"Joining the Law Enforcement and Homeland Security program has been one of the best choices I have made in my career! The SCC criminal justice team not only offers amazing programs, it also provides students with professional, experienced instructors who are motivated to guide students on the right path!"

- Ashley Landeros, Graduate

"The Criminal Justice program at SCC offers a great hands-on learning experience and provides networking opportunities as well as flexibility. Half-way through the program, I was hired at a police department, which could have made it difficult for me to complete the program. They worked with me and made it easy to come back within the year and finish my degree without a hitch. Their hands-on classes created an excellent foundation to rely on as I started my career. I have been in law enforcement for about five years, with experience in patrol and investigations. I would highly recommend this program for anyone who would like a solid foundation for their life-long career."
