Equal Opportunity/NonDiscrimination Policy - It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu. This publication should not be considered a contract between SCC and any prospective student. SCC's Board of Governors reserves the right to make changes in this publication during the life of the publication and without notice. A0722 - EST (07/20)

Technology changes rapidly, and employers need highly skilled technicians who are able to keep up with the installation, configuration and maintenance of today's complex systems. SCC's Electronic Systems Technology program does all of that and more! At SCC, you'll learn how to analyze, test and repair consumer electronics; industrial controls; robotics; security, communication and computer systems; and networks.

SCC is the Right Choice

Opportunities for long-term employment, consistent working hours, increasing job responsibilities, and great salaries are available to those who successfully complete our program.

- Earn a degree when it's convenient for you as we offer **day** and **evening** courses for working adults
- You'll spend approximately 50% of your time in the lab and the other 50% in the classroom learning the theory needed to excel in the field
- You'll be prepared for a variety of career paths, including working on a bench as a technician repairing equipment being manufactured and/or repairing existing equipment to traveling to different locations installing and repairing equipment.

While certifications are not required, you will be encouraged and given opportunities and assistance to obtain certification in the following while taking classes:

- iNARTE Certification (without testing)
- J-STD-001 Certification (soldering and inspection of soldering)
- International Society of Certified Electronics Technicians (ISCET)
- CISCO Certified Network Associate (CCNA)
- NCATT Aircraft Electronics Technician
- Network +
- CompTIA A+

Military Transfer (Advanced Placement)

Electronic Systems Technology offers military students with an electronics background and training the opportunity to apply their training and reduce the courses necessary through credit by waiver to complete the degree. Based upon the Military training transcript, you and the program director will select courses that will enhance technical expertise. Up to two-thirds of the technical courses can be transferred in for a technician focus or computer, automation and networking focus.

Top Career Options

- Apprentice Install Electrician
- Avionics Bench Technician
- Electrical Test Technician
- Five DX Operator
- Service Engineer

Graduate Earnings

Recent graduates report an average starting salary of \$42,536 per year.

2020-2021 Resident Estimated Expenses
