

SENCAP

QUARTERLY NEWSLETTER FROM THE DUAL CREDIT TEAM

So many students succeed as they find their path to possible!

Kaylin Smith, of Sterling High School ultimately enrolled in the Southeast Nebraska Career Academy Partnership

(SENCAP) to take college classes and explore different careers. She challenged herself academically in SENCAP, which helped her become a better student and changed her program of study in college. Smith is enrolled at the SCC Beatrice Campus in the Health Sciences transfer pathway this fall.

Jon Craig, a senior at Falls City High School, will be a freshman at Peru State College this fall. He already knows he wants a career in the medical field thanks to a job shadow opportunity through SENCAP. "I particularly enjoyed the job shadow because it showed me what a day in the life of a college athletic trainer is like." In SENCAP, he set academic and personal goals for himself. The goal-setting process taught him how much work you have to put in to achieve them.

Thank you & happy retirement, Jim Moore!

Jim Moore was a retired administrator from Crete Public Schools when he came to our program in 2020, as a SENCAP Coordinator serving students in the southwest region of our service area. High schools such as: Fillmore-Central, Shickley, Deshler and Fairbury saw his smiling face during his weekly visits! Summer of 2023 brings change for Jim as he is retiring from our program and looks forward to a much different role as a full-time Grandpa in Arkansas. Best of luck to you and your family! We will miss that great smile, Jim!
