SCC ANNUAL SAFETY, SECURITY AND CRIME/FIRE STATISTICS REPORT

January-December 2023

Dear Students, Employees and Visitors,

Southeast Community College serves 15 counties in southeast Nebraska, although our students come from homes throughout the country and the world. Our state is a safe place to live, attend college and work, and we will make every effort to maintain that record in the future.

However, even in southeast Nebraska, we must implement preventive measures and precautions to ensure the safety of our students and employees.

The crime rates at SCC locations are very low, but one person who experiences a crime against property or person is one too many. We address safety and security at our locations through prevention, in the hope that we can protect students, employees and visitors from any crime BEFORE it happens. Students, employees and visitors also are encouraged, however, to be responsible for their own security and the security of others.

Please read this publication carefully. It includes campus crime statistics and preventive measures instituted by the College, along with college policies regarding drug and alcohol use and weapons possession. If you have questions about this information, please contact the Assistant Campus Director/Dean of Students at the Beatrice, Lincoln or Milford locations. I would also welcome the opportunity to meet with any student, employee, parent, guardian, or visitor who wishes to discuss any safety or security issues with me.

Working together, SCC will continue to be a great, and safe, place to work and learn.

Sincerely,

A handwritten signature in dark ink, appearing to read "Paul L. Johnson". The signature is fluid and cursive, with a large, stylized "P" and "J".

Chapter 1 – Annual Security Report

Introduction

Report Purpose

The annual security report, which covers the most recently completed calendar year, (2023) provides statistics of all reported crimes that occurred at each of Southeast Community College campus. It also covers reported crimes which happened in certain off-campus buildings, property owned or controlled by the College, and public property within or immediately adjacent to all of its campuses. The report also provides fire statistics for fires occurring in residential housing.

These reports are provided as required by the [College's Consumer Information policy](#), the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, ([20 U.S.C. §1092](#)) and the Higher Education Opportunity Act (HEOA) ([20 U.S.C. §1011i](#)).¹

Prepared for SCC by the Office of Access, Equity and Diversity, a paper copy may be obtained from the Assistant Campus Director/Dean of Students at any of SCC's campuses.²

This report is also posted to the SCC website at [Student Life/Safe Campuses](#). All SCC employees, enrolled students, prospective students and prospective employees are notified the report is available; the report URL is also included in the notice.

Designated Safety Personnel

SCC has several employees who serve as safety and security personnel and are responsible for overseeing and providing safety and security services. Lead administrative responsibility has been assigned to the Assistant Campus Directors (or designee) at each location for:

- enforcing institutional rules of conduct related to safety/security, and;
- referring potential or alleged violations of law to government authorities.

The designated safety personnel ([Appendix A](#)) maintain campus safety/security related documents, files, and materials; have a [legitimate educational interest](#) in reviewing student records or files; and are authorized to share security/safety-related materials with other College officials determined to have a [need to know](#) and with other outside third parties for purposes of safety, security and law enforcement.

Engagement with Local Law Enforcement

Local law enforcement officers may enter all campus locations to conduct official business as needed. If requested, local law enforcement may also patrol the campus to assist SCC staff.

SCC Safety/Security Responsibilities and Jurisdiction

College safety/security personnel are responsible for maintaining a safe environment for students and to respond to reports of suspected criminal activities taking place on campus. College safety/security personnel do not have arrest authority, but will call for local law enforcement assistance when needed.

The jurisdiction of the campus security personnel extends to all campuses and learning centers. Depending on the seriousness of a given situation, jurisdiction may extend to off-campus locations.

All college personnel have the authority to ask students to show valid identification (e.g., current student card, driver's license, or state identification card) and to call 911 when they believe an emergency exists (i.e., crime, fire, medical, etc.)

Crime reports may also be made to college officials who have been designated as [campus security authorities](#) (CSA).³ ([Appendix B](#))

Reporting Criminal Actions or Crimes

SCC expects students, visitors and employees to promptly report suspected crimes or criminal activity, suspicious behavior, or other emergencies at any SCC location, college-sanctioned event/organization, or off-campus crime involving an SCC student to local law enforcement by calling 911.

Complaints & Concerns Reporting (CCR)

SCC has established an incident reporting site. This website may be used by students, faculty and community members to submit secure and confidential reports about suspicious

incidents on any College-owned or College-operated facility or at any College-sponsored event or activity, either on or off campus. For information see, [Complaints/Concerns File a Report](#).

To report any suspicious activity contact SCC Safety & Security at 402-437-2800.

Alternatively, complete a CCR report using this link. [Campus Safety and Security report](#).

CCR is not an emergency reporting system. For medical emergencies or suspected crime, 911 should be called immediately.

Reports of suspected criminal activity on SCC campuses will be reviewed and evaluated by security personnel and campus administrators. Criminal activities will be referred to local law enforcement authorities or other state or federal agencies. Substantiated cases are adjudicated through either the city or county and/or through the College's disciplinary system.

[SCC's Counseling Assistance Program for Students \(CAPS\)](#)

The College provides a confidential resource to students through the Counseling and Assistance Program for Students (CAPS) for victims of sexual offenses and also partners with various community resources to provide information and assistance to members of the campus community.^{4, 5} The CAPS program offers free and confidential counseling for SCC students. For additional information about these services, see [CAPS Additional Information](#).

[Reporting Exemption](#)

The Clery Act requires colleges and universities to report campus crime data, to support victims of violence, and to publicly outline the policies and procedures they have put into place to improve campus safety.

CAPS counselors are not required to report any information regarding an incident of alleged sexual violence to the Title IX coordinator or other appropriate school designee for inclusion in the Annual Security Report. The exemption from reporting obligations for pastoral and professional counselors under Title IX is consistent with the Clery Act.⁶

The CAPS counselors are encouraged to inform persons being counseled of SCC's procedures to report crimes on a voluntary basis for inclusion in the annual crime statistics.

[Reporting Sex Crimes, Sexual Misconduct and Civil Rights Violations](#)

Any member of the community, guest or visitor who believes that the SCC policy on Equal Opportunity, Harassment and Nondiscrimination (College Handbook [A-14](#) and [A-15](#)) has been violated,⁷ is expected to report the incident. (See [Appendix C](#) for a list of college officials to whom a report may be made.)

[Reporting Hate Crimes](#)

If the facts of a reported crime indicate that the offender was motivated to commit the offense because of their bias against the victim's race, gender, gender identity, religion, sexual orientation, ethnicity, national origin, or disability, the assault is also classified as a [hate crime](#), and must be reported as such.

Voluntary Confidential Reporting

Crime victims are not required to pursue action within the College or the criminal justice system. However, victims may still want to consider making a report. With permission, SCC safety personnel can file a report on the details of the incident or offense without revealing the identity of the victim.

- *Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.*
- *All reports are voluntary; however, no College employee can guarantee confidentiality or anonymity in every case.*

If an individual reports a crime that involves an ongoing threat to safety, an alleged civil rights violation, or a discriminatory act, and asks that their name or other identifiable information not be revealed, the College will evaluate the request in the context of its responsibility to provide a safe and nondiscriminatory environment for all students and employees. The College will inform the complainant if it cannot ensure confidentiality or anonymity.⁸

Off-Campus Jurisdiction

In addition to conduct that occurs on college property or in connection with official college functions, The [SCC Student Code of Conduct](#)⁹ policy gives the College the discretion to exercise jurisdiction over an SCC student's off-campus behavior.

In determining whether to exercise off-campus jurisdiction, the College will consider:

- the seriousness of the alleged harm, (e.g., physical abuse, sexual harassment, stalking)
- the risk of harm involved, whether the complainant(s) are members of the campus community and/or;
- whether the off-campus conduct is part of a series of actions which occurred both on and off campus.

Non-Emergency Notification

To report any safety or security hazards and concerns of a non-emergency nature, students, faculty and staff may contact physical plant staff or security personnel ([Appendix D](#)).

Emergency Notifications and Timely Warnings

Efforts are made to advise members of the SCC community of dangerous situations or significant emergencies that may cause an immediate threat to their health or safety. As appropriate, SCC will request the cooperation of law enforcement in the event a timely warning is warranted. (See the Law Enforcement Contacts section of [Appendix A](#)).

Depending on the situation, the College will issue an [emergency notification](#), a [timely warning](#), a [security alert](#), or will announce a [major disruption](#) affecting the College and/or its operations. These notices will be issued as a "[Campus Timely Warning Notice](#)" or an

“[Emergency Notification](#).” The College will use a combination of methods to provide notice. (See [Appendix E](#) for methods used.)

Safety Management Plan

SCC has established procedures, outlined in its Safety Management Plan¹⁰ to immediately notify the College community unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to respond to, or mitigate the emergency.

Follow-up information will be posted periodically through the College Emergency Notification Systems.

The employees (or designees) responsible for initiating the emergency notification process are listed in [Appendix D](#).

Emergency Response and Evacuation Procedures

The SCC Safety Management Plan ([Appendix F](#)) is a resource for SCC employees, including Area and Campus Safety Team members. It includes approved emergency procedures for evacuation, shelter/severe weather, armed intruder, medical emergencies, etc.¹¹

Campus Safety and Security Website

The College also maintains a Campus Safety and Security website, <https://www.southeast.edu/student-life/safe-campuses/index.php>, which details the mission and goals of the Safety and Security team, information about emergency response procedures for the SCC community to follow and links to pertinent safety and security resources.

Fire/Safety Drills

Drills are required to be held in student on-campus residence facilities. Beginning in 2024., all three campuses will offer housing.¹² (See also, [Chapter 4, “Campus Fire Safety Report”](#))^{13,14}.

Informing Students and Employees about Safety and Security Procedures

Students and employees can find campus safety information at the public website, (<https://www.southeast.edu/student-life/safe-campuses/index.php>) and also receive information via receipt of the [Annual Notification](#).¹⁵

Students also receive campus safety and security procedures through:

- New Student Orientation
- Evacuation Drills
- Campus Student Senate representation on Campus Safety Team
- Classroom announcements

Employees are informed of campus safety and security procedures through:

- New Employee Orientation

- Annual mandatory Safety Management Plan review and quiz
- Annual mandatory safety activities
- Representation on the Campus Safety Team

Standard Response Protocol

SCC's Safety Management Plan ([Appendix F](#)) outlines the College's response to an emergency and sets the standards for the creation of individual campus emergency plans. The College's Standard Response Protocol (SRP) is based on four (4) actions: [Lockout](#), [Lockdown](#), [Evacuate](#), and [Shelter](#). In the event of an emergency, the action and appropriate direction will be part of the timely notification process.

Standard Response Protocol posters ([Appendix F, Section D-2](#)), are found in all campus classrooms, residential halls, learning resource centers, and other open areas as well as at the safety and security website. These posters outline what to do in case of a variety of emergencies.

Employees are expected to be familiar with:

- the contents of the SCC Safety Management Plan, including basic emergency response procedures outlined therein.
- the location of emergency shelters on the employee's home campus.
- the location of emergency exits, evacuation routes and locations of campus emergency gathering locations.
- the location of, and proper use of basic emergency tools (fire alarm pull stations, emergency exits and alternate emergency exits, fire extinguishers, AED units, and the number to their home campus Switchboard).
- how to protect themselves from injury while taking shelter or evacuating the building.

Active Shooter or Active Threat on Campus

If an [Active Shooter or Active Threat](#) exists on campus, the campus [Emergency Notification System](#) will announce the presence of the danger on campus. Faculty and staff will direct all students to take shelter or evacuate the area, based on the location and imminence of the threat. SCC's protocol for an active shooter is modeled on the video, [Run, Hide, Fight](#)¹⁶ ([Appendix F](#)).

Off-Campus Threat

An announcement will be made through the campus [Emergency Notification System](#) alerting students and staff of the off-campus threat (not posing an immediate threat). Campus administrators will make every effort to "[Lockdown](#)" the campus, to prevent the threat from reaching the campus buildings.

Tornado, Severe Weather Warning

Severe weather warnings are automatically initiated by the National Weather Service through [Regroup](#)®. The Campus Director or Assistant Campus Director approves the release of a Weather Alert Notification.¹⁷

When the threat of severe weather or tornado has ended, campus administrators will use the Campus Emergency Notification System to announce that the “all clear” has been issued or that the tornado warning has expired or has been lifted.¹⁸

Security and Access to Campus Facilities

Admittance to Residence Halls

On the Beatrice and Milford campuses, students must be enrolled full-time in a program of study to be admitted to the residence halls, which are keycard access only. Part-time students may have access with the permission of the Dean of Students. For more information, see the [Residence Life Handbook](#).

Video Monitoring

Video monitoring is installed at strategic locations at all College campuses and locations. Specific buildings have cameras focused on areas of higher risk. Designated college administrators or designees manage the recording, storage and potential sharing of all video monitoring conducted at SCC locations.

Facilities and Landscape Maintenance

Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. Physical Plant as well as Safety and Security staff regularly patrol the campus and report potentially unsafe physical conditions to plant operations for correction.

Any member of the College community may report any facility-related safety concerns.

Chapter 2 - SCC Policies, Procedures Prevention Programs and Resources

Drug, Alcohol and Controlled Substance Policy

Southeast Community College prohibits the unlawful possession, use, manufacture, purchase, or distribution of alcohol or drugs, or any attempt thereof, by students or by employees on its property or as part of its activities. The College's Policy handbook articulates SCC's full drug, alcohol and controlled substance policy.

The College also provides information to students, prospective students and the public about its policies, prevention programs and disciplinary options at

<https://www.southeast.edu/current-students/drug-alcohol-and-controlled-substance-policy.php>

Students, employees or visitors who violate federal or state laws about the possession, use or sale of drugs or alcohol are subject to criminal prosecution and will be referred by the College to the appropriate authorities for potential prosecution.¹⁹ Disciplinary action will be fully documented and specific to the situation, class, course, or program. The College will attempt to handle each situation at the lowest level of intervention possible.²⁰

Student Educational and Disciplinary Sanctions

Information regarding student educational and disciplinary sanctions for alcohol and drug violations is included in the [SCC Student Code of Conduct](#), and its [Drug-Free Schools and Communities Act](#) brochure. Students accused of violating the drug/alcohol policy shall have the right to respond through the appeals process outlined in the [Student Code of Conduct](#)²¹.

Employee Disciplinary Sanctions

For employees, the disciplinary sanctions for alcohol and drug violations are found in section E- 9(5) of the [College Policy Handbook](#). Other actions that may be taken are outlined in the [College's Drug, Alcohol and Controlled Substance Policy](#).²²

SCC Alcohol and Drug Prevention Programing

SCC has implemented the evidence-based program, [Year One College Behavior Profile program \(Y1CBP\)](#), [College Behavior Profile \(CBP\)](#) and [Brief Alcohol Screening and Intervention for College Students \(BASICS\)](#) as part of its alcohol and drug prevention programing for its campus communities. The College has used the Y1CBP prevention module since 2019.

Fall 2023 marked the fifth year of inviting incoming students to complete Y1CBP prevention module. It was completed by 305 entering first-year students, with an average age of 18.60 (98 women and 207 men; 254 NE residents, 51 nonresidents). All new students were mailed a postcard to their home address prior to the start of the fall term that invited them to complete the Y1CBP. Additionally, the Y1CBP was promoted during residence life orientation and the colleges weeks of welcome onboarding activities. Since the Y1CBP is not required for

enrollment, one goal for the 2024 year will be to identify strategies to increase the Y1CBP participation rate.

Comparative Data²³ from the 2023 and 2021 Y1CBP results indicates:

74.8% of SCC entering students reported being abstainers in 2023, compared with 46.9% of students reporting abstaining in 2021.

- 5.6% reported binge drinking in the past year, compared with 19.5% of student who reported bingeing in the last year in 2021.
- In 2023, incoming SCC students drank 1.8 drinks per occasion (n=76 drinkers), and 3.4 drinks per week vs. 3.3 reported drinks per occasion and 5.1 drinks per week in 2021. Additionally in 2023, SCC students report that they believe their peers are drinking 4.1 drinks per occasion and 8.3 drinks per week.
- There was an increase in students reporting that they drove a vehicle after they consumed alcohol (5.3% reporting in 2023 vs. 1.9% reporting in 2021).
- In 2023, SCC students reported experiencing more problems related to their alcohol use (2.2 reported problems) than the 2021 respondents (1.3 reported problems).
- SCC students thought that about half of their peers disapproved of drinking so much that one gets sick (43%), one cannot remember part of the previous evening (45%), and one gets into situations that may be regretted later (48%). These percentages are all lower than results in 2021 (45%, 47%, and 52% respectively).
- More than three out of four (77%) entering students at SCC thought something should be done if someone was taking sexual advantage while about four out of five (79%) thought something should be done if they see someone taking sexual advantage of someone. These rates are slightly less than the rates for 2022 and 2021.
- In 2023, more than one of eight (13%) incoming SCC students reported using marijuana in the past year with 16% reporting having ever used it. This is lower than rates reported in 2021 with 13% and 24% respectively.
- Of the students who report using marijuana in the last year, 53% are either currently trying to change, ready to change, or thinking about changing their marijuana use

The data suggests that although data is trending in a positive direction, there continues to be a need to provide prevention and education to students related to alcohol- and marijuana-related harms and strategies to reduce harm and risk. Entering students also continue to overestimate the amount their peers are drinking, therefore, social norms marketing to entering students may be a desirable strategy and that social norms messages in the Y1CBP are an important feedback tool for addressing misperceptions.

Alcohol and Drug Education Assistance and Resources

CAPS provides students with access to counseling and referrals free of charge through a partnership with masters-level counseling students from area universities.²⁴ Additional information is available at each campus' Dean of Student's office. The College provides information about area alcohol and drug assistance resources at the Alcohol and Drug Education Assistance and Resources section of the [Drug, Alcohol and Controlled Substance Policy](#) webpage.

Prevention Programs and Resources

SCC has developed programs and resources ([Appendix G](#)) to prevent the illicit use of drugs and the abuse of alcohol by students and employees.²⁵

Biennial Review

As a condition of receiving federal funding, colleges are required to not only implement a drug prevention program, but to also conduct a biennial review²⁶ of the program to:

- determine the program's effectiveness,
- implement changes and
- ensure disciplinary sanctions are consistently enforced.

The 2020-2022 biennial report details specific activities and programs conducted by [Student Life](#) and [Housing](#) to involve the students in alcohol and drug prevention education.²⁷

Activities conducted during the 2022-2024 academic year are detailed in [Table 1](#) on page 17.

The College's most recent Biennial Review report is located at [Drug-Free Schools and Campuses Regulations \[Edgar Part 86\] Biennial Review: Academic Years 2020-2021 & 2021-2022](#).

Sexual Harassment/Violence Education Activities

The College provides information and activities throughout the academic year to educate students about healthy vs unhealthy relationships and consent. [SCC's New Student Orientation](#) provides information about [Title IX](#) – specifically as it applies to sexual harassment, sexual misconduct, and bystander intervention practices.

Title IX, Campus SaVE Act

As a recipient of federal financial assistance, Title IX of the Education Amendments of 1972 applies to SCC. Title IX applies equally to students, college employees, and nonemployee third parties.

SCC DOES NOT CONDONE GENDER-BASED MISCONDUCT.

When an allegation of misconduct is brought to an appropriate administrator's attention, and a respondent is found to have violated the College policy prohibiting discriminatory harassment, ([Policy E-18](#)), serious sanctions will be used to reasonably ensure that such actions are not repeated.

For definitions and discussion of what constitutes sexual misconduct and definitions from the Revised Statutes of Nebraska, see, [“What You Should Know About Consent and Other Forms of Sexual Misconduct.”](#), or see [“A Quick Guide to Title IX”](#) for College policy and community resources.²⁸

Reporting an Incident of Sexual Misconduct

The reporting of sexual misconduct encompasses incidents that occur both on and off campus when it involves a Southeast Community College student and when the conduct negatively affects the victim's school experience or overall school environment. Any behavior which results in the sexual abuse/assault of another person, will not be tolerated and is a violation of the College's [Student Code of Conduct](#).

Rights and Options

Assistance and Support Available from SCC Personnel

SCC Safety Personnel can assist in filing a criminal complaint and in obtaining and enforcing a court order of protection. Individuals unsure about filing a complaint, can also be assisted. SCC Safety Personnel can also assist in making changes to academic, living, transportation and working situations, and implementing protective measures, such as no-contact orders.

Options for Reporting

There are several reporting options available.

Anonymous Reporting

A report may be filed anonymously. However, reporting anonymously may limit the College's ability to conduct a full investigation and act. Anonymous reporting may be done through the College's online incident reporting system.³¹

Concerns expressed which contain potential sexual misconduct allegations will be investigated by the Title IX Coordinator and/or designee. CCR should not be used to report an immediate threat to life or property, these should be reported to law enforcement by calling 911.

Contact a Responsible Employee

[Responsible employees](#) are individuals working at SCC who have an obligation to inform the Title IX Coordinator of allegations of sex discrimination or sexual misconduct.

Responsible Employees cannot keep concerns confidential. Concerns will be reported, and the College will follow up.

The College can only act on those activities that it is aware of. Incidents, *(including complaints against third parties who are not students or employees of the College)*, must be reported to one of the following: a [Responsible Employee](#), Campus Safety and Security Specialist, [Campus Security Authority](#), or the Title IX Coordinator. Each campus has identified individuals who can assist the individual making the report. (See [Appendix C](#)).

Other Reporting Options

- Initiating institutional actions but not pursuing formal criminal action through a local law enforcement agency
- Declining to pursue any institutional action, but pursue criminal action or make a report to law enforcement
- File a Title IX Complaint with the Office of Civil Rights

Retaliation

Retaliation against an individual who files a complaint, or who otherwise participates in an investigation, is prohibited. The college will follow up on any reports of retaliation and take appropriate action.

Sexual Misconduct Investigations

SCC has a Title IX committee consisting of staff members from throughout the College. Committee members who conduct sexual misconduct hearings have participated annually in training. The training covers Title IX issues related to dating and domestic violence, sexual assault and stalking, and the processes for conducting investigations and hearings.

Sexual Assault Education and Prevention

The College also has awareness and prevention programs designed to provide education about sex offenses, prevention of sexual assault and personal safety issues available to students and employees.

Students are informed about SCC's policies and prevention and awareness programming through:

- New Student Enrollment
- On-Campus Activities posted on electronic signs, fliers on campus, the HUB and web notices
- Student Senate reports
- Annual Notification

Employees are made aware of SCC's policies, prevention and awareness programming through:

- Annual notification

Sex Offender Registry

The Nebraska Sex Offender Registration Act ([Neb. Rev. Statute 29-4001-29-4115](#)) requires sex offenders to register with local law enforcement officials. Registry information is available to the public on the Nebraska State Patrol's website: <https://sor.nebraska.gov/>. SCC [Policy E-10](#), places certain restrictions on registered sex offenders and requires they report to the Dean of Students Office each term they are enrolled in classes.

Other SCC Policies and Programs Affecting Safety

Residence Life

The college has housing facilities available for approximately 670 students in six total residence halls on the Beatrice and Milford Campuses. There is one off-campus housing facility in Beatrice, Carter Hall. The Lincoln Campus opened its first dorm, Woodhaven Hall, in January 2024. The 250-bed facility includes learning spaces, a communal kitchen, game room, convenience store and a workout area.

Information about living on campus at SCC is available at [Living on Campus](#). Detailed information is available in the [Residence Life Handbook](#).

Residence Hall Staff

At each SCC campus that offers on campus living, there is a Residence Life Manager that is responsible for the operation of the residence halls. All Residence Life Managers, Assistant Residence Life Managers and Resident Assistants live on campus and oversee all aspects of residence life.

Residence Hall Security and Guests

Safety and security in the residence halls is established to ensure a safe environment for all. All doors are locked 24-hours a day. Residents are issued keycards/FOBs that allow entry. *Emergency exit doors are alarmed and may only be opened from the inside without a key.*

Residents are permitted overnight guests of the same gender, but permission of all roommates is required. Overnight guests are limited to no more than two nights per term. The behavior of the guest is the responsibility of the host student.

Unacceptable Behavior

Aggressive and/or Disruptive Behavior

Residents participating in aggressive and/or disruptive behavior are in violation of Housing and College policies and could face possible termination of the housing contract and other disciplinary sanctions.

Verbal abuse or harassment of any kind, of staff or other members of the SCC community, is not tolerated. Violence, *e.g.*, fighting, hazing, harassment, bullying or intimidation, is also not

tolerated. Residents also are expected to abstain from any behavior that directly or indirectly endangers themselves or others in housing.

The College will not tolerate harassment or retaliation in the workplace ([Policy E-18](#)), or educational environment, whether committed by faculty, staff, or students, or by visitors to the College while they are on college property or at events conducted, sponsored or sanctioned by the College. Each member of the College community is responsible for fostering civility, for being familiar with this policy, and for refraining from conduct that violates this policy.

[Alcohol and Controlled Substances Information](#)

The Southeast Community College [Student Code of Conduct](#) and [Residence Life Handbook](#) list situations that are considered to be in violation of the College's alcohol and controlled substance policies, and will result in an [Alcohol and/or Drug Violation](#).

[Alcohol](#)

If alcohol or alcohol containers are present in a room, all the residents and SCC students in the room at the time are held responsible for the policy violation and will be subject to disciplinary action. Disciplinary actions can include fines, sanctions and housing probation.³³ Incidents will be documented and the alcohol will be disposed of by Residence Life and/or Safety and Security Staff *Eviction can result from such incidents, even if it is a first offense.*

[Controlled Substances](#)

It is a violation of the Southeast Community College [Student Code of Conduct](#), and the [Residence Life Handbook](#) local, state, and federal law to possess or use controlled substances on any part of campus, including inside residence halls or a resident's car. It is also a violation to be in the room when illegal drugs or controlled substances are present or being used. Residents under the influence will be subject to disciplinary action, fines, sanctions, probation, and/or eviction.

Law enforcement will be contacted if:

- A resident is suspected to be in possession of a controlled substance. Alcohol is found.
- Alcohol is found.

Law enforcement may arrange for transportation to a detoxification facility. Should Residence Life and/or Safety and Security Staff have concern that a student or residents are at risk medically because of an excessive ingestion of alcohol, or a controlled substance, 911 will be called. These procedures also apply to guests of residents.

All students who violate the alcohol and drug use guidelines in the Southeast Community College [Standards of Conduct](#) must complete 10 hours of community service OR an agreed-upon educational program and the [College Behavior Profile](#) controlled substances survey, and discuss it with a designated administrative person on their home campus. *This is considered a sanction and must be completed as a condition of disciplinary probation.*

Safety and Security 24/7 Dorm Lockdown

The residence halls will be locked 24 hours a day, 7 days a week. Residents must always carry their ID key cards with them as the card is needed to gain access to the residence halls.

Missing Student Notification

The missing student notification procedures are established pursuant to Missing Student Notification Policy and Procedures³⁴ as described in the Higher Education Opportunity Act of 2008 and apply only to SCC students who reside in on-campus housing. SCC's policies, procedures and processes are described in the annual [Residence Life Handbook](#).

Violations of these prohibitions will result in disciplinary and/or law enforcement action. Law enforcement officers on official business are exempt.

Chapter 3 - Crime Reporting and Annual Statistics

Crime statistics provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act³⁶ are compiled and released annually by the Southeast Community College Safety and Security Office.

The chart totals included in this Annual Security Report ([Appendix I](#)) represent the compilation of all designated Clery Act crimes reported to campus officials and [Campus Security Authorities \(CSAs\)](#). Statistics and data received from law enforcement agencies within SCC's Clery geography outside of the main campus are included in the report.

CSAs are required to provide to the SCC Safety and Security Office any information brought to their attention regarding any Clery Act reportable crime.

The SCC Safety and Security Office completes an annual process of property identification, determination of law enforcement jurisdiction, request for Clery Act crime statistics, and follow-up contact to ensure a reasonable, good-faith effort is completed in the collection of required statistics. This same process is also conducted with the local law enforcement agency that has jurisdictional control over public areas adjoining SCC campuses.

Chapter 4 - Campus Fire Safety Report

Campus Fire Safety Annual Compliance Report

The Higher Education Opportunity Act (HEOA) , requires all institutions of higher education that provide residential housing facilities for students to develop an annual fire safety report.

Contents of this report reflect the requirements outlined in the HEOA. The campus fire safety program includes:

- Fire prevention policies and practices ([Residence Life Handbook](#))
- Fire safety educational and training initiatives
- Description of fire protection equipment
- Description of evacuation procedures
- Fire safety statistics
- Proposed plans for future improvements to the campus fire safety program.

The campus fire safety program is administered and maintained by the staff of the [Southeast Community College Safety and Security Office](#). This public disclosure is intended to inform current and prospective students and employees of the fire safety programs and policies in place at SCC, and SCC's state of readiness to detect and respond appropriately to fire-related emergencies.

Program Objectives

The objective of the campus fire safety program is to recognize hazardous conditions and act before such conditions result in a fire emergency. This goal is accomplished by:

Conducting periodic review and update of fire prevention policies, which include:

- Conducting regularly scheduled fire drills in SCC-owned residence halls and college buildings
- Promoting fire safety awareness by conducting regularly scheduled training programs on fire prevention and emergency evacuation procedures
- Inspecting, testing and maintaining fire protection systems in accordance with National Fire Protection Association (NFPA) standards
- Performing plan review and code consultation related to current capital improvement and remodeling projects

- Mitigating fire hazards by using the information provided from regularly scheduled fire safety inspections which are performed by SCC and SCC's property insurance loss control consultant and fire protection consultants.

Residence Halls Fire Prevention Policies and Procedures

Student housing is available on the Beatrice and Milford campuses. The newest residence on the Beatrice campus is Homestead Hall, a three-story structure which opened in the 2019 Fall semester. This campus also has three apartment-style residence halls, Eisenhower, Washington, and Roosevelt Hall. Milford campus has two suite-style residences, Meadow and Prairie Hall, and Pioneer Complex, which is an apartment-style residence hall. Detailed information regarding Residence Hall policies and procedures can be found in the [Residence Life Handbook](#).

Several fire prevention policies and procedures have been developed and implemented. The SCC Safety Management Plan served as a guide during the development of these policies. Detailed information about what to do in case of a fire emergency can be found in the Campus Safety Manual³⁷ or in the [Residence Life Handbook](#).

Topics include a review of the fire prevention policies, weather safety and emergency evacuation procedures. In addition, each apartment/hall has emergency evacuation maps posted which direct occupants to primary and secondary exits. Fire drills are conducted annually in coordination with the campus Safety and Security Coordinator/Specialist.³⁸

Fire safety training programs are also provided to other students, staff and faculty on-campus by request. This programming typically consists of a brief review of fire prevention policies and evacuation procedures.

| Tornado Warning | A tornado warning indicates a tornado is imminent and has been indicated by Doppler radar or reported by storm spotters. |
| Tornado Watch | This is issued by the National Weather Service when conditions are favorable for the development of tornadoes in and close to the watch area. Their size can vary depending on the weather situation. They are usually issued for a duration of 4 to 8 hours. They normally are issued well in advance of the actual occurrence of severe weather. During the watch, people should review tornado safety rules and be prepared to move to a place of safety if threatening weather approaches. |

Appendix E - Notifications Methods

| METHOD | DESCRIPTION |
|--|--|
| SCC Regroup Alert (Text and Email) | Regroup is an automated text messaging service sponsored by SCC. It can also deliver an e-mail message. All students are enrolled in email notifications; however, students and staff must sign up for the text messaging feature through https://southeast.regroup.com/signup |
| Alertus Notification Services | Alertus is a notification system that allows campus security personnel to send a notification that takes over all college computers with important safety information. |
| Public Address System (PA) | Emergency alerts will be sounded in all main campus buildings through an audible system located in the classrooms and offices and on some campuses, the hallways. These alerts will advise of the situation and how to respond. |
| SCC Home Page (www.southeast.edu) | An alert banner and link to emergency information will appear on the front page of SCC's website. |
| SCC Intranet/Portal (https://thehub.southeast.edu) | An alert banner and link to emergency information will appear on the front page of The Hub. |
| Media Outlets | The College will use local media to inform the community of an emergency situation as needed. |
| Social Media | The College will use Facebook and Twitter to inform followers of an emergency when appropriate. |

| Bullhorns | Manual loudspeaker devices for communicating emergency instructions to large groups. |

Appendix F – Safety Management Plan

Section – D Emergency Response Procedures

D1-Calling 911

All SCC Employees have the authority and responsibility to Call 911 In an emergency

- It is the responsibility of every SCC employee to notify local law enforcement when a criminal act occurs or emergency response personnel are needed.
- It is not necessary to contact a supervisor prior to making an emergency call.
- If an employee believes 911 should be called, don't hesitate to do so.
- It is not necessary for the employee to contact 911 if there was a previous call, or if the situation was resolved by campus administrators.

The College requires employees to call 911 if there are concerns that a person is ill or injured and needs immediate or emergency medical attention.

- If the ill or injured person does not want treatment from emergency personnel, they can refuse the service when the responding emergency team arrives.

911 “Call Pick-Up” Employee Phone

When a 911 call is made from a campus telephone, the call can be monitored by designated staff (a 911 “Call Pick-Up” phone).

Section D-2 Safety Posters

Run – Hide – Fight

An Active Shooter or Active Threat is defined as an individual actively attempting to injure or cause harm to people in a confined and populated area with no typical pattern or method to their selection of victims.

VIDEOS: Run, Hide, Fight - <https://youtu.be/5VcSwejU2D0> and Standard Response Protocol - <https://bit.ly/3xLCNbC>

RUN – EVACUATE

- Employees are encouraged to evacuate, or flee (if possible) the active threat posed by an armed assailant.
- If possible, use routes that prevent you from being exposed to unnecessary danger.
- Evacuate to a location that provides the most protection, cover, or concealment from the intruder.

HIDE - LOCKOUT

- If evacuating the area is not a safe option, employees are encouraged to hide in a location that provides concealment and protection from the intruder.
- Stay calm and remain quiet. Lock all interior doors in your area, if possible.
- Move away from doors and windows.
- Turn off the classroom or office area lighting.
- Turn cell phones to silent or off to limit unnecessary noise.
- Evacuate to a safer location as soon as it is safely possible.

FIGHT

If the intruder poses a lethal threat and the intruder enters the area where you are hiding, and if you feel your life or the life of others is in danger, employees may choose to use physical force to distract, disorient, disarm, or incapacitate the intruder.

Off-Campus Threat: A situation off-campus that does not pose an immediate threat.

An announcement will be made through the Campus Emergency Notification System alerting students and staff of the off-campus threat. Students and staff should continue with their normal classroom and office activities until further instructions are given. In the event of a known or perceived off-campus threat in close proximity to the campus, campus administrators will make every effort to “Lockdown” the campus, to prevent the threat from accessing the campus buildings.

D-4 Campus Emergency Notifications

Southeast Community College uses various emergency notification systems, each initiated by an administrator:

During an emergency or in the presence of an imminent threat to any SCC Campus, the Campus Emergency Notification System will be used to announce to employees, students, and visitors the existence of an emergency or threat and provide instructions, directions, and response. Mass communication alerts will be issued by a responsible administrator. Notification systems used include:

1) Emergency Telephone Broadcast Speaker System - Campus Paging System

- a) This system allows campus officials to notify SCC employees of an emergency through designated Campus telephone intercom systems.

2) Overhead Broadcast Notification System - Camps Public Address System

- a) This system is used on the Lincoln and Beatrice campuses and allows campus officials to notify SCC employees of an emergency through an overhead speaker or Public Announcement - Public Broadcast system.

3) SCC Emergency Messaging System - REGROUP

- a) This system delivers email and /or text messages to the faculty, staff, and students during emergencies.
- b) Students and employees may gain access to this system by visiting <https://thehub.southeast.edu/>

4) *ALERTUS Desktop Notification System*

- a) Alertus Desktop Notification captures the attention of computer users on the SCC Network.
- b) When an emergency occurs and the warning is activated, a screen alert will appear on all computers being used on the network. The alert will also override sleeping computers, waking them to display the notification.

5) *Severe Weather Alerts*

- a) WARNINGS – severe weather warnings are automatically initiated by the National Weather Service through Regroup. The list of automatic warnings is approved by the Administrative Team.
 - b) Weather status is a cooperative effort involving the Campus Directors, Assistant Campus Directors, Safety and Security Staff and the Physical Plant Superintendents.
 - c) The decision to dispatch a Weather Alert Notification through Regroup is per the approval of the Campus Director or Assistant Campus Director.
- 6) *Severe Weather “ALL CLEAR”* When the threat of severe weather or tornado has ended, campus administrators will use the Campus Emergency Notification System(s) to issue an “ALL CLEAR” advising the tornado warning has expired. Notification to occupants of Resident Halls will be disseminated through the Resident Hall Manager, Assistant Manager or designee.

D-4 Emergency Evacuation Procedures

GENERAL PROCEDURES

- Treat every alarm, siren, or official announcement as a real event.
- Authorized personnel are Fire and Rescue personnel, Law Enforcement personnel, or campus administrators.
- If you hear an alarm or you are directed to evacuate any campus facility, building, or work area:
 - Move quickly to the nearest exit.
 - Do Not Run.
 - If an exit is blocked, move quickly to an alternate exit close to your location.
 - If smoke is present in your evacuation route, use an alternate way out.
 - However, if the only available escape route requires you to pass through smoke, get low and go under the smoke.
 - Move away from the building and to the designated emergency gathering area; always move upwind (away) from any fire, smoke, leak, or spill.
- The emergency gathering area should be:
 - A safe distance from the hazard source.
 - Upwind from the hazard source.

- Located behind protective cover to shelter from hazards or flying debris.
 - The emergency gathering area is a safe location for students and employees to congregate pending the resolution of the emergency and established by campus administrators or emergency personnel based on managing the needs of the situation or emergency.
 - Do not use elevators, even if the elevator seems to be working properly.
 - If time permits and it is safe, take your personal belongings (keys, wallets, etc.) with you, but do not waste time searching for missing items.
 - Secure any hazardous materials or equipment before leaving the area, if time permits.
 - Assist moving any mobility impaired person to a safe location. If you are unable to assist, notify emergency responders of the location and number of persons needing assistance located in your area. Some campuses or locations provide approved lift chairs for safe evacuation of persons from buildings with multiple levels. Only trained responders are authorized to use the lift chairs.
 - Do not return to the building unless you are told to do so by the Campus Director, designee or authorized emergency personnel.
- In the event of an emergency when a facility or building evacuation has taken place, do not leave the campus unless you are authorized or approved. Accountability rosters will be completed to account for all employees, students and visitors.

Appendix G – Alcohol and Drug Education, Assistance, and Resources

Alcohol and Drug Education and Assistance

Employee Support

An Employee Assistance Program through [Continuum EAP](https://www.4continuum.com/) is available at no cost to full-time SCC employees. All Continuum assistance is confidential. In addition to alcohol and drug use, Continuum provides assistance in other areas such as anxiety or depression, change, conflict, depression, anxiety, financial/legal challenges, grief, marital/family difficulties, and stress. Employees may obtain information about the EAP through the Human Resource Office, and/ or by contacting them directly at 402-476-0186 or <https://www.4continuum.com/>.

Student Support

The Counseling Assistance Program (CAPS) provides students with access to counseling free of charge. The CAPS program is available to students actively enrolled in any SCC class with no minimum number of credit hours. A referral to counseling does not ensure that a student will agree to counseling. SCC will make no demands of students that they receive counseling. It is voluntary and may be discontinued at will by students.

Students may request information about community resources by contacting the campus Dean of Students or the Nebraska 211 Office at www.ne211.org.

[College Behavior Profile](#) which administers screening, brief intervention, and referral to treatment (SBIRT) is available at no cost to all students. Programming was implemented in the 2019/20 school term. This tool allows measurement of student consumption, provides education related to drugs and alcohol and measures student use. New students are required to complete the Year One College Behavioral Profile during the first semester of their college experience.

Additionally, new students are provided information about the Drug-Free Schools and Communities Act³⁹, Student Code of Conduct and sanctions during new student orientation and via the college catalog.

All events and activities hosted by Student Life and Residence Life are alcohol free. The events and their success are measured by the College AIM, National College Alcohol Intervention Matrix. [Planning Alcohol Interventions Using NIAAA's College AIM](#)

Posters displayed annually in designated areas around campuses promote awareness of local and campus resources and increase awareness of the risks associated with drug and alcohol consumption.

The [Residence Life Handbook](#) and [Student Code of Conduct](#) contain information about policies, protocol, legal statutes, and community referral information.

Annual Safety and Security Reports are made available online and on each campus.

SCC makes information available about Alcoholics Anonymous meetings that are open to all employees and students in recovery or seeking help.

The Campus Deans of Students, Counseling Assistance professionals, or Human Resources, will provide referrals to students and employees seeking assistance, education or prevention strategies regarding drug and alcohol abuse.

Many area hospitals and community agencies are available to provide drug and alcohol treatment and rehabilitation.

Endnotes

¹ Institutions of higher education are required to publish an annual report by October 1, containing three years of campus crime statistics. These statistics are prepared by collecting crime data from SCC Security records and incident reports. Information on crime statistics for specified geographic locations is also collected from other local law enforcement agencies.

² Crime statistics for SCC locations, local jurisdictions and other institutions nationwide can be found at <http://ope.ed.gov/security/>.

³ See, [34 CFR 668.46](#), “Campus Security Authority.” An “official” means a person with the authority and duty “to take action or respond to particular issues” on an institution’s behalf. What matters is an individual’s job function, not title. The U.S. Department of Education advises institutions to look for officials – not support staff – “whose functions involve relationships with students.”

⁴ For community and contact information, visit, [Are There Additional Resources?](#)

⁵ Employees may avail themselves of a confidential resource, the [Employee Assistance Program](#) (EAP), which provides free counseling sessions.

Failure to follow the action plan may nullify the amnesty protection and campus conduct processes may be initiated." See, Amnesty Policy, point (4) at [Amnesty \(southeast.edu\)](#)
