis on hemodynamic monitoring of the critically ill and pharmacologic control of cardiac output.				

SOUTHEAST Community College - Nebraska

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
RESP2255	Respiratory Care Profession II	L	30	-	3
Study of the professional aspects of Respiratory Care. Includes an overview of the process of finding a job, obtaining licensure as well as the requirements for board exams.					
RESP2257	Cardiopulmonary Procedures Lab	L	-	45	1.5
Includes detailed examination of cardiovascular anatomy, non-invasive and invasive hemodynamic monitoring, interpretation and analysis and selected topics in advanced cardiac care.					
RESP2259	Clinical Education V	L	-	240	8
Includes rotations in neonatal and adult critical care, subacute and home care, cardiac and pulmonary rehabilitation, physician rounds, invasive and non-invasive lab. Students will also present a case study.					
RESP2263	Patient Education	L	20	-	2
Study of a wide variety of physical, psychological and social factors that impact the development of and recovery from disease. Includes an awareness development of a number of patient education programs in health care agencies and the community.					
RESP2267	Clinical Simulations Lab	L	-	45	1.5
Practice in information gathering and decision making in a variety of selected respiratory care scenarios.					
RESP2268	Seminar Review	L	40	-	4
Preparatory course for the NBRC exam. Self-assessment exams for the CRT and RRT will be utilized.					
RESP2269	Clinical Education VI	L	-	240	8
A continuation of Clinical Education V.					

RNEW • RENEWABLE ENERGY

RNEW1100	Process Dynamics	M	45	-	4.5
<i>Prerequisite: MATH0950</i>					
Introduces concepts which deal with physical forces and their relationship to energy through temperature and pressure and are frequently encountered in an operating plant environment. An explanation and understanding of a plant system is crucial to this course. The scientific principles of flow, temperature, pressure, heat, gases, liquids, solids, fluid systems, process dynamics and heat transfer are covered in detail. The curriculum of this course encompasses basic physics and science.					
RNEW1101	Ethanol Process Fundamentals	M	30	-	3
<i>Prerequisite: Permission</i>					
Covers the history, rational, and overall fundamental process of ethanol production. A Process Flow Diagram (PFD) of a typical ethanol plant will be used to examine the sequence of operation including residence time, pressures, and temperatures seen in various stages of production. This course will explain the rational for feedstock and additives used in ethanol processing as well as product and co-product production and use.					
RNEW1115	Mechanical Fundamentals	M	30	-	3.0
This course will give the student a basic understanding of pumps, valves, compressors, and heat exchangers. It will explain the proper procedure on how to start, operate and shutdown pumps. Troubleshooting common operating problems of centrifugal pumps will be discussed. Functions & characteristics of reboilers, cooling tower, and condensers will be covered in detail.					
RNEW1125	P&ID and PFD Symbols	M	15	-	1.5
This course will cover the symbols and diagrams commonly used on piping and instrumentation diagrams (P&ID) and Process Flow Diagrams (PFD). Focus will be on indentifying the types of diagrams, indentifying instrument symbols and line symbols used on P&ID's, understanding the types of information typically found on a legend, using a P&ID to locate the components of a system, and reading a PFD to trace the flow paths of a system.					
RNEW1135	Distillation and Evaporation	M	60	-	6
<i>Prerequisite: RNEW1100, RNEW1115 and RNEW1125</i>					
Understand the theory behind distillation and evaporation. Know the operating parts in a distillation system and how to interpret normal operating conditions. Know how to troubleshoot common operational problems. Be familiar with safety procedures in starting, cleaning, operating and shutting down a distillation system. Be familiar with the evaporative process and its role in processing plants. A distillation simulator will be available for laboratory use.					

RNEW1160	Instrumentation and Control	M	30	45	4.5
<i>Prerequisite: RNEW1100, RNEW1115 and HVAC1109</i>					
Building on Mechanical Fundamentals and Process Dynamics, this course will cover the essential elements of a process control system. It will cover common types of electrical and pneumatic signals used for data collection while exploring devices used to measure flow rate, pressure, temperature, level and analytical control. This course will compare fundamental control concepts such as on/off and PID. It will explain how control concepts are used in the various control loops of feedback, cascade, ratio, and feedforward.					

RNEW1170	Microbial Ecology	M	30	45	4.5
<i>Prerequisite: General Biology</i>					
Introduces students to structure, classification, and ecology of microorganisms, especially as it relates to an industrial processing plant. With experience in microbiological laboratory practices and techniques as well as study the enzymes supporting microbial ecology in ethanol processing facilities.					

SIGN • SIGN LANGUAGE

SIGN1010	Beginning American Sign Language I	L	60	20	6
Beginning course in American Sign Language (ASL). Development of vocabulary and grammatical structures of ASL. Receptive and expressive skill development. Basic ASL video literature.					
SIGN1020	Beginning American Sign Language II	L	60	20	6
<i>Prerequisite: SIGN1010 or equivalent knowledge as demonstrated with ASL placement interview with qualified instructor.</i>					
Continuation of beginning course in American Sign Language (ASL). Development of vocabulary and grammatical structures of ASL. Receptive and expressive skill development. Basic ASL video literature.					

SIGN2010	Second Year American Sign Language I (ASL)	L	60	20	6
<i>Prerequisite: SIGN1020 or equivalent knowledge as demonstrated with ASL placement interview with qualified instructor.</i>					
Conversational American Sign Language (ASL). Idiomatic uses of ASL for creative expression. Extensive viewing and discussion of videotaped ASL conversation and literature.					

SIGN2020	Second Year American Sign Language II (ASL)	L	60	20	6
<i>Prerequisite: SIGN2010 or equivalent knowledge as demonstrated with ASL placement interview with qualified instructor.</i>					
Conversational American Sign Language (ASL). Idiomatic uses of ASL for creative expression. Extensive viewing and discussion of videotaped ASL conversations and literature.					

SOCI • SOCIOLOGY

SOCI1010	Introduction to Sociology	B/L/M	45	-	4.5
Introduction to the basic principles of sociology including the study of culture, socialization, social structure, social institutions, investigative behavior, deviance, inequalities, and theoretical perspectives.					
SOCI1020	Diversity in Society	B/L	45	-	4.5
An overview of minority groups and majority-minority relations in the United States. Topics include awareness of similarities and differences, prejudice, discrimination, and the benefits of a diverse society.					
SOCI2000	Women in Contemporary Society	B/L	45	-	4.5
<i>Prerequisite: SOCI1010 or permission of instructor.</i>					
Interdisciplinary examination of the contributions of women to society, gender issues, and the progress toward equality.					
SOCI2010	Social Problems	B/L	45	-	4.5
<i>Prerequisite: SOCI1010 or permission of instructor.</i>					
Analysis and suggested treatment of the principal problem areas in contemporary society, and the multilevel causes that perpetuate social problems.					
SOCI2150	Issues of Unity and Diversity	B/L	45	-	4.5
Increases awareness and sensitivity of commonalities and differences among people. Promotes positive exchange in our diverse and global society.					
SOCI2250	Marriage and the Family	B/L	45	-	4.5
<i>Prerequisite: SOCI1010 or permission of instructor.</i>					
Emphasis on diversity in the family, and examination of factors that affect families and the process of family development.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
SOCI2260	Parenting	B/L	45	-	4.5
<i>Prerequisite: PSYC2960 or permission of instructor.</i>					
This course will introduce the student to effective parenting skills and strategies for solving family problems. Emphasis is placed on parent-child relationships, developmental milestones of infants through adolescence, family communication, family composition and issues related to abuse and neglect. Parenting challenges such as single-parenthood, divorce, custody issues, stepfamily systems and conflict management will be explored.					
SOCI2799	Special Topics in Sociology	B/L	45	-	4.5
<i>Prerequisite: Grade of "C" or better in SOCI1010.</i>					
This course will allow students to develop a more in-depth understanding in a specific area of sociology.					
SPAN • SPANISH					
SPAN1010	Elementary Spanish I	B/L	75	30	7.5
<i>Prerequisites: Spanish placement test.</i>					
First of a beginning four level language sequence focusing on the essentials of Spanish. Covers fundamental mechanical and grammatical concepts which are built upon progressively. Emphasizes using Spanish from the onset and developing basic proficiency in the four linguistic skills: listening, speaking, reading and writing. (Laboratory required.)					
SPAN1020	Elementary Spanish II	B/L	75	30	7.5
<i>Prerequisites: SPAN1010 (Spanish I) or equivalent knowledge as demonstrated with Spanish placement test and interview with instructor, and eligible for ENGL1010 or ENGL1015.</i>					
Second of the four level language sequence focusing on the essentials of Spanish. Further develops basic proficiency in the four linguistic skills and expands upon mechanical and grammatical concepts from SPAN1010. (Laboratory required.)					
SPAN2010	Second-year Spanish	B/L	45	-	4.5
<i>Prerequisites: SPAN1020 (Spanish II) or equivalent knowledge as demonstrated with Spanish placement test and interview with instructor, and eligible for ENGL1010 or ENGL1015.</i>					
Third of the four level language sequence. Includes: intensive and extensive reading of moderately difficult Spanish texts, thorough review of minimum essentials of Spanish grammar; conversational practice supplemented by in-class discussions and work in laboratory. Conducted primarily in Spanish. (Laboratory may be required.)					
SPAN2020	Second-year Spanish II	B/L	45	-	4.5
<i>Prerequisite: SPAN2010 (Spanish II) or equivalent knowledge as demonstrated with Spanish placement test and interview with instructor, and eligible for ENGL1010 or ENGL1015.</i>					
Last course of the four level language sequence. Provides ample opportunities to develop vocabulary, strengthen the four linguistic skills, and increase awareness and appreciation of contemporary Hispanic literature. Conducted primarily in Spanish. (Laboratory may be required.)					
SPAN2030	Intensive Conversation	B/L	45	15	4.5
<i>Prerequisite: SPAN2020, or 2100 or equivalent knowledge as demonstrated with Spanish placement test and interview with instructor.</i>					
Focuses on the development of oral proficiency so that students may be able to express and discuss their ideas and experiences in clear, direct Spanish. The primary goals are fluency and cultural comprehension - reinforced through reading, writing and listening activities.					
SPAN2040	Intensive Writing	B/L	45	15	4.5
<i>Prerequisite: SPAN2020, or 2100 or equivalent knowledge as demonstrated with Spanish placement test and interview with instructor.</i>					
Focuses on the achievement of oral and written communication proficiency so the students learn to express their own ideas and experiences in a coherent manner. Special emphasis on thematic content, organizational skills and self-editing.					
SPAN2100	Accelerated Second-year Spanish	B/L	90	-	9
<i>Prerequisite: SPAN1020 (Spanish II) or equivalent score on Spanish placement exam and departmental permission.</i>					
An accelerated version of SPAN2010 (a three-hour course) and SPAN2020 (a three-hour course). Fulfills requirements for both SPAN2010-2020. (Laboratory may be required)					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
SPCH • SPEECH					
SPCH1090	Fundamentals of Human Communication	B/L/M	45	-	4.5
<i>Prerequisite: Eligible for ENGL1000.</i>					
This course provides a theoretical basis and practical experience in basic interpersonal, small group, and public communication skills. Topics include the communication process, self-concept, verbal and nonverbal communication, perception, listening, interpersonal and group communication, conflict management, interviewing, audience analysis and strategies for adapting delivery/message to audience needs during a presentation and public speaking. Students will perform at least three research-based oral presentations before an audience.					
SPCH1110	Public Speaking	B/L/M	45	-	4.5
<i>Prerequisite: Eligible for ENGL1000.</i>					
This course provides both theoretical basis and practical instruction for speaking effectively in public. Emphasis on training in basic speech skills including: development of voice, topic selection, audience analysis, speech preparation and organization, researching, strategic and creative language use, effective listening and delivery skills, strategies for adapting delivery/ message to audience needs during the presentation, and common types of public presentations, while acknowledging the influence of various cultural and ethnic backgrounds. Students will perform at least three research-based oral presentations before an audience.					
SPCH2050	Oral Performance of Literature	B/L	45	-	4.5
<i>Prerequisite: Eligible for ENGL1010.</i>					
Introductory course in the art, theory, analysis and appreciation of a work of literary art. Methods and skills of communicating literature orally to an audience.					
SPCH2110	Intercultural Communication	B/L	45	-	4.5
<i>Prerequisite: Eligible for ENGL1010.</i>					
Introduction to current theories and scholarship in intercultural communication. Critical thinking skills directly applicable to cultural interactions and communication styles. Patterns of interaction and expectations based on cultural differences. Assignments and examinations for practical experience and application of intercultural concepts.					
SPCH2810	Business and Professional Communication	B/L/M	45	-	4.5
<i>Prerequisite: Eligible for ENGL1000.</i>					
The study of communication to function successfully with others in the work place. Focus on the basic processes of communications including: communication and cultural diversity, developing interpersonal relationships, interviewing techniques, working in small groups and teams, managing effective meetings, and various types of presentations (including individual and group). Students will perform at least three research-based oral presentations before an audience.					
SURT • SURGICAL TECHNOLOGY					
SURT1600	Orientation to Surgical Technology	L	20	-	2
<i>Prerequisite: Admission to the Surgical Technology Program.</i>					
<i>Completion of all first and second quarter courses.</i>					
Introduction to the surgical technology program, the health care system, effective communication, multicultural diversity, legal/ethical issues, infection control, and basic skills necessary to effectively function as a health care team member.					
SURT1601	Techniques in Surgical Asepsis	L	20	20	2.5
<i>Prerequisite: Admission to the Surgical Technology Program.</i>					
Introduction to preparation, packaging, sterilization, and/or disinfection of supplies, instruments and equipment. Principles of aseptic technique are applied in laboratory setting related to the sterile and unsterile roles of the Surgical Technologist.					
SURT1603	Fundamentals of Surgical Technology	L	40	-	4
<i>Prerequisite: Admission to the Surgical Technology Program.</i>					
Study of instruments, supplies, and equipment used in the perioperative process of surgery.					
SURT1604	Concepts of Surgical Procedures	L	20	-	2
<i>Prerequisite: Admission to the Surgical Technology Program.</i>					
Study of the resection concept, abdominal incisions, commonly used instruments, sutures and needles required for basic surgical procedures.					

SOUTHEAST Community College - Nebraska

COURSE DESCRIPTIONS

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
SURT1701	Clinical Orientation ■ <i>Prerequisite: SURT1601.</i> Introduction to the specific duties of the surgical team including lab practice in prepping, draping, positioning, catheterizing, back table set-up and organization. Main course focus is aseptic techniques and critical thinking skills practiced to prepare the student for clinical rotation.	L	25	45	4
SURT1704	Surgical Procedures & Techniques I ■ <i>Prerequisite: SURT1604.</i> The introduction of surgical procedures to include; concepts, techniques, anatomy, procedural sequence, definitions, purpose, etiology, supplies and equipment relating to basic general surgery, gastrointestinal, biliary, rectal, gynecologic and orthopedic systems.	L	60	-	6
SURT1705	Principles of Surgical Technology ■ <i>Prerequisite: SURT1603.</i> Introduction to the perioperative care of the surgical patient and the patient with special needs, perioperative pharmacology, anesthesia, special patient monitoring, hemostasis, blood loss and replacement, and surgical robotics.	L	40	-	4
SURT1803	Fundamentals of Surgical Technology II ■ <i>Prerequisite: SURT1603.</i> Introduction to specialized modalities including endoscopy and orthopedics, handling skills, and specialized aseptic techniques, necessary to function as an effective member of the surgical team.	L	20	-	2
SURT1804	Surgical Procedures & Techniques II ■ <i>Prerequisite: SURT1704.</i> The advanced surgical procedures to include; concepts, techniques, anatomy, procedural sequence, definitions, purpose, etiology, supplies and equipment relating to otolaryngology, genitourinary, ophthalmology and plastic reconstruction systems.	L	50	-	5
SURT1810	Clinical Education I ■ Clinical practice with application of the student's basic skills, aseptic technique, and instrument knowledge to operative procedures in the hospital.	L	-	210	7
SURT2904	Surgical Procedures & Techniques III ■ <i>Prerequisite: SURT1804.</i> The continued study of specialized surgical procedures to include; concepts, techniques, anatomy, procedural sequence, definitions, purpose, etiology, supplies and equipment relating to thoracic, neurological, vascular and transplant surgery.	L	50	-	5
SURT2907	Senior Seminar ■ Preparation for employment, exposure to professional organizations, the study of ethical and legal aspects of the surgical environment, and leadership skills and concepts.	L	20	-	2
SURT2909	Correlated Patient Study ■ The study of obstetrics and post anesthesia care incorporating patient centered clinical experiences and all aspects of the perioperative care to the surgical patient. This is accomplished through clinical follow-through case studies. Students will also prepare and take the National Certification Exam by recitation and mock exams.	L	20	15	2.5
SURT2910	Clinical Education II ■ <i>Prerequisites: SURT1810.</i> Adapting to a new hospital environment with further development in skill efficiency and consistency.	L	-	240	8
SURT2920	Advanced Clinical Studies ■ Study of expanded roles and further development in skills relating to advanced surgical specialties.	L	30	60	5
SURT2930	Clinical Education III ■ <i>Prerequisites: SURT2910.</i> The application of the student's acquired skills and aseptic technique to the operating room team and environment on a more independent basis.	L	-	140	4.5

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
THEA • THEATRE					
THEA1110	Introduction to Theatre ■ Introduction to the forms and functions of the dramatic arts within an historical perspective. Includes an introduction to basic theatre skills as well as an introduction to a range of dramatic literature.	B/L	45	-	4.5
THEA1140	Basic Acting ■ Introduction to the techniques and history of acting through individual and group exercises, study and discussion of text and professional example. Develops the students appreciation of the theatre and the craft of acting. Allows students to build connections between life and acting through lecture, discussion, observation, improvisation and scene work. Familiarizes student with the history and development of acting theories using selected examples of its various cultural contexts.	B	45	-	4.5
THEA1850/1860/2850/2860/2880	Theatre Production ■ <i>Prerequisite: By permission of play director.</i> Introduction to theory and principles of theatre production. Concentration on all phases of theatre production. Public performance produced.	B	30-60-90	-	1.5-3-4.5
THEA1851/1861/1871/1881, THEA2851/2861/2871/2881	Theatre Practicum ■ <i>Prerequisite: Permission of instructor.</i> Practicum is a practical learning experience in selected areas of theatre production. Under a cooperative educational experience and agreement between the College and an outside theatre production, students are able to earn credit for practical theatre production experience. Experience may include but will not be limited to design, construction and promotion. Students will work a minimum of 15/30/45 hours per quarter in conjunction with community acting group and its staff.	B	15-30-45	-	1.5-4.5
TRUK • PROFESSIONAL TRUCK DRIVER TRAINING					
TRUK1110	Professional Truck Driver Training I ■ <i>Prerequisites: Student must meet minimum entrance requirements.</i> Intensive training course for tractor/trailer drivers. Vehicle inspection and preventative maintenance; hands-on defensive driving; skills development in coupling and uncoupling, backing, and shifting; and city and highway driving.	L	40	96	7
TRUK1120	Professional Truck Driver Training II ■ <i>Prerequisites: Student must successfully complete TRUK1110 (Professional Truck Driver Training I)</i> Intensive training course for tractor/trailer drivers. Accident procedures, daily driver's log, trip planning, hazard perception speed management, extreme driving conditions, hands-on defensive driving, skills development in shifting, and city and highway driving.	L	60	164	11
VPUB • VISUAL PUBLICATIONS					
VPUB1110	Publishing Concepts ■ <i>This course is a prerequisite to all other VPUB courses.</i> This course provides students with a broad perspective on the development of visual communication and the print industry. Students will acquire hands on experience working with various methods of visual communication.	L	30	45	4.5
VPUB1111	Platform Manipulation ■ <i>This course is a prerequisite to all other VPUB courses.</i> This course introduces the student to the Macintosh and PC platforms. The student will learn page-layout basics and gain fundamental skills using hardware, software and peripheral devices to create media for print and Web.	L	30	45	4.5
VPUB1112	Elements of Design ■ <i>This course is a prerequisite to all other VPUB courses.</i> Students will explore the fundamentals of visual perception, proportion, lighting, dimension, and color theory. They will have experience in 2 and 3 dimensional designs.	L	45	-	4.5
VPUB1120	Design to Production ■ <i>Prerequisites: VPUB1110 and VPUB1111.</i> Students will follow the process of seeing designs from their conception through to the offset printing process. This gives the student the technical knowledge needed to design for production specifications. Hands-on experience with plates, proof making, and offset duplicators.	L	30	50	4.5

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
VPUB1121 Photoshop I		L	40	15	4.5
■	<i>Prerequisites:</i> VPUB1110, VPUB1111, & VPUB1112 or permission of program chair. This course will address the fundamentals of the software to include scanning and editing, master menu, and tool bar while introducing the concepts of photo manipulation including file formats, layer techniques, filters, picture taking and PDF creation.				
VPUB1122 Page Layout I		L	40	15	4.5
■	<i>Prerequisites:</i> VPUB1110, VPUB1111, & VPUB1112. This course will explore the fundamentals of Page layout software and the options for the production of the finished page. Using class projects, each student will become skilled in the basics of page layout and document construction.				
VPUB1125 Digital Typography		L	20	-	2
■	<i>Prerequisites:</i> VPUB1110, VPUB1111, & VPUB1112. This course will introduce typographic terminology, the basics of type layout and page design. Digital type management, legibility, readability, and type for multi-media will be discussed.				
VPUB1130 Pre-Production Techniques		L	30	45	4.5
	<i>Prerequisites:</i> VPUB1132. Students learn to recognize problems in files prepared for printing. This course explores the many facets of electronic prepress focusing on preflight, fonts, text, and graphic requirements. Providing useful applications that will assist them in creating quality and efficient files. PDF file creation will be emphasized.				
VPUB1131 Photoshop II		L	45	-	4.5
	<i>Prerequisite:</i> VPUB1121. Expands on techniques used in Photoshop I. Web graphics, color correction tools and interaction with other software will be covered.				
VPUB1132 Page Layout II		L	45	-	4.5
■	<i>Prerequisite:</i> VPUB1122. Building on the fundamentals introduced in Page Layout I, this course will introduce new construction elements with a focus on the essentials required for successful layout. Rules and tips for dealing with images and color. Students will preflight, print composites and color separation documents.				
VPUB1133 Creative Troubleshooting		L	20	-	2
	<i>Prerequisites:</i> VPUB1110, VPUB1111, & VPUB1112. Demonstrate creative troubleshooting strategies and problem solving skills as it relates to the printing and publishing field.				
VPUB1134 Web Design I		L	25	60	4.5
	<i>Prerequisites:</i> VPUB1121 and VPUB1122 or permission of program chair. Introduction to basic Internet functions. How to design an effective and efficient Web page. Students learn a beginning web page layout and tools using Dreamweaver.				
VPUB2241 Photoshop III		L	25	60	4.5
	<i>Prerequisite:</i> VPUB1131. Using Photoshop as a creative tool, students apply their skills to advanced projects that will serve as portfolio pieces.				
VPUB2242 Computer Illustration I		L	35	30	4.5
	<i>Prerequisites:</i> VPUB1121. Introduces the student to using the computer as a creative drawing tool. Basic draw program skills are learned that generate computer effects, styles and illustrations using Adobe Illustrator.				
VPUB2244 Web Design II		L	35	30	4.5
	<i>Prerequisites:</i> VPUB1131, VPUB1134 Students will build upon the foundation learned in Web Design I and expand knowledge in web page layout program. Students will save and incorporate graphics, text, and animation using Adobe Flash in conjunction with Dreamweaver.				
VPUB2245 Digital Video Production		L	10	30	2
	<i>Prerequisites:</i> VPUB1134. Students will learn the art and techniques of digital video production including shooting, editing and distribution to CD, Web and Podcasting. The course concentrates on the creation of video for Podcasting and the Web.				

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
VPUB2252 Computer Illustration II		L	35	30	4.5
<i>Prerequisite:</i> VPUB2242. This course builds on the foundation achieved in Computer Illustration I. Emphasis is placed on expansion of techniques and interaction with other software programs using Adobe Illustrator.					
VPUB2254 Web Design III		L	30	45	4.5
<i>Prerequisite:</i> VPUB2244. Advanced techniques and software skills are applied to create animation, graphics, page layout, ftp, and site control. Web pages will be used to exhibit student's ability and creativity.					
VPUB2255 Portfolio Development		L	30	-	3
<i>Prerequisites:</i> VPUB2244, & VPUB2245. Using previous course work, students will develop a complete portfolio including print, Web, and CD formats. Class and industry presentations will prepare the student for the future job market. Students will be expected to defend their portfolio choices and explore individual design philosophy.					
VPUB2260 Design Fieldwork		L	-	135	4.5
<i>Prerequisites:</i> VPUB2255 or advisor permission. Under the direction of an experienced instructor, students have an opportunity to apply their classroom knowledge in a real-world situation. Students may be placed in an external internship or complete projects for the College.					
VPUB2265 3D Design		L	30	45	4.5
<i>Prerequisites:</i> VPUB2241, VPUB2242, & VPUB2252. Introduces the student to computer 3D design fundamentals. Exploring tools, textures, forms, light and shadow along with perceptual development using Maxon's Cinema 4DXL.					
WELD • WELDING					
WELD1100 Welding Orientation		L/M	10	-	1
Orientation to the college philosophy, goals, objectives within the welding program area.					
WELD1110 SMAW Theory		L/M	20	-	2
<i>Prerequisite:</i> WELD1100. Study of Shielded Metal Arc Welding theory, safety, applications, procedures, and welding practices. Study and selection of power sources and electrodes.					
WELD1112 SMAW Lab I		L/M	20	60	4
<i>Prerequisite:</i> WELD1110. Beginning welding of carbon steel with the Shielded Metal Arc Welding process on various joint configurations and with various electrodes.					
WELD1113 SMAW Lab II		L/M	20	60	4
<i>Prerequisite:</i> WELD1112. Intermediate welding of carbon steel with the Shielded Metal Arc Welding process on various joint configurations and with various electrodes.					
WELD1115 Equipment & Tools		L/M	15	-	1.5
<i>Prerequisite:</i> WELD1100. Explanation of safe operation and the proper use of equipment, power tools, and hand tools.					
WELD1117 Oxyacetylene Theory		L/M	20	-	2
<i>Prerequisite:</i> WELD1100. Study of the theory, safety, equipment and applications of the Oxyacetylene Welding process.					
WELD1119 OA Welding & Cutting		L/M	10	60	3
<i>Prerequisite:</i> WELD1117. Laboratory exercises with the Oxyacetylene Welding, Braze Welding, Oxyacetylene Cutting and related processes.					
WELD1120 SMAW Lab III		L	25	75	5
<i>Prerequisite:</i> WELD1113. Advanced welding of carbon steel with the Shielded Metal Arc Welding process on various joint configurations and with various electrodes.					

SOUTHEAST Community College - Nebraska

COURSE DESCRIPTIONS

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
WELD1122 GMAW Theory		L/M	30	-	3
<i>Prerequisite: WELD1100.</i> Study of Gas Metal Arc Welding theory, safety, applications, manipulative skills, welding principles, and procedures. Study and use of various filler wires and shielding gases and welding power source set-up.					
WELD1124 GMAW Lab I		L/M	10	60	3
<i>Prerequisite: WELD1122.</i> Beginning welding of carbon steel with the Gas Metal Arc Welding process on various joint configurations.					
WELD1126 GMAW Lab II		L/M	10	60	3
<i>Prerequisite: WELD1124.</i> Advanced welding of carbon steel with the Gas Metal Arc Welding process on various joint configurations.					
WELD1128 Blueprint Reading & Weld Symbols		L/M	50	-	5
<i>Prerequisite: WELD1100.</i> Introduction to blueprint reading and drawing procedures. Interpretation and drawing of isometric, oblique, and orthographic views, welding symbols, and bill of materials.					
WELD1129 Computer Aided Drafting		L/M	20	15	2.5
<i>Prerequisite: WELD1128.</i> Fundamentals of computer aided drafting using AutoCAD®. Study of the AutoCAD® menus, settings and drawing setup, draw and edit commands, AutoCAD® coordinate system, symbols, practice drawings and plotting.					
WELD1130 Metallurgy I		L/M	40	-	4
<i>Prerequisite: WELD1100.</i> Study of the production of metals, methods of identification, properties of metals, methods of metallurgical examination, mechanical testing and chemistry of welding.					
WELD1135 Advanced OA & Plasma Cutting		L/M	10	30	2
<i>Prerequisite: WELD1119.</i> Theory of the Plasma Arc Cutting process and advanced laboratory exercises to include the use of automated equipment.					
WELD1139 Welding Measurement & Layout		L/M	30	30	4
<i>Prerequisite: WELD1100.</i> Explanation of layout procedures used in the welding and fabrication industry.					
WELD1140 Metallurgy II		L/M	30	-	3
<i>Prerequisite: WELD1130.</i> Study of the structure of metals, heat treatment and welding, and the control of stresses in welding.					
WELD1143 Pipe Welding & Cutting		L/M	30	30	4
<i>Prerequisites: WELD1113, WELD1119, WELD1139.</i> Study and practical applications in pipe welding and cutting. Includes pattern making, layout, cutting, fitting, and welding.					
WELD1144 GTAW Theory		L/M	20	-	2
<i>Prerequisite: WELD1100.</i> Study of Gas Tungsten Arc Welding theory, safety, principles, applications, procedures, and welding practices. Study and use of tungsten electrodes, filler wires, shielding gases, and power source selection and set-up.					
WELD1148 GTAW (Mild Steel)		L/M	15	75	4
<i>Prerequisite: WELD1144.</i> Welding of carbon steel with the Gas Tungsten Arc Welding process in all positions and on various joint configurations.					
WELD1149 GTAW (SS & AL)		L/M	10	60	3
<i>Prerequisite: WELD1144.</i> Welding of stainless steel and aluminum with the Gas Tungsten Arc Welding process in all positions and on various joint configurations.					
WELD1174 Machine Tool Welding		L	10	23	1.5
Basic welding and practice in joining metals together. Preparation for MACH1225 Materials of Industry.					

Course# ■ (online)	Title	Location	Class Hours	Lab Hours	Credit Hours
WELD1178 Motorcycle Welding		L	20	60	4
Theory and practical application of arc and oxyacetylene welding as applied to the motorcycle field.					
WELD1252 GMAW (SS & AL)		L	20	60	4
<i>Prerequisite: WELD1122.</i> Theory and practical exercises using the Gas Metal Arc Welding process in the welding of stainless steel and aluminum.					
WELD1271 Special Welding Applications		L	5	15	1
<i>Course requirements and objectives arranged with program chair.</i>					
WELD1272 Special Welding Applications		L	10	30	2
<i>Course requirements and objectives arranged with program chair.</i>					
WELD1273 Special Welding Applications		L	10	60	3
<i>Course requirements and objectives arranged with program chair.</i>					
WELD1274 Special Welding Applications		L	10	90	4
<i>Course requirements and objectives arranged with program chair.</i>					
WELD1275 Special Welding Applications		L	10	120	5
<i>Course requirements and objectives arranged with program chair.</i>					
WELD2250 FCAW		L/M	15	75	4
<i>Prerequisite: WELD1122.</i> Study of the Flux Cored Arc Welding process theory and laboratory exercises using the process in all positions and on various joint configurations.					
WELD2254 Welding Codes & Standards		L/M	25	-	2.5
<i>Prerequisites: WELD1110, WELD1117, WELD1122, WELD1128, WELD1144.</i> Study of welding codes and standards required for the qualification and certification of welding personnel.					
WELD2256 Welder Pre-Qualification		L/M	25	105	6
<i>Prerequisite: WELD2254.</i> Practice of techniques and procedures within established codes and standards in preparation for taking a qualification test.					
WELD2258 Welder Qualification /Certification		L/M	20	60	4
<i>Prerequisite: WELD2256.</i> Student qualification/certification tests in structural and/or pipe welding in compliance with the code and/or standards of American Welding Society, American Society of Mechanical Engineers or recognized codes and standards of industry.					
WELD2262 Welding Fabrication & Repair		L/M	10	90	4
<i>Prerequisite: WELD1113, WELD1126, WELD1128, WELD1135, WELD1139, WELD1140, WELD1148, WELD1149.</i> Design and fabrication of various projects to include the basic design and use of jigs and fixtures. Repair and maintenance of projects employing the major welding processes.					
WELD2264 Quality Control & NDT Methods		L/M	60	-	6
<i>Prerequisite: WELD1100.</i> Theory of nondestructive testing methods, welding discontinuities, weld inspection and quality assurance.					
WELD2550 Post-Cooperative Education		L/M	20	-	2
<i>Prerequisite: 5th Quarter Standing. Co-requisite: WELD2551.</i> Evaluation of the on-the-job training experience. Preparation for full-time employment.					
WELD2551 Cooperative Education		L/M	-	400	10
<i>Prerequisite: 5th Quarter Standing. Co-requisite: WELD2550.</i> On-the-job experience within an industrial welding/metallurgy related company. Practice of skills and knowledge acquired through previous quarters.					

Chapter 3

ENROLLMENT

To have a successful college experience at SCC, admissions

representatives and career advisors are available to help you decide on a program of study. To further assist you, please schedule a visit to the campuses to see our exceptional instructional labs and classrooms and to visit with instructors for first-hand information about the programs.

PRE-ADMISSION ADVISING AND TESTING

All applicants for admission are provided opportunities for pre-admission basic skills assessment/placement testing, advising and career planning. Applicants who desire pre-admission basic academic skills testing and/or career advising should contact the appropriate Admissions Office for arrangements. Southeast Community College promotes the philosophy that all applicants should possess certain levels of academic ability in order to succeed in their selected program of study.

Applicants required to complete COMPASS/ASSET basic skills testing will be notified by the appropriate campus. Students may be required to complete developmental course work before advancing to certain program courses. Specific information about developmental course work is available through campus Admissions and Career Advising staff.

ADMISSION REQUIREMENTS

All students who are accepted for admission to a program of study must demonstrate the "ability to benefit" from instruction by having graduated from an accredited or approved high school or college, or having completed the requirements for a GED certificate.

The student who has not graduated from high school or who does not have a GED certificate must take an independently administered assessment/placement test and must achieve specified test scores in order to demonstrate an "ability to benefit." This is required by federal regulation governing Title IV programs. The ASSET/COMPASS assessment/placement used by SCC is one of these tests approved by the U.S. Department of Education to determine a student's ability to benefit.

Transcript and/or testing requirements may be waived under certain circumstances. Contact the College Admissions Office for more information.

Any person 16 years of age or older who is not enrolled in a regular secondary school program is eligible to enroll in SCC classes provided they meet any stated class prerequisites. Eligible high school students in good standing may enroll in college credit classes with written permission from their high school principal or counselor. Students under 16 years of age will not be accepted for admission into programs of study. Students under 16 may enroll in credit classes with special permission from the College campus Dean of Student Services. Contact an SCC Student Services Office to obtain a permission form.

Students under 16 years of age may enroll in special non-credit classes which are offered by the Continuing Education division. These special classes usually are designed for youth and adults who register and attend classes together. Other special enrollment opportunities for students under 16 will be identified in the course description and/or advertisement.

High school students enrolling in distance learning classes must meet all of the College course prerequisites prior to the start of class. Contact the campus Registration and Records Office for additional information.

Some programs offered by the College may require completion of **prerequisite** courses, physical examinations and other special requirements such as CPR training or a certified copy of their driving record. Additional program requirements are determined by staff within the program.

Some programs of study will require a **criminal background check**.

All special requirements for admission are available in the campus Admissions Offices.

Developmental course work and high school equivalency programs are available at SCC to students who do not meet College admission requirements.

All requests for information regarding admission to any program and all completed application forms should be obtained from and submitted to the Admissions Office of the campus selected by the student. SCC has the right to deny admission or continued enrollment to persons who have misrepresented their credentials or background.

RE-ADMISSION STEPS

Former SCC students who were declared and enrolled in a program of study, and who have not been enrolled for one or more years, must reapply for admission to be eligible to register for program classes. Returning former students must complete an **APPLICATION FOR RE-ADMISSION** form and submit the completed application to the appropriate campus Admissions Office.

Readmission is subject to available space and current requirements established by the College and the program of study.

APPLICATION FOR ADMISSION

All new students seeking admission to a program of study at SCC must complete an Application for Admission. Students need to complete only one **APPLICATION FOR ADMISSION** form to attend classes at any SCC campus location. There is no Application for Admission fee. Forms are available in the Student Services Offices on each campus and at  www.southeast.edu.

BASIC STEPS FOR ADMISSION INTO A PROGRAM OF STUDY

- I. COMPLETE AND SUBMIT AN APPLICATION FORM
- II. SUBMIT TRANSCRIPTS
- III. COMPLETE AN ASSESSMENT/PLACEMENT TEST*
- IV. SUBMIT ANY ADDITIONAL INFORMATION REQUIRED FOR YOUR CHOSEN PROGRAM OF STUDY.

*Testing/Assessment Center

Beatrice	402-228-8242 or 800-233-5027 x1242
Lincoln	402-437-2715 or 800-462-4075 x2715
Milford	402-761-8202 or 800-933-7223 x8202

STUDENT STATUS

Full time =	12 or more credit hours per term
Part time =	fewer than 12 credit hours per term
3/4 time =	9 through 11.5 credit hours per term
1/2 time =	6 through 8.5 credit hours per term
Less than 1/2 time =	Fewer than 6 credit hours per term

Contact the campus Registration and Records Office for questions about student status for terms other than quarter (summer sessions, short courses, or others.)

STEPS FOR ADMISSION INTO A PROGRAM OF STUDY

I. COMPLETE AND SUBMIT AN APPLICATION FORM

A. APPLICATION FORM

1. All students seeking admission to a program of study at SCC must complete an Application for Admission form indicating the campus to which they are applying.
2. Application for Admission forms are available in the Student Services Offices on each campus and at  www.southeast.edu.

B. STUDENTS APPLYING FOR ADMISSION TO MORE THAN ONE PROGRAM OF STUDY

1. LIKE PROGRAMS OFFERED ON MORE THAN ONE CAMPUS
 - a. For like programs offered on more than one campus (i.e. Welding, LPN, Academic Transfer), a student can only be admitted to the program at one location for a given year and term.
 - b. Current students desiring to transfer from their current program of study on one campus to the same program on a different campus must contact the program chair at the second location to determine if an opening is available. If an opening is available, the program chair will grant permission for the student to transfer and register. If an opening is not available, the student must complete the steps for admission to a program of study in order to reserve a place for a future term in the program at the second location.

2. DIFFERENT PROGRAMS IN SAME YEAR AND TERM

Unless there is a conflict in scheduling, a student can be admitted into two different programs on the same or different campuses for the same year and term. (Contact the campus Admissions Office for additional information.)

3. DIFFERENT PROGRAMS IN DIFFERENT YEARS AND/OR TERMS

A student can be admitted into two or more different programs in different years and terms. (Contact the campus Admissions Office for additional information.)

C. EFFECTS ON FINANCIAL AID IF APPLYING FOR ADMISSION TO MORE THAN ONE PROGRAM OF STUDY

Students planning/expecting to receive financial aid are subject to federal restrictions that may limit their options.

To receive financial aid, federal regulations require that a student:

- Be enrolled in a program of study leading to the completion of a diploma or Associate degree at SCC
- Has received aid for no more than one program of study at a time
- Can receive financial aid only for a limited period of time
- Make satisfactory academic progress toward completing a program of study
- Intends to complete his/her program of study
- Register only for courses required for the completion of their declared program of study at SCC. (Contact the campus Financial Aid Office for additional information.)

II. SUBMIT TRANSCRIPTS

A. HIGH SCHOOL OR GED TRANSCRIPTS

1. Request that a copy of your high school, GED or College transcript be sent directly to the SCC Admissions Office at the appropriate campus.
2. High school transcripts provide evidence of high school graduation and credit by participation in Tech Prep. High school transcripts and College transcripts identify specific

courses taken in high school and college that may affect the courses that students register for in their SCC college program of study.

3. Prior to entering a program of study, students who have NOT completed a high school diploma or a GED program must demonstrate the ability to benefit from college classes by achieving a minimum score on the SCC assessment/placement exam, which is required by federal regulation governing Title IV programs.

The ASSET/COMPASS assessment/placement used by SCC is approved by the U.S. Department of Education to determine a student's ability to benefit. (Contact the campus Testing and Assessment Office for additional information.)

4. Students must have a high school diploma or equivalent to receive an Associate Degree, Diploma or Certificate from SCC.
5. A GED program is available at SCC for students who have not graduated from high school and who do not have a GED certificate. (Contact the Continuing Education Division for additional information.)
6. Home-schooled students must submit a typed transcript of all courses completed, signed by the school administrator **and** a copy of the letter from the Nebraska State Department of Education that confirms your school has filed the appropriate paperwork to be recognized with 'exempt status.'

B. POSTSECONDARY TRANSFER CREDIT

Copies of official transcripts from all postsecondary institutions must be sent directly from the institution to the College Admissions Office at the appropriate campus.

III. COMPLETE AN ASSESSMENT/ PLACEMENT TEST

Applicants for admission will complete placement testing to assess readiness in basic reading, written expression and mathematics to determine whether their skill level is consistent with program requirements. Applicants can request help from the career advising staff to determine the entrance requirements for specific programs.

Students may be required to complete developmental course work before advancing to certain program courses. Specific information about developmental course work is available through campus Admissions and Career Advising staff.

A. INITIAL ASSESSMENT/PLACEMENT TESTING REQUIRED

All students entering SCC programs MUST demonstrate readiness through at least one of the following basic skill assessment/ placement tests:

1. **Achieve appropriate ACT scores** in each of the areas of language, reading and math as required by a specific program. These scores may be sent directly by ACT to SCC, be reported on the high school transcript, be brought in by the student); OR
2. **Provide evidence of three (3) hours or more** of transfer credit from an accredited postsecondary institution with a grade of "C" or better in each of the areas of English, math and a course which indicates reading ability, e.g., social studies, psychology; OR
3. **Achieve COMPASS/ASSET placement scores** as required by the specific program of study for which the individual is applying. The first COMPASS/ASSET basic skills assessment/placement is available at each campus free of charge. Retests are available for \$15 per test.

Individuals who present a high school or college transcript indicating they have taken a class that fully meets a program

requirement in English or mathematics, or have achieved the necessary ACT score, do not need to take the COMPASS test.

COMPASS testing is required when an individual has taken a prerequisite in English or mathematics and the course is older than 5 years or the necessary ACT score is older than 5 years.

A student who cannot fulfill any one of these criteria should discuss the alternatives available with a College Career Advisor.

B. RETESTING

Retesting is possible for individuals who believe their placement test scores do not reflect their current skill levels in reading, written expression and mathematics. If the student has previously taken the COMPASS or ASSET test, a \$15 re-take fee is required (in advance) per testing session regardless of whether the individual is taking the entire test (3 parts) or subtests. If individuals want to take one section at a time, they have five (5) business days to complete that testing.

1. Current high school students may test and retest at no charge.
2. Individuals having any test scores older than 5 years will be asked to retake the COMPASS test but will not be charged for retesting. Additional retests are \$15.
3. When an SCC instructor in English, writing or math, or an SCC Testing/Assessment Center staff person requests a retest, there will be no fee assessed.
4. Individuals who wish to retake the COMPASS test must have completed additional study in the test area(s) that they did not pass the first time, and be able to demonstrate that additional study to SCC Testing Center staff before they will be allowed to retest. Individuals must wait 30 days between the first and second testing to allow adequate time to study in the problem areas and prepare for the second test. Individuals will not be permitted a second retest (third time of testing) until 30 days after the first retest (second time of testing).

IV. SUBMIT ANY ADDITIONAL INFORMATION REQUIRED FOR YOUR CHOSEN PROGRAM OF STUDY.

Applicants requesting admission to a specific program of study will be notified by the College Admissions Office of any additional information required by their chosen program of study.

V. STUDENTS WILL RECEIVE WRITTEN NOTIFICATION BY MAIL AS SOON AS POSSIBLE ABOUT THEIR ADMISSION STATUS.

NEBRASKA RESIDENCY REQUIREMENTS

To be eligible to register at resident tuition rates at SCC, Nebraska residency must be established according to the provisions of Nebraska revised statute Section 85-502.

An individual will qualify as a resident of the state of Nebraska for tuition purposes at SCC if the standards set forth in any one of the following eight (8) categories are met:

1. An individual who is a graduate of an accredited Nebraska senior high school, or has previously been enrolled at SCC as a resident student.
2. An individual who has married a resident of Nebraska.
3. A person of legal age who is dependent for federal income tax purposes on a parent or guardian who has established a home in Nebraska.
4. A minor whose parent(s) or guardian who for a period of six months have established a home in Nebraska where such parent(s) or guardian are habitually present with the bona fide intention of making Nebraska their permanent place of residence.
5. A person of legal age or an emancipated minor who for a period of six months shall have established a home in Nebraska where he/she is habitually present, and shall verify by documentary proof that he/she intends to make Nebraska his/her permanent residence. (Examples that may satisfy Nebraska residency: voter registration, Nebraska driver's license, vehicle registration, payroll records, apartment lease agreement.)
6. An individual who is an alien and who for a period of at least two years has established a home in Nebraska where he/she is habitually present with the bona fide intention of becoming a permanent resident alien of the United States and making Nebraska his/her permanent residence.
7. An individual who is a dependent of a permanent full-time staff member of SCC, the University of Nebraska system, one of the Nebraska state colleges, or one of the other technical community college areas.
8. An individual on active duty with the armed services of the United States who has been assigned a permanent duty station in Nebraska, or a dependent of an individual who is a member of the armed services assigned to a permanent duty station in Nebraska.

Any student who has been classified as a non-resident and believes he/she may qualify as a resident must file a residency application form with the Dean of Student Services before the end of the fourth week of the quarter for which the tuition fee was charged. Residency application forms, as well as further information regarding residency classification, are available from each campus Student Services Office. ***It is the student's responsibility to initiate a change for residency status, provide documentation, and schedule an appointment with the Dean of Student Services.***

INTERNATIONAL STUDENTS

The following requirements apply for students applying to SCC requesting an I-20 (F-1 Visa).

1. Completed Application for Admission.
2. Certified copies of academic records, plus English translations where necessary.
3. International version of TOEFL (Test of English as a Foreign Language) with a total score of 500 or higher if paper based, 173 if computer-based, or 61 for Internet version. Scores must be sent directly to the College by using institutional code 6795. The TOEFL requirement may be waived by the Dean of Students when the international student comes from a predominantly English-speaking country.
4. Signed Financial Resource Statement showing resources sufficient to cover course of study and transportation expenses to and from the home country. A minimum of \$10,000 for one year is required.

Contact the Admissions Office at the campus where you are applying for admission for specific information assistance and required forms.

F-1 Visa students authorized to attend another college can register for concurrent classes at SCC. Tuition is non-resident rate. Enrollment status is with the school the student is authorized to attend. Check with your authorized school to remain in status.

UNDECLARED STUDENTS

Students may take courses at the College in an undeclared status. There are two categories of undeclared students:

1. Those waiting acceptance into a program of study, and
2. Those not planning to pursue a program of study but who are taking credit classes for transfer, job advancement, or other purposes.

Undeclared students may register for classes during general registration. College staff are available for assistance.

Undeclared students may not register for more than 20 credits in a term unless permission is granted by the Dean of Student Services.

REGISTRATION PROCEDURES

It is recommended that prior to registration, students consult with advisors or instructors. Registration dates are published and available in the Student Services Office prior to each registration period. Additional information also will be made available by faculty and program advisors.

General registration information is distributed each term by the Registration and Records Office on each campus. It is each student's responsibility to become familiar with registration schedules, deadlines, completion of registration forms, and any required signatures. Students who are declared in a program of study are allowed to register before general registration.

THE COLLEGE REQUIRES A STUDENT'S SOCIAL SECURITY NUMBER AS A CONDITION FOR ENROLLMENT for all students registering for classes at SCC (See Family Educational Rights and Privacy Act - FERPA) with the exception of individuals who are documented to be "lawfully admitted aliens." For those registering students who are documented as "lawfully admitted aliens," independent of their eligibility to obtain a Social Security number, an alternate number will be assigned to distinguish their student records from others.

Registration forms are processed by the Registration and Records Office. The office is responsible for collecting and maintaining all student records and grades, is in charge of registrations, and receives all drop/add forms.

After registering, payment of tuition and fees must be made to the campus Business Office within the established payment deadline. Failure to meet established payment deadlines will result in debt collection activity. The student is responsible for all unpaid balances. All balances must be paid before a student can register for courses on any SCC campus.

Students may enroll in the eCashier monthly payment plan. (See Payment Policy - Financial Planning)

COURSE REPEAT PROCEDURE

Students may not take an academic/vocational course more than two times, whether to improve a passing grade or to repeat a course in which the grade was "W," "I," "U," "AU," without prior approval. Prior to a student registering for a course for the third time, a plan of action (repeat course form) must be completed and approved by the student's advisor and Program Chair of the course.

Declared students must meet with a program advisor. Undeclared students must meet with a Career Advisor. If a student retakes an academic/vocational course, the highest grade earned will be used in the computation of the cumulative grade-point average and for satisfying degree requirements. Any request to take a course more than three times must be documented and presented to the Program Chair and Division Dean for their approval. Appeals to this policy must follow the established grievance policy and procedures. The Vice President for Instruction's decision shall be final on this matter. (Other Federal/Program Guidelines may supersede this policy.)

Note: Financial aid recipients can receive aid for a class twice. The third time the student must pay for the course on their own.

PREREQUISITES

A student may be prohibited from registering for some programs/courses which have specific program prerequisites if the student fails to meet those program/course prerequisites.

Arranged and Independent Study Classes - Students who register for any arranged classes or independent study classes must report to the instructor for each class on the first day of class, at the beginning of the term. Students who register for any arranged or independent study classes after the term begins (adding classes with drop/add form) must report within five (5) days, not including Saturdays, Sundays and holidays.

STUDENT CRIMINAL BACKGROUND CHECKS

If a Criminal Background Check or a student's self-disclosure indicates that the student has a criminal history, he or she may be prohibited from participating in designated programs of study.

For purposes of this procedure, a student has a criminal history if he or she:

- (a) has been convicted of a criminal offense;
- (b) has pled guilty to a criminal offense;
- (c) has entered a plea of no contest to a criminal offense;
- (d) has entered into a program of pre-trial diversion; or
- (e) has criminal charges pending.

The existence of a criminal history will not automatically disqualify a student from participating in a designated program of study. A criminal history which involves one or more felony offenses will generally be disqualifying.

A criminal history which involves only misdemeanor offenses will generally be disqualifying only if the offense(s) involve a crime of violence; sexual assault; the abuse of a child, elderly person with a disability, or person under the care of the student in any type of medical or mental health setting; the unlawful use, possession or sale of narcotics or controlled substances; or if the offenses are so

numerous or of such a character to indicate that the student may pose a threat to the employees, clients, or property of the designated program or the College.

Subject to the foregoing, the following criteria will be considered in determining whether an affected student will be permitted to participate in a designated program:

1. The date, nature and number of arrests and convictions;
2. The relationship which the arrest or conviction bears to the duties and responsibilities of the affected student in a clinical setting;
3. Successful efforts toward rehabilitation;
4. Rules and regulations of the clinical program;
5. Whether the criminal history is likely to prevent the student from obtaining necessary licensing or other credentials needed to obtain employment in his or her chosen field; and
6. Other criteria which are determined by College administrators to be relevant.

A CBC WILL BE CONDUCTED FOR ALL STUDENTS DECLARED IN OR TAKING CLASSES IN THE FOLLOWING PROGRAMS:

- **All Health-Related classes and programs including:** Basic Nursing Assistant, Dental Assisting, Emergency Medical Services/Paramedic, Health Information Management, Medical Assisting, Medical Laboratory Technology, Nursing (PN and ADN), Pharmacy Technician, Physical Therapist Assistant, Radiology Technology, Respiratory Care, Surgical Technology

and

- **Criminal Justice**
- **Early Childhood Education**
- **Human Services**

Any student not continuously enrolled in the College will be required to have an additional CBC conducted. The CBC will be completed only once, if no more than one year elapses in enrollment. After the initial CBC, students will complete a self-disclosure statement annually.

LICENSURE REQUIREMENTS

Licensure is a requirement for employment after graduation from several College programs. Specific licensure requirements may be obtained from the agency or authority responsible for issuing licensure. The College does not grant licensure or ensure an individual's eligibility to obtain licensure after graduation. It is each student's responsibility to know and understand these requirements.

DROP/ADD/WITHDRAWAL

STUDENT-INITIATED DROP OR WITHDRAWAL

Students may initiate a drop or withdrawal from a class/es, prior to the deadline for dropping classes (see "Deadline for Dropping Class/es" below).

To drop or withdraw from classes, a student must

- a.) submit an **"Official Drop/Add Form For Credit Classes"** to the Registration and Records Office located in the Student Services Office **OR**
- b.) drop the class online using **WebAdvisor**.

Failure to attend classes does not constitute a drop or withdrawal. Students must submit an official drop form prior to the refund deadline to be eligible for a tuition refund. Failure to attend classes does not absolve the student from making complete payment for all tuition and fees associated with the student's registration.

IMPORTANT DEADLINE DATES

The date on which 12.499% of time has elapsed since the first day of the class will be

1. The last date a student is allowed to register for a class for that term.
2. The last date a student can drop a class to get a refund of tuition for that term. Specific dates for individual classes are included in the printed credit class schedule each term.
3. The date that all instructors are required to report students who have never attended class ("No Show" Students)

"No Show" students will be removed from the class rosters.

SPECIFIC DEADLINE DATES FOR EACH TERM WILL BE POSTED IN STUDENT SERVICES AT EACH CAMPUS LOCATION.

"NO SHOW" STUDENTS

1. Under federal rules, the College cannot pay financial aid to students who never attend class. Financial aid will not be distributed to students who have been reported as never having attended class ("No Show" students).
2. "No Show" students will be billed and held responsible for full payment of the tuition and fees for the classes they are registered for because the "no show" student did not drop the class with an **"Official Drop/Add Form For Credit Classes"** within the designated refund period. (See "Student-Initiated Drop or Withdrawal")
3. All students with a "hold" on their account (including "No Show" Students) will not be allowed to register for classes for the next term until the account is paid in full.

LAST DATE A STUDENT IS ALLOWED TO START A CLASS

If a student is registered for a class, the instructor must allow the student to start class prior to 12.499% of the time elapsed.

After 12.50% of the time has elapsed since the first day of class, the instructor may allow a student to start a class "ONLY" with special permission from the Program Chair and Division Dean.

All 12.499% and 12.500% time elapsed calculations are based on calendar days, including Saturdays, Sundays, holidays and weekdays, from the first day of the class.

Specific dates will be posted at the Student Services Office on each campus.

ADDING COURSES AFTER INITIAL REGISTRATION

To add a course(s) PRIOR to 12.499% of the time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays and weekdays, a student must:

1. Complete an "Official Drop/Add Form For Credit Classes"
2. Have the course instructor or program designee sign the form to approve the student adding the course
3. Submit the form to the Campus Registration and Records Office no later than 12.499% of the time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays and weekdays.

Courses that vary in length from the regular term dates identified in the schedule will follow the same procedures as listed above. Courses that vary in length can be added within the first 12.499% of the time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays and weekdays.

To add a course or courses AFTER the first 12.499% of time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays and weekdays, a student must:

1. Complete an "Official Drop/Add Form For Credit Classes"
2. Have BOTH the Program Chair and Division Dean for the course sign the form
3. Submit the form to the Campus Registration and Records Office.

Some courses are taught on an individualized basis and offer continuous enrollment if space is available. If those courses are added after 12.499% of the time elapsed since the first day of the start of class, the signature of both the Program Chair and Division Dean are required prior to being submitted to the Campus Registration and Records Office.

REFUNDS

CALENDAR DAYS/AUTOMATIC COMPUTER CALCULATIONS

Calendar Days: All days are included in the computation of calendar days, including Saturdays, Sundays, holidays and weekdays.

Automatic Computer Calculations: Percent of time elapsed is automatically calculated by the College computer and based on calendar days from the first day of class.

A student is entitled to a REFUND computed on the following formula and tables:

Formula:

$$\frac{(\text{Drop Date}) - (\text{Course Start Date})}{(\text{Course End Date}) - (\text{Course Start Date})} = \% \text{ Elapsed}$$

Credit class Table:	<u>% elapsed</u>	<u>% of refund</u>
	0.000 - 12.499	...100
	12.5 and over	...0

Non-Credit class Table:	<u>% elapsed</u>	<u>% of refund</u>
	day before	...100
	start day or after	...0

All days are included in the computation, including Saturdays, Sundays, holidays and weekdays.

LAST DATE TO DROP A CREDIT CLASS AND RECEIVE A REFUND

The student is entitled to a 100% refund for any credit class officially dropped prior to 12.499% of the time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays and weekdays.

"NO" refund is allowed after 12.500% of time has elapsed since the first day of the start of class, including Saturdays, Sundays, holidays and weekdays. A student's transcript will not show any registration data if the student drops or withdraws prior to 12.499% of the time elapsed since the first day of the start of class, including Saturdays, Sundays, holidays and weekdays.

Refunds are not automatic. To obtain a refund or adjustment on your account, you must

- a.) drop the class online using **WebAdvisor** or
- b.) submit an **"Official Drop/Add Form For Credit Classes"** prior to the deadline for dropping and receiving a refund. Refunds will not be granted after these deadlines.

Refunds for classes cancelled by the College are automatically processed and students are not required to submit a drop or withdrawal form for any classes cancelled by the College.

ELECTRONIC REFUNDS

Electronic payment of refunds is the FASTEST, safest, and most convenient method for students to receive refunds.

Students can sign up on WebAdvisor for an electronic payment option. The College recommends that students sign up to have refunds transferred electronically to their existing bank account. If a student does not currently have a bank account, the College has made arrangements with Union Bank and Trust Company of Lincoln for the student to open a Simply Free Checking account or a Union Savings account. The student may start the process of opening a Union bank account via WebAdvisor or they may stop at any Union Bank branch office to open an account.

If a student does not sign up for electronic payment of refunds, a check will be processed at the same time that funds are electronically transferred to other students. Depending upon the day of the week, holidays, and the speed of the Post Office, paper checks may take up to 10 days or more to reach the student. Checks will be processed off site and will not be available for pickup by students. Paper checks will be mailed to the student's current address.

If you are having your check deposited electronically, please check your bank account online, if your bank provides online access, to verify when your refund was deposited.

If you are receiving your refund by paper check, please wait a week after paper checks are mailed before inquiring about your refund.

(Please refer to the Financial Planning section for further information on tuition and refunds.)

To determine a student's eligibility for a refund, all 12.499% and 12.500% time elapsed calculations are automatically calculated by the College computer and based on calendar days from the first day of the start of class, including Saturdays, Sundays, holidays and weekdays.

LAST DATE TO DROP A NON-CREDIT CLASS AND RECEIVE A REFUND

The student is entitled to a 100% refund for any non-credit class if the class is dropped the day before class begins. If a student drops a class the day class begins or after, there will be no refund.

DEADLINE FOR DROPPING CLASS(ES) AND RECEIVING A GRADE OF "W"

The deadline for dropping a class and receiving a grade of "W" is 75% of the elapsed time of the term. Student-initiated drop or withdrawals which occur between the 12.499% of the time elapsed since the first day of the class and prior to the 75% drop deadline will receive a grade of "W." Students may request an administrative-approved withdrawal (awarding of a grade of "W") after the 75% deadline for dropping classes, only if extenuating circumstances exist. Personal problems such as illness, job change or a move out of town may be considered by individual instructors and approved by the Division Dean. Withdrawals will not be processed for non-attendance. Non-attendance after the deadline for dropping usually results in the student receiving an unsatisfactory grade. "U."

Chapter 4

FINANCIAL PLANNING

The cost of a quality education at SCC is very affordable. However, to determine if you will need assistance, please visit with our financial aid staff. Loans, scholarships, grants and work study programs are available to qualified persons. Remember, the key to obtaining financial assistance is to apply early.

FINANCIAL AID PROGRAMS

Southeast Community College believes that qualified students who wish to attend the College should not be prevented from doing so for financial reasons. Although the Department of Education expects students and families to have primary responsibility for funding their education, the College will make every effort to assist those who need help. Through extensive financial aid programs, we seek to put educational costs within the reach of every prospective student enrolled in an eligible program at the College.

More than 70% of the student body receives some form of financial assistance. Financial assistance is given through scholarships, grants, loans, and part-time employment. The amount is determined on the basis of need and/or scholastic achievement. "Demonstrated financial need" is defined as the difference between the amount it costs to attend the College and the amount the Department of Education says the student or student's family can reasonably contribute toward those costs.

Costs include education-related expenses such as tuition and fees, books and supplies, room and board, transportation and personal expenses.

SCC participates in FEDERAL and STATE financial aid programs, as well as INSTITUTIONAL FINANCIAL AID. Students are advised to complete necessary forms early, by the posted "Priority Filing Deadline Dates," to avoid delays in receipt of a financial aid award. Institutional Financial Aid is awarded on a first-come, first-served basis.

PRIORITY FILING DEADLINE DATES for completing necessary financial aid forms are as follows:

April 1	for summer term
July 1	for fall term
October 1	for winter term
January 1	for spring term

SCC PARTICIPATES IN THE FOLLOWING FINANCIAL AID PROGRAMS:

FEDERAL FINANCIAL AID

PELL GRANT

The Pell Grant is a grant from the federal government that does not have to be paid back. The grant may only be awarded to undergraduate, degree-seeking students who have not already obtained a Bachelor's degree. The award amount is based on a student's financial need as determined by the Free Application for Federal Student Aid (FAFSA) application.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT

SEOG awards are made to undergraduate students with exceptional financial need. SCC has a limited amount of funds to award to eligible students. Eligible Pell Grant recipients with the lowest Expected Family Contribution are considered first for available Federal SEOG funds.

ACADEMIC COMPETITIVENESS GRANT

The Academic Competitiveness Grant is a Federally funded/need-based grant for undergraduate students who graduated from high school after January 1, 2005.

The ACG is a grant awarded to full-time students who have completed rigorous high school coursework and have met other criteria. Students must be seeking a qualified 2-year degree, and maintain a cumulative GPA of 3.0 or higher.

FEDERAL COLLEGE WORK-STUDY PROGRAM

SCC participates in the Federal College Work-Study Program. FCWS funds are awarded to students on the basis of financial need.

Students seeking FCWS need to complete and return a Work-Study Application for consideration. Forms can be picked up at the SCC Placement Office on the campus where you will be completing your program of study.

FEDERAL STAFFORD LOAN

The Federal Stafford Loan program enables students to borrow from a bank, credit union or other participating lender. The loan amount is limited to the cost of education minus EFC, and in some instances minus other financial aid the borrower is expected to receive for the loan period.

Dependent, first-year students may borrow a maximum of \$5,500 per school year. Dependent, second-year students may borrow a maximum of \$6,500 per school year (subject to other restrictions per federal regulations). Independent, first-year students may borrow a maximum of \$9,500 per school year. Independent, second-year students may have a loan limit of \$10,500.

FEDERAL PARENT LOAN (PLUS)

The Federal PLUS is for parent borrowers of dependent students and provides additional funds for educational expenses. Federal PLUS loans enable parents with good credit histories to borrow for each dependent child who is enrolled at least half-time. Federal PLUS loans are made by a lender such as a bank, credit union or savings and loan association.

Applicants do not have to show financial need, but must undergo a credit analysis. Repayment begins within 60 calendar days of disbursement, and deferments are available under certain conditions. Federal PLUS loans cannot exceed the College's estimated cost of education minus other financial aid.

NEBRASKA STATE FINANCIAL AID

NEBRASKA STATE GRANT

NSG funds are awarded to Nebraska residents on the basis of financial need eligibility. Students apply by completing the FAFSA. Eligibility is determined by state guidelines.

INSTITUTIONAL FINANCIAL AID

SCC TUITION GRANT

The SCC Tuition Grant is a waiver of tuition, or a portion thereof, for one or more terms and is not a cash award. Students apply by completing the FAFSA. This institutional grant is awarded on the basis of financial need.

SCHOLARSHIPS

SCC's scholarship program was established to promote and encourage interest in education for students planning to enroll, to reduce the student's financial obligation and to recognize outstanding academic achievement in course work already completed at SCC. Scholarships are considered "gift aid" and do not require repayment unless the donor has clearly indicated repayment procedures in the scholarship announcement.

Scholarships are awarded on the basis of academic achievement and/or financial need. Applicants are evaluated on criteria specified by the scholarship donor. Selection is made by the SCC Scholarship Committee or the scholarship donor. Students applying for scholarships awarded on the basis of financial need must file a FAFSA.

Scholarships are added to the student's aid package. In case aid is terminated or a student withdraws or is academically suspended, unused funds are returned to the appropriate fund, including but not limited to NSG, SEOG and SCC Tuition Grant.

Scholarships available include those provided through the SCC Educational Foundation and others designated by contributors for specific categories.

For more information and a listing of available scholarships by campus, contact the campus Financial Aid Office or visit us online.

APPLYING ONLINE FOR SCC SCHOLARSHIPS

The SCC Educational Foundation was organized in 1975, with the sole intent of maintaining, developing and extending services to the College and to further educational opportunities to students, staff and the residents of the area which it serves. The mission of the Foundation is to support the vitality and growth of SCC to benefit students, staff and communities it serves.

The SCC Scholarship application is available ONLINE and has open enrollment during the following calendar days:

Nov 1 – Nov 22

- Current and new SCC students who plan to attend "winter quarter" (January - March).

Dec 1 – Feb 22

- Current and new SCC students who plan to attend "spring quarter" (April - June).

May 1 – May 22

- Current and new SCC students who plan to attend "summer quarter" (July - September).

Aug 1 – Aug 22

- Current and new SCC students who plan to attend "fall quarter" (October – December).

Note: To be considered for scholarships based on financial need, the applicant must also complete the FAFSA for the appropriate school year.

For the academic year beginning July 2009, applicants will need to complete the **new** 2009-2010 FAFSA ( www.fafsa.ed.gov) to be considered for need-based scholarships being offered during that academic year.

If a student is unable to apply online, he/she may contact the Financial Aid Office with an explanation of extenuating circumstances and may receive assistance with the application process.

OTHER SOURCES OF ASSISTANCE

Financial aid for educational expenses also is available from the:

- Veterans' Administration
- Nebraska National Guard
- Army and Navy Reserves
- Bureau of Indian Affairs
- Professional Development
- Vocational Rehabilitation
- Nebraska Department of Labor

Contact the respective agency for information.

FINANCIAL AID AWARDS

SCC issues an ONLINE Financial Aid Award Letter which informs students of the financial aid they are eligible to receive. Priority Filing Deadline Dates have been established to prevent delays in processing financial aid awards. Review of documents received begins immediately. Complete information will be processed and an online Financial Aid Award letter will be generated indicating financial aid eligibility for the academic year.

APPLYING FOR VETERANS' BENEFITS

Students applying for veterans' benefits need to complete an "Application for Veterans' Educational Benefits." These forms are available from the Veterans' Administration or SCC. The completed application, along with other required documents, should be submitted to SCC approximately two months prior to enrollment. If the student previously attended another college or school, an academic transcript from each school also must be submitted to SCC within 30 calendar days after initial enrollment for review. Transcripts are required even if no credits were earned. Students receiving veterans' benefits cannot count audited courses in determining course load. Soon after enrollment, SCC will certify the students' credit hour load. This certification initiates the payment process, and students should receive their first payment approximately 30 business days after enrollment is approved.

SATISFACTORY ACADEMIC PROGRESS

All students receiving federal financial aid and/or Veterans' Benefits are subject to certain policies regarding eligibility and satisfactory academic progress toward an educational goal. Failure to make satisfactory progress could result in the student being placed on financial aid probation or termination. Detailed information on specific satisfactory progress policies and requirements is provided to all students who participate in federal financial aid and Veterans' Benefit programs.

MINIMUM STANDARDS FOR MAINTAINING SATISFACTORY ACADEMIC PROGRESS

1. Must have a cumulative GPA of 2.0 or higher
2. Must pass at least 66% of the credit hours attempted by the census date (the 10th day of the quarter)
3. Must not exceed 150% of the minimum number of credit hours required for completion of the student's specific program of study

APPLYING FOR FINANCIAL AID

To ensure timely receipt of a financial aid award, specific steps must be followed. We recommend completion of both Steps 1 and 2 below at the same time. Also, meeting the Priority Filing Deadline Dates will ensure timely processing of aid.

1. BE ACCEPTED FOR ADMISSION TO SCC.

Students must be accepted for admission to the College and must enroll in an eligible program of study.

2. COMPLETE THE FAFSA FORM.

The Financial Aid Office encourages completion of the FAFSA online upon completion of your tax return. Access to the FAFSA link online can be obtained by going directly to  www.fafsa.ed.gov.

Paper applications (FAFSA) are available through the Financial Aid Office or your high school guidance office. Carefully complete all questions, not leaving any blank, and submit it as early as possible.

Important: It is very important to list the Title IV Code for SCC on the FAFSA form.

TITLE IV CODE FOR SCC = 007591

PROCESSING TIME FOR THE FAFSA
WILL BE APPROXIMATELY TWO TO FOUR WEEKS.

The U.S. Department of Education will mail the student a Student Aid Report or e-mail a notice if the student applied online, when processing is complete. This form should be reviewed for accuracy upon receipt. At the same time the SAR is received by the student, all schools listed to receive processed FAFSA results will be sent information electronically (called an ISIR).

In some cases, the College will be required to verify the information reported on the FAFSA.

The student whose application is selected for verification will be sent a letter requesting (1) copies of the student's/spouse's and/or parent's signed federal income tax return, if applicable, and (2) the completion of a Verification Worksheet.

Students having previously attended SCC must be in compliance with Satisfactory Academic Progress policies, to be eligible to receive financial aid.

The SCC Financial Aid Office staff is available to assist students with completing the FAFSA. Students also can make an appointment with EducationQuest.

EducationQuest is open Monday through Friday, 8:30 a.m. to 5 p.m. To schedule an appointment with EducationQuest, call the location nearest you.

Lincoln
1300 O St., Lincoln, NE 68508, 402-475-5222, 800-303-3745

Omaha
Rockbrook Village (108th & W. Center Road)
11031 Elm Street, Omaha, NE 68144, 402-391-4033, 888-357-6300

Kearney
3712 Second Ave., Kearney, NE 68847, 308-234-6310, 800-666-3721

(If you wish to have the information on the FAFSA sent to other colleges, check with your high school counselor, your public library or Financial Aid Offices for other Title IV school codes.)

3. **NEW STUDENTS WANTING TO BE CONSIDERED FOR A STAFFORD STUDENT LOAN**

Many students rely on federal government loans to finance their education. These loans have low interest rates and do not require credit checks or collateral. Student loans also provide a variety of deferment options and extended repayment terms. Student loans include Federal Stafford Loans.

All Stafford Loans are either subsidized (the government pays the interest while you're in school) or unsubsidized (you pay all the interest, although you can have the interest payments deferred until after graduation). To receive a subsidized Stafford Loan, you must be able to demonstrate financial need.

With the unsubsidized Stafford loan, you can defer the payments until after graduation by capitalizing the interest. This adds the interest payments to the loan balance, increasing the size and cost of the loan. All students, regardless of need, are eligible for the unsubsidized Stafford Loan.

Repayment begins six months after the student graduates or drops below half-time enrollment. The standard repayment term is 10 years.

Failure to maintain attendance in at least 6 credit hours CANCELS any future loan disbursements. Please notify the Financial Aid Office when returning to school after a break in attendance.

New students must complete a master promissory note and complete loan entrance counseling.

4. **STUDENTS INTERESTED IN FEDERAL WORK-STUDY**

need to complete and return a Work-Study Application form, available in the SCC Placement Office.

RETURN OF TITLE IV REFUND INFORMATION

A recipient of federal Title IV financial aid who withdraws from school during a payment period or period of enrollment in which the student began attendance, will have the amount of Title IV funds he/she did not earn calculated according to federal regulations. This calculation will be based on the student's last date of attendance.

The period of time in which Title IV financial aid is earned for a payment period or period of enrollment is the number of **calendar days** the student has been enrolled for the payment period or period of enrollment up to the student's last date of attendance, divided by the total calendar days in the payment period or period of enrollment.

The percentage is multiplied by the amount of Title IV financial aid for the payment period or period of enrollment for which Title IV financial aid was awarded to determine the amount of Title IV financial aid earned. The amount of Title IV financial aid that has not been earned for the payment period or period of enrollment and must be returned is the complement of the amount earned.

The amount of Title IV financial aid earned and the amount of Title IV financial aid not earned will be calculated based on the amount of Title IV financial aid that was disbursed for the payment period or period of enrollment upon which the calculation was based.

A student will have earned 100% of the Title IV financial aid disbursed for the payment period or period of enrollment if the student last attended after completing 60% of the payment period or period of enrollment.

If the amount of unearned Title IV financial aid disbursed exceeds the amount that is returned by the school, the student (or parent, if a Federal Plus loan) must return or repay, as appropriate, the remaining grant and loan funds.

The College Business Office will notify the student if repayment is required and will provide the student with instructions for repayment. The student will not qualify for further federal aid nor be able to register for classes at SCC until the repayment is satisfied.

INSTITUTIONAL TUITION REFUND POLICY

Federal regulations require that an institution's refund/repayment policy be available to all students. The following information is provided in compliance with federal regulation 34CFR682.606 (a) (2).

The amount of time the student attends as a percent of the total course length will be the method of the computation.

The DROP DATE will be the date the student drops the course online by utilizing **WEBADVISOR** or provides the College's Registration and Records Office with an **"OFFICIAL DROP/ADD FORM FOR CREDIT CLASSES."**

Oral notification to the Registration and Records Office is allowed ONLY when the student is dropping all classes and withdrawing from the College.

Failure of the student to attend a class does not constitute an official drop/withdrawal.

A student's failure to attend classes does not dismiss a student's responsibility to pay unpaid account balances owed to the College on courses not officially dropped.

Forms titled "OFFICIAL DROP/ADD FORM FOR CREDIT CLASSES" are available at the campus Registration and Records Office.

The College Business Office will apply any eligible financial aid transmitted to the student's account toward tuition, fees and applicable book charges incurred by the student.

If a balance owed remains, it is the responsibility of the student to pay this balance before they would be allowed to register for future courses at SCC.

Student activity fees are refundable only if a student drops before the first day of class. Students who receive federal financial aid may be subject to further refund calculations. Any refund due may need to be returned to a federal aid program. (See Return of Federal Financial Aid Funds (Title IV Refunds) Information.)

ELECTRONIC REFUNDS

Electronic payment of refunds is the FASTEST, safest, and most convenient method for students to receive refunds.

Students can sign up on WebAdvisor for an electronic payment option. The College recommends that students sign up to have refunds transferred electronically to their existing bank account. If a student does not currently have a bank account, the College has made arrangements with Union Bank and Trust Company of Lincoln for the student to open a Simply Free Checking account or a Union Savings account. The student may start the process of opening a Union bank account via WebAdvisor or they may stop at any Union Bank branch office to open an account.

If a student does not sign up for electronic payment of refunds, a check will be processed at the same time that funds are electronically transferred to other students. Depending upon the day of the week, holidays, and the speed of the Post Office, paper checks may take up to 10 days or more to reach the student. Checks will be processed off site and will not be available for pickup by students. Paper checks will be mailed to the student's current address.

If you are having your check deposited electronically, please check your bank account online, if your bank provides online access, to verify when your refund was deposited.

If you are receiving your refund by paper check, please wait a week after paper checks are mailed before inquiring about your refund.

(Please refer to the Financial Planning section for further information on tuition and refunds.)

CREDIT CLASS REFUND

The student is entitled to a 100% refund for any credit class officially dropped prior to 12.499% of the time elapsed since the first day of the start of class. "NO" refund is allowed after 12.500% of time has elapsed since the first day of the start of class. Specific drop dates for individual classes are published each term in the credit class schedule.

NON-CREDIT CLASS REFUND

The student is entitled to a 100% refund for any non-credit class officially dropped prior to the start date of the class. "NO" refund is allowed if the class is dropped on or after the start date of the class.

OFFICIAL WITHDRAWALS

When a student officially withdraws from ALL classes, before the end of the sixth week of classes for the term in which Title IV federal financial aid is awarded, the campus Financial Aid Office will calculate how much of a student's financial aid must be returned to the U.S. Department of Education and/or to a Stafford/Plus loan lender. Students called to non-training active military duty should provide documentation to the campus Dean of Student Services.

UNOFFICIAL WITHDRAWALS

A student who receives all "U" grades or a combination of all "U," "W," or "NP" grades is considered to have UNOFFICIALLY withdrawn from classes. A student receiving Title IV financial aid funds who drops out without notifying the College is considered to have made an unofficial withdrawal. Students who make unofficial withdrawals are considered to have withdrawn at the MID-POINT of the term, unless the College documents a date later than the mid-point of the term.

The College will use 50% for unofficial withdrawals as the unearned percentage to determine the amount of federal funds that must be returned. The Financial Aid Office will perform the following steps to determine the amount of Title IV federal funds to be returned:

Step 1: Determine how much Title IV financial aid the student is entitled to use or the amount "earned" by attending classes.

The date that the student officially drops all classes is the official date that is used to calculate the percentage of time the student was enrolled in the term and how much aid the student was entitled to receive or "earned."

The amount of financial aid includes funds actually disbursed, plus funds that had been authorized but not yet disbursed by the date the student withdrew. If the student withdraws prior to the Pell census date (the 10th day of the quarter), the only Title IV federal aid which may have been disbursed would have been Stafford loans the student received.

If the student withdraws prior to the 10th day of the term (and the student was eligible for a Pell Grant), the Pell fund may be used to pay a portion of institutional costs UNLESS the student withdraws during the 100% tuition refund period.

Step 2: Determine how much of the Title IV federal aid must be returned to the U.S. Department of Education and/or the student/parent loan lender.

The "earned" percentage is subtracted from 100% to determine the "unearned" amount of Title IV federal aid.

Step 3: Determine who must return the unearned aid.

This may be the College, the student, or in some cases, both the College and the student. The unearned percentage also is used to determine, if necessary, how much the College must return of the federal funds which were received as payment for tuition, fees, books, room and board, and other approved institutional charges. The difference between the Total Unearned Title IV aid and the amount of Unearned Aid due from the school is the amount of Unearned Title IV aid due from the student.

Once it is determined how much Title IV aid must be returned, the federal funds must be returned in the order specified by the law. This priority order is as follows:

- Unsubsidized Federal Stafford Loan
- Subsidized Federal Stafford Loan
- PLUS Loan
- Pell Grant
- Academic Competitiveness Grant
- SEOG Grant

NOTE: Federal Work-Study earnings are exempt from the calculations.

CAFETERIA/RESIDENCE HALLS CONTRACT REFUND POLICY

1. **Termination:** If a student wishes to terminate a cafeteria (Milford) or residence hall contract (Beatrice or Milford), he or she **must secure approval of termination** before a refund can be made.
Detailed information regarding refunds of housing deposits or fees can be found in the housing contract or by contacting the Housing Office.
2. **Disciplinary action:** No refund will be made if a student is suspended from the residence hall and/or cafeteria due to disciplinary action.
3. Residence hall/cafeteria refunds for those who pay, enter and withdraw from the College will follow this specific refund schedule.
 - During the **first week** (5 days, not including Saturdays, Sundays and holidays) of the term, 80% will be refunded.
 - During the **second week** (6-10 days, not including Saturdays, Sundays and holidays) 60% will be refunded.
 - During the **third and fourth week** (11-20 days, not including Saturdays, Sundays and holidays) 40% will be refunded.
 - **After the fourth week**, there will be no refund. Residents moving out for reasons not stipulated in the housing contract terms or in the HALL handbook also forfeit their deposits.

PAYMENT POLICY

Full payment of tuition, student services fees and room and board charges are due to the campus Business Office no later than the beginning of a term, or according to established campus payment deadlines. Payment is due immediately for class registrations that occur after the beginning of the term. Non-payment of tuition and fees may affect enrollment status. SCC accepts VISA, Mastercard and Discover credit cards for payment.

DEBTS

All financial obligations to the College must be paid before a student may register for any future courses and before transcripts, awards and credentials may be released. Financial obligations include, but are not limited to, tuition and fees, college loans, library and parking fines. The College will charge \$30 for every insufficient funds check.

FACTS eCASHIER MONTHLY PAYMENT PLAN

Students may enroll in the "FACTS" eCashier monthly payment plan. "FACTS" eCashier provides an option for budgeting tuition and other educational expenses. Contact the campus Business Office for a "FACTS" eCashier brochure which includes a copy of the Automatic Tuition Payment Agreement.

OTHER CHARGES

Students should expect costs for books, tools, supplies, uniforms, travel and other items. Costs will vary depending on the requirements of each program and the needs of the individual.

Cost estimate sheets are available for the programs of study. Check out the Expense Sheets available online or contact your campus Student Services Office for more information.

ADDRESS CHANGE

Students must advise Student Services of any address change to facilitate sending correspondence to the students' correct address. Address changes can be submitted online via WebAdvisor or a paper form may be obtained from the Registration and Records Office.

ATTENDANCE

ATTENDANCE POLICY

Regular, punctual attendance is required in all credit courses. Each instructor will inform students by means of a syllabus of attendance requirements at the first class meeting. Any class or lab session missed, regardless of cause, reduces the opportunity for learning and may affect achievement. Students are responsible for all instruction missed, regardless of the reason for the absence. The student will be held responsible for notifying the instructor of any anticipated absences. The instructor has the prerogative to decide whether the student will be permitted to make up work missed during the absence.

The College reserves the right and has the responsibility to obtain a doctor's release when it is determined that a student's absence has been the result of a serious medical problem that might jeopardize the health of the student or other students. Programs involving clinical or off-campus assignments may require telephone notice of all absences. The College has no leave of absence policy for students.

RESERVE AND GUARD TRAINING

The College recognizes the need for military reserve and National Guard training and will cooperate with the military in arranging for such absences. The College strongly recommends that military reserve and National Guard training be completed during the summer break. Absences during the regular term usually cause hardships, since a great amount of classroom time is lost. Some laboratory and practicum experiences are impossible to accomplish either ahead of schedule or away from the campus. Please contact the Dean of Student Services if there is a conflict with school and military training. The College will assist you in requesting a change in your annual training to minimize conflict with your College classes.

GRADUATION

GRADUATION AWARDS/HONORS

Southeast Community College awards the following:

- **Associate of Applied Science Degree (A.A.S.):** Awarded upon successful completion of a minimum of 90 quarter credit hours and the requirements of a prescribed program or course of study.
- **Associate of Arts Degree (A.A.):** Awarded upon successful completion of a minimum of 90 quarter credit hours of a prescribed program of study. This degree is usually awarded to a student who completes the first two years of the Academic Transfer program.
- **Associate of Occupational Studies Degree (A.O.S.):** Awarded upon successful completion of a minimum of 90 quarter credit hours and the requirements of a prescribed program or course of study.
- **Associate of Science Degree (A.S.):** Awarded upon successful completion of a minimum of 90 quarter credit hours and the requirements of a prescribed program or course of study in the Academic Transfer Program.
- **Diploma:** Awarded upon successful completion of a minimum of 45 quarter credit hours and the requirements of a prescribed program or course of study.
- **Certificate:** Awarded for successful completion of a prescribed course of study that requires fewer credit hours than a diploma program.

GRADUATION RATES

Graduation completion rates are available at the campus Student Services Office upon request.

GRADUATION REQUIREMENTS

All students are required to meet certain requirements before they are permitted to graduate from any program at SCC. The number of credit hours required for graduation is based on specific program credit hour requirements.

Students must meet all the following criteria to be approved for graduation:

1. A student must meet all graduation requirements for a program of study and all other campus graduation requirements.
A student must have a high school diploma or equivalent to receive an Associate Degree, Diploma or Certificate from SCC.
2. The minimal cumulative grade point average (CGPA) for graduation purposes is 2.0. Extenuating circumstances, involving GPA or other requirements, may be considered by the Vice President for Instruction.
3. Students who have been continuously enrolled in a program of study will be permitted to graduate under the program requirements in effect at the time of their initial enrollment (except, students will be required to complete curriculum and course changes implemented after a student starts his/her program as long as the change does not extend the student's time to complete the program) or students may elect to satisfy revised graduation requirements approved and initiated during their continuous enrollment. Students who have not maintained continuous enrollment, but return within 3 years of when they last attended, will be allowed to graduate under the catalog of their initial enrollment with the approval of the division dean.
4. Students will not be eligible for graduation if a grade of "U" (Unsatisfactory), "I" (Incomplete), or "NP" (No Pass) in a required course remains on the student's transcript.
5. Students must be free of any financial responsibility to the College prior to graduation.
6. All students must complete an Application for Graduation form and submit the required fee with the application to the campus Registration and Records Office by the end of the second week of the term in which they expect to graduate. Graduation fees are not refundable. Forms may be obtained in the campus Student Services Office.
7. To receive a second degree, the student must meet all requirements of the College and the program in which the second degree will be obtained.
8. A minimum of one-third of the credit hours required for a degree must be completed at SCC for SCC to be the degree granting institution. See "Advanced Standing."
9. Certain programs of study may require specific assessment activities as a graduation requirement.
10. Please note that those courses with a zero as the first digit of the course number are designated as developmental and may not be used to fulfill degree requirements. Example ENGL 0810.

ADVANCED STANDING

The three methods the College has established for students to gain advanced standing are: transfer credit, credit by waiver and credit by examination.

To be granted advanced standing credit:

- 1) A student must be accepted for admission to a College degree program.
- 2) A minimum of one-third (1/3) of the credit hours required for a degree must be completed at SCC, the degree granting institution, except under statewide or college partnership agreements with the division deans' approval.
- 3) Up to two-thirds (2/3) of the credit hours required for a program of study may be waived through the three methods established for advanced standing; (credit by transfer, waiver, and examination).
 - a. Up to two-thirds (2/3) of the credits for advanced standing may be transfer credits, except under statewide or college partnership agreements with the division deans' approval.
 - b. Credit hours granted by waiver or examination or by any combination of waiver and examination may be awarded up to limits established by each department but may not exceed one-third (1/3) of the total credit hours required for a program award.

Exceptions to #2, #3, #3a or #3b must be approved by the Vice President for Instruction.

Please refer to the specifications listed in each of the following three (3) advanced standing methods.

TRANSFER CREDIT

Transfer credit from other accredited postsecondary institutions may be awarded for advanced standing. Transfer credit may or may not apply to SCC programs. Determination will be made by the division dean regarding graduation or satisfaction of program requirements with transfer credit.

SCC recognizes course work completed at military schools, through active duty, National Guard or Reserves. Credits may be applied to military courses with the approval of the appropriate campus division. The Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council for Education, is used as a guideline. Courses for which credit is granted by transfer will be recorded with a "TR" grade and will not be included in calculating a student's grade point average.

CREDIT BY WAIVER

To apply for Credit by Waiver, the applicant must be accepted for admission to a College degree program. Students requesting advanced standing Credit by Waiver must complete an application for Credit by Waiver and supply supportive documents such as competency reports, proficiency certificates or training records.

Credit granted by Waiver and Examination or any combination of Waiver and Examination may be awarded up to limits established by each department of the College but not exceeding one-third (1/3) of the total credit hours required for a program award. The application must be submitted for evaluation to the campus department responsible for teaching the course. Upon successful completion of the evaluation, both the application and evaluation will be submitted to the campus Registration and Records Office for recording credit on the student's transcript.

Courses in which credit is granted by waiver will be recorded on the transcript with a "CW" grade and will not be included in calculating a student's grade point average. Credit granted by waiver is subject to evaluation by other institutions and may not be accepted for transfer credit.

Tech Prep Advanced Placement

Tech Prep is a partnership between high schools and SCC. This partnership helps prepare high school students for technical careers. Pathways of courses to prepare students for college level work are laid out. Tech Prep Advanced Placement means the student may apply for Credit by Waiver (See Advanced Standing section) for approved courses taken at the high school level and avoid duplication in classes.

In order to receive Tech Prep Advanced Placement, a student must:

- *Enroll in SCC within one year of high school graduation or as soon as a program waiting list allows following high school graduation.*
- *Obtain a grade of "B" or better in the high school articulated course.*
- *Complete and submit a Credit by Waiver form available from the Registrar's Office with all appropriate signatures.*

Some Advanced Placement agreements require the student to take the next course in the sequence of the program at the College and obtain a grade of "C" or better in order for the credit for the previous course to be placed on the transcript.

CREDIT BY EXAMINATION

Some courses may be completed by examination. Testing devices and evaluation procedures will vary according to the course, division requirements and the amount of credit being advanced. To apply for Credit by Examination, the applicant must have been accepted for admission to a College degree program.

Applications for Credit by Examination are obtained from the campus Registration and Records Office and submitted to the division responsible for teaching the course. An application for Credit by Examination must be completed and submitted to the campus Registration and Records Office for all credit granted as "PX" (Passed by Examination) on the transcript. No grade points will be awarded, and the Credit by Examination will not be included in the cumulative grade point average. Copies of the certification will be returned to the student and the department in which the student is enrolled.

Credit granted by Waiver and Examination or any combination of Waiver and Examination may be awarded up to limits established by each department of the College but not exceeding one-third (1/3) of the total credit hours required for a program award. Applicants for Credit by Examination must pay 50 percent (50%) of the current per credit hour tuition rate for each credit hour attempted by examination, prior to the examination.

College Level Examination Program (CLEP)

Students interested in CLEP testing should contact the Testing/Assessment Center (402-437-2626) for information and testing arrangements. CLEP subject exams cost approximately \$70 per examination. Some colleges do not accept CLEP credits as transfer credits. Transfer students should carefully investigate minimum CLEP scores established by other colleges.

To have CLEP credit posted to an SCC Transcript, a student must have been accepted for admission into a college degree program.

SCC administers the CLEP at the Lincoln Campus, 8800 O Street in the Testing/Assessment Center. Each program has established a list of courses for which CLEP scores will be accepted for credit by examination. Minimum CLEP scores vary from exam to exam; therefore, students should request a list of these minimum scores. Credits granted through a CLEP exam will not apply towards load requirements for extraordinary activities, veteran's benefits or scholastic honors. Only SCC students may have CLEP scores recorded on their SCC transcripts. Acceptable CLEP credits are recorded as PX (Pass by Examination).

GRADES & RECORDS

FERPA

SCC has developed policies and procedures in compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974. The rights accorded students shall apply to all students 18 years of age or older, or no longer dependent upon their parents; students in a postsecondary education program, regardless of their age; and parents of eligible dependent students.

Generally, students have the following rights: to inspect and review their educational records; to a hearing to challenge the contents of their records; and to receive copies of all or part of their educational records upon request.

All requests for student records and information must be in writing and directed to the campus Student Services Office. Questions relating to the release of records and information should be directed to the campus Student Services Office. SCC may provide directory lists of graduates to senior institutions that have an articulation agreement with SCC.

Directory information consisting of the items listed below may be released:

- Student Name
- Major field of study
- Dates of attendance
- Enrollment status
- Most recent previous school attended
- Degrees and awards received
- Honors and awards received, including Dean's List and other academic honors
- Participation in officially recognized co-curricular activities (e.g. music, sports)
- Weight and height of athletic team members
- Parking permit number and auto license number
- Photograph*

When available, the student's physical address, e-mail address and/or telephone number will be released at the discretion of the Student Services Office.

*Use of Photographs:

Photographers employed or contracted by SCC regularly take photographs of people, either individually or in a group, to illustrate or describe various aspects of the College and campus life. These photographs will be taken at public venues such as athletic events and concerts. Or they may be taken in organized campus photo shoots where the subjects will have given verbal consent to be photographed. Individuals who are photographed while attending a public event or who verbally agree to participate in a photo shoot will be understood to have authorized SCC to use their likeness in print and electronic materials to promote the College. The College will retain the usage rights to the photographs in perpetuity.

To avoid having this information released, the student must submit a written request to the campus Student Services Office within 10 classroom days, not including Saturdays, Sundays, and holidays, after initial enrollment in the College. After the initial 10-day period, any new request for withholding of directory information shall require a 10-classroom day, not including Saturdays, Sundays, and holidays, written notice to the campus Student Services Office to become effective.

The College requires a student's Social Security number as a condition for enrollment. A student's Social Security number information constitutes an "educational record" under FERPA. The College will be privileged to redisclose that information only with the consent of the student or in those very limited circumstances when consent is not required by FERPA. Questions regarding FERPA should be directed to the campus Registration and Records Office.

RETENTION OF STUDENT RECORDS

The official student academic record, the transcript of credit earned, will be retained permanently at the campus. All other documents (except disciplinary records) which are used to create, update and support a student's file will be retained for five (5) years from the last date of enrollment. All student financial aid records will be retained for three (3) years following the end of the fiscal year in which funds were awarded. All veterans' records will be retained in the student's file for five (5) years from the last date of enrollment. All placement records will be retained for three (3) years following the last date of enrollment.

GRADES

ACADEMIC HONORS

Dean's List: To be recognized on the Dean's List, a student must complete at least 6 hours for the term with a minimum GPA of 3.5. (Classes with a grade of "P" [Pass] do not count toward the 6-hour minimum.)

Graduation with Distinction: A student must have completed 45 quarter credit hours, and attained a cumulative 3.75 GPA to graduate "With Distinction," and a 4.0 cumulative GPA to graduate "With High Distinction."

A student is not eligible to be included on the Dean's List if a "U" (Unsatisfactory) and "I" (Incomplete), or a "NP" (No Pass) remain on his/her grade report for the given term. It is the campus' prerogative as to whether such a Dean's List is maintained.

ACADEMIC STANDING

Good Academic Standing

Students must maintain a cumulative GPA of 2.0 to remain in good academic standing.

Academic Warning

Students failing at mid-term will have that mid-term grade posted on WebAdvisor. The student will be contacted by the Student Retention Office to address the issue of coursework being below acceptable standards.

Academic Probation and Suspension

SCC believes students should demonstrate consistent progress toward their stated academic goals. In an effort to assist our students in meeting graduation requirements, the College has developed the following minimum academic standards. Students who have earned a minimum of 12 credits (with grades A+ through D, or U) are covered under these standards.

Academic Probation

Students who receive a cumulative grade point average (CGPA) of less than 2.00 at the end of a term will automatically be placed on academic probation.

- These students will be notified of their academic probationary status by a letter from the campus Dean of Student Services.
- Upon such notification, these students should immediately see their program chair/advisor to determine the course of action to be taken and to determine the procedure necessary to be removed from academic probation.
- Students who raise their CGPA to a 2.00 or higher by the end of the probationary term will automatically be removed from academic probation.
- Students will continue on academic probation if they achieve a term GPA of 2.00 or greater but have a total cumulative GPA of less than 2.00.

ISSUANCE OF TRANSCRIPTS

- ## TRANSFER AGREEMENTS

1. Granted standing comparable to current students who have completed the same number of equivalent credit courses toward an associate/baccalaureate-level degree; and
2. Able to progress toward an associate/baccalaureate degree completion at a rate comparable to that of students who entered the associate/baccalaureate institution as first-time freshmen.

GRADING SYSTEM & CREDIT TYPES

#	Bankruptcy
AU	Audit
BF	Balance forward as of 7/1/94
CIP	Course In Progress
CR	Credit
CW	Credit by Waiver
I	Incomplete
NC	Non-credit
NP	No Pass
P	Pass
PX	Pass-Exam
TR	Transfer Credit
U	Unsatisfactory/Repeat
W	Withdrawal

NS No Show

P Pass: The letter grade "P" is assigned when credit is granted for successful completion of campus-approved "Pass/No-Pass" course. The pass grade represents a 70%, or a grade of C or better. Each division will identify the courses which may be taken as Pass/No-Pass. Divisions will also establish the maximum Pass/No Pass hours that may be earned and applied to completion of a prescribed course of study.

PX Pass by Examination: The letter grade "PX" is assigned when credit is granted for successful completion of a campus-approved examination or evaluation procedure rather than through course enrollment.

TR Transfer Credit: "TR" is assigned to indicate transfer credit from another college.

U Unsatisfactory: The letter "U" is assigned when a student has not attained the required level of performance in a course or the course has been repeated. No credit is granted.

W Withdrawal: The letter "W" is assigned when a student withdraws from a course within the College withdrawal deadlines.

Repeat: The highest letter grade received for a course will be used in computing the cumulative grade point average when a course has been repeated. Courses which have been repeated are noted with "same as course number" followed by the term date where the highest grade has been earned. Repeated course grades will continue to be included in the calculation of the term grade point average. A repeated course will be listed with a "U" and 0.00 credit hours.

CREDIT TRANSCRIPT KEY

Grade	Status	Honor Points	Description	Percentage
A+	Permanent	4.0	Excellent	95-100
A	Permanent	4.0		90-94
B+	Permanent	3.5	Above Average	85-89
B	Permanent	3.0		80-84
C+	Permanent	2.5	Average	75-79
C	Permanent	2.0		70-74
D+	Permanent	1.5	Below Average	65-69
D	Permanent	1.0		60-64

DISABILITY SERVICES

Southeast Community College provides reasonable accommodations for students with disabilities to ensure access to educational programs and services. Students who are requesting an accommodation based on a documented disability are advised to make the request known as soon as possible to ensure timely service by contacting the Career Advising Center on the campus they wish to attend.

Any student with a documented disability should complete the Student **Request for Reasonable Accommodations form** and mail, fax, e-mail, or deliver it to the Career Advising Office. Students who are requesting an accommodation based on a documented disability are advised to make the request known as soon as possible to ensure timely service. Information regarding accommodations for students with disabilities is available from:

BEATRICE

Career Advising Center, Jackson Hall

LINCOLN

Career Advising Center, Learning Resource Center

MILFORD

Placement & Assessment Center

SCC also has a **TDD** (Telecommunication Device for the Deaf). The phone number is **402-437-2702**. Contact the Student Services Office for more information.

PRESENCE & USE OF ANIMALS AT SCC FACILITIES AND EVENTS

Bona fide service animals may accompany students, employees, and visitors with disabilities to all SCC events, activities, and locations. Local, state, and federal laws regulate the use of service animals at SCC locations and/or events. Animals associated with a college-related program of study (e.g. livestock) or research laboratory activity (e.g. livestock, mice) are covered by these guidelines. Please contact the Dean of Student Services on your campus for the complete administrative guidelines document for clarification and/or additional information regarding the presence and use of animals at SCC locations.

EQUITY & DIVERSITY

EQUAL OPPORTUNITY AND NONDISCRIMINATION POLICY

It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, ethnicity, religion, sex, age, marital status, national origin, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access, Equity and Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu.

HARASSMENT/DISCRIMINATION PROHIBITED

Southeast Community College believes that it is the right of all students to obtain an education in a college environment free from all forms of discrimination or harassment, including sexual harassment. Any student who believes he/she has been the subject of discrimination or harassment should report the incident to a member of the College's professional staff or one of the two campus educational equity representatives:

BEATRICE

Tom Cardwell, Dean of Student Services

Jan Arnold, Instructor, Academic Education

LINCOLN

Dave Sonenberg, Dean of Student Services

Susan Kash-Brown, Social Services Coordinator

MILFORD

Robin Moore, Dean of Student Services

Marcy Hostetler, Career Advisor, Assessment

Lyle Neal, Campus Director

Southeast Community College recognizes its legal as well as moral obligation to prevent racial and/or ethnic harassment. Therefore, this policy is consistent with federal and state laws.

• FEDERAL LAWS

Pursuant to Title VII of the 1964 Civil Rights Act, SCC has a responsibility to maintain a working environment free of racial intimidation and harassment.

• NEBRASKA LAWS AND POLICIES

The declaration of the state policy and purpose in the Nebraska Fair Employment Practice Act, Neb. Rev. Stat. 48-1101 (Reissue 1988) states, in part, the following: "It is the policy of this state to foster the employment of all employable persons in the state on the basis of merit regardless of their race, color, religion, sex, disability, or national origin, and to safeguard their right to obtain and hold employment without discrimination because of their race, color, religion, sex, disability, or national origin. Denying equal opportunity for employment because of race, color, religion, sex, disability, or national origin is contrary to the principles of freedom and is a burden on the objectives of the public policy of this state."

• SCC POLICIES - E-3F(1-3)

Southeast Community College is committed to maintaining learning and working environments that are free from all forms of illegal harassment and discrimination. Accordingly, harassment based on an individual's race, color, ethnicity, religion, sex, age, marital status, national origin, veteran status, sexual orientation, disability, or other factors prohibited by law is prohibited. The College will not tolerate harassment or retaliation in the workplace or educational environment whether committed by faculty, staff, or students, or by visitors to the College while they are on College property or at events conducted, sponsored or sanctioned by the College. Each member of the College community is responsible for fostering civility, for being familiar with this policy, and for refraining from conduct that violates this policy.

Prohibited discriminatory harassment is defined as conduct that is sufficiently severe, pervasive, and objectively offensive as to substantially disrupt or undermine a person's ability to participate in or to receive the benefits, services, or opportunities of the College, and/or has the effect of creating an intimidating, hostile, or offensive environment.

Harassment when directed at an individual because of his/her race, color, ethnicity, religion, sex, age, marital status, national origin, veteran status, sexual orientation, disability, or other factors

prohibited by law may include, but is not limited to: unwanted physical contact; use of epithets, inappropriate jokes, comments or innuendos; obscene or harassing telephone calls, e-mails, letters, notes or other forms of communication; and, any conduct that may create a hostile working or academic environment. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access, Equity and Diversity, SCC Area Office.

CONDUCT EXPECTATIONS

ACADEMIC INTEGRITY

As you pursue your studies at SCC, be mindful that academic honesty and integrity are fundamental expectations of those who interact with you. Information concerning academic honesty may be obtained by contacting the Dean of Student Services.

STUDENT CONDUCT

All students enrolled at SCC are expected to conduct themselves as good citizens of an educational community. Students are expected to obey the laws and regulations of the nation, state, and community, and policies of the College.

Students may be dismissed from a program of study or from the College when violations occur. Due process is intended and provided; however, immediate suspension or dismissal may be the first course of action when violations are of a serious nature.

Categories of student misconduct which are not compatible with SCC's standards:

1. Cheating and plagiarism, knowingly furnishing false information to the College, forgery, alteration or misuse of College documents or records. (See Academic Integrity)
2. Disruption or obstruction of teaching, research, administration, disciplinary procedures or other College activities or public service functions.
3. Physical, mental, or verbal abuse to others or self on College owned or controlled property or at College sponsored or supervised functions, or conduct which threatens or endangers the health and safety of such persons. This abuse includes all forms of harassment and discrimination.
4. Participating in or inciting a riot or an unauthorized or disorderly assembly.
5. Seizing, holding, commandeering or damaging any property or facility of the College, or threatening to do so.
6. Refusing to depart from any property or facility belonging to or being used by the College upon a reasonable request of an authorized College official.
7. Unlawful possession, use, distribution, or being under the influence of illicit drugs, alcohol or controlled substance on College owned or controlled property or at any College sponsored event.
8. Obstructing the free movement of persons or vehicles on College premises or at College activities.
9. Possession of dangerous chemicals, explosives, firearms or items used or perceived as a weapon on College owned or controlled property or at College sponsored or supervised functions without prior authorization from College officials.
10. Littering, defacing, destroying, vandalizing or damaging property owned or being used by the College.
11. Removing College property or property assigned to the College without authorization.
12. Unauthorized entry onto College property or property under the control of the College.
13. Unauthorized use of College equipment or facilities.
14. Violating campus parking and/or driving regulations.
15. Violating College policies, rules or regulations.

16. Discrimination or harassment on the basis of race, color, religion, sex, age, marital status, national origin, ancestry, veteran status or disability.
17. Disorderly conduct or lewd, indecent or obscene conduct on College owned or controlled property or at College sponsored or College supervised functions.
18. Theft of property, money, or other items deemed College/student possessions/property.
19. Items of Public Display - SCC does not condone the public display of items (e.g., posters, t-shirt designs, paintings, etc.) which are intended and/or deemed racist, sexist, indecent, illegal, inciting, or oppressive in nature. Such materials are disruptive to the learning environment or do not promote an atmosphere of positive encouragement and mutual respect for others. Persons in violation of this expectation will be asked to remove items of this nature, and be subject to disciplinary action.
20. Testing Center Cheating
 - a. A student caught cheating in the Testing Center will have the test confiscated immediately.
 - b. The instructor will be notified as soon as possible by the Testing Center.
 - c. The instructor will address the situation as it is outlined in the course syllabus.
 - d. The student will be suspended from use of the Testing Center, for that class, until written notification is received by the Testing Center. The written notification will be from the instructor and must request reinstatement of Testing Center use for that student.
 - e. If that student is caught cheating a second time, whether or not it occurs for the same class, that student will be barred from using the Testing Center.

CELL PHONES

Cell phone use is not allowed in the classroom. Students are to shut off their cell phones prior to entering the classroom.

The use of cell phones is strictly prohibited in all locker rooms. "Locker Room" is defined to include any designated area/room/facility where students or employees can change clothes and which contains lockers or temporary storage for clothing and personal possessions. Violators will be subject to disciplinary action, and maybe reported to law enforcement officials. Suspected violators of this ban should be reported immediately to the Campus Director or Dean of Student Services. (See also "Electronic Devices" and "Telephones".)

COMPUTER USAGE

Computers are available for student use at each campus. Computers are located in the computer labs, classrooms, and Learning Resource Centers. SCC welcomes students to use the available computer facilities for completion of school-related projects. SCC provides licensed software on its computers for students' use and training.

Students are not to use software other than the software installed on the SCC machines and are not to modify the computers' directory structure in any way. Users will abide by the guidelines regarding the lawful use of computers and software. Students who do not abide by SCC computer use policy will be subject to penalties outlined in the "Computer Use Violations" section.

COPYRIGHT LAW

The copyright law of the United States (Title 17, U.S. Code) governs the reproduction of copyrighted materials, including publications, computer software, audio music, video, and audiovisual materials. It is the responsibility of the student when using SCC equipment such as photocopy machines and computers, to adhere to these guidelines. For more information on copyright law, visit the LRC.

HIGHER EDUCATION OPPORTUNITY ACT REPORTING REQUIREMENT

The following notice is in compliance with the recently passed H. R. 4137, the Higher Education Opportunity Act:

Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject students to civil and criminal liabilities. If students reproduce or offer full-length sound recordings for download without the authorization of the copyright owner, they are in violation of federal copyright law and could face civil as well as criminal penalties. The most common violations of unauthorized distribution of copyrighted material are software and sound recording piracy.

SOFTWARE PIRACY

Unauthorized duplication, distribution or use of someone else's intellectual property, including computer software, constitutes copyright infringement and is illegal and subject to both civil and criminal penalties. The ease of this illegal online behavior causes many computer users to forget the seriousness of the offense. As a result of the substantial amounts of money the software industry loses each year from software piracy, the software companies are enforcing their rights through courts and lobbying for and getting stiffer criminal penalties. It is a felony to reproduce or distribute illegal copies of copyrighted software.

SOUND RECORDING PIRACY

Another form of copyright infringement is the unauthorized duplication and distribution of sound recordings. Online piracy is increasing as many people use the Internet to illegally distribute digital audio files (e.g. MP3 format). The Recording Industry Association of America (RIAA) monitors the Internet daily and scans for sites that contain music. They have been successful in getting the sound recordings removed from those sites.

Federal copyright law grants copyright owners (typically, a record company) the exclusive rights to reproduce, adapt, distribute and, in some cases, digitally transmit their sound recordings. Therefore, the following activities, if unauthorized by copyright owners, may violate their rights under federal law:

- *Making a copy of all or a portion of a sound recording onto a computer hard drive, server or other hardware used in connection with a web site or other online forum. This includes converting a sound recording into a file format (such as a .wav or mp3 file) and saving it to a hard drive or server;*
- *Transmitting a copy or otherwise permitting users to download sound recordings from a site or other forum; and/or*
- *Digitally transmitting to users, at their request, a particular sound recording chosen by or on behalf of the recipient.*

COMPUTER USE VIOLATIONS

Suspected or alleged violation of this policy should be reported immediately.

SCC Computer Helpdesk

402-437-2447 or 1-800-642-4075 ext. 2447

 helpdesk@southeast.edu

Administrators have the authority to temporarily suspend network access to a computer that is believed to have been the source of a violation. Attempts will be made to contact users prior to the suspension of a computer's network access. An incident report will be filed and appropriate action taken. Abuse of network and computing privileges is subject to disciplinary action. The appropriate SCC authorities, beginning with the Vice President for

Technology, will handle computer use violations. Disciplinary actions as a result of violations may include the following:

- Loss of access privileges
- SCC judicial sanctions as defined within the code of student conduct
- Monetary reimbursement to the College or other appropriate sources if responsible for malicious damage to the College network of information systems
- Expulsion or suspension from SCC
- Prosecution under applicable civil or criminal laws

STUDENT HOUSING DATA NETWORK ACCEPTABLE USE POLICY

A "Residence Hall Computer Use Policy" agreement must be signed and returned to the dorm manager before Internet service is provided to the student's room. The Student Housing Data Network provides resident housing students with in-room connections to the campus data network providing Internet access. The Internet access is a privilege that can be revoked if terms of this policy are violated.

Students' use of the SCC-provided network access indicates their acceptance of this policy, as well as their responsibility to use the connection appropriately and in accordance with applicable laws and regulations. The SCC Residence Services and Information Technology Services reserves the right to modify, change and revise this document as necessary without permission or consent of the users.

NOTICE: Students cannot use their computer or the Internet for any illegal purpose.

Examples of illegal usage include but are not limited to copyright infringement, viewing, producing, peer-to-peer file sharing, downloading or uploading or distributing literature, movies, or other media that are illegal in general such as child pornography; harassing, threatening, or intimidating other individuals or groups.

• PORNOGRAPHY:

Viewing pornography on SCC public-access computers, such as those in hallways, computer labs or the Learning Resource Center is considered sexual harassment and is prohibited for students and staff. If a class assignment requires any type of research on pornography, students must provide written authorization from the course instructor to the LRC or computer lab staff. Staff will then direct authorized students to a secured location for researching the subject. (See item # 14 below.)

• PROHIBITED INTERNET USAGE:

(Applies to all computers used by students at Southeast Community College):

1. Sharing copyrighted material such as MP3s and software is strictly prohibited.
2. Students must observe copyright laws, license restrictions and SCC policies when receiving, retransmitting or destroying software or data. Any receipt, retransmission or destruction of software or data must observe copyright laws, license restrictions and SCC policies. Copying College-owned or licensed software or data for personal or external use without prior approval.
3. Attempting to modify College-owned or licensed software or data without prior approval.
4. Using the SCC Internet connection for gambling, viewing/downloading/distributing pornography, or other illegal activities.
5. Attempting to damage or disrupting operation of computing equipment, data communications equipment or data communications lines. Attempting to create or launch viruses or other malicious programs designed to interfere with the SCC or State of Nebraska computing resources including the Internet access system.

6. Altering or extending beyond intended use of in-room connections. No more than one device should be connected to each active network port. Network hubs are prohibited.
7. Using in-room connections to provide access to the Internet or SCC resources to individuals not formally affiliated with the College.
8. Attempting to capture transmissions on the network not addressed to the student's location. In other words, "sniffing" – the digital equivalent of wire-tapping – is not allowed.
9. Attempting to gain access to any data, software or services, without explicit permission of the owner.
10. Concealing or misrepresenting user's or another's identity using network connections. Examples: Sending electronic mail under an assumed name. Sharing a login password with another individual is prohibited.
11. Using SCC computing resources, including in-room connections, for personal profit, business ventures, or for any political purpose. In particular, these resources may not be used to support or oppose the candidacy of any person for political office, or to support or oppose any ballot question.
12. The network is a shared resource. Excessively using network resources that interferes or inhibits the use of the network or Internet access of others is prohibited. This includes but is not limited to applications that use a large amount of bandwidth (for example, Quake, Half-life, downloading MP3s and MPEGs). Sending out mass e-mails and/or spamming also are prohibited.
13. Sending messages that are fraudulent, harassing, obscene, threatening, or other messages that violate of applicable federal, state or other law or College policy.
14. Class Assignment Exception to Computer Usage Restriction: In the rare instance that an instructor may include viewing pornography as part of a legitimate research assignment for a class, the following rules must be followed prior to using college-owned computers or college-owned Internet connections to conduct such research.
 - The instructor must provide each student with the specific assignment in writing. This document authorizes a student to access Internet sites that would otherwise be prohibited.
 - To access the restricted sites on a college-owned computer or college-owned Internet connection, the student must first clear such access with the LRC staff or the computer lab attendant in the area where the computer is located. Students must provide the LRC staff their name, SCC ID card, and term of the course.
 - The student who is expected to use a computer for these purposes must do so in a discrete location to minimize incidental viewing of restricted sites and materials by others in the immediate area.

NOTE: Failure to comply with these expectations may result in disciplinary action, which may include being suspended or expelled from the College.

LEGAL DOWNLOAD OPTIONS FOR RESIDENT HALL STUDENTS

SCC does not block legal download sites providing residence hall students the opportunity to purchase audio, video, and/or games using the SCC Housing Data Network. Examples of vendors who sell music or subscriptions to music are: iTunes, Napster, Passalong, Puretracks, f.y.e., URGE, MusicGiants, eMusic, GetMusic, PayPlay.fm, etc. It will be the student's responsibility to provide evidence of ownership and/or license for anything downloaded using the SCC Housing Data Network. SCC does use bandwidth shaping and traffic monitoring tools to deter peer-to-peer and unauthorized downloads.

ELECTRONIC DEVICES

Classroom use of cell phones and personal electronic devices (e.g., laptop computers, Palm Pilots / organizers, Game Boys / portable video games, iPods, MP3 players, etc.) that are not pre-authorized by the instructor for instructional purposes is prohibited. Violation of this policy may lead to formal disciplinary action. (See also "Cell Phones" and "Telephones.")

DEBTS

All financial obligations to the College must be paid before a student may register for any new term and before transcripts, awards and credentials may be released. Financial obligations include (but are not limited to) tuition and fees, college loans, library and parking fines. The College will charge \$30 for every insufficient funds check.

DISCRIMINATION

Students who believe they have been discriminated against should contact the College's Access/Equity/Diversity Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu.

DRUG, ALCOHOL AND CONTROLLED SUBSTANCE POLICY

SCC's standards of conduct clearly prohibit the unlawful possession, use, or distribution of illicit drugs, alcohol or controlled substances by students and employees on its property, or as part of any of its officially recognized activities. The laws of the State of Nebraska pertaining to the possession and use of illicit drugs, alcoholic beverages and controlled substances on public property shall be followed. It shall be a violation of the drug, alcohol and controlled substance policy for students or employees to purchase, manufacture, possess, consume or sell such items on SCC campuses, or to be under the influence of drugs, alcohol or controlled substances while on campus.

When cause exists as determined by staff, a student suspected of being under the influence of drugs, alcohol or controlled substance while on campus or at a College activity may be requested to submit to a drug/alcohol test. Arrangements for and expense of such tests will be borne by the College.

Student violations of the standards as stated in the previous paragraph may result in any one or a combination of the following disciplinary sanctions:

- Warning
- Disciplinary probation
- Suspension
- Referral to an appropriate drug/alcohol/controlled substance treatment program
- Referral to law enforcement agencies
- Any other action considered necessary by College officials

Students' rights shall be protected in accordance with due process. Students accused of violating the drug/alcohol/controlled substance policy as established shall have the right to a hearing and appeal as defined within the College grievance policies and procedures.

DRUG AND ALCOHOL TESTING PROCEDURES FOR STUDENTS

The purpose of these procedures is to help ensure compliance with the College's Drug-Free Environment Policy E-2i.

Testing Requirements: The results of any test performed on the body fluid or breath specimen of a student, as directed by the College, to determine the presence of drugs or alcohol shall not be used to deny any continued enrollment or administrative action unless the following requirements are met:

1. A positive finding of drugs by preliminary screening procedures has been subsequently confirmed by a gas chromatography mass spectrometry or other scientific testing technique which has been, or may be, approved by the Nebraska Department of Health; and
2. A positive finding of alcohol by a preliminary screening procedure is subsequently confirmed by either:
 - a. gas chromatography with a flame ionization detector or other scientific technique which has been, or may be, approved by the Nebraska Department of Health; or
 - b. a breath-testing device operated by a breath-testing device operator.

Types of Tests: The College will conduct drug and alcohol tests in circumstances where reasonable cause exists. Arrangements for and expense of such tests will be borne by the College.

Reasonable Cause: When cause exists as determined by staff, a student suspected of being under the influence of drugs, alcohol or controlled substance while on campus or at a College activity may be requested to submit to a drug/alcohol test. The staff shall report the fact to the campus Dean of Student Services (or designated representative). If the Dean of Student Services (or designated representative) concurs that reasonable cause exists to believe that a student is under the influence of drugs, alcohol or controlled substance, then the student shall be requested to submit a test of his or her urine for the purpose of determining the presence of illegal drugs. An evidential-breath-test-device will be used to determine alcohol content. The testing shall be performed under the supervision of the campus Dean of Student Services, or by such other persons as may be designated by him/her. The student shall also be requested to execute a consent form authorizing the analysis of his or her urine for the purpose of determining the presence of illegal drugs and/or breath tests to determine alcohol content. The form shall authorize the release of the written results of such tests to the College. The refusal of a student to give a urine specimen, breath-sample test or to execute a consent form when requested to do so shall be grounds for dismissal.

Reasonable grounds for requesting that a student must submit to testing and execute a consent form shall be deemed to exist when the student manifests physical or physiological symptoms or reactions commonly caused by the use of alcoholic beverages or controlled substance, such as the odor of alcohol on the breath, slurred or thick speech, apparent loss of coordination or unsteady gait, or uncharacteristic emotional behavior. Reasonable grounds shall also be deemed to exist whenever a student is involved in an accident while enrolled which results in an injury to himself or herself or any other person, or which causes damage to College property or the property of another individual in excess of \$1,000.

The Vice President for Student Services and the campus Dean of Student Services shall be notified when a student has been directed by the College to follow the College's Drug and Alcohol Testing procedures.

Refusal to Test: Refusal to submit to the types of drug and alcohol tests employed by the College will be grounds for dismissal from the College. A refusal to test is defined to be conduct which would obstruct the proper administration of a test. A delay in providing the urine or breath specimen could be considered a refusal. If a student cannot provide a sufficient urine specimen or adequate breath, he/she will be evaluated by a physician of the College's choice. If the physician cannot find legitimate medical explanation for the inability to provide a specimen (either urine or breath), it will be considered a refusal to test. In that circumstance, the student will be subject to dismissal.

Drug Urinalysis: Drug testing will be performed through urinalysis. Urinalysis will test for presence of drugs and/or metabolites of the following controlled substances:

1) marijuana, 2) cocaine, 3) opiates, 4) amphetamines, and 5) phencyclidine (PCP). The urinalysis procedure starts with the collection of a urine sample. Urine specimens will be submitted to and all confirmatory tests shall be performed by a clinic, hospital or laboratory which is licensed pursuant to the federal Clinical Laboratories Improvement Act of 1967, 42 U.S.C. 263a, or which is accredited by the College of American Pathologists for testing. As part of the collection process, the specimen provided would be split into two vials: a primary vial and a secondary vial. A certified laboratory will perform initial screening on all primary vials. In the event that the primary specimen test is positive, a confirmation test of that specimen will be performed before being reported by the laboratory to the Medical Review Officer as a positive.

A written record of the chain of custody of the specimen shall be maintained from the time of the collection of the specimen until the specimen is no longer required.

All laboratory results will be reported by the laboratory to a MRO designated by the College. Negative test results shall be reported by the MRO to the College. Before reporting a positive test to the College, the MRO will attempt to contact the student to discuss the test results. If the MRO is unable to contact the student directly, the MRO will contact the College management official, designated in advance by the College, who shall in turn, contact the student and direct the student to contact the MRO. Upon being so directed, the student shall contact the MRO immediately or, if after the MRO's customary business hours, then at the start of the next business day. In the MRO's sole discretion, a determination will be made as to whether a result is positive or negative.

An individual testing positive may make a request of the MRO to have the secondary vial tested. The student may request that the secondary vial be tested by a different certified lab than the one which tested the primary specimen. The individual making the request for the test of the second specimen must prepay all costs associated with the test. Requests for testing of a second specimen is timely if it is made to the MRO within 72 hours of the individual being notified by College of a positive test result.

All specimens, which result in a finding of drugs or alcohol, shall be refrigerated and preserved in a sufficient quantity for retesting for a period of at least 180 calendar days.

Alcohol Tests: The College will perform alcohol tests using an evidential breath-testing device. The College will utilize the evidential breath-testing device provided by a vendor or agent. Students shall report to the site of the evidential breath-testing device as directed by the College. The evidential breath-testing device will be operated by the breath alcohol technician. The student shall follow all instructions given by the breath alcohol technician. Students with tests indicating breath alcohol concentration in excess of U.S. Department of Transportation "DOT Regulations" (defined as 0.02 or greater) are considered to have engaged in conduct prohibited by this procedure which may result in disciplinary action up to and including dismissal.

Counseling: The College understands the importance of providing information concerning the locations of available drug counseling, rehabilitation, and student assistance programs. Accordingly, any student who wishes to receive information regarding counseling and rehabilitation may request such information from the Student Services Office.

Confidentiality: The results of any urinalysis conducted under this procedure shall be made available to the student, the Vice President for Student Services, and the campus Dean of Student Services. The results of such tests shall not otherwise be divulged to any other person except when necessary for the conduct of the College's student affairs. The College shall not be precluded, however, from divulging such test results upon request to agencies of local, state, or federal government; in any administrative or judicial proceeding wherein the results of such a test are relevant to the issues involved; or when the College is required to divulge such test results by subpoena.

SMOKING AND CHEWING TOBACCO

The College subscribes to the Nebraska Clean Indoor Air Act. Smoking and chewing tobacco are not allowed in any of the SCC buildings or in any College vehicles. Smoking and non-smoking areas on the campuses conform to state law and are clearly marked.

Spitting chewing tobacco is not permitted within the College facilities.

DISCIPLINARY ACTIONS AND STUDENT GRIEVANCES

STUDENT RIGHTS & RESPONSIBILITIES

The following statements of rights and responsibilities clarify those rights which a student may expect as a student of Southeast Community College, and the obligations and responsibilities which admission to the College places upon the student.

- A. Submitting an Application for Admission or a course Registration Form to SCC represents a voluntary decision on the part of the prospective student to participate in the programs offered by the institution pursuant to the policies, rules and regulations of the College. Acceptance for admission, or course registration, in turn represents the extension of a privilege to participate in educational programs and activities and to remain a student as long as the academic and behavioral standards of the College are met.
- B. Each student is guaranteed the privilege of exercising his/her rights without fear or discrimination or retaliation. Such rights include:
 1. Freedom to pursue educational goals; appropriate opportunities for learning shall be provided by the College.
 2. Due Process and fairness in the implementation of disciplinary actions.
 3. The right to free inquiry, expression and assembly provided a student's actions do not interfere with the rights of others, interfere with the teaching-learning process, disrupt the normal operation of the College, and are in accordance with College policy.
 4. Fair evaluation of student performance.
 5. Personal safety, security and the continuity of the educational process.
- C. The right to inspect and review personal educational records, challenge the contents of records, and receive copies of all or parts of their records.
- D. Due Process and fairness in filing and resolving grievances concerning alleged abridgement of rights

(Refer to section Disciplinary Process and Procedure.)

DISCIPLINARY PROCEDURES

DISCIPLINARY DEFINITIONS

Disciplinary action - Action taken by a College staff member in response to a student violation, misapplication or non-application of a College rule or policy.

Days - Shall be defined as days that the College is in session (excluding Saturdays, Sundays and holidays.)

Restitution - Required payment for damage or misappropriation of property. This obligation may be satisfied by payment of money or other appropriate services. Failure to make restitution could result in a more severe sanction.

Sanction - A detriment, penalty, loss of reward or restriction in response to a violation of a College policy as a means of enforcing the policy.

DISCIPLINARY PROCESS AND PROCEDURE

When a student is suspected of violating a rule or regulation, he/she will be made aware of these suspicions by the Dean of Student Services or designated staff member in a timely manner. The rule or regulation that may have been violated, and the evidence supporting the suspicion, should be thoroughly discussed with the student. The purpose of this discussion is to establish the seriousness of the misconduct and to determine the appropriate sanction (response).

The following sanctions are options which may be considered and imposed:

- A. Warning** - An oral or written statement to a student alleging that he/she is violating, or has violated, College rules or regulations, must "cease and desist," and may be subject to more severe disciplinary action in the future for continuing, similar, or additional violations.
A warning is not a grievable sanction.
- B. Probation** - A written reprimand and sanctions for alleged violation of specific rules or regulations. The probation notice will specify a period of time for which specific privileges may be withheld or for which the student has the opportunity to exhibit corrective behavior, make restitution, or comply with any other terms and conditions deemed by College Administration to be necessary and appropriate. Violation of any College rule or regulation during the probationary period may be cause for additional disciplinary action.

NOTE: Students who violate College policies, rules or regulations generally receive a warning or probation prior to suspension or dismissal from the College. HOWEVER, SUSPENSION OR DISMISSAL MAY BE THE FIRST ACTION TAKEN WHEN THE MISCONDUCT IS DEEMED SERIOUS AND SUCH ACTION IS DEEMED APPROPRIATE AND NECESSARY.

- C. Suspension** - Exclusion from attending classes and all student activities. The student will be excluded for a definite period of time not to exceed one year. The letter of suspension will state the terms of the exclusion and the conditions for readmission to the College, including terms of any restitution and/or service to be rendered by the student. The Dean of Student Services is responsible for administering suspensions and dismissals. Students have the right to request a hearing prior to a suspension.
- D. Dismissal** - Termination of student status. Readmission to the College shall not be granted. Restitution may also be required. Students have the right to request a hearing prior to a dismissal. Only students who are considered for Disciplinary Probation, Suspension or Dismissal are entitled to a Disciplinary Hearing. The Formal Grievance Process will be followed when a student requests a hearing. The following guidelines will be adhered to:

NOTE: Students who are scheduled for a Disciplinary Hearing or Appeal involving Suspension or Dismissal from class or College activities will generally be allowed to continue attending classes, remain on campus and attend College events/activities until the Disciplinary Hearing/Appeal is completed. However, when it is determined by College Administration (e.g. Dean of Student Services, a Campus Director, or the President) that continued attendance presents reasonable concerns regarding issues of student/staff safety, health or welfare, attendance will be restricted until after the Committee or the administrator hearing an appeal has rendered a determination and issues a recommendation concerning attendance.

GENERAL INFORMATION FOR STUDENT GRIEVANCES, DISCIPLINARY HEARINGS AND APPEALS

All students have the right of Due Process and fairness in filing and resolving grievances concerning an alleged abridgement or misapplication of College policy, including, but not limited to:

- Disciplinary action
- Student scholastic progress
- Grades
- Financial aid
- Actions or activities of the College
- Americans with Disabilities Act Reasonable Accommodations

REASONABLE ACCOMMODATIONS

Students needing reasonable accommodations to access or participate in the grievance process should contact the Dean of Student Services at their campus location for additional information and assistance.

USE OF LEGAL COUNSEL

Appeal Hearings are administrative in nature and present an opportunity for both sides to present and/or clarify facts. Neither party will be allowed the presence or use of legal counsel at any stage of the Appeal Process. However, if the student is concurrently facing criminal charges generated by the same incident that resulted in the disciplinary action, the student would be allowed the right of passive assistance of counsel during the hearing and appeals procedure.

NOTE: Legal counsel may not speak on behalf of the student or in his/her stead. When the student is allowed to utilize legal counsel to provide passive assistance, the College also retains the right to have legal counsel present to provide passive assistance.

ADA/504 GRIEVANCE

These procedures shall also apply to grievances arising from objection to, or dissatisfaction with, actions taken by Southeast Community College with regards to requests for reasonable accommodation.

ADA/504 Grievance is defined as an allegation by a student that at least one of the following has occurred. The student has:

- a) experienced disparate treatment;
- b) has been discriminated against because of a disability; or
- c) there has been a failure to provide a requested accommodation.

Note: Remedies under this Grievance Procedure are corrective steps, measures to provide a reasonable accommodation or reverse the effects of any discrimination and to ensure proper ongoing treatment.

GRIEVANCES/APPEALS INVOLVING SUSPENSION OR DISMISSAL

Students who are scheduled for a Disciplinary Hearing or Appeal involving Suspension or Dismissal from class or College activities will generally be allowed to continue attending classes, remain on campus and attend College events/activities until the Disciplinary Hearing/Appeal is completed.

However, when it is determined by College Administration (e.g. Dean of Student Services, a Campus Director, or the President) that continued attendance presents reasonable concerns regarding issues of student/staff safety, health or welfare, attendance will be restricted until after the Committee or the administrator hearing an appeal has rendered a determination and issues a recommendation concerning attendance.

GRIEVANCE/DISCIPLINE/ APPEALS PROCEDURES FOR STUDENTS

The purpose of a Student Grievance procedure is to secure, at the lowest level possible, equitable and timely solutions to problems that may arise. Grievances may be addressed through an informal or formal procedure.

A GRIEVANCE MAY BE "WITHDRAWN" BY THE STUDENT AT ANY TIME DURING THE GRIEVANCE PROCESS.

Grievance Definitions

Grievance: A grievance is defined to mean an allegation by a student that there has been a violation, misapplication or non-application of College rule or policy.

Grievant: A student who files a grievance. Disciplinary action: Action taken by a College staff member in response to a student violation, misapplication, or non-application of a College rule or policy.

Days: Shall be defined as days that the College is in session (excluding Saturdays, Sundays and holidays.)

Board of Governors: Refers to the Board of Governors of Southeast Community College.

INFORMAL GRIEVANCE PROCESS

An attempt should be made by both parties to resolve the grievance in a timely fashion and at the lowest possible level of involvement.

- a. The grievance must be raised by the student within five (5) days from the date the grievant could have reasonably gained knowledge of the alleged misapplication or non-application of College rules or policies, but in no event, more than twenty (20) days from the occurrence giving rise to the grievance.
- b. The student must communicate with the involved participants, including, but not limited to, instructor, the program chair, the division dean, and the involved support staff as a first attempt to resolve the grievance informally.

NOTE: Students are encouraged to seek resolution of the grievance through the informal process. If the grievance is not resolved at this level, the Formal Grievance Procedure may be initiated.

FORMAL GRIEVANCE PROCEDURE

The Formal Grievance Procedure is available to all currently enrolled students of the College in an attempt to provide equitable solutions to concerns and problems that may arise. The Formal Grievance must be raised within five (5) days from the date the Informal Grievance Process is concluded.

STEP 1.

If the Informal Grievance Process has not resulted in a satisfactory/acceptable resolution, a Formal Grievance Form may be completed and submitted to the campus Dean of Student Services.

*Step 1.1 - To initiate a Formal Grievance, a **Formal Grievance Form** must be completed and submitted to the campus Dean of Student Services. Formal Grievance Forms and a related checklist are available from the campus Dean of Student Services Office.*

*Step 1.2 - The campus Dean of Student Services will, within five (5) days, or on a date mutually agreed upon by the Dean and grievant, **call together the Grievance/Disciplinary Hearing Committee**. The campus Dean of Student Services or the dean's designee will serve as Chairperson of the Grievance/Disciplinary Hearing Committee. The Dean of Student Services may not serve as the Chairperson at the Grievance Hearing for any disciplinary action he/she administered, or for discipline administered by anyone the Dean of Students supervises.*

Grievance/Disciplinary Hearing Committee

The campus Dean of Student Services shall be responsible for appointing a minimum of five (5) members to the Student Grievance/Disciplinary Hearing Committee each term.

A Grievance/Disciplinary Hearing Committee may include, but is not limited to:

- The Campus Dean of Student Services (ex officio)
- Program chair
- Instructional staff
- Student Senate representative
- Support staff
- Administrative staff
- Other individuals deemed appropriate and/or necessary as determined by the Dean of Student Services

A quorum consists of five (5) committee members. If a quorum is not established, the hearing must be rescheduled. Grievance and Disciplinary Hearings are administrative in nature and afford all participants a fair opportunity to present and clarify the facts of the situation.

STEP 2.

Within five (5) days of the date the complaint is received by the campus Dean of Student Services, the Grievance/Disciplinary Hearing **Committee shall meet** to gather, review and clarify information from all relevant parties, and to **prepare a written response** to the grievant.

The following guidelines will serve as a basis for Committee Meetings and Hearings:

GRIEVANCE HEARING GUIDELINES

1. The student is permitted to appear in person to review the complaint. Such a request must be indicated on the Formal Grievance Form.
2. The employee(s) against whom the student has filed a grievance will be invited by the Committee Chairperson to present and clarify facts and information relating to the student-filed grievance.
3. Committee members, the student and other participants will receive copies of the formal grievance when deemed appropriate by the Dean or Committee Chairperson.
4. The student will be notified in writing of the date, time and place of the hearing via either U.S.P.S. Registered Mail with Return Receipt Requested OR delivered in person to the student with the student signing his/her signature acknowledging receipt of the response.
5. Hearings are not open to the public or to College staff not invited by the Committee Chairperson to participate.
6. Participants will be excused after their statements are given and questioning has ended.
7. The Committee Chairperson may make any reasonable procedural rulings deemed necessary to expedite the hearing, to limit the amount or nature of information presented by participants, and to safeguard the confidentiality of statements given at the hearing. Specific procedures will be explained by the Committee Chairperson prior to the beginning of the meeting or hearing.
(Note: The Committee Chairperson may exclude from the meeting or hearing any persons who fail to comply with the procedures or rulings of the Committee Chairperson.)
8. The student may have witnesses and an advisor of his/her choice, who have specific personal knowledge of the situation being grieved, to be selected from faculty, staff or student body of the College. (See "Use of Legal Counsel" for exception to these guidelines.) In no instance will another person be permitted to speak independently for the student or in his/her stead.

9. Students are responsible for notification of their selected advisors and/or witnesses. Prior to the hearing, the student must inform the Committee Chairperson whether the selected advisor(s) and/or witness(es) will attend the hearing.
10. If the student fails to appear at a scheduled hearing, and has not requested that the hearing be rescheduled and provided a reasonable basis for doing so, the committee may, at its discretion, proceed on the basis of available information.
11. An audio recording will be made of the information presented, and a copy of the recording will be made available to the student grievant if requested.
12. After hearing the information provided by the student and other participants concerning the grievance, committee members will discuss the grievance in closed session.
13. A separate audio recording will be made of the Committee discussion after the student grievant and the other participants have been excused. (This separate audio recording will be filed under confidential cover with the appropriate SCC employee(s) if the student grievant requests an Appeal Hearing following the steps outlined in the Grievance Appeal Process.)
14. The Committee shall review and consider the information presented and consult with appropriate College staff as necessary and appropriate. After review and consideration, the committee may decide to:
 - a.) uphold the action taken; or
 - b.) grant the remedy requested by the grievant; or
 - c.) select an alternative resolution.
15. A decision requires a simple majority vote of the committee members present. However, a minimum of five (5) committee members must be present and available to conduct a vote.
16. Within five (5) days (excluding Saturdays, Sundays and holidays) that the College is in session, from the date that the hearing was conducted, a written response shall be prepared by the Committee Chairperson and sent to the student grievant. The response will be delivered to the student via either U.S.P.S. Registered Mail with Return Receipt Requested OR delivered in person to the student with the student signing his/her signature acknowledging receipt of the response.
The response shall include:
 - a. the committee's determination
 - b. a reference to the current College Catalog/Handbook for the next step in the Grievance Appeal Process
 - c. the name, address and contact information for the next step in the appeal process.
17. Copies of the decision/response to the student shall be sent under confidential cover to those against whom the grievance was filed, the Vice President for Student Services, Grievance Committee Members, Campus Director, and College Vice President that the domain of the grievance pertained to (Instruction, Technology, Student Services)
18. If the student grievant requests an Appeal Hearing following the steps outlined in the appeal process, the Grievance/Disciplinary Hearing Committee Chairperson shall forward all grievance materials, information and audio recordings to the next SCC employee(s) identified in the appeal process.
19. If the student grievant does not appeal, all grievance-related documents and recordings shall be retained and filed in the Dean of Student Services' Office.

PROCESS TO APPEAL

A. Appeal to the Vice President/Campus Director

If the student is not satisfied with the decision of the Grievance/Disciplinary Hearing Committee, the student may file, with the Vice President/Campus Director, a written request for a Grievance Appeal Hearing with the College Vice President that the domain of the grievance pertained to (Instruction, Technology, Student Services), as identified by the committee. The request must be filed within five (5) days of receiving the Grievance/Disciplinary Hearing Committee's decision.

The Grievance/Disciplinary Hearing Committee Chairperson shall forward all grievance materials, information and audio recordings to the appropriate College Vice President if the student grievant requests an Appeal Hearing following the steps outlined in the appeal process.

The appropriate College Vice President will hold the Appeal Hearing requested within twenty (20) days of the date the request was received.

The student will be notified in writing of the date, time and place of the hearing via either U.S.P.S. Registered Mail with Return Receipt Requested OR delivered in person to the student with the student signing his/her signature acknowledging receipt of the response.

B. Appeal to the College President

If the decision of the appropriate Vice President/Campus Director is not satisfactory to the grievant, the grievant may request in writing within five (5) days an Appeal Hearing with the College President. The College President will hold the Appeal Hearing request within twenty (20) days of the date the request was received.

The student will be notified in writing of the date, time and place of the hearing via either U.S.P.S. Registered Mail with Return Receipt Requested OR delivered in person to the student with the student signing his/her signature acknowledging receipt of the response.

C. Appeal to the Board of Governors

Only matters involving a student's Suspension or Dismissal from the College may be appealed to the Board of Governors. If the decision of the College President is not satisfactory to the grievant, the grievant may request in writing within five (5) days an Appeal Hearing with the Board of Governors.

The hearing before the Board of Governors will be held as scheduled by the Board Chair. The Board will conduct the Appeal Hearing within twenty (20) days of the date the request was received.

The student will be notified in writing of the date, time and place of the hearing via either U.S.P.S. Registered Mail with Return Receipt Requested OR delivered in person to the student with the student signing his/her signature acknowledging receipt of the response.

D. External Avenues for Redress

In the event the grievant filing an appeal is not satisfied with the decision of the College, the grievant may wish to explore avenues of redress external to the College.

HEALTH, SAFETY AND SECURITY

LAW ENFORCEMENT CONTACTS

In situations deemed to be non-emergency or not requiring special considerations (e.g., safety and security), the following procedures will be followed for routine law enforcement contacts at any SCC facility:

Initial Point of Contact - The initial point of contact for all law enforcement representatives will be the Campus Director (or designee) in the Campus Office. The Campus Director (or designee) will assume responsibility for assessing the law enforcement request, determining appropriate next steps, and documenting relevant details of the law enforcement contact.

Student Contact Request - If a duly authorized law enforcement representative on official business requests interaction with a SCC student, the Campus Director (or designee) will contact and involve the Dean of Student Services, who will coordinate and assist to effectuate the law enforcement contact with the student at a place, time, and in a manner that is deemed to be prudent and appropriate.

Privacy/Confidentiality - Law enforcement contacts of the nature described above do not obviate the College's responsibility to safeguard information and files that students or employees reasonably expect to be private/confidential (e.g., student records protected under FERPA, or employee personnel files).

APPEARANCE

Reasonable cleanliness and appearance in dress are expected of all students. When and where safety factors are involved, each program should continue to establish those regulations considered in the best interest of the students. Program safety regulations are posted.

CAMPUS SECURITY

SCC is committed to ensuring the safety and security of students, employees, and visitors on its campuses, in College facilities and at College-sponsored activities and events. The College provides a variety of services and programs designed to promote and support safety and security.

SCC students, visitors and employees should report any suspected criminal activity or other emergencies at any SCC location to local law enforcement. Any student who is involved in an incident concerning safety and security should immediately report the incident to the campus Dean of Student Services.

The College monitors potential safety and security risks continuously, and maintains and reports crime information as required by the Crime and Campus Security Act of 1990. Anyone interested in accessing crime log information should contact the campus Dean of Student Services. The Office of Post-Secondary Education (U.S. Department of Education, Washington D.C.) Campus Crime and Security data for the SCC area is available at  <http://ope.ed.gov/security>.

CHILDREN ON CAMPUS

Children are not to be left unattended in any area of the College. Children may accompany students and visitors in common areas such as the cafeteria, student center and Student Services areas. Students should not bring children to classes or quiet study areas.

COMMUNICABLE DISEASES

SCC cooperates with county and state health departments in developing procedures for the control of communicable diseases. All procedures conform to the regulations for communicable disease control established by the State Health Department.

FIREARMS, WEAPONS AND DANGEROUS INSTRUMENTS PROHIBITED POLICY

The possession, concealment or use of firearms, weapons, fireworks and explosive materials, or other dangerous instruments is prohibited in college-owned buildings, grounds or vehicles, or at any location where a meeting, activity or athletic event is conducted, sponsored or sanctioned by the College.

The authority to develop, implement, and interpret administrative guidance for this policy is vested in the Vice President for Student Services. Responsibility for monitoring and enforcing established administrative guidelines will be assigned to the appropriate College staff at SCC locations.

ADMINISTRATIVE GUIDELINES/PROCEDURES

1. Definitions/ Examples of Prohibited Items

a. Firearms – Any weapons designed or readily converted to expel any projectile by the action of an explosive. Examples include: pistol, revolver, starter gun, rifle, shotgun, short rifle, and short shotgun.

b. Weapons – Any knife with a blade over three and one-half inches in length. Examples include: daggers, dirks, knives, and stilettos, or other dangerous instrument capable of inflicting cutting, stabbing, or tearing wounds.

c. Fireworks and Explosive Materials – Any composition or device designed for the purpose of producing a visible or audible effect by combustion, deflagration, or detonation. Examples include: common fireworks (firecrackers, bottle rockets, sparklers, ground/ aerial/whistling devices); ammunition; black powder; gun powder, other explosive or combustible articles.

d. Dangerous Instruments – Any air or gas-powered pistol or rifle, including paintball/BB/pellet or tranquilizer guns/rifles; knuckles and brass or iron knuckles; bow and arrow, or any other projectile weapon or device; atomic, radiological, chemical, bacteriological, or biological materials.

2. Exceptions

These prohibitions apply to everyone (i.e., employees, students, invitees, and visitors) except:

- Law Enforcement Officials carrying or using weapons in conjunction with their official duties; and
- Use of prohibited items is permitted if/when an approved part of the regular course of instruction or college-approved activity.

3. Violations

Violation of this policy will result in disciplinary and/or law enforcement action.

GENERAL LIABILITY INSURANCE

The College maintains general liability insurance to cover accidents that occur as a result of faulty equipment or College negligence. However, SCC is not responsible for accidents that occur on campus as a result of student negligence. Students are urged to maintain private health insurance to assure coverage. Contact the campus Student Services Office for additional information.

SEX OFFENDER REGISTRY

The Nebraska Sex Offender Registration Act (Neb. Rev. Statute 29-4001-29-4115) requires certain classes of sex offenders to register with local law enforcement officials. Registry information regarding Level 3 (high risk) offenders is published in local newspapers and also is available to the public at <http://www.nsp.state.ne.us> on the Nebraska State Patrol's Web site.

- The Act also requires certain institutions, including colleges and universities, to monitor the presence of Level 2 (moderate risk) sex offenders at their facilities. SCC officials will routinely receive information regarding moderate risk sex offenders residing in counties where our campuses are located. This information is not available to the public, and will only be shared with designated staff responsible for monitoring activities on campus.
- Upon their enrollment for classes each term at any College facility, all registered sex offenders are hereby required to register with the Dean of Student Services.

Should you have an interest in accessing registry information while on campus, computers are available in the Learning Resource Center at each SCC facility.

To report any persons, activities, or behaviors you deem to be suspicious or questionable, please contact the Dean of Student Services at your campus location.

NOTICE: You are advised to immediately contact law enforcement by dialing 911 to report crimes, or if you feel a reasonable threat to your safety and security.

ILLNESS, ACCIDENT AND INJURY

SCC reserves the right to call a physician in case of student illness or injury, and to call for ambulance service to deliver a student to the hospital. Judgment of the school officials shall determine such action. Every effort will be made to prevent accidents, but the College incorporates the following statement as part of its understanding with students. SCC assumes no liability, expressed or implied, for the results of sickness or accidents involving personal injury to any student whether in connection with the College's instructional program wherever conducted, or incidental to other activities on the College's properties or elsewhere.

DRILLS AND EVACUATION

Fire drills may be held periodically during the year. Each instructor will inform students of the exit or exits to be used in an emergency evacuation. The signal to leave the building will be a steady alarm signal. Whenever this occurs students are to immediately exit the building in an orderly manner. Students are to move away from the building to a distance of at least 50 feet and are not to block the exits, sidewalks or fire hydrants. Staff will indicate when it is safe to return to the building.

EMERGENCY PROCEDURES

Students should be aware of the emergency exits and procedures posted throughout the buildings.

EYEWEAR

In compliance with Nebraska statute 85-901, students at SCC are required to obtain and wear appropriate industrial quality eye protective devices while participating in or observing the following courses of instruction in designated areas of campus facilities:

- (a) Vocational, technical, industrial arts, chemical, chemical-physical, involving exposure to:
 - (i) Hot molten metals or other molten materials;
 - (ii) Milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials;
 - (iii) Heat treatment, tempering or kiln firing of any metal or other materials;
 - (iv) Gas or electric arc welding or other forms of welding processes;
 - (v) Repair or servicing of any vehicle; or
 - (vi) Caustic or explosive materials;
- (b) Chemical, physical, or combined chemical-physical laboratories involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other hazards not enumerated.

Unless otherwise required, industrial-quality eye protective devices means devices which meet the standard of the American National Standard Practice for Occupational and Educational Eye and Face Protection, Z 87.1(1979) as approved by the American National Standards Institute, Inc.

Students are required to use safety eye protection that is marked with ANSI Z87.1 or Z87.2 standards, must have side shield protection at all times when there is a hazard potential from flying objects, molten metal, liquid chemicals, acids, or caustic liquids, chemical gasses or vapors, or potentially injurious light radiation. Non Side Shield eyewear is not acceptable.

Eyewear is available through the campus bookstores.

SAFETY PROCEDURES AND PRACTICES

Good safety procedures and practices are an important part of a student's education and future employment. Each division at SCC maintains certain safety standards and expects students to understand and practice those standards.

TORNADOES, SEVERE STORMS OR OTHER EMERGENCIES

In case of a severe weather or threat of a tornado, students will be notified by an alarm signal. Students are to follow the instructor's directions and move in an orderly fashion to a shelter area. When an "all clear" has been sounded, students will be notified and given further instructions.

It is the responsibility of the division deans, program chairs and instructors of SCC to properly inform the students of the designated shelter areas. They are:

PARKING AND DRIVING

Parking is available to students on each campus. Some parking spaces are reserved and designated for persons with disabilities. Parking in these designated areas requires a special permit.

Driving or parking is not permitted on grassy surfaces or other non-established driving or parking areas except as expressly permitted by posted signs.

Contact the Student Services Office for information on Restricted Parking Spaces, Administrative Guidelines, and procedures.

Milford and Beatrice campuses require a parking permit sticker for the campus parking lots. Contact your campus' Student Services Office for more information. Each campus encourages owners to lock their cars.

The College is not responsible for damages to a car while parked on college property. Students are responsible for having insurance coverage on their vehicles.

Campus speed limits and all state and local traffic regulations must be observed. Driving against the normal flow of traffic is not allowed.

BEATRICE

DRIVING

1. The speed limit on the Beatrice Campus is 20 miles per hour.
2. All federal, state and local traffic regulations are in effect on campus. Driving against the normal flow of traffic is not allowed.

PARKING/PERMITS

1. All faculty, staff and enrolled students who use the parking lots are required to display a parking permit. Permits are issued to students at registration.
2. Student parking is located in the lots south of the residence halls, west of Hoover, and the areas in the lot east of Kennedy Center not designated "handicapped" and "visitor."
3. Residential student parking is designated in the lot west of Hoover Hall.
4. No vehicle is permitted to occupy more than one stall. Please park between the lines. Improper parking will result in a citation and fine.
5. Students using parking lots with angled parking stalls are not permitted to move ahead into a stall that faces against the flow of traffic. Students parking against the flow of traffic will be ticketed.
6. General student parking is not allowed in the following designated areas and will result in a citation and fine:
 - visitor parking
 - handicapped parking (without visible permit)
 - designated NO PARKING or restricted zones
 - service entrances
 - Family Resource Center lot west of Adams Hall

FINES

1. Parking fines may be paid at the Business Office located in the Kennedy Center. Hours are 8 a.m. - 5 p.m., Monday through Friday.
2. Failure to pay fines will result in the following:
 - Fine will increase as noted on the citation.
 - Student may not register for next term.
 - Transcripts will not be issued.
3. Students who have repeated parking violations and unpaid fines will be subject to having their vehicle towed at their expense plus the expense of the violation.

OTHER REGULATIONS

1. Major repair of vehicles on campus is discouraged. Inoperable vehicles will be towed at owner's expense if allowed to remain on campus property an unreasonable length of time.
2. For your safety, keep your car doors locked and do not leave valuables in your car.

SNOW REMOVAL PARKING REGULATIONS

1. Hoover/Jackson parking lot: The snow will first be removed from the west end of the Hoover parking lot. The day after it snows, all Hoover and Jackson residents will be required to move their vehicles to the west end of the lot by 10:30 a.m., after the snow has been removed.
2. Roosevelt/Kennedy/Washington parking lot: The day after it snows, all Roosevelt residents will be required to move their vehicles to the Truman Center parking lot by 10:30 a.m., after the snow has been removed.

Vehicles not moved will be ticketed and, if necessary, towed at the owner's expense.

LINCOLN

DRIVING

1. While driving on campus, each student is expected to follow all state, local and College driving regulations.
2. Campus speed limits for all motorized vehicles are 20 mph unless otherwise posted.

PARKING

1. Students may park in any parking lot unless otherwise posted.
2. A parking area for motorcycles is designated in both the south and north parking lots.
3. Bike racks are available on the north, south, and east sides of the campus building.
4. General student parking is not allowed in the following designated areas:
 - a) Reserved for SCC Board of Governors meetings
 - b) Handicapped Parking (without visible special permit)
 - c) On campus streets, drives or service drives.
5. Vehicles left overnight without prior approval are subject to being towed. To obtain approval call the physical plant, 402-437-2570.

VIOLATION FEES

Illegally parked vehicles will be ticketed and violators will be required to pay parking fines according to the fine schedule. Repeat offenders' vehicles may be towed away at the owner's expense. Parking ticket fines must be paid prior to the deadline stated on the ticket and are payable at the Cashier's Office in Student Services, room E-1. Failure to pay fines according to campus rules and regulations will result in disciplinary action.

HANDICAPPED PARKING PERMITS

Handicapped parking permits are available at the city clerk's office located in the City/County Building, 550 So. 10 St. For either a permanent or temporary permit a doctor's statement stating need will be required. The fee for either permit is \$5.

SCC TEMPORARY PERMIT

A temporary handicap permit valid only on the SCC-Lincoln campus may be obtained at the Physical Plant Office. A doctor's statement stating need is required. No fee required. Call 437-2570.

DOWNTOWN ENERGY SQUARE ESQ PARKING

Students attending classes at the Energy Square location in Lincoln may purchase magnetic strips for reduced parking rates. Contact the ESQ Academic Education Office at 402-323-3441 for more information.

MILFORD

PARKING PERMITS

1. All students are required to register the vehicles they will be driving on campus. All vehicles parked on campus must have a valid permanent or temporary parking permit.
2. Permits are available on the day of class registration or from the parking office in the Physical Plant Building
Hours: 7:30 a.m.–Noon and 1–4:15 p.m.
3. Parking permits are valid for the student's enrollment period.
4. One vehicle permit and one motorcycle permit are allowed to each student at no cost. A \$6 fee is charged for additional permits.
5. Temporary permits are available and valid for ten school days. They must be visible before parking on campus.

DRIVING

1. While driving on campus, each student is expected to follow the regulations and traffic policies established by the College, and all state and local traffic regulations.
2. The speed limit on campus is 15 mph.

PARKING

1. Student parking lots are located west of the residence halls. This is the only area for student parking.
2. Motorcycle parking, staff parking, production parking, visitor parking, cafeteria staff parking and handicap parking areas are designated by signs. Student parking is not allowed in designated areas without a visual permit.

3. Faculty overflow parking is in the student lot only. Vehicles will be ticketed in all other areas.
4. Visitor overflow parking is in the student lot.
5. Staff loading and unloading materials must have permission from the Physical Plant Office and must park in designated area immediately after loading or unloading.

VISITOR PARKING

Visitor parking is reserved parking for visitors: prospective students, class speakers, companies and business interviewing, seminar and workshop participants, and training center participants. Staff and students are not allowed to park in the visitors' lot. All training center and seminar or workshop participants must display a visitors "Guest Permit" or be ticketed.

VIOLATION FEES

1. Improper parking in student parking - \$5 fine; Winter parking violations - \$15.
2. All other parking violations - \$15 fine.
3. Students who have repeated violations will be subject to towing or booting of their vehicle at their expense plus the expense of the parking violation. Towing charges will be paid by the violator to the tow service. Booting charges of \$20 will be paid to the Parking Office.
4. Persons receiving parking tickets who have not paid their fines within five school days will be sent a letter from the Campus Parking Office, stating that the fine will be doubled.
5. Fines are paid to the Parking Office located in the Physical Plant Building.
6. Persons who have acquired a parking permit may receive a replacement permit if identifiable remnants of the original permit are presented to the Campus Parking Office. Persons unable to comply with this requirement must submit an acceptable statement that the original permit has been destroyed and is not available. All violations incurred on the old permit will be charged to the original permit holder.

APPEALS

1. Violations may be appealed to the Parking Violations Appeals Team which meets the first and third Friday of each month at 9:45 a.m. in the Physical Plant Conference Room.
2. The Parking Violation Appeals team may uphold or dismiss the violation. Any violation fee paid prior to adjudication by the team will be refunded through normal College processes should the violation be reduced or dismissed.

PARKING VIOLATIONS APPEALS TEAM

1. The Parking Violations Appeals Team will consist of the following: two students and one staff representative .
2. The Parking Violations Appeals Team will meet the first and third Friday of each month at 9:45 a.m. in the Physical Plant Conference Room.
3. A Parking Appeals Form must be completed and turned in to the Parking Office prior to 4 p.m. of the fifth class day (first day begins the date the violation was received.) A copy of the violation must accompany this form for the appeal to be accepted.
4. Upon returning this properly completed form with violation notice attached, the appeal will be forwarded to the Parking Violations Appeals Team.
5. The student or staff filing the appeal must attend a hearing before the Parking Violations Appeals Team within 15 class days from the date of the violation or be assessed the fine.

OTHER REGULATIONS

1. Outdoor repair of automobiles on or off the student parking lot is discouraged.
2. Inoperable vehicles will be towed at owner's expense if on campus property an unreasonable length of time.
3. Major mechanical work is not allowed on campus or in parking areas.
4. For your safety, we suggest you keep your car doors locked. Do not leave valuables in your car. Purchase and installation of smooth "Theft Proof" lock knobs are advised.
5. Responsibility for finding a legal parking space rests with the motor vehicle operator. Lack of space is not an acceptable excuse for violation of parking regulations.
6. Operation of snowmobiles on all College property is prohibited.
7. All vehicles must be removed from campus over the winter and summer breaks.

WINTER PARKING (NOV. 1 - MARCH 31)

1. All student vehicles parked overnight (10 p.m. to 7 a.m.) are to be parked in the designated Winter Parking Area - sections B, C, and D in student parking, or the crushed rock area.
2. No vehicles are to remain in the faculty/staff parking lot overnight. Faculty and staff who are off-campus overnight with a College vehicle are to park their personal vehicles in the parking area to the east of the Physical Plant Building.
3. Production vehicles, where the work is completed and being held for payment and pickup, are to be parked in the enclosed production storage area or if space is not available, parked west of the Physical Plant Building. Other production vehicles parked along the Welsh Street are to be parked to the east end of the street.
4. Vehicles left overnight in undesignated student parking areas and faculty/staff parking lots will be ticketed and subject to being towed at the owner's expense.

QUALITY ASSURANCE

ASSESSMENT OF STUDENT LEARNING AND PROGRAM REVIEW

Student assessment is a major focus in higher education. The programs at SCC conduct an ongoing assessment of student learning with an annual report completed each fall. This process is managed by the faculty within each program who assess the instruction, the quality of the program and the student learning that is taking place. Students are assessed as they enter the college/programs, during their studies and as they complete their program of study. Continual modifications are made to enhance the programs for more student learning opportunities.

Program Review is a formal review process completed for the Nebraska Postsecondary Coordinating Commission on a seven-year rotation. The programs utilize advisory committees on an annual basis. These committees consist of employers that are business and industry professionals. The annual review and formal program review provide SCC with assistance in making decisions regarding program content and program changes.

STUDENT EVALUATION OF FACULTY

Students are provided an opportunity to evaluate instructors. The purpose of the instructor evaluations is to help instructors improve instructional methods. Student feedback helps reaffirm good instructional performance. For information regarding student evaluations of faculty contact the appropriate division dean.

ACADEMIC SUPPORT

CAREER ADVISING SERVICES

Career advising services are available to students, alumni and the general public. The planning process includes assistance in matching students to potential careers that merge values, interests and abilities and help in researching academic and career paths.

The Career Advising Center at each campus can provide the following services:

ACADEMIC ADVISING

Most academic advising is provided by campus faculty, program chairs or deans. Advisors discuss requirements of the programs and offer guidance to students in planning a schedule which fits individual needs. Each campus Career Advising Center offers academic advising to undeclared students or students who are contemplating changing majors.

DISABILITY SERVICES

Southeast Community College provides services for students with disabilities. Students who are requesting an accommodation based on a documented disability are advised to make the request known as soon as possible to ensure timely service. Failure to do so may result in a delay in determining whether a student has a documented disability and whether accommodations may be granted and put in place. This may delay entrance into some classes that require extensive accommodations. Information regarding accommodations for students with disabilities is available from:

MILFORD

Placement & Assessment Center

 SCC also has a TDD (Telecommunication Device for the Deaf). The phone number is 402-437-2702. Contact the Student Services Office for more information.

NON-TRADITIONAL STUDENTS

Career Advising Services assist older students, single parents or students entering gender nontraditional programs to be successful.

PERSONAL COUNSELING

Personal counseling or therapy is not available through the Career Advising Centers in Beatrice, Lincoln, or Milford. Students are welcome to visit with SCC advisors about personal concerns to ascertain whether a referral to outside professional mental health services is advisable. Staff will assist students to locate professional resources appropriate to their needs.

STUDENT RETENTION AND SUCCESS

The Student Retention Specialist on each campus assists students who are experiencing academic difficulty by assisting them develop plans for success. The Retention Specialist also has many resources on a variety of topics related to student success, including improving study skills, improving testing skills, and improving time management skills.

TESTING AND ASSESSMENT

Students who wish to take certain college level English and mathematics classes must offer evidence that they are academically ready to be successful in these courses. SCC administers the Asset/Compass tests on site at each campus to evaluate initial academic readiness. The test administration is provided at no charge but retesting costs \$15. Contact the Career Advising Center on each campus for details. (See "Steps for Admission into a Program of Study" section III.)

Makeup Testing (LINCOLN) - The Testing Center provides makeup testing services for students who cannot attend their regularly scheduled testing date due to circumstances beyond their control. It also provides distance learning class testing. The instructor will complete and attach a "Makeup Test" cover slip to each test submitted. The following procedures are implemented to ensure proper authorization for testing and identification of each examinee:

1. All tests must have a makeup test form properly completed and attached.
2. Students referred for testing must know the title or name of the test, know the instructor's name, and present a picture ID or positive identification by SCC personnel.
3. It is very important that the test be available in the testing center once permission has been given for the student to test.
4. Instructors are responsible for picking up the completed tests.

Note: Reviewing previous tests in preparation for current tests is not appropriate in the testing center.

Test Proctoring - There will be a \$15 test-proctoring fee per test for students taking a test from another school. Contact the campus Testing Center for information and scheduling.

TUTORING SERVICES

Career Advising Services provides free tutorial services in many subject areas to students taking credit classes. Tutoring services depend on the availability of tutors. See the locations listed below to obtain information about tutoring availability, times, and locations.

BEATRICE

Student Retention/Multicultural Recruitment Office

LINCOLN

Multi-Academic Center located in the Learning Resource Center Room L1 and the Academic Transfer Office, Suite 100 at the downtown Energy Square (ESQ) location. Tutors are professional staff and qualified SCC students.

MILFORD

Math tutor is available for students on the second floor of the Eicher Technical Center, Monday through Thursday, 4-5 p.m. Some programs have peer tutors. Check with your program chairperson or instructor for tutor availability, times and locations.

PLACEMENT SERVICES

Placement services for alumni and current students include

- career advising
- posting of job listings on campus or online at  (<https://placement.southeast.edu>)
- job referrals
- resume assistance
- interviewing techniques
- on-campus interviews
- career fairs

ALUMNI

The Alumni Offices of SCC cultivate ongoing relationships with alumni. The College invites alumni to open houses, homecoming and other College events and publishes newsletters highlighting College events, programs and opportunities.

EMPLOYMENT

Current SCC students interested in off-campus employment opportunities should visit and register with the online Placement Web tool at  www.southeast.edu or contact the Placement Office on campus. Click on Placement Center then click on Online Employment Services.

SCC graduates are offered **lifetime** placement services to assist in their employment search.

TRIO STUDENT SUPPORT SERVICES

TRIO Student Support Services is a federally funded program that helps first-generation, low income, and students with disabilities with demonstrated academic need to overcome class, social and cultural barriers to higher education. The goal of the program is to increase retention, graduation and transfer rates from two-year to four-year institutions of eligible students. TRIO/SSS is available to 160 SCC students who have applied and have been accepted each year.

To qualify students must meet at least one of the following criteria:

- Be a first-generation student (neither parent is a four-year college graduate)
- Be within the Federal TRIO Program low-income guidelines
- Be a qualified individual with a documented disability
- Demonstrate academic need

As a TRIO/SSS student, you will be assigned an academic counselor to help you succeed in college.

- You and your counselor will jointly develop an Individual Success Plan.
- TRIO/SSS students have access to intensive academic advising, personal counseling, mentoring, laptop computers, the textbook lending programs, and assistance with transferring to four-year colleges.
- TRIO/SSS students benefit from personal assistance in applying for and managing financial aid, as well as TRIO/SSS grant aid to those that qualify.
- TRIO/SSS students have the opportunity to participate in guided career exploration and job shadowing.
- TRIO/SSS students have the opportunity to take part in special off-campus cultural activities, leadership and campus visits with other TRIO/SSS students.
- Special topics in SSS workshops:
- Study skills
- Stress management
- Leadership

- Time management
- Recognizing and developing your strengths
- Money management
- Developing a resume

For more information visit the TRIO Student Support Services offices on your campus.

Beatrice – Hoover Hall

Lincoln – Media Center, H1

ESQ – By appointment only

Milford – Eicher Technical Center-100Q

TRIO UPWARD BOUND

TRIO Upward Bound is a grant-funded program awarded to SCC by the U.S. Department of Education. The goals of Upward Bound are to help academically at-risk students in grades 9 through 12 stay in school, graduate and prepare to enter and succeed in college. The program targets low-income, first-generation students.

First-generation students are those whose parents have not graduated from a four-year college.

The SCC Upward Bound program began Sept. 1, 2003 and is located on the Beatrice Campus. The College partners with three southeast Nebraska high schools to serve 50 eligible students. Participating high schools are Beatrice, Fairbury and Southern (Wymore-Blue Springs).

The SCC Upward Bound program provides intensive support to participants including ongoing advising, counseling, tutoring, supplemental education, skills development, career and college exploration and a six-week summer instructional program which includes an out of state trip for qualifying students. Upward Bound participants who graduate from high school have the opportunity to participate in the Bridge Academy – a college transition program that gives students the opportunity to live on campus, take an SCC class, and adjust to becoming a successful college student. For more information visit The Upward Bound staff - Hoover Hall.

CAMPUS/STUDENT LIFE

ANNOUNCEMENTS & CANCELLATIONS

IN BEATRICE

Posted Announcements - A bulletin board located in the Kennedy Center is available for students to advertise items for sale. The Administrative Office must approve all posted announcements and notices.

Cancellations - When classes are cancelled, every effort is made to contact the media by 7 a.m. or earlier. The following media will be notified if classes are cancelled:

Television:

Channel 10-11 KOLN-KGIN TV (Lincoln)

Channel 8 KLKN TV (Lincoln)

Radio:

KWBE 1450 AM, KGMT 1310 AM, KUTT 99.5 FM, KZKX (96-KX) 96.9 FM, KTGL (THE EAGLE) 92.9 FM, KNDY 1570 AM, 103.1 FM, or 105.5 Translater/Beatrice, KBRZ 102.7 FM (THE BREEZE), KFGE 98.1 FM, KFRX 106.3 FM

Web: See my.southeast.edu for inclement weather and closing information.

Hazardous driving conditions do not automatically mean classes will be cancelled. However, travel for students is not recommended or encouraged if there is a question of being able to reach the campus safely.

IN LINCOLN

Posted Announcements - Information concerning College matters is posted in each program area and on bulletin boards located throughout the building. A bulletin board is located in the student center for student use. All announcements for posting must be approved by the student activities coordinator and posted only on this bulletin board.

Cancellations - Only the Campus Director or a designated representative can authorize the cancellation of College programs and activities or announce the cancellation to the news media. It can be assumed that campus programs, classes and services will be held as scheduled if no announcement is made through the news media. The campus feels adequate provisions have been established to eliminate calling College personnel regarding cancellations.

Telephone: 402-437-2405 – a recorded message will update you on the status of classes.

When individual Continuing Education classes are cancelled, the decision will be made with the approval of the Continuing Education dean or the division dean. If an individual class is cancelled, the instructor will notify students. Makeup or rescheduling of individual classes or programs will require the approval of the Continuing Education dean or division dean. Hazardous driving conditions do not automatically mean that classes will be cancelled. Students should use good judgment in making travel decisions.

When weather or other conditions necessitate cancellation, the following procedure is followed:

Daytime programs and services - a decision will be made and announced to the news media by 5 a.m.

Evening programs and services - a decision will be made and announced to the news media by 4 p.m.

Announcements of cancellation of College programs and services will be made to the following area media:

Television:

Channel 10-11 KOLN-KGIN TV (Lincoln)

Channel 8 KLKN TV (Lincoln)

Radio:

KBBK 107.3 FM, KFGE 98.1 FM, KFOR 1240 AM, KFRX 106.3 FM, KIBZ 104.1 FM (THE BLAZE), KBRZ 102.7 FM (THE BREEZE), KKUL 105.3 FM, KLIN 1400 AM, KLMS 1480 AM, KRKR 95.1 FM, KTGL (THE EAGLE) 92.9 FM, KZKX 96.9 FM, KFAB 1110 AM

Web: See my.southeast.edu for inclement weather and closing information.

IN MILFORD

Posted Announcements - Information concerning College matters is posted daily in each program area and on first floor bulletin boards of the Eicher Technical Center. All announcements and notices posted must be approved by the Student Services Office and hung only on bulletin boards.

Public Address System - Announcements of extreme importance are broadcast over the College P.A. system at 7:55 a.m. Emergency announcements are made when necessary.

Cancellations - When classes are cancelled, every effort is made to contact the media by 6 a.m. or earlier. The following media are notified if classes are cancelled:

Television:

Channel 10-11 KOLN-KGIN TV (Lincoln)

Channel 8 KLKN TV (Lincoln)

Radio:

KFOR 1240 AM, KFRX 106.3 FM, KIBZ 104.1 FM (THE BLAZE), KZKX (96-KX) 96.9 FM, KFGE 98.1 FM, KTGL (THE EAGLE) 92.9 FM, KQKQ 98.5

Web: See my.southeast.edu for inclement weather and closing information.

Telephone: 402-761-8400 – a recorded message will update you on the status of classes.

Hazardous driving conditions do not automatically mean classes will be cancelled. However, travel for students is not recommended or encouraged if there is a question of being able to reach the campus safely. Students should use good judgment in making travel decisions. Students can call the campus to check for cancellation.

General-Purpose-Bulletin-Boards and the Posting/Distribution of Informational Material

Each campus may provide general-purpose-bulletin-boards which are clearly identified as such. College general-purpose-bulletin-boards are available for use by recognized student groups if scheduled and supervised in accordance with campus rules and regulations. Requests and approvals for use of College general-purpose-bulletin-boards are processed by the Campus Director's Office or designee. The College reserves the right to require any organization requesting use of College general-purpose-bulletin-boards to provide proof of adequate liability insurance which includes SCC as an additional named insured.

The specific use shall observe these rules:

1. No posting for commercial or business purposes.
2. Only one poster/announcement per activity.
3. No poster larger than 11 by 17 inches.
4. Posted material is to be removed on the day following the event. No material posted for more than 14 days. Bulletin boards are to be completely cleared at the end of the academic term.
5. Posters, notices, or announcements may not be posted anywhere except on designated general-purpose-bulletin-boards without prior permission of the Campus Director.

Costs incurred for removal of **items posted in violation** of this regulation shall be billed to the organization, business, or individual found responsible.

Informational material may be distributed in College buildings by student organizations recognized by the College, but only with the permission of the Campus Director. Such material may be distributed on College property outside of the buildings by individuals or organizations, regardless of whether they are recognized by the College, provided that the Campus Director shall establish guidelines relating to time, location, and manner of such distribution, and that the Campus Director has given permission for the distribution.

Materials may not be distributed so as to interfere with pedestrian or vehicular traffic, or the educational program of the College, or to create a problem of litter. Flyers may not be placed on windshields of vehicles on College property. Costs incurred in removal of any items distributed in violation of these regulations will be billed to the individuals or organizations found responsible.

ATHLETICS

INTERCOLLEGIATE ATHLETICS

SCC is a member of the Nebraska Community College Athletic Conference and the National Junior College Athletic Association. SCC-Beatrice competes at the intercollegiate level in men's and women's basketball, men's golf and baseball, and women's volleyball and softball. The campus mascot is the Storm.

To compete in intercollegiate athletics, students must maintain the required scholastic level and conduct themselves on and off campus in a manner which brings credit to themselves, to teammates and to the College.

SCC's athletic participation is governed by the eligibility rules of the NJCAA.

INTRAMURAL ATHLETICS

Each campus of SCC offers intramural sports/recreational activities for any full- or part-time student enrolled in credit division courses. Intramural sports are arranged by the Campus Activities Office and may include flag football, basketball, volleyball, softball, golf, tennis and racquetball. Each campus also has tennis courts and a gymnasium available for student use. For additional information about the intramurals on campus, contact the Student Activities Office on campus.

BOOKSTORE

The College operates and manages a campus bookstore on each campus. A full range of new and used textbooks, supplies, educational aids, gift items and personal items is available. The bookstore offers a buy back program for used textbooks, generally at the end of the term. Bookstore hours are compatible with most class schedules. The bookstore accepts cash, checks, MasterCard, VISA, and Discover credit cards. Books also are available online at  www.sccbookstore.com.

BUS SERVICE

The Lincoln campus is served by the Lincoln Public Works Department. Bus service is provided at the main entrance (east) of the building. For bus schedules and information about pickup and delivery points and fees, contact the Lincoln Transportation System.

CAFETERIA/FOOD SERVICE

The College provides food service on each campus. Vending machines also are available.

BEATRICE

The campus operates a snack bar located in Kennedy Center. It is open to students, staff, and the general public, and serves breakfast, lunch, and snacks Monday through Friday.

Students eating in the snack bar are requested to be considerate of others. Reasonable cleanliness and appearance in dress are expected. Snack bar customers are to bus their own dishes and leave the table clean for the next person.

Vending machines and microwave also are available in the snack bar area. Catering service is available by special arrangements.

LINCOLN

The campus operates a cafeteria located in the main hallway near the front entrance and is open to SCC students, personnel and the general public. The cafeteria serves breakfast and lunch, and a snack menu throughout the afternoon and evening hours. Vending machines and a microwave also are available in the cafeteria area. Catering service is available by special arrangements.

All cafeteria customers are to bus their own dishes and leave the table clean for the next person.

Students are asked to use the Student Center to study or socialize during the busiest dining time—9:45 a.m.–1 p.m.

MILFORD

Contract food service is provided at the campus cafeteria. Non-contract meals for visitors and guests also are available. The cafeteria is closed on Friday evenings and on weekends.

The cafeteria is located in the G. Alan Dunlap Center. All students living in Nebraska and Cornhusker residence halls must contract to eat meals in the cafeteria. Room and board contracts are signed for each term. Contracts are considered to be in effect until expired or terminated. A registered, full-time student whose course of study requires the majority of time to be spent off campus during meal time, may request a waiver of this cafeteria contract from the Dean of Student Services. Cafeteria contracts are available for students living off campus.

Students eating in the cafeteria are requested to be considerate of others. Cafeteria customers are to bus their own dishes and leave the table clean for the next person. Reasonable cleanliness and appearance in dress are expected, and it is requested that shoes be worn, shirts buttoned and dirty gym clothes covered with a jacket or shirt.

The cafeteria is operated by a private contractor, and is managed by their personnel. The manager has the right to refuse service to individuals who ignore or fail to comply with established standards of good health, conduct, appearance and dress.

A cafeteria committee comprised of students, the manager and the Dean of Student Services, meets regularly to discuss mutual problems. All comments and concerns about the cafeteria are handled through this committee. Special meetings are called when needed. The cafeteria contract is on a declining balance. When you purchase food, the amount will be subtracted from your account. You cannot carry over credit to the next term.

CALENDAR

The Student Activities Office prepares a calendar of activities and events scheduled on campus. The calendars are available to students free of charge from the Student Activities Office.

A College calendar with each campus beginning, ending, registration, and graduation dates is available on the College Web site,  www.southeast.edu.

CHILD CARE

BEATRICE

The Beatrice campus provides information to those needing day care services. Contact Student Services for more information. A part-time preschool program is available in Adams Hall for eligible students. The program accepts children ages 3-5. Space is limited. Applications are available in the TRIO Office or the Parents of All Ages Office.

LINCOLN

The Child Development Center located on the Lincoln campus provides SCC-Lincoln students with priority status for developmental child care. A professional staff provides care and education for the center's children. Since children are enrolled on a first-come, first-served basis according to age groups, early contact is advised. Services are available for children aged six weeks to kindergarten. The Center offers full-time and part-time options.

The U.S. Department of Education CCAMPIS grant provides a limited number of scholarships for eligible students for the following child care services.

Summer Day-camps are available June-August for children ages 6-11.

Adventure Mini-Camps for K-5th grade children are available during the school year for specified days that the Lincoln Public Schools are not in session. Applications for both programs are available in the Child Development Center, Room C-1.

Additional information may be obtained by contacting the Child Development Center director on the Lincoln campus.

MILFORD

The Milford campus assists those needing day care services to locate services available in the community. Contact Student Services for more information.

CLUBS & ORGANIZATIONS

STUDENT ORGANIZATIONS

SCC believes that an important part of an educational program for students includes the opportunity to participate in extracurricular activities. Each campus provides an organized activities program for students. The goal is to encourage the social, cultural and/or physical development of students. Leadership and participation in activities are looked upon favorably by future employers. Students gain a sense of satisfaction and accomplishment as well.

STUDENT ORGANIZATION GUIDELINES

SCC recognizes student organizations which will contribute to the intellectual development of students. In order for a student organization to gain recognition from the College, it must have an approved constitution, a faculty member as advisor and be approved by the Student Senate and the campus administration. For the process of establishing a new organization, information about a specific organization or how you can join, contact the Student Activities Coordinator.

Fund-raising activities by recognized student organizations or other non-profit organizations may only be conducted with the permission of the Campus Director.

BEATRICE

AGRICULTURE CLUB: The Agriculture program has a club with several "interest areas" for members. It includes divisions for Agribusiness, Agronomy, Crops judging, and Horticulture. See listings below...

Agribusiness - Agribusiness students develop leadership skills by participating in activities which improves their qualifications for professional employment. The members and officers of the Agribusiness Club will learn the skill of "involvement" which is highly sought by employers who seek to motivate their current workforce and increase productivity.

Agronomy - Agronomy students learn expert crop judging. Members participate in the annual NACTA Crops Judging contests and sponsor students in the annual fall Collegiate Crops Judging Contest in Kansas City and Chicago. Invaluable experience is gained in grain grading, seed analysis, identification and general agronomic knowledge by participating on these teams.

Horticulture - Horticulture students participate in activities such as community landscaping projects, the annual bedding plant sale, and the annual golf tournament. Students are able to further their professional development by improving their leadership and teamwork skills. Members will participate in various conferences and trade shows related to their field of study such as the NNLA (Nebraska Nursery & Landscape Association), and GCSAA (Golf Course Superintendents Association of America) annual conference and trade show.

Livestock Judging - Students learn leadership skills and gain an opportunity to participate in college level livestock judging competitions. Students will have an opportunity to travel and compete in contests throughout the Midwest including Louisville, Kansas City and Denver. To compete at livestock judging contests students must first enroll in Introduction to Livestock Evaluation and Advanced Livestock Evaluation classes. These courses are not required to become a club member. Expenses for travel are raised by the club through various activities. College scholarships are available to members of the Livestock Judging Club.

Rodeo/Horse Show - Students gain leadership skills and have opportunities to participate in Intercollegiate Rodeo and Intercollegiate Horse Show Association events. Membership is open to all SCC Students beginning each fall with new members welcomed throughout the year. The Rodeo participants affiliate with the Great Plains Section of the National Intercollegiate Rodeo Association (NIRA) and may compete in ten sanctioned Great Plains Rodeos each school year collecting points to qualify them for the National Finals held each June. The Horse Show participants affiliate with Zone 9, Region 3, of

the Intercollegiate Horse Shows Association, (IHSA) and may compete in ten sanctioned Region 3 Horse Shows each year collecting points to qualify them for Region, Zone, Super Zone and National Finals held in March, April and May. Other club activities include community service, support for horse events and involvement in college activities.

HUMANITIES CLUB- This club provides students with opportunities to experience the visual and performing arts at SCC and in eastern Nebraska. Student participants plan group trips to visit local art galleries, museums, plays, and musical performances. The purpose of Humanities Club is to promote student appreciation and understanding of the arts. This club is open to all interested students regardless of program major.

INTERNATIONAL ASSOCIATION OF ADMINISTRATIVE PROFESSIONALS (IAAP) STUDENT CHAPTER- This organization is an affiliate program of the professional organization, International Association of Administrative Professionals. Membership is open to any student enrolled in at least one course in a business curriculum. The purpose is to provide information, support and networking to students who are interested in a business-related profession, more specifically in an administrative professional vocation. Members will be encouraged to participate in monthly meetings, educational programs, and community service projects throughout the school year. The program is designed to provide students an additional opportunity for educational and leadership training, community involvement, and personal and professional camaraderie.

LICENSED PRACTICAL NURSES ASSOCIATION OF NEBRASKA (LPNAN)-LPNAN is an organization for LPN students that provides members with leadership training and orientation to professional organizations. It serves as a network with other students throughout the state of Nebraska.

MULTI ETHNIC STUDENT ORGANIZATION (MESO)-This club provides opportunities for students to become more culturally sensitive to and aware of multicultural and human relations issues. The organization provides an avenue for students to gain skills to set and meet goals, improve their coping skills, increase their knowledge and skills on how to make the system work, and to experience greater involvement in the College.

PHI BETA LAMBDA-This group is a national business honorary for College business students. It is the college level equivalent of Future Business Leaders of America. Phi Beta Lambda promotes interest in business administration; accounting and secretarial education and helps members gain self-confidence and develop leadership skills.

PHI THETA KAPPA-ETA ALPHA CHAPTER-This national two-year college honorary organization is comparable to Phi Beta Kappa at a four-year college. It is open to students who have a cumulative grade point average of 3.5 or higher on a 4.0 scale. Students participate in an induction ceremony and must develop an "honors theme" each year. Members are involved as volunteers in a variety of campus and community service projects. They also are eligible to apply for transfer scholarships to four-year institutions. SCC-Beatrice has a thriving chapter composed of about 60 members.

LINCOLN

AMERICAN WELDING SOCIETY-The SCC Chapter is designed to advance the science and technology of welding and promote the educational opportunities for student members.

CAMPUS CRUSADE FOR CHRIST-This group is an interdenominational, primarily student, Christian organization seeking to provide a spiritual environment to study and discuss the Bible, worship, pray, encourage, and provide opportunities for Christian fellowship.

INTERNATIONAL ASSOCIATION OF ADMINISTRATIVE PROFESSIONALS (IAAP) STUDENT CHAPTER- This organization is an affiliate program of the professional organization, International Association of Administrative Professionals. Membership is open to any student enrolled in at least one course in a business curriculum. The purpose is to provide information, support and networking to students who are interested in a business-related profession, more specifically in an administrative professional vocation. Members will be encouraged to participate in monthly meetings, educational programs, and community service projects throughout the school year. The program is designed to provide students an additional opportunity for educational and leadership training, community involvement, and personal and professional camaraderie.

KAPPA BETA DELTA-The purpose of this society shall be to encourage and recognize scholarship and accomplishment among students of business, management, and administration; and to encourage and promote aspirations toward personal and professional improvement and a life distinguished by honorable service to human kind. It is organized exclusively for charitable and educational purposes.

KALEIDOSCOPE ALLIANCE-This group works to create a positive environment for gay, lesbian, bisexual, transgendered and questioning

students at SCC by increasing community awareness and understanding the needs of the GLBTQ community.

LICENSED PRACTICAL NURSES ASSOCIATION OF NEBRASKA (LPNAN)—LPNAN is an organization for LPN students that provides members with leadership training and orientation to professional organizations. It serves as a network with other students throughout the state of Nebraska.

LINUX USER GROUP—This group provides support for Linux and its applications, connects Linux users in the area, and exposes others to alternative computing solutions they may not be aware of.

MULTI ETHNIC STUDENT ORGANIZATION (MESO)—This club provides opportunities for students to become more culturally sensitive to and aware of multicultural and human relations issues. The organization provides an avenue for students to gain skills to set and meet goals, improve their coping skills, increase their knowledge and skills on how to make the system work, and to experience greater involvement in the College.

NATIONAL STUDENT NURSES' ASSOCIATION (NSNA)—The SCC chapter assumes responsibility for contributing to nursing education in order to provide for the highest quality health care; to provide programs representative of fundamental and current professional interests and concerns, and to aid in the development of the whole person, the professional role and the responsibility for the health care of people in all walks of life.

NEBRASKA ASSOCIATION FOR THE EDUCATION OF YOUNG CHILDREN (NAEYC)—The purposes of the SCC student section of NAEYC Chapter of the Nebraska AEYC, Inc., shall be charitable and educational and, include but not be limited to serving and acting on behalf of the needs, rights, and well-being of all area young children and their families, with special emphasis on developmental and educational services and resources and fostering the growth and development of the membership in their work with, and on behalf of, young adults.

NEBRASKA SOCIETY FOR CLINICAL LABORATORY SCIENCE (NSCLS)—The society will work with the American Society for Clinical Laboratory Science in providing the opportunity to increase knowledge in scientific depth and in the advancement of the profession through continuing education. The goals of the society are: To assure patients and their physicians as well as those persons concerned with health and research; the highest quality laboratory services that modern science can provide. To encourage intelligent and capable individuals to enter the educational path that leads to service in this profession. To promote programs of continuing education, research and development. To encourage devotion to professional service.

PHI THETA KAPPA (PTK)—ALPHA PI LAMBDA CHAPTER—This group is an affiliate of Phi Theta Kappa International designed to promote scholarship, develop leadership and service, and to cultivate fellowship among qualified students of the College.

ROTARACT—The purpose of this group is to promote service above self, foster leadership and responsible citizenship, encourage high ethical standards in business and promote international understanding and peace.

SKILLSUSA—This club is an affiliate of the National SkillsUSA, an organization that prepares America's high performance workers. SkillsUSA is designed to provide quality education experiences in leadership, teamwork and character development. It builds and reinforces self-confidence, work attitudes and communication skills and emphasizes high-ethical standards, superior work skills and life-long education.

STUDENTS IN FREE ENTERPRISE (SIFE)—This organization has a mission to provide members the best opportunity to make a difference and develop leadership teamwork and communication skills through learning, practicing and teaching the principles of free enterprise.

SURGICAL TECH STUDENT ASSOCIATION—This organization has a purpose to establish and promote an atmosphere conducive to optimum learning and career preparation based on a sense of tradition, camaraderie and teamwork encompassing all students currently enrolled in the Surgical Technology program.

ZETA THETA TAU—Fire Society of SCC Their purpose is to promote Fire Societies as well as fellowship on campus. They will promote good will and harmonious relationship among student organizations and civic and university communities. The group provides programs and activities, both developmental and social, for all members to help improve their functioning and to provide common experiences that encourage cooperation and unity at SCC.

MILFORD

AMERICAN SOCIETY FOR NONDESTRUCTIVE TESTING—This group is an affiliate of the ASNT and open to all NDT students. ASNT is designed for the advancement of scientific, engineering and technical knowledge of NDT through planned group activities.

AMERICAN WELDING SOCIETY—This group is an affiliate of the American Welding Society and open to all Welding Technology students.

ASSOCIATED GENERAL CONTRACTORS—This group is a student chapter of the Associated General Contractors, Nebraska Building Chapter and is open to students enrolled in Architectural Engineering Technology and Building Construction Technology. The purpose of the organization is to increase student awareness of the commercial construction industry through the use of guest speakers, product demonstrations, and field trips; to provide students networking opportunities with other construction division students and construction professionals; to provide community service; and to develop leadership skills in the student members.

CAMPUS CRUSADE FOR CHRIST—This group is an interdenominational Christian student organization open to all students. Weekly meetings are held to help meet the spiritual needs of students through worship, music, Bible study, and fellowship. Evenings and weekend retreats are designed to provide interaction with students from other colleges.

INTERNATIONAL SOCIETY OF CERTIFIED ELECTRONIC TECHNICIANS (ISCET)—ISCET has helped train, prepare, and test technicians in the electronics and appliance service industry for over thirty years. The Certified Electronics Technician (CET) Program, founded in 1965, is designed to measure the degree of theoretical knowledge and technical proficiency of practicing technicians. The voluntary certification concept enables employers to separate knowledgeable job applicants from those with less training and skills. All of the instructors in the EST program are CET certified in at least one journeyman field of electronics. SCC is an authorized testing center for the CET exams. Most electronics students take and pass the test before graduating from SCC. The national average pass rate of the Associate level test is 43%. Pass rate for SCC students is over 70%.

NATIONAL ASSOCIATION OF HOME BUILDERS—This group is a student chapter of the National Home Builders Association sponsored by the Lincoln Home Builders Association and is open to students enrolled in any of the construction technology programs. NAHB is designed to enhance educational opportunities for students interested in careers related to residential/light commercial construction remodeling and provides professional growth beyond the classroom environment. The Milford Campus chapter was selected the nation's "outstanding chapter" for 1990, chosen over Texas A & M and Purdue University, who placed second and third respectively.

NATIONAL ELECTRONICS SERVICE DEALERS ASSOCIATION (NESDA)—For over fifty years, NESDA has been the premier association of, and for, professional servicers across the United States, with a number of members in foreign countries.

NATIONAL SYSTEMS CONTRACTORS ASSOCIATION (NSCA)—NSCA is the leading not-for-profit association representing the commercial electronic systems industry. With a slate of more than 2,500 member companies worldwide, the National Systems Contractors Association is a powerful advocate of all who work within the low-voltage industry, including systems contractors/integrators, product manufacturers, consultants, sales representatives, architects, specifying engineers and other allied professionals.

SCC AMATEUR RADIO CLUB—This is a Ham radio club that all students automatically become associated with when they enter into the communications classes on the Milford campus of SCC's Electronic Systems Technology program. We have an extensive set of radios and antenna systems with which we teach radio systems and enable students to get "on air" to communicate with other amateur radio enthusiasts around the world. Our call sign is KC0KCI.

SKILLSUSA—This club is an affiliate of the National SkillsUSA, an organization that prepares America's high performance workers. SkillsUSA is designed to provide quality education experiences in leadership, teamwork and character development. It builds and reinforces self-confidence, work attitudes and communication skills and emphasizes high-ethical standards, superior work skills and life-long education.

SOCIETY OF MANUFACTURING ENGINEERS S218—This group is a student affiliate of the Lincoln Senior Chapter 222 open to Manufacturing Engineering and Machine Tool students in other programs related to manufacturing. The organization is designed to promote higher levels of understanding in areas related to manufacturing, to provide an opportunity for professional association membership, and to allow students opportunities for professional development in the world of manufacturing.

COLLEGE COLORS

The College's colors are blue and white.

COMMONS AREAS

STUDENT CENTERS

SCC provides campus Student Centers where students meet to relax, socialize with other students, or participate in scheduled activities. Each Student Center provides a lounge area, snack area, TV, video games, vending machines, and wireless internet access. The hours of each campus Student Center are posted.

WELLNESS/FITNESS CENTER

Each campus has a Wellness/Fitness Center that provides, free to students, the use of exercise equipment that is designed to help students achieve a healthy lifestyle.

EMPLOYMENT

Students interested in current off-campus employment opportunities should contact the Placement Office or register at  www.southeast.edu. Click on Placement Center then click on Online Employment Services.

FACILITIES USE

College facilities are available for use by recognized student groups if scheduled and supervised in accordance with campus rules and regulations. Requests and approvals for use of College facilities are processed by the Campus Director's Office or designee. The College reserves the right to require any organization requesting use of College facilities to provide proof of adequate liability insurance which includes SCC as an additional named insured.

FAX

BEATRICE

A FAX machine is available for student use at the Switchboard. There is a cost of \$1 per page for each page sent or received. The number is 402-228-2218.

LINCOLN

A FAX machine is available for student use in the Student Activities Office. There is a cost of \$1 per page for each page sent or received. The number is 402-437-2633.

MILFORD

A FAX machine is available for student use at the Switchboard. There is a cost of \$1 per page for each page sent or received. The number is 402-761-2324.

FEES

The Student Services' fee is used to finance student activities, programs and events which include intramural sports, social and cultural activities, Student Senate, tutorial services, and wellness. All part-time and full-time credit students are charged a Student Services fee each term. The Student Senate is responsible for budgeting this fee. The furnishings and equipment in the student center are examples of the use of this fee. See the Tuition, Fees and Housing Chart.

+ FIRST AID

BEATRICE

First aid kits are available throughout the Beatrice campus including in residential housing units. College personnel reserve the right to call an ambulance whenever they deem necessary. The College requires all injuries to staff, students, and visitors to be reported to the College Administrative Offices.

LINCOLN

The campus first aid station is located in the Wellness Center, room O-3. Every injury, however slight, should be reported. First aid kits are located throughout the campus.

MILFORD

The campus first aid center is located in the Business Office in the Eicher Technical Center. Every injury should be reported regardless of whether medical attention is needed. The College makes every effort to provide emergency first aid. First aid kits are located throughout the campus. Contact your instructor or residence hall counselor for assistance.

FOOD AND DRINKS

Students are not permitted to eat food or drink beverages in the instructional classrooms, laboratories or the Learning Resource Centers. Snacks, drinks and other refreshments are to be consumed in designated areas only. The College currently allows only clear bottled water in all College facilities except in designated areas where doing so may cause potential damage to equipment or health and safety concerns. Appropriate signs designate where bottled water is prohibited.

BEATRICE

Food and beverages are allowed in the Student Center snack bar.

LINCOLN

Food and beverages are allowed in the cafeteria and Student Center. The Campus Director must approve special arrangements for food service in non-designated areas.

MILFORD

Food and beverages are allowed in the student lounge, cafeteria, and snack bar.

GOVERNMENT & LEADERSHIP

STUDENT AMBASSADORS

Student Ambassadors is designed for students to experience and assist with campus public relations activities. The Ambassadors serve as tour guides, admissions assistants and goodwill ambassadors for the College. If you are interested in becoming an Ambassador, contact Student Services.

STUDENT SENATE

Student Senate is the student governing body of the campus participating in the administration of student affairs. The Senate acts in an advisory capacity and represents students in the planning and decision-making process. The president of Student Senate is a non-voting member of the SCC governing board. If you would like more information on Student Senate, contact the Student Activities Coordinator on your campus.

RESIDENCE HALL ASSISTANTS

Resident Assistants are live-in positions (in student housing) designed for exceptionally mature students who have the interest, skills, and time necessary to perform assigned duties and assist in the development of the SCC Residential Life Program. Resident Assistants are presented with unique opportunities for personal development and are trained in the areas of peer advising and referral, interpersonal communication, programming, team building, community development, and administration. Selected each spring, Resident Assistants are appointed for the following academic year.

STUDENT REPRESENTATIVE ON THE BOARD OF GOVERNORS

Students are represented on the SCC Board of Governors through a nonvoting student representative. The student Board member helps present students' issues and enables positive communication among the students, the administration and the Board of Governors. This position is shared by three students, each representing his/her respective campus.

HOUSING

The College provides on-campus housing at the Milford and Beatrice campuses. The College is not responsible for personal items which may be stolen or damaged. Students should carry personal property insurance for their belongings.

BEATRICE

Beatrice has traditional housing and apartment-style housing available. Priority for the newer, apartment-style housing is given to second year students in good standing. All apartment-style units have a kitchenette. For student convenience, all residence halls at Beatrice have local telephone service, cable TV and Internet access in each room. Housing on campus is available for single men and women. There is no food (Board) plan available on the Beatrice campus, but the Snack Bar is open Monday through Friday.

(For information on housing costs see the Tuition, Fees, & Housing Chart.)

Beatrice campus maintains off-campus housing for Parents of All Ages program participants.

LINCOLN

Lincoln campus does not provide student housing, but it will provide information for students seeking housing which includes apartment and home listings, city locator maps, prices and general information on independent living. Please contact the Student Services Office for more information.

MILFORD

Milford residence halls have local telephone service, cable TV, and Internet access. Housing is available for men, women, married couples and single parents. Housing contracts are signed prior to the beginning of each term on the Milford campus.

(For information on housing costs see the Tuition, Fees, & Housing Chart.)

I.D. CARDS

Free photo identification cards (IDs) are available for each student for use on campus in the LRC, Business Office, Bookstore, entry to College activities, etc. Photo IDs are not transferable. A \$5 fee is charged to replace lost cards lost in the current term. A new ID card would be issued without the \$5 replacement charge for students returning to school who have not taken classes for one or more terms. Students transferring to a different campus would be considered a new student and would not be charged for a replacement ID card. Photo times will be announced and taken at the following locations.

BEATRICE

Learning Resource Center

LINCOLN

Information Desk or Student Activities Office (section "O" by the gym) Please note: At the beginning of each term that students will be on campus, students need to bring a copy of their current class schedule and their ID card to the Student Activities Office or Information Desk. A sticker will be placed on the back of the ID card, validating its use for that term.

MILFORD

Assessment Center

LAW ENFORCEMENT CONTACT

In situations deemed to be non-emergency or not requiring special considerations (e.g., safety and security), the following procedures will be followed for routine law enforcement contacts at any SCC facility:

Initial Point of Contact - The initial point of contact for all law enforcement representatives will be the Campus Director (or designee) in the Campus Office. The Campus Director (or designee) will assume responsibility for assessing the law enforcement request, determining appropriate next steps, and documenting relevant details of the law enforcement contact.

Student Contact Request - If a duly authorized law enforcement representative on official business requests interaction with a SCC student, the Campus Director (or designee) will contact and involve the Dean of Student Services, who will coordinate and assist to effectuate the law enforcement contact with the student at a place, time, and in a manner that is deemed to be prudent and appropriate.

Privacy/Confidentiality - Law enforcement contacts of the nature described above do not obviate the College's responsibility to safeguard information and files that students or employees reasonably expect to be private/confidential (e.g., student records protected under FERPA, or employee personnel files).

LEARNING RESOURCE CENTERS - LIBRARY AND MEDIA SERVICES

The Learning Resource Centers of SCC operate to provide accessible learning environments for students and employees. By using both traditional and electronic resources, the LRCs meet the needs of students and employees at each campus while serving the College as a whole.

Hours of service, phone numbers and access to the LRCs' electronic resources are available at the LRCs' page  www.southeast.edu/academics/library.asp. Loan policies vary by location. A valid student identification card is required to check out materials. Overdue fees and replacement fees may be charged for late, lost or damaged materials. Passwords are needed for remote use of the databases. Students and employees should contact their campus LRC for passwords and training with the databases.

Media services are available through the LRCs. Although each campus LRC laminates materials and runs transparencies, the Media services differ by campus. If interested in media services, contact your campus LRC for additional information.

LOST AND FOUND

BEATRICE

Lost and found items may be reclaimed at the receptionist's desk in the Administration Office.

LINCOLN

The campus lost and found is located in the Student Services Office, room E-1. Report lost items and turn in found items to this location. Unclaimed items are donated to charity at the end of each term.

MILFORD

The lost and found department is located in the Student Services Office in the Eicher Technical Center. Items found should be turned in, and items lost should be reported. Unclaimed items will be donated to charity.

MAIL

BEATRICE

Incoming - Mail for residents of student housing is placed in an assigned mailbox. The address for resident students is:

Student's Name
c/o SCC-Student Housing
Residence Hall name, and Box #
4771 W. Scott Rd.,
Beatrice, NE 68310-7042

Outgoing - A mailbox for outgoing mail is located in the Kennedy Center near the Administrative Office and in the mail room in Hoover Hall.

LINCOLN

Lincoln campus does not have incoming mail for students. An outgoing mail box is available in the campus Bookstore and stamps may be purchased there.

MILFORD

Incoming - Postal boxes for residence hall residents are located in Cornhusker Hall. Resident students are requested to use the following residence address:

Name
SCC-Milford
_____ Hall, Room # _____
611 State Street
Milford, NE 68405-8498

Outgoing - A mailbox for outgoing mail is located on campus by the Eicher Technical Center on the north side of the LRC.

MESSAGES

The campus will attempt to notify a student if an emergency message is received. However, the College cannot assume liability or responsibility for messages not successfully delivered. Non-emergency message service is not available.

NEWSPAPERS

BEATRICE

The Storm Warning is a weekly bulletin of current events and news that is produced by the student activities coordinator and is distributed on campus each Monday.

Students may work on the campus newspaper, The Challenge, in a variety of capacities if they have experience from high school, another college, or a commercial newspaper. Positions are open for reporters, photographers and page layout designers who are familiar with Pagemaker software. Students receive one hour of college credit.

LINCOLN

The Source is a weekly bulletin of current events and news that is produced by the Student Activities Coordinator and is distributed on campus each Monday as well as online. Deadline for submitting articles and news items is the preceding Thursday at noon. Items should be submitted to the Student Activities Office located in the Student Center. The activities coordinator prepares the publication and serves as editor.

Other publications (newsletters, newspapers, brochures, pamphlets) distributed on campus must have the approval of the Campus Director.

MILFORD

The Daily Announcements is a bulletin of current events and news that is distributed throughout the campus at designated locations.

NOTARY

BEATRICE

A notary public is located in the Administrative Office in the Kennedy Center. This service is free to SCC students and employees.

LINCOLN

Notary service is available free of charge in the following locations:

- Business Occupations T100
- Continuing Education Office J2
- Testing Center L3
- Financial Aid E1
- Campus Director's Office F1

MILFORD

Notary service is available free of charge in the Student Services Office and the Business Office.

PERFORMING ARTS-BEATRICE

COLLEGE CHORUS—The College Chorus performs a variety of musical styles in concerts on campus and for organizations in the community.

SHOWCASE SINGERS—The Showcase Singers is an auditioned small performance ensemble that performs a wide variety of choreographed music.

THEATRE—Theatre production classes are open to all interested students. Theatre students rehearse and perform two productions each school year.

COLLEGE/COMMUNITY BAND—This band is composed of SCC-Beatrice students, faculty, staff, and community members. The group presents fall, spring and holiday concerts that typically consist of light classical music. Auditions for group membership are not required.

PHOTOCOPY

Copy machines are available in each campus LRC for student use; some copiers are coin-operated. Copyright restrictions apply. For more information on copyright law, please contact the LRC staff.

RADIO STATION KQIQ-FM

Under the direction of a general manager, students operate SCC's on-campus radio station, KQIQ-FM, on the Beatrice Campus. Located at 88.3 on the FM dial, KQIQ serves as a training ground for students interested in careers in broadcasting. Students produce news programs and commercials, conduct interviews for talk-show segments, air public service announcements, and provide entertainment with a variety of music. Persons interested in more information about the station can send an e-mail to:

 kqiq@southeast.edu, call the station at (402) 228-8269, or call the general manager at (402) 228-3468 ext. 1354.

SOLICITATION ON CAMPUS

Solicitation on campus grounds, including Residence Halls or students residences, is prohibited. Commercial vendors, authorized by the Campus Director and invited by a designee of the College, are exempt and allowed to supply necessary items.

TELEPHONES

Pay phones are available in each campus building for student use. Office telephones on campus are for the use of College personnel.

TDD (Telecommunication Device for the Deaf) - The Lincoln campus has a TDD located in the main hallway by the "M" section. **(See also "Cell Phones" and "Electronic Devices.")**

TOOLS

The majority of the tools and equipment used by students in the programs are supplied by the College. However, students may want to purchase their own tools and equipment. Students in some programs are required to purchase hand tools. Students will want to own an electronic calculator.

Detailed tool lists for each program are available in the bookstore and/or the Student Services Office. Instructional staff in individual programs will offer guidance to enable students to purchase the most serviceable tools for the money. Tool companies visit the school throughout the school year and those dates are announced.

Students should carry insurance for their personally-owned equipment.

WEB TOOLS

Students, faculty, staff, alumni and the general public can access a variety of information about the College through our Web tools.

DISTANCE EDUCATION

SCC offers high-quality courses in a variety of non-traditional mediums to students. Distance education serves students who need ways to access quality education and professional development at non-traditional times, in non-traditional places and with non-traditional formats. Distance learning courses use the same curriculum and meet the same standards as those offered face-to-face on SCC's three campuses. Several state-of-the-art teaching technologies are used in the delivery of the distance learning courses. SCC offers credit courses comprised of fiber-optics, Internet, and off-campus courses.

WEB-BASED ONLINE/INTERNET

DISTANCE LEARNING HEALTH ACADEMY

The SCC Distance Learning Health Academy allows students to take classes online while remaining in their communities and regions. At the same time SCC works with the student's local community colleges and local hospitals to ensure that the general education component of the plan is in place.

Students are admitted to the **Radiologic Technology, Surgical Technology or Respiratory Care program**. Students will complete core education classes in areas such as composition and math at their local community colleges or through SCC. They will begin their health care provider programs with SCC instructors who teach the courses online. The online classroom allows instructors and students to engage in discussion and interactions through modern technology. Depending on the agreements reached with local hospitals the online portion of the program can serve students anywhere in the nation or world. The local hospitals or clinics provide the clinical laboratory setting and an instructor/supervisor for students who are required to complete their program requirements of clinical (practicum) education. In addition to completing graduation requirements for the program, clinical training allows students to gain greater familiarity with local health care facilities and staff. The investment is based on the likelihood that the medical technologists educated right in their own communities or regions are very likely to remain there to work in local hospitals and clinics.

SCC faculty in the three programs are committed to placing 80 percent or more of the graduates of the medical programs right in the community and regional medical facilities and in other less urban areas where they are needed so much.

SCC's Radiologic Technology distance program is the only one in the United States to have earned AMA approval.

SCC will work with local hospitals or clinics to develop a plan for addressing student needs, including whether SCC can assist you. One issue will be to determine whether there are sufficient procedures in your surgery, respiratory care, and/or radiology departments to provide the necessary clinical settings for students.

Contact Bob Morgan, Director, Distance Learning at (402) 228-8272 or 800-233-5027 x1272 or e-mail bmorgan@southeast.edu for more information.

COOPERATIVELY OFFERED PROGRAMS

EARLY CHILDHOOD EDUCATION

Early Childhood Education is being offered online as a joint venture between SCC and the other five community colleges in Nebraska. Career possibilities are in the areas of preschool teachers, infant and toddler caregivers, and before-and-after-school activity coordinators for school-age children in Head Start programs.

MEDICAL CODING (HEALTH INFORMATION MANAGEMENT SERVICES)

Central Community College, in cooperation with SCC, provides students the opportunity to enter the occupation of medical coding. This program allows students to maintain residency in their hometown area. Students who pursue an education in medical coding will complete the program's general education courses and support level courses through SCC. The medical coding courses are taken online from CCC.

FIBER OPTICS

The fiber optics system is a fully interactive distance learning system, using fiber optic cable between sites to transmit video, audio and data signals. Academic and career/technical course offerings are available through this system. Both day and evening courses are available.

Southeast Nebraska Distance Learning Consortium is a fiber optic system in southeast Nebraska that is comprised of four SCC locations (Beatrice, Lincoln, Milford, Energy Square), Peru State College, Educational Service Units 3, 4, 5 and 6, and more than 50 public school districts.

OFF-CAMPUS COURSES

Off-campus courses are conducted within the College area, but not at one of the SCC campuses. Credit classes meet the approved curriculum, meet the same criteria and have the same course number as a campus class and are taught by an instructor approved by the College. Some credit courses may have prerequisites or minimum required scores on an assessment test prior to registration. ASSET, COMPASS and ACT/SAT scores are frequently used to determine placement. Courses are frequently held at local high schools.

HIGH SCHOOL

CAREER ACADEMY PARTNERSHIPS

SCC and school districts within our service area have formed Career Academy Partnerships. These CAPs provide high school juniors and seniors the opportunity to take college-level credit courses. The courses are considered "dual credit" meaning the student will receive credit for the high school and college course at the same time. Students can explore career fields and may be able to participate in community career events including tours, job-shadowing experiences, and listening to speakers.

For more information please contact:

Rod Rhodes, 402-228-8286 or 822-233-5027 x1286

WEB-BASED ONLINE/INTERNET

SCC Online addresses the changing nature of work, home life and learning with the creative use of educational technology. You are at the gates of our virtual campus, a campus that extends SCC's educational programs to learners around the globe. Our online program provides a complete academic environment. It draws on the expertise of SCC's faculty; it provides learner support that ranges from advising to online registration; and it offers access to a wide range of resources, including the College's library system.

You have an opportunity to do homework with others in your class, to join in collaborative discussions led by the instructor, and to participate in a wide range of educational activities, all thanks to a cyberspace journey of just a few seconds.

SCC PROGRAMS CURRENTLY PROVIDED ENTIRELY ONLINE:

- **Business Administration**
- **Computer Inform. Technology**
- **Dental Assisting**
- **Food Service Certifications**
- **Office Professional**
- **Practical Nursing**
- **Radiologic Technology**
- **Respiratory Care**
- **Surgical Technology**
- Also: Transfer and general education courses

THE SCC MISSION...

Southeast Community College values the opportunity to provide quality applied technology and academic educational opportunities for the students, businesses and communities of our district. To achieve that purpose, SCC will:

- Continue to value local governance
- Value diversity
- Be affordable and accessible
- Develop and maintain partnerships
- Provide responsive delivery systems
- Respond to emerging technology
- Promote continuous improvement
- Promote student learning through the provision of quality instruction and curriculum
- Embrace lifelong learning
- Maximize and utilize resources efficiently
- Be accountable
- Encourage a positive environment
- Promote recruitment and retention
- Be communicative
- Be fiscally responsible

Limitations of Catalog Information - This catalog should not be considered a contract between SCC and any prospective student. SCC's Board of Governors reserves the right to make changes in this catalog during the life of the catalog and without notice.

Equal Opportunity/NonDiscrimination Policy - It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ancestry, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu.

Declaración de política sobre equidad/antidiscriminación - La política publica de Southeast Community College es de proveer equidad, y prohíbe discriminación, en todos asuntos referentes a la admisión, participación, y empleo contra toda persona por motivo de raza, color, religión, sexo, edad, estado civil, origen nacional, ascendencia, condición de veterano, orientación sexual, incapacidad, u otros factores prohibidos por ley o política del Colegio. Preguntas relacionadas a la política sobre equidad/antidiscriminación de Southeast Community College deben dirigirse a: Vice President for Access/Equity/Diversity, SCC Area Office, 301 S 68 Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, o jsoto@southeast.edu.

ABOUT SCC

SCC is a two-year institution of higher education governed by an 11 member Board of Governors. The College's primary service area is comprised of 15 counties. The college operates on the quarter system and has campuses in Beatrice, Lincoln and Milford. SCC offers more than 50 Programs of Study, most technical in nature. Job placement is what makes SCC such a good choice. More than 90 percent of graduates continue to find employment or continue their education.

ACCREDITATION

SCC is fully accredited by the North Central Association of Colleges and Schools.

North Central Association of Colleges and Schools Commission on Institutions of Higher Education

30 N. LaSalle St., Suite 2400, Chicago, IL 60602-2504
800-621-7440 | (312) 263-0456 | Fax: (312) 263-7462
 info@hlcommission.org |  www.ncahlc.org

AWARDS

SCC awards the following to students who successfully complete a required program of study:

- Associate of Applied Science Degree
- Associate of Arts Degree
- Associate of Occupational Studies Degree
- Associate of Science Degree
- Certificate
- Diploma

CALENDAR

SCC operates on a quarter calendar system with terms that start in January (Winter), April (Spring), July (Summer) and October (Fall).

ENROLLMENT

The 2008 Fall Quarter enrollment was 10,557 students, the largest in school history. During the 2007-08 academic year, the College also served nearly 20,000 non-credit students enrolled in Continuing Education classes on the campuses and in communities throughout southeast Nebraska.

ENTREPRENEURSHIP CENTER

Located at 285 S. 68th St. Place in Lincoln, SCC's Entrepreneurship Center serves as a resource center for anyone interested in entrepreneurship. The center staff offers assistance to anyone interested in starting a business or looking for direction on their path to business independence. One floor of the center is dedicated to business incubation. The center also hosts credit and non-credit classes on entrepreneurship and is home to Lincoln Public School's Entrepreneurship Focus Program and the Information Technology Program.

HISTORY

The College has been operating in its current structure since July 1, 1973, when a statewide community college system was implemented by the Legislature. However, the campus in Milford existed long before 1973. The first postsecondary technical institution, exclusively offering two-year postsecondary degrees in vocational/technical programs, was established by the Nebraska Unicameral in 1941 at Milford. Operated by the Nebraska Department of Education, the school was originally established to meet the occupational education needs of the entire state. In 1971, the Legislature passed a bill which combined junior colleges (Fairbury, established in 1941, in SCC's area), state vocational/technical colleges, and the area technical schools into one system of two-year institutions. The consolidation originally established eight technical community college areas. The number was reduced to six when Lincoln merged with Southeast in 1973. As conceived in 1971, Nebraska community college areas were to be governed locally by elected boards. Southeast derives its operating revenue from three major sources: local property taxes, state aid (a combination of sales and income tax funds apportioned by the Legislature), and tuition.

LOCATIONS

The College operates primary campuses in Beatrice, Lincoln and Milford, as well as more than 20 off-campus sites within the 15 counties.

PRIMARY SERVICE AREA

The College serves the following 15 counties in southeast Nebraska:

Cass	Lancaster	Saline
Fillmore	Nemaha	Saunders
Gage	Otoe	Seward
Jefferson	Pawnee	Thayer
Johnson	Richardson	York

TECHNICAL & CAREER EDUCATION

Students may choose from applied technology programs grouped into seven divisions:

- 1) AGRICULTURE/FOOD/NATURAL RESOURCES DIVISION
- 2) BUSINESS DIVISION
- 3) COMMUNICATIONS & INFORMATION TECHNOLOGY DIVISION
- 4) COMMUNITY SERVICES & RESOURCES DIVISION
- 5) CONSTRUCTION & ELECTRONICS DIVISION
- 6) HEALTH SCIENCES DIVISION
- 7) TRANSPORTATION & MANUFACTURING DIVISION

Job opportunities in each area are growing as the demands for employees with technical knowledge and skills increase. Business and industry advisory groups provide suggestions on standards, trends, emerging technology and course content.

ACADEMIC TRANSFER EDUCATION

SCC offers the first two years of college course work for transfer to four-year colleges and universities within the **Arts & Sciences Division**. Students enrolled in the academic transfer program may earn an Associate of Arts or an Associate of Science Degree. Located within the division are Developmental Education, General Education, Humanities, Math, Science, and Social Science. Transfer of credits has become easier since the approval of the Nebraska Transfer Initiative in 1995. Students who begin their college careers at SCC, and transfer credits to a four-year college, graduate at rates comparable to those who began their college work at a four-year institution.

STUDENT ACTIVITIES

Each campus offers students opportunities to build leadership skills and friendships in organizations such as Student Senate and Phi Theta Kappa, the national community college scholastic honor society. Students may also participate in career-specific groups such as the Licensed Practical Nurses Association of Nebraska, and student chapters of such organizations as the Society of Manufacturing Engineers. In addition to career-related and scholastic groups, the Beatrice campus offers the following intercollegiate sports: men's and women's basketball, men's golf and baseball, and women's volleyball and softball. SCC-Beatrice also provides a variety of other activities, including art, theatre, and vocal and instrumental music. Each campus offers intramural sports and wellness centers where students can use exercise equipment and participate in aerobic and fitness activities.

HOUSING

SCC campuses in Beatrice and Milford offer residence hall living for single students. The Milford campus also has housing for married couples and single parents. The Lincoln campus maintains rental listings, city maps, and prices to assist students with their living arrangements.

PLACEMENT

In recent years, more than 90 percent of SCC graduates regularly report placement in training-related positions or in continued education following graduation. Most career program graduates receive multiple job offers, many before they graduate. Graduates are entitled to lifetime job placement services. In response to College surveys, employers report high satisfaction with the preparation and work habits of SCC graduates.

INSTRUCTION

SCC instructors are highly qualified. Academic instructors have completed master's degrees in their teaching fields. Some instructors have earned doctorates or have completed hours toward their doctoral degrees. Technical instructors have both formal and vocational education.

SERVICES

SCC provides students with a wide variety of services, such as academic advising, disability services, financial aid, tutoring, TRIO Student Support Services, and TRIO Upward Bound. Students also have access to cafeterias, ample parking, housing (Beatrice and Milford), and a child development center in Lincoln. The College provides libraries, computer labs with Internet access, and placement services. These services support classroom experiences and help make a college education more accessible to prospective students.

STUDENT POPULATION

Nearly half of the nation's first-time freshmen enroll at community colleges. More and more students take classes simultaneously at two colleges. Flexible schedules, cost, convenient locations and small classrooms make community colleges a good education investment. Nebraska community colleges and four-year institutions work together to make co-enrollment and transfer of credit as easy as possible.

STUDENT DIVERSITY

SCC values diversity and seeks to recruit and retain students from a variety of cultures, races and ethnic groups. The College values the heritage and viewpoint each student brings to the campuses and classrooms. SCC offers activities, services and recognitions celebrating diversity. Support programs are offered for students of a variety of races and cultures as well as single parents and persons who are entering non-traditional careers. SCC also welcomes students with disabilities and complies with the Americans with Disabilities Act. College programs and activities are based on the principle that all students have the right to obtain an education in a college environment free from all forms of discrimination and harassment.

BEATRICE CAMPUS

SCC-Beatrice Campus
4771 W. Scott Road
Beatrice, NE 68310-7042
402-228-3468, 800-233-5027

CHAPTER 11

P E R S O N N E L

Southeast Community College's faculty and staff concentrate on excellence in teaching and dedicate themselves to helping students prepare for successful careers. The College is governed by an 11-member Board of Governors, 10 of whom are elected by district to staggered four-year terms. One member is elected at large from the entire 15-county district for a four-year term. Advisory committees are chosen from the business and industrial areas to advise SCC in the planning, implementing and maintaining of our educational programs.

AAS, Southeast Community College, Milford, NE 1982; BS, Peru State College, Peru, NE 1984; MEd, AEDL University of Phoenix, Phoenix, AZ 2004

Doris Amanda Baron, Program Co-Chair/Instructor, Humanities/Spanish
BA, Santafé de Bogotá-Colombia, South America 1983; MA, Santafé de Bogotá-Colombia, South America 1988; PhD, University of Nebraska, Lincoln, NE 1999

Charles D. Barringer, Instructor, Mathematics and Statistics
BA, Nebraska Wesleyan University, Lincoln, NE 1970; MAT, University of Nebraska, Lincoln, NE 1972; EdS, University of Nebraska, Lincoln, NE 1976

Steven E. Bassett, Program Co-Chair/Instructor, Anatomy and Physiology
BA, Hastings College, Hastings, NE 1978; MS, Kearney State College, Kearney, NE 1982

Howard D. Bay, Instructor, Welding Technology
AA, Nebraska Vocational Technical School, Milford, NE 1968

Betsy Becker, Program Chair/Instructor Physical Therapist Assistant
MA, University of Nebraska Medical Center, Omaha, NE 1999

William C. Beltz, Program Chair/Instructor, Academic Education/Business Administration
BA, Wayne State College, Wayne, NE 1970; MEd, University of Nebraska, Lincoln, NE 1981

Michael P. Berg, Instructor, Machine Tool Technology
AAS, Southeast Community College, Milford, NE 1983

Nichole Berney, Instructor, Dental Assisting
Diploma, Southeast Community College, Lincoln, NE 2003

Linda A. Bettinger, Program Co-Chair/Instructor, Computer Information Technology
BA, Nebraska Wesleyan University, Lincoln, NE 1976; MA, University of Nebraska, Lincoln, NE 1978

Janis K. Bible, Program Chair/Instructor, Medical Laboratory Technology
BA, Doane College, Crete, NE 1968; MT (ASCP), Lincoln General Hospital School of Medical Technology, Lincoln, NE 1969

Sheri Blok, Instructor, Speech
AA, Grand Rapids Community College, Grand Rapids, MI 1986; BA, Central Michigan University, Mount Pleasant, MI 1989; MA, Central Michigan University, Mount Pleasant, MI 1992; PhD, University of Nebraska, Lincoln, NE 2002

Jeff Boaz, Instructor, Heating, Ventilation, Air Conditioning, & Refrigeration Technology
HVAC/R Degree, Redwing Area Vocational Technical Institute, Red Wing, MN 1981; BA, Concordia University, Seward, NE 1998

John Bockoven, Instructor, Machine Tool Technology
AAS, Southeast Community College, Milford, NE 1990

Donald L. Bossung, Instructor, Computer Information Technology
Diploma, Southeast Community College, Lincoln, NE 1983; AAS, Southeast Community College, Lincoln, NE 1999

Lester E. Breidenstine, Instructor, Diesel Technology
AAS, Southeast Community College, Milford, NE 1972

Dean A. Bruha, Instructor, Automotive Technology and Diesel Technology-Truck
AAS, Southeast Community College, Milford, NE 1976

Tracy Buch, Instructor, Clinical Radiologic
AAS, Washburn University, Topeka, KS 1996; BA, Bellevue University, Bellevue, NE 2007; MA, Bellevue University, Bellevue, NE 2008

Paul J. Buell, Instructor, Architectural-Engineering Technology
AAS, Southeast Community College, Milford, NE 1980

Amanda Buman, Instructor, Dental Assisting
BS, University of Nebraska, Lincoln, NE 2003; Diploma, Southeast Community College, Lincoln NE 2005

Gregory M. Burroughs, Program Chair/Instructor, Fire Protection Technology
AS, Sierra Community College, Rocklin, CA 1990; BS, California State University, Sacramento, CA 1993

Rebecca M. Burt, Instructor, Life Sciences
BA, Chadron State College, Chadron, NE 1984; MA, University of Nebraska, Omaha, NE 1988

Doris L. Buttell, Instructor, Business Administration/Office Professional Program
BA, Kearney State College, Kearney, NE 1970; MEd, University of Nebraska, Lincoln, NE 1990

William C. Campbell, Instructor, Social Sciences
BS, University of Nebraska, Lincoln, NE 1974; MEd, Peru State College, Peru, NE 1988

Roxana Carlo, Instructor, Psychology
AA, Miami-Dade Community College, Miami, FL 1983; BA, Florida International University, Miami, FL 1986; MC, Arizona State University, Tempe, AZ 1990

Roger Carpenter, Instructor, Physic/Mathematics
BS, Wayne State College, Wayne, NE 1969; MA, University of South Dakota, Vermillion, SD 1972

Alan L. Carter, Instructor, Machine Tool Technology
AAS, Southeast Community College, Milford, NE 1974

Andrew Case, Instructor, Math/Science
BSN, University of Nebraska Medical Center, Omaha, NE 1995; MSN, University of Nebraska Medical Center, Omaha, NE 1999

Erin C. Caudill, Instructor, Food Service/Hospitality
BA, University of Nebraska, Lincoln, NE 1975; MS, University of Nebraska, Lincoln, NE 1979

Bridget Christensen, Instructor, Sociology
BA, University of Nebraska, Lincoln, NE 1993; MA, State University of New York, Binghamton, NY 1995

Mark Christensen, Instructor, GM Automotive Service Education Program (ASEP)
BS, University of Nebraska, Lincoln, NE 1985; AAS, Southeast Community College, Milford, NE 1990

Sheri Christensen, Instructor, Physics – Academic Education
AA, Southeast Community College, Lincoln, NE 1982; BS, University of Nebraska, Lincoln, NE 1984; MEd, Concordia University, Seward, NE 2007

Kevin Christiansen, Instructor, Horticulture
BS, University of Nebraska, Lincoln, NE 1991

Lois E. Cockerham, Instructor, Food Service/Hospitality
BS, University of Nebraska, Lincoln, NE 1971; Certificate, Southeast Community College, Lincoln, NE 1982

Joyce Colombe, Instructor, Medical Laboratory Technology
BS, University of Nebraska Medical Center, Omaha, NE 1976; MEd, University of Nebraska, Lincoln, NE 2002

Carol Connors, Instructor, Office Professional Program
BS, University of Nebraska, Lincoln, NE 1973; MEd, Doane College, Crete, NE 2007

Tracy Corr, Instructor, Business Administration Program
AAS, Hamilton College, Lincoln, NE 1994; BA, Doane College, Crete, NE 2001; Master's of Professional Accountancy, University of Nebraska, Lincoln, NE 2002

Roxann Coudeyras, Instructor, Office Professional Program
AAS, Peru State College, Peru, NE 1977; BS, University of Nebraska, Lincoln, NE 1979; MS, University of Nebraska, Lincoln, NE 1989

Lori Crawford, Instructor, Practical Nursing
BSN, University of NE Medical Center, Omaha, NE 2001; MSN, Nebraska Wesleyan University, Lincoln, NE 2008

Kelly Cummins, Instructor, Respiratory Care
AAS, Southeast Community College, Lincoln, NE 2001; BS, Wayne State College, Wayne, NE 1996

Paul Cummins, Instructor, Electrical and Electromechanical Technology
AAS, Southeast Community College, Lincoln, NE 1984

Patricia Dankenbring, Instructor, Mathematics
BS, Lincoln University of Missouri, Jefferson City, MO 1972; MA, University of Nebraska, Lincoln, NE 1994

Beth Deinert, Instructor, Academic Education/Business Administration
BS, University of Nebraska, Lincoln, NE 1992; MEd, University of Nebraska, Lincoln, NE 1997; PhD, University of Nebraska, Lincoln, NE 2007

Linda Delgado, Instructor, Coding Certificate
BS, Chadron State College, Chadron, NE 1973; ART, American Medical Record Association 1988

Danny DeLong, Instructor, English
BA, Kearney State College, Kearney, NE 1969; MEd, University of Nebraska, Kearney, NE 1995

Waylon DeLong, Instructor, Nondestructive Testing Technology
AAS, Southeast Community College, Milford NE 2003

Michael DeWitt, Instructor, Radiologic Technology
AAS, Southeast Community College, Lincoln, NE 1999; BS, Bellevue University, Bellevue, NE 2005

Sharon K. Dexter, Program Co-Chair/Instructor, Office Professional Program & Business Administration
BA, Nebraska Wesleyan University, Lincoln, NE 1969; MEd, University of Nebraska, Lincoln, NE 1991

Hildy A. Dickinson, Instructor, Computer Programming Technology
AAS, Southeast Community College, Milford, NE 1983

Matthew Donner, Instructor, Welding Technology
AAS, Southeast Community College, Milford, NE 2006

Carla Dorman, Instructor, Land Surveying/Civil Engineering Technology
AAS, Southeast Community College, Milford, NE 1990

Richard L. Douglass, Instructor, Agriculture
BS, University of Nebraska, Lincoln, NE 1965; MS, University of Nebraska, Lincoln, NE 1968; PhD, University of Nebraska, Lincoln, NE 1971

Cheri Dragoo, Instructor, Business Administration
AA, Johnson County Community College, Overland Park, KS 1988; BS, Avila College, Kansas City, MO 1991; MA, Doane College, Crete, NE 1996

Alan D. Earhart, Instructor, Chemistry
AS, Grossmont College, El Cajon, CA 1998; BS, San Diego State University, San Diego, CA 1993; MS, The Ohio State University, Columbus, OH 1998

Robert L. Eddy, Jr., Program Chair/Instructor, Math/Science, Chemistry
BS, Chadron State College, Chadron, NE 1972; MS, Kearney State College, Kearney, NE 1984

Karl Eickhoff, Instructor, Automotive Technology
AAS, Southeast Community College, Milford, NE 1994

Mark W. Eilers, Program Chair/Instructor, Manufacturing Engineering Technology
AAS, Southeast Community College, Milford, NE 1992; BS, Bellevue University, Bellevue, NE 1996

Denise Elmer, Instructor, Humanities/Speech
ADN, Kellogg Community College, Battle Creek, MI 1982; BS, University of Mary, Bismarck, ND 1998; MS, North Dakota State University, Fargo, ND 2000

Wayne A. Embrey, Instructor, Automotive/Diesel Instructor
NOCTI, University of Nebraska, Kearney, NE 1992

Karen Emerson, Instructor, Office Professional Program
BS, University of Nebraska, Lincoln, NE 1978; MEd, Doane College, Crete, NE 2007

Pat Enevoldsen, Instructor, Early Childhood Education
BS, University of Nebraska, Lincoln, NE 1970

Elizabeth England, Instructor, Humanities/Art
BFA, Nebraska Wesleyan University, Lincoln, NE 1995; MFA, University of Wisconsin, Madison, WI 1998

Michael Estes, Instructor, Heating, Ventilation, Air Conditioning, & Refrigeration Technology
BS, Kansas State University, Manhattan, KS 1970; MS, Kansas State University, Manhattan, KS 1971; AAS, Southeast Community College, Milford, NE 1997

Daniel Everhart, Instructor, Developmental English
BA, Drake University, Des Moines, IA 1990; MA, Drake University, Des Moines, IA 1993

Kimberly A. Fangman, Instructor, English
BA, Briar Cliff College, Sioux City, IA 1988; MA, The University of Iowa, Iowa City, IA 1989

Barbara Fechner, Instructor, Business Administration
AS, Community College of Denver, Denver, CO 1971; BA, Metropolitan State College, Denver, CO 1975; MBA, University of Texas, El Paso, TX 1995

John W. Fiedler, Program Chair/Instructor, Electronic Systems Technology
Diploma, Lincoln High School, Lincoln, NE 1971

Kelly Findley, Program Co-Chair Radiologic Technology
AAS, University of Nebraska Medical Center, Omaha, NE 1979; BS, Bellevue University, Bellevue, NE 2005

Daniel Fogell, Instructor, Anatomy/Physiology/ Biology
BS, University of Nebraska, Omaha, NE 1997; MA, University of Nebraska, Omaha, NE 2000

Dolen D. Freeouf, Instructor, Physics/Mathematics
BA, Doane College, Crete, NE 1965; MEd, University of Nebraska, Lincoln, NE 1974

Mark Fuerniss, Instructor, Mathematics
BS, Regis College, Denver, CO, 1969; MST, University of Nebraska, Lincoln, NE 1980; MS, University of Nebraska, Lincoln, NE 1982

Gene L. Furry, Instructor, Automotive Technology
Diploma, Southeast Community College, Milford, NE 1971

John D. Gabelhouse, Program Chair/Instructor, Machine Tool Technology
AAS, Nebraska Vocational Technical College, Milford, NE 1970

Ben Galatzan, Instructor, Associate Degree Nursing
ADN, Mid Plains Community College, North Platte, NE 1994; BSN, University of Nebraska Medical Center, Lincoln, NE 2002

Mary "Pat" Galitz, Instructor, Business Administration
BS, University of Nebraska, Lincoln, NE 1983; MA, University of Nebraska, Lincoln, NE 1995

Jeannette Gallagher, Instructor, Speech
BS, Kearney State College, Kearney, NE 1987; MS, Kearney State College, Kearney, NE 1989

Deborah Gaspard, Instructor, Business Administration
BA, Tulane University, New Orleans, LA 1997; MBA, Tulane University, New Orleans, LA 2000

Elizabeth Gausman, Instructor, Early Childhood Education
BS, University of Minnesota, Twin Cities, MN 1979; MS, Capella University, Minneapolis, MN 2005

Casey Glassburner, Instructor, Surgical Technology
AAS, Southeast Community College, Lincoln, NE 2005

Mark Goes, Instructor, Agriculture Business & Management Technology
BS, University of Nebraska, Lincoln, NE 1986

Randall L. Goldsmith, Instructor, Electronic Systems Technology
AAS, Southeast Community College, Milford, NE 1983

Jeanette M. Goodwin, Program Chair/Instructor, Medical Assisting
Diploma, St. Vincent's Hosp. School of Nursing, Sioux City, IA 1963; BS, University of Nebraska, Lincoln, NE 1980; BSN, Union College, Lincoln, NE 1990

David B. Grant, Instructor, Professional Truck Driver Training
Diploma, Lincoln Northeast High School, Lincoln, NE 1964
Nebraska CDL

Bethanie Grass, Instructor, Early Childhood Education
BS, Chadron State College, Chadron, NE 1991

Lyle Gruntorad, Instructor, Professional Truck Driver Training
Diploma, Malcolm High School, Malcolm, NE 1958; Nebraska CDL

Gordon Haag, Instructor, Business Administration
AAS, McCook College, McCook, NE 1976; BA, Kearney State College, Kearney, NE 1979; MEd, Doane College, Crete, NE 2000

Paul Haar, Instructor, Physics
AB, University of Chicago, Chicago, IL 1989; PhD, Stanford University, Stanford, CA 1996

Nancy Hagler-Vujovic, Program Co-Chair/Instructor, Art
BA, Northeastern Illinois University, Chicago, IL 1981; MA, Northern Illinois University, DeKalb, IL 1985; MFA, University of Wyoming, Laramie, WY 1990

Shannon Hansen, Program Chair/Instructor, Welding Technology
AA, Western Community College, Sidney, NE 1986; AAS, Southeast Community College, Milford, NE 1990; Bachelor of Technology Division of CE, Peru State College, Peru, NE 1999

Brandon Harpster, Instructor, Food Service / Hospitality
AAS, Southeast Community College, Lincoln, NE 2000

Linda Hartman, Instructor, Business Administration
AA, McCook Community College, McCook, NE 1984; BS, Kearney State College, Kearney, NE 1986; MS, University of Lincoln, Lincoln, NE 2006

Mark J. Hawkins, Instructor, Welding Technology
AAS, Southeast Community College, Milford, NE 1981

Carolyn "Carrie" L. Rocco Healy, Instructor, Human Services
AAS, Southeast Community College, Lincoln, NE 1981; BS, University of Nebraska, Lincoln, NE 1983; MS, University of Nebraska, Lincoln, NE 1984

Susanne Helms, Instructor, Chemistry
BS, College of St. Mary, Omaha, NE 1990; MS, University of Nebraska, Lincoln, NE 1993

David Hennings, Instructor, Chemistry, Physics/Math
BS, University of Nebraska, Omaha, NE 1964; MS, University of Nebraska, Omaha, NE 1969; PhD, University of Nebraska, Omaha, NE 1980

Karen A. Hermesen, Program Chair/Instructor, Office Professional Program
BS, University of Nebraska, Lincoln, NE 1973; ME, University of Nebraska, Lincoln, NE 1990

Sally Herrin, Instructor, English
BA, Indiana University, Bloomington, IN 1973; MS, Louisiana State University, Baton Rouge, LA 1974; MA, University of Nebraska, Lincoln, NE 1977; PhD, University of Nebraska, Lincoln, NE 1983

Virginia Ann Hess, Program Chair/Instructor, Associate Degree Nursing
Diploma, Lincoln School of Nursing, Lincoln, NE 1970; BS Education, University of Nebraska, Lincoln, NE 1987; MSN, Andrews University, Berrien Springs, MI 1992

Crystal R. Higgins, Program Chair/Instructor, Practical Nursing
Diploma, RN, Nebraska Methodist Hospital School of Nursing, Omaha, NE 1975; BSN, University of Nebraska Medical Center, Omaha, NE 1987; MS, Andrews University, Berrien Springs, MI 1992

Thomas A. Hohman, Instructor, Diesel Technology
AAS, Fairbury Junior College, Fairbury, NE 1972; BS, University of Nebraska, Lincoln, NE 1974

Sandeep Holay, Program Co-Chair/Instructor, Mathematics/Science
BSC, University of Poona-India 1983; MSC, University of Poona-India 1985; MS, Purdue University, West Lafayette, IN 1989; PhD, University of Nebraska, Lincoln, NE 1994

Susan K. Holland, Instructor, Business Administration
BS, University of Nebraska, Lincoln, NE 1982; MEd, University of Nebraska, Lincoln, NE 1987

SOUTHEAST Community College - Nebraska

Brandon Holt, Instructor, Radiologic Technology
AAS, Southeast Community College, Lincoln, NE 2001

Rick Horne, Instructor, Surgical Technology
AAS, Southeast Community College, Lincoln, NE 2005

Jamie Hosler, Instructor, Respiratory Care
AAS, Southeast Community College, Lincoln, NE 1988; BS, Doane College, Crete, NE 2008

Martha Howe, Instructor, Practical Nursing
LPN, Fairbury Junior College, Fairbury, NE 1974; RN, Bryan Memorial Hospital, Lincoln, NE 1988; BSN, Nebraska Wesleyan University, Lincoln, NE 1997; MSN, Nebraska Wesleyan University, Lincoln, NE 2002

Anton Humlicek, Instructor, Automotive Technology
AAS, Southeast Community College, Milford, NE 1985

Mick Hutcheson, Instructor, Motorcycle, ATV, & Personal Watercraft Technology
AAS, Area II Community College, Ankeny, IA 1970; Bachelor Technology-Supervision, Peru State College, Peru, NE 2000

Elizabeth Isemann, Instructor, Political Science
BA, Truman State University, Kirksville, MO 1992; MA, Miami University of Ohio, Oxford, OH 1994

James Isemann, Instructor, History
BA, Truman State University, Kirksville, MO 1991; MA, Truman State University, Kirksville, MO 1992

Celia Ison, Instructor, Anatomy/ Physiology/ Biology
BS, University of Central Arkansas, Conway, AR 1988; MS, University of Central Arkansas, Conway, AR 1999

Jeffery Ives, Instructor, Electronic Systems Technology
AAS, Southeast Community College, Lincoln, NE 2000

Mark A. Jacobsen, Instructor, Automotive Technology
AAS, Southeast Community College, Lincoln, NE 1982

Linda C. Jaeger, Instructor, Office Professional Program
BS, University of Nebraska, Lincoln, NE 1979; MEd, University of Nebraska, Lincoln, NE 1983

Edward Janousek, Instructor, Food Service/Hospitality
AAS, Southeast Community College, Lincoln, NE 1994; BA, St. Thomas University, St. Paul, MN 1973

Barbara A. Jauken, Instructor, Computer Information Technology
AAS, McCook Community College, McCook, NE 1974; BS, Kearney State College, Kearney, NE 1983

Ken L. Jefferson, Program Chair/Instructor, Automotive Technology/ Motorcycle, ATV, & Personal Watercraft Technology
AAS, Southeast Community College, Milford, NE 1970; Bachelor of Technology, Peru State College, Peru, NE 2002

Donald Jenkins, Program Chair/Instructor, Criminal Justice
BA, Doane College, Crete, NE 1990; MAA, Doane College, Crete, NE 1998

Jeff Jensby, Instructor, Agribusiness
BS, Kansas State University, Manhattan, KS 1986

Jeanine Jewell, Instructor, English
BA, University of Iowa, Iowa City, IA 1977; MA, Western Washington University, Bellingham, WA 1996; PhD, University of Nebraska, Lincoln, NE 2005

Daniel B. Johnson, Program Co-Chair/Instructor, Social Sciences
BS, Iowa State University, Ames, IA 1975; MS, Iowa State University, Ames, IA 1977

Douglas A. Johnson, Instructor, Business Administration
BS, Nebraska Wesleyan University, Lincoln, NE 1973

Todd Johnson, Instructor, Business Administration
BS, Kearney State College, Kearney, NE 1987; MBA, University of Nebraska Omaha, Omaha, NE 1994

Keith E. Jones, Instructor, Diesel Technology- Truck
Diploma, Central Community College, Hastings, NE 1972

Veronica Jones-Aki, Instructor, Human Services
BA, Rider University, Lawrenceville, NJ 1979

Kim Jordening, Instructor, Agriculture Business & Management Technology
Certificate, Fairbury Junior College, Fairbury, NE 1971; BS, University of Nebraska, Lincoln, NE 1974

Michael J. Kadavy, Instructor, Human Services
AAS, Southeast Community College, Lincoln, NE 1981; BS, College of St. Mary, Omaha, NE 1986

Scott A. Kahler, Program Chair/Instructor, Machine Tool Technology
AAS, Southeast Community College, Milford, NE 1977; BS, University of Nebraska, Lincoln, NE 1981

Deb Kay, Instructor, Office Professional Program
BS, University of Nebraska, Lincoln, NE 1982; MA, University of Nebraska, Lincoln, NE 1984

Mike F. Keating, Program Chair/ Instructor, Visual Publications
BA, University of Great Falls, Great Falls, MT 1979; BS, Montana State University, Bozeman, MT 1989; MEd, Montana State University, Bozeman, MT 1999

John V. Kenkel, Instructor, Laboratory Science Technology
BS, Iowa State University, Ames, IA 1970; MA, University of Texas, Austin, TX 1972

Patty H. Killman, Instructor, Office Professional Program
AAS, Wichita State University, Wichita, KS 1972; BA, Wichita State University, Wichita, KS 1974

Laurie Kilzer, Instructor, Computer Information Technology
Diploma, Southeast Community College, Lincoln, NE 1988; AAS, Southeast Community College, Lincoln, NE 1998; BA, Bellevue University, Omaha, NE 2007

Brian Kirchner, Instructor, English
BS, Emporia State University, Emporia, Kansas 1990; MA, Emporia State University, Emporia, Kansas 1992; MFA, University of Alabama, Tuscaloosa, AL 1995

Janet Kirchner, Instructor, English/Developmental Writing
BA, Regis University, Denver, CO 1990; MA, University of Alabama, Tuscaloosa, AL 1993

Jonathan Kisby, Instructor, Automotive and Diesel
AAS, Southeast Community College, Milford, NE 1994

Karen A. Koch, Instructor, Architectural-Engineering Technology
AAS, Southeast Community College, Milford, NE 1998; BA, University of Nebraska, Kearney, NE 1991

Randall Koch, Instructor, Machine Tool Technology
AAS, Southeast Community College, Lincoln, NE 1999

Rob Koch, Instructor, Automotive Technology
AAS, Southeast Community College, Milford, NE 1986; BA, University of Nebraska, Kearney, NE 1990

Richard Louis Kohn, Instructor, Business Administration
BS, University of Nebraska, Lincoln, NE 1975; JD, University of Nebraska College of Law, Lincoln, NE 1982

Julie Kohtz, Instructor, Computer Programming Technology
AAS, Southeast Community College, Milford, NE 1991

James Kollars, Instructor, Machine Tool Technology
Nebraska Vocational Technology College, Milford, NE 1970

Crystal Kozak, Instructor, Early Childhood Education
BS, University of Nebraska, Lincoln, NE 1990

Russel Kreis, Instructor, Electronic Systems Technology
AAS, Community College of the Air Force, 1992; AAS, Mississippi Gulf Coast Community College, Gulfport, MS 1993; BS, University of Southern Mississippi, Hattiesburg, MS 2004

Cynthia Kreps, Instructor, Surgical Technology
AAS, Southeast Community College, Lincoln, NE 1998

Nancy M. Krumland, Co-Chair Instructor, Business Administration
BS, University of Nebraska, Lincoln, NE 1975; MS, University of Nebraska, Lincoln, NE 1979

Terry Kuebler, Instructor, Motorcycle, ATV, & Personal Watercraft Technology
Diploma, Southeast Community College, Lincoln, NE 2001

Jerry Kumke, Instructor, Automotive Technology
AAS, Southeast Community College, Milford, NE 1986

Denise W. Lagueux, Instructor, Practical Nursing
LPN, Diploma, Southeast Community College, Lincoln, NE 1981; ADN, College of St. Mary, Omaha, NE 1990; BSN, Nebraska Wesleyan University, Lincoln, NE 1998; MSN, University of Nebraska Medical Center, Omaha, NE 2003

David F. Lamb, Instructor, Human Services
BA, Texas Technological University, Lubbock, TX 1971

Janelle J. Lamb, Instructor, Office Professional Program
BS, University of Nebraska, Lincoln, NE 1975

Toni Landenberger, Program Co-Chair/Instructor, Business Administration/Office Professional Program
BS, Peru State College, Peru, NE 1993; MEd, University of Nebraska, Lincoln, NE 2001

Luann Larsen, Instructor, Psychology
BA, University of Nebraska, Lincoln, NE 1982; MA, University of Nebraska, Lincoln, NE 1987

Dale Lawver, Instructor, John Deere Tech
AAS, Southeast Community College, Milford, NE 1992

Karen K. Lay, Instructor, Office Professional Program
BS, University of Nebraska, Lincoln, NE 1970

Kristin Lewis, Instructor, Respiratory Care
BS, Midland Lutheran College, Fremont, NE 1989

Patricia Lorenz, Instructor, Practical Nursing
RN Diploma, Bryan School of Nursing, Lincoln, NE 1971; BSN, Nebraska Wesleyan University, Lincoln, NE 2000; MSN, Nebraska Wesleyan University, Lincoln, NE 2008

Wendy Love, Instructor, Architectural-Engineering Technology
AAS, Southeast Community College, Milford, NE 1990

Julie MacDonald, Instructor, English
BA, Rutgers University, New Brunswick, NJ 1989; MFA, Wichita State University, Wichita, KS 1996

Sheryl L. Malchow, Instructor, Office Professional Program
BA, Kearney State College, Kearney, NE 1968; ME, University of Nebraska, Lincoln, NE 1977

Tonya Maloy, Instructor, Medical Assisting Program
ADN, Southeast Community College, Lincoln, NE 1997; BSN, University of NE Medical Center, Omaha, NE 2005

Melinda Martinson, Instructor, Associate Degree Nursing
BSN, Nebraska Wesleyan University, Lincoln, NE 2006

Dan D. Masters, Program Chair/Instructor, Computer Aided Design Drafting
AAS, Southeast Community College, Lincoln, NE 1967

Theresa Mattern, Instructor, Radiologic Technology
AAS, Southeast Community College, Lincoln, NE 1995

George H. Matzen, Instructor, Manufacturing Engineering Technology
AAS, Southeast Community College, Milford, NE 1972; BS, University of Nebraska, Lincoln, NE 1979

Steven McConnell, Instructor, Biological Sciences
BS, University of Nebraska, Lincoln, NE 1981; MS, University of Nebraska, Lincoln, NE 1983

Danny McCulloch, Instructor, Welding Technology
AAS, Southeast Community College, Lincoln, NE 1998

Aditha McLaughlin, Instructor, Adult Basic Education
BA, Northwest Missouri State University, Maryville, MO 1972

Dennis J. Medinger, Program Chair/Instructor, Parts Marketing and Management
Diploma/AAS, Southeast Community College, Milford, NE 1978; BS, University of Nebraska, Lincoln, NE 1998

Judy Mieth, Instructor, Radiologic Technology
BS, University of Nebraska, Lincoln, NE 1978; MS, Wayne State College, Wayne, NE 2005

Richard Mildenerberger, Instructor, Computer Information Technology
BA, Hofstra University, Hempstead, NY 1974; Diploma, Southeast Community College, Lincoln, NE 1987; AAS, Southeast Community College, Lincoln, NE 1999

April Minster, Instructor, Practical Nursing Program
BSN, University of NE Medical Center, Omaha, NE 2004

Tim Mittan, Instructor, Business Administration
BS, Peru State College, Peru, NE 1986; MA, Doane College, Crete, NE 2001

Robin D. Monroe, Program Co-Chair/Instructor, Laboratory Science Technology
BA, St. Cloud State College, Saint Cloud, MN 1971; BA, St. Cloud State University, Saint Cloud, MN 1973; MA, St. Cloud State University, Saint Cloud, MN 1975

Rick D. Morphew, Program Chair/Instructor, Automotive Technology/CAP/ASEP/ASSET
AAS, Iowa Lakes Community College, Estherville, IA 1972

Todd Morrill, Instructor, Chrysler Dealer Apprenticeship Program (CAP)
AA, Northeast Community College, Norfolk, NE 1984

Mabel Morton, Instructor, Practical Nursing
ADN, Park College, Parkville, MO 1998; BSN, University of Phoenix, Phoenix, AZ 2006; MSN, Nebraska Wesleyan University, Lincoln, NE 2008

Robert J. Moyer, Instructor, Mathematics
BS, University of Nebraska, Lincoln, NE 1990
MS, University of Nebraska, Lincoln, NE 1993

Dale Mueller, Program Chair/Instructor, Land Surveying/Civil Engineering Technology
AS, St. Cloud Technical College, St. Cloud, MN 1997

Jennifer Muller, Instructor, Visual Publications
BA, University of Nebraska, Lincoln NE 2005

Donald P. Mumm, Program Co-Chair/Instructor, Laboratory Science Technology
BS, Dana College, Blair, NE 1972; MA, University of Texas, Austin, TX 1975

Susan Nelsen, Instructor, Developmental Studies
BA, Wayne State College, Wayne, NE 1981; MA, Doane College, Crete, NE 1994

Richard Nielsen, Jr., Instructor, English
BA, Yankton College, Yankton, SD 1977; MA, University of South Dakota, Vermillion, SD 1980; PhD, University of Nebraska, Lincoln, NE 1991

Barbara Neuwerth, Instructor, Academic Education
AS, Northern Montana College, Havre, MT 1984; Bachelor of Technology, Northern Montana College, Havre, MT 1984; MBA, Northern Arizona University, Flagstaff, AZ 1990

Beverly Niewohner Harvey, Program Co-Chair/Instructor, Radiologic Technology
AAS, Southeast Community College, Lincoln, NE 1989; BS, Bellevue University, Bellevue, NE 1998; MEd, University of Nebraska, Lincoln, NE 2002

Dana Nimic, Instructor, Mathematics
Diploma, Southeast Community College, Lincoln, NE 1984; BS, University of Nebraska, Lincoln, NE 1988; MSA, University of Nebraska, Lincoln, NE 1990; MS, University of Nebraska, Lincoln, NE 1991

Shirley Noble, Instructor, Medical Laboratory Technology
BS, Ohio State University, Columbus, OH 1977; MS, Ohio State University, Columbus, OH 1981

Gerald D. Norris, Instructor, Automotive Technology
AAS, Southeast Community College, Milford, NE 1981

Francine M. Oran, Instructor, Medical Assisting
Medical Assistant, Diploma, Institute of Medical-Dental Technology, Mesa, AZ 1982; BS, Arizona State University, Tempe, AZ 1992

Steven B. Ottmann, Instructor, Mathematics/Physics
BS, University of Nebraska, Lincoln, NE 1972

Mark Packard, Instructor, Sociology
BS, Morningside College, Sioux City, IA 1973; Teaching Cert, Morningside College, Sioux City, IA 1980; MS, University of Nebraska, Lincoln, NE 1992

Susan Pallas, Instructor, Accounting
BA, Chadron State College, Chadron, NE 1987; MBA, University of Nebraska, Omaha, NE 1997

Renea Panska, Instructor, Mathematics
BS, Mississippi University for Women, Columbus, MS 1967; MAT, University of Nebraska, Lincoln, NE 1983

Theresa Parker, Instructor, Human Services/Long Term Care
AAS, Southeast Community College, Lincoln, NE 1985; BA, College of Saint Mary, Omaha, NE 1988

Duane Parrish, Program Chair/Instructor, Welding Technology
Diploma, Chase County High School, Imperial, NE 1967

Charlotte L. Pasco, Program Chair/Instructor, Respiratory Care
Certificate, School of Respiratory Therapy-Sioux Valley, Sioux Valley, IA 1972; Diploma, Creighton University, Omaha, NE 1981; BA, Doane College, Crete, NE 1997

Glenn E. Pasho, Program Chair/Instructor, Heating, Ventilation, Air Conditioning, Refrigeration & Major Appliance Repair
AAS, Stevens Trade School, Lancaster, PA 1979; AAS, University of South Dakota, Vermillion, SD 1981; BS, University of South Dakota, Vermillion, SD 1982

Carol Ann Penrosa, Instructor, Associate Degree Nursing
BSN, Union College, Lincoln, NE 1976; MSN, Andrews University, Berrien Springs, MI 1989

Stanley J. Peters, Instructor, Business Administration
BS, University of Nebraska, Lincoln, NE 1978
MBA, University of Nebraska, Lincoln, NE 1983

Merrill Peterson, Program Chair/Instructor, Graphic Design
