Why SCC?

There are many reasons why SCC is the best choice to help you meet your educational goals.

93% SUCCESS RATE

Ninety-three percent of 2017 graduates found work or continued their education. Eighty-nine percent of employed graduates are working in Nebraska, and 88 percent of graduates who continued their education are doing so in Nebraska.

DUAL-CREDIT COURSES!

SCC offers a 50-percent tuition discount on all dual-credit and SENCAP (Southeast Nebraska Career Academy Partnership) classes. That’s only $34.75 per credit hour! The remaining half will be paid for by either the student or the K-12 school (depending on available funding).

INVOLVEMENT OPPORTUNITIES

Getting into a program and gaining skills for a job is a priority, but SCC also offers a number of student organizations and activities, including art, music, theatre, and intercollegiate athletics (men: baseball, basketball, cross country, and golf; women: basketball, cross country, softball, volleyball).

DATES

2018-2019

07/11/18 — Summer Quarter Begins
10/03/18 — Fall Quarter Begins
12/01/18 — Begin Applying for Fall Scholarships
01/07/19 — Winter Quarter Begins
04/28/19 — Spring Quarter Begins

2019-2020

08/26/19 - Fall Semester Begins
12/01/19 — Begin Applying for Fall Scholarships
01/13/20 - Spring Semester Begins

2020-2021

08/24/20 - Fall Semester Begins
12/01/19 — Begin Applying for Fall Scholarships
01/11/21 - Spring Semester Begins
05/25/21 - Summer Session Begins

More details available at: www.southeast.edu/calendar

96% of SCC students recently surveyed said they would recommend the College to a friend or family member, and 88% rated their entire educational experience at SCC as good or excellent (Community College Survey of Student Engagement 2015)
Why SCC?
Small Class Sizes!
With an average student-to-faculty ratio of 12:1, it’s easier to connect with classmates, build trust with your instructors and get personal attention at SCC.

HOUSING
On-campus housing is available at Beatrice and Milford.

The Lincoln Campus does not offer student housing, but the Admissions Office maintains a list of local apartments and students seeking roommates.

www.southeast.edu/LivingOnCampus

Transfer Options
Quality of Arts & Sciences!
Save money by taking the first two years of your bachelor’s degree at SCC and be taught by a quality faculty, many of whom hold PhDs or terminal degrees in their fields.

GLOBAL EDUCATION...
provides opportunities for
• College Credit
• International Travel
• Service-Learning

GET STARTED TODAY!
✓ Go to www.southeast.edu/VisitSCC to schedule your visit.
✓ Apply online at www.southeast.edu.
✓ Complete testing. Submit your ACCUPLACER/ACT/ASSET/COMPASS/SAT scores, or make arrangements to take the placement test at the College.
✓ Check out admissions steps at www.southeast.edu/Apply.
✓ Apply for financial aid/scholarships at www.southeast.edu/FinancialAid. Current high school seniors have from Dec. 1 through Feb. 22 to apply for scholarships. Go to www.southeast.edu/Scholarships.
✓ Learn more about SCC at www.southeast.edu/CampusServices.

“A lot of things calculated into me choosing SCC. I received scholarships here and the cost was a big factor for me choosing where I went. I also liked that the class sizes where smaller which meant more one on one time with professors. I like that whenever you need help, the tutoring center is there. I can honestly say I’ve never met a group of professors/teachers that care so much about your well being and the desire for you to do great!”

-Dominic, Lincoln
Academic Transfer

Start Here. Succeed Here. Succeed Anywhere. The Academic Transfer program enables you to obtain an Associate of Arts or Associate of Science degree to complete up to 60 semester hours/90 quarter hours of general education credit, or to take a few specific courses that transfer to a four-year institution for your intended major.

★ Location: Beatrice, Lincoln and Milford Campuses and Online
★ Length: 8 terms
★ Award: Associate of Arts degree or Associate of Science degree

Getting Started

What do you plan to major in?
Because every major has varying course requirements, it is important to research potential careers and majors early in your college career. Visit www.southeast.edu/academics

Where do you plan to transfer?
Because every four-year institution has different general education requirements, it is important to be thinking about and deciding on a transfer institution as soon as possible. Research various colleges and universities for the following types of information:

• Do they offer my intended major? What courses are required for this program that I can take at SCC? Is there a limit on how many credit hours I can transfer?
• What are the admissions requirements for the college/university? Are there additional admissions requirements for the major? What do I need to do while at SCC to meet the admissions requirements?
• When is the application deadline? Is an application fee or enrollment deposit required?
• How much are tuition and fees?
• How much financial assistance can they offer me? How do I apply for scholarships?
• What resources and services are offered on their campus for transfer students?

Associate of Arts
The Associate of Arts degree is designed for students who plan to transfer to a four-year college or university to pursue a bachelor’s degree in fields such as business, education, humanities, social science, or social work.

Associate of Science
The Associate of Science degree is designed for students who plan to transfer to a four-year college or university to pursue a bachelor’s degree in fields such as agriculture, engineering, science, mathematics, or a pre-professional program (pre-dentistry, pre-med, pre-vet, etc.).

Academic Transfer Subject Areas

• Agriculture
• Art
• Biological Science
• Biotechnology
• Business
• Criminal Justice
• Education
• English
• Geography
• Humanities
• History
• Journalism & Photography
• Language Studies
• Mathematics
• Music
• Physical Science
• Political Science
• Pre-Professional Health Programs
• Psychology
• Sociology
• Theatre

Computer Information Technology

Successfully complete this program and gain skills to start a professional career in Information Technology.

The Applications Development focus trains students to design and code software applications on different computer platforms (mobile, PC, Web, minicomputer, mainframe).

The Networking, Security & Support focus offers students hands-on training in the setup, maintenance, support, and management of computer hardware and software, operating systems, and networks. Within this focus, there are three options: Network Management, Network Security or Computer Support. Networking graduates set up, maintain, and manage computer networks. Graduates in security are trained to meet the growing need for cyber security professionals. A computer support specialist may work as the main computer resource technician in a company or as a member of a team providing help desk support.

Classes are offered full-time or part-time; day, evening, or online.

Focus Areas

Applications Development: Options for Integrated Platforms Development or PC/Web Platforms Development

Networking, Security and Support: Options for Network Management, Network Security or Computer Support

Location: Lincoln Campus

Length: 2-8 terms

Award: Associate of Applied Science degree, Certificate

Salary: $21.35 (average starting wage per hour)

Recent graduates hired as:

• Application Developer
• Business Installation Technician
• Desktop Support Technician
• Developer
• Instructor
• IT Applications Developer
• IT Database Analyst
• IT Infrastructure Support Technician
• Network Operations Engineer
• Placement Engineer
• Programmer
• Project Manager
• Software Developer
• Software Engineer
• Support Desk Engineer
• System Application Specialist
• System Engineer
• Systems Analyst
• Technical Support Representative
• Web Developer

“I chose SCC because they had the program I wanted to study, small class sizes, and I could complete my degree in a short amount of time.

I love the family feeling that is everywhere at SCC. Everyone is here to help you succeed. Take it day by day. Never be afraid to ask for help. You can even take general education classes before you enroll in your program or at any campus.

-Valerie, Nemaha Valley
If you have an artistic mind and enjoy creating designs on the computer, this is the field for you. Graphic designers meet with clients and help create a visually-appealing message to a specific audience. There are many fields for graphic design jobs, including art and design, advertising, marketing, and print and interactive design.

Graphic design is the combination of type and imagery to communicate a message. These visual elements are arranged in such a way to convey its intended message to a specific audience. Graphic designers are problem solvers that create design solutions to specific design dilemmas with the ultimate goal of informing the viewer and influencing behavior. Acceptance to the program is based on a selection process upon review of a Visual Awareness and Communication Assessment and a portfolio submission. Application materials for the Fall 2019 intake must be submitted to the Admissions Office no later than March 1, 2019.

Location: Education Square (downtown Lincoln)
Length: 8 terms
Award: Associate of Applied Science degree
Salary: $15.90 (average starting wage per hour)

Recent graduates hired as:
- Front-End Web Development
- Graphic Designer
- Interactive Designer

“Taking courses through SCC was great because the school I transferred to accepted my college credits without a hassle. SCC had the program I wanted. It’s a great school.”

-Brody, Falls City
Business Administration

Are you interested in working in a retail environment, insurance company, bank, or non-profit organization? How would you like to start your own business? Learn what to expect as a bookkeeper, or gain knowledge of the event and venue industry. Discover what is expected as an entrepreneur and gain working knowledge, as well as hands-on experience, with skills necessary for success in any venture. The SCC Business Administration program is accredited by ACBSP. With a degree from SCC, the possibilities are endless!

Focus Areas
Business Administration (A.A.S. degree, A.A. degree, Diploma and Certificate)

- Location: Beatrice, Lincoln and Milford Campuses and Online
- Length: 6-8 terms
- Award: Associate of Applied Science degree, Associate of Arts degree, Diploma, Certificate
- Salary: $15.25 (average starting wage per hour)

Recent graduates hired as:
- Accounting Associate
- Administrative Coordinator
- Benefit Specialist
- Billing Coordinator
- Bookkeeper
- Business Manager
- Call Center Representative
- Client Service Associate
- Customer Service Representative
- Director of Merchandising
- Donor Relations Representative

- Environmental Health & Safety Coordinator
- Finance Assistant
- General Merchandise Associate
- Group Administrator
- Human Resource Specialist
- Inventory Control Clerk
- Legislative Aide
- Logistics Associate
- Manager Trainee
- Marketing Officer
- Materials Coordinator
- Office Assistant
- Office Manager
- Operations Assistant
- Payroll/Accounting Clerk
- Property Manager
- Quality Control Analyst
- Sales Consultant
- Teller
- Underwriting Assistant

Office Professional

If you enjoy working with people and you value quality customer service, this program is for you. The Office Professional program offers students generalized training in a variety of office professions. With appropriate elective courses, you will complete requirements for an Associate of Applied Science degree and be prepared to take the Certified Professional Secretary or the Certified Administrative Professional examination awarded through the International Association of Administrative Professionals.

Focus Areas
Administrative Office, Legal Office, Medical Office

- Location: Lincoln Campus and Online
- Length: 6-9 terms
- Award: Associate of Applied Science degree, Diploma, Salary: $13.35 (average starting wage per hour)

Recent graduates hired as:
- Account Manager
- Administrative Assistant
- Billing Associate
- Business Specialist
- Child Support Enforcement Worker
- Customer Service Associate
- Data Entry Operator
- Financial Assistant
- Front Desk Receptionist

- HR Assistant/Front Desk
- Legal Assistant
- Legal Secretary
- Office Coordinator
- Records Clerk
- Technical Data Editor
- Teller
BUSINESS & CULINARY/FOOD RELATED AREAS

Long Term Care Administration
If you desire to become an administrator of an assisted living facility, nursing home or other long-term care facility, this program is for you. An administrator is the chief executive responsible for planning, organizing, leading, and supervising the operations of a home for the aged licensed by Health and Human Services. Specific duties include budget administration, personnel activities, supervision, public relations, leading regulatory changes, and facility management.

- Location: Online* (degree awarded from Lincoln Campus)
- Length: 2-8 terms
- Award: Associate of Applied Science degree, Certificate
- Salary: $27.60 (average starting wage per hour)

Recent graduates hired as:
- Enrichment Associate
- Executive Director
- Nursing Home Administrator

Culinary/Hospitality
New, state-of-the-art learning spaces and a working restaurant await students who enroll in the program. This is the place where you can take your passion for food and create an art form that is appreciated using multiple senses. Successful students in this program are dedicated and driven by serving others and the creativity inspired by working with food. This is a rewarding career. No two days are alike. See for yourself and gain skills for a successful career in the industry.

Focus Areas
Baking/Pastry focus, Culinary Arts focus, Hospitality Management focus

- Location: Great Plains Culinary Institute at Lincoln Campus
- Length: 2-6 terms
- Award: Associate of Applied Science degree, Diploma, Certificate
- Salary: $12.20 (average starting wage per hour)

Recent graduates hired as:
- Assistant Manager
- Baker
- Baker/Cake Decorator
- Chef
- Cook
- Dietary Manager
- Dietary Tech
- Dining Associate
- Dining Supervisor
- Executive Pastry Chef
- Grill Cook
- Line Chef
- Line Cook
- Manager
- Night Shift Manager
- Sous Chef

Dietary Manager
Dietary Manager graduates manage foodservice operations and ensure food safety in non-commercial organizations such as hospitals and schools, as well as long-term care and correctional facilities.

- Location: Online (degree awarded from Lincoln Campus)
- Length: 1 term
- Award: Certificate
- Salary: $22.60 (average starting wage per hour)

Recent graduates hired as:
- Administrator
- Cook
- Dietary Manager
- Director of Culinary Services
- Director of Dietary Services

“SCC was a great choice. All of the instructors are helpful, and the College provided free tutoring, which has helped me become successful. I learned how to work in and manage an office. SCC faculty also are there for students who need help with assignments or projects.”

- Edwin, Lincoln
Agriculture Management & Production

If you enjoy spending time outdoors and are looking for a career in the agriculture industry, check out our hands-on program! Agribusiness is the program to help you learn the skills needed to have a career that processes, distributes and supports farm-related products. Our agriculture center has amazing resources where you can get real experience applying what you learned in the classroom. You will gain technical skills and knowledge in agriculture business, land use, crop farming, animal care, and food science. You’ll be able to personalize your degree with a focus that reflects your interests. If crops and soils are your interest, choose our Agronomy focus. The Diversified Agriculture focus will give you a well-rounded education with classes in several areas, preparing you to manage many related businesses.

Focus Areas
Agribusiness, Agronomy, Diversified Agriculture
- Location: Beatrice Campus
- Length: 6 terms
- Award: Associate of Applied Science degree
- Salary: $15.10 (average starting wage per hour)

Recent graduates hired as:
- Agronomist
- Application Operator
- Assistant Cattle Manager
- Assistant Superintendent
- Course Maintenance
- Elevator Operator
- Farm Assistant
- Farm Manager
- Farm/Ranch Hand
- Foreman
- Feed Mill Operator
- Field Marker
- Landscaping Foreman
- Herdsman
- Herdman/Farrowing Technician
- Mill Department Worker
- Owner/Operator
- Ranch Assistant/Ranch Hand
- Ranch Manager
- Sales Agronomist

Livestock Management & Production

Livestock managers are responsible for running the business of livestock on farms or ranches. They must keep accurate financial records, supervise workers and ensure proper care. They make sure that the goods from animals are produced safely, efficiently and profitably by monitoring what the livestock is fed, keeping the animals healthy and ensuring overall cleanliness of animals and facilities.

Location: Beatrice Campus
Length: 6 terms
Award: Associate of Applied Science degree
Salary: In 2015, the U.S. Bureau of Labor Statistics reported an annual median salary of $64,170 for farmers, ranchers and other agricultural managers.

Types of jobs available:
- Livestock Genetics Salesperson
- Swine Production Technician
- Feedlot Technician
- Animal Health Sales
- Veterinary Assistant
- Artificial Insemination Technician
- Research Technician
- Livestock Production Specialist
- Conservationist

“Dual-credit classes have taught me a lot about what I’m capable of doing and what I need to work on before I go to college. This experience has taught me a lot about myself and helped me find out more about the career I want to pursue.”
- Nanaabenaa, Seward
Horticulture & Turfgrass Management

The Horticulture & Turfgrass Management program combines classroom theory with hands-on experience in various settings throughout the Beatrice Campus, including two golf course holes. A cooperative experience can be completed at a golf course, landscape company or greenhouse, to name a few. Successful completion of the program prepares students for a variety of careers, both indoors and outdoors, including landscape design and construction, greenhouse manager, nursery manager, and maintaining turfgrass areas on a golf course, athletic fields, and other commercial and non-commercial turf areas. Students in our program have found great success in the classroom and after graduation, including winning the 2018 North American Colleges and Teachers of Agriculture Horticulture Competition. Our students are National Champions and technically trained future employees in the industry.

Focus Areas
- Golf and Sports Turf Management, Horticulture
- Location: Beatrice Campus
- Length: 6 terms
- Award: Associate of Applied Science degree
- Types of jobs available:
  - Golf Course Assistant
  - Golf Course Spray Tech
  - Golf Course Irrigation Tech
  - Sports Field Manager
  - Landscape Construction
  - Landscape Installation
  - Landscape Maintenance
  - Landscape Sales
  - Florist
  - Greenhouse Grower
  - Groundskeeper
  - Equipment Salesperson
  - Research Technician
  - Commercial Pesticide Applicator
  - Conservationist

Why SCC?

Return on Your Investment!

SCC is one of the most affordable community colleges in Nebraska. And for every $1 students invest in their education at SCC, they see a return of $3.50 in higher future income.
Building Construction Technology

This program will provide you the foundation necessary to pursue any career option in the building construction industry. The highlight of the program is the culmination of skills going into the construction of a home built every other quarter by students. Students also have the opportunity to participate in the award-winning National Association of Home Builders student chapter and the Associated General Contractors student chapter.

Focus Areas

Certificate in Masonry Construction or Carpentry & Cabinet Making Construction

- Location: Milford Campus
- Length: 6 terms
- Award: Associate of Applied Science degree, Certificate
- Salary: $16.50 (average starting wage per hour)

Recent graduates hired as:
- Carpenter
- Construction Technician
- Laborer
- Loose Material Estimator
- Owner
- Skilled Laborer
- Technician

Heating, Ventilation, Air Conditioning & Refrigeration Technology

There is a high demand for well-trained HVAC technicians nationwide, and it can also be very satisfying to help people with heating and cooling issues. Professionals in the HVAC/R industry design, build, install, service, maintain, troubleshoot, and repair heating and cooling systems year-round. Students may focus on the installation and maintenance of residential, commercial or industrial heating, ventilation, air conditioning, and hydronic heating systems or refrigeration equipment.

Location: Milford Campus
Length: 6 terms
Award: Associate of Applied Science degree
Salary: $17.00 (average starting wage per hour)

Recent graduates hired as:
- Apprentice Steamfitter
- Apprentice Technician
- HVAC Technician
- Service Technician

Plumbing Technology

As a plumber, you will work in both commercial and residential settings to repair, install and maintain plumbing fixtures and systems for drainage, heating, drinking, venting, and sewage. A large part of the job involves the ability to work with building blueprints to assess layouts of plumbing systems and the water supply.

Location: Milford Campus
Length: 4 terms
Award: Diploma
Salary: EMSI occupational data projects jobs for plumbers, pipefitters and steamfitters of a median wage of more than $18 per hour.

Types of jobs available:
- Installation of plumbing and heating systems in new buildings
- Installation and maintenance of plumbing, heating and piping systems for industries, public utilities, or government agencies
- Self-employment

Why SCC?

Quality Career/Technical Programs!

You’ll receive a hands-on education on the most up-to-date equipment in the industry. Employers love SCC graduates.
Design & Drafting Technology

Architectural design is the creation of construction documents for residential and commercial structures through the use of Building Information Modeling designs. Computer Aided Design Drafting is communication through the use of graphic representation and creation of 3-D designs. Our program combines computer aided drafting and architectural design to give students options toward their career.

Focus Areas

- Associate of Applied Science Degree in Architectural Design (Milford) or Computer Aided Design Drafting (Lincoln)
- Diploma in Architectural, Mechanical/Electrical, Residential, or Structural Design

Certificate in Designing Software or Residential Design

- Location: Lincoln and Milford Campuses
- Length: 6-8 terms
- Award: Associate of Applied Science degree, Diploma, Certificate
- Salary: $17.15 (average starting wage per hour)

Recent graduates hired as:

- Assistant CAD Technician
- Drafter
- Drafter/Designer
- Electrical BIM Technician
- Electrical Designer
- Electrical Drafter
- HVAC Drafter
- Mechanical CAD Technician
- Mechanical Designer

Land Surveying/GIS/Civil Engineering Technology

SCC has the only land surveying program in Nebraska. The program will prepare you to become a land surveying technician, civil CAD drafter, or construction materials inspector. You'll learn GPS and GIS technology. Your fourth quarter of the program will be spent employed on the job in a cooperative experience performing land surveying, drafting, or materials testing/inspection with cooperative education employers throughout Nebraska and surrounding states.

- Location: Milford Campus
- Length: 6 terms
- Award: Associate of Applied Science degree
- Salary: $17.25 (average starting wage per hour)

Recent graduates hired as:

- Survey Assistant
- Survey Technician
- Surveyor

“SCC has done a tremendous job in training and preparing its students for the workforce, and for decades, our company has hired SCC’s students for this reason. Many of our SCC hires are working in engineering, systems programming, sales and upper management, including our president. SCC has demonstrated a willingness to keep up with the fast-paced changes in our industry, and this has recently been proven in the newly renovated electronics lab. As an employer, I see this as one of the many impressive attributes to the Electronics program, and I appreciate that SCC deeply invests in the quality of its students’ education.”

-Matt Thorne, Vice President of Technical Operations, Electronic Contracting Company, Lincoln, Neb.
Early Childhood Education
If you enjoy working with children, this program will provide you with the necessary skills to teach children and strengthen families in various early care and education positions. Designed for individuals interested in working directly with children from birth to age 8, the courses are designed to prepare you in understanding child development, developmentally appropriate curriculum and methods for supporting a child’s learning and development.

- Location: Lincoln Campus and Online*
- Length: 2-8 terms
- Award: Associate of Applied Science degree, Diploma, Certificate
- Salary: $10.55 (average starting wage per hour)

Recent graduates hired as:
- Assistant Preschool Teacher
- Child Care Center - Assistant
- Teacher
- Infant Teacher
- Lead Teacher
- Library Aid
- Owner
- Preschool Co-Teacher
- Preschool Lead Teacher
- Teacher
- Teacher Assistant
- Toddler Specialist

Human Services
Social and human service assistants help people through difficult times or obtain additional support. They help other professionals, such as social workers, and they help clients find benefits or community services. The program will prepare you to work in a variety of areas, including mental health, developmental disabilities, alcohol and drug counseling, nursing home and assisted living facilities, and many areas related to youth. Practicum placement for students in the program is available in a variety of communities.

- Location: Lincoln Campus
- Length: 2-8 terms
- Award: Associate of Applied Science degree, Certificate
- Salary: $13.55 (average starting wage per hour)

Recent graduates hired as:
- Activities Aide
- Alcohol and Drug Counselor
- Case Manager
- Chemical Dependency Counselor
- Community Support Professional
- Counselor I
- Mental Health Security Specialist
- Technician
- Teen Specialist

Criminal Justice
If you’re interested in the fascinating world of law enforcement, this program will equip you with the skills necessary to perform basic duties and tasks associated with entry-level positions in criminal justice and corrections.

- Location: Beatrice Campus and Education Square (downtown Lincoln)
- Length: 6-8 terms
- Award: Associate of Applied Science degree
- Salary: $18.05 (average starting wage per hour)

Recent graduates hired as:
- Corporal
- Correctional Officer
- Criminal Justice Advocate
- Officer
- Patrol Officer
- Police Officer Recruit
- Relief Specialist
- Security Officer
- Security Specialist

Adult & Juvenile Services and Corrections
The Adult & Juvenile Services and Corrections program introduces students to evidence-based practices in community-based correctional services, institutional corrections, secure mental health facilities and juvenile justice agencies. The program is designed to equip students with both the skills and knowledge needed to prepare them for the special challenges involved in working with a wide variety of clients in a community-based corrections setting and working with inmates in an institutional setting.

- Location: Beatrice Campus and Education Square (downtown Lincoln)
- Length: 6-8 terms
- Award: Associate of Applied Science degree
- Salary: New program. No data available.

Types of jobs available:
- Compliance Officer
- Juvenile Corrections Counselor
- Parole Officer
- Corrections officer
- Electronic Monitoring Officer
- Child Protective Services
- Juvenile Detention Officer
- Inmate Classification Officer
- Youth Worker
- Juvenile Parole Officer
- Juvenile Diversion Officer
- Drug Court Technician
- Assistant Probation Officer
Fire Protection Technology

The Fire Protection Technology program is designed to prepare students for careers in the fire protection and emergency services field. The program emphasizes hands-on learning, with opportunities for students to gain experience in fire protection, emergency services, and related fields. Graduates are eligible for certification as Emergency Medical Technician-Basic through the National Registry of Emergency Medical Technicians. Graduates also are eligible for certification as Firefighter I, Firefighter II, and Hazardous Materials Operations Level through the Nebraska State Fire Marshall.

| Location: | Lincoln Campus |
| Length: | 2-6 terms |
| Award: | Associate of Applied Science degree, Certificate |
| Salary: | $12.00 (average starting wage per hour) |

Recent graduates hired as:
- Firefighter/Paramedic
- Shift Commander

Why SCC?

Convenience!

SCC operates full-service campuses in Beatrice, Lincoln and Milford, as well as additional locations in Lincoln and learning centers in Falls City, Hebron, Nebraska City, Plattsmouth, Wahoo, and York.
Electrical & Electromechanical Technology

Skilled electricians have a reputation that follows them throughout their career. You will be provided with the necessary skills to work in residential, commercial and industrial construction environments. Electromechanical technicians will be trained for a future in mechanical repair of machinery, hydraulics, welding, and fabrication, along with the electrical fundamentals for a career in designing, installing and maintaining industrial production equipment. Both electrical and electromechanical students will be trained in robotics, programmable controllers and automated systems.

Hands-on training, where students perform a variety of tasks and use critical thinking skills, is emphasized. Approximately half of the training will take place in a laboratory setting where you will apply classroom theory.

Focus Areas

Electrical Systems & Electromechanical Systems (Associate of Applied Science), Construction Electrician (Diploma)

- Location: Milford Campus
- Length: 6 terms
- Award: Associate of Applied Science degree; Diploma
- Salary: $21.10 (average starting wage per hour)

Recent graduates hired as:

- Apprentice Electrician
- Electrical Controls Technician
- Electromechanical Technician
- Installation Technician
- Maintenance Mechanic
- Maintenance Technician
- Service Technician
- Shop Fabrication

Electronic Systems Technology

Prepare yourself for a variety of career opportunities, including industrial and personal networking, robotics, automation systems, avionics, biomedical, communications, and many other commercial electronic systems, as well as non-commercial, personal systems.

Approximately half of the training will take place in a laboratory setting where students will apply the classroom theory. A degree in Electronic Systems Technology can open a variety of exciting, stable and lifelong career opportunities with great salaries and benefits! Become part of this excellent career field that everyone depends on every day.

Focus Areas

Cisco Networking/Security, Robotics and Automation, Electronic Systems Technician; Military Transfer (Advanced Placement)

- Location: Lincoln Campus
- Length: 6-8 terms
- Award: Associate of Applied Science degree
- Salary: $21.15 (average starting wage per hour)

Recent graduates hired as:

- Application Specialist
- Electrical Maintenance
- Electronic Technician
- Field Technician
- General Manager
- Install Technician
- Instrument & Control Technician
- System Technician

Energy Generation Operations

Receive hands-on training in one of the fastest-growing industries in the world. The increased need for qualified plant operators makes this program attractive. Statistics indicate that more than 1,000 new plant operators will be needed each year during the next decade. A state-of-the-art control room simulator provides real-world training. The program will prepare you for employment in an ethanol plant or for careers in the renewable energy industry.

Focus Areas

Nuclear, Industrial-Process Operations, Military

- Location: Milford Campus
- Length: 6 terms
- Award: Associate of Applied Science degree, Diploma, Certificate
- Salary: $27.05 (average starting wage per hour)

Recent graduates hired as:

- Operations Crew Leader
- Operations Helper
- Operator
- Sub Transmission & Distribution Operator
- Technician

“I learned about SCC when I took a SENCAP Career Academy class my junior and senior years of high school.
I love how the program is hands-on. That is how I learn best. I love how you can email the instructors and they get back to you in a timely manner. I felt welcome by everyone in the program. Get involved with the program. You will meet new people and gain a bigger circle of friends and also meet great teachers.”

-Timothy, Seward
Online*= Program offers Web-based courses but requires supervised clinicals/practicums/labs at identified locations.

**Welding Technology**
Do you like to make things? Do you like to make things better, faster and less expensive? This program will allow you to be hands-on and still be a part of the design process. You will graduate with the necessary skills to work in a variety of jobs, including designing, drafting, quality assurance, purchasing and/or sales. You will train to become a member of an engineering team.

- **Location:** Lincoln Campus
- **Length:** 6 terms
- **Award:** Associate of Applied Science degree
- **Salary:** $19.60 (average starting wage per hour)

**Recent graduates hired as:**
- Fabricator
- Welder

---

**Nondestructive Testing Technology**
This is the only program of its kind in Nebraska and one of fewer than 10 in the nation. NDT is examining a part using manual and computerized inspection techniques without destroying the part. Program graduates perform basic inspections on everything from bridges and buildings to satellite and space shuttle components. This skill is in demand, and graduates have numerous job opportunities and attractive starting wages.

- **Location:** Milford Campus
- **Length:** 6 terms
- **Award:** Associate of Applied Science degree
- **Salary:** $20.50 (average starting wage per hour)

**Recent graduates hired as:**
- Assistant Technician
- NDT Assistant
- NDT Inspector
- NDT Technician
- NDT Trainee
- Radiographer Assistant

---

**Precision Machining and Automation Technology**
SCC’s program prepares students for an exciting, fast-paced career in manufacturing. Students can specialize in Tool Making, Mold Making, CNC Machining, and Manufacturing Automation. The Eicher Technical Center in Milford has one of the largest precision machining training facilities in the country.

**Focus Areas**
Tool Maker, CNC & Automation

- **Location:** Milford Campus
- **Length:** 6 terms
- **Award:** Associate of Applied Science degree, Diploma
- **Salary:** $19.35 (average starting wage per hour)

**Recent graduates hired as:**
- CNC Machinist
- CNC Operator
- CNC Technician
- Dosan Lathe Operator
- Injection Mold Set Up
- Machinist
- Mold Technician
- Tool Maker

---

**Manufacturing Engineering Technology**
Do you like to make things? Do you like to make things better, faster and less expensive? This program will allow you to be hands-on and still be a part of the design process. You will graduate with the necessary skills to work in a variety of jobs, including designing, drafting, quality assurance, purchasing and/or sales. You will train to become a member of an engineering team.

- **Location:** Milford Campus
- **Length:** 6 terms
- **Award:** Associate of Applied Science degree
- **Salary:** $19.60 (average starting wage per hour)

**Recent graduates hired as:**
- CNC Machinist
- CNC Tube Bender
- Designer
- Designer/Drafter
- Machinist
- Manufacturing Engineer
- Process Engineer
- Technician
- Testing Technician

---

**Welding Technology**
Are you detail oriented? Do you possess manual dexterity and physical strength? Do you have the ability to spot changes in how hot metal flows? If you answered yes, then this program is for you. You’ll receive classroom instruction and extensive hands-on training, focusing on current welding practices and procedures, metallurgy, destructive and nondestructive testing, inspection, and principles of fabrication and design. The program meets American Welding Society, American Petroleum Institute and American Society of Mechanical Engineers standards. Some of the welding processes utilized are shielded metal arc, gas metal arc, gas tungsten arc, flux cored arc, and submerged arc welding. Cutting processes include oxyfuel and plasma arc.

- **Location:** Lincoln Campus
- **Length:** 6 terms
- **Award:** Associate of Applied Science degree, Diploma, Certificate
- **Salary:** $25.45 (average starting wage per hour)

**Recent graduates hired as:**
- Fabricator
- Welder

---
Healthcare Services

Careers in both health-care support and technical jobs are expected to be the two fastest-growing groups during 2014-2024. The Healthcare Services Certificate provides you with entry-level, flexible skills to work in hospitals, medical facilities and physicians' offices.

Southeast Community College provides coursework and training for this certificate through the healthcare programs including: on campus, the Continuing Education division, the career academy dual-credit health pathways offered at both The Career Academy and through the Southeast Nebraska Career Academy Partnership (SENDAP), and through our six Learning Centers, in our 15-county service area.

Courses are offered in an online, hybrid, or traditional classroom learning format.

- Location: Lincoln Campus
- Length: 2 terms
- Award: Certificate
- Salary: New program. No data available.

Types of jobs available:
- Certified Nursing Assistant
- Medication Aide
- Phlebotomist
- EKG Technician
- EMT
- Personal Care Aide

Associate Degree Nursing

This program provides instruction in basic nursing skills, medical/surgical nursing, maternal/child nursing, mental health, and gerontology. Graduates meet the education eligibility requirements to apply for the National Council Licensure Examination. Graduates must pass the NCLEX-RN to obtain a license as a Registered Nurse. Students will have 808 hours of clinical practice in various settings.

- Location: Lincoln Campus and Online (Beatrice upon approval)
- Length: 8 terms (part-time track available)
- Award: Associate of Applied Science degree
- Salary: $24.70 (average starting wage per hour)

Recent graduates hired as:
- Registered Nurse
- RN, Charge Nurse
- RN, Coordinator
- RN, Float
- RN, ICU
- RN, Inpatient
- RN, Ortho/Trauma
- Team Leader
- Treatment Nurse

Practical Nursing

This program will teach you the concepts, principles, skills, and attitudes needed to become a practical nurse who can work with patients throughout the life-span. LPNs report directly to a registered nurse or physician and perform many procedures, including monitoring vital signs, administering medication, documenting work and supervising unlicensed personnel.

- Location: Beatrice and Lincoln Campuses
- Length: 4 terms (part-time track available through the Beatrice Campuses at Beatrice, Lincoln, Falls City or Geneva.)
- Award: Diploma
- Salary: $16.70 (average starting wage per hour)

Recent graduates hired as:
- Charge Nurse
- Collection Charge Nurse
- Licensed Practical Nurse
- LPN, Charge Nurse
- LPN, Quality Improvement
- LPN, Quality Management

Paramedic

Paramedics provide medical care by preventing or reducing mortality and morbidity due to illness and injury. As a patient advocate, paramedics seek to be proactive in affecting long-term health care by working in conjunction with other provider agencies, networks and organizations. Traditional roles are in pre-hospital medicine with ambulance services, fire departments, flight programs, as well as within hospital critical access care areas.

- Location: Lincoln Campus
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $18.50 (average starting wage per hour)

Recent graduates hired as:
- Emergency Medical Technician
- Paramedic

Dental Assisting

Make someone smile! Dental assistants provide the opportunity to interact with patients and assist dentists in providing quality dental health care. Dental assistants may also expose and process dental X-rays, prepare and sterilize instruments and equipment, take impressions of patients' teeth, polish (coronal) teeth, assist the dentist with various procedures, communicate with other health care professionals, and perform office-management tasks. Dental assistants are classified as licensed professionals in the state of Nebraska.

- Location: Lincoln Campus
- Length: 6 terms
- Award: Diploma
- Salary: $16.30 (average starting wage per hour)

Recent graduates hired as:
- Certified Dental Assistant
- Dental/Orthodontic Assistant
- Orthodontic Assistant

Medical Assisting

Medical assistants perform clinical duties such as vital signs, laboratory tests and electrocardiograms. They draw blood, prepare and administer medications and assist the physician. They may also perform administrative duties such as scheduling appointments, billing, coding, and insurance. Graduates work in offices and clinics of physicians, podiatrists, chiropractors, optometrists, and other specialties.

- Location: Lincoln Campus
- Length: 6 terms
- Award: Diploma
- Salary: $13.75 (average starting wage per hour)

Recent graduates hired as:
- Certified Medical Assistant
- Optometry Technician

Physical Therapist Assistant

Physical therapist assistants work under the direction of physical therapists and help patients of all ages recover from injuries and regain movement. A physical therapist assistant helps people of all ages who have medical problems or other health-related conditions that limit their ability to move and perform functional activities in their daily lives.

- Location: Lincoln Campus
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $22.65 (average starting wage per hour)

Recent graduates hired as:
- Group Exercise Instructor
- Physical Therapist Assistant
- Traveling PTA
Medical Laboratory Technology
Medical laboratory technicians are in high demand! They work in all areas of the clinical laboratory, including blood banking, chemistry, hematology, immunology, and microbiology. MLTs use high-tech instrumentation and microscopes to aid physicians in the diagnosis and treatment of disease. If you like science and puzzles, this is the career for you!

- Location: Lincoln Campus
- Length: 8 terms
- Award: Associate of Applied Science degree
- Salary: $19.05 (average starting wage per hour)

Recent graduates hired as:
- Medical Laboratory Technician

Radiologic Technology
As a Radiologic Technologist, you will work with patients performing radiology exams. Employment opportunities include hospitals, clinics, outpatient imaging centers, and doctor’s offices. Students are taught the safe use of radiation, as well as the skills required to operate within the ethical, professional and legal boundaries.

- Location: Lincoln Campus and Online*
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $19.30 (average starting wage per hour)

Recent graduates hired as:
- Radiologic Technologist
- Interventional Radiology
- Technologist
- Radiographer
- X-Ray Tech

Respiratory Care
The field of respiratory care has a promising future, and SCC is here to help you! Our program prepares students to become practitioners who evaluate, treat and care for patients with breathing or other cardiopulmonary disorders. Respiratory therapists follow specific, well-defined respiratory care procedures under the direction of physicians.

- Location: Lincoln Campus and Online*
- Length: 6-8 terms
- Award: Associate of Applied Science degree
- Salary: $21.85 (average starting wage per hour)

Recent graduates hired as:
- Respiratory Therapist

Polysomnographic Technology
Polysomnographic technologists are allied health professionals who work under the supervision of a licensed sleep physician to assist in the education, evaluation, treatment, and chronic care management of patients with sleep disorders. Sleep technologists are experts at fitting, titrating and troubleshooting PAP devices which are used to eliminate sleep-disordered breathing and improve quality of life. Sleep technologists obtain certification through board examination to acquire the credential of Registered Polysomnographic Technologist. Graduation from an associate degree program in a health-related program of study or a copy of a current Respiratory Technology or Registered Nurse license is required to be admitted to the program.

- Location: Online* (clinicals completed at sleep centers)
- Length: 2 terms
- Award: Certificate
- Salary: $21.65 (average starting wage per hour)

Recent graduates hired as:
- Polysomnographic Technician

Surgical Technology
This program will provide you with the skills necessary to become a successful surgical technologist. Surgical technologists are an integral part of the surgical team. They anticipate the needs of the surgical team, hand instruments and assist the surgeon by holding retractors, cutting sutures, suctioning wounds, adjusting lights, and applying dressings. The National Certification Exam will be administered before graduation.

- Location: Lincoln Campus and Online*
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: According to the Emsi Q2 2018 Data Set, the starting wage for Surgical Technologists in Nebraska is $17.48 per hour.

Recent graduates hired as:
- Certified Surgical Technologist

Pharmacy Technician
This is the only accredited Pharmacy Technician program in Nebraska! The program will provide you with the necessary skills to be a successful technician who is qualified to work in a variety of pharmacy settings. Pharmacy technicians are employed anywhere a licensed pharmacist may work, such as an acute-care hospital, long-term care, home health, mail order, and retail pharmacy services. Graduates are eligible to take the national certification exam for pharmacy technicians through the Pharmacy Technician Certification Board. Instruction will be delivered by certified pharmacy technicians and pharmacists.

- Location: Lincoln Campus and Online*
- Length: 4 terms
- Award: Diploma
- Salary: $13.45 (average starting wage per hour)

Recent graduates hired as:
- Pharmacy Technician

“SCC gives you the chance to explore opportunities and save money.”

- Tristen, Waverly

Online* = Program offers Web-based courses but requires supervised clinicals/practicums/labs at identified locations.
Auto Collision Repair Technology

Become a part of a viable industry that takes pride in how a vehicle looks on the outside. The program is an introduction to the collision repair industry, including estimating, metal repair, welding, refinishing, and detailing. You’ll have the opportunity to work on your own vehicle, which provides real-world, on-the-job experience. Upon completion of the program, students will qualify for one year of work experience required by Automotive Service Excellence for technician certification. Tools are required.

- Location: Milford Campus
- Length: 6 terms
- Award: Associate of Applied Science degree
- Salary: $14.30 (average starting wage per hour)

Recent graduates hired as:
- Auto Body Technician
- Collision Technician
- Disassembly Technician
- Estimator Assistant
- Paint Specialist

General Motors Automotive Service Educational Program

This program trains students to become entry-level technicians in a General Motors dealership. The program is offered jointly by General Motors and SCC in cooperation with General Motors dealers. You will gain knowledge of the entire operation of the vehicle and receive advanced diagnostic training. Students must secure a General Motors dealer to sponsor them during training. Students spend four quarters as full-time students on the Milford Campus and three quarters working in a GM dealership.

- Location: Milford Campus
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $17.05 (average starting wage per hour)

Recent graduates hired as:
- Automotive Technician at a GM dealership

Automotive Technology

This program will teach you how to service and repair vehicles in this highly-skilled profession. With computers controlling 80 to 90 percent of vehicle systems, technicians must understand how increasingly complex vehicles work, know how to identify problems, operate sophisticated diagnostic equipment and know proper repair procedures. Diagnostic and repair of all areas of the vehicle, including all aspects of engine repair, transmissions, suspension systems, brakes, electrical/electronics, heating and air conditioning, and drivability, will be covered.

- Location: Lincoln and Milford campuses
- Length: 6 terms
- Award: Associate of Applied Science degree
- Salary: $14.75 (average starting wage per hour)

Recent graduates hired as:
- Automotive Technician
- Certified Technician
- Customer Service Advisor
- Lube/Tire Technician
- Maintenance/Lube Technician
- Mechanic
- Shop Assistant

MOPAR-Chrysler/Dodge/RAM/Jeep College Automotive Program

This seven-quarter program is jointly offered by Chrysler and SCC in cooperation with Chrysler dealers. During the first, third, fifth, and seventh quarters, students are on campus. During the second, fourth and sixth quarters, students work at the dealership, gaining experience with a mentor master technician. This “earn while you learn” approach to mastering the different automotive systems has proven to be beneficial to both the students and dealers. Students are required to have a sponsoring Chrysler dealer prior to being admitted.

- Location: Milford Campus
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $15.60 (average starting wage per hour)

Recent graduates hired as:
- Automotive Technician at a Chrysler dealership

Why SCC?

See for yourself!

You can read about SCC and all it has to offer, but seeing is believing. Schedule a campus visit today at www.southeast.edu/VisitSCC.

Ford Automotive Student Service Educational Training Program

Gain knowledge of the entire operation of the vehicle and receive advanced diagnostic training. The program is offered jointly by Ford Motor Company and SCC in cooperation with Ford and Lincoln dealers. Students must secure a Ford or Lincoln dealer to sponsor them during training. Students spend four quarters as full-time students on the Milford Campus and three quarters working in a Ford or Lincoln dealership.

- Location: Milford Campus
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $17.40 (average starting wage per hour)

Recent graduates hired as:
- Automotive Technician at a Ford dealership
Diesel-Ag Equipment Service Tech

Careers in the agricultural equipment service industries offer a variety of challenging and rewarding opportunities. Get the education and hands-on training you need for a career as an ag equipment diesel technician. Graduates can specialize in electrical/electronic systems, precision farming, HVAC, harvesting, planting, hydraulics, power trains and of course engine/fuel systems. Many people choose to be masters of all agricultural equipment systems to personally handle any customer concern. You'll receive comprehensive training in all ag equipment systems during the program. Jobs are currently available with dealerships, independent shops, farming operations and many more. This course of study utilizes industry-sponsored equipment, tools and resources that are typical of modern dealership service requirements. There are tremendous employment opportunities available now, and this trend will continue in the future.

- Location: Milford Campus
- Length: 6 terms
- Award: Associate of Applied Science degree
- Salary: $16 (average starting wage per hour)

Recent graduates hired as:
- Diesel Technician
- Heavy Equipment Tech
- Mechanic
- Service Technician
- Supervisor

Diesel Technology-Truck

Careers in diesel trucking industries offer a variety of challenging and rewarding opportunities. Graduates can specialize in electrical/electronic systems, power trains, suspension, braking, hydraulics and fuel systems. Many people choose to be masters of all truck systems to personally handle any customer concern. Diesel engines are used in machines that affect every part of our lives, including all types of industrial applications as well as many personal vehicles. In the Diesel Technology-Truck program, you will be trained in all phases of light, medium and heavy over-the-road truck repair. There are tremendous employment opportunities available now and this trend will continue in the future.

- Location: Milford Campus
- Length: 6 terms
- Award: Associate of Applied Science degree
- Salary: $17.20 (average starting wage per hour)

Recent graduates hired as:
- Diesel Truck Technician
- Mechanic
- Truck/Trailer Technician
- Service Technician
- Supervisor

Deere Construction & Forestry Equipment Tech

Learn how to service engines; power trains; hydraulic, electrical and electronic systems; diagnose air conditioning problems and learn how to repair it. This program is offered in cooperation with John Deere, Deere Construction & Forestry Equipment dealers and SCC. Students must secure a Deere Construction & Forestry Equipment dealership sponsor for off-campus training.

- Location: Milford Campus
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $23.25 (average starting wage per hour)

Recent graduates hired as:
- Construction Equipment Technician at a Deere construction and forestry equipment dealership

John Deere Tech

This program trains students to become technicians in John Deere dealerships. This is a cooperative program between John Deere, John Deere dealers and SCC. Students in the program are required to have a sponsoring John Deere dealer, and students are expected to continue employment at the dealership after graduation. Courses include fundamentals and safety, electrical and electronics, engine repair, fuel systems, tractor performance, heating and air conditioning, hydraulics, and power trains.

- Location: Milford Campus
- Length: 7 terms
- Award: Associate of Applied Science degree
- Salary: $15.75 (average starting wage per hour)

Recent graduates hired as:
- Agricultural Equipment Technician at a John Deere agricultural dealership
- Agricultural Management Solutions (AMS, GPS) at a John Deere dealership

Motorcycle, ATV & Personal Watercraft Technology

Start an exciting career repairing high-performance recreational, adventure-seeking, multi-terrain rugged machines! You can choose to specialize in one type of vehicle or aspect, such as vehicles from a specific manufacturer. The job outlook is positive and continues to grow.

- Location: Lincoln Campus
- Length: 4 terms
- Award: Diploma
- Salary: $16.35 (average starting wage per hour)

Recent graduates hired as:
- Mechanic
- Motorcycle Mechanic
- Technician

Professional Truck Driver Training

There is a tremendous demand for skilled drivers all across the United States. If you enjoy being on the road, why not get paid for it? Our Professional Truck Driver Training program prepares students for both intrastate and interstate commerce. This is a 10.5-week intensive truck driving course. Students learn to operate articulated vans and flatbeds. Training includes driving on city streets and rural roads, as well as two-lane and interstate highways. Graduates will obtain a Class A Commercial Driver’s License.

- Location: Lincoln Campus
- Length: 1 term
- Award: Certificate
- Salary: $42,000-52,000 (average starting salary per year)

Recent graduates hired as:
- Over-The-Road Truck Driver
- Owner/Operator

Salaries are taken from the 2017 SCC Graduate Employment Report and are based on a 40-hour work week. Salary statistics reflect certificates, diplomas and associate degrees. **To maintain confidentiality for recent graduates, a three-year average is provided. (2016) These programs graduate students every 6-8 terms, and data is taken from the 2016 report. ***Must complete 648 hours of a state-specific Administrator-in-Training program. NEW programs do not have graduate salary data.

Get the advantage and earn college credit while still in high school at half the cost for tuition and fees! Information about dual-credit classes and Southeast Nebraska Career Academy Pathways can be found at [www.southeast.edu/highschoolstudentprograms](http://www.southeast.edu/highschoolstudentprograms)
