PRACTICAL NURSING

BEATRICE AND LINCOLN CAMPUSES

Diploma

www.southeast.edu/PracticalNursing

The job outlook in the field of nursing is robust. Let SCC help you become an LPN, and your opportunities are endless. LPNs report directly to a registered nurse or physician and perform many procedures, including monitoring vital signs, administering medication, documenting work, and supervising unlicensed personnel.

Program Overview:

Full-time Track

The program is located on the Beatrice and Lincoln campuses. Some courses are online. This program teaches students the concepts, principles, skills, and attitudes needed to become practical nurses who can work with patients throughout their lifespan.

Students will gain knowledge in medical-surgical, maternal-child, and geriatric nursing. Faculty facilitate clinical experiences in area health care agencies.

This program is accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326, www.acenursing.org, 404-975-5000, and approved by the Nebraska Board of Nursing.

Graduate Earnings:

Recent graduates report an average starting wage of \$16.70 per hour.

Gainful Employment: Please visit www.southeast.edu/practical-nursing-gainful-employment to view important information about the educational debt, earnings, and completion rates of students who attended this program.

Part-time Track

Students take online classes and must attend clinicals in person at approved sites in Beatrice, Falls City, Geneva, or Lincoln. Total time to complete the part-time track is 18 months.

Learning by doing - clinical experience

Students will have hands-on clinical experience in a variety of health care facilities. SCC instructors provide close supervision and guidance in the clinical settings.

Students' clinical assignments will be based on facility availability. This requires some assignments to be completed in nearby communities and during some evening hours. Students are responsible for travel to and from clinicals.

Graduates are eligible to apply to take the National Council of State Boards of Nursing Licensure Examination (NCLEX-PN) and apply for licensure in their state of choice.

After licensure, LPNs work in a variety of settings, including long-term care and rehabilitation facilities, hospitals, physician offices, and private homes.

The Associate Degree Nursing program at SCC permits advanced placement for LPN graduates.
