Paramedic training is intense and rigorous, but the rewards of serving others can be tremendous. If you thrive under pressure and enjoy helping people in distress, consider a career as a paramedic. SCC's Paramedic program takes its place in the industry very seriously by educating personnel for this fast-paced, ever-changing world of paramedicine.

Paramedics are often the lead member of a rescue team, with the most training and the most decision-making power. This means that the requirements to be a paramedic include strong leadership skills and the ability to perform complex life-saving functions in extremely stressful crisis situations. A paramedic must keep a cool head and maintain authority among his or her team members in situations where a mistake can mean the difference between life and death.

SCC is the Right Choice

- Classes and labs are face-to-face on the Lincoln Campus and can be completed in one year.
- Upon completing the program you will sit for the National Registry Paramedic (NRP) cognitive exam, and successful completion of this exam allows the candidate to become a National Registered Paramedic.
- 89% National Registry Pass Rate
- 92% Graduate Employment Rate

Other Program Information

You are highly encouraged to complete general education/prerequisite courses prior to starting the program classes. Some classes can be completed during the program. Please contact your College Advisor to get started. Paramedic program classes begin in the fall term.

"I chose SCC because it offered the most diverse training as a paramedic including classes, hands-on clinical hours in various areas of paramedicine and a comprehensive internship

with practicing paramedics. It's designed to develop the critical thinking skills needed to perform in the field rather than only focusing on the written material."

- Natalie Potrzeba, Paramedic, 2019 graduate

The Paramedic program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP), 8301 Lakeview Parkway, Suite 111-312, Rowlett, TX 75085, www.coaemsp.org.
