

Please report to the ★ **Kennedy Welcome Center** when you arrive on campus.

10 Tips to have the Best Campus Visit

1. Research SCC's website before coming to campus. Take a look around and make a list of things that you want to see while on campus.
2. Write down specific questions that you have about SCC or things related to making your college decision. We'll do our best to answer your questions and connect you with the resources you need to make the best decision for you.
3. Plan ahead. Your visit will take about two hours. Also, wear comfortable shoes.
4. Talk to as many people as you can! Seek out the advice and perspective of instructors, current students and staff to gain a full understanding of our campuses.
5. Document your visit. Take pictures, write notes, make a video—whatever it takes for you to remember your visit. (P.S. We'd love if you'd share your pictures or videos to [#DiscoverSCCneb](#).)
6. Check out social and study spaces. Yes, you'll be spending a lot of time in the classroom, but we also want you to feel at home, meet new people, and find a good study space that meets your needs.
7. Have questions about housing options? If you're considering living on campus, ask to see the residence halls.
8. Ask about financial aid. We want to be sure that you have the financial resources to help you meet your educational and career goals.
9. Drive around the city where the campus is located. Get a sense of what the community has to offer and identify resources that will make your time at SCC successful.
10. Be open to new ideas, academic programs and information. SCC has many opportunities, and a campus visit gives you a chance to see what's right for you!
