

► Associate of Applied Sciences

► Lincoln Campus

» southeast.edu

Spring Semester:

- Starts in January
- Full-time only
- Lincoln Campus (face-to-face option)
- 4 semesters + 2 summer terms

The face-to-face option includes attending class and labs in-person on the Lincoln Campus.

The Medical Laboratory Technology program has limited spots, and admission is competitive. Not all applicants will be accepted.

Are you new to SCC and/or do not have placement test scores or have not completed college level English or math courses?

Getting Started

Application to the SCC Medical Laboratory Technology program involves two steps. First, students must achieve specific math and reading test scores or complete specific English and math college courses to be eligible to be admitted to their program. Second, once students achieve the required test scores or complete required courses, they can apply to the program. SCC Admissions and Advising staff are available to assist with the application process and course selection.

Keep in mind that each student's path may differ based on goals, past coursework, and start date.

If you are unsure where to start, contact admissions@southeast.edu or call 402-437-2600 for assistance.

Requirements

The Medical Laboratory Technology program requires the following reading and math levels:

- **Reading/Writing:** Completion of Intermediate Reading/Writing (ENGL 0985 or higher) with a grade that will allow you to register for Composition I (ENGL 1010) or higher or place into Composition I (ENGL 1010)
- **Math:** Completion of Beginning Algebra (MATH 0950) with a grade that will allow you to register for Intermediate Algebra (MATH 1100) or place into Intermediate Algebra (MATH 1100 or higher) The Admissions Office can advise you on your placement needs

There are two ways to demonstrate reading and math proficiency:

1. You can submit placement test scores or an official transcript showing completion of college level English and math courses.

- » SCC accepts the ACT, SAT, and Next-Generation ACCUPLACER. Math scores are valid for three years and reading scores are valid for five years. Score reports can be submitted directly to admissions@southeast.edu. Score reports must contain your full name and date of test.

2. Complete appropriate levels of English and math courses.

- » If you have completed English and/or math courses at SCC, the College will have your courses and grades on file; you will not need to submit documentation.
- » If you have completed English and/or math courses with a C or better at another college or university, submit an official transcript to the Registration & Records Office.

If you have not yet taken the ACT, SAT, or Next-Generation ACCUPLACER or have not completed college-level English and math courses, contact the SCC Testing Center to schedule a time to take the Next-Generation ACCUPLACER.

If you meet the levels stated above, refer to the next page for the steps to apply directly to the Medical Laboratory Technology program. ***If you do not meet the levels stated above***, you will apply to the Health Sciences program to complete the required coursework. See the steps on the reverse side.

An Admissions staff member can assist you in determining your English/reading and math levels. Contact Admissions at admissions@southeast.edu.

When to Apply

You will apply to the Medical Laboratory Technology program during the time period below.

► Spring Semester (January start)

Apply September 1 – October 15

First review of applications will begin October 16th and notification of acceptance will occur on or after November 15.

Please note the following:

- The program uses a selection process to determine admission
- Incomplete applications will not be reviewed if missing requirements
- Applicants must resubmit all documents during each application period

How to Apply

Application to the Medical Laboratory Technology program requires students to demonstrate specific levels in English and math (see inside panel).

1

Apply

Apply to the **Medical Laboratory Technology** program at southeast.edu/applynow within the time period noted above for your intended start date.

2

Meet Reading & Math Requirements

Acceptance to the Medical Laboratory Technology program requires:

• Reading/Writing:

» Completion of Intermediate Reading/Writing (ENGL 0985 or higher) with a grade that will allow you to register for Composition I (ENGL 1010) or higher or place into Composition I (ENGL 1010)

• Math:

» Completion of Beginning Algebra (MATH 0950) with a grade that will allow you to register for Intermediate Algebra (MATH 1100) or place into Intermediate Algebra (MATH 1100 or higher). The Admissions Office can advise you on your placement needs.

3

Complete Activity

Complete **Program Professional Awareness Activity** as noted on the program's website.

Important Information

Students admitted to the Medical Laboratory Technology program will be required to submit the following with 15 days of admittance notification:

- Completed Student Health Statement (immunization record). Note: The Tuberculosis Skin Test does not need to be completed at this time. It will be completed after acceptance into the program.
- Current American Heart Association BLS (Basic Life Support) CPR for Healthcare Providers card (only CPR type accepted)

Students are encouraged to begin completing the health statement prior to acceptance as several of the immunizations take more than 15 days to obtain.

Submit the Student Health Statement and CPR card to healthsciences@southeast.edu.

How to Apply

1

Apply

Apply to the **Associate of Health Sciences** program at southeast.edu/applynow. Select your intended program as your focus.

The Health Sciences program accepts new student each term (Fall, Spring, and Summer). You can apply at anytime for the next available term.

2

Meet English & Math Requirements

Submit placement test scores or an official college transcript showing completion of college-level English and/or math courses with a C or better. SCC accepts the ACT, SAT, and Next-Generation ACCUPLACER scores. Math scores are valid for three years and reading scores are valid for five years. Score reports can be submitted directly to admissions@southeast.edu. Score reports must contain your full name and date of test.

If you have not taken the ACT or SAT within the last three years, contact the SCC Testing Center to schedule a time to take the Next-Generation ACCUPLACER.

Acceptance to the Associate of Health Science program requires:

- **Reading/Writing:** Completion of or eligibility for Beginning Reading/Writing (ENGL-0960) or higher
- **Math:** Completion of or eligibility for Math Fundamentals (MATH 0900 or MATH 0903) or higher

3

Complete NSE

Complete New Student Enrollment (NSE). Instructions for completing NSE will be sent via email. Your College Advisor will contact you after you complete NSE.

4

Meet With Your Advisor

Meet with your College Advisor to register for classes and learn more about the application process for the Medical Laboratory Technology program.
