Graduates are prepared to perform the basic duties and tasks associated with entry-level positions within the growing field of community-based and institutional corrections for adults and juveniles. Positions are available in institutional corrections (jails, prisons and secure mental health facilities), community corrections (residential facilities, probation and parole and diversion), juvenile corrections, as problem-solving court technicians, in the private sector, and within social services.

Careers as a probation or parole officer and some juvenile justice careers will require a bachelor's degree. Each transfer institution accepts different courses to fulfill their requirements. Check with the receiving institution to see what credits will transfer. Please work closely with an SCC advisor.

Program Overview:

The Adult & Juvenile Services and Corrections program introduces students to evidence-based practices in community-based correctional services, institutional corrections, secure mental health facilities and juvenile justice agencies. The program is designed to equip students with both the skills and knowledge needed to prepare them for the special challenges involved in working with a wide variety of clients in a community-based corrections setting and working with inmates in an institutional setting.

This program is designed to support the continued professional growth of in-service practitioners through the enhancement of field specifics and knowledge. The program provides students educational and internship experiences that enable them to succeed in entry-level positions or advance in their criminal justice career. The program provides an overview of the criminal justice system while also focusing on elements of supervision, risk assessment, conflict resolution, communications, and reporting techniques.

SCC's criminal justice faculty have extensive education, knowledge and experience in law enforcement, corrections, juvenile justice, probation, military, prosecution, and defense litigation, as well as the proper procedures and an understanding of criminal law, which means students receive up-to-date information and relevant skills.

Special Program Requirement:

Course offerings and prerequisites will be determined by the program. A grade of "C" or higher is required in all CRIM classes and ENGL1010 (when listed as a prerequisite) to progress through the program.

A Criminal Background Check will be required of each student in this program. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. A non-refundable fee of \$45 will be assessed for this CBC.
