Federal regulations require students to meet Satisfactory Academic Progress (SAP) standards in order to receive federal financial aid.

SAP has three (3) components. A student must:

1. Successfully complete 66.7% of all attempted credit hours,
2. Maintain a 2.0 cumulative grade point average (GPA) or higher, and
3. Complete their program of study within 150% of the minimum credit hours required for the program. This includes earned transfer credit hours and all credit hours attempted at SCC.

*SAP calculations use a higher GPA if your program requires a higher standard.*

**If you fail to meet criteria 1 and/or 2 for more than one consecutive enrollment period OR fail to meet criteria 3, you are ineligible for financial aid.**

You have the right to appeal your ineligibility if you experienced unforeseen, significant, and documentable extenuating circumstances. An extenuating or unforeseen circumstance is a significant life experience where the situation or outcome was beyond your control, could not be predicted or planned, and prevented you from succeeding academically.

On the following page are examples of extenuating circumstances and suggested documentation.

**Documentation of your circumstances is required.** Appeals received without documentation will not be considered. **Your appeal and the supporting documentation will remain confidential.**

### Examples of Extenuating Circumstances and Documentation

Medical illness, injury, or disability	Documentation from the attending doctor or hospital
Death of an immediate family member	Obituary notice or funeral program. An explanation of your relationship to the deceased and the effect the death had on your ability to be academically successful.
Divorce or Separation	Divorce decree, letter from an attorney, or signed statement from a counselor or therapist.
Military Service	Copy of military orders or DD-214
Legal issues or police matters	Copy of court documents or police reports

The following are examples of circumstances that are **NOT** acceptable for an appeal. These include but are not limited to:

### Examples of Nonacceptable Circumstances

Your need for financial aid	You did not like the instructor
Lack of knowledge of SAP standards	You did not know what major to choose
You did not know what classes to register for	You stopped attending classes
You were too young/immature or not focused/committed to your education	You have already used the circumstance or documentation for a previous appeal.

## APPEAL PROCESS

All appeal documents **must** be submitted to Financial Aid between the submit date and the deadline date for the term in which you are requesting reinstatement of your financial aid. Appeals submitted early, late or INCOMPLETE will result in a DENIAL.

### A complete appeal includes all of the following:

1. The current Financial Aid Appeal form, signed by the student.
2. A written statement identifying your Extenuating Circumstances AND submission of the supporting documentation. **If this is a subsequent appeal, the extenuating circumstances and supporting documentation must be different from prior appeals. You must also explain why you were unable to adhere to your prior appeal commitment.**
3. A written Corrective Action statement explaining what has changed in your situation that will help you to be academically successful.

**Note:** The Extenuating Circumstances and Corrective Actions statements must be two (2) separate, typed or legibly written statements, and must contain enough detail for the Appeal Committee to make an informed decision regarding your status.

Please attach your two (2) statements to this form.

Address **all** terms of academic difficulty, including course withdrawals contributing to your current status. SCC looks at all terms of enrollment. For Maximum Timeframe, you may address reasons why you have not completed your program within the allotted credit hours.
