Today’s office environment is much different than a decade ago. SCC’s Office Professional program teaches you the skills that employers request, with a significant focus on technology. As you prepare to work in today’s office environment, you have four focus areas in which to choose: Administrative, Legal, Medical, or Managerial. Each focus area contains classes specific to that office environment.

**SCC is the Right Choice**

- Small class sizes for more individual attention
- Program can be completed face-to-face or entirely online, giving you the flexibility you need to meet your goals
- Gain experience in a real working-office environment though the Office Capstone class and paid Cooperative experience
- Soft skills such as telephone etiquette, prioritizing, scheduling, teamwork, ethics, attitude, and professional work habits also are taught to complement the technology classes
- You can choose to take the Microsoft Office Specialists Certification exams to gain valuable skills for your career and enhance your résumé

**More about the program**

Every business needs competent and confident employees, and that’s what this program can do for you.

Our graduates are working in a variety of office settings, including state and local government, public schools, hospitals and health centers, local law firms, doctor’s offices, insurance agencies, and more.

Your skills and training will make you a highly-valued asset to any team.

“For SCC’s Office Professional program taught me professional skills that I can use in not only the workplace, but numerous areas of my life. I highly recommend SCC.”

- Angel Abbey, graduate
