CHOOSE YOU!

STEM

Registered nurses play a vital role on the front lines of the healthcare workforce. They work in a vast range of specialty areas and are responsible for delivering hands-on patient care. Registered nurses act as patient advocates and support the best healthcare outcomes possible. They work closely with the patients' family and other healthcare professionals to ensure a patient's care plan using the core values of the nursing process.

Responsibilities will vary depending on the environment, but may include:

- Performing physical assessments and health histories before making critical decisions
- Providing health promotion, counseling and education
- Administering medications and other personalized interventions
- Coordinating care in collaboration with a wide array of health care professionals

SCC's dynamic nursing curriculum will help you achieve your goals of becoming a registered nurse.

SCC is the Right Choice

- Small class and lab sizes for more individual attention.
- Nursing skills lab and simulation areas use realistic scenarios.
- Practice your nursing skills in our new Health Sciences Facility and Interdisciplinary Center.
- Clinical experiences are held at a variety of facilities in Lincoln and surrounding communities in multiple areas of nursing care and specialties.
- Our intensive curriculum prepares students to excel and practice with competence, confidence and compassion. You will be well-prepared to take the NCLEX-RN® exam.

» Career Options

- Registered nurse in a hospital, home health, clinic, obstetric, pediatric, geriatric, surgical, psychiatric, orthopedic, emergency room, public health, and/or oncology care environment

Options & Opportunities

- Our LPN to RN program option helps qualified students gain the additional skills and knowledge to take the NCLEX-RN® licensure exam and advance from LPN to RN. Graduation meets one eligibility requirement for application to take the National Council Licensure Examination (NCLEX-RN®).
- Many graduates have chosen to continue their nursing education and are on track to earn a bachelor's or master's degree. SCC collaborates with multiple four-year universities to allow for smooth transition as students further their nursing education.

This program is accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Road NE, Ste. 850, Atlanta, GA 30326, Phone 404-975-5000, www.acenursing.org; and approved by the Nebraska Board of Nursing.

Please see the program's website for information related to topics that include, but are not limited to, accreditation, state licensure or certification requirements, and other disclosures. SCC strives to promote transparency and encourages students to review the information carefully.
