Baking/pastry graduates produce everything from simple baked goods to glamorous desserts. Baking/pastry graduates know the importance of visual appeal as well as taste when it comes to their specialty. Breads, cakes, chocolates, pies, tarts, cookies, soufflés, truffles, and other delectable creations are limited only by the creativity of the pastry chef.

Culinary arts is the art of preparing and cooking foods. Students in this focus are responsible for skillfully preparing healthy, nutritious meals that are pleasing to the eye and the palate. Students will learn how to create, research, plan, prepare, serve, and manage menu development and preparation.

Hospitality service managers may take care of the food service program in single- or multiple-site locations according to policies and procedures and federal/state requirements.
