Skilled nurses are in high demand! Our program allows you to complete your education for becoming a Registered Nurse in two years, enabling you to start your career sooner. Career opportunities are endless with a degree from SCC! As an RN, you'll provide and coordinate patient care, educate patients and the public about various health conditions, and provide advice and emotional support to patients and their family members. Begin Your Path to Possible today.

SCC is the Right Choice

- Small class and lab sizes for more individual attention
- You will practice the application of nursing skills while in the skills lab and simulation areas.
- The realistic scenarios bridge classroom learning and real-world nursing practice, all while allowing you to practice skills and gain competency safely
- Hone your nursing skills in our new Health Sciences Facility and Simulation Center
- Clinical experiences are held at a variety of area facilities
- Our intensive curriculum prepares learners to excel in nursing core courses and to practice with competence, confidence and compassion.
- Our LPN to RN program option helps qualified students gain the additional skills and knowledge to sit for the NCLEX-RN® licensure exam and advance from LPN to RN.
- Graduation meets one eligibility requirement for application to take the National Council Licensure Examination (NCLEX-RN®). Many graduates have chosen to continue their nursing education and are on track to earn a bachelor's or master's degree.

- You'll be well-prepared to take the NCLEX-RN® exam. Here are first-time pass rates of recent graduates:

	2019	2018	2017
SCC	89.23	83.93	91.67
National	88.18	88.3	87.12
