STEM

SCC's program has a reputation for producing highly skilled surgical technologists for nearly 50 years!

The program's pass rate on the NBSTSA national CST certification exam over the last five years is 93.4%, which highly exceeds the national average pass rate of 73.7%.

Surgical technologists are surgical team members who prepare the operating room, hand instruments, assist the surgeon, and manage the instruments after surgery. Most of all, surgical technologists are rewarded daily knowing they have made a difference in a patient's life.

SCC is the Right Choice

- After one semester of intense lab instruction, our students transition into the surgical environment and hand instruments to surgeons during live surgical procedures.
- This program provides 600 hours in a real clinical setting. Depending on surgical locations and specialties, students' experience may include General, Cardiovascular, Orthopedic, Plastics, Gynecology, Urology, Eyes, ENT, Neurology and Pediatrics.
- The new Health Sciences Facility on the Lincoln Campus provides state-of-the-art lab spaces which include real surgical equipment and endoscopic simulation.
- This program is run by four full-time instructors and five clinical adjunct instructors, making it the most staffed program in the country.
- The National Certification Exam will be administered through Applied Measurement Professionals Inc. before graduation. Upon verification of graduation from the program director, each student passing the exam will receive the official certification certificate from the National Board of Surgical Technologists and Surgical Assistants.

Equal Opportunity/NonDiscrimination Policy - It is the policy of Southeast Community College to provide equal opportunity and nondiscrimination in all admission, attendance, and employment matters to all persons without regard to race, color, religion, sex, age, marital status, national origin, ethnicity, veteran status, sexual orientation, disability, or other factors prohibited by law or College policy.
