

FIRE AND EMERGENCY SERVICES MANAGEMENT

LINCOLN CAMPUS AND HYBRID

Certificate

www.southeast.edu/FireAndEmergencyServicesManagement

Fire and emergency management jobs are available nationwide in all segments of the market. This certificate is designed for part-time students who are currently affiliated with a career or volunteer fire and emergency services organization. It provides the educational component of a professional development plan for a prospective company officer, supporting the student's fire and emergency services training, experience and self-development.

The Fire and Emergency Services Management Certificate is based upon National Fire Protection Association 1021, Standard for Fire Officer Professional Qualifications, Level I. The certificate is intended to support life-long learning and career advancement based upon the National Fire Academy's Fire and Emergency Services Higher Education professional development model.

Students applying to the Fire and Emergency Services Management program must provide evidence of competency at the National Fire Protection Association 1001 Standard for Fire Fighter Professional Qualifications Firefighter II level. Demonstration of competence may be in the form of professional certifications, college transcripts and/or training records.

"I enrolled in the fire protection courses at Southeast Community College to further my education in my career field. SCC was the correct choice for me due

to its flexibility and staff. With the online courses, I am able to further my education while maintaining a full-time job and home life. The staff also is knowledgeable and passionate about their field, which allows them to pass that knowledge on to their students."

*-Carrie Wagner, Chief,
Ralston Fire Department*

Graduate Earnings

Recent graduates report a starting wage of \$27.04 per hour.

ENGL1010	English Composition I	4.5
		18.0 hours

All courses must be completed with a C+ or higher to progress through the program.

Classes are scheduled one per quarter during the Fall (October), Winter (January) and Spring (April) quarters over a period of two academic years.

Course Descriptions

FIRE2120 Building Construction for Fire Protection 4.5
Explores how features of building construction influence fire behavior and how fire impacts the integrity of structural components. Explains how building design and construction are related to firefighter and life safety, building/fire codes and firefighting tactics.

FIRE2140 Fire Protection Systems 4.5
Provides information relating to the features of design and operation of building fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers. Addresses requirements of automatic sprinkler systems, standpipe systems and fire pumps.

FESM2700 Fire and Emergency Services Instructor I 4.5
Prerequisites: FIRE1220 or Firefighter II certification or program chair approval.
Prepares students to deliver fire and emergency services instruction. Includes planning for instruction, student preparation, lesson delivery, reinforcement through application, student evaluation and summarizing a lesson. Addresses the requirements of NFPA 1041 Standard for Fire Service Instructor Professional Qualifications for Fire Service Instructor I. Upon successful completion students are eligible to apply for Fire Instructor I certification through the Nebraska State Fire Marshal.

FESM2730 Structural Firefighting Strategy and Tactics 4.5
Prerequisites: FIRE1220 or Firefighter II certification or program chair approval.
Explains the development and implementation of an initial action plan for structure fires. Provides an in-depth analysis of the principles of fire control through utilization of personnel, equipment, and extinguishing agents on the fire ground. Includes exercises which demonstrate decision making necessary to achieve life safety, incident stabilization and property conservation goals in a safe and effective manner.

FESM2750 Fire and Emergency Services Administration 4.5
Prerequisites: FIRE1220 or Firefighter II certification or program chair approval.
Explores the organization and management of a fire and emergency services organization. Discusses the relationship of government agencies to emergency and fire protection services. Emphasis on ethics and leadership from the perspective of the company officer. Includes human resource management, communicating with the public, budget management, intergovernmental communications, fire prevention inspections, pre-fire planning, fire scene security, firefighter safety and accident investigation.

ENGL1010 English Composition I 4.5
Prerequisite: Appropriate placement score OR grade of "C" or higher in ENGL0985 (formerly ENGL0980).
Composition I offers instructional practice in the techniques of effective writing. The process of planning, writing, revising, and editing essays for particular audiences and purposes and research-related skills are also emphasized.
