

CHOOSE YOU!

Do you get satisfaction working with numbers? Do you enjoy solving problems? An Accounting degree from SCC can open doors you may not have thought possible, including immediate employment or as a stepping stone toward a bachelor's degree.

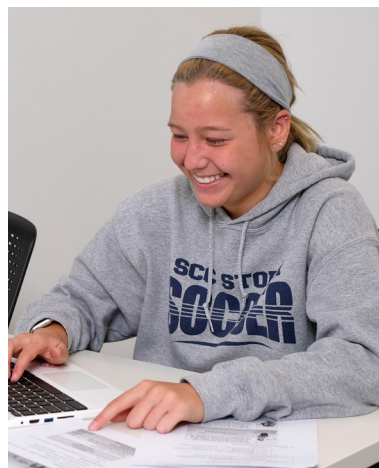

The skills you acquire will enable you to pursue jobs in bookkeeping, billing and office management. Account manager, finance assistant and payroll/accounting clerk are just some of the jobs available to graduates.

We also work with a number of colleges and universities where you can easily transition to a four-year degree.

"SCC's Accounting program has been a fantastic experience. I love the variety of courses and instruction methods. The faculty have been amazing to work with! Whether in class or online, my advisor and teachers have taken the time to clarify information, help with assignments, or just give encouragement."
-Kim Janssen, Graduate
