Equal Opportunity/NonDiscrimination Policy - It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy. Inquiries concerning the application of Southeast Community College's policies on equal opportunity and nondiscrimination should be directed to the Vice President for Access/Equity/Diversity, SCC Area Office, 301 S. 68th Street Place, Lincoln, NE 68510, 402-323-3412, FAX 402-323-3420, or jsoto@southeast.edu. This publication should not be considered a contract between SCC and any prospective student. SCC's Board of Governors reserves the right to make changes in this publication during the life of the publication and without notice.

A0753 - RADT (08/20)

Are you interested in a health career that involves diagnostic procedures such as X-ray, surgical and trauma imaging and caring for patients in a clinical setting? Our program will teach you the safe use of radiation to produce images of the human body for diagnostic purposes. As a radiologic technologist, you will be responsible for accurately positioning patients and ensuring that a quality diagnostic image is produced. You'll work closely with radiologists and the physicians who interpret medical images to either diagnose or rule out disease or injury. Employment opportunities include hospitals, clinics, outpatient imaging centers, and doctor's offices.

SCC is the Right Choice

- Your face-to-face coursework will be completed in a new state-of-the-art facility on the Lincoln Campus
- You'll spend time in radiology, surgery and emergency departments
- Supervised lab and clinical experiences will expose you to a variety of exams and procedures
- New students begin the program each fall term
- Two tracks are available: Lincoln and Distance
 - Lincoln Track: Clinicals will be held in Lincoln, with radiology courses offered face-to-face
 - Distance Track: Clinicals will be held outside of Lincoln at pre-approved hospital sites, with radiology courses offered online

"I fell in love with Radiology after I job shadowed at the hospital in my hometown. My success in this field is due to the one-on-one instruction and hands-on training I received at SCC. Every day, I use the skills I learned. I work hard to serve my patients in radiography, and I am training to become certified in mammography."

-Allyson Lemus,
Radiologic Technologist,
Advanced Medical Imaging

Please see the program's website for information related to topics that include, but are not limited to, accreditation, state licensure or certification requirements, and other disclosures. SCC strives to promote transparency and encourages students to review the information carefully.

This program is accredited by the Joint Review Committee on Education in Radiologic Technology, 20 North Wacker Drive, Suite 2850, Chicago, IL 60606, 312-704-5300, www.jrcert.org
