PHARMACY TECHNICIAN

LINCOLN AND ONLINE

Diploma

www.southeast.edu/PharmacyTech

If you enjoy an orderly and consistent environment, becoming a pharmacy technician could be the career for you. This position is crucial to keeping a pharmacy running smoothly. Candidates need to have attention to detail, client-relations skills and be able to juggle numerous tasks at once. This Pharmacy Technician program is the only ASHP/ACPE accredited program in Nebraska and will prepare you to meet state requirements for certification.

Program Overview:

The Pharmacy Technician program provides training in relevant pharmacy services and the entire pharmacy industry. It provides hands-on experience in the acute care, long-term care and retail pharmacy settings.

Students must be admitted into the Pharmacy Technician program to take any PHRM classes.

Effective January 2017, state of Nebraska requirements have changed to mandate certification. Upon successful completion of the first three quarters, students are considered state certified and are able to work while pursuing national certification.

A full-time student can complete the program in 12 months (four quarters). Classes are available face-to-face beginning in July and online beginning in January. A maximum of 30 students are enrolled in each track. Online students who do not live in Nebraska must check with their state Boards of Pharmacy to make sure this program fulfills their requirements.

To ensure a successful start and finish of the program, every student must successfully pass, complete, or provide the following:

- official health statement, including a current (within one year), two-step TB test and a flu shot;
- a Criminal Background Check;
- a drug screening;
- a healthcare provider CPR;
- and a registration with the state.

Failure to successfully pass, complete, or provide these will prevent a student from taking certain courses, accessing certain laboratory experiences, and/or completing the program.

Non-refundable fees will be assessed for the CBC and the drug screening. All other expenses are the responsibility of the student.

Clinical education may be outside of the Lincoln area and can include day, evening and weekend hours. Travel and lodging is the responsibility of the student.

Students in the program are given one opportunity to take the national certification exam for pharmacy technicians through the Pharmacy Technician Certification Board during the final exam for PHRM1241. This is paid for by the student's fees and is eligible for financial aid. Any subsequent attempts are taken at the student's expense.

The Pharmacy Technician program at Southeast Community College is accredited by American Society of Health-System Pharmacists (ASHP)/Accreditation Council for Pharmacy Education (ACPE), 7272 Wisconsin Ave., Bethesda, MD, 20814, 301-657-3000, www.ashp.org.

Job Duties:

Under the supervision of a licensed pharmacist, a pharmacy technician may perform some of these duties:

- Receive and verify prescriptions
- Prepare medications for clients through mixing, counting tablets and labeling bottles
- Price and fill prescriptions
- Complete patient paperwork
- Process insurance claims
- Take inventory and stock medications

Graduate Earnings

Recent graduates report an average starting wage of \$13.45 per hour.

Equal Opportunity/NonDiscrimination Policy - It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu. This publication should not be considered a contract between SCC and any prospective student. SCC's Board of Governors reserves the right to make changes in this publication during the life of the publication and without notice. A0744 - PHRM (05/18)

Admission Requirements:

1. Application to the program
2. Appropriate math, writing, and reading placement scores
3. Transcripts from high school, GED® or other colleges (if applicable)

General Education Requirements:

One course is required from each of the areas below. See the General Education pages for a complete list.

Written Communications	4.5
or	
Oral Communications	4.5
and	
BSAD1010 Microsoft Applications I	4.5

These may be transferred in or earned at SCC. These courses must be completed prior to graduation from the program.

Program Course Sequence:

Course #	Course title	Credit hrs
PHRM1101	Pharmacology/Pharmaceutical Products I	4.5
PHRM1121	Pharmacy Calculations I	3.0
PHRM1131	Pharmacy Operations I	4.5
PHRM1220	Pharmacology/Pharmaceutical Products II	4.5
PHRM1222	Pharmacy Calculations II	3.0
PHRM1232	Pharmacy Operations II	4.5
PHRM1240	Pharmacy Law and Ethics	3.0
PHRM1241	Professional Trends and Issues	4.5
PHRM1250	Pharmacy Clinical Education	8.0
		39.5 hours

Special Program Requirements:

1. Complete mandatory orientation (or an alternative meeting) after being accepted into the PHRM program.
2. Submit a completed health statement form; a current (within one year) two-step skin test for tuberculosis and/or a chest x-ray; and a current (within one year) flu vaccination prior to being placed into a clinical site. The cost (varies) is the responsibility of the student.
3. A current Basic Life Support (BLS) for the Health Care Provider (HCP) by the American Heart Association or CPR/AED for the Professional Rescuer or Health Care Provider by the American Red Cross is required.
4. A Criminal Background Check will be required of each student in the Pharmacy Technician program. SCC will assess a non-refundable fee of \$45 to the student account. Based on the outcome of the background check, a student may be prevented from taking certain courses, accessing certain laboratory experiences, or completing the program. Please note that drug-related misdemeanor or felony convictions will prevent a student from acquiring a state registration, completing clinical rotations, and graduating. Contact the State Board of Pharmacy with questions.
5. Obtain an active registry with the Nebraska State Board of Pharmacy prior to being placed into a clinical site. The cost of \$25 (may change without notice) is the responsibility of the student. More information will be provided at a later date. Please note that drug-related misdemeanor or felony convictions will prevent a student from acquiring a state registration, completing clinical rotations, and graduating. Contact the State Board of Pharmacy with questions.
6. Clinicals must be performed at SCC-approved sites.
7. Students admitted to a Health Sciences program at Southeast Community College requiring a clinical rotation at a contracted healthcare facility will submit to initial drug and alcohol testing prior to the first clinical rotation. SCC will assess a non-refundable fee of \$35 (may change without notice) to the student account.
8. Complete all PHRM courses with a C or better in order to move within the program.

Registry Information:

The Nebraska Department of Health and Human Services has implemented the following to register as a pharmacy technician in the state of Nebraska.

To work in Nebraska, a graduate must:

1. Be 18 years of age or older;
2. Be a high school graduate or officially recognized by the State Department of Education as possessing the equivalent degree of education;
3. Never have been convicted of any non-alcohol, drug-related misdemeanor or felony;
4. File an application with the Department; and
5. Pay the applicable fee of approximately \$25
