A0746 - PTAS (09/20)

Do you enjoy staying active? This is a profession where you will not spend your day at a desk! If you have the passion to help others, SCC's Physical Therapist Assistant program is right for you. A PTA's job revolves around helping patients by using exercise, controlled movement and an intricate understanding of the human body to help people reduce pain and gain mobility. As a PTA, you have the rewarding opportunity to help improve the quality of life of others and are an important part of the health care team.

SCC is the Right Choice

- You will join other health care professions in our new state-of-the-art Health Sciences building
- Modern, open lab spaces with the latest in equipment and technology
- After successfully completing the program, you'll sit for the National Physical Therapy Examination (NPTE) for the Physical Therapist Assistant. If you pass the NPTE, you may be licensed/certified in any state.

"I picked Southeast Community College initially because of location and the affordable price. As I entered the program I appreciated the contrast of two excellent full-time professors balanced with guest lecturers who taught on specialty subjects. SCC did a great job of pushing me to learn all the topics necessary to pass my board exam, along with preparing me to apply for a job in any physical therapy field. I would highly recommend anyone to pursue their PTA degree at Southeast Community College."
