Beatrice, Lincoln & Plattsmouth, NE

## BEATRICE, NE

### Digital Photography 101

Students will learn the basic functions of a digital camera. Class covers types of digital cameras, megapixels, optical vs. digital zoom, digital storage media, battery types, cost/value comparisons, memory management, red-eye reduction, and application presets. Beginning photographers interested in digital cameras and how to use them will enjoy this class.

*Students are encouraged to bring their digital cameras/software and docking station to class if they have them for one-on-one time to understand the specific functions of your particular camera and software.*

### Digital Photography 101

It is suggested that students take Digital Photography 101 first. Digital Photography 201 covers the actual applications of digital photography, including how to choose each function for a particular use; which resolution to use when; improving camera performance; how to avoid accidental erasure or degradation of your photos; when, why and how to turn the flash on (or off); and problem solving to get predictable results.

### Summer Photo Adventure

Get out of the classroom and into the field while we explore the world of outdoor photography. Summer offers some great photo opportunities. We will begin the day with a short discussion on composition and then travel to Chautauqua Park to explore the landscape and create fun photographic images. Get the extra edge you want for your county fair exhibits.

*Transportation to and from Chautauqua Park is on your own. All sizes of cameras, both film and digital, can be used. Must be at least 14 years old. Anyone under the age of 16 must be accompanied by an adult. Bring your fully charged camera and any accessories you have. We will be going outdoors, dress according to the weather.*
